*For the Rates of Postage, see page 2.*

*Ship Letters, &c.*

*Ship Letters.*—Letters coming from on board any ship are chargeable with an additional rate, for a single letter, of 8d.

Letters conveyed outwards, in sealed bags, are chargeable with half packet postage, which must be paid when put into the office.

*India.*—Letters to and from the East Indies are regularly forwarded by ships.—The postage must be paid here.

The rate outwards is 2d. per package under three ounces; if above that weight, one shilling per ounce.

By the Ship Letter Act it is enacted, that every master of a vessel, immediately on his arrival in port, shall take the whole of his letters to the Post-office, under penalty of £ 200, and the captain must sign a declaration that every letter has been so delivered, before his vessel can be permitted to report to the Custom-house.

Vessels to and from Ireland, or Coastwise, are not allowed to convey letters, under a heavy penalty.

*Rates of Postage of Single Letters in Great Britain.*

From any Post-office in Scotland, England, or Wales, to any place not exceeding 15 miles from such office, 0s. 4d.

For any distance above 15, and not exceeding 20 miles, 0 5

And so on in proportion, the postage increasing progressively one penny for a single letter for every like excess of distance of 100 miles.

Ireland, by way of Holyhead, 3d., Donaghadee, 4d., packet-rate, over and above all other rates.

Guernsey and Jersey, 3d., packet-rate, over and above all other rates.

All double, treble, and other letters and packets whatever, (except by the penny-post,) pay in proportion to the respective rates of single letters; but no letter or packet to and from places within the Kingdom of Great Britain, together with the contents thereof, shall be charged more than as a treble letter, unless the same shall weigh an ounce, when it is to be rated as four single letters, and so in proportion for every quarter of an ounce above that weight, reckoning each quarter as a single letter.

Letters for the penny-post delivery must be under 4 ounces weight.

Single letters from any seaman in his Majesty's navy, or from any sergeant, corporal, soldier, &c. in his Majesty's service, within any part of his Majesty's dominions, on his own private concern only, not to be charged more than one penny each, to be paid when put into the Post Office:—the name of the writer, his class or description, and the name of his ship, regiment, &c. must be given by himself; and the officer actually having the command must sign his name, and the name of the ship, regiment, &c. he commands.

Single letters to any seaman or soldier, &c. under the same restrictions, to pay one penny each, at the office where the letter is put in;—to specify on the superscription the class of the person and the name of the ship or regiment, &c. to which he belongs; such letter not to be delivered to any person but the one to whom it is directed, or to some person appointed to receive the same, under the handwriting of his commanding officer.

Not to extend to commissioned or warrant-officers, midshipmen, masters' mates, captains' clerks, or schoolmasters in the navy; or to commissioned or warrant-officers in the army.

Officers endorsing letters, knowing them not to be on the private concern of such seamen or soldier under his command, to forfeit *five pounds* for every offence.

Officers endorsing letters of seamen, &c. not under their command, to forfeit *five pounds*.

Any person directing a letter to any seaman, &c. intended for any other person, to forfeit *five pounds*.

Any person procuring any seaman, &c. to obtain the signature of his officer, which shall not be on his own private concern; or if any seaman, &c. obtain his officer's signature for any purpose contrary to what is here intended, each and every person so offending to forfeit *five pounds*.

One-half of any of the above sums to the use of his Majesty, the other to the informer, recoverable before any Justice of the Peace where the offence is committed; in default of payment, to be committed to the house of correction, for any space not exceeding one month, or till the penalty be paid.

*Bank Notes and Drafts.*—Persons wishing to send bank notes or drafts by post, are advised to cut such notes or drafts in halves, and send them at two different times, waiting till the receipt of one half is acknowledged before the other is sent.

*Money, Rings, or Lockets, &c.*—When money, rings, or lockets, &c. are sent by the post from Edinburgh, particular care should be taken to deliver the same to the Clerk, at the window at the General Post-Office; and when any such letter is to be sent from the country, it should be delivered into the hands of the Post-master; but it is to be observed, that this office does not engage to ensure the party from loss.

*Money Order Office.*—For the security of sums of money not exceeding 5 guineas sent in letters by post, the Post-master-General has authorized the establishment of the Money Order office, where orders are given (payable at sight) on the Post-masters in Scotland, England, and Ireland. Attendance from 11 to 3 daily, Sundays excepted.

## Medical Baths,

No. 9, ANTIGUA STREET.

THE utility of Vapour and Medicinal Substances in an aeriform state, as well as in water, together with shampooing, Galvanism, and other External Applications, when properly applied, in Rheumatic, Paralytic, and other complaints, in Obstructions, Glandular and Cutaneous Disorders, has been so abundantly proved at this Institution, that not a word need be said more about the matter.—See Dr Johnson's Review for June 1822, p. 216, and Dr Duncan's Dispensatory for 1822, p. 46.

The price of the plain Warm Water, Shower, and Vapour Baths, will be only sixpence more than those of the London, Leith, and Edinburgh Steam Mill Company; and moreover, there will be a Bath of each kind, in the back premises, for poor people, in the mornings and evenings, at 6d. each. This example, it is hoped, will be followed by all the great wealthy Joint-Stock Bath Companies.

The Mineral Spa Water, lately discovered in Windsor Park, which has been so highly recommended by the Faculty in London, together with that of Cheltenham, Harrowgate, and all other celebrated Mineral Waters, are to be had at this Establishment. As these, as well as Baths, are Nature's medicines, they will no doubt be strongly recommended by Physicians, and particularly by those of the Homoeopathic School.—See the Edinburgh Review for January 1830, and the advertisements of the Medical Baths in the Post-Office Directory for several years past.

LOWEST RATES EVER PUBLISHED,

WHETHER FOR A TERM OR FOR THE WHOLE OF LIFE.

The following are selected from the even rates:—

Age.	Whole Life.	Seven Years.	Age.	Whole Life.	Seven Years.
20	L.1 11 9	L.0 17 1	40	L.2 17 1	L.1 10 8
30	2 2 0	1 2 10	50	4 2 0	2 1 7

ALTERNATIVE.

On Policies for the Whole of Life, one-third of the Premium may be left unpaid, to be deducted from the sum Assured, on a scale equal to interest at 4 per cent.

Thus, at the age of 30, 20 guineas a-year will insure L.1500 in the first instance, to be reduced by L.10, 18s. 5d., if the assured die within the first year; by L.59, 2s. 11d., if he die within the fifth year; and so on, according to a scale endorsed on the Policy.

ASCENDING SCALE OF PREMIUM.

Age.	First Seven Years.	Next Seven Years.	Remainder of Life.

40	1 18 3	2 7 0	4 9 8
50	2 11 11	4 0 11	7 0 3

Thus, a man at 30, instead of L.2, 2s. for every year of life, according to the Even Table, by adopting the Ascending Scale, will pay L.1, 8s. 7d. per annum, for the first seven years; L.1, 15s. 1d. per annum, for a further seven years; and L.3, 0s. 11d. for every year of life after.

This Society is so constituted as to present the means of effecting Assurances on Lives with the greatest possible advantage to the public.

Three-fourths of the present profits, and eventually the whole profits, will be divided among the Policy-holders.

Every person assured to the extent of L.500 for the whole term of Life will, after four years, be entitled to participate in the profits, and to attend and vote at all General Meetings, the Members of which have absolute control over the Affairs of the Society.

No claim can be litigated or disputed without the sanction of a General Meeting of Policy-holders specially convened on the occasion.

The Directors, having availed themselves of all the important information relative to the decrements of human life, which has recently been communicated to the public, have been enabled to construct a set of Tables, in which the Rates of Assurance are considerably lower than those of any other office in which the assured participate in the profits.

They have also been enabled, from the extent and variety of the computations, to adapt the mode of payment in each case to the accommodation of the party assured. An instance of such accommodation may be seen in the annexed extract from the increasing rates of Premium, which have been calculated expressly for the use of this Institution.

Females and others, who are unable to attend personally at the Office, may appear before one of the Medical Officers, in town or country; and proposals may be completed without delay where the documents relative to the health of the parties are satisfactory.

The Usual Commissions will be allowed to Solicitors and others recommending Assurances to the Office.

This Company is so constituted as to meet the views of all classes of Insurers. By one Table the precise sum wished is secured on the death of the party, at the lowest possible rate of Premium consistent with security; and by another Table, the Insured possess the valuable advantage of participating in the Profits or Savings to the extent of two-thirds. Those insuring on this plan are exempt from all the liabilities to which they are exposed in Mutual Assurance Societies; while, at the same time, the benefit attaching to such Societies is amply secured to them.—The particulars and principles of this Institution are fully detailed in the Prospectus of the Company, copies of which may be had at the head office, and of the Company's agents in the principal towns in Scotland.

### OBSERVATIONS.

The principles upon which this Institution is founded have been adopted after a mature investigation of the practice of other Offices, and will be found to combine advantages not hitherto offered by any other Assurance Company having a Subscribed Capital.

The Capital subscribed by a numerous and respectable Proprietary throughout the Empire affords security for prompt and certain Indemnity, without the responsibility attaching to Societies for mutual assurance.

The Company are bound, by the Deed of Settlement, to refer all disputed claims (where no fraud is suspected) to the decision of arbitrators, if required by the Assured.

Life Policies of this Society may be sold, transferred, or mortgaged, without any notice being given at the Office ; and in all minor articles the utmost liberality will be afforded to the Public, consistently with the security of the Company.

### FIRE DEPARTMENT.

The Premiums charged by this Company on the Three ordinary Classes of Fire Insurance are (with certain exceptions) as follow, viz.

1st Class, 1s. 6d. per cent per annum, *formerly* 2s.

2d do. 2s. 6d. . . . . 3s.

3d do. 4s. 6d. . . . . 5s.

*Other Risks not falling within the above Classes, may be insured by Special Agreement.*

The allowance of 10 per cent, which has been made on the Premiums paid on Policies of seven years' standing, is the surest proof of the unprecedented success of this Institution.

### LIFE DEPARTMENT.

Independent of a reduced rate of Premium, as compared with other Offices having a subscribed Capital, Insurers for the whole term of life are entitled, at the end of seven years, to participate in the Profits with the original Subscribers, either by an addition made to the amount of their Policies, or by a reduction of their future Annual Premiums, at the option of the Insurers. The Additions so allowed at the last Septennial Division amounted, on an

average, to more than 1 per cent per annum on the sums insured.

Persons insured in this Office are allowed to pass by sea from one part of the United Kingdom to another; and also, in time of peace, to pass in decked vessels or steam-boats, from British to Foreign Ports, between the Texel and Brest (both inclusive), without extra premium, or special leave of the Directors, as is usually required.

No additional premium required from Military Men, unless when called into actual service.

No charge made for Entrance Money or Admission Fees; and none for Policies beyond the cost of the stamp.

### LIFE INSURANCE COMPANY.

CAPITAL, £750,000.

ALEXANDER GIBSON, and GEORGE GOOLD, of the British Linen Company Bank, Agents for Edinburgh.

Persons insuring at this Office will derive two important advantages.—First, The most effectual security is provided for payment of losses. Not only will the premium received upon policies be carefully invested, and accumulated for that purpose, but a capital of Seven Hundred and Fifty Thousand Pounds has been subscribed, to answer any possible deficiency.

Secondly, Upon every policy effected for the whole term of life, the insurer will participate in the profits of the Company, by having periodical additions made to the sums insured to the amount of two-third parts of such clear gains and profits.

At the same time, they will be protected by the ample capital above mentioned from every chance of loss.

Lives insured with the IMPERIAL are allowed to pass by sea from one part of the United Kingdom to another; and also, in time of peace, to pass in King's ships and packets or other decked vessels, between British ports and such foreign ports as lie between Ostend and Havre-de-Grace, both included, without extra premium, and without being subjected to the inconvenience of applying for the special leave of the Directors, as heretofore required by the usual condition of life policies.

Alexander Gibson and George Goold continue to transact business as Agents for the Imperial Fire Insurance Company.

This Company offers two modes of effecting an Insurance, the one *with* and the other *without* a participation in the Profits, according to two different Tables of Rates.

The Rates of the *first Table* are adapted for those who wish to participate in the Profits. They will, by this mode, enjoy the advantages of a mutual Insurance Society, without being liable to the risks and anxiety to which an association so modelled is for a length of time obviously exposed. At each periodical investigation of the Company's affairs, the share of the Profits of those insured under the *first Table*, will either be applied to the increase of the sum insured, or to the reduction of the Annual Premium, at their option.

The Rates of the *second Table* are adapted for that class of persons, who, having no desire to participate in the Profits, only wish to secure a definitive sum at the lowest rate of Premium.

The perfect security of both classes is rendered unquestionable, from a large subscribed Capital combined with the unlimited guarantee afforded by a numerous and wealthy proprietary.

The following are specimens of the rates on single lives from both Tables:—

#### With Profits.

Premium to secure L.100.

Age 25,	L.2	5	4
30,	2	10	7
35,	2	16	11
40,	3	4	11
45,	3	14	9
50,	4	7	10

#### Without Profits.

Premium to secure L.100.

Age 25,	L.2	1	5
30,	2	6	6
35,	2	12	10
40,	3	0	9
45,	3	10	9
50,	4	3	7

The Company grants, upon liberal terms, Insurance for limited periods, and on the various combinations of Joint Lives and Survivorships, according to the special situation and views of parties; also deferred Annuities and Endowments, on terms favourable for parties transacting these branches of business.

The public have an opportunity of making investments with this Company for present or immediate Annuities, on one or more lives, according to a Table, which affords as high rates as are considered compatible with security.

The Directors likewise grant loans on Redeemable Annuities, and Purchase Rights of Reversion and Contingent Interests, which generally afford more suitable investments for the funds of a Company than for individuals.

Tables of the Rates of Premium, and every other information connected with the business of Life Insurance, may be had at the Company's Office in Edinburgh, or from any of the Company's Agents who are established in most of the towns in Scotland.

Assurances are effected by this Society to the extent of £5000, upon the same sole or joint or surviving Life or Lives, and are not confined to the profession of the Law, but are open to persons in every station of Life.

At Christmas, 1833, being ten years from the Institution of the Society, and at the end of every seven years from that period, FOUR-FIFTHS of the Profits will be apportioned amongst such of the Assured, for the whole term of Life, as shall have been so assured for the space of three years or upwards, previously to those periods respectively

and for the amounts which shall be so apportioned, equivalent reversionary sums will be added to their Policies.

If any Person should wish to discontinue the payment of his annual Premium, the Directors have power either to purchase his Policy for a sum of money payable immediately, or, in consideration of its surrender, to grant a new Policy, without any further annual Premium, for a sum to be agreed upon, payable at the decease of the Life assured. And the person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the profits.

Persons who shall have been insured for the space of two years, in £1000, or upwards, for the whole continuance of Life, have the power of electing, either from among the Proprietors, or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their premiums either in a single payment, by annual payments during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance-money is required; nor any extra Premium on persons in the Army or Navy, unless in actual service.

Assurances may be effected upon the Lives of Persons residing at a distance from London, by their appearing before a Solicitor in the Country; and the payment of a fine for non-appearance at this Office is then dispensed with.

The Assured are allowed to pass by sea from one part of the United Kingdom to another, and to and from the islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in king's ships, and packet or passage vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or license from the Directors.

The sums due on the Policies will be paid within three months after proof of the requisite facts.

*Assurances may be effected through any respectable Attorney or Solicitor in England, of whom Prospectuses may be had.* A party may himself effect an Assurance by writing to the Actuary, or attending personally at the Society's Office in LINCOLN'S INN FIELDS.

The Assured are requested to take notice, that no renewal Premiums are ever received from themselves or their Agents, without printed receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily, from Nine o'clock in the morning till Four in the afternoon, at the Office, where the Terms of Assurance may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

### LIFE DEPARTMENT.

This Company effect Life Insurances on equitable principles, with entire exemption from the liability of partnership.

A Large Capital, subscribed by the Proprietors, forms the security of the assured.

The Premiums may be all paid at once, or in any given number of years, *in the option of the party making the Insurance*; a plan, the advantages of which are strikingly obvious, as it affords an opportunity of securing a certain provision, independent of all after risks from failure in paying the Premium, or of paying a larger Premium, while the means of doing so may be more at command.

Each Policy for Life is entitled to share the Surplus Profits, which are declared every seven years.

All transactions in the Life Department are considered strictly confidential.

Prompt Payment of Claims is made Three Months after proof of Death.

The following rates of Insurance for single Lives are given as specimens from the Tables. The rates for *One* and *Seven* years will, it is believed, be found, *on comparison*, very advantageous to the Public; while Insurances for the whole period of Life are equally so, if the benefit to be ultimately derived from a participation of the profits is taken into account.

### LIFE DEPARTMENT.

The variety of cases in which, by means of Life Assurance, income is made to supply the place of capital, is becoming daily more generally understood, and must readily suggest themselves to all who perceive that the person who applies a part of his annual income to an insurance on his life, instead of lodging it in a bank, or applying it in his trade, for the purpose of accumulation, converts at once the *prospective savings* of a long course of years into *testamentary capital* for the benefit of his family; and thus effects immediately what, without the aid of Life Assurance, he could not accomplish, unless he should happen to attain a period of life which there are at best many chances against his ever reaching.

It is usual to have a precise sum insured at the lowest possible rate of premium; but the party insuring sometimes prefers to speculate on his longevity, by paying a higher rate of premium, in order that periodical additions may be made to his Policy, proportioned to the success of the Office. The North British Insurance Corporation have therefore adopted *two different plans* for assurance upon

lives—one of them embracing assurances for short periods, and for all the other usual contingencies of life assurance; thereby combining, as far as is practicable, every advantage which is to be found in the various systems of life insurance hitherto offered to the public.

By one of these plans, the assured do not become partners, but have the benefit of a *reduced scale of premiums*, calculated at the lowest rate at which such risks can be safely undertaken. By the *other* plan, assurers for the whole duration of life are entitled to *participate, to the extent of two-thirds, in the profits* of the Office, and are guaranteed from all responsibility by the capital of the Corporation.

The following extract from the Company's Tables of Rates shows the premium exacted for the assurance of precise sums.

*Annual Premiums for the Assurance of £100 on a single Life.*

Age.	For one Year.	For seven Years.	For the whole of life.
	£ s. d.	£ s. d.	£ s. d.
20	1 2 3	1 4 8	1 17 6
30	1 7 3	1 9 6	2 6 6

50	2 6 10	2 13 0	4 3 3
60	3 7 9	3 17 8	6 0 9

*The Policies of this Office, when sold or transferred in security of Loans, are placed on the same footing in every respect as if the Insurance had been effected by the onerous holder himself.*

*A Board of Directors sits every Monday and Thursday, to decide upon Proposals.*

*\*\*\* No Entrance Money is charged, and no charge is made for Policies beyond the Policy-stamp.*

#### FIRE DEPARTMENT.

Property of every description is insured against loss or damage by fire, at the usual rates of premium, corresponding to the risk. Loss or damage by lightning is made good. Farm stocking is insured without the average clause, on a plan which saves the farmer from 20 to 25 per cent.

The Company's Tables of Rates, or other information, may be had at the Office in Edinburgh, or by applying to any of the agents in the principal towns of Scotland, and the North of England.

### LIFE AND FIRE INSURANCE SOCIETIES.

#### LIFE SOCIETY.

ESTABLISHED 1808.

IN considering the numerous Establishments, formed and forming, for carrying on the business of Life Insurance, the public attention is called to the following leading points relative to this Establishment :—

First,—That it ranks, in point of business, above every other Life Insurance Office, except the Equitable Society of Bridge Street, Blackfriars, London.

Second,—That from the great extent of its business, the advantage of an average decrement of life, so essential to the prosperity of a Life Insurance Office, is secured.

Third,—The security of an accumulated fund of upwards of One Million, in addition to an Annual Income of Two Hundred and Fifty Thousand per annum.

Fourth,—The distribution of the whole profit amongst the parties insured, which at June 1816, was declared to be 20 per cent, at July 1823, 24 per cent, and at July 1830, 25 per cent, making in all 69 per cent.

Fifth,—The reduction of its rates, which is equivalent to an annual bonus.

Sixth,—The insured are permitted to go in steam or other decked vessels, to and from any part of the United Kingdom; and in time of peace, to and from any part of the Continent, situate between the Elbe and Brest, without being required to pay any additional premium, or procure a license from the Directors.

The following particulars are given of Policy, No. 1. with this Institution, to instance the superiority of mutual insurance :—

No. 1. was granted for £1000 in the year 1808, annual premium . . . . .	£40 5s. 0d
In 1816, a bonus of £20 per cent, on seven payments of premium, was added to the sum insured, amounting to . . . . .	56 4 0
In 1823, a bonus of £24 per cent, on fourteen payments of premium was added to the sum insured, amounting to . . . . .	135 12 0
In 1830, a bonus of £25 per cent, on twenty-one payments of premium was added to the sum insured, amounting to . . . . .	212 0 0
	£403 16 0

Consequently, if this policy became a claim now, the representatives of the Insured would be entitled to £1403, 16s.; thus, by the principles of this Society, £403, 16s. is saved to the representatives of the Assured, compared with Companies upon the old plan; an advantage which cannot fail to secure to the establishment that preference which it has experienced since its commencement.

#### FIRE SOCIETY.

This Society was originally Established in 1797.

It is a part of the constitution of the Society, that losses may be substantiated before local Committees, a system which greatly facilitates the prompt settlement of claim.

The Capital of the Society is £550,000, and the parties Insured are completely guaranteed from all responsibility. The Fire Society is wholly distinct from the Life.

The principles on which Insurance Societies are conducted are various. Some are composed of Shareholders or Proprietors, and have a Subscribed Capital; others have no Subscribed Capital, and have no Proprietors except *the Insured*. Of the former, some divide the profits in certain proportions betwixt the Insured and the Proprietors, whilst others of them give no share of the profits to the Insured at all. In the latter, the Insured receive all the profits, but at the same time they run all the risks, which, in the infancy of such Societies, must be very great, and even with the most successful must be considerable for a long period of time. Hence it is evident, that those who insure in Societies which have a large Subscribed Capital, and give a large proportion of the profits to the Insured, derive far greater advantages than they could from Offices where they get all the profits, *but also run all the risks*.

Upon this principle the PALLADIUM INSURANCE SOCIETY was established, and was characterized by the Quarterly Review, as being conducted upon the fairest principles of any Insurance Society in England. With the complete security arising from a Subscribed Capital of Two MILLIONS Sterling, they give to all who insure, under 50 years of age, 80 per cent, or 4-5ths of all the profits of the concern, which is certainly of more advantage to the insured, than incurring any of the risks of the concern, and only receiving 1-5th more of the profits. That the Insured may also have some influence in the management of the concern, the holder of a Life Policy for L. 1000, is entitled to one vote at all public meetings,—of a Policy for L. 3000, to two votes,—and for L. 5000, to three votes.

## Scottish Widows' Fund,

AND

LIFE ASSURANCE SOCIETY,

(Founded on the Original Model of the Equitable Society of London.)

No, 5, ST ANDREW SQUARE, EDINBURGH.

---

The Seventeenth Annual General Court of this Society was held in the Waterloo Tavern, Regent Bridge, on Saturday 15th January, and was numerously attended.

The Chair was taken at two o'clock by ROBERT DUNDAS, Esq. of Arniston, one of the Vice-Presidents, in the absence of the Right Honourable Preses of the Society, the EARL of ROSEBURY, who is at present in England.

After the Minutes of the last Annual General Court had been revised, the Manager read a Statement and Report of the business transacted during the last year, and of the present situation of the Society's affairs.

After explaining the superior advantages arising to the Members, both in point of security and profit, from the principle of the Society's constitution, and adducing in proof of this, detailed statements of the amount of Assurances granted by the Society, with the number of Policies issued, and an abstract of the accumulated fund and annual revenue, the Report then proceeded as follows, viz:—  
 "Considerable as these amounts respectively are, yet they do not give a sufficient idea of the rapid increase of the Society, unless they are contrasted with the amounts at some preceding period or periods. It is not necessary to recapitulate the comparison under every head (the progressive statements already read to the Court having been

sufficient for this purpose), although in every branch there exists proportionally equal evidence of the fact. It is sufficient to state one or two of the more prominent points of contrast under the heads of accumulated fund and annual revenue. The Society has now existed sixteen years. Taking the results at the end of the 1st, 6th, 11th, and 16th year, they are as follows:—

1st, So far as regards the Annual Revenue, including the revenue from Capital, as well as Premiums, they stand as under, viz.—

Amount at the end of 1st year,	. . . . .	1,172	9	11
— — 6th year,	. . . . .	5,217	2	11
— — 11th year,	. . . . .	20,970	3	5
— — 16th year, <i>that is</i> , at present,		47,596	14	4

2d, In regard to the General or Assurance Fund (*exclusive of the Annuity Fund*),—

Amount at the end of 1st year,	. . . . .	L.888	12	7
— — 6th year,	. . . . .	12,135	18	10
— — 11th year,	. . . . .	66,563	6	2
— — 16th year, <i>that is</i> , at present,		200,155	15	1

The Report concluded with a statement of certain important arrangements lately made by the Ordinary and Extraordinary Courts of Directors, preliminary to the approaching periodical investigation of the Society's affairs:

PATRICK COCKBURN, Esq. as Auditor of the Society, certified to the Court the accuracy of the statements which had been laid before it, and his entire concurrence in the whole Report made by the Manager. He also communicated to the Court certain results deduced by him from a tabular statement of the casualties in the Society, and from which he was enabled to calculate the proportions which the actual rate of mortality in the Society bore, at various ages, to the rate assumed in the calculations. These he showed to be remarkably in favour of the Society; which would tend powerfully to increase the probable amount of surplus fund at the ensuing periodical investigation.

Mr DUNDAS then addressed the Court from the Chair.— He said, that from the statements they had just heard read, it would be quite evident to the Members that their affairs were in a state of prosperity, which cannot be considered as a common one. Indeed it might, without any hesitation, be affirmed, that not excepting even their great model, the Equitable Society of London, their affairs had prospered to a degree beyond that which had ever been known to arise within the same period of time, in any similar institution whatever. And that which gave additional value to this prosperity was, that it had not been exhibited by fits and starts, but in a regular and progressive manner; each year, during the past sixteen years of the Society's existence, showing a steady and rapid increase in their business and resources. It was not, therefore, on argument and theory, although we have both on our side, that we are now left to rest the peculiar excellence of those principles on which the Society is constituted. We can appeal at once, in proof of this, to the actual experience of the Society; and he could see no reason why the Society should not go on with continued and even increased prosperity. Each succeeding year is adding largely and more largely to their magnitude and prosperity, and in the present aspect of the Society's affairs, he could contemplate no other result. But it was not on that account the less incumbent on the individual members to exert themselves in behalf of the Institution. It was now indeed very clear, that the attention of the public was fully awakened to the immense benefits which may be expected to arise from a connexion with the Society, but still it was equally the duty and the interest of the members to endeavour to make them even more widely known.

LORD MONCREIFF rose and said, that before proceeding to the election of Directors for the ensuing year, he begged permission of the Court to move a vote of thanks to the Directors of the past year for their valuable and successful services. The most satisfactory test of all management is, his Lordship said, always to be looked for in the results—for, however well the foundations of the Society may have been laid, very much must depend on the care with which its business is conducted. One very difficult duty among others devolved on the Directors, in selecting the lives on which it was fit that assurances should be granted. The past experience of the Society abundantly proved how well this difficult duty had been discharged. In regard, indeed, to the very extraordinary deviation between the actual and assumed rate of mortality, as reported by Mr Cockburn, he would take the liberty of making one remark. He held it to be pretty clear, from the results stated by Mr Cockburn, that the estimate of the values of lives founded on the Northampton tables, does not accurately apply to the present state of society in general, and much less to a body like our own, consisting entirely of selected lives. But the inference that he would draw from this fact is, *that it forms the strongest possible recommendation of the principles on which the Society is constituted.* It was clearly impossible for any institution, with a due regard to safety, and much less to profit, to draw down, on speculative and doubtful considerations, the rates of premium to what might be supposed to be their lowest standard. But by our principle of constitution, this advantage is attained to the greatest possible extent, and in a manner consistent with the highest measure of security, by every farthing of the gain or profit arising from any excess on the rates of premium being applied to the exclusive benefit of the members themselves. He therefore had no hesitation whatever in coming to the conclusion, in conformity with the Manager's Report, that the constitution of this Society presents the best possible method of securing the valuable benefits of Life Assurance. His Lordship then moved a vote of thanks to the Directors, which was unanimously agreed to.

The list of Members proposed to fill the Direction of the Society for the current year having then been read over, J. CORSE SCOTT, Esq. of Sinton, moved their appointment accordingly, which was unanimously carried.

The Direction for the current year is vested in the following Gentlemen,—*all being Members of the Society, of more than three years standing, viz.—*

Life Insurance is effected with this Company on equitable principles, the insured enjoying a participation of the profits or not, agreeably to their own desire, and according to the table of premium adopted by them.

An Insurance may be effected for the whole period of life, by a definite number of payments, by which means the payment of the premium may cease in 5, 7, 10, 15, or 20 years, according to the rates at which the Insurance may be taken out.

Annuities present, contingent, and deferred, and Endowments, are granted. Any person insured with this Company, and wishing to relinquish the Policy, will receive, at any time, the value of the same from the office.

Persons whose Lives are insured with this Company, have liberty to pass in *undecked boats*, from any part of his Majesty's dominions in Great Britain or Ireland, to any other part of the same; and in time of peace, in decked vessels, to any part of the Continent, between the Texel and Brest.

The Policies of this Office, when sold, or transferred in security of loans, are placed on the same footing, in every respect, as if the Insurance had been effected by the onerous holder himself.

All transactions in the Life Department are considered strictly confidential, and are never suffered to transpire, whatever be their nature.

A pamphlet containing full Tables of the Rates adopted by the Company, together with observations on, and examples of, the advantages of Life Insurance, may be had *gratis*, by application at the Head Office, or at the Office of any of the Agents.
