EXPLANATION.—In the Left-hand Table are the years of the Century, and above each is the Dominical Letter corresponding with that Year. Then, opposite to the Month, at the foot of the Right-hand Table, will be found a corresponding Letter, over which are placed the Days of the Month and Week for that Month (distinguishing the Sundays by a different type). Each Blank Space in the Left-hand Table shows the year following to be Leap Year; and as every Leap Year has two Dominical Letters, the Letter above the Blank Space must be used for January and February in every Leap Year, and for the other months, use the Letters belonging to the respective Years.

By transposing the Dominical Letters, this Calendar would answer for any Century.

RETURN OF INVENTORY DUTY.

A return of the duty paid on the inventory may be obtained if the personal debts *due by the deceased at the time of his death* reduce the estate to a sum in respect of which a less stamp-duty is payable than has actually been paid. The claim is made by affidavit and schedule, according to regulations to be had from the Solicitor of Stamps and Taxes, and requires to be lodged with him (the days for this purpose are Monday and Friday, between twelve and two o'clock) within three years from the date of the inventory, and to be accompanied by copy of the recorded inventory and stamped appraisements, vouchers, &c., of the constitution of the debts, such as bonds, bills, accounts, &c.) and of the payment. The time for lodging the claim, if expired, may be extended on application by letter addressed to the Secretary of the Board of Stamps and Taxes, London. It is granted almost as a matter of course, without any fees.—See 55 Geo. III. c. 184, § 51; and 5 and 6 Vict. c. 79, § 23.

REGULATIONS AS TO EXCHANGING SPOILED STAMPS.

The Solicitor's office, No. 5 in the Stamp Office, is open for the allowance of spoiled stamps on Tuesday and Thursday, every week, from twelve noon till two P.M. The distributors of stamps at the following places also receive spoiled stamps for allowance: Glasgow, Ayr, Kilmarnock, Dumfries, Perth, Dundee, Aberdeen, Banff, and Elgin.

A supply of forms of affidavits is kept by the Solicitor and the above distributors; and claimants may attend at the Solicitor's office, and have the affidavits filled up and taken; or they may get copies of the forms, and take the oath before a Justice of the Peace, and afterwards lodge the affidavits and the stamps with any of the above officers. If the claim be admitted, a ticket is issued, stating that application is to be made for the new stamps after Thursday se'ennight, and within six weeks from the date of the ticket. If not made within that time, the claim will be forfeited.

The stamps, if belonging to parties resident in Edinburgh, or within ten miles thereof, must be presented for allowance within six months after being signed in the case of executed instruments, and six months after being spoiled in the case of unexecuted instruments. If beyond that distance, six months in the former, and twelve months in the latter case.

Bills and notes delivered to payees, or negotiated or issued in any way, and bills accepted or tendered for acceptance, cannot be exchanged, unless a new bill be produced, in all respects the same, excepting the correction of the error.

As to the exchange of sea policies of insurance, see 54 Geo. III. cap. 133.

Unexecuted instruments are allowed, if inadvertently spoiled. Executed, if void in law from the beginning, or from error, refusal to act under, or from non-acceptance, they shall be unfit for or fail of the purpose intended, or if the transaction be carried through by another instrument duly stamped.—See 53 Geo. III. cap. 108. Transfers of stock are held to be executed if signed by the seller alone, and new transfers require to be produced to the proper officer of stamps, who is instructed to certify in what particulars they differ from those spoiled.

Stamps of a different description may be obtained for any stamps spoiled if they be of the value of £6 or upwards. Application for this purpose to the Commissioners of Stamps and Taxes should be lodged with the affidavit. The Commissioners, by 3 and 4 Will. IV. cap. 97, § 19, may, if in their discretion they think fit, refund, in money, the amount of spoiled stamps, or stamps for which the possessor has no immediate use, deducting the per-centage allowed by law on the purchase of stamps.

INLAND POSTAGE AND GENERAL REGULATIONS.

All LETTERS and NEWSPAPERS are invariably forwarded by the earliest Mail after being posted. The consequence of Letters and Newspapers mis-sent (a circumstance every care will not entirely prevent, from the rapidity with which the duty has to be performed) being a delay in their delivery, too much care cannot be taken to obtain a FULL AND LEGIBLE ADDRESS, which will facilitate the correct despatch of the letters to their destination, and insure their speedy delivery.

All INLAND LETTERS and PACKETS, including those from the Channel Islands and the Isle of Man, if *prepaid*, are subject to the following rates of postage:—

Not exceeding half an ounce in weight,	-	-	-	-	1d.
... one ounce,	-	-	-	-	2d.
... two ounces,	-	-	-	-	4d.

And so on, two rates being added for every ounce.

Addresses to Her Majesty pass free, and petitions to Parliament, if under thirty-two ounces, and in covers open at the ends.

Inland Letters and Packets, under four ounces in weight, may be sent UNPAID, but are charged double the amount of postage to which they would have been liable had they been prepaid; and no Letter or Packet exceeding that weight can be forwarded by Post *without pre-payment*.

ADHESIVE STAMPS AND ENVELOPES.

Letters written on Stamped Paper, or inclosed in Stamped Covers, or having Stamps affixed to them, the Stamps in every such case being equal to the rates of Postage chargeable on such Letters, if prepaid, will pass free of all other Postage Charge, in whatever part of the United Kingdom they may be posted.

In those cases where the value of the Stamps on the Letter is less than the amount of Postage to which it is properly liable, the letter will be charged double the amount of such deficiency on delivery. The same rule applies to Letters under-paid in money.

Adhesive Stamps should be placed on the front of the Letter, and upon the right hand corner of the upper side; and care should be taken that they firmly adhere to the Letter. The proper method is to wet the Letter, not the Stamp.

Every Postmaster, Sub-Postmaster, and Letter Receiver, without exception, will sell the Postage Label Stamps, Stamped Envelopes, and Stamped half sheets of paper, to the Public at the following Prices:—

The Penny Label Stamps at 1d. each	
The Twopenny ditto	2d.
Tenpenny ditto	10d.
Shilling ditto	1s.
The Penny Envelopes, 24 for 2s. 3d. or 2 for 2½d.	
The Twopenny ditto, 12 . . . 2s. 2d. . . 3 . . . 6½d.	
Stamped half-sheets of paper, 1½d. each, or the quire of 24 for 2s. 3d.	
They are sold at the CHIEF OFFICE, WATERLOO PLACE, Edinburgh.	
* * * The 10d. and 1s. Labels can only be procured at the Chief Office.	

REGISTERED LETTERS.

The system of registration provides a secure mode of transmitting Bank Notes, Bank Post Bills, Drafts, &c. &c. The arrangements have been made with the view of insuring the punctual delivery of Registered Letters; on their delivery, the parties to whom they may have been addressed will be required to acknowledge in writing their receipt. LETTERS OFFERED FOR REGISTRATION MUST HAVE THE FULL AMOUNT OF POSTAGE IN STAMPS AFFIXED THEREON, AND THE REGISTRATION FEE OF SIXPENCE MUST BE PAID IN MONEY.

Registered Letters will be taken at the General Post-Office, at the Receiving-Houses, and by all Postmasters throughout the United Kingdom, until within half an hour of the closing of the Box for the particular Mail or Bag by which they are to be despatched.

An acknowledgment of receipt will be given to the parties registering Letters, and each receipt must bear the Office stamp.

The practice of committing Letters containing valuable property to the Post-Office unregistered should in all cases be avoided. It is expected that persons having occasion to transmit letters of value, will avail themselves of the proper means of security, and in no case by committing property unregistered to the Letter-boxes, RISK ITS LOSS. If, however, notes are sent, parties are recommended to cut them in halves, and the second half should not be despatched until the receipt of the first has been acknowledged. The numbers, dates, and amount, should also be carefully taken.

REDIRECTED LETTERS.

Redirected letters are subject to additional rates of Postage; but whether the Letters have been originally prepaid or not, they are only liable to be charged at the prepaid rate for the additional Postage which is to be paid on delivery.

OVERCHARGES, DELAYS, &c.

In all cases of complaint, whether arising from overcharges, delays, or other irregularities, the covers (and contents in all practicable cases), should be forwarded to the Secretary, General Post Office, for investigation, as affording the only efficient means of answering such complaints satisfactorily. Overcharges are returned between the hours of ten and four, at the window of the Paid Letter Office, on presenting the cover, with the Secretary's authority written thereon.

LETTERS NOT TO BE DELIVERED BACK.

To prevent the possibility of Letters being surreptitiously obtained from the offices where put in, office-keepers are strictly forbid returning, to any person whomsoever, Letters that may be applied for, under whatever circumstances the recovery may be urged. This is, moreover, forbidden by the established principle, that the instant a letter is committed to the Post, it is no longer the property of the sender.

ILLEGAL CONVEYANCE OF LETTERS.

By the 1st Victoria, cap. 36, sec. 2, any person illegally conveying Letters incurs a penalty of £5 for every offence, and £100 for every week the practice is continued. The Sender also incurs a penalty of £5 for every offence, with full Costs of Suit.

ARTICLES WHICH MAY NOT BE SENT BY POST.

Letters or Packets cannot be forwarded, conveyed, or delivered by the Post-Office, containing any of the following inclosures:—viz., any Glass or Glass Bottle, any Razor, Scissors, Knife, Fork, or other sharp or pointed instrument; any Leeches, Game, Fish, Flesh, Fruit, Vegetable, or other perishable substance; any Bladder, or other vessel containing liquid; or any article, matter, or thing whatsoever, which might, by pressure or otherwise, be rendered injurious to the Officers of the Post-Office, or to the contents of the Mail-bags; and the Act 3 and 4 Victoria, cap. 96, expressly directs that no letter shall be sent by Post containing any EXPLOSIVE OR OTHER DANGEROUS MATERIAL OR SUBSTANCE. No Letter or Packet exceeding in breadth, or length, or depth, twenty-four inches measurement, can be forwarded by Post.

PRINTED BOOKS, UNDER CERTAIN REGULATIONS, FORWARDED AT A REDUCED RATE.

Printed Books, Magazines, Reviews, and Pamphlets (whether British, Colonial, or Foreign), may be transmitted by the Post, *within the United Kingdom*, at the following reduced rates of Postage, viz.:—

Not exceeding 1 pound in weight,	.	.	6d.
— — — 2 — —	.	.	1s. 0d.
— — — 3 — —	.	.	1s. 6d.

and so on; 6d. being charged for every complete pound, or fraction of a pound beyond. Every such Packet must be sent without a Cover, or in a Cover open at the ends or sides. It must contain a single volume only, the several Sheets or Parts thereof, when there are more than one, being sewed or bound together.

It must not exceed two feet in length.

THE POSTAGE MUST BE PREPAID IN FULL BY AFFIXING ON THE PACKET OR ITS COVER THE PROPER STAMPS. The name and address of the Sender may be written or printed upon, or in such Book, &c., so sent, or on the Envelope thereof, in addition to the address.

Any other writing may be on any leaf of the book, &c., or on the binding thereof, provided that it be on *one* and the *selfsame page of the Book*, or corresponding portion of the binding. If any or either of the above conditions be violated, the Packet must be charged and treated as a Letter in every respect.

To prevent any obstacles to the regular transmission of Letters, any Officer of the Post-Office may delay the transmission of any such Packet, for a time not exceeding twenty-four hours from the time it would otherwise have been forwarded.

These instructions are not to extend to, or interfere with, the transmission of Printed Votes or Proceedings in Parliament, or of Newspapers or of Packets sent to or from places beyond Seas.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

It is not compulsory to send Newspapers or their Supplements by Post, but those that are intended to be so transmitted must be sent in covers open at the sides; and no words of communication may be printed or written on such papers (except under the conditions hereafter explained) after the same shall have been published, when they are entitled to pass free.

Parties will be allowed, however, to put any Writing or Marks on Newspapers passing by Post, in the United Kingdom, provided that a Postage of a Penny be prepaid, BY MEANS OF A STAMP conspicuously affixed outside the Cover or folded Newspaper, it being understood that in those cases where the Newspaper may be liable to Postage, irrespective of such Writing or Marks (as when it is both posted and delivered in the same town) the Penny Stamp shall cover both the Writing and Postage. But this privilege is to be confined to Writing or Marks on *the Newspaper itself* and not to extend to the *cover*, which must contain nothing but the address.

Any Writing or Marks on the *Cover*, besides the address, or on the Newspaper (if not prepaid as above) will subject it to the same rate as that of an Unpaid Letter, according to weight.

Newspapers pass free by the Edinburgh Local Posts, except in those cases where they shall be posted and delivered within the limits of the General Post delivery (which now includes Leith), when the postage is one penny on each Newspaper.

PRICES CURRENT AND COMMERCIAL LISTS published in the United Kingdom, if duly stamped, and under the weight of two ounces, will be treated as Newspapers, and enjoy the Newspaper privileges, the sanction of the Postmaster-General having been previously obtained.

* * * As the mere affixing a Newspaper Stamp on any new periodical publication will not entitle it, as a matter of course, to pass free by the Post, those who may be about to publish, for the first time, any such paper, should submit a copy to the Postmaster-General, in order that it may be determined whether the Publication is of a nature that will entitle it to pass free of postage.

Clause of the Act of 1st Victoria, cap. 34, sec. 32.—“And be it further enacted, that in all cases

“ in which a question shall arise, whether a printed Paper is entitled to the privileges of a Newspaper or other Publication hereby privileged, so far as respects the transmission thereof by the Post under the Post Office acts, the question shall be referred to the determination of the Postmaster-General, whose decision, with the concurrence of the Lords of the Treasury, shall be final.”

Newspapers published in the Channel Islands and the Isle of Man, are now excluded from the Newspaper privileges, except such as may be printed in the French language.

PRINTED VOTES and PROCEEDINGS of the IMPERIAL PARLIAMENT, or of the COLONIAL LEGISLATURES, are charged,—

Under four ounces,	1d.
Above four and under eight ounces,	2d.
Above eight and under twelve ounces,	3d., and so on.

Such Votes and Proceedings, whether paid or unpaid, pass at these rates between places in the United Kingdom, as well as to the Colonies, by PACKET. The Postmaster-General is authorised (if he shall see fit) to delay the transmission of Printed Votes and Proceedings in Parliament for any space not exceeding Twenty-four hours from the time at which the same would otherwise have been forwarded.

FOREIGN AND COLONIAL LETTERS AND NEWSPAPERS.

General Regulations.

The prepayment of Postage is optional to many parts abroad, Foreign as well as Colonial. For information on this point, reference may be made to the List of Foreign Places, commencing at page 323.

Letters for the Colonies and Foreign Countries, which may be posted unpaid, specially addressed to be forwarded by routes which require the postage to be paid in advance, will not, if there are any means of transmitting them, be opened and returned to the writers for payment of such postage, but will be despatched if possible by other routes unpaid.

WEIGHT OF LETTERS.

Letters being now charged by weight in this country, as well as abroad, the British scale of progression is as follows:—

Not exceeding $\frac{1}{2}$ oz., one Rate.
Do. do. 1 oz., two Rates.

And two Rates for every succeeding oz.

The French and Belgian scale of progression is as follows:—

Under $\frac{1}{4}$ oz., one Rate.
Weighing $\frac{1}{4}$ oz., under $\frac{1}{2}$ oz., two Rates.

And one Rate for every succeeding $\frac{1}{4}$ oz.

In charging the British and Foreign COMBINED rates, it must be observed that a letter upon which the Foreign postage is to be paid will be liable to two Foreign Rates if it reaches the $\frac{1}{4}$ oz. (the single rate being *under* that weight), and so on, whereas two British rates are not chargeable unless the letter *exceeds* $\frac{1}{4}$ oz. (the limit for a single British rate); so that a letter to be subject to a single Foreign rate, as well as British, must be under a $\frac{1}{4}$ oz. The following shews the method of taking the postage on letters for France and Belgium:—

FRANCE.	$\left\{ \begin{array}{l} \text{under } \frac{1}{4} \text{ of} \\ \text{an ounce.} \end{array} \right.$	$\left\{ \begin{array}{l} \text{British, 0s. 5d.} \\ \text{Foreign, 0s. 5d.} \\ \hline \text{0s. 10d.} \end{array} \right.$	reaching $\frac{1}{4}$ of an ounce.	$\left\{ \begin{array}{l} \text{British, 0s. 5d.} \\ \text{Foreign, 0s. 10d.} \\ \hline \text{1s. 3d.} \end{array} \right.$

SHIP LETTERS.

The rates of postage on “Ship,” as on other letters, are taken by weight. The single uniform rate on ship letters between the United Kingdom and any place beyond seas (except those for France, Belgium, Holland, Hamburg, Bremen, Brunswick, Hanover, Denmark, Oldenburg, Lubec, and Mecklenburg-Schwerin, to which places the rate is the same as by packet), when conveyed by private ship, is 8d. under the $\frac{1}{2}$ oz., and so on, in whatever part of the United Kingdom the same may be posted or delivered. Letters intended to be conveyed by “private ship” should be so addressed.

PERSONS EXEMPT FROM SHIP LETTER POSTAGE.

The owners, charterers, and consignees, resident in the United Kingdom, and owners, consignees, and shippers of goods on board vessels inward bound, are entitled to receive their letters free from sea postage (the inland postage only being chargeable) to the extent of 6 oz. collectively by any one vessel to any such person. In the case of vessels coming from Ceylon, the Mauritius, the East Indies, or the Cape of Good Hope, for an owner, charterer, or consignee of such vessel, the letters may collectively be 20 oz. in weight. The owner, charterer, or consignee must be described as such on the address or superscription; and, in the case of owners, consignees, or shippers of goods, it must also appear by the ship's manifest that they have goods on board the vessel. Such persons are entitled to have their letters which come within the above conditions, before the master of the vessel delivers the other letters in his charge to the Post-Office.

* * Any person who shall, with intent to evade any duty of postage, falsely superscribe a letter as being the owner, charterer, or consignee of a vessel conveying the same, or as the owner, shipper, or consignee of goods shipped in such vessel, shall, for every offence, forfeit £10.

LETTERS NOT TO BE SEALED WITH WAX WHEN SENT TO WARM CLIMATES.

The practice of sealing letters which pass to and from the East Indies, and other warm climates, with wax, leads to much inconvenience, from the melting of the wax and the letters adhering to each other. The public, therefore, are recommended, in all such cases, to use wafers instead of wax, and to advise their correspondents to do the same.

ADHESIVE STAMPS AND ENVELOPES.

Stamps may be used to pay foreign or colonial letters OUTWARDS, but care must be taken that, by the addition of such stamps, the letters do not exceed the weight intended to be paid for. In those cases in which the value of the stamps on the letters is less than the amount of postage chargeable, they will, if prepayment is not compulsory, be forwarded charged with the difference; in cases where the prepayment is compulsory, they will be sent to the Dead Letter Office, and opened and returned to the writers for the proper postage. Stamps are not permitted to be used on letters arriving in the United Kingdom from the colonies or foreign countries. Whenever, therefore, such letters bear any, they will be charged the full rate of postage, without regard to such stamps. These regulations will be applicable to newspapers in those cases where they are liable to postage.

NEWSPAPERS AND PRICES CURRENT TO THE COLONIES AND FOREIGN COUNTRIES.

Newspapers and Prices Current duly stamped and authorised, provided the regulations are complied with, and they are posted within seven days of their publication, may be forwarded to the colonies and to foreign countries, by post-office packets or private ships. To the British colonies they are forwarded free, as also to many foreign countries, which will be found in the Lists. But to all places to which newspapers are not sent free, the postage on them must be paid in advance. Newspapers and Prices Current, duly stamped, to the colonies by PRIVATE SHIP, are charged one penny each. To France, Belgium, Holland, and countries through Holland, by PRIVATE SHIP, one penny each. Chili, Peru, Guatemala, Western Coast of America, Venezuela, St Helena, St Mary's, River Gambia, Sierra Leone, Cape Coast Castle, Fernando Po, and Ascension Island, one penny each. All other places not British, by PRIVATE SHIP, twopence each, which must be paid at the time of posting the same.

The undermentioned printed PRICES CURRENT having obtained the sanction of the Lords of the Treasury, pass through the Post-Office to the colonies and foreign countries at One Penny each, provided they contain simply the names and prices of articles. The names and addresses of the parties dealing in such articles must be excluded:—

Annual Supplement to Prices Current.
British Ships entered inwards and cleared outwards from and to places within the limits of the East India Company's charter.
Commercial Daily List.
Lloyd's List.
London New Price Current.

London Mercantile Price Current.
Mercantile Journal.
Nicholson's New Price Current.
Prince's Price Current.
Sound List.
Trades' List.
Universal Corn Reporter,

Wetenhall's Course of the Exchange.

Each copy to be made up in the same way as a newspaper, with cover open at the sides.

The title of the publication must be written or printed immediately above the address; and any other writing than such address, name, initial, or mark for reference of any kind, calculated to convey information as to the party by whom such publication is forwarded, will subject the same to full letter rates of Postage.

Prices Current cannot be forwarded a second time without being charged full letter postage.

Prices Current from any colony or place abroad by private ship, are charged the same rate as news-

papers. Prices Current from any British colony by packet, direct to any place in the United Kingdom, one penny each.

Prices Current from any foreign country by packet (except France, Belgium, Holland, and China), direct to the United Kingdom, twopence each.

Prices Current from whatever part (except China) received, by way of France, Belgium, Holland, or Hamburg, twopence each.

PERIODICAL PUBLICATIONS, &c.

Periodical works, unstamped, published as pamphlets, and not of daily publication, parliamentary proceedings, &c., may be forwarded to and from France, Belgium, Holland, Prussia, and the United States (but not to countries passing through) under the following regulations:—

- 1st, The postage must be paid in advance (except those from).
- 2d, They must be sent in covers open at the sides for examination.
- 3d, They must be printed in the English language, or the language of the country they are sent from.

The rate on such works will be as follows:—

Not exceeding 2 oz. in weight, one penny.

Not exceeding 3 oz. in weight, sixpence.

And twopence for every additional ounce to 16 inclusive, beyond which weight no publication can be forwarded except paid for as letters.

Plates of fashions, music, &c., accompanying newspapers and periodicals, are to be considered as part of such publication, and are not liable to extra charge. Prints published with newspapers, and duly stamped, may be sent by post separately as a newspaper; but those bearing the supplement stamp of $\frac{3}{4}$ d. only must be sent with the paper it belongs to, and be under the weight of two ounces.

Periodicals posted without previous payment will be forwarded as unpaid letters, and no single pamphlet, or work unnumbered, and without reference to its continuance at any other time or period, can be considered or taken to be a periodical.

Pamphlets, although not published periodically, may be forwarded to the United States at the same rates as above, when not exceeding eight ounces.

PRINTED VOTES AND PROCEEDINGS OF THE IMPERIAL PARLIAMENT, AND OF THE COLONIAL LEGISLATURES,

Whether paid or unpaid, pass at the same rates between the colonies, by packet, as between places in the United Kingdom. Where there are no packets, they may be forwarded by private ships at double these rates. They are not, however, forwarded to the East Indies *via* Southampton and Alexandria, nor to places through France, under the full rates of letter postage.

REGISTERED LETTERS, FOREIGN, COLONIAL, AND SHIP.

In the case of foreign, colonial, or ship registered letters, it must be clearly understood that registration cannot extend beyond the port of despatch in the United Kingdom, and the office does not engage for the security of any registered foreign, colonial, or ship letter longer than while the contents of the mail shall be in the custody of the British Post-Office. Letters, however, addressed to France, and letters passing through France, are exceptions to this rule, the French Post-Office undertaking to provide for their security till they shall have been delivered if addressed to France, and so long as they remain in the French territory, if passing through France. All registered letters to and from France, and countries passing through France, must be paid to their destination, or to the furthest limit, and are subject to the following regulations:—

1st, A registration fee of sixpence in addition to the British portion (or rate) of the postage upon such letters.

2d, The foreign portion of the rate must be calculated, and the amount doubled.

Registered letters for Belgium and countries through Belgium,

... .. Holland and countries through Holland,

... .. Hamburg and countries through Hamburg,

are charged with the British registration fee only, in addition to the postage an ordinary letter would be liable to, and the postage must be prepaid.

Registered letters for Prussia, or to foreign countries through Prussia, must be prepaid the full postage (British and Foreign) as well as the British registration fee of sixpence; and a further charge of threepence on each registered letter, whatever may be its weight, on account of the Prussian registration fees. It is hoped that the public will take the precaution to register all letters of value.

REDIRECTED LETTERS.

Redirected letters between France, Belgium, and Holland, and countries the correspondence of which passes through France, Belgium, and Holland, and the United Kingdom, are returned charged with

the same amount of postage that should have been paid by the receivers. Letters originating in the United Kingdom, redirected from France, Belgium, or Holland, are returned under the same conditions, and are liable to a further charge of British postage—viz., 5d. from Calais, and 8d. from Holland.

All other redirected letters, which cannot be forwarded without prepayment of postage, must be sent to the Dead Letter Office to be returned for the amount due—viz., for their conveyance to the United Kingdom (if the postage to the United Kingdom is not paid), and for the further amount from the United Kingdom to the place of redirection.

REDIRECTED NEWSPAPERS.

Newspapers originating in the United Kingdom, addressed to parties in France, Belgium, and Holland, who have returned, may be redirected (on the original covers) to them, and are liable to the first charge only.

Newspapers from the colonies and foreign countries for persons who may have removed, may be redirected to them at any place within the United Kingdom free of postage, provided they have not been opened at the place to which they were originally addressed. But a Newspaper which has been opened is charged at the same rate as if it were a letter from the place of redirection to the place at which it may be ultimately delivered. Newspapers upon which any colonial or foreign postage may be due when redirected, shall be delivered at any place within the United Kingdom for the same amount of postage that would have been chargeable had they been delivered at their original address. Newspapers from one foreign country or colony to another in transit through, and addressed to the care of a person in, the United Kingdom, may be redirected forward without extra charge, provided they have not been out of the custody of the Post-Office; but such newspapers cannot be reposted without incurring the charge of letter postage.

NON-COMMISSIONED OFFICERS, SEAMEN, AND SOLDIERS IN HER MAJESTY'S SERVICE ABROAD.

MONEY ORDER OFFICE.

Money Orders are issued and paid at the General Post-Office, Edinburgh, between the hours of 10 and 4.

The commission chargeable for Money Orders is threepence on sums not exceeding £2, and on sums above £2, and not exceeding £5, sixpence. No order will be given for sums beyond this amount.

The Money Order Office, and the system of Registration, have been devised expressly for the security of Money and other valuable property transmitted through the Post-Office. With the great convenience thus afforded for transmitting small sums at so low a charge, and the power given of Registering Letters containing value, it is hoped the public will no longer forward letters of value *except in one or other of these methods.*

In all cases where personal attendance is inconvenient, if the money Order is receipted by the person to whom it is made payable, and the party presenting it for payment can afford full information as to the Christian name, surname, address, and occupation of the person *who originally obtained the order*, payment will be made; but unless these conditions are strictly complied with, it will be refused. Any Money Order presented through a bank, will be paid, without the name of the remitter and the signature in full of the Christian name of the payer being insisted upon as a condition of payment, provided that the bank be situated in the town on which the Money Order is drawn, that the Order be crossed with the banker's name, and that the party applying at the Money Order Office be known there as in the employment of the bank. It must be understood, however, that in all such cases the liability of the Post-Office will absolutely terminate with the Payment of the Order so presented.

With a view to simplicity and economy in the accounts of the Money Order Office, it has been found necessary to lay down the following Rules:—

1. Every Money Order issued on or after the 6th October 1848, must be presented for payment before the end of the second calendar month after that in which it was issued (for instance, if issued in October, it must be presented for payment before the end of December), otherwise a new Order will be necessary, for which a second commission must be paid.

2. If an Order be not presented for payment before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in October, and not presented before the end of the next October), the Money will not be paid at all.

3. As, after once paying a Money Order, by whomsoever presented, the office will not be liable to any further claim, the public are strictly cautioned—

a. To take all means to prevent the loss of the Money Order.

b. Never to send a Money Order in the same letter with the information required on payment thereof.

c. To be careful, on taking out a money Order, to state correctly the Christian name as well as the surname of the person in whose favour it is to be drawn.

d. To see that the name, address, and occupation, of the person taking out the Money Order, are correctly known to the person in whose favour it is to be drawn.

4. Neglect of these instructions will lead to delay and trouble in obtaining payment, and even risk the loss of the Money.

These Instructions, together with some others of minor importance, will be found printed on every Money Order.

The following is the list of places in Scotland, England, Wales, and Ireland, upon which alone Money Orders can be drawn, and at which they can be issued. A money Order intended for a person residing at a place in which there is no Money Order Office, should be drawn upon the Post-Town nearest to it, which may have a Money Order Office.

REGULATIONS FOR HACKNEY CARRIAGES.

" At Edinburgh, the Fourth day of April,
Eighteen Hundred and Forty-eight.

" Which day the Right Honourable the Lord Provost and Magistrates of Edinburgh, being assembled, did, and hereby do, in terms of the powers conferred on them by the Police Acts for Edinburgh, make, ordain, and enact, the following Rules and Regulations for licensing and regulating Hackney Carriages, and repealed, and hereby repeal, the Regulations formerly enacted.

" ADAM BLACK, *Lord Provost.*
WM. TULLIS, *B.*
JOHN MELVILLE, *B.*
J. H. STOTT, *B.*
AND. TAIT, *B.*

1. That no Carriage shall ply for hire as a Hackney Carriage within the city of Edinburgh, and around it for five miles, without being approved of, and it and the Proprietor being licensed by a Magistrate. Each Licence shall continue in force for two years, unless recalled.

2. That whenever a licensed Carriage ceases to ply, intimation thereof shall be immediately given to the Depute City Clerk, Council Chamber, and the Licence shall be returned.

3. That, in the event of a licensed Carriage requiring repair, intimation thereof shall be immediately given to said Clerk; and no unlicensed Carriage shall ply or be substituted for a licensed one, without the same being first approved by a Magistrate, and permission granted on the back of the Licence, specifying the time it shall be used.

4. That each licensed Carriage shall have a Number issued for it, which, together with the Owner's name, shall be painted in legible letters, of a colour conspicuously different from that of the Carriage, and at least one inch in length, on each door, immediately below the window-frame; and said Number shall not be transferred to any Carriage other than the one licensed. Each substituted Carriage shall have the name and number of the Carriage for which it is substituted painted in the same way on a moveable plate, to be placed on each door, immediately below the window-frame. The number of the Carriage Licence, with the name and place of residence of the Owner, printed or painted on a Card or Board to be furnished by the Magistrates, shall be placed conspicuously inside the Carriage.

5. That each licensed Carriage shall always be provided with horses in good working condition, and the Carriage and all its appendages, and the harness of the horses, shall always be kept in good order and repair. The Driver, when driving, shall always keep the check-string in his hand, and no companion shall go or be seated along with him.

6. That it shall not be lawful for any person to act as Driver of any Hackney Carriage, whether such person shall or shall not be the Proprietor of such Carriage, unless such person shall have a Licence so to do, and a Badge with his name thereon, granted to him under the authority of the Magistrates; and no person thus licensed shall transfer or lend such Licence, or permit any other person to use or wear such Badge; and no Proprietor shall knowingly permit or suffer any person not duly licensed to act as a driver. No person shall be licensed as a Driver, nor act as such, who is not above eighteen years of age; and before any person is licensed, he shall produce a satisfactory certificate or his ability to drive, and of his good character, and shall find caution for his good behaviour, and to observe the Regulations for the time being for Hackney Carriages, under a penalty not exceeding forty shillings. That when a Driver's Cautioner dies, or leaves town permanently, the driver must report the same to the Depute City Clerk, Council Chamber, to whom he shall deliver his Licence and Badge, until he finds another Cautioner. Each Licence to Proprietors shall continue in force, unless the same shall be sooner revoked, for two years; and each Licence to Drivers, not Proprietors, shall continue in force, unless sooner revoked, for one year. Proprietors changing their residences, or dismissing licensed Drivers from their employment, shall give immediate notice thereof to said Clerk, and shall state to him, if required, the cause of the dismissal. Drivers, not Proprietors, changing their residences or employment, shall give immediate notice thereof to said Clerk. Proprietors and Drivers shall be cleanly in their persons and decently clothed, and shall conduct themselves in a proper, civil, and decorous manner at all times. All Licences and Badges shall be returned within three days after the persons licensed cease to act as Drivers. No person shall wear another's Badge. The Licence and Badge may at any time be withdrawn at the pleasure of the Magistrates. That Drivers shall exhibit their Regulations, Badge, and Licence upon all occasions, whenever required, and by whomsoever demanded. The Proprietor shall be answerable for his Drivers; but the Drivers shall not be relieved from their responsibility. The Proprietor shall, when required, produce his Driver who may have contravened these Regulations.

7. That the Stances shall be South College Street, Tron Church, Princes Street (East and West ends), George Street (between Hanover Street and Frederick Street), Queen Street (East and West ends), Union Place and Gayfield Square, St Mary's Church, foot of Pitt Street, Stockbridge, Edinburgh and Glasgow and other Railway Stations, or at such other places as may from time to time be appointed. At Princes Street, East end, no carriage shall be placed opposite the Mound, or farther

West than a full coach length to the East of the crossing on the East side of the Mound. No carriage shall stand in front of any part of Sir Walter Scott's Monument. Only four Carriages will be allowed to stand on that part of the Stance to the East of the road leading to the General Railway Terminus. At Princes Street, West end, no carriage shall be placed farther West than two full coach lengths to the East of the crossing from Charlotte Street to the West Kirk Gate. At Queen Street, East end, a space of three coach lengths shall be kept open opposite to the Gate leading into Queen Street Gardens, at the foot of St David Street. At Union Place there shall not be more than six Carriages at a time. The others shall draw down to Gayfield Square, which is hereby ordained to be part of Union Place Stance. No Hackney or other Carriage shall be allowed to be stationed upon or to occupy any part of the public streets not allotted as a Coach Stance, except Stage Coaches, when they start or arrive opposite the Coach Offices where their Tickets are issued, and Hackney Carriages at the dismissal of Assemblies and the Theatre, as herein after regulated. While the Carriages are at the Stances, Assembly Rooms, Theatre, or at Partics, the drivers shall either sit on the box or stand at the horses' heads; and neither the Proprietors nor Drivers, nor any one employed by them, shall canvass for employment—nor shall Carriages be taken from their Stations in search of employment, but shall await their chance.

8. That when a Carriage is at a stance, it shall be held to be disengaged, unless proved to be otherwise, and the proof of the real engagement shall lie with the Driver. When a signal for a Carriage is made from a distance, the Carriage first in turn at the end of the Stance, when the signal is made, alone shall draw off, and in no case shall more than one Carriage at a time do so. Carriages coming and returning to the Stances, shall draw on to the rear of the Stance, and no Carriage shall be drawn off a Stance, nor shall follow Stage Coaches or other public Conveyances, on pretence of employment, nor parade the Streets in search of employment, nor draw out from the body of a Stance in order to get at the rear of that or any other Stance.

9. At taking up or setting down a party, the Carriage shall wait so long as required by the party. And when a Carriage is engaged, the hour shall be punctually kept, and the arrival immediately announced. The rate of driving shall be at least Five Miles per hour; and the Driver shall always take the nearest road, unless otherwise directed by the party hiring. Extra caution shall be exercised at passing crossings and corners.

10. That the following Regulations shall be observed at the

4th, When a disengaged Hackney Carriage shall be called by the Officer, the one at the head of the disengaged line (that on the north side of Waterloo Place) shall draw up to the Box entrance.
5th, When a Carriage reaches the Box entrance, should the party for which it is called not be ready, the Driver, upon being ordered by the officer in attendance, must, without delay or objection, drive on, and again proceed to the rear of the called carriages, and proceed in every respect as if he had been newly called; and this he shall continue to do until he shall have taken up his company, in terms of these Regulations.
6th, Drivers must on no account leave their carriages; and no proprietor, driver, or persons in their employment, shall be allowed to enter the Box-office, or occupy the passage thereto; nor shall there be any canvassing for employment, or driving to and from in the neighbourhood of the Theatre, as in search of employment.

2d, No Carriage shall be driven from these lines until it shall be called by the Officer specially appointed for that purpose.

3d, When so called, it shall be driven into the middle of the Street, and thence through the Western Archway.

4th, Every Coachman, as he approaches the Archway, shall announce to the Officer there in waiting the name of the party he is to take up.

5th, When a Carriage reaches the entrance to the Rooms, and the party is not ready, the Driver shall obey the orders of the Officer in attendance, and, without delay or objection, shall drive on, and again come round to the rear of the *called* Carriages, and proceed in every respect as if he had been newly called; and this he shall continue to do until he shall have taken up his Company.

6th, Disengaged Hackney Carriages plying for hire shall be drawn up in George Street to the East of the Rooms, in a single line, and shall take up at the East Door *only*. No Disengaged Hackney Carriage shall leave said line until called by the Officer, and then the one nearest the Archway, of the description wanted, shall proceed forward; and no Carriage shall stand on the George Street Stance during Assemblies and Concerts.

General Regulations.

12. That all parcels or other articles left in the Carriage shall be immediately returned to the owner if known, or if not known, shall be sent to the Council Chamber.

13. That the Fares shall be charged in terms of the annexed Table.

14. That any party shall be entitled to withhold payment of a Fare when the Regulations and Badge shall not be produced by the Driver.

15. That no Proprietor or Driver shall be allowed to choose a Stance for himself, but shall ply with his Carriage from the Stance appointed to him by the Magistrates; and he shall not be entitled to leave such Stance and go to another, or draw thereon when passing, unless when there shall be no Carriage on the Stance at the time. When a vacancy occurs upon a Stance, any Proprietor may have his Carriage transferred thereto on application to the Depute City Clerk.

FIRE DEPARTMENT:

THE allowance of Ten per Cent, which has been made on the Premiums paid on Policies of Seven Years' standing, is the surest proof of the unprecedented success of this Institution.

LIFE DEPARTMENT.

TABLES have been calculated expressly for this Institution; and independent of a reduced rate of Premiums, as compared with other offices having a Subscribed Capital, persons assured for the term of life will be entitled, at the end of every seven Years, to one moiety of the Profits of the Company, after a deduction of such sum per annum for the guarantee of the Capital as the Directors may think reasonable, the extent of which is, however, limited by the deed of settlement.

The share of the Profits to be so allowed to the Assured may be applied, either by adding to the amount of their respective Policies such reversionary sums as are equivalent to such profit, or in reduction of the Premiums thereafter to be payable on such Policies, provided such option be declared in writing within three calendar months after the division shall have been declared; but if such option be not so declared, such share of Profits will be added to the amount of the Policies.

A Bonus was declared in June 1829, exceeding one per cent per annum on the sums insured, on an average of the different ages; and two subsequent Divisions of nearly equal amounts were made up to Christmas 1835 and Christmas 1842. On an average of the three Divisions, the Reversionary Bonuses added to the several Policies at the end of every seven years, amounted to about twenty-seven per cent on the total Premiums paid thereon during those seven years, and the whole amount of Bonuses allotted to the three Septennial Divisions exceeded £530,000.

If any person assured with this Company for seven years, or for life, should die within thirty days after the Premium should become due, such Assurance is to be valid in case the Premium be paid within such period of thirty days.

Loans granted on Life Policies to the extent of their values, provided such Policies shall have been effected a sufficient time to have attained in each case a value not under £50.

No additional Premium will be required from Military men, unless when called into actual service. No charge will be made for Entrance-Money, Admission Fees, or for Policies beyond the cost of the Stamp.

LIFE ASSURANCE.

THIS Institution, which combines every advantage of a Scotch and English Office, while it hopes to receive the especial patronage of *Episcopalians*, rests its claim to the support of the *Public generally* on the sound and equitable principles of its scheme.

Assurers may adopt either the participating or non-participating Table of Rates, they being, in the former case, *guaranteed* by a responsible and wealthy Proprietary in *four-fifths* of the profits.

The following are a few of the advantages derived by persons insuring with this Company:—

1st, Perfect security to the Assured.

2d, Tables are framed upon participating and non-participating Rates, and upon increasing and decreasing Rates.

[Continued.]

[*Church of England Life and Fire Assurance, Trust and Annuity Institution—Continued.*]

- 3d, The non-participating Rates are reduced as far as is compatible with the stability of the Office, and the efficient security of the Assured.
- 4th, Assurances may be effected upon the Lives of persons resident in any part of the world, on more moderate terms than are generally charged by other respectable Offices.
- 5th, Persons subject to diseases which do not tend materially to shorten life, may be insured upon payment of a moderate additional Premium.
- 6th, Age admitted in the Policy.
- 7th, Claims will be paid within three months after proof of death.
- 8th, Policies forfeited by non-payment of Premium, renewable within twelve months upon proof of the same state of health, and the payment of the Premium in arrear, with interest thereon.

The Institution transacts business of every description connected with Life Assurance, including the granting of Annuities and Endowments for existing and future Children; and by a Deed of Settlement it is declared to be amenable, in the Scotch Courts of Law, as to all Insurances effected in Scotland—which are likewise subject to the Scotch laws of succession.

At the recent Division of Profits, the Reversionary Bonus amounted to 56 per cent on the Premiums paid—and the equivalent reduction varied from 25 to 40 per cent on the Premiums payable until the next division of profits.

NEW RATES OF PREMIUM.

THE Directors of this Society, with a view of meeting the wants and wishes of that large class of persons who prefer the PRESENT ADVANTAGES of reduced Premiums to a prospective bonus in the shape of an addition to their Policies, have constructed a new Scale, based on the safest and most approved data, viz., the EXPERIENCE TABLES recently compiled by a committee of actuaries, from the records of seventeen of the leading London offices.

EXAMPLE.

For an Assurance of £100, payable at death.	
Age 20.....	£1 13 1
“ 30.....	2 2 10
“ 40.....	2 18 7
Other ages at proportionate rates.	

The Society now offers the following advantages :—

The **LOWEST SCALE OF PREMIUMS** which can be safely adopted.

UNDOUBTED SECURITY, guaranteed by a large capital; an influential Proprietary; the long standing of the office; and the satisfactory results of its business.

FACILITY in the SETTLEMENT OF CLAIMS, which are payable within three months from the date of proof.

LIBERTY TO TRAVEL IN ANY PART OF EUROPE without extra Premium.

To those who desire to secure the advantages of a prospective Bonus, by a small additional outlay, the Deed of Settlement assigns **FOUR-FIFTHS** of the Profits.

Bonuses may be commuted for equivalent reductions of Premium at the option of the Assured, by which arrangement the amount originally assured may be kept up at a continually decreasing cost.

Insurances are effected on Joint as well as on Single Lives, for short terms or otherwise, and to meet any specified contingency.

Premiums may be paid in one sum, or in any other equitable manner, to meet the convenience of the public.

The Age of the Life Assured is admitted on the Policy at the time of effecting the Assurance, or at any other time, on production of satisfactory proof.

The **SUM ASSURED** may be made payable to the **PARTY HIMSELF** on his attaining a *specific age*, or to his representatives if he should die *before* attaining that age.

Assurances to the extent of £5000 may be made on any of the above Plans.

This Society *advances money* on the security of Entailed Estates in Scotland.

Every information and assistance will be given to assurers, either at the Offices, No. 7 Waterloo Place, London, or by the Society's Agents, established in all the principal towns.

THE continued success of this Institution evinces the judgment of the Public in effecting Insurances with a liberally-conducted establishment.

The Bonus which was last declared on Life Policies amounted to £140 on a Policy for £2000 of seven years' standing, and on a Policy of £1000 on the same standing, £70, and in the same proportion for smaller sums; and these Bonuses might either be added to the sums insured, or the present value of them paid in cash.

Four-sixths of the Profits made by the Company are divided every seven years among the Participating Policy-holders of five years' standing and upwards. One-sixth is set aside as a Guarantee Fund, to be afterwards divided.

The Rates of Premium are moderate, and the Premiums may be paid Quarterly, Half-yearly, or Yearly, on an increasing or decreasing scale; or a portion may remain unpaid at interest.

No entrance-money is required, nor any extra Premium on Lives of Persons in the Army or Navy, unless engaged on Foreign Service, or exposed to more than ordinary risk.

Loans are granted on real or undoubted Personal Security, in connection with Life Insurance. Annuities granted, and Reversionary Interests purchased.

LIFE DEPARTMENT.

THE following advantages are offered by this Company:—

I. SECURITY.

It is possessed of a very large Subscribed Capital, divided among a numerous body of Proprietors, and thus the absolute security so essential to a Life Assurance Society is afforded in its most substantial form.

[Continued.]

[*Scottish Union Fire and Life Insurance Company—continued.*]

II. PREMIUMS.

The Rates of Premium have been calculated expressly for it, and will bear a fair comparison with those of other Companies. No ENTRY-MONEY IS CHARGED. Parties may assure either a specific sum, payable at death, on payment of a reduced rate of premium; or, on payment of an increased rate, they may participate in the Profit Scheme of the Company.

III. DISTRIBUTION OF PROFITS.

TWO-THIRDS of the Profit arising on the Participating Class of Policies, *without being subject to any charges for Management*, are divided EVERY FIVE YEARS among those entitled to participate, on the MOST EQUITABLE PRINCIPLE, viz., in the proportion each party has contributed to the fund.

At the Second Investigation of the Profit Fund for the Five Years preceding 1st August 1846, the Directors were enabled to declare a Bonus, averaging about one and three-quarters per cent per annum on the original sums insured.

THE STANDARD LIFE ASSURANCE COMPANY.

ESTABLISHED 1825.

CONSTITUTED BY ACT OF PARLIAMENT.

ANNUAL REPORT, 1850.

THE TWENTY-FOURTH ANNUAL GENERAL MEETING of this COMPANY was held on FRIDAY the 15th of FEBRUARY, within their Office, No. 3 George Street, Edinburgh—

GEORGE MOIR, Esq., Advocate, in the Chair.

The Directors submitted various Statements, shewing the progress of the Institution since its commencement, and the satisfactory result of the business during the past year.

It appeared from the statements submitted—

That 808 New Policies had been issued by the Company during the year ending 15th November 1849.

That the Sums Assured during that period amounted to £429,371 : 17 : 1, yielding New Premiums to the amount of £14,743 : 4 : 8.

That the Number of Proposals made to the Company during the same period was 997, of which 808 were accepted, and 189 declined. The whole sum proposed for Assurance being £528,792 : 18 : 5.

That a Large Addition had been made to the Funds of the Company, and that the Directors were still enabled to maintain a high rate of interest on their Investments, which are most satisfactorily secured.

EXTRACTS from the REPORT submitted by the Directors to the Meeting.

“ From these statements it will be perceived that the Company have been enabled to issue the large number of 808 Policies, being an increase of upwards of 200 Policies on the business of 1848, and a much larger number than was ever issued by the Company in any previous year. In drawing attention to this result, the Directors beg to point out the comparatively small excess of the sums assured over the year 1848 (£33,507 : 4 : 8), as contrasted with the increased number of Policies issued, the average amount of the New Policies being about £530 in place of £700, which has obtained for some years in the business of the Company. The conclusion to be drawn from this appears to be, that the Company have made a considerable extension of their business, the number of transactions, not the amount assured, being the best test of progress. The Directors are further impressed with the opinion that, to some extent, the result evinces a renewal of prosperity throughout the country, as shewn by the increased number of Policies, the effects of past depression limiting the amount of assurance sought.”

The following Statement exhibits the rapid progress of the Institution during the past six years—

at the fourth period at which the Profits fall to be divided. The attention of the Directors and Manager is now fixed on the important preliminary investigation which is already in progress for the approaching Division, and they trust that the result will bear out the favourable anticipations which they now confidently express.

“The Directors have now only further to mention a transaction which they have entered into, which they consider will be conducive to the interests of the Company, viz., the Transference of the Business of the EXPERIENCE LIFE ASSURANCE COMPANY. The arrangements have all been completed, and the transference is about to be made; but, as the transaction has been entered into since the Balance of the Standard Company on 15th November last, to which the present Report bears reference, the Directors have not included in the Statements now submitted any notice of its affairs.”

AFTER the Report and Statements were submitted, the Chairman congratulated the Meeting on the satisfactory position of the Company's affairs. He drew attention to the increasing extent of the Company's Funds, and the satisfactory Securities in which they are invested, and to the large Revenue of the Company. He also drew attention to the fact of the present being the Bonus year, affording additional inducement to parties to effect Assurances, and he urged on all to make an increased effort to advance the interests of the Institution.

The Report was approved of, on the motion of JOHN TOD, Esq., W.S., and the Meeting expressed entire satisfaction with the progress and position of the Company.

After the Election of new Directors in room of those retiring, the Establishment for the ensuing year was declared to be as follows:—

WILLIAM THOS. THOMSON, *Manager.***DIVISION OF PROFITS.**

THE DISTINCTIVE FEATURE in this Company, the operation of which has contributed in a marked degree to the great success of the Institution, is the mode pursued in the DIVISION OF PROFITS among the Assured, and the Directors request attention to its peculiar advantages. It confers the greatest benefits on those Members whose Policies are maintained for the longest period; in other words, those who pay most Premiums. Persons who effect Assurances as a Provision for their Families, or from other pruden- tial motives, can thus look forward to *increasing* advantages as they advance in life, each period of Division they may survive bringing additional benefits.

Thus, for instance, a Policy for £1000, opened in 1825, in receiving a Bonus Addition at the first Investigation in 1835, had a claim corresponding to 11 years, the period it had been in force, and an addition was made of..... L.137 10 0
 At the next Division in 1840, the claim was for 16 years, being the period the Policy had then been in force, securing an addition of..... 200 0 0
 At the Division in 1845, the claim was for 21 years, securing..... 262 10 0
 Total Additions at these Divisions to a Policy for L.1000..... L.600 0 0

In 1850 the claim under this Policy will be for 26 years' additions; in 1855, 31 years, and so on.
 It is the same principle of Division which was adopted by the Equitable Society of London, established in 1762, the Policies of which office have been known to realise upwards of six times the original sum Assured. There is of course no prospect of this Company, or any Company in the present day, making such large additions as those referred to; for the Rates of Premium in the Equitable were at one time nearly double in amount those now charged, and the full privileges of participation in the Profits of that Society are confined to a particular class or number of Policy-holders; the principle of Division, however, which is the leading feature, is common to both Institutions.

The following examples are taken from the Bonus Table of the Equitable Society of London, lately published, with reference to the Division of Profits as at 31st December 1849, among the privileged class of Policy-Holders referred to.

Policy Opened.	Sum Assured.	Bonus Addition.	Total.

1795	1000	4405	5405

1805	1000	3025	4025
1810	1000	2400	3400

IMPORTANT REGULATIONS.

The Directors have adopted the following important regulations for the purpose of encouraging Life Assurance, and affording facilities to Policy-holders.

Value allowed for the surrender of Policies, after payment of one Premium in the Participating class of Assurances.

Loans to the extent of the value of Assurances at the time advanced on the security of the Company's Policies, at a moderate rate of interest. Parties have it thus in their power to borrow such a sum as will enable them to keep their Policies in force, if otherwise inconvenient for them to do so; or to get the use of the value of their Assurance for other purposes.

Claims settled at any time after proof of death, when parties are in a position to give a proper discharge under deduction of interest.

Persons may pay the Premiums under their Policies Yearly, Half-Yearly, or Quarterly, or they may at any time change the mode of payment in the manner most convenient for themselves.

LIFE ASSURANCE.

THIS Corporation transacts almost every kind of LIFE ASSURANCE, ANNUITY, ENDOWMENT, INVESTMENT, and REVERSIONARY BUSINESS. LIFE ASSURANCES may be effected with or without Participation in Profits, on approved lives, for capital sums from £20 upwards, payable at death, or at any specified age.

DIVISION OF PROFITS.

The Quinquennial Investigation into the affairs of the Company, and Declaration of a Bonus on the Participation Policies, take place at the close of the current year, viz., at 30th April 1851, in which all Policies effected during the year will participate.

By the Constitution of this Company, the whole Contributions of the Members of the Participation branch are accumulated for their exclusive behoof, as in a Mutual Society, a deduction of 10 per cent being first made from them for the expense of management. At the same time, the sums in the Policies and the Additions declared are guaranteed by a large and influential body of Proprietors.

The First Investigation was made in 1846 (ten years from the commencement of the Company), when the amount of Bonus declared varied from One and a quarter to Twelve and a half per cent on the sum assured, or from Thirty-five to Fifty-four per cent on the Premiums paid.

The rates of Premium are lower than those of the great majority of offices; and attention is particularly requested to those payable for a limited number of years only, which are particularly suitable for young and middle-aged lives.

No Entry-money charged.

THE BOARD OF DIRECTORS in SCOTLAND have much gratification in reporting the continued and increasing prosperity of the Association; and they feel warranted in directing special attention to the favourable opportunity of effecting assurances for Family Provision presented by

THE SECOND DIVISION OF PROFITS,

which will take place at Christmas 1853, when all Policies opened PRIOR TO CHRISTMAS 1850 will receive Bonus Additions at the rate then to be declared. The Profits are divided at each Septennial Investigation among all Policy-holders of three years' standing on the Participation Scale, according to an approved and equitable system of division, whereby substantial justice is secured to all the Assured, no preference being given to the earlier Entrants, either by an indefinite postponement of the period of Investigation—by drawing back at each Division to the date of the Original Assurance—or by any other modification of the *Tontine* principle, as opposed to that of pure *Life Assurance*, whereby the interests of new Entrants are exposed to an unequal and disadvantageous competition with those of the Older Members. At last Investigation a Bonus was declared of TWO PER CENT PER ANNUM on the Sums Assured. The Bonus Additions vest immediately on declaration, and they may be appropriated in any of the following ways:—

- I. As a Permanent ADDITION to the Sums assured by the Policy.
- II. In Reduction of the ANNUAL PREMIUMS payable during the succeeding SEVEN YEARS; or until the next declaration of Bonus, when a similar reduction may be effected for the succeeding period.
- III. In Reduction of ALL THE FUTURE PREMIUMS payable under the Policy—a further reduction of which may be effected at the next declaration of Bonus.
- IV. By an immediate CASH-PAYMENT of the present value of the Bonus.

Intending Assurers are particularly requested to observe that they have thus placed within their own choice every possible mode of appropriating the Bonus Additions declared upon their Policies, in the way which they may consider most suitable to their own views and circumstances.

THE POLICIES

of the Association are effectually secured by a protecting CAPITAL of ONE MILLION STERLING, fully subscribed by a numerous and wealthy body of Proprietors, and thus present a most advantageous mode of investment, with entire exemption from responsibility.

THE PREMIUMS

are payable Yearly, Half-Yearly, Quarterly, for a limited number of years, or in a Single Payment—at the option of the Assured.

HALF-CREDIT PREMIUMS.

Persons who may find it inconvenient to pay the full Annual Premium at first, may effect Assurances for the Whole Term of Life on the HALF-CREDIT SCALE, whereby one half of the Annual Premiums may remain unpaid for Three, Five, or Seven years—the arrears being either paid up at the end of the period, or allowed to remain as a permanent debt against the Policy, in the option of the Assured. Such policies receive the full advantage of Bonus Additions on the *Whole Sum Assured*, the value of which, when declared, may, if desired, be applied towards extinction of the arrears of premium. They also afford this important advantage—that persons are thus enabled to effect Assurances at an earlier age, and consequently at a much lower rate of Premium, than if they postponed their intention until they were enabled to pay the full amount of the Annual Premium.

NON-PARTICIPATION POLICIES ON A REDUCED SCALE OF PREMIUMS.

SINGLE PAYMENT (*Deposit*) ASSURANCES ON FAVOURABLE TERMS.

IMMEDIATE, DEFERRED, AND CONTINGENT ANNUITIES, AND ENDOWMENTS.

NO ENTRY-MONEY IS CHARGED.

Detailed Prospectuses, Forms of Proposal, &c., may be obtained at the Head Office in Edinburgh, or from the Agents throughout Scotland.

The President, Vice-Presidents, and Trustees, as also the whole Directors of the Society, are, and must, in terms of the Laws, be Members of, AND PERSONALLY CONNECTED WITH, THE SOCIETY, by Assurances of a determinate number of years' standing.

THE SCOTTISH WIDOWS' FUND is founded, like the EQUITABLE SOCIETY of London, on the PRINCIPLE OF MUTUAL CONTRIBUTION—or, in other words, on the principle of appropriating the WHOLE PROFITS to the Assured.

The average amount of Insurances effected during the last Twelve Years has been upwards of
HALF A MILLION ANNUALLY.

The last periodical investigation into the affairs of this Society, took place on 31st December 1845, when it was ascertained that the Surplus Fund amounted to upwards of

£614,000;

and it was sufficient to enable the Directors, after setting aside upwards of

L.204,000 AS A GUARANTEE FUND,

to declare and provide for the following additions:—

- I. An addition at the rate of Two per Cent per annum for the period from the 31st December 1838, on the accumulated amount of the original Sums assured, and the previously declared Additions; being, in the case of the early Insurances,

UPWARDS OF THREE PER CENT PER ANNUM OF BONUS
ON THE ORIGINAL SUM INSURED.

And in order to provide for the case of those parties who may die before 31st December 1852, when the next investigation and declaration of surplus shall be made, there was provided, further,

- II. An addition at the rate of Two per Cent per annum on the accumulated amount of the original Assurances, and previously declared additions, for each Premium that may be paid after 31st December 1845, provided the party die before 31st December 1852 (having been insured at least five years). *This addition, supposing the case of a party insured in the early years of the Society's existence to die after payment of the premium for the year 1852, would be, for the 7 years from 31st December 1845 to 31st December 1852, upwards of 25 per cent on the original Assurance; or at the rate of upwards of*

THREE AND A HALF PER CENT PER ANNUM OF BONUS
ON THE ORIGINAL SUM INSURED.

This Society owes its success to various causes, but particularly,

1st, To the **SELECTION OF THE LIVES**. So particular have the Directors been in this respect, that upon an approximate estimate made on the 31st December 1838, it was ascertained that the actual losses had only been in the ratio of fifty-seven for each hundred that might have been expected according to the Tables of Mortality upon which the Society's calculations are based; and upon a similar estimate made on the 31st December 1845, it was ascertained that they were only in the ratio of fifty-one for each hundred that might have been expected. In one year alone there were rejected as many as 142 proposals for insurance, the sum proposed to be insured being L.160,000.

2d, To the **ECONOMY IN THE MANAGEMENT**—which is as great as can be maintained consistently with the proper and systematic conduct of the Society's affairs.

3d, To the **LIBERALITY OF THEIR DEALINGS**, and **PUNCTUALITY IN PAYMENT OF THEIR CLAIMS**. Unless in those cases where fraud is suspected, every facility is given to the representatives of deceased Members to effect a speedy settlement of the sum insured.

It having been represented to the Directors that, in several recent cases, applicants for Insurance, desirous of becoming Members, had objected to the charge in name of "*Entrance-money*" exacted from them on their admission to the benefits of the Society, the Extraordinary Court, in terms of powers conferred upon them by the Articles of Constitution, have resolved to allow all future Applicants the option either of paying their Entry-money in one sum, along with their first premium, or of having an *equivalent addition* made to the Annual Premiums payable during life, agreeably to the following Table:—

Life Department.

THIS Company effect Life Insurances on equitable principles, with entire exemption from the liability of Partnership.

A large Capital, subscribed by the Proprietors, forms the security of the Assured.

The Premiums may all be paid at once, or in any given number of years—or quarterly, half-yearly, or yearly, as may suit the convenience of those holding the Policies.

Insurances may also be effected by paying an increased rate of Premium for a certain number of years, to be afterwards correspondingly reduced for the remainder of life; or, by beginning with a low Premium, to be increased when the expectation of greater means may be realised; or two-thirds only of the Premium may be paid, allowing the remaining one-third to be a charge upon the Policy until its expiration, to be then deducted unless previously paid up.

All transactions in the Life Department are considered strictly confidential.

Prompt payment of Claims is made three months after proof of death.

Loans granted on the Policies of this Office.

The following Rates of Insurance for Single Lives are given as specimens from the Tables:—

PERCY M. DOVE, *Manager.*

Extract from the "Post Magazine."

"The Report of the Royal Insurance Company of Liverpool presents the most remarkable instance of success, in so short a period, that ever fell under our notice in connexion with this class of institutions. The statement of accounts submitted to the shareholders, shews that the profit on the business of the last four years amounts to the enormous sum of £108,641, 14s. 11d., affording a disposable surplus of £100,000, after payment of all charges for management, and apportioning five per cent as a dividend on the previously paid-up capital.

"The result of the operation announced in the Report is as follows:—That the paid-up capital is at once raised from £178,560 to £267,840; or, in other words, that the sum of £89,280 is taken from the accumulated fund, and added to the permanent capital, from whence it cannot be abstracted for absorption in the shape of bonus or increased dividend to the proprietors."

Extract from the "Report."

(LIFE BUSINESS).

"It is both a striking phenomenon in vital statistics, and an evident illustration of the satisfactory results of the business of this branch, to state that, whilst out of upwards of 400 lives accepted for assurance, only one has died; out of between 80 and 90 lives rejected, a record of at least 8 deaths has been obtained.

"The progress of this branch of your operations indicates clearly that the public is becoming fully aware of these advantages, as the premium on new insurances effected during the first six months of the year 1843, exceeds that of the corresponding months of the year 1842, by no less than 66 per cent."

THE following are the advantages given by this Company:—

MUTUAL ASSURANCE, without liability.

The Guarantee of a responsible body of Proprietors either personally or otherwise assured with the Office, affords the most undoubted security to all classes of Assurers.

NINE-TENTHS of the WHOLE PROFITS septennially divisible among the Assured.

This is a larger proportion than can ever be divided by any simple Mutual Assurance Society.

[Continued.]

[Edinburgh Life Assurance Company—Continued.]

AN INTERMEDIATE BONUS paid on Policies becoming Claims between one investigation and another.

All the advantage of an Annual Division is thus given, without its attendant evils.

THE MOST EQUITABLE PRINCIPLE OF DIVISION.

The greatest benefits are thereby bestowed upon the oldest Policies, thus securing that first-class Lives shall not suffer by any undue Bonus being paid away to those who may die early.

RATES OF PREMIUM EXTREMELY MODERATE.

The Non-Participation Scale is equivalent to a present Bonus of considerable amount, when compared with most other Offices.

Assurances effected in any way that the interests of parties may require.

The Company transact for the purchase and sale of Annuities, present and contingent Reversions, &c.

No Entry Money, or other Charge beyond the Policy Stamp.

CLAIMS PAID THREE MONTHS AFTER PROOF.

The Benefits of the Participation Plan of Insurance are exhibited in the following examples of

LIFE ASSURANCE.

THIS CORPORATION RANKS AMONGST THE FIRST AND MOST FLOURISHING COMPANIES IN SCOTLAND; supported by a large and influential body of Proprietors; giving to the Assured every advantage hitherto offered to the Public.

The PREMIUMS are moderately rated at all ages, and are so modified, by ascending and descending scales, and otherwise, as to suit the object of every Insurer at the least immediate outlay, whether to secure a debt, provide for his family, or to convert income into capital for his own use.

When an insurance is for the WHOLE PERIOD OF LIFE, ONE-HALF OF THE PREMIUMS ONLY REQUIRE TO BE PAID FOR THE FIRST FIVE YEARS AFTER THE DATE OF THE POLICY; the other half may remain unpaid, subject to the payment of interest at five per cent annually, to be deducted at death, or may be previously paid off at convenience.

PARTICIPATING POLICIES share in the Profits without payment of Entrance Money, or incurring the risk attending Mutual Assurance.

BONUSES may be either added to the sum Insured, or applied in reduction of future Premiums. The last Bonus (declared December 1841) averaged Forty per cent on the Premiums paid during the Septennial period.

THE SCOTTISH PROVIDENT INSTITUTION is the only Office which combines the advantage of Mutual Assurance and participation in the Whole Profits with Moderate Premiums.

The Assured are at the same time specially exempt from personal liability.

The PREMIUMS are, at early and middle ages, about a fourth lower than in other Mutual Offices; so that the sum required by them, say at age 30, for **£1000**, would secure a Policy, in the Scottish Provident Institution, for **£1230**.

The **WHOLE PROFITS** belong to the Assured themselves, and the principle on which they are divisible is at once safe, equitable, and favourable to good lives—the Surplus, in place of being frittered away among Policies that have subsisted only a few years (and on which there must be a loss, and not a profit) being reserved entire for those Members who survive the period at which their premiums, with accumulated Interest, amount to the Sums in their Policies. Being thus divided among a comparatively small number, the Share or Bonus falling to each will necessarily be much greater than by the usual mode.

The Directors invite attention to the Report of the General Meeting in 1849, (which may be had on application), at which Resolutions were adopted, having the effect of rendering Policies indefeasible, except on the ground of fraud.

EXAMPLES OF ANNUAL PREMIUM FOR ASSURANCE OF £100 AT DEATH.

(By both Scales the Assured are entitled to share in the whole Profits).

Age.	Payable for whole of Life.	Payable during 21 Years only.	Age.	Payable for whole of Life.	Payable during 21 Years only.

35	2 6 10	2 19 8	45	3 5 9	3 14 9

By the first of these scales a person of the age of 30 may secure £100 at death, for a yearly payment, during his life, of £2, 1s. 6d. only. By the second, he may secure the same sum at death, for a yearly premium of £2, 14s. 6d., ceasing on his attaining the age of 50—being thus entirely relieved of payment before he has passed the prime of life, and that for nearly the same premium as other Mutual Offices require for the whole of life.

The Directors would also call attention to the following Tables among others published by them, which will be found of great importance to *Clergymen, Annuity-takers, and Professional Men* :—

- I. For enabling husbands to secure Life Annuities to their wives in the event of their becoming widows, the Annuities continuing during the remainder of the lives of the widows.
- II. For enabling fathers to secure to their children Life Annuities certain, payable up to the age of 21, in the event of their children being left orphans before that time.

The following are among the advantages offered by this Society:—

Economy combined with SECURITY.

The RATES of Premium are lower than those of any other Office, which entitle the assured to participate in the profits, and considerably lower than those of any other *Mutual Assurance Society*.

The whole of the profits are divided every fifth year among the assured, and a BONUS is added, after the Payment of the Fifth Annual Premium, to every Policy effected on the Participating Scale, if a claim accrue thereon prior to the next division of profits.

The BONUSES declared at the three former divisions (arising from three-fourths only of the profits), averaged 16, 31, and 36 per cent respectively on the amounts of Premiums paid.

The BONUS declared in 1849 (arising from the whole of the profits), being the result of the operations of the Society during the last five years upon the *Mutual Principle*, averaged 62½ per cent on the Premiums received.

The subjoined Table shews the advantages offered by this Society, resulting from low Premiums, and a division of the *entire profits* among the assured:—

Consulting Actuary—Archibald Borthwick, Esq., Accountant.

Medical Adviser—Robert Christison, M.D., Professor of Materia Medica in the University of Edinburgh.

THIS Company has introduced a totally new feature in LIFE ASSURANCE, and instead of its being limited, as it has been by all the plans hitherto practised, to the comparatively small class possessed of fixed incomes, from which they could undertake the burden and risk of an annual premium, it has, by the system adopted by this Company, been thrown open to every saving man in the community, enabling him to lay aside what he can spare from his income from time to time, as it may best suit himself, and affording him all the peculiar benefits of LIFE ASSURANCE, without bringing him under any obligation for payments which he may not have the power or the wish to continue, and at the same time leaving him the full command, should he require it, of all or any portion of the sum so paid to the Company in the same manner as if deposited in a Bank.

By order of the Directors,
