EXPLANATION.—In the Left-hand Table are the years of the Century, and above each is the Dominical Letter corresponding with that Year. Then, opposite to the Month, at the foot of the Right-hand Table, will be found a corresponding Letter, over which are placed the Days of the Month and Week for that Month (distinguishing the Sndays by a different type). Each Blank Space in the Left-hand Table shows the Year following to be Leap Year; and as every Leap Year has two Dominical Letters, the Letter above the *Blank Space* must be used for January and February in every Leap Year; and for the other months, use the Letters belonging to the respective Years. By transposing the Dominical Letters, this Calendar would answer for any Century.

"Fit to ornament any office or library."—*Scotsman*.

"A real *vade mecum* for the merchant."—*Glasgow Herald*.

"It affords at a speedy glance, and posted up to date, the mercantile information usually found in books of reference."—*London Daily Telegraph*.

"This Map is a remarkably complete and beautiful work. We feel no hesitation in saying its rival could hardly be found for combined cheapness and abundance of information."—*London Weekly Review*.

"Will prove an invaluable adjunct to any merchant's or shipowner's office. It is beautifully printed and handsomely mounted."—*Liverpool Mercury*.

NEW SCHOOL MAP OF THE WORLD, ON GALL'S IMPROVED PROJECTION.

Size 6 ft. 6 in. x 4 ft. 7 in.

The Map is designed to supersede to some extent the use of special Wall Maps of the Continents. The scale is such as to allow of all the chief Physical and Geographical features of the various Countries being efficiently shown, excepting in the British Islands and Central Europe, where greater minutiae are required than can be shown in a general Map. The boundaries of the States are accurately defined, and brought out by distinct colours; while care has been taken to give those names and details generally required in the usual course of instruction. There are also introduced many important features illustrative of Physical Geography and Commerce.

Price, mounted on Cloth and Rollers, Full Coloured, £1, 1s., or Varnished, £1, 5s.

RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

INLAND LETTERS.

The rates of postage to be prepaid are as follows, viz.:—

For a letter not exceeding 1 oz.,	1d.
" exceeding 1 oz. but not exceeding 2 oz.,	1½d.
" exceeding 2 oz. but not exceeding 4 oz.,	2d.
" exceeding 4 oz. but not exceeding 6 oz.,	2½d.
" exceeding 6 oz. but not exceeding 8 oz.,	3d.
" exceeding 8 oz. but not exceeding 10 oz.,	3½d.
" exceeding 10 oz. but not exceeding 12 oz.,	4d.

A letter exceeding the weight of 12 oz. is liable to a postage of 1d. for every ounce, beginning with the first ounce. A letter, for example, weighing between 14 and 15 ounces must be prepaid fifteen pence.

A letter posted unpaid is chargeable on delivery

with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency. On re-directed letters the charge for re-direction is the same, whether prepaid or collected on delivery.

No letter may exceed the dimensions of one foot six inches in length, nine inches in width, and six inches in depth, unless it be sent to or from one of the Government offices.

COLONIAL AND FOREIGN LETTERS.

The rates of postage on letters to foreign countries and the colonies are entered in the Table of Foreign and Colonial Postage.

To some countries prepayment is compulsory. Where such is the case, the letter 'c' is prefixed to the rates of postage; prepayment being in all other cases optional.

To some countries the whole of the postage cannot be prepaid; and in such cases the letter 'a' is prefixed to the rates of postage, to indicate that an additional charge is made on delivery.

A letter posted unpaid, or paid only in part,

directed to go by a route by which prepayment is compulsory, is returned to the writer, unless there is another route to send it by which prepayment is not required. Letters, however, for Australia and New Zealand, if prepaid as much as one rate (even though the prepayment be insufficient), are for-

warded, charged with the deficient postage and an additional rate.

A letter posted insufficiently prepaid for a place to which prepayment is optional is sent forward charged, the value of the stamps, however, being, as a rule, taken into account.

The following are the charges made on delivery at the under-mentioned places upon letters posted unpaid (wholly or in part):—

1s. each in addition to the deficient postage.				
British West Indies.	Hong Kong.	Natal.	St Croix.	St Thomas.

Alexandretta.	Kerassun.	Porto Said.	Samsoun.	Trebizond.
Beyrout.	Latakia.	Rhodes.	Sulina.	Tultscha.
Dardanelles.	Mersina.	Rodosto.	Tangier.	Tunis.
Ineboli.	Ordou.	Salonica.	Tripoli in Syria.	Varna.
Jaffa.				

The same rates are chargeable in this country upon unpaid or insufficiently paid letters received from the above-named places, with the exception that letters from Suez, received *via* Southampton, and letters for China, and from Holland *via* France, are charged the prepaid rate only.

No letter for any colony or foreign country may be above two feet in length, or one foot in width or depth.

Letters not specially directed by a particular route are forwarded by the route immediately following the name of the place in the Table of Colonial and Foreign Postage:

Exceptions.—1. Letters for Aden, Suez, and India, are sent by the first mail despatched by British packet, either *via* Brindisi or *via* Southampton, according to the route indicated by the postage; letters for Borneo, Ceylon, China, Japan, Java, Labuan, Penang, Philippine Islands, and Singapore, are sent by first packet, whether British or French, according to the route indicated by the postage; letters for Malta are sent by the first mail despatched, if the prepayment does not indicate that they are to be sent by another route.

2. Letters for Canada (if not registered) posted after the despatch by Canadian packet on Thursday, are forwarded *via* the United States on Saturday. Registered letters, if not fully prepaid to be sent *via* the United States, are detained till the next Canadian packet.

3. Letters, etc., for New Brunswick, Nova Scotia, and Prince Edward Island, posted after the despatch of the mail *via* Halifax, are forwarded by the Canadian Packet.

4. Letters for the Argentine Confederation, Guadaloupe, and Martinique, are, if prepaid, sent in the first mail despatched by British or French packet after the time of posting; and letters for Cuba and Mexico are, if prepaid, sent in the mail *via* France, if such be the first mail.

5. Letters for Switzerland are forwarded *via* France when that route is indicated by the amount of prepaid postage.

Letters for Brazil, Monte Video, Peru, and Chili, if specially directed 'by *Supplementary Mail via Bordeaux*,' and posted in time for despatch from London by the day mail of Friday, will in due course overtake, at Bordeaux, the packet despatched from

Liverpool on the previous Wednesday. The postage *via* Bordeaux is 1s. per $\frac{1}{2}$ oz.

Letters for such places in Turkey and Asia Minor as have *no Austrian Post Office* should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established. It is recommended also that any letters for Erzeroum and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent at Samsoun or Trebizond, to be forwarded to their destination.

Letters for Russia should have the name of the town added in either English, French, or German; and if for the smaller towns in Russia, they should bear as a part of their address the name of the province or government in which they are situated.

CARD POST.

Post Cards, whether official or private, which bear a halfpenny impressed stamp, are available for transmission between places in the United Kingdom only.

The front (or stamped) side is intended for the address only. There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any of these rules be infringed, the card will be charged 1d. on delivery.

When, owing to a great and unusual influx of letters, books, etc., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards may be kept back until the next despatch or delivery.

No card other than one of those issued by the Government, or a private card impressed with the halfpenny stamp, will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

For information as to the conditions under which private cards are impressed with a halfpenny stamp, application must be made to the office of Inland Revenue.

INLAND NEWSPAPERS.

Under the Post Office Act, 1870, any publication fulfilling the conditions hereafter named can, upon payment of an annual fee of 5s., be registered at the General Post Office to pass within the United Kingdom as a newspaper for a postage of one halfpenny. Without such registration no newspaper is entitled to be sent through the post at less than the book rate of postage.

Registration for inland circulation includes registration for transmission abroad.

The conditions are as follows:—

1. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

2. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.

3. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to 'Tables of Contents' and 'Indices.'

4. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or

in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement must in every case be published with the newspaper, and must have the title and date of publication of the newspaper printed at the top of every page; or, if it consist of engravings, prints, or lithographs, at the top of every sheet or side.

For each newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight—viz. one halfpenny for every 2 oz. or fraction of 2 oz.

A newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book packet of the same weight.

The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.

No newspaper can be sent through the post a second time for the original postage; for each transmission a fresh postage is required.

Every newspaper or packet of newspapers must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination. If this rule be infringed, the newspaper or packet will be treated as a letter.

Every newspaper must be so folded as to admit of the title being readily inspected.

A newspaper posted singly, or a packet of newspapers, which contains any enclosure except the supplement or supplements belonging to it, is charged as a letter, unless the enclosure be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet, in which case it is allowed to pass.

A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, will be charged as an unpaid or insufficiently paid letter.

No packet of newspapers must exceed 14 lbs. in weight, nor may it exceed 2 feet in length or 1 foot in width or depth.

COLONIAL AND FOREIGN NEWSPAPERS.

The rates of postage to the colonies and foreign countries on newspapers registered for transmission abroad will be found in the Table of Colonial and Foreign Postage. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet; and if above 4 oz. in weight, it is liable to two rates of postage, and so on.

The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission a newspaper may be published at intervals of thirty-one days; and that it may be printed (but not its supplement) on sheets stitched together. Moreover, 'prices current' and 'market reports,' but not private price-lists or trade catalogues, are admitted to the same privileges as newspapers for foreign transmission, provided they are published at intervals not exceeding thirty-one days.

Publications registered for transmission abroad must be posted *within eight days* from the date of publication, including the day of publication.

The collected numbers issued during the month of a weekly, fortnightly, tri-monthly, etc., publication will not be allowed to pass as a monthly publication.

The postage must be prepaid with postage labels only.

Every newspaper or packet of newspapers must be posted either without a cover or in a cover

entirely open at both ends, and in such a manner as to admit of easy removal for examination.

Every newspaper must be so folded as to admit of the title being readily inspected.

No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

There must be no writing or other mark on a newspaper sent abroad but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, the printed name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

No packet of newspapers must exceed 2 feet in length or 1 foot in width or depth. For limit of weight, see Table of Colonial and Foreign Rates.

It is forbidden to introduce into Russia, through the post, political newspapers, in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. This prohibition does not, however, extend to political newspapers, or any other publication, addressed to members of the Royal Family of Russia, the Imperial Ministers, or members of the Diplomatic Corps. The admission into Russia even of newspapers not of a political character, is permitted only when they are addressed to the house of some established bookseller, to the higher schools, to the Imperial Public Library, or to the Academy of Sciences in Russia. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any persons residing in Russia.

INLAND BOOK POST.

A book packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, etc., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting, or covering of a book, etc., or of a portion thereof, is allowed, whether such binding, etc., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, etc., and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, etc., must not be sent as a separate packet.

Circulars—i.e. letters which are intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed, may also be sent by book post.

The postage is one halfpenny for every two ounces or fraction of that weight.

A packet posted wholly unpaid will be charged with double the book postage; and if posted partially prepaid, with double the deficiency.

The postage must be prepaid either by adhesive stamps or by means of a stamped wrapper, or by a combination of the two; except at the General Post Office, Edinburgh, where from 10 A.M. to 4 P.M. it may be prepaid in money, provided the postage amount to not less than £1 in any one case,

and provided the packets are posted in bundles each representing a postage of 5s.

Every book packet must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of the contents being easily withdrawn for examination; otherwise it will be treated as a letter.

A book packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), not being a circular letter or not wholly printed, nor any enclosure sealed or in any way closed against inspection, nor any other enclosure not allowed. (Entries, however, merely stating who sends the book, etc., or to whom it is given, are not regarded as a letter.) If this rule be infringed, the entire packet will be charged as a letter.

No book packet may exceed 5 lbs. in weight, or one foot six inches in length, nine inches in width, and six inches in depth.

When, owing to a great and unusual influx of letters, books, etc., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets may be kept back till the next despatch or delivery.

COLONIAL AND FOREIGN BOOK POST.

The rates of postage on book packets to the colonies and foreign countries are given in the two following tables, as also in the Table of Colonial and Foreign Postage.

Every book packet must be posted either without a cover or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string.

The limit of size for a book packet addressed to any place abroad is 24 inches in length and 12 inches in width or depth.

Exceptions.—No packet for Algeria, Azores, Cape de Verd Islands, France, Madeira, or Portugal, or for Egypt, Syria, or Turkey, when sent by French packet, must be above 18 inches in length, width, or depth.

COLONIAL AND FOREIGN PATTERN AND SAMPLE POST.

There is a Pattern and Sample Post to such colonies and foreign countries as are marked in the Table of Colonial and Foreign Postage with the letter 'P'; but it is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

The rates of postage will be found in the Table of Colonial and Foreign Postages.

Patterns or samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind,—but such articles only,—may be posted enclosed in boxes or in bags of linen or other material, fastened in such a manner that they may be readily opened; or, in the case of samples of seeds, etc., for the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, and Switzerland, in bags entirely closed, provided such closed bags are transparent, so as to enable the officers of the Post Office readily to satisfy themselves as to the nature of the contents.

There must be no writing or printing upon or

in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles.

A packet of patterns or samples sent to Portugal, Madeira, the Azores, Cape de Verds, France, or to Turkey, Syria, or Egypt, by French packet, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length or 12 inches in breadth or depth.

Samples of intrinsic value must not be sent to foreign countries except the United States; and in the case of France, samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule, if they weigh more than three ounces. Raw and spun silk, as well as coloured and twisted silk, may be sent to Germany up to the same weight.

Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to the following countries, but to these alone, viz., the Azores, Belgium, Cape de Verd Islands, Denmark, Egypt, Germany, Holland, Madeira, Moldavia, Norway, Portugal, Sweden, Switzerland, Turkey, United States, Wallachia, and the British Colonies; and not even to these places when addressed '*via France*.' Indigo cannot be sent to any place abroad.

The limit of weight is not the same to all countries. For particulars, see page 574.

SPECIAL RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

ADDRESSES TO THE QUEEN, AND PETITIONS TO PARLIAMENT.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the ends. No letter or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

PARLIAMENTARY PROCEEDINGS.

Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of $\frac{1}{2}$ d. for every two ounces or fraction of that weight.

The words 'PARLIAMENTARY PROCEEDINGS' must be written or printed on the cover of the packet; otherwise it will be treated as an ordinary book packet.

Prepayment, when the circulation is within the United Kingdom, is optional; and when paid in part, the amount deficient only is charged.

Parliamentary proceedings may be sent, under the book post privilege, to all the colonies, and to those foreign states between which and this country there is a book post.

The limit of size prescribed for ordinary book packets does not apply to printed parliamentary proceedings.

PARLIAMENTARY NOTICES.

Parliamentary notices may be forwarded through the post under the following regulations:—

The words 'Parliamentary Notice' must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter; though this is not imperative.

These notices must be posted at the General Post Office in Edinburgh.

All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless

the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, must be posted at least three clear days before the time specified in the standing orders.

The postage chargeable on these notices, and the registration fee of 6d. on each, must be prepaid by stamps.

The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged, for the convenience of comparison, in the order of the list. These lists will be examined by the officer in attendance at the window; and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office; in which case the postmaster may appoint any other time within the next twenty-four hours for receiving the same, provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are, like letters, liable to an additional rate of postage.

The senders of parliamentary notices should, if possible, arrange on the previous day with the postmaster as to the most convenient time for posting them, and state the probable number.

LETTERS FOR NON-COMMISSIONED OFFICERS, SOLDIERS, AND SEAMEN IN HER MAJESTY'S SERVICE.

Non-commissioned officers, bandmasters, army schoolmasters (not being superintending schoolmasters or schoolmasters of the 1st class), schoolmistresses, private soldiers, or seamen belonging to Her Majesty's ships, whether serving on sea or land, and whether in a British possession or foreign country, as also enrolled pensioners in Canada, can send and receive letters by packet or man-of-war, for a postage of 1d.; but if any such letters have to pass through a foreign country, they are subject, in addition, to the foreign postage, whatever that may be. Thus, the postage to the under-mentioned

The name of the soldier or seaman, with his class or description, must appear in the direction, and the officer having the command must sign his name, and specify the ship or regiment, corps or detachment, to which the soldier or seaman belongs; the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms :—

Newspapers by private ships to the Azores, Cape de Verds, Madeira, Norway, and Portugal, must be prepaid 2d. each per 4 oz.; and to all other places 1d. each per 4 oz.

REGULATIONS AS TO PREPAYMENT, REGISTRATION, ETC.

MODES OF PREPAYMENT.

Inland letters, newspapers, and book packets must be prepaid by means of stamps, either adhesive or embossed or impressed, except at the General Post Office, Edinburgh, where *letters and book packets* may, from 10 a.m. to 4 p.m., be prepaid in money, provided the amount be never less than £1, and that the letters and book packets be tied in separate bundles of 60, with the addresses arranged in the same direction.

Letters to places abroad may be prepaid either in money or in stamps; but the payment must be made wholly in stamps or wholly in money. This rule applies also to registered letters.

Newspapers, book packets, and sample packets for places abroad can be prepaid only by means of stamps; and in their case prepayment is *always compulsory*.

British postage stamps, though available for all letters, etc., going out of this country, are not, as a general rule, available for letters, etc., coming into it; the principal exception being in the case of letters posted by naval officers, marines, and seamen serving abroad, which if posted in the ship's bag, must be prepaid by means of British postage stamps.

REGISTRATION (INLAND AND FOREIGN).

The fee for registering a letter, newspaper, or book packet passing between any two places in the United Kingdom is fourpence, which must be prepaid by means of stamps.

The same fee is chargeable for the registration of letters, newspapers, book packets, and patterns to the British colonies, United States, Germany, Italy, Switzerland (*via* Belgium), and (when sent in closed mails) to the British Post Offices in Egypt and Constantinople.

To all other foreign countries *only letters or packets paying the letter rate can be registered*. The fee chargeable in each case will be found in the Table of Colonial and Foreign Postage. To some countries a letter can be registered only to the port of arrival, and to a few countries there is no arrangement for registration.

Registered letters, etc., must be prepaid as regards both postage and registration fee; except official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered at country post offices, on prepayment, in stamps, of the registration fee only.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and should on no account be dropped into the letter-box. If, contrary to this rule, a letter marked 'registered' be dropped into the letter-box, it will, *if directed to any place in the United Kingdom or British colonies*, be liable to a registration fee of 8d., instead of the ordinary fee of 4d. A registered letter, if re-posted as an ordinary letter, with the word 'registered' un erased or erased in pencil only, will also be liable to a registration fee of 8d.

Registered letters require to be posted at General Post Office thirty minutes, and receiving offices fifteen minutes, before the closing of the box for ordinary letters; but upon payment of a late fee of 4d. they may be registered until the closing of the letter-box for each despatch (exclusive of the time during which late letters are received).

The registration of a packet makes its transmission much more secure; the loss of a registered packet being a very rare occurrence. Nevertheless, by Act of Parliament, the Post Office is not responsible for the safe delivery of registered packets, though

any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk; and the department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which appear to contain coin, and all inland letters which contain watches or jewellery, even though they be posted without registration, are treated as registered, and charged on delivery with a double registration fee of 8d. in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted, are detained for the next despatch.

No letter-carrier, rural messenger, or other servant of the Post Office, is allowed to carry a letter for any person to be registered.

RE-DIRECTION.

Every re-directed letter, post card, or other postal packet, is liable to an additional postage (at the prepaid rate) for each re-direction, unless the re-direction be made by an officer of the Post Office, and both the original and the second address be within the same free delivery.

Exceptions.—No charge for re-direction is made on Government letters; nor is any charge for re-direction made on newspapers from abroad, unless they have been opened, in which case they are liable to postage as books.

Letters originally posted in the United Kingdom and re-directed to any place abroad are charged as unpaid letters. Foreign and colonial letters received and re-directed to some place abroad are liable to an additional foreign or colonial rate; but if re-directed to some place within the United Kingdom, they are liable only to an additional inland rate.

A registered letter, when re-directed to any place within the United Kingdom, is only liable to the same additional charge as an ordinary re-directed letter. If, however, instead of being taken back to the Post Office to be dealt with as a registered letter, it is dropped into the letter box as an ordinary letter (the word 'registered' not having been erased, or having been erased in pencil only), it becomes liable to the same treatment as any other letter marked 'registered' and found in the letter box—is charged with a registration fee of eightpence, minus the value of any stamps already affixed for the registration. A registered letter re-directed to a colony or foreign country is liable to a second postage and registration fee, *which must be prepaid*.

Notices of removal and applications for letters to be re-directed must in all cases be made in writing, and be duly signed by the persons to whom the letters are addressed, and should be sent to the Surveyor-General, General Post Office, or handed to the letter-carrier of the district.

A postmaster is not bound to re-direct letters for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited, or the letters would be delayed in their transmission by being sent to the house to be re-directed there.

DELIVERY.

No person living within the town free delivery, unless he rent a private box, can obtain his letters at the General Post Office.

The Poste Restante being intended solely for the accommodation of strangers and travellers who have no permanent abode in Edinburgh, letters for residents in Edinburgh must not be addressed 'Post Office till called for.' Letters addressed to 'Initials,' 'Numbers,' or 'Fictitious Names,' cannot be received at the Poste Restante; if so addressed, they are returned to the writers.

Letters may not be re-directed from a private address to 'Poste Restante.'

Private Boxes and Bags.—The fee for a private box is one guinea per annum, payable in advance, and for a period of not less than one year. The terms for a private bag are the same; but any person renting a private letter bag is considered to have the accommodation of a box as well as a bag, and is liable to the full charge of one guinea for each.

Postage Stamps, etc.—Postage labels are of the respective values of $\frac{1}{4}$ d., 1d., $1\frac{1}{2}$ d., 2d., 3d., 4d., 6d., 9d., 10d., 1s., 2s., and 5s. The embossed envelopes are of four sizes, viz. $4\frac{1}{2} \times 3\frac{1}{2}$, $5\frac{1}{2} \times 3\frac{1}{2}$, $5\frac{1}{2} \times 3$, $4\frac{1}{2} \times 2\frac{1}{2}$, and are sold thus: the largest size at 2s. 3d., other sizes at 2s. 2d., per packet of 24. Stamped wrappers are sold at $6\frac{1}{2}$ d. per dozen, and post-cards at 7d. and 8d. per doz., or $3\frac{1}{2}$ d. and 4d. per half-doz.

Every rural messenger is authorized to sell postage stamps (including stamped envelopes) at the same prices at which postmasters are empowered to sell them; and when any person applies to him for postage labels, the messenger must either supply them, or (if he has none in his possession) must, without extra charge, receive the postage in money, and on his arrival at the post office obtain labels for it, and affix them carefully to the letters.

To discourage the transmission of coin by post, all postmasters in the United Kingdom at whose offices money order business is transacted are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged), at a charge of $2\frac{1}{2}$ per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the charges are as follows: For stamps not exceeding 1s. 8d. in value, $\frac{1}{2}$ d.; 3s. 4d., 1d.; 5s., $1\frac{1}{2}$ d.; 6s. 8d., 2d.; 8s. 4d., $2\frac{1}{2}$ d., and so on.

In order to prevent the temptation to steal stamps attached to letters, which might be afforded by facilities for selling them, no separate stamps can be purchased. They must in all cases be presented in strips containing at least two stamps adhering to each other.

In consequence of representations made to the Post Office by various firms, that there is reason to believe that their postage stamps were purloined by persons in their employ, the department has recommended that the name or initials of firms, etc., be either printed on the *back* of the stamps (by arrangement with the Inland Revenue Office, Somerset House), or perforated through the stamps by means of a machine devised for the purpose, so that, the sale of such stamps being thereby rendered difficult (postmasters having been instructed not to purchase any of them), there may be little or no temptation to steal them.

ARTICLES NOT ALLOWED TO BE SENT BY POST.

It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted

contrary to this prohibition will be stopped and sent up to the Returned Letter Office.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a packet be posted without the postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Surveyor-General. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion. Razors, scissors, needles, knives, forks, or other sharp instruments are also forbidden, except when sent in packets of samples to the foreign countries mentioned in the section of Colonial and Foreign Pattern Post.

According to the regulations of Germany, no letter exceeding 250 grammes (a little more than $8\frac{1}{2}$ oz.) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any letters, therefore, forwarded in the mail to Germany above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the Prussian frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

The laws of Spain and Egypt forbid the transmission by the post within those countries of letters or other packets containing coin, watches, jewellery, or other articles of value, which are liable to customs duties; and the circulation of such articles is also prohibited in Belgium and Italy. Any such packets, therefore, which may be forwarded in the mails to Egypt, Spain, Belgium, or Italy will not be delivered, but will be sent back. A similar prohibition, on pain of forfeiture, is placed upon the transmission of diamonds and other jewels to the Turkish Empire, and of money and jewellery to the Republic of Costa Rica, and of jewellery, etc., to Canada, the Cape of Good Hope, Peru, Queensland, Russia, and Victoria, Australia. Packets containing jewellery or other articles of value for Canada or Queensland are liable to be detained, and not delivered to the addressee until the customs duties have been paid.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Provision having been made, by means of the British Postal Guide (with local Postal Guides in large towns) and the Postal Official Circular, to supply full and authentic information on all postal matters, the public should abstain, as much as possible, from applying for such information to postmasters and other officers of the department.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Postmasters are not bound to give change, nor are they authorized to demand change; and when

money is paid at a post office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

Postmasters are not bound to weigh any letters or other packets for the public, except foreign and colonial letters about to be prepaid in money; but they may do so if their duty be not thereby impeded.

If a letter be forwarded under cover to any postmaster with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words 'posted at ———, under cover, to the Postmaster of ———.'

Every address should be legible and complete, and every letter should contain the full address of the writer, in order to ensure its return if the person to whom it is directed cannot be found.

The practice of sealing letters passing to and from the *East and West Indies*, and other countries with hot climates, with wax (except such as is specially prepared), is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore recommended in all such cases to use either wafers or gum, and to advise their correspondents in the countries referred to to do the same.

MONEY ORDERS.

The public are recommended, when applying for Money Orders, to use the printed 'Application Forms,' which are supplied gratuitously at all Money Order Offices. These forms save time, and afford greater security than verbal messages against mistakes.

The commission on Inland Money Orders is:—

For sums under 10s.	1d.
" of 10s. and under £1	2d.
" " £1 " "	3d.
" " 2 " " "	4d.
" " 3 " " "	5d.
" " 4 " " "	6d.
" " 5 " " "	7d.
" " 6 " " "	8d.
" " 7 " " "	9d.
" " 8 " " "	10d.
" " 9 " " "	11d.
" " 10	1s.

No single Money Order can be issued for more than £10 (the only exception to this rule in Scotland is when the order is issued in payment of Government taxes, and in favour of the Receiver-General of Inland Revenue,—in such a case, the order is not limited as to amount); neither can an order contain a fractional part of a penny.

With the subjoined exceptions, no Money Order can be issued, unless the applicant furnish, in full, the surname, and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address:—

1. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the names of the persons composing it, as the 'Carron Company.'
2. When the remitter notifies that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee.

When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the

remitter should say at which of such offices he wishes it to be paid; otherwise the order can be cashed at the Head Office alone. It is not incumbent on a postmaster to supply such information relative to local or provincial offices.

An order once issued cannot be cancelled; and should repayment or transfer to a different office, or alteration of name, be required, the remitter must apply according to the directions printed on the back of the order.

In order to enable the remitter to obtain an acknowledgment of the receipt of a Money Order before the money is paid, it is arranged that he may make his order payable ten days after date, provided that, in the presence of the postmaster, when he obtains the order, he affixes thereto, in the space after the request C., a penny receipt stamp, and write his signature across the stamp.

When an order is presented for payment (otherwise than through a bank), the postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter; and if the reply be correct, the order will be paid, unless the postmaster have good reason for believing that the applicant is neither the rightful claimant, nor deputed by him. When an order is paid through a bank, it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself, or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

Money Orders do not require a receipt stamp.

Payment of an order, issued and payable in the United Kingdom, and payable in Belgium, Denmark, Germany, Holland, Italy, or Switzerland, or issued by any of those countries on the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January, it must be paid before the end of March), otherwise the order becomes lapsed, and a new order is necessary, for which a second commission is charged. The period for payment of orders issued in the United Kingdom, and payable in any colony authorized to transact Money Order business, including Gibraltar and Malta, is six months; and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. A person presenting a lapsed order is furnished with a copy of a printed notice, headed 'Lapsed Money Orders,' containing directions how to proceed. The order be not paid before the end of the second calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January), all claim to the money is lost.

No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time.

After once paying a Money Order, by whomsoever presented, the office is not liable to any further claim.

To guard against any person, even if he obtain possession of a Money Order, fraudulently getting it cashed, the remitter is recommended—

1. When he is well known to the payee, to sign the letter enclosing the order with his initials only.
2. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank.
3. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than either of the others.

Payment of an order cannot be demanded on the same day as that on which the order was issued.

In case of the miscarriage or loss of an inland Money Order, a duplicate is granted on a written application (with the necessary particulars, and enclosing the amount of a second commission, in postage stamps) to the Controller of the Money Order Office of England, the Accountant in Scotland, or Ireland, as the case may be, where the original order was issued; and if it be desired to stop payment of an inland order, a similar application, with a like enclosure of postage stamps, must be made to the Controller of the Money Order Office of that part of the kingdom in which the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application enclosing the order must be made to the postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed on the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant, and imposed on the officer in fault.

A postmaster is required to give information how to apply for a duplicate order, etc., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing postmaster.

No letter-carrier, rural messenger, or other servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

Money Orders are issued in the United Kingdom on the following colonies, British agencies, and Foreign countries:—

Alexandria.	Canada.	France (Paris only).
Berbec (New Amsterdam).	Ceylon.	Germany.
Belgium.	Constantinople.	Gibraltar.

The scale of commission for Orders payable abroad (subject to variations according to the rates of exchange) is as follows:—

For sums not exceeding	£2.	£5.	£7.	£10.
If payable in Belgium, Constantinople, Denmark, France, Germany, Gibraltar, Heligoland, Holland, Italy, Malta, or Switzerland,	s. d. 0 9	s. d. 1 6	s. d. 2 3	s. d. 3 0
If payable in any other place abroad (including most of the colonies) authorized to transact Money Order business with this country,	1 0	2 0	3 0	4 0

The issue of a duplicate order, or the stoppage of payment of an order issued by a colony on the United Kingdom, will be made on application to the Controller of the Metropolitan Office of that portion of the United Kingdom in which such colonial order is payable, provided an additional British inland rate of commission be enclosed with the application. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of colonial orders originally drawn on their own offices. As regards Foreign Money Orders, applications should be made to the Controller of the Money Order Office, London.

POST OFFICE SAVINGS BANKS.

Every Post Office Savings Bank is also a Money Order Office, and is open for bank business during the same hours as for Money Orders.

Deposits of one shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Banks, provided that such depositor shall not make deposits amounting to more than £30 in any year ending the 31st December, or make any further deposit when the amount standing in his name, exclusive of interest, exceeds £150. When any depositor's principal and interest amount together to £200, all interest will cease so long as the balance of the account continues to amount to the said sum of £200.

Interest, calculated yearly at the rate of £2, 10s. per cent. per annum, will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

Besides ordinary persons, deposits may be made:—

- (A.) By a trustee on behalf of another person, in the joint names of such trustee and the person on whose account such money shall be so deposited; but repayment of the same, or any part thereof, will not be made without the receipts of both parties. A person may act as trustee in any number of accounts, and at the same time have an account in his own name.
- (B.) By two persons jointly on their own behalf, provided neither of them is already a depositor.
- (C.) By any person under 21 years of age or for his benefit; and repayment will be made to such minor, if more than 7 years old, as if he were of full age.
- (D.) By the trustees of any legally established friendly, charitable, or provident society, or penny savings bank; provided such trustees make application by post to the Controller of the Savings Bank Department, accompanied by a copy of their rules. Such societies, etc., are allowed to invest considerably beyond the usual limit, or even without restriction as to amount, according to circumstances.
- (E.) In the name of the Registrar of any County Court. Under the 24th sect. of the Act 30 and 31 Vict. c. 142 (County Courts Act), 'trust moneys' not in excess of £500 may be thus deposited; and under the 26th sect., money paid into a County Court in 'equitable proceedings' may be deposited by the Registrar without restriction as to amount.

Deposits made in Scotland by a married woman, or by a woman afterwards married, will be repaid to her unless her husband shall give notice, in writing, to the Postmaster-General requiring payment to be made to him. This rule applies also to deposits made in England or Ireland before the 9th of August 1870; from which day, by the passing of the Married Women's Property Act, all deposits made in England or Ireland by a married woman, or by a woman who may afterwards marry (unless the money belong to her husband and be deposited without his consent), are the separate and uncontrolled property of the woman.

Every deposit in a Post Office Savings Bank must be immediately entered by the postmaster, or other person receiving it, in a book, which book is to be kept by the depositor; and the postmaster or other person receiving the deposit should affix his signature and the stamp of his office to each entry. Depositors should carefully examine their books before leaving the offices at which they make their deposits, and ascertain that they have obtained correct receipts for the sums deposited by them.

In addition to the receipts which the depositors will thus obtain in their deposit books, they will receive for each deposit an acknowledgment by post from the Savings Bank Department in London. This acknowledgment should reach the depositor within ten days from the day on which the deposit is made. If the acknowledgment does not reach the depositor in proper time, application for it by letter should immediately be made to the Postmaster-General.

Once in each year, on the anniversary of the day on which the first deposit was made, the depositor must forward the deposit book to the Controller of the Post Office Savings Bank Department in London, in order that it may be compared with the books of that department, and in order that the interest due to the depositor may be inserted in it.

When a depositor wishes to withdraw the whole or any part of the sum due to him, he must make application for the same to the Postmaster-General on a printed form called a Notice of Withdrawal, which he can obtain at any Post Office Savings Bank. When he has properly filled up this form, he must fold it and secure it, and forward it by post as if it were an ordinary letter. In return for it he will receive, probably by return of post, a warrant for the amount required by him payable at the Post Office Bank named by him in the Notice of Withdrawal.

A depositor in any Post Office Savings Bank may add to his deposits at that or any other Post Office Savings Bank, and may withdraw the whole or any part of them from that or any other Post Office Savings Bank, without change of deposit book. For instance, if he makes his first deposit at the Post Office Bank at Huddersfield, he may make further deposits at, or withdraw his money from, the Post Office Bank at Huddersfield, or Leeds, Manchester, Birmingham, Edinburgh, Dublin, or any other place which may be convenient to him.

No charge will be made to depositors for the books first supplied to them, or for the renewal of those books; but if any depositor shall lose his book, and shall desire a new book, he must make application to the Postmaster-General for the same, and must enclose in his application postage stamps to the value of 1s. to pay for the new book. If a depositor loses his book, he should immediately give notice of the loss to the Postmaster-General.

No charge for postage will be made on the depositor for any letter passing between him and the Savings Bank Department with regard to his deposits, or with regard to the withdrawal of the same, or for the transmission of his deposit book between him and the Savings Bank Department.

The postmasters and other officers of the Postmaster-General employed in the receipt or payment of deposits, are strictly forbidden to disclose the name of any depositor, or the amount of his deposits, except to the Postmaster-General, or to such of his officers as are appointed to assist in carrying on the business of the Post Office Banks.

A full statement of the regulations of the Post Office Banks may be seen at any Money Order Office.

GOVERNMENT INSURANCE AND ANNUITY OFFICE.

The Postmaster-General is empowered, under the Act 27 & 28 Vict. c. 43, to insure the lives of persons of either sex, between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered, under the same Act, to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of 10 years and upwards. The persons whose lives are insured, or to whom annuities are granted, by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

Tables of the premiums to be charged for the insurance of lives, for the grant of immediate annuities, for the grant of deferred annuities or deferred monthly allowances, without return of purchase money, and for the grant of deferred annuities or deferred monthly allowances, with return of purchase money, may be seen at the General Post Office.

PREMIUMS CHARGED FOR THE INSURANCE OF LIVES.

The life of a man or woman in his or her 30th year may be insured for £100—

	£	s.	d.
By a single payment of	43	3	7
Or by an annual payment, throughout life, of	2	6	7
Or by a fortnightly payment, throughout life, of	0	2	2
Or by an annual payment, until the insured person reaches the age of 60, of	2	13	10
Or by a fortnightly payment of	0	2	6

Smaller sums may be insured by proportionate payments, but no one of the periodical payments must be of less amount than two shillings.

No one life can be insured for less than £20 in the whole; but when a life has been insured for £20, further insurances may be effected on the same life from time to time, for any amount, until the whole sum for which it is insured amounts to £100.

If, after having duly made his payments for a period of five years, the insured person shall be unable to continue, or shall desire to discontinue, such payments, a portion of the premiums paid by him, which portion will in no case be less than one-third of the whole sum paid by him, will be returned to him.

The sums to be charged for the purchase of immediate annuities will vary with the age and sex of the person on whose life the annuity is to depend:

Thus, a man aged 65 can purchase an immediate annuity of £10, payable half-yearly, for	£88	18	4
A woman of the same age can purchase a like annuity for	103	16	8
A man aged 70 can purchase an immediate annuity of £10, payable half-yearly, for	73	3	4
A woman of the same age can purchase a like annuity for	84	19	2

The sums to be charged for the purchase of deferred annuities or deferred monthly allowances will vary with the age and sex of the person on whose life the annuity or monthly allowance is to depend, and with the length of the term for which the annuity is deferred (or in other words, with the number of years which are to pass before the commencement of the annuity), and with the conditions of the contract as to the mode of purchase, mode of payment, and return or non-return of purchase money.

When the condition of the contract is to be, that no part of the purchase money shall in any event be returned:

A man aged 30 may purchase a deferred annuity of £10, to commence on his reaching the age of 60, and to be payable half-yearly, either by an immediate payment of	£21	3	4
Or by an annual payment, until he reaches the age of 60, of	1	8	4
A woman of like age may purchase a like annuity by an immediate payment of	32	8	4
Or an annual payment, up to 60, of	1	17	6

and a man aged 30 may purchase a deferred allowance of £2, 7s. 3d. per month, to commence when he reaches the age of 60, by a payment until he reaches that age of 8s. per month; and a woman

of like age may, by a like payment of 8s. per month purchase a deferred allowance of £1, 16s. 7d., to commence when she reaches the age of 60.

When the condition of the contract is that, in the event of the death of the person on whose life the annuity or allowance is to depend before the commencement of the annuity or allowance, the purchase money is to be returned to his representatives, and that if the purchaser at any time before the commencement of the annuity or allowance is unable to continue, or wishes to discontinue, the purchase, the purchase money shall be returned to him, the price charged will be higher than when no such condition is made.

Under this condition, a man aged 30 may purchase a deferred annuity of £10, to commence when he attains to 60 years of age, and to be payable half-yearly, either by an immediate payment of	£40	9	2
Or by an annual payment, until he attains to 60 years, of	2	0	10
And a woman of like age may purchase a like annuity, either by an immediate payment of	47	0	10
Or by an annual payment of	2	7	6

and a man aged 30 may purchase an allowance of £1, 14s. 2d. per month, to commence when he attains the age of 60 years, by a monthly payment of 8s.; and a woman of like age, by a like payment until she reaches the age of 60 years, may purchase an allowance of £1, 9s. 4d. per month.

The annuity or monthly allowance granted on any one life must not exceed £50 per annum, or £4, 3s. 4d. per month; but purchasers need not purchase the whole amount of such annuity or allowance at one time. They may begin by purchasing such part as they can afford to purchase, and go on increasing their purchases from time to time as their circumstances will permit.

Husband and wife may each be insured to the full amount of £100, and may each purchase an annuity of £50, or a monthly allowance of £4, 3s. 4d. Any two persons may purchase an annuity on their joint lives, with or without continuance of the annuity to the survivor.

Persons contracting for the insurance of their lives, or for the purchase of annuities or monthly allowances, will be allowed to pay their periodical premiums or instalments of purchase money at such of the post offices which have been or may hereafter be opened for the purpose, as will suit them best.

POST OFFICE TELEGRAPHS.

The charge for telegrams throughout the United Kingdom, including the Channel Islands and the Isle of Man, but excepting the Scilly, Orkney, and Shetland Islands, is 1s. for the first twenty words, and 3d. for every additional five words, i.e. for every additional group of not more than five words, the names and addresses of the sender and receiver not being counted.

The charge for telegrams to the Scilly Islands is 3s. 6d. for the first twenty words, and 9d. for every additional five words; and to the Orkney and Shetland Islands, 6s. for the first twenty words, and 1s. 6d. for every additional five words, except to Moss Bank, Culla Voe, Uyea Sound, and Ralta Sound, in Shetland, the rates to which are 7s. for the first twenty words, and 1s. 9d. for every additional five words.

The inland telegram forms are of two kinds, namely, the 'A 1' form, embossed with a stamp of the value of 1s., and the 'A' form (given gratis),

with no stamp embossed thereon. The 'A 1' forms may be purchased singly or in any number. They may also be had bound up into books of twenty forms, price £1. Stamped telegraph cards are also sold at same rate.

When the terminal telegraph office, *i.e.* the office from which the message is delivered, is a Head Post Office, the amount paid for the transmission of a message covers the cost of delivery within the town postal delivery of that office. But when it is not a Head Post Office, the message is delivered free only within a radius from it of one mile.

When the addressee resides beyond the above-described limits, portage is charged at the rate of 6d. per double mile (that is, a mile out and a mile back), or any part thereof, provided the whole distance to be traversed does not exceed three miles out and three miles back; but the charge is calculated from the boundary of the district within which no portage is levied. For instance, if the distance is a mile and a quarter from the telegraph office, the charge for portage would be 6d.; if the distance is above two miles and under three, 1s.

If the addressee resides at a greater distance than three miles from the terminal telegraph office, portage is charged for delivery by mounted messenger at the rate of 1s. per double mile, except in the case of telegrams for Ireland, where the charge is 8d. per double mile.

If the sender requires his telegram to be forwarded by post or by train from the terminal telegraph office, he must write the words 'by post' or 'by train' in the space provided for that purpose at the foot of the message-form.

A deposit of 5s. is required upon all telegrams addressed to persons on board ship (unless the ship be lying in the dock) to cover any expense incurred in their delivery; but application can be made to the Secretary for any surplus.

Telegrams may be repeated at the request of the sender, if he desires to adopt this extra security against risk of error. The charge for repetition is one-half the ordinary tariff; fractions of threepence being reckoned as twopence.

Telegrams may be re-directed from town to town at an extra charge of one-half the ordinary tariff, but in such cases they must not have been opened.

Persons who wish to avoid sending so far as to a telegraph office may, without additional charge, post either a stamped telegram card, or a telegram form enclosed in an envelope addressed 'Telegraph Office,' in a wall or pillar box, or in the letter-box of a receiving office or sub-post office. Telegrams so posted are sent on to the nearest postal telegraph office by the first collection from the letter-box in which they are deposited. The period of

arrival at the postal telegraph office is regarded as the time of receipt from the public.

Telegrams so posted, but insufficiently prepaid, are forwarded to their destination, the difference of charge being obtained from the addressee; but unpaid telegrams are not forwarded.

As most of the telegraph offices in the United Kingdom are closed between 8 p.m. and 8 a.m., it should be borne in mind that if a telegram be deposited in a box at such a time that it cannot reach a telegraph office before 7 p.m., it *may* not reach its destination until after 8 a.m. on the following day.

No combination of two or more words is counted as one word, with the exception of those words which are ordinarily coupled by hyphens, such as 'mother-in-law,' 'non-delivery,' 'sub-lieutenant,' 'alms-houses,' etc., or words denoting the names of persons or towns, whether connected by hyphen or not, such as 'O'Neil,' 'MacDonald,' 'Newcastle-on-Tyne,' 'Isle of Wight,' etc. The name of the county added to the name of a place is reckoned separately, as, for example, 'Newcastle, Staff.,' 'Bradford, Yorks.,' the charge being in each instance for two words.

The following exceptional compound words are charged for as one word:—

Midday.	To-day.	Halfpenny.
Midnight.	To-night.	Twopence,
Noonday.	To-morrow.	and pence
Se'nnight.	Yesternight.	up to
Cannot.	Yesterday.	Elevenpence.

Also all denominations of trades, such as linen-draper, silversmith, sharebroker, etc.

Abbreviations of auxiliary verbs designated by apostrophes (such as can't, won't, don't, I'll, you'll, couldn't, shouldn't, etc.) are charged for as one word. By writing words in this way, however, there is a greater risk of error.

Numbers expressed in figures in an inland telegram are counted as so many words, according to the number of figures employed. Fractions are counted according to the number of figures employed to express the quantity, one word being added for the bar or mark of division between the numerator and denominator.

The department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

Telegraph offices are, as a rule, open from 8 a.m. to 8 p.m. on week days, and from 8 a.m. to 10 a.m. on Sundays. There are, however, offices in several of the larger towns which are open for longer periods; and at various offices in London and in the country there is attendance continuously during the day and night, both on week-days and Sundays.

Particulars as to foreign telegrams can be obtained at any postal telegraph office.

Generally, the items are given in the words of the schedule. New matter is put within brackets. When the sections are merely cited without the Act, they are the sections of 33 and 34 Vict. c. 97. All items in the schedule of the Act relating solely to England and Ireland are excluded. In the same session were passed the Acts 33 and 34 Vict. c. 98, Stamp Duties Management, and 33 and 34 Vict. c. 99, repealing certain enactments relating to the Stamp Duties. The Duties came into operation on the 1st January 1871.

The exemptions in other Acts in force are preserved (§ 3).

The attention of the public may be directed to the following matters:—

1. The general deed duty, or duty on a deed, not otherwise charged, is reduced to 10s.

2. Progressive duty on words is not imposed.

3. Provisions are made for charging *ad valorem* duty on conveyances in respect of periodical payments or annuities.—§ 72.

7. Any instrument specifically charged by any previous Act with the duty of 35s., is chargeable with the duty of 10s.—§ 4.

8. Instruments relating to the property of the Crown, and to the private property of the sovereign,

are liable to same duties as instruments relating to the property of the subject.—§ 5.

9. Instruments are to be so stamped that the stamp may appear on the face of the instrument, and cannot be applied to any other instrument written upon the same piece of material.—§ 7 (1.) Every instrument on the same piece of material is to be separately stamped.—§ 7 (2.)

10. Instruments relating to several distinct matters are to be separately stamped in respect of each.—§ 8 (1.) An instrument liable to *ad valorem* duty, if made for any other valuable consideration, is to be charged in respect of it as if it were a separate instrument for such.—§ 8 (2.)

11. An appropriated stamp (by word on the face of it) cannot be used for an instrument of another description.—§ 9 (1.) An instrument of the description to which a stamp is appropriated is not to be duly stamped unless stamped with the stamp appropriated to it.—§ 9 (2.)

12. All the facts and circumstances affecting the liability of an instrument to *ad valorem* duty, or the amount of it, are to be fully and truly set forth. If not, penalty on person who executes and on person concerned in the preparation, £10.—§ 10.

INVENTORY DUTY.

PROPERTY LIABLE TO THE DUTY.—*Generally*—All personal property (heritable securities are personal property which include bonds of annual rent and bonds of annuity and real burdens on land, but not securities by absolute disposition qualified by back bond) belonging to the deceased in the United Kingdom, heritable securities, and personal bonds excluding executors. (43 Geo. iii. c. 149, § 38, etc.; 55 Geo. iii. c. 184, Schedule, Part iii.; 21 & 22 Vict. c. 56, §§ 9, 12, 13, etc.; and 16 & 17 Vict. c. 59, § 8; 31 & 32 Vict. c. 101, §§ 3 and 117; 37 & 38 Vict. c. 94, § 30; and 23 & 24 Vict. c. 80).

Personal Property—*Absolute power of disposal.*—

Personal estate which a person, dying after 3d April 1860, shall have disposed of by will, under any authority enabling such person to dispose of the same as he shall think fit, shall be deemed personal or moveable estate of the person so dying, for the purpose of payment of inventory, probate, or administration duty. (23 Vict. c. 15, § 4.)

Indian Promissory Notes—*Ships.*—Indian Government promissory notes and certificates issued, or stock in lieu thereof, being assets of a deceased person, the interest of which shall be payable in London, registered in London, or enfaced in India for the purpose of such registration, before the death of the owner; also Indian Government promissory notes, with coupons attached, in the same circumstances as to registration, and certificates issued, or stock created in lieu thereof, shall be personal estate and *bona notabilia* in England of the deceased person (23 Vict. c. 5, § 1): Also any ship, or any share of a ship, belonging to a deceased person, registered in any port in the United Kingdom, notwithstanding such ship at the time of the death may have been at sea, or elsewhere out of the United Kingdom, shall be deemed to be at the port at which she may be registered (27 & 28 Vict. c. 56), and liable to inventory, probate, or administration duty.

Specialty Debts.—For probate and administration duty, debts and sums of money due from persons in the United Kingdom to a deceased on obligation or other specialty, shall be estate and effects of the deceased within the jurisdiction of Her Majesty's Court of Probate in England or Ireland in which the same would be if they were debts upon simple contract, without regard to the place where the obligation or specialty shall be at the time of the death. (25 Vict. c. 22, § 39.)

Foreign Bonds and Stocks.—Documents of the debts of foreign governments and foreign companies which pass from hand to hand are property where the documents may be. Debentures or bonds by foreign companies and governments, and the title to stocks of foreign companies and governments, are property in this country if in the possession of any person in this country, and can be sold in the market, and the title of the purchasers completed to

them in this country. See Attorney-General v. Bouwens, 4 Meeson and Welsby 171.

Rents of Heritage.—If the deceased survive Whitsunday, one moiety of the rents of the crop of that year is personal estate. If he survive Martinmas, the whole rents of that crop fall into the executry. In addition, from and after 1st August 1870, the Act 33 & 34 Vict. 1870, c. 35, would seem to give the executor a pro-

portion of the rents from the term preceding the date of death to the date of death. That Act would also seem to give a proportion of the term's rents of quarries, minerals, and houses, and also feu-duties current at the death. The executor's right to house rents would not therefore be to the half-year's rents current at death, but to a proportion only to the date of death.

MODES IN WHICH DUTY MAY BE PAID.

When deceased domiciled in Scotland.—In the case of a person dying domiciled in Scotland having personal property in Scotland, England, and Ireland, and also heritable securities excluding executors, and personal bonds excluding executors, duty in respect of the whole may be paid on the inventory required to be recorded in the Commissary Court; or inventory duty may be paid on the personal property situated in Scotland, including heritable securities made moveable by the Act 31 & 32 Vict. c. 101, § 117, and duty may be paid on a 'special inventory' of the heritable securities excluding executors, and personal bonds excluding executors, and probate or administration may be obtained in England and Ireland in respect of the personal estate in these countries, and duty paid in respect of such on these instruments.

When deceased domiciled furth of the U. K.—In case of a person dying domiciled furth of the United Kingdom leaving personal estate in Scotland, England, and Ireland, an inventory must be given up in Scotland, probate or ad-

ministration taken out in England and Ireland, and duty paid on such in respect of the property in each country.

Exemptions.—Inventory of the estate of any common seaman or soldier dying in service. Additional inventory when the duty on the whole estate does not exceed that already paid on the former inventory.

RETURN OF INVENTORY DUTY.

The inventory duty and probate and administration duty are paid on the whole personal property, without deduction of debts; but the Act 5 & 6 Vict. c. 79, § 23, provides for a return being given on proof of the constitution and payment of the debts. This return must be claimed within three years; but the time will be prolonged on application to the Board of Inland Revenue. No return to be granted in respect of a voluntary debt due from a person dying after 28th June 1861, expressed to be payable on the death of such person, or payable under an instrument which shall not have been *bona fide* delivered to the donee

three months before the death of such person. (24 & 25 Vict. c. 92, § 3.)

Note.—Forms of inventory and additional inventory will be found in the *Juridical Styles*, vol. III. App. pp. 8–11. Forms of inventories, and also regulations for return of inventory duty, may be obtained at the office of the Solicitor, Inland Revenue, Edinburgh.

LEGACY DUTY.

Legacies, Annuities, Residues, etc.

	Duty per cent.
To children or their descendants, or lineal ancestors, . . .	£1 0 0
Brother or sister, or descendants, . . .	3 0 0
Uncle or aunt, or their descendants, . . .	5 0 0
Grand uncle or aunt, or their descendants, . . .	6 0 0
All other relations or strangers, . . .	10 0 0

The husband or wife of the deceased is not chargeable with duty. If the legatee's husband or wife is of nearer consanguinity than the legatee, duty is payable according to such nearer relationship. (16 & 17 Vict. c. 51, § 11.)

This duty is payable for every legacy out of the personal or moveable estate, or out of or charged upon the real or heritable estate of the deceased, or out of any estate which he has power to dispose of, or out of any moneys to arise by the sale, mortgage, or other disposition of the deceased's real or heritable estate, or any part thereof: Also for the clear residue (after deducting debts, funeral expenses, legacies, and other charges first payable thereout) of the personal or moveable estate, whether the title to such residue shall accrue by virtue of any testamentary disposition, or upon a partial or total intestacy: And also for the clear residue of the moneys to arise from the sale, mortgage, or other disposition of any real or heritable estate, directed to be sold, mortgaged, or otherwise disposed of by any will or testamentary instrument.

Annuities commencing to be payable on the death of persons dying after 19th May 1853 are valued for legacy duty according to tables annexed to the Succession Duty Act (16 & 17 Vict. c. 51); and annuities commencing to be payable previous to that date, by the tables annexed to the Legacy Duty Act (36 Geo. III. c. 52).

Duty is not exigible on legacies or residues under £20; but if a legatee take two or more legacies under any testament, which shall together be of the amount of £20, each shall be charged with duty, though each or either may be separately under that amount.

Duty on legacies and residues in arrears—interest thereon at the rate of 4 per cent. is payable. (31 & 32 Vict. c. 124, § 9.)

Printed forms and regulations for payment of the legacy duty may be obtained gratis, on application at the Legacy Duty Office, Inland Revenue, Edinburgh; and at the offices of distributors of stamps in the country.

The duty on HERITABLE PROPERTY is charged on the annual value, after allowance of the necessary outgoings (§ 22), as an annuity for the life of the successor (§ 21), which is to be valued by tables annexed to the Act.

PERSONAL PROPERTY is liable to duty according to the value of the succession; and money charged on heritage—heritable securities—is charged as personality (§ 1).

Brothers and sisters of the predecessor, and their descendants, £3 per cent.

Brothers and sisters of the father or mother of the predecessor and their descendants, £5 per cent.

The husband or wife of the predecessor is not chargeable with duty (§ 18); and if the successor's husband or wife shall be of nearer consanguinity than the successor, duty is payable according to such nearer relationship (§ 11).

The following are also *exemptions* from the succession duty:—

(4.) (e.) Executed by any party thereto, which, for want of the execution thereof by some material

and necessary party, and his inability or refusal to sign the same, is in fact incomplete and insufficient for the purpose for which it was intended:

(f.) Executed by any party thereto, which, by reason of the refusal of any person to act under the same, or by the refusal or non-acceptance of any office thereby granted, totally fails of the intended purpose:

Allowance how to be made.—§ 16. The commissioners may give in lieu other stamps of the same denomination and value, or if required, and they think proper, stamps of any other denomination to the same amount in value, or, at their discretion, the same value in money, deducting the proper allowance on the purchase of stamps of the like description.

Stamps not wanted may be repurchased by the Commissioners.—§ 17. A stamp not spoiled or rendered unfit or useless for the purpose intended, but for which the person has no immediate use, the commissioners may, if they in their discretion think fit, repay the amount in money, deducting the proper discount. The stamp to be delivered up to be cancelled, and satisfactory proof to be given that it was purchased by him with a *bona*

As to the exchange of *Sea Policies* of Insurance, see 30 Vict. c. 23, § 17. The cases for allowing are—

If the claim be admitted at Edinburgh, a ticket is issued stating that application is to be made for the new stamps after the next Monday, and within six weeks from the date of the ticket. If the claim be lodged with a distributor, or sub-distributor, a ticket is issued stating that application is to be made for the said stamps after a specified date, and within six weeks from the date of the ticket. If application not made within that time, the claim will be forfeited.

The stamps must be presented for allowance *within six months* after being spoiled.

HACKNEY CARRIAGES IN EDINBURGH.

FARES BY DISTANCE.

1. The distance to which any hackney carriage may be driven under these Bye-laws, shall be seven miles from the Cross of Edinburgh.

2. When a party not exceeding two grown-up persons, and without any luggage other than a carpet-bag or the like, enters a carriage at a stance, or when driving along disengaged, they shall be driven half a mile for 6d.; and if they return they shall pay the same fare. The driver shall draw up to either side of the pavement when called; and if detained more than five minutes before starting, he shall be entitled to 6d. for waiting.

N.B.—This rule shall not apply to fares from railway stations.

3. Excepting the Sixpenny Fare, the fares by distance shall be shown in the annexed Table of Fares. The charges in the table shall include going from the stance or stable to the hirer's residence, and waiting ten minutes. But if the carriage be detained, before starting, more than ten minutes, a charge for waiting at the rate of 6d. for each quarter of an hour, or part thereof, after the expiry of the ten minutes, shall be allowed; and if the place where the hirer is to be taken up be beyond half a mile from the stance or stable whence the carriage is taken, there shall be a charge of 6d. for such distance.

4. When any place is not mentioned in the table, the fare shall be the same as that to any place mentioned which may be in the immediate vicinity.

5. When the fare of any particular place not mentioned cannot be ascertained by reference to a place in the immediate vicinity, the fare shall be 1s. for a distance from the stance not exceeding a mile and a quarter, and *sixpence* for every additional half-mile or part thereof.

6. Half fare returning with the party, excepting the half-mile drive.

7. When parties return (which they shall have the option of doing), and the fare going is 1s., the carriage shall wait ten minutes without any charge for waiting; when 1s. 6d., fifteen minutes; when 2s. and upwards, twenty minutes. If the carriage be detained longer, a charge shall be allowed for waiting, at the rate of 6d. for every twenty minutes or part thereof, commencing at the periods when the free waiting expires.

8. When a carriage is called but not used, a charge of 6d. shall be allowed, if the place to which it is called be under half a mile from the stance or stable, and 1s. if beyond that.—Waiting as in Section 7.

FARES BY TIME.

It shall be in the option of the hirer to employ a carriage within the municipal bounds by time, for SHOPPING, MAKING CALLS, and the like, where the driving is not continuous. The charge in such cases shall be 2s. for the first hour or part thereof, and 6d. for every additional quarter of an hour or part thereof.

For an AIRING into the country within seven miles from the Cross of Edinburgh, and returning either by the same or a different road, the rate shall be 3s. for the first hour or part thereof, and 1s. for every twenty minutes or part thereof. A drive round the Queen's Drive shall be at the rate of 3s. per hour. Unless the hirer wishes a slower pace, the rate of driving when out an airing shall be at least six miles an hour; and in the event of the driving being at a slower pace than six miles an hour, contrary to the wish of the hirer, it shall be optional for the hirer to pay the fare in the proportion of 3s. for every six miles so travelled.

WHETHER THE FARES ARE BY DISTANCE OR BY TIME.

1. The hirer pays tolls.

2. If there be more than four grown-up persons driven, a charge of 6d. extra shall be made for each additional grown-up person, or for each two children above six years of age, and under twelve. No additional charge for one child above six to twelve, or children under six years.

3. From eleven at night till seven morning, double fare, excepting in cases in which the hiring begins before eleven o'clock and ends at or before a quarter past eleven o'clock.

4. On Sunday the fares for such carriages as shall have been previously ordered or engaged, or hired elsewhere than on the public streets or stances, shall be fare and a half.

5. The above fares are for one-horse carriages, and there shall be no additional charge when two horses are used by the owner without being required to do so; but if two horses be used at the request of a hirer, the charge shall be fare and a half.

6. Owners or drivers may agree to drive at lower fares than those fixed. In that case, should they demand more than the fare agreed on, they shall be liable as for an overcharge.

LUGGAGE.

For luggage exceeding 100 lbs. in weight there shall be a charge of 6d. extra. But there shall be no charge for luggage under that weight. The driver shall assist in loading and unloading in all cases when required.

FARES MAY BE WITHHELD.

Any party shall be entitled to withhold payment of the fare—

1. When the name and number are not painted outside, or when there is no plate inside, in terms of Article Third of these bye-laws.
2. When the reference ticket is not given.
3. When the bye-laws, table of fares, and driver's licence are not shown on demand.
4. When an overcharge is made.
5. When the driver fails or refuses to complete an engagement; but if payment of the fare be withheld, the party shall give the driver his full name, designation, and residence.

REDRESS.

Parties aggrieved will obtain redress on application to the Procurator-Fiscal at the City Chambers, within eight days after the date of the offence, except in cases when parties are prevented making such application by their absence from town.

LIFE BUSINESS ONLY IS TRANSACTED BY THE COMPANY.

THE SECURITY afforded by this Company for the fulfilment of its contracts is of the highest order. The periodical Investigations are conducted on the soundest principles, and are based upon data which require the most ample Reserves for all Liabilities, both immediate and prospective. At the last Valuation (in 1871), which was conducted mainly upon the basis of the most recently ascertained Mortality Experience of Life Assurance Companies, combined with a rate of interest greatly less than that actually earned by the Company on the investment of its Funds, it was found that after providing for all engagements there remained a Surplus on hand of £126,900. In ascertaining this Surplus no portion whatever of the 'margin' or 'loading' of the future Premiums (the value of which was found to be £272,353), and no portion of the Shareholders' Capital or Reserve Funds were taken into account.

THE PREMIUMS are calculated on a strictly moderate scale, of which the following are examples:—

ANNUAL PREMIUM TO ASSURE £100 AT DEATH.

Age.	With Profits.	Without Profits.	Age.
20	£1 17 4	£1 13 0	20
25	2 2 0	1 17 1	25
30	2 7 7	2 2 4	30
40	3 3 2	2 16 10	40
50	4 9 0	4 0 2	50

THE PROFITS are divided in the proportion of Nine-Tenths to the Policy-holders and One-Tenth to the Shareholders. The Division of Profits takes place every Seven Years, but

THE EDINBURGH LIFE ASSURANCE COMPANY—continued.

Policies becoming Claims between the periods of distribution have Intermediate Bonuses allocated to them. At each Investigation every Policy-holder on the participating scale shares in the distribution of profit, however recent his insurance. The system of Division in use by the Company, while giving an equitable share of the profits to the younger Policy-holders, confers important benefits on those more advanced in life, as the following examples of claims actually paid by the Company will show :—

Age at Death.	Sum Assured.	Bonus Additions.	Total Sum paid by the Company at Death.	Total Premiums paid (without Interest).
94	£300	£822 13 0	£1122 13 0	£649 8 0
90	999	2208 7 0	3207 7 0	1811 13 4
85	500	637 13 0	1137 13 0	819 10 10
82	300	362 9 0	662 9 0	430 19 0
79	300	295 9 0	595 9 0	397 17 6
68	2000	1139 16 0	3139 16 0	1986 3 4

THE NON-FORFEITURE SYSTEM, now so well known and appreciated, has been extended by this Company to all ordinary Assurances, whether paid for by a limited number of Premiums or not. By this system, when a Policy-holder finds it inconvenient to continue the payment of Premiums, the Company will, on application, grant a Paid-up Policy for the full amount which the sum on hand will secure, so that in reality no loss is incurred in the event of inability to keep up the original Policy. The following illustration shows the working of this system as applied to an ordinary Policy for £1000, in which Premiums are charged on the whole life scale, the amount of Bonus assumed in the calculations being at the rates which have actually been declared on similar Assurances at previous Investigations :—

AGE AT ENTRY, 30. ANNUAL PREMIUM, £23, 15s. 10d.

Duration of Policy.	Total Premiums Paid.	Sum Assured and Bonus.	Amount of Assurance secured without further Payment.
5 years.	£118 19 2	£1048	£123*
15 „	356 17 6	1141	405
25 „	594 15 10	1291	630
35 „	832 14 2	1490	950

* In connection with this table it should be borne in mind that in addition to the amount of Paid-up Assurance that may at any time be secured, the Policy-holder has all along enjoyed the protection afforded by the obligation of the Company to pay the whole Sum Assured and Bonuses in the event of death.

THE CONDITIONS OF ASSURANCE are such as to exempt Policy-holders from all unnecessary restrictions. Policies which have been five years in force become Indisputable, and if no Extra Premium has been incurred during that period, the Assured may thereafter travel or reside in any part of the world free of charge.

FOUNDED IN THE YEAR 1803.

(The Oldest Scottish Insurance Institution.)

THE CALEDONIAN Fire and Life Insurance Company.

INCORPORATED BY ROYAL CHARTER AND SPECIAL ACT OF PARLIAMENT.

FIRE DEPARTMENT.

Security of the highest order is afforded to the Insured, the Fire Reserve Funds, exclusive of paid-up Capital, being equal to more than *Five times* the amount of the Annual Premiums. No Foreign Business is transacted by the Caledonian.

LIFE DEPARTMENT.

In this Department also Unsurpassed Security is afforded. The Valuations have always been made at the lowest rate of interest assumed in Life Assurance Calculations, namely, 3 per cent., while the Funds have been invested so as to yield fully $4\frac{1}{2}$ per cent. Large Reserves, beyond the sum required by a Net Premium Valuation on the well-known Carlisle Table, at 3 per cent. interest have also been retained, thus placing the Company in the FRONT RANK as regards *soundness and stability*.

THE STRICT ADHERENCE TO PRUDENT AND CAUTIOUS ESTIMATES, which has always characterized the Company, has had its natural result in the *avoidance of disappointment* in regard to profits which might have been caused by more sanguine estimates, and earlier declaration of Large Bonus Additions. *The additions have been steadily increased* at successive Divisions of Profits, and they now amount, in some cases, to about 50 per cent. on the sum originally Assured. The Bonus declared in 1871 was at the rate of £94, 10s. per £1000 for the seven years preceding.

THE RATES OF PREMIUM ARE FIXED ON A STRICTLY MODERATE SCALE, AND THE CONDITIONS OF ASSURANCE EMBRACE ALL THE ADVANTAGES OF MODERN PRACTICE.

 *THE ONLY RELIABLE TEST of the FINANCIAL POSITION of a LIFE ASSURANCE COMPANY is an ACTUARIAL VALUATION; and for this plain reason, that such a test alone takes account of all the elements affecting the 'ASSURANCE FUND.'*

Two of the most important of these elements are—First, the DURATION of its several policies, that is, the number of years' premiums received on each; and—Second, the amount of its BONUS ADDITIONS to sums assured, and its PAID-UP POLICIES, both of which require a very much larger 'Assurance Fund' to cover them (in many cases, at least three times larger), than the same amount of ordinary sums assured. Life Assurance Offices, even of the same age, vary greatly on these two material points; so much so that, without specific information regarding them, it is impossible to form an opinion on the true position of any Office from the other items in its annual Returns to the Board of Trade.

Copies of the LIFE ASSOCIATION OF SCOTLAND'S Actuarial and other Statements, as deposited with the Board of Trade, will be forwarded to any part of the Kingdom on application.

The Association has two Classes of Policies, A and B, having distinctive arrangements as regards Bonuses, etc.

CLASS A.

CASH BONUSES are allocated every year to Policy-holders of five years' standing who have paid six years' premiums, and are applied in part payment of the next premiums payable for the policies. The Outlay required, after the sixth payment, is thus much below the usual amount.

CLASS B.

The BONUSES are declared every Five Years, and are in the form of Contingent Additions to the Sums Assured, and reserved for those who do not die before the average period. These Bonuses are accordingly three or four times larger than the ordinary Bonuses of other Offices.

REGULATIONS giving the utmost protection to the Policy-holders have always been conspicuous in the System of the ASSOCIATION.

The CONDITIONS of the Policies are unusually favourable as regards Indisputability—Non-Forfeiture—Residence, etc. In Class B the assured may reside or travel in ANY PART OF THE WORLD.

The UTMOST PROTECTION is afforded under accidental omission, or inability to pay premiums; and the Policy-holder's convenience is met, in as far as possible, by arrangements for postponing payments; by loans to the extent of the Value of the Policy, Reduction of Assurance to a smaller amount, etc.

IN SURRENDERING the whole or a portion of his Assurance, the Policy-holder, after three years' premium payments, is allowed an ample value in cash. Further,

IN DISCONTINUING his payments, he is completely protected against loss by the NON-FORFEITABLE PREMIUM SYSTEM.

THE SCOTTISH EQUITABLE LIFE ASSURANCE SOCIETY has been established for Forty-four years. The principle of MUTUAL ASSURANCE on which it is founded, the careful management of its affairs, and the equity and liberality of its Regulations, have secured for it public confidence, and entitled it to take rank as a First-class Office.

There being no Proprietors to share in the Funds contributed by the Members, THE WHOLE PROFITS BELONG TO THE POLICYHOLDERS EXCLUSIVELY, who are however by the DEED OF CONSTITUTION, expressly exempted from all personal responsibility for any claims against the Society.

The Profits are divided every five years, and are allocated not only on the sums originally assured, but also on the previously vested Bonus Additions. Bonuses are also paid for the period between the date of the last Division and the date of death.

The total Additions made to Policies amount to £2,012,982.

On 1st March 1874 the available Assets of the Society, all Invested in the United Kingdom, and on unexceptionable Securities, amounted to £2,104,693. The Net Annual Premiums were £186,700, and the net Sums assured £7,109,519. The Funds in hand therefore amounted to more than eleven times the Premium income, and to 29·60 per cent. of the sums payable under the Policies.

12,000 LIFE POLICIES ISSUED FOR SIX MILLIONS STERLING.

Large Bonus Additions have been made to this Company's Policies at repeated Investigations.

During the twelve years preceding the last investigation in 1872 the average rate of Bonus exceeded £1, 10s. per cent. per annum. This Bonus is at a very high rate compared with those that have been given by most other Offices, especially when taken in connection with the moderate rates of premium charged by this Company.

A Policy for £1000 effected in 1844 had increased in 1872 to £1355.

THE MANCHESTER FIRE ASSURANCE COMPANY was established in 1824, upon principles of public utility, and consists of a numerous and wealthy proprietary—possessing a large paid-up Capital, which, with the accumulations of Profits, offers to Insurers the most ample security.

The cheerfulness and promptitude with which important losses have been paid by this Company are well known and admitted, it being the desire of the Directors to settle them with liberality and despatch.

By a system of the most complete classification, the result of each description of risk is ascertained annually; and the rates charged, being founded on an experience of half a century, are as favourable to the Insured as is consistent with the security of the Company.

No charge made for New Policies. Losses by Fire occasioned by Lightning are made good. The Policies of this Office extend to and cover Losses by Explosion of Gas.

Insurances effected for Seven Years will be charged for Six Years only; or if for any number of years more or less than Seven, a reasonable Discount will be allowed upon the Premium.

Insurances may be effected in Foreign Countries and in the Colonies, as well as throughout Great Britain.

Farming Stock and Implements of Husbandry on a Farm are Insured without the average clause.

Assets exceeding £4,500,000 sterling

Have been accumulated and invested only in *First-Class Convertible Securities*, as restricted by the Insurance Laws of the State of New York. Such Investments are beyond the reach of MONETARY DISTURBANCE, and complete protection to Policy-holders is thus assured.

THE WHOLE OF THE PROFITS ARE RESERVED FOR THE ASSURED.

The business of this Society is carefully distributed over the continent of North America and the British Isles; *an additional and exceptional safety* is consequently guaranteed to the insured by a broad basis of operations.

The greater earning power of money in the United States enables THE EQUITABLE of New York to offer to its patrons UNEQUALLED ADVANTAGES.

A Popular Scheme of Life Insurance on

THE TONTINE PLAN

has originated with and is granted by THE EQUITABLE, which, upon a principle of deferred bonus, adds very considerably to the proportionate profit of those holding these Policies.

ESTIMATED RESULTS AT THE END OF TWENTY YEARS ON THE TONTINE PLAN.

AGE.	Annual Premium for £1000.	Total Premiums Paid.	Cash Value of Policy.	Equivalent value in Paid up Policy.	Annuity during Life, and the £1000 at Death.
	£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
25	19 17 6	397 10 0	735 0 0	1950 0 0	30 14 0
35	26 7 6	527 10 0	1059 0 0	2160 0 0	57 10 0
45	37 19 2	759 3 4	1667 0 0	2670 0 0	135 4 0

Thus, commencing at the age of 25, the assured will pay in premiums £397, 10s., and at the end of twenty years the cash value of the Policy will, it is estimated, be £735, or the equivalent value in a paid up Life Policy £1950, or Annuity of £30, 14s. during life, and the £1000 to heirs at death.

THE EQUITABLE LIFE ASSURANCE SOCIETY of New York has received an unqualified endorsement from leading actuaries in London, expressing opinions of the soundness of the Institution, of its good management, and of its full title to confidence in an **IMPORTANT DOCUMENT**, which ought to be read by every person desiring a Life Insurance, as it shows that THE EQUITABLE furnishes, on the most favourable terms, a perfect security for the future, which is of great importance to those depending upon their Insurance Policies for the ultimate support of their families. This document has been recently published by the Society, and can be had, with all other information regarding the Society, on application to

The Special Features of the Positive System are—

PREMIUMS payable for limited periods instead of for whole lifetime. EVERY Premium paid secures a Policy for relative proportion of assurance represented by a Positive note to 'Bearer.' INVESTMENT of whole of nett Premiums and 20 per cent. of Capital in trust for Policy-holders. ABOLITION of all conditions as to travelling and residence abroad. SURRENDER value of Policies liberal, and fixed at time of issue. LOANS at a low rate of interest on simple deposit of Positive notes. POSITIVE Policies are unconditional and absolutely indisputable. MAKING the assurance transferable without trouble or expense through the medium of the Positive note, which, like a bank note, passes from hand without endorsement or other formality.

THE POSITIVE introduces a plan of business which entirely provides against defective security, forfeiture of Policies, and limitation of travel, and strips Life Assurance of all the conditions and restrictions so long complained of. In preparing the system, the study has been to reverse the ordinary principles, and to place all power over a Life Policy in the hands of the Assured, instead of vesting it in the Company. The Policies of this Company are absolutely indisputable on any ground whatever, and the Assured must receive full value for each Premium paid.

POLICIES for WHOLE LIFE, SHORT TERMS, ENDOWMENT, AND JOINT LIVES.

THE NATIONAL GUARANTEE AND SURETYSHIP ASSOCIATION provides Security for the Intromissions and Fidelity of Persons in situations of Trust and Responsibility; and undertakes, upon payment of a small annual Premium, to make good, in cases of default by fraud or dishonesty, any losses which may be sustained, to an amount specifically named and agreed upon in its Policies.

THE DESCRIPTION OF RISKS which the Association is prepared to undertake includes, amongst others, the following:—

Officers of the principal Government Departments; Managers, Secretaries, Agents, Tellers, and Clerks of Banks, Insurance Companies, Railways, and other Public Institutions; Factors, Trustees, Collectors, Receivers, and others entrusted with the management of Property and collection of Rents, Taxes, etc; Commercial and Professional Clerks, Book-keepers, etc., and Travellers and Agents for Commercial Houses.

The Guarantee Bonds of the Association have been accepted by the principal Government Offices, Banking, Insurance, Railway, and other Public Companies throughout the United Kingdom, India, and the Colonies. The number of Bonds already issued is nearly NINE THOUSAND.

BONDS IN RELIEF of Private Sureties are granted in Judicial and other cases where the Guarantee of a Public Company is not accepted.

THE PREMIUMS are moderate, and vary according to the nature of the employment and the duties to be performed. Liberal reductions are made in the Premiums for certain classes of risks after the guarantees have been in force for five years.

GUARANTEES FOR THE WHOLE STAFF of Employés of Companies and Offices are undertaken on the most favourable terms, and, if arranged, at a uniform rate of Premium.

The Association transacts Fidelity-Guarantee Business alone, unconnected with risks of any other description whatever.

Forms of Proposal and all information may be obtained at the Head Office or Agencies.

ACCIDENT DEPARTMENT.

This Department is one now widely taken advantage of by all classes of society. Some idea of the substantial character of the benefit obtained by the public from Accident Assurance may be gathered from the fact that there is paid annually by way of allowance for injuries, exclusive altogether of the amount paid on Death claims, not much less than £100,000 in England alone.

DEPOSITS AND DEBENTURES:

THE ASSOCIATION receives Money on DEPOSIT or DEBENTURE BOND, at Rates varying from 3 to 4½ per cent., according to the market value of money at the time. If preferred, a uniform Rate of Interest will be given on Deposits for fixed periods of from one to five years, on terms to be arranged. The Debenture Bonds will be granted for five or seven years.

SAFETY OF DEPOSITS AND DEBENTURES.

The ASSOCIATION lends its Funds on HERITABLE PROPERTY *only*, and at rates corresponding to the market value of money. All the Loans are repayable by instalments, which adds greatly to their safety, any depreciation which might take place in the value of the security being more than met by the gradual diminution of the Loan. The risk arising from the Investments of the Company is thus small, and they are enabled to give comparatively high rates for Deposits. In addition to the fact that the Loans are all secured on Heritable Property *only*, Depositors have the further guarantee of the Company's large Subscribed Capital and Reserve Fund.

At 31st December 1874

The Subscribed Capital (of which £50,000 has been paid up) amounted to	£250,000
The Reserve Fund to	21,000

And at same date

The Deposits amounted to	£606,419
The Loans on Heritable Security to	602,655

LOANS.

Loans are granted on Security of Land, Houses, and every description of Heritable Property.

The Loans are repayable in periods of from four to sixteen years. If desired, *part only* may be made repayable by instalments—the remainder bearing interest, payable half-yearly.

Borrowers, by arrangement with the Directors, can pay off their Loans at any time, either in whole or in part; or the period of repayment can be altered to one more suitable.

TESTIMONIALS.

From Professor COSMO INNES, Advocate.

INVERLEITH HOUSE, 1st September 1873.

I HAVE been long acquainted with Mr. SCHENCK as an Artist of high qualifications. I am sure that his taste, intelligence, and accuracy, not to mention his knowledge of his native language, German, will render him a very valuable Teacher, as well as a Guide, to the Literature and Art of Germany.

C. INNES.

From JOHN C. STEEN, Esq., Park Place Ladies' Institution.

EDINBURGH, 14th April 1874.

DEAR SIR,—I have much pleasure in stating that you conducted the German Classes in this Institution during a part of the current Session, kindly taking Dr. Nachot's place, and discharging his duty during his temporary absence from illness.

I am happy to be able to bear testimony to the very thorough and satisfactory manner in which you taught these Classes. Taking a deep interest in your work, you succeeded in imbuing your pupils with a similar interest, the consequence of which was that they made diligent preparation beforehand, and attended to your instructions while in the class, and thus made good progress. You seem to have a very happy method of interesting your pupils and making them in love with their work.

You have my best wishes, etc.

J. C. STEEN.

From GEORGE STRATHAIRN, Esq., Assistant to Professor SELLAR, Edinburgh University.

1 LEVEN TERRACE, 13th May 1874.

MY DEAR MR. SCHENCK,—It gives me much pleasure to have an opportunity of testifying to your high qualifications as a teacher. All who have enjoyed the benefit of your instruction must have admired your enthusiastic devotedness and conscientious zeal, combined with prudence, sound discretion, kindness, and the peculiar power of imparting your knowledge to your pupils, and of inspiring them with your own enthusiasm. I am convinced that you have few equals as a thorough and painstaking teacher, and I have, therefore, no hesitation in very highly recommending you to any Institution.

Wishing you every success, etc.

GEORGE STRATHAIRN.

From JAMES BAILLIE, Esq., 3 Church Hill, Morningside.

EDINBURGH, 12th June 1874.

DEAR MR. SCHENCK,—I have had for several years the pleasure of your acquaintance, and during this Session the benefit of your instructions in German. I have every reason to be satisfied with your services. You certainly have made the study of your native tongue a pleasant one. I never realized, till I knew you, to what extent any person who understands English possesses a knowledge of German. It just requires a well informed mind like your own, familiar with both languages, to bring this out. I am not at all surprised at your growing success. Any Institution that secures your services will be fortunate indeed.

With kindness and best regards, etc.

JAMES BAILLIE.

From JAMES PRIMROSE, M.A., Moray House Normal School.

EDINBURGH, September 1874.

I HAVE very great pleasure in testifying to the excellent abilities possessed by Herr SCHENCK as a Teacher of the German language.

His method is easy, natural, and most interesting, and when to this I add that he has a thorough knowledge of our own language and literature, it will be seen that he is ably qualified for the work he has undertaken. His extensive general knowledge, moreover, enables him to throw a flood of light on any obscure passage that may occur in the more difficult of the German Classics. I need only say further, that he is an energetic, painstaking, conscientious teacher.

JAMES PRIMROSE.

### The Paragon Essence

Of Coffee, and Coffee with Chicory, are most grateful, invigorating, and refreshing Breakfast and after-Dinner Beverages.

The Paragon Essences retain the rich aroma and highly nutritious properties of newly roasted coffee to a much larger extent than any other essence of coffee.

The Paragon Essences have thus become The Favourites with connoisseurs, from their delicious flavour, and with thrifty housewives from their being *more economical* than powdered coffee.

TO NOBLEMEN, GENTLEMEN, AND THE
PUBLIC GENERALLY.

DANIEL MACKAY & CO.,

CAMERON BANK, NEWINGTON, EDINBURGH,

HAVE been employed as GARDEN ARCHITECTS in the various methods of designing and laying out KITCHEN and FLOWER GARDENS, PLANTATIONS, CARRIAGE DRIVES, and other WALKS, and PLANTING SHRUBS and TREES, over a period of Twenty-five years.

D. M. & CO. having acquired some experience, and having devoted considerable time during this long period to both Theory and Practice in the above vocations, are prepared to undertake the commands of any party requiring their service.

D. M. & CO. having found much difficulty in cases of planting to procure handsome Shrubs and Trees, resolved, in 1865, to grow those Plants, with the view of meeting the exigencies of their own Trade specially, have now succeeded in raising a small select Stock of Shrubs and Trees, thoroughly trained and frequently transplanted, which, for health, symmetry, and size, can be favourably compared with similar Plants in similar situations over Great Britain.

D. M. & CO. have great pleasure in recommending these Plants to all Parties about to Plant. Those who may be disposed to inspect the Stock will find representatives of nearly all the Hardy Evergreen Shrubs worth cultivating.

# REMOVALS CONTRACTED FOR BY ROAD AND RAIL.

---

**R**ICHARD WHYTOCK & CO.'S Travelling Furniture Waggons are specially constructed to save expense in Packing and Carriage, to prevent Damage in transit, and to expedite the Removal of Household Furnishings and other valuable articles.

Goods, when carefully placed in these Waggons, which are expressly adapted for Travelling both by Road and Rail, remain undisturbed until they reach their destination, and are then delivered in the same condition in which they were despatched (by simply unloading), thus obviating the risk, trouble, and expense arising from the use of separate packages and their irregular transmission.

R. W. & Co. would call particular attention to the comparative Lightness of construction of their Furniture Waggons, as effecting a considerable saving in the cost of carriage, which is usually chargeable by weight. One of these Waggons has been recently built to order, of more moderate dimensions and of less weight, for the conveyance of smaller household effects.

Experienced Packers travel in charge throughout each journey.

WILLIAM MACKENZIE,

BUILDER AND ASPHALTER,

HOPE PARK END HOUSE, EDINBURGH,

RESPECTFULLY intimates that he executes every description of Asphaltting, and is ready to furnish Estimates for the same, in Town or Country, on Moderate Terms.

ASPHALT FLOORING is highly recommended for Stables, Byres, Barns, Cattle Sheds, Granaries, Cottars' Houses, and all kinds of Farm Buildings, on account of its being the most effective preventative to the ascent and spread of Damp, its complete exclusion of Vermin, its neat and cleanly appearance, its durability and cheapness in comparison with other descriptions of flooring and pavement, and its healthy and disinfectant properties. While it effects a great saving, by the exclusion of rats and smaller vermin, owing to the close texture of the composition, without seam or joining, it keeps the Grain in a sweet state, from the entire absence of damp or moisture; and wherever the Asphalt Flooring has been used, it has fully realized all the benefits held out by its adoption.

Amongst others, the objects of which are:—

1. To enable the Members with the least possible risk to sell goods on Credit to deserving parties, and to inform them of the names of parties who have not met their engagements on prior occasions, so as to enable the Members to judge of the advisability of accepting the latter parties as customers.
2. To secure the prompt Collection of outstanding Accounts.

While the operations of the 'Union' are restricted to those who have *direct* dealings with the General Public, its benefits are not confined to any particular line of business or branch of trade.

ANALYTICAL LABORATORY, SURGEONS' HALL,
EDINBURGH, 6th March 1873.

I HAVE made a careful Chemical Analysis of a sample of the 'ROYAL EDINBURGH LIQUID BLUE' manufactured by Mr. Thomas Ogilvie Smith, Edinburgh, and find it to be composed of the best materials, to be free from any injurious ingredient, and to be in all respects of the best quality, and superior to any other liquid or solid blue I have examined.

(Signed) STEVENSON MACADAM, PH.D., F.R.S.E., F.C.S., Lecturer on Chemistry.

ROYAL LAUNDRY, RICHMOND, 16th April 1873.

THE Queen's Head Laundress says the 'ROYAL EDINBURGH LIQUID BLUE' gives great satisfaction in the Royal Laundry; it mixes freely with the water, and does not settle in patches, two most essential qualities, and imparts a good colour to the linen.

"When the sun shines, be advised to carry an Umbrella; when it rains, do as you like."

"The value of a thing is best known by the want of it." This is especially true of an Umbrella.

AFFLICTED UMBRELLAS.

ILLUSTRIOUS WAYFARER,

Do you rejoice in the possession of an athletic Umbrella? Inasmuch as it is a provident investment, this is an important question. Or has the destroying hand of Time and usage reduced it to a condition of inutility and abandonment?—Is it dilapidated? Is it prostrate with a fractured rib, a dislocated neck, or a broken spine? Has any unexpounded calamity tended to debilitate its nerves, or paralyse its muscularia? Is it afflicted with a damaged crenated attachment, or a ruptured vericle convergentum? Has any visitation or paralysis arrested or destroyed the facile action of the motive power? Does there exist any manifestation of an abrasion, or inaccurate tension of the epidermis? Is the tippeous extension of the epidermis unimpaired in its attachment? Is the pedaneous extremity intact; or has prolonged attrition against terraceous substances reduced it to a state of stumpiferous deformity? Is the digitalial appendage without flaw or fracture? Is the occlude and expansive action uninterrupted? Is the octa-hegenous osseonsity insometrically angulated? Is its centrifugal rotundity deformed by depression, semicollapse, or protrusion? Is its polyhedral conformation correct? and its circumambient proportions adequate for personal conservation? Is it loaned, lost, levanted, misappropriated, or used up? Are its mineralogical, vegetable, and animal elements, still in combination? Or is it "ALL OVER WITH IT?"

Impassioned reader! if you are mentally embarrassed in the labyrinth of these inquiries; if your technical knowledge fails to recognise their logical applicability; suffice it, that for any contingency, ample provision is made at the far-famed

THE MOST REV. DR. SUMNER, late Archbishop of Canterbury, insured his life in *The Provident Life Office* for £.4000. At his death, in 1862, the Policy had been raised by Bonuses to £.7306 2s. 3d. which sum was paid to his Executors.

THE RIGHT REV. DR. SUMNER, late Bishop of Winchester, insured his life in the same Office and at the same time for £.5000. At his death, in the present year, the sum payable had been raised by Bonuses to £.10,605 4s. 4d.

The Directors of *The Provident Life Office* received the sanction of the late Archbishop during his lifetime to publish the particulars of his Policy, he being desirous that the sound system and the advantages of this old Office should be known to Insurers. The representatives of the late Bishop of Winchester have now sanctioned a similar step.

The Directors gladly avail themselves of the opportunity to illustrate the advantages of Insurance in an Office conducted on true principles, by this reference to names which will command attention.
