## RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

### INLAND LETTERS.

The rate of postage on all inland letters is regulated by weight, irrespective of distance; and is as follows:—

#### If Paid in Advance.

|                                                                   |     |
|-------------------------------------------------------------------|-----|
| On a letter not exceeding half an ounce, . . .                    | 1d. |
| „ above half an ounce, but not exceeding one ounce, . . .         | 2d. |
| „ above one ounce, but not exceeding one and a half ounces, . . . | 3d. |

And so on.

#### Unpaid Letters.

As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency must be charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid

additional postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid.

### COLONIAL AND FOREIGN LETTERS.

The rates of postage on letters to foreign countries and the colonies are entered in the Table of Foreign and Colonial Postage.

### ADDRESSES TO THE QUEEN, AND PETITIONS TO PARLIAMENT.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, is charged as an unpaid letter.

**NEWSPAPERS AND OTHER PERIODICAL PUBLICATIONS BEARING THE NEWSPAPER STAMP.**

All periodical publications, including newspapers published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty

(of the kind formerly confined chiefly to newspapers), may be sent and re-sent through the post, within the United Kingdom free of postage, under the following regulations, viz. :—

1. They are subject to the same restrictions as to the number of sheets and superficial extent as were formerly applicable only to newspapers properly so called. These restrictions are shown in the following Table :—

| Amount of Stamps impressed on the Publication. | Maximum Number of Sheets. | Maximum superficial Extent of Letterpress on One Side. |
|------------------------------------------------|---------------------------|--------------------------------------------------------|
| One Penny . . . . .                            | Two . . . . .             | 2295 inches.                                           |
| Three Halfpence . . . . .                      | Three . . . . .           | 3443 "                                                 |
| Twopence . . . . .                             | Four . . . . .            | 4591 "                                                 |

2. No publication, or portion thereof, can pass through the post, unless the impressed stamp which it bears be at least a stamp of the value of 1d.
3. The title and date of the publication must be printed at the top of every page.
4. The publication must be folded in such a manner, that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover, it will be considered sufficient if the stamps are so arranged that they can readily be examined.
5. It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together; nor must any pasteboard, cardboard, or such pasted paper be sent with it, as a back or cover thereto, or otherwise.
6. It must be posted within fifteen days from the date of publication.
7. It must either have no cover, or a cover open at the ends.
8. It must contain no enclosure. If it do, the enclosure will be forwarded as an unpaid letter, together with an additional rate of 1d.
9. It must have no writing or other mark thereon but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus, if a newspaper, after having the address of one person written on it, be sent to another person, the first address must be cut off, otherwise the paper will be charged an additional postage of 2d.
10. If the publication be addressed to any person within the free delivery of the place where it is posted, it becomes liable to a postage of 1d., which must be prepaid by affixing a postage stamp. If this be not done, an additional postage of 2d. will be charged.
11. If the 1st, 2d, 3d, 5th, or 6th regulations be infringed, the publication will be charged as an unpaid book-packet, with the double book postage.
12. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.

13. Stamped publications can also be forwarded under the regulations of the book post; but when so sent, the impressed stamp does not count as any part of the postage.

The Colonial and Foreign newspaper rates are set forth in the Table of Colonial and Foreign Postage, and are applicable only to such publications as have been registered at the General Post Office for transmission abroad. These publications are subject to the restrictions contained in the 3d, 5th, 6th, 7th, 8th, and 9th of the foregoing regulations. The postage must be prepaid in postage labels. An impressed stamp on a newspaper addressed to a place abroad does not count as any part of the postage. The publications sent abroad under these arrangements are newspapers, magazines, prices current, market reports, etc., published at intervals not exceeding thirty-one days. When the privilege of transmission abroad is desired for a publication, the publisher should make application to the Secretary of the Post Office, sending a copy of the publication. Unregistered periodicals, whether newspapers or other, cannot be sent abroad at any rates lower than those applicable to books, etc.

**NEWSPAPERS FOR RUSSIA.**

It is forbidden to introduce into Russia, through the post, political newspapers, in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. This prohibition does not, however, extend to political newspapers, or any other publication, addressed to members of the Royal Family of Russia, the Imperial Ministers, or members of the Diplomatic Corps. The admission into Russia even of newspapers not of a political character, is permitted only when they are addressed to the house of some established bookseller, to the higher schools, to the Imperial Public Library, or to the Academy of Sciences in Russia. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any persons residing in Russia.

**PARLIAMENTARY PROCEEDINGS.**

Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of 1d. for every quarter of a pound, or fraction of a quarter of a pound.

The words **PARLIAMENTARY PROCEEDINGS** must

be written or printed on the cover of the packet; otherwise it is treated as an ordinary book packet.

Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only is charged.

Parliamentary proceedings may be sent, under the book post privilege, to all the colonies, and to those foreign states between which and this country there is a book post.

### INLAND BOOK POST.

The following are the regulations of the Inland Book Post :—

1. The postage is 1d. for every quarter of a pound or fraction of a quarter of a pound.
2. The postage must be prepaid by means of postage stamps affixed outside the packet or its cover. If the whole postage be not thus prepaid, the packet is treated in the manner described in section 9.
3. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string; but in such case the postmaster is authorized to cut the string, although, if he do so, he must again tie up the packet.
4. A book packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs (when not on glass, or in cases containing glass), prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, etc., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; but no printed matter or prints can go, except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, mounting, or covering of a book, etc., or of a portion thereof, is allowed, whether such binding, etc. be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, etc. must not be sent as a separate packet, nor can patterns or books of patterns (unless these consist merely of *paper*) be permitted.
5. No book packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, etc., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, writing is not only permitted, but recommended; so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned.
6. No book packet must exceed two feet in length, or one foot in width or depth; and if any such packet be presented at a post office, it cannot be received.
7. Any packet which is not open at the ends or sides, or has any letter or communication of the nature of a letter written in it, or upon its cover, is charged with the 'unpaid' letter postage.

8. If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorized enclosure, the letter or enclosure is taken out and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate; and the remainder of the packet, if duly prepaid with stamps, is then forwarded to its address.

9. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate, it is forwarded, charged with the deficient book postage, together with an additional rate; but any packet which bears no postage stamp is charged with double the book postage.

10. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

It is the duty of postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine book packets posted at or passing through their offices.

To prevent obstacles to the regular transmission of letters, a head postmaster may, when necessary, delay forwarding any book packet until the next despatch or delivery; and at packet offices the delay may, at the option of the postmaster, be either for that period, or until the despatch of the mail next after that by which the book packet ought otherwise to be forwarded.

The main business of the Post Office being the transmission of *letters*, the forwarding of books and newspapers, though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books, therefore, which would be injured by being thrust into a bag, and hurriedly pressed down like a bundle of letters, should not be sent through the post.

### COLONIAL AND FOREIGN BOOK POST.

Except that the rates of postage are higher, books can be sent to all British colonies, and to the foreign countries named in the list at page 592, on the same conditions as those of the Inland Book Post; and on those conditions books can also be sent to the countries enumerated at page 593, subject to the modifications there mentioned.

### INLAND PATTERN AND SAMPLE POST.

The following are the rules of the Inland Pattern and Sample Post :—

1. The postage is 1d. for every quarter of a pound, or fraction of a quarter of a pound.
2. No packet of patterns or samples must exceed 12 oz. in weight, or 2 feet in length, by 1 foot in width or depth. Any packet exceeding these limits is sent to the Returned Letter Branch.
3. The postage must be prepaid by means of postage stamps.
4. There must be no writing or printing on the packet or its cover in addition to the address of the person for whom the packet is intended, except the address of the sender, a trade mark and numbers, and the prices of the articles: otherwise the packet is treated as a letter.
5. It is permitted to enclose in a sample-packet a

- printed or written description of the samples. There must be no enclosure other than the samples themselves. The particulars which are allowed to be furnished under the preceding rule, must in all cases be given, not on loose pieces of paper, but on small labels attached to the samples or the bags containing them. Any unauthorized enclosure is taken out, and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate of 1d.
6. The patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, etc. may be enclosed in boxes, or in bags of linen or other material, fastened in such a manner that they may be readily opened; or in bags entirely closed, provided that they are transparent, so that the officers of the department may be able to satisfy themselves as to the nature of the contents. If this rule be infringed, the packet is treated as a letter.
  7. If a packet of patterns or samples be posted altogether unpaid, it is charged with double the postage which should have been prepaid. If a portion of the postage be prepaid, even although only a 1d. stamp be affixed, the packet is charged with the amount of the deficiency, together with an additional rate of 1d.
  8. In order to prevent any interruption to the regular transmission of letters, a packet of patterns or samples may, when it is necessary, be kept back by any head postmaster until the next despatch or delivery; but he must on no account detain them, except in the case specified, or beyond the time named.
  9. The rule which forbids the transmission through the post of any article which might injure the contents of the mail bags or the officers of the Post Office, is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while at the same time the samples may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it is stopped, and a notice of its detention is sent to the person to whom it is addressed, or to the sender, who may then obtain it upon personal application; but the packet is charged with a fine equal in amount to the postage to which it was liable as a packet of patterns.
2. A packet of patterns or samples sent to Portugal, Madeira, the Azores, Cape de Verds, France, or to Turkey, Syria, or Egypt, by French packet, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.
  3. A packet of patterns or samples sent to Germany or Belgium, or to any country *via* Belgium or France and Austria, must not exceed 8 oz. in weight; and the weight of a packet for Portugal, Madeira, the Azores, or Cape de Verds, is limited to 1 lb.
  4. Samples of intrinsic value must not be sent to foreign countries except the United States; and in the case of France, samples of eider down, raw or thread silk, woollen or 'goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule if they weigh more than 3 oz.
  5. None of the articles named in rule 9, above, may be sent as patterns or samples to any place abroad, except the United States of America, Germany, Belgium, Holland, Denmark, Sweden, Norway, Turkey, Moldavia, Wallachia, Portugal, Madeira, the Azores, Cape de Verds, Switzerland, and the British Colonies, and not to these places when addressed '*via* France.' Indigo cannot be sent to any place abroad.
  6. Bags entirely closed, even though they be transparent, must not be used for the transmission of seeds to any foreign country except the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, Switzerland and Austria (*via* France).

#### REGISTRATION OF LETTERS.

By the prepayment of a fee of 4d., any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place in the United Kingdom or the British Colonies. To other foreign countries, the fee chargeable for registering a letter, in addition to the ordinary postage, *both of which must be prepaid, or the letter cannot be registered*, will be found against each country or place in the table of Colonial and Foreign Postage. Letters, newspapers, books, and patterns may be registered to any place in the British Colonies, the United States of America, Switzerland *via* Belgium, Italy, or the German States, also (when sent in closed mails) to the British Post Offices in Egypt and Constantinople; but to other foreign countries only letters, and packets prepaid at the letter rates, can be registered. To some countries, as shown in the table of Colonial and Foreign Postage, there is no arrangement whatever for registration.

Where the prefix 'in' is made use of in the column of fees in the table of Colonial and Foreign Postage, the letter can be registered only to the port of arrival, it being left in those cases to the postal authorities of the country to which that port belongs to continue the registration if they think proper. Where the word 'none' appears, no registration can be effected.

*France and Countries through France.*—The registration fee upon letters addressed to France, or countries through France (exclusive of those sent in the closed mails to India, Hong Kong, Ceylon, Mauritius, Anstralia, Gibraltar *via* France, Malta, Constantinople, Austria, Greece, Portugal, Spain, or Italy, except the Papal States), is not a fixed sum, but is in all cases equal to the postage.

#### COLONIAL AND FOREIGN PATTERN AND SAMPLE POST.

Patterns and samples can be sent at the rates inserted in the Table of Colonial and Foreign Postage to such colonies and foreign countries as are marked in that Table with the letter 'P.' The conditions in these cases are for the most part the same as in the case of the Inland Pattern and Sample Post, the following being the only important exceptions:—

1. The limit of 12 oz. in weight is not applicable to patterns sent to the Colonies or to foreign countries.

The registration of a packet makes its transmission much more secure; and the loss of a registered packet is a very rare occurrence. Nevertheless, by Act of Parliament, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk; and the department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which unquestionably contain coin, even though they be posted without registration, are treated as registered, and charged on delivery with a double registration fee of 8d. in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted, are detained for the next despatch.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and should on no account be dropped into the letter-box. If, contrary to this rule, a letter marked 'Registered' be dropped into the letter-box, it will, *if directed to any place in the United Kingdom or British Colonies*, be liable to a registration fee of 8d., instead of the ordinary fee of 4d. A registered letter, if re-posted as an ordinary letter, with the word 'Registered' un erased or erased in pencil only, will also be liable to a registration fee of 8d.

Registered letters must be prepaid as regards both postage and registration fee; and if the letter be inland, such prepayment must be by stamps.

No letter-carrier, rural messenger, or other servant of the Post Office, is allowed to carry a letter for any person to be registered.

Parliamentary notices may be forwarded through the post under the following regulations:—

1. The words 'Parliamentary Notice' must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter; though this is not imperative.
2. These notices must be posted at the General Post Office in Edinburgh.
3. All notices which by the standing orders of either House of Parliament are required to be served on or before the 15th December, must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, may be posted after the 12th of that month.
4. The postage chargeable on these notices, and the registration fee of 6d. on each, must be prepaid by stamps.
5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged, for the convenience of comparison, in the order of the list. These lists will be examined by the officer in attendance at the window; and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office; in which case the postmaster may appoint any other time

within the next twenty-four hours for receiving the same, provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are, like letters, liable to an additional rate of postage.

The senders of parliamentary notices should, if possible, arrange on the previous day with the postmaster as to the most convenient time for posting them, and state the probable number.

### LETTERS 'TO BE CALLED FOR.'

The Poste Restante being intended solely for the accommodation of strangers and travellers who have no permanent abode in Edinburgh, letters for residents in Edinburgh must not be addressed nor redirected from a private address 'Post Office till called for.' Letters addressed to 'Initials,' 'Numbers,' or 'Fictitious Names,' cannot be received at the Poste Restante; if so addressed, they are returned to the writers.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

### PRIVATE BOXES AND BAGS.

Any person can have a private box who is willing to pay the appointed fee. Where this fee goes to the revenue, it is generally fixed at one guinea per annum, to be paid in advance, and for a period of not less than a year; and where it goes to the postmaster, he may demand the same terms, though he may, at his option, take less. The same also, in most cases, are the terms for a private bag, except that, in addition, there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being half a guinea per annum if the bag be conveyed by a rural messenger, and two guineas if by a contractor for a mail cart or other horse post. If more than one rural messenger or more than one contractor take part in the conveyance of a private letter bag, each is allowed to charge the full amount of the fee for his service. The weight of a private bag, when empty, is limited to one pound. As the service of a private bag may possibly delay the despatch of the general bag, none are allowed without the permission of the surveyor. If a private letter bag made up at one post office be left at another to be called for or to be delivered from thence, the postmaster at such other office may make a charge for his trouble: this charge is usually 5s. per annum. Any person residing within the limits of a town free delivery, and renting a private letter bag, is considered to have the accommodation of a private box at the post office as well as a bag, and is liable to the full charge for both bag and box.

### POSTAGE STAMPS AND ENVELOPES.

Postage labels are of the respective values of 1d., 2d., 3d., 4d., 6d., 9d., 10d., 1s., 2s., and 5s. The embossed envelopes are of four sizes, and are sold thus: one for 1½d., two for 2½d., four for 4½d., six for 6½d., eight for 9d., and 1s. 1½d. per dozen. Postage stamps are purchased from the public at Money Order Offices, at a charge of ¼d. on the value of 1s. 8d. and under, and 1d. on 3s. 4d. value, and so on, being at the rate of 2½ per cent.

Every rural messenger is authorized to sell postage stamps (including stamped envelopes) at the same prices at which postmasters are empowered to sell them; and when any person applies to him for postage labels, the messenger must either supply

them, or (if he has none in his possession) must, without extra charge, receive the postage in money, and on his arrival at the Post Office, obtain labels for it, and affix them carefully to the letters.

### MONEY ORDERS.

The public are recommended, when applying for Money Orders, to use printed 'Application Forms,' which save time, and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

The Commission on Inland Money Orders is:—

|                                 |               |
|---------------------------------|---------------|
| On suns not exceeding £2, . . . | 3d.           |
| Above £2, and . . .             | 5, . . . 6d.  |
| ... 5, . . .                    | 7, . . . 9d.  |
| ... 7, . . .                    | 10, . . . 1s. |

No single Money Order can be issued for more than £10;\* neither can an order contain a fractional part of a penny.

With the subjoined exceptions, no Money Order can be issued, unless the applicant furnish, in full, the surname, and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address:—

1. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the names of the persons composing it, as the 'Carron Company.'
2. When the remitter notifies that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee.

When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid: otherwise the order can be cashed at the Head Office alone. It is not incumbent on a postmaster to supply such information relative to local or provincial offices.

An order once issued cannot be cancelled; and should repayment or transfer to a different office, or alteration of name, be required, the remitter must apply according to the directions printed on the back of the order.

In order to enable the remitter to obtain an acknowledgment of the receipt of a Money Order before the money is paid, it is arranged that he may make his order payable ten days after date, provided that, in the presence of the postmaster, when he obtains the order, he affixes thereto, in the space after the request C., a penny receipt stamp, and write his signature across the stamp.

When an order is presented for payment (otherwise than through a bank), the postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter; and if the reply be correct, the order will be paid, unless the postmaster have good reason for believing that the applicant is neither the rightful claimant, nor deputed by him. When an order is paid through a bank, it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee

himself, or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

Money Orders do not require a receipt stamp.

Payment of an order, issued and payable in the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January, it must be paid before the end of March); otherwise the order becomes lapsed, and a new order is necessary, for which a second commission is charged. The period for payment of orders issued in the United Kingdom, and payable in any colony authorized to transact Money Order business, including Gibraltar and Malta, is six months; and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. A person presenting a lapsed order is furnished with a copy of a printed notice, headed 'Lapsed Money Orders,' containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January), all claim to the money is lost.

No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time.

After once paying a Money Order, by whomsoever presented, the office is not liable to any further claim.

To guard against any person, even if he obtain possession of a Money Order, fraudulently getting it cashed, the remitter is recommended—

1. When he is well known to the payee, to sign the letter enclosing the order with his initials only.
2. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank.
3. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than either of the others.

Payment of an order cannot be demanded on the same day as that on which the order was issued.

In case of the miscarriage or loss of an inland Money Order, a duplicate is granted on a written application (with the necessary particulars, and enclosing the amount of a second commission, in postage stamps) to the Controller of the Money Order Office of England, Scotland, or Ireland, as the case may be, where the original order was issued; and if it be desired to stop payment of an inland order, a similar application, with a like enclosure of postage stamps, must be made to the Controller of the Money Order Office of that part of the kingdom in which the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an

\* The only exception to this rule in Scotland is when the order is issued in payment of Government taxes, and in favour of the Receiver-General of Inland Revenue. In such a case, the order is not limited as to amount.

application enclosing the order must be made to the postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed on the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant, and imposed on the officer in fault.

A postmaster is required to give information how to apply for a duplicate order, etc., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing postmaster.

No letter-carrier, rural messenger, or other servant of the Post Office, is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

Money Orders are issued at all Money Order Offices in the United Kingdom of Great Britain and Ireland (see List, p. 606): on BELGIUM and SWITZERLAND at the rate of commission charged on Inland Money Orders; on Money Order Offices in ALEXANDRIA, BAHIA, BUENOS AYRES, CONSTANTINOPLE, GIBRALTAR, HONG KONG, MALTA, MONTE VIDEO, PERNAMBUCO, RIO JANEIRO, SHANGHAI, SUEZ, and YOKOHAMA, at a charge equal to threefold the commission on Inland Money Orders; and on Money Order Offices in the List on p. 615, at a charge equal to fourfold such commission.

The renewal of a lapsed order, the issue of a duplicate order, or the stoppage of payment of an order issued by a colony on the United Kingdom, will be made on application to the Controller of the Metropolitan Office of that portion of the United Kingdom in which such *Colonial Order is payable*, provided an additional British inland rate of commission be enclosed with the application; except in the case of lapsed orders, when the additional commission will be deducted from the amount of the new order issued by the department; but the lapsed order must be transmitted with the application for its renewal. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of colonial orders originally drawn on their own offices.

For repayment of the amount of a Money Order, or for the correction of any error respecting the name of the payee or remitter of an order issued by a colony on the United Kingdom, the application on the subject, enclosing an additional colonial inland rate of commission, must be addressed to the Controller of the Metropolitan Office of the colony in which such order was issued.

### POST OFFICE TELEGRAPHS.

The charge for the transmission of an inland message—that is, of a message going from one part of the United Kingdom to another part of the United Kingdom—is 1s. for the first twenty words, exclusive of the address, for which no charge will be made, and 3d. for each additional five words or part of five words.

Message forms are of two kinds, viz., forms with

a 1s. stamp embossed thereon, and forms without any such stamp. Both kinds of form may be obtained at the postal telegraph offices, and the unstamped forms may be obtained at the railway stations, from which the railway companies will transmit messages on account of the Post Office. The forms with the 1s. stamp embossed thereon are sold in books of 50, price £2, 10s., or sold singly, or any number less than 50.

That portion of the form on which the message is to be written is divided into ten lines, and each line into five spaces; and it is very desirable that one word only be written in each space.

If the message be written in the manner requested, the charge for a message which does not reach beyond the first four lines will be 1s.; if the message reaches the fifth line, the charge will be 1s. 3d., and so on. The message forms admit of fifty words being thus written.

The payment of 1s. for a message not exceeding twenty words covers the delivery by special foot messenger within the limits of one mile from the terminal telegraph office—that is, within the limit of one mile from the office to which it is sent by wire or tube—or within the limit of the postal delivery of that office, when it is a head office, although the town postal delivery may extend for more than a mile from it.

The entire charges for words in excess of the minimum number of twenty words allowed to a single message, and the entire charges for portorage, when any portorage has to be paid, are also, as far as is possible, to be prepaid by means of a postage stamp or stamps affixed to the message form. It is desirable that the public should use the smallest number of stamps that will conveniently denote the charges for the transmission of the message, that is, that they should use a 6d. stamp instead of six penny stamps. They are at liberty, however, to use for this purpose any of the denominations of postage stamps in use.

When the addressee—that is, the person who is to receive the message—does not reside within the limits above described, and when the sender desires to have his message delivered by special foot messenger, he will have to pay portorage at the rate of 6d. per double mile—that is, a mile out and a mile back—or any part thereof. If the sender desires to have his message delivered beyond the limits of the free delivery by cab, fly, or horse express, he will have to pay 1s. per double mile for such delivery. Directions on these points are printed on the message form.

If the receiver of the message does not reside within the above described limits of free delivery, and the sender of the message does not desire to incur the cost of special delivery by special foot messenger, or by other means, the message will be sent out for delivery, free of extra charge, by the ordinary postal delivery next following on the arrival of the message at the terminal telegraph office.

Messages may not only be tendered for transmission at postal telegraph offices, but may be enclosed in envelopes addressed 'Telegraph Office,' and deposited in wall or pillar boxes, or in the letter boxes of ordinary receiving offices or sub-post offices. Telegrams so deposited will be sent on to the nearest postal telegraph office by the first ordinary postal collection from the letter box in which they are deposited, and will be sent on by wire from that nearest postal telegraph office as soon as possible after they reach it, and will be delivered to the addressee free of extra charge, provided the proper charge for the number of words contained in them, and for portorage when they

have to be delivered beyond the limits of the free delivery, have been prepaid by means of postage stamps affixed to the message form.

Messages so deposited, but insufficiently prepaid, will also be sent on in like manner, the difference of charge being obtained from the addressee; but messages so deposited without any prepayment whatever will be placed in a cover which will be directed to the addressee, and sent forward to him by post as an ordinary unpaid letter.

Messages written on the proper forms, and properly prepaid by means of postage stamps affixed to the forms, may be handed to rural post messengers who are proceeding to postal telegraph offices, for transmission therefrom.

Any additional information which the public may require with regard to the charges on, and regulations for the transmission of, inland messages, may be obtained at any postal telegraph office.

Messages for the Continent, India, or America, will also be collected at and delivered from the postal telegraph offices throughout the United Kingdom, at the rates and under the regulations charged and maintained by the telegraph companies engaged in the transmission and delivery of such messages.

Full information with respect to the charges on, and regulations for the transmission of, such messages, may also be obtained at postal telegraph offices.

### PRINCIPAL RULES OF THE GOVERNMENT INSURANCE AND ANNUITY OFFICE.

1. The Postmaster-General is empowered, under the Act 27 & 28 Vict. c. 43, to insure the lives of persons of either sex, between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant Immediate or Deferred Annuities of not more than £50 on the lives of persons of either sex, and of the age of 10 years and upwards. The persons whose lives are insured, or to whom Annuities are granted, by the Postmaster-General, have direct Govern-

ment security for the payment of the money at the proper time.

2. Tables of the premiums to be charged for the Insurance of Lives; for the grant of Immediate Annuities; for the grant of Deferred Annuities or Deferred Monthly Allowances, without return of purchase money, and for the grant of Deferred Annuities or Deferred Monthly Allowances, with return of purchase money, may be seen at the General Post Office.

No one life can be insured for less than £20 in the whole; but when a life has been insured for £20, further insurances may be effected on the same life from time to time, for any amount, until the whole sum for which it is insured amounts to £100.

If, after having duly made his payments for a period of five years, the insured person shall be unable to continue, or shall desire to discontinue, such payments, a portion of the premiums paid by him, which portion will in no case be less than one-third of the whole sum paid by him, will be returned to him.

Thus, a man aged 30 may purchase a Deferred Annuity of £10, to commence on his reaching the age of 60, and to be payable half-yearly, either by an immediate payment of . . . . . £24 3 4

or,  
By an annual payment, until he reaches the age of 60, . . . . . 1 8 4

A woman of like age may purchase a like Annuity by an immediate payment of . . . . . 32 8 4

or,  
An annual payment, up to 60, of . . . . . 1 17 6

and a man aged 30 may purchase a Deferred Allowance of £2, 7s. 3d. per month, to commence when he reaches the age of 60, by a payment until he reaches that age of 8s. per month; and a woman of like age may, by a like payment of 8s. per month, purchase a Deferred Allowance of £1, 16s. 7d., to commence when she reaches the age of 60.

The Annuity or Monthly Allowance granted on any one life must not exceed £50 per annum, or £4, 3s. 4d. per month; but purchasers need not purchase the whole amount of such Annuity or Allowance at one time. They may begin by purchasing such part as they can afford to purchase, and go on increasing their purchases from time to time as their circumstances will permit.

Husband and Wife may each be insured to the full amount of £100, and may each purchase an Annuity of £50, or a Monthly Allowance of £4, 3s. 4d. Any two persons may purchase an Annuity on their joint lives, with or without continuance of the Annuity to the survivor.

Persons contracting for the insurance of their lives, or for the purchase of Annuities or Monthly Allowances, will be allowed to pay their periodical

premiums or instalments of purchase money at such of the post offices which have been or may hereafter be opened for the purpose, as will suit them best.

Persons proposing to effect insurances on their lives, or to purchase Deferred Monthly Allowances, must provide at their own cost such certificates of birth or baptism, or other evidence of age, as shall be required from them, but will not be required to pay any fee for medical examination, or to pay the cost of any inquiry which the Postmaster-General may think fit to make with regard to their health, habits, age, and occupation, or to pay any fee for the issue of any contracts which may be made in accordance with their proposals, or to pay any postage for the transmission of their proposals, or for the transmission of any correspondence arising out of such proposals between them and the Postmaster-General, inasmuch as a provision for all such costs and charges is included in the premiums which they will be required to pay, in accordance with the Tables framed for the purpose, for the insurance of their lives or the purchase of Deferred Monthly Allowances.

Persons proposing to purchase Immediate or Deferred Annuities, payable half-yearly, must provide at their own cost such certificates of birth or baptism, or other evidence of age, as shall be required of them; and, inasmuch as the premiums fixed by the Tables framed for the grant of such Annuities do not include any provision for costs and charges, must pay, at the time of purchase, a fee of 1s. for every £1 of Annuity purchased.

PRINCIPAL RULES OF THE POST OFFICE SAVINGS BANK.

Post Office Savings Banks are established at Money Order Offices in the United Kingdom, and are open for the receipt and payment of money

daily during the hours appointed for Money Order business.

At these banks deposits of one shilling, or any number of shillings, will be received; but no one may deposit more than £30 in one year, or more than £150 in the whole, exclusive of interest.

Interest at the rate of £2, 10s. per cent. per annum (which is at the rate of sixpence in the pound for each year, or at the rate of one-halfpenny on each complete pound for each month, reckoning from the first day of the calendar month next following the day on which a complete pound has been deposited, up to the last day of the calendar month preceding the day on which the money is withdrawn) is allowed until the sum due to a depositor amounts to £200, when interest ceases to be allowed. The interest due to each depositor is added to the principal due to him on the 31st December in each year.

Every deposit in a Post Office Savings Bank must be immediately entered by the postmaster, or other person receiving it, in a book, which book is to be kept by the depositor; and the postmaster or other person receiving the deposit should affix his signature and the stamp of his office to each entry. Depositors should carefully examine their books before leaving the offices at which they make their deposits, and ascertain that they have obtained correct receipts for the sums deposited by them.

In addition to the receipts which the depositors will thus obtain in their deposit books, they will receive for each deposit an acknowledgment by post from the Savings Bank Department in London. This acknowledgment should reach the depositor within three days from the day on which he makes his deposit, if the deposit be made in England or Wales. If the deposit be made in Ireland or Scotland, the acknowledgment should reach the depositor within five days. The acknowledgment should be quite free from erasure, and should state the exact amount of the deposit, and the day on which the deposit was made. If the acknowledgment does not reach the depositor in proper time, or if, when it reaches him, it shows any signs of erasure, or does not agree with the entry in the depositor's book, the depositor should immediately apply to the Postmaster-General by letter, and should renew his application again and again until he obtains a satisfactory reply.

Once in each year, on the anniversary of the day on which the first deposit was made by him, the depositor should forward his deposit book to the Controller of the Post Office Savings Bank Department in London, in order that it may be compared with the books of that department, and in order that the interest due to the previous 31st December may be inserted in it.

When a depositor wishes to withdraw the whole or any part of the sum due to him, he must make application for the same to the Postmaster-General

ral on a printed form called a Notice of Withdrawal, which he can obtain at any Post Office Savings Bank. When he has properly filled up this form, he must fold it and secure it, and forward it by post as if it were an ordinary letter. In return for it he will receive, probably by return of post, a warrant for the amount required by him, payable at the Post Office Bank named by him in the Notice of Withdrawal.

A depositor in any Post Office Savings Bank may add to his deposits at that or any other Post Office Savings Bank, and may withdraw the whole or any part of them from that or any other Post Office Savings Bank, without change of deposit book. For instance, if he makes his first deposit at the Post Office Bank at Huddersfield, he may make further deposits at, or withdraw his money from, the Post Office Bank at Huddersfield, or Leeds, Manchester, Birmingham, Edinburgh, Dublin, or any other place which may be convenient to him.

No charge will be made to depositors for the books first supplied to them, or for the renewal of those books; but if any depositor shall lose his book, and shall desire a new book, he must make application to the Postmaster-General for the same, and must enclose in his application postage stamps to the value of 1s. to pay for the new book. If a depositor loses his book, he should immediately give notice of the loss to the Postmaster-General.

No charge for postage will be made on the depositor for any letter passing between him and the Savings Bank Department with regard to his deposits, or with regard to the withdrawal of the same, or for the transmission of his deposit book between him and the Savings Bank Department.

The postmasters and other officers of the Postmaster-General employed in the receipt or payment of deposits, are strictly forbidden to disclose the name of any depositor, or the amount of his deposits, except to the Postmaster-General, or to such of his officers as are appointed to assist in carrying on the business of the Post Office Banks.

A full statement of the regulations of the Post Office Banks may be seen in the 'British Postal Guide,' and at any Post Office Bank; where also information may be obtained with regard to the rules affecting—

- (A.) The deposits made by trustees on behalf of another person.
- (B.) The deposits of minors.
- (C.) The deposits of married women.
- (D.) The deposits of friendly or charitable or provident societies or penny banks.
- (E.) The repayment of the deposits of deceased depositors to their representatives.
- (F.) The repayment of the deposits of depositors who have become insane, or who are, from other causes, unable to act for themselves.

## FOREIGN.

### OPTIONAL OR COMPULSORY PREPAYMENT.

When a letter, addressed to go by a route that requires prepayment, is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to go back to the writer.

### DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER.

The letter *a* prefixed to any division shows that the postage there entered does not carry the letter

from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

### LETTERS FOR NON-COMMISSIONED OFFICERS, SOLDIERS, AND SEAMEN IN HER MAJESTY'S SERVICE.

Subject to the subjoined regulations, non-commissioned officers, bandmasters, army schoolmasters not being superintending schoolmasters or schoolmasters of the 1st class, private soldiers, or

seamen belonging to Her Majesty's ships, whether serving on sea or land, and whether in a British possession or foreign country, as also enrolled pensioners in Canada, can send and receive letters by packet or man-of-war, for a postage of 1d.; but if any such letters have to pass through a foreign country, they are subject, in addition, to the foreign postage, whatever that may be. Thus, the postage to the under-mentioned countries (including the British charge of one penny) is as follows:

|                                                                                                              |       |
|--------------------------------------------------------------------------------------------------------------|-------|
| To or from—                                                                                                  | s. d. |
| China, Ceylon, Mauritius, India, Japan, or Australia, <i>viâ Marseilles</i> . . . . .                        | 0 5   |
| Malta, <i>viâ Marseilles</i> (if not above $\frac{1}{2}$ oz.) . . . . .                                      | 0 4   |
| Do. above $\frac{1}{2}$ oz. but not exceeding $\frac{3}{4}$ oz. . . . .                                      | 0 7   |
| Chili, Peru, or any other place in the South Pacific . . . . .                                               | 0 2   |
| Vancouver's Island, British Columbia, or any other place in the North Pacific, <i>viâ New York</i> . . . . . | 0 2   |
| Canada, <i>viâ United States</i> . . . . .                                                                   | 0 2   |

1. The person claiming the privilege must at the time be actually employed in the service of Her Majesty, and must not be either a commissioned officer or warrant officer, viz. assistant engineer, gunner, boatswain, or carpenter, the privilege not extending to these officers.
2. If the letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable; and if sent by a private ship, the gratuity of one penny to the captain must also be prepaid. If posted abroad, prepayment is not compulsory; but if the letter be sent unpaid, it is on delivery charged twopence, together with any foreign postage or gratuity to a sea captain that may be due.
3. The letter must not weigh more than half an ounce.
4. It must relate entirely to the private concerns of the soldier or seaman.
5. The name of the soldier or seaman, with his class or description, must appear in the direction, and the officer having the command must sign his name, and specify the ship or regiment, corps or detachment, to which the soldier or seaman belongs; the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms:

**SEAMEN.**

From A. B., Seaman, H.M.S. —————  
 (Here the direction of the letter to be inserted.)  
 C. D., Captain (or other Commanding Officer),  
 H.M.S. —————

To A. B.,  
 Seaman, H.M.S. —————  
 (Here the direction of the letter to be finished.)

**SOLDIERS.**

From A. B., Sergeant, etc., — Regt. —————  
 (Here the direction of the letter to be inserted.)  
 C. D., Colonel (or other Commanding Officer),  
 Regt. —————

To A. B.,  
 Private (or Sergeant, Corporal, etc.) — Regt. —————  
 (Here the direction to be finished.)

If the letter be posted in the United Kingdom for a place abroad, unpaid or insufficiently paid, or if the class or description of the soldier or seaman be

not written in the address, it will be detained, and returned to the writer for payment of the postage.

Letters for seamen on board Her Majesty's ships stationed at a foreign port should not be addressed to the care of the British Consul at that port, or to any agent on shore, as the privilege enjoyed by seamen, of receiving their letters through the post at reduced rates of postage, is confined to such letters as are addressed directly to them. All letters directed to the care of any other person are liable to the ordinary rate of postage; and in those cases where prepayment is necessary, they will be detained if such ordinary rate be not prepaid. The same rule is applicable to letters for non-commissioned officers in the army, schoolmasters, if not of the first class, schoolmistresses, and private soldiers.

**OFFICERS' LETTERS.**

Letters addressed to or sent by a commissioned officer (in the Navy or the Royal Marines), or a warrant officer, when employed on board any of Her Majesty's ships, on a colonial or foreign station, as well as letters addressed to or sent by a commissioned officer, or a superintending or first class schoolmaster in the army serving abroad, are subject to the same rates of postage as the letters of the general public. Letters addressed to ships-of-war on the Pacific station are subject to a postage of 1s. 6d. per half-ounce each.

**ROUTES.**

Except in the under-mentioned cases, letters not specially directed by a particular route are forwarded by the route immediately following the name of the place in the Table of Colonial and Foreign Postage:

- Exceptions.*—I. Letters for Aden, Alexandria, Cairo, India, and Suez, are sent by the first mail despatched by British packet; letters for Borneo, Ceylon, China, Japan, Java, Labuan, Penang, Philippine Islands, and Singapore, are sent by first packet, whether British or French, according to the route indicated by the postage; letters for Malta are sent by the first mail despatched, if the prepayment does not indicate that they are to be sent by another route.
- II. Letters for Canada posted after the despatch of the mail *viâ* the United States on Saturday are forwarded by Canadian mail packet on Thursday, unless prepaid at the higher rate.
- III. Letters for the Argentine Confederation, Brazil, Buenos Ayres, Cuba, Guadalupe, Martinique, Mexico, and Monte Video, are, provided the prepayment be sufficient, sent in the first mail despatched after the time of posting.
- IV. Letters for Baden, Bavaria, and Wurtemberg, if insufficiently paid for transmission *viâ* France, but sufficiently paid to be sent *viâ* Belgium, are forwarded by the latter route.

**PRUSSIA AND THE GERMAN POSTAL UNION GENERALLY.**

According to the regulations of the German Postal Union, no letter exceeding 50 grammes (a little more than  $1\frac{1}{2}$  oz.) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any letters, therefore, forwarded in the mail to Prussia above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the Prussian frontier, to be stopped, and sent to the Custom House for delivery as *freight*.

### TRANSMISSION OF JEWELLERY, ETC. TO SPAIN, BELGIUM, TURKEY, AND COSTA RICA.

The laws of Spain forbid the transmission by the post within that country of letters or other packets containing watches, jewellery, or other articles of value, which are liable to Customs duties. Any such packets, therefore, which may be forwarded in the mails to Spain will not be delivered, but will be sent back from the frontier. A similar prohibition, on pain of forfeiture, is placed upon the transmission of diamonds and other jewels to the Turkish Empire, and of money and jewellery to the Republic of Costa Rica.

### REGISTRATION OF LETTERS, ETC.

The fee chargeable for registering a letter, in addition to the ordinary postage, *both of which must be prepaid, or the letter cannot be registered*, will be found against each country or place in the Table of Colonial and Foreign Postage. Letters, newspapers, books, and patterns may be registered to any place in the British Colonies, the United States of America, Switzerland (*via* Belgium), Italy, or the German States, also (when sent in closed mails) to the British Post Office in Egypt and Constantinople; but to other foreign countries only letters, and packets prepaid at the letter rates, can be registered. To some countries, as shown in the Table of Colonial and Foreign Postage, there is no arrangement whatever for registration.

Where the prefix '*in*' is made use of in the column of fees in the Table of Colonial and Foreign Postage, the letter can be registered only to the port of arrival; it being left in those cases to the postal authorities of the country to which that port belongs to continue the registration if they think proper. Where the word '*none*' appears, no registration can be effected.

*France and Countries through France.*—The registration fee upon letters addressed to France or countries through France (*exclusive of those sent in the closed mails to India, Hong Kong, Ceylon, Mauritius, Australia, Gibraltar, via France, Malta, Constantinople, Austria, Portugal, Spain, or Italy*, except the *Papal States*) is not a fixed sum, but is in all cases equal to the postage.

### LETTERS BY PRIVATE SHIPS.

Letters intended to be sent by private ship must be addressed 'By Private Ship;' and if by a particular vessel, the name of the ship must be added. The postage of a letter by a private ship to Belgium, Belize, British North America, United States, and the British West Indies, is 3d. not exceeding  $\frac{1}{2}$  oz., and 3d. is charged in the case of heavy letters for every additional  $\frac{1}{2}$  oz.; to the Cape of Good Hope, Natal, St Helena, and Ascension, the postage is 4d. not exceeding  $\frac{1}{2}$  oz., and 4d. is charged for every additional  $\frac{1}{2}$  oz.; to France, 4d. is charged for every  $\frac{1}{2}$  oz.; to Norway, every  $\frac{1}{2}$  oz. 7d.; Holland, 8d., not exceeding  $\frac{1}{2}$  oz.; in all other cases the single rate is 6d., and the postage for heavy letters progresses in the same manner as the postage of letters sent by mail packets. Letters may be sent unpaid to the following places, viz.: Azores, Belgium, Belize, British West Indies, Canada, Cape de Verds, Cape of Good Hope, Ceylon, Falkland Islands, France and Algeria,

Gold Coast, Holland, Hong Kong, India, Madeira, Mauritius, Natal, New Brunswick, Newfoundland, Nova Scotia, Portugal, Prince Edward Island, St Helena, Sierra Leone, and the United States; those for the Azores, Cape de Verds, Madeira, and Portugal being chargeable on delivery with 8d. per  $\frac{1}{2}$  oz.; those for France and Algeria, 8d. per  $\frac{1}{2}$  oz.; those for Norway, 9d. per  $\frac{1}{2}$  oz. each in addition to the postage; and those for the other places (except Holland, which are not chargeable with any addition), one extra rate each; but to all other places prepayment is compulsory. Book packets and patterns may be sent by ship at the packet rates to all places where they can be forwarded by mail packet.

Newspapers by private ships to the Azores, Cape de Verds, Madeira, and Portugal, are charged 2d. each; in all other cases they are charged 1d. each.

### HOT CLIMATES.

The practice of sealing letters passing to and from the *East and West Indies*, and other countries with hot climates, with wax (except such as is specially prepared), is attended with much inconvenience, and frequently with serious injury, not only to the letters so sealed, but to the other letters in the mail, from the melting of the wax and adhesion of the letters to each other. The public are therefore recommended in all such cases to use either wafers or gum, and to advise their correspondents in the countries referred to to do the same.

### PREPAYMENT, ETC.

Letters addressed to places abroad may be prepaid in this country either in money or stamps, but such payment must be wholly in stamps or wholly in money. Newspapers, book packets, and patterns must always be prepaid, and this by stamps.

With certain exceptions, the only admitted evidence of the prepayment of a letter, *inwards*, is the mark agreed upon with the particular foreign country or colony.

Naval officers, marines, and seamen serving abroad, are allowed to prepay such of their letters as are conveyed in their ship's bag with English postage stamps.

When prepayment is *optional*, any outward letter (that is, a letter posted within the United Kingdom, and addressed to some place out of it) posted with an insufficient number of stamps, is charged on delivery with the deficient postage in addition; unless the letter have to go to a country through France, in which case it is treated as wholly unpaid, the postal arrangements with these countries not allowing the recognition of partial prepayment. When, however, prepayment of the whole postage is *compulsory*, a letter or aught else posted with an insufficient number of stamps is sent to the Returned Letter Office.

Letters to or from Australia and New Zealand, posted wholly unpaid or paid less than one rate, are detained and returned to the writers for postage; but those on which one rate, although not the whole postage, has been paid by stamps, are charged with the deficient postage, and an additional rate as a fine. Letters for Tasmania *must be fully prepaid*.

Letters posted unpaid (wholly or in part), addressed to the under-mentioned places, are on delivery charged 6d. each in addition to the ordinary postage:—

**LETTERS FOR PASSENGERS ON BOARD MAIL PACKETS.**

Letters for passengers on board the Cunard and Inman packets for America touching at Queenstown, provided they be addressed to the care of the commander of the packet, and be

registered, may be posted in any part of the United Kingdom up to the time at which ordinary registered letters for America by the same packets are received.

Letters for passengers on board the Mediterranean packets about to sail from Southampton with the mails for India, Australia, China, etc., or on board the Canadian packets touching at Londonderry, may, under similar conditions, be posted up to the same time as ordinary registered letters for India, Australia, etc., or for Canada.

The letters should be addressed thus: 'Mr. \_\_\_\_\_, on board the mail packet at Queenstown [Londonderry or Southampton]. Care of the Officer in charge of the mails,' 'care of the commander of the packet,' as the case may be.

Letters directed to the care of the Packet Agent at Suez, and despatched by the mail *viâ* Marseilles, which follows the mail *viâ* Southampton, will probably reach passengers for India, etc., who have sailed in the packet from Southampton.

In Spain, as a rule, the circulation is prohibited of all articles which are not either letters or printed papers; but patterns and samples may be sent under the following regulations :—

1. The patterns or samples themselves must be of no intrinsic value whatever.
2. They must be enclosed in covers open at the ends or sides, or in such other manner as to admit of a thorough inspection.
3. The covers must contain no writing except the usual trade marks and numbers.
4. Packets of patterns and samples thus forwarded will be liable in this country to the same rates of postage as ordinary letters for Spain, viz. 6d. for a packet not exceeding a quarter of an ounce in weight, increasing for heavier weights at the rate of 6d. for each quarter of an ounce; and such postage must in all cases be paid in advance.

\* The only Post Offices in Western Australia which are authorized to issue Money Orders on the United Kingdom, and to pay Money Orders issued in the United Kingdom on Western Australia, are those at Perth and Albany (King George's Sound); but local arrangements are now in operation in the Colony, by which Orders drawn on Perth in favour of persons residing in the above-mentioned Towns and Districts can be negotiated, and the signature of the payee always obtained on the Orders.

The renewal of a lapsed Order, the issue of a duplicate Order, or the stoppage of payment of an Order issued by a Colony on the United Kingdom, will be made on application to the Controller of the Metropolitan Office of that portion of the United Kingdom in which such *Colonial Order is payable*, provided an additional British Inland Rate of Commission be enclosed with the application; except in the case of lapsed Orders, when the additional commission will be deducted from the amount of the new Order issued by the Department; but the lapsed Order must be transmitted with the application for its renewal. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of Colonial Orders originally drawn on their own offices.

For repayment of the amount of a Money Order, or for the correction of any error respecting the name of the Payee or Remitter of an Order issued by a Colony on the United Kingdom, the application on the subject, enclosing an additional Colonial Inland rate of Commission, must be addressed to the Controller of the Metropolitan Office of the Colony in which such *Order was issued*.

The impressed stamp has on it 'One Penny,' and the date in figures. The old stamps may still be used. The stamps appropriated by name are, *Bills and Promissory Notes, Bills of Lading, Proxy impressed Stamps, and Postage Stamps.*

In cancelling adhesive stamps, instead of writing the name of the party or his firm in full, it shall be sufficient if the initials shall be written, stamped, or impressed in ink on the stamp, together with any other particulars required by law, provided the stamp shall be effectually cancelled, so as not to admit of being again used. Provided always, that any one Document or Writing, although directing the payment of several sums of money to different persons, shall be chargeable with Stamp duty, as one order only.'

*Note.*—The duty on a Foreign Bill, on and after 3d April 1860, drawn or indorsed out of the United Kingdom for the payment of money on demand, is the same duty as on an Inland Bill of Exchange, for the payment of money otherwise than on demand. (23 Vict. c. 15.) See above.

The word 'indorsed' is held by the Board of

Inland Revenue to have no practicable effect. See *Times*, 20th and 22d April 1860.

Foreign Bill drawn in but payable out of the United Kingdom on demand, although to be indorsed out of the United Kingdom, if not drawn in sets, would be liable to duty of 1d.

[The duties on Foreign Bills, drawn out of the United Kingdom, are to be denoted by adhesive stamps. The holder to affix the adhesive stamp if one not on it before he negotiate it, and cancel the stamp by writing his name or the name of his firm and the date on it. (17 & 18 Vict. c. 83, § 3.) If the Bill or Note be received by the holder with the adhesive stamp effectually obliterated and purported, and appearing to be duly cancelled, the same, as regards such holder, shall be deemed to be so. If not cancelled, the holder may do so, as if he were the person first negotiating the Bill or Note. On his doing so, the Bill or Note shall be duly stamped. The person who ought to have cancelled the stamp not relieved of any penalty incurred by not cancelling the same. (24 & 25 Vict. c. 91, § 33.) The Act 23 Vict. c. 15, § 12, provides that the party paying the bill shall, when he does so, write the word 'paid' upon the stamp. The amount of duty on adhesive stamps is impressed on two parts. The Board of Inland Revenue recommend that the cancellation should be on one of the parts, and the other left legible.]

If a Foreign Bill payable abroad, and as to which the provision 'drawn in sets of three or more' apply, shall be drawn in a single bill, the duty will be the same as on an Inland Bill; and if in a set of two, the duty on each will be the same as on an Inland Bill. This is in accordance with the opinion of the Board of Inland Revenue (see *North British Daily Mail*, 3d November 1854). But the Board have given an opinion that a Foreign Bill drawn abroad and payable in this country in duplicate or triplicate only represents one transaction, and is liable to the duty on one Inland Bill of the same amount; that is, if one of the parts have the full duty, the others may be unstamped (see *Times*, 6th November 1854). The schedule of the Act does not provide for such a bill being drawn in sets. Bills bearing to be drawn out of the United Kingdom are to be deemed Foreign Bills so drawn, although they may in reality be drawn in the United Kingdom. (17 & 18 Vict. c. 83, § 4.) A person in the United Kingdom drawing and issuing a bill payable out of the United Kingdom in a set, must draw the whole set; and a person transferring or negotiating such bill must transfer and deliver, stamped, the whole number of the set. Penalty, £100. A person taking such bill must get the whole set stamped, otherwise he cannot recover on it or make it available. (*ib.* § 6.) This applies only to bills drawn within and payable out of the United Kingdom.

BILLS payable on demand, and indorsed out of the United Kingdom, wheresoever drawn, are held to be Foreign Bills, but chargeable with the same duty as Inland Bills not payable on demand. (27 & 28 Vict. c. 56, § 2.)

INLAND BILL, DRAFT, or ORDER, for the payment of any sum of money, though not made payable to the bearer, or to order, if the same shall be delivered to the payee, or some person on his or her behalf, the same duty as on a bill of exchange for the like sum, payable to bearer or order.

INLAND BILL, DRAFT, or ORDER for the payment of any sum of money, weekly, monthly, or at

any other stated periods, if made payable to the bearer, or to order, or if delivered to the payee, or some person on his or her behalf, where the total amount of the money thereby made payable shall be specified therein, or can be ascertained therefrom, or shall be indefinite, the same duty as on a bill payable to bearer or order on demand.

PROMISSORY NOTE for the payment of any sum of money by instalments, or for the payment of several sums of money at different days or times, so that the whole of the money to be paid shall be definite and certain, the same duty as on a promissory note, payable otherwise than to the bearer on demand, for a sum equal to the whole amount of the money to be paid.

The penalty for signing unstamped bill of lading is £50. (5 & 6 Vict. c. 79, § 24.)]

By the statutory note under this head it is provided that instruments containing settlements of lands or other property, or other matter or thing, besides the settlement of money or stock, shall be chargeable with duty in respect of such, as if contained in a separate deed. A marriage contract may therefore be liable to a number of different duties.

If definite and certain sums, and shares of stocks, are settled so as an interest to any extent shall be given, which shall certainly take effect, and not be altogether contingent, these are liable to the *ad valorem* Settlement Duty. If an annuity is provided to widow or others, such is liable to Bond of Annuity Stamp Duty. Obligations to pay sums to widow, such as for mournings, are liable to *ad valorem* Bond Duty. All settlements of property, or other matters not liable to specific duty, will be covered by one general deed duty, over and above the other duties. An obligation by the husband to pay sums to the trustees for the children, if any, would be liable to the Bond Duty, not Settlement Duty, being contingent.

[The Stamp duty of 5s. imposed by 55 Geo. III. c. 184, on a certificate of marriage, and on a certificate of reception of the holy sacrament, is repealed by the 28 & 29 Vict. c. 96, § 21.]

(28 & 29 Vict. c. 96, § 17.)

Such instrument is not chargeable with further duty (except progressive duty) by containing any further or additional security for the payment, transfer, re-transfer of such money, stock, interest, or dividends, or any new covenant, proviso, or other matter whatever in relation to such money or stock, interest, or dividends.

Any deed made for the further assurance only of any property already constituted a security, by a deed which has paid the *ad valorem* duty ;

Also any deed made as an additional or further security for any sum, etc., already so secured,—Where the total amount of value already secured does not exceed £1400,—The same duty as on a wadset for the amount. And in any other case, £1, 15s.

## INVENTORY DUTY.

### I. PERSONAL ESTATE:—

#### *Exhibition of the Inventory, and mode of paying the Duty.*

All and every person or persons who, as executor or executors, or otherwise, shall enter upon the possession or management, in whole or in part, of any personal or moveable estate in Scotland of any deceased person, shall, within six months thereafter, exhibit upon oath in the Commissary Court an Inventory, duly stamped, of all the personal or moveable estate and effects of the deceased. The Inventory and testamentary writings left by the deceased, if any, shall be recorded in the books of the said Court. (48 Geo. III. c. 149, § 38.)

Inventories and relative testamentary writings are to be given up and recorded in, and confirmations granted by, the Commissary Court of the county wherein the deceased died domiciled; and in the case of persons dying domiciled furth of Scotland, or without any fixed or known domicile, having personal property in Scotland, the Commissary Court of Edinburgh. (21 & 22 Vict. c. 56, § 3 and 8.)

Oaths and Affirmations to Inventories of personal

estates, to be given up and recorded in any Commissary Court, may be taken either before the Commissary or his Depute, or the Commissary-Clerk or his Depute, or before any Commissioner appointed by the Commissary, or before any Magistrate or Justice of the Peace within the United Kingdom or the Colonies, or any British Consul. (21 & 22 Vict. c. 56, § 11.)

If the deceased person died domiciled in Scotland, it shall be competent to include in the Inventory of the personal estate in *Scotland*, the personal estate in *England* and *Ireland*. The estate in *England* and *Ireland* shall be separately stated in the Inventory, and the Inventory shall be stamped with a duty corresponding to the entire value of the estate situated within the United Kingdom. If confirmation be required, the domicile must be proved, and the Commissary must find it to be in *Scotland*. A Confirmation, in which shall be included personal estate in *England* and *Ireland*, on being produced in the principal Probate Court in *England*, and the Court of Probate in *Dublin*, and a copy thereof deposited with the Registrar, together with a copy of the interlocutor of the Commissary finding that the

deceased died domiciled in Scotland, is to be returned sealed, and is thereafter to have the same force and effect in England and Ireland as if Probate or Letters of Administration had been granted by these Courts. (21 & 22 Vict. c. 56, § 9, 12, and 13.)

The provisions of the Act are merely permissive to pay Inventory Duty on the whole personal estate in Great Britain and Ireland where the deceased died domiciled in Scotland, and the like provisions as to the payment of Probate and Administration Duty where the deceased died domiciled in England and Ireland. It is therefore still competent to pay Inventory Duty on the estate situated in Scotland, and Probate or Administration Duty in respect of the estate in England and Ireland. In the case of a person dying domiciled furth of the United Kingdom having personal estate situated in Scotland, this mode of paying the duty must be followed, as in that case there is no provision for payment of Stamp Duty, in respect of the personal estate in England or Ireland, on the Inventory, or obtaining confirmation in respect thereof.

#### *Additional Inventory—Corrective Inventory.*

If there be any omission in the Inventory inferring payment of further duty, an additional Inventory of such is required to be exhibited by 48 Geo. III. c. 149, § 38; and § 40 provides that the same shall also specify the amount or value of the estate and effects of the same person comprised in the former Inventory. By 16 & 17 Vict. c. 59, § 8, such additional Inventory shall be *chargeable only with such amount of Stamp Duty* as, together with the Stamp Duty charged upon the former duly stamped Inventory of the estate and effects of the same deceased person, *shall make up the full amount of Stamp Duty*, in respect of the total amount of all the estate and effects of the deceased specified in the said additional and any such former Inventory. If the estate shall be over-estimated, or if something shall be improperly included in the Inventory, an Inventory on a stamp corresponding to the ascertained value must be exhibited, and the original Inventory will be allowed on affidavit as a spoiled stamp, within six months after the recording of the second Inventory.

*Personal Property disposed of by Will under an absolute power liable to Inventory Duty—Indian Government Promissory Notes, etc., Personal Property in England—British Ships at Sea—Property to be valued at the time the Inventory is sworn to, and the Inventory to include the proceeds accrued on the property down to that time.*

Personal estate which a person, dying after 3d April 1860, shall have disposed of by will, under any authority enabling such person to dispose of the same as he shall think fit, shall be deemed personal or moveable estate of the person so dying, for the purpose of payment of Inventory, Probate, or Administration Duty. (23 Vict. c. 15, § 4.) The duties shall be charged on the property in respect of which the same are payable, and shall be paid thereon by the trustees or owners thereof, to the executors, for the benefit of the persons entitled to the personal estate of the deceased. (*ib.* § 5.) Indian Government Promissory Notes and

Certificates issued, or Stock created in lieu thereof, being assets of a deceased person, the interest of which shall be payable in London, registered in London, or encased in India for the purpose of such registration, before the death of the owners; also Indian Government Promissory Notes with coupons attached, in the same circumstances as to registration, and Certificates issued, or Stock created in lieu thereof, shall be personal estate and *bona notabilia* in England of the deceased (23 Vict. c. 5, § 1): Also any ship, or any share of a ship, belonging to a deceased person, registered at any port in the United Kingdom, notwithstanding such ship at the time of the death may have been at sea, or elsewhere out of the United Kingdom, shall be deemed to have been at the time aforesaid in the port at which she may be registered (27 & 28 Vict. c. 56), and liable to Inventory, Probate, or Administration Duty. 'The Inventory and additional Inventory of any person deceased, required to be exhibited and recorded in the proper Commissary Court in Scotland, shall be stamped with duty according to the value of the property contained therein at the time they shall be respectively sworn to, including the proceeds accrued thereon down to that time; and the duty, or deficient duty, according to such value and proceeds, and interest thereon at the rate of five per centum per annum, shall be a debt to Her Majesty by the person making oath to said Inventory and additional Inventory, and his heirs and successors; and if such Inventory and additional Inventory shall not be exhibited and recorded, the Inventory Duty on all the personal or moveable estate and effects of the deceased, and interest thereon at the rate of five per centum per annum from the expiry of the period of six months after the death of such deceased person, shall be payable and shall be a debt to Her Majesty by the person who shall intrmit with or enter upon the possession and management of such personal or moveable estate and effects, or any part thereof, and his heirs and successors.' (23 & 24 Vict. c. 80, § 5.)

## II. HERITABLE SECURITIES.

The Act 31 & 32 Vict. c. 101, § 117, makes heritable securities moveable as regards succession in the creditors, from and after the commencement of the Act 31st December 1868, and this whether the security shall have been granted before or after that date. These securities, therefore, will, after the above date, be liable to Inventory Duty the same as other moveable property, and should be included in the Inventory of the personal estate. Such securities will still be money secured on heritage; and in so far as they may not come under the statutory provisions applicable to personal property, the Acts 23 Vict. c. 15, and 23 & 24 Vict. c. 80, will apply to them. The mode of payment of duty by special Inventory, as provided in 23 & 24 Vict. c. 80, will not be competent, in so far as they are moveable property, and come under the statutes applicable to personal property. The Act 23 & 24 Vict. c. 80 will still apply to heritable securities, excluding executors, which are by the above section of 31 & 32 Vict. c. 181, to remain heritable, and also to personal bonds, excluding executors.

III. GENERAL OBSERVATIONS.

*Modes in which Duty may be paid when deceased domiciled in Scotland, and personal property in Scotland, England, and Ireland, and heritable securities excluding executors, and personal bonds excluding executors.*

In the case of a person dying domiciled in Scotland having personal property in Scotland, England, and Ireland, and heritable securities excluding executors, and personal bonds excluding executors:—I. Duty in respect of the whole may be paid on the Inventory required to be recorded in the Commissary Court; II. Or Inventory Duty may be paid on the personal property situated in Scotland, including heritable securities made moveable by the Act 31 & 32 Vict. c. 101, § 117, and Duty may be paid on a 'Special Inventory' of the heritable securities excluding executors, and personal bonds excluding executors, and probate or administration may be obtained in England and Ireland in respect of the personal estate in

these countries, and duty paid in respect of such on these several instruments.

*Mode in which Duty may be paid when deceased domiciled furth of the United Kingdom.*

In the case of a person dying domiciled furth of the United Kingdom leaving personal estate in Scotland, England, and Ireland, an Inventory must be given up in Scotland, probate or administration taken out in England and Ireland, and duty paid on such in respect of the property in each country.

For Probate and Administration Duty, debts and sums of money due from persons in the United Kingdom to a deceased, on obligation or other speciality, shall be estate and effects of deceased within the jurisdiction of Her Majesty's Court of Probate in England or Ireland in which the same would be if they were debts upon simple contract, without regard to the place where the obligation or speciality shall be at the time of the death. (25 Vict. c. 22, § 39.)

*Exemptions.*—Inventory of the estate of any common seaman or soldier dying in service. Additional Inventory where the duty on the whole estate does not exceed that already paid on the former Inventory.

*Note.*—Forms of Inventory and Additional Inventory will be found in the *Juridical Styles*, vol. III. Appx. pp. 8 and 11. Forms will also be obtained at the office of the Solicitor of Inland Revenue, Edinburgh.

*RENTS.*—*Landed Property.*—If the deceased survive Whitsunday, one moiety of the rents of the crop of that year is personal estate. If he survive Martinmas, the whole rents of that crop fall into the executy. Where the deceased is a lifeenter or heir of entail, and the rents are payable under

instruments dated subsequent to 16th June 1834, a proportion corresponding to the period from the preceding term to the date of death is also personal (4 Will. iv. c. 22). *House Property*.—The term's rents current at the death are personal. The Apportionment Act would appear not to apply to the rents of property held by the deceased in fee-simple. See *Baillie v. Lockhart*, House of Lords, 23d April 1855.

*Stocks and Debts of Foreign Governments and Companies*.—Documents of the debts of Foreign Governments and Foreign Companies which pass from hand to hand are property where the documents may be. Debentures or bonds by Foreign Companies and Governments, and the title to Stocks of Foreign Companies and Governments in the possession of a party dying in Scotland, if they can be sold in the market, and the right of the purchaser completed to them in this country, are property situated in this country and liable to Inventory Duty. See *Attorney-General v. Bouwens*, 4 Meeson and Welsby 171.

#### RETURN OF INVENTORY DUTY.

The inventory duty and probate and administration duty are paid on the whole personal property, without deduction of debts; but the Act 5 & 6 Vict. c. 79, § 23, provides for a return being given on proof of the constitution and payment of the debts. This return must be claimed within three years; but the time will be prolonged on application to the Board of Inland Revenue. No return shall be given in respect of any voluntary debt due from any person dying after 28th June 1861, expressed to be payable on the death of such person, or payable under any instrument which shall not have been *bona fide* delivered to the donee three months before the death of such person. (24 & 25 Vict. c. 92, § 3.)

#### LEGACY DUTY.

| <i>On Legacies, Residues, etc.</i>                           | Duty per et. |
|--------------------------------------------------------------|--------------|
| To children or their descendants, or lineal ancestors, . . . | £1 ½ 0 0     |
| Brother or sister, or descendant, . . .                      | 3 0 0 0      |
| Uncle or aunt, or their descendants, . . .                   | 5 0 0 0      |
| Grand uncle or aunt, or their descendants, . . .             | 6 0 0 0      |
| All other relations or strangers, . . .                      | 10 0 0 0     |

The husband or wife of the deceased is not chargeable with duty. If the legatee's husband or wife is of nearer consanguinity than the legatee, duty is payable according to such nearer relationship. (16 & 17 Vict. c. 51, § 11.)

This duty is payable for every legacy out of the personal or moveable estate, or out of or charged upon the real or heritable estate of the deceased, or out of any moneys to arise by the sale, mortgage, or other disposition of the deceased's real or heritable estate, or any part thereof: Also for the clear residue (after deducting debts, funeral expenses, legacies, and other charges first payable thereout) of the personal or moveable estate, whether the title to such residue shall accrue by virtue of any testamentary disposition, or upon a partial or total intestacy: And also for the clear residue of the moneys to arise from the sale, mortgage, or other disposition of any real or heritable estate, directed to be sold, mortgaged, or otherwise disposed of by any will or testamentary instrument. (55 Geo. III. c. 184, sch. part iii.)

Annuities commencing to be payable on the death of persons dying after 19th May 1853 are valued for legacy duty according to tables annexed to the Succession Duty Act (16 & 17 Vict. c. 51); and Annuities commencing to be payable previous to that date, by the tables annexed to the Legacy Duty Act (36 Geo. III. c. 52).

Duty is not exigible on legacies or residues under £20; but if a legatee take two or more legacies under any testament, which shall to-

gether be of the amount of £20, each shall be charged with duty, though each or either may be separately under that amount. Duty on legacies and residues in arrears—interest thereon at 4 per cent.—is payable. (31 & 32 Vict. c. 124, § 9.)

*N.B.*—Printed forms and regulations regarding all the succession duties will be obtained gratis, on application at the Inland Revenue Office, Edinburgh; and at the offices of the Distributors of Stamps in the country. Practical directions as to the settlement of the Legacy Duty will be found in *Juridical Styles*, vol. II. Appx. p. 27.

**SUCCESSION DUTY.**—The duty commences on the death of persons dying after the 19th May 1853 (16 & 17 Vict. c. 51, § 2 and 54), and seems to be imposed on all property, both heritable and moveable, passing by death, not liable to the duty on legacies and successions to personal estate upon intestacy—the duty imposed by the Legacy Duty Acts. The duty on *heritable property* is charged on the annual value, after allowance of the necessary outgoings (§ 22), as an annuity for the life of the successor (§ 21), which is to be valued by tables annexed to the Act.

*Personal property* is liable to duty according to the value of the succession; and money charged on heritage—heritable securities—is chargeable as personalty (§ 1).

The property chargeable with duty is called 'Succession' (§ 1), and 'Successor' denotes the person entitled to it, and 'Predecessor' the person from whom the interest of the successor is derived (§ 2).

#### *Rates of Succession Duty.*

Lineal issue, or lineal ancestor of the predecessor, £1 per cent.

Brothers and sisters of the predecessor, and their descendants, £3 per cent.

Brothers and sisters of the father or mother of the predecessor and their descendants, £5 per cent.

Brothers and sisters of the grandfather or grandmother of the predecessor and their descendants, £6 per cent.

Any other person, £10 per cent.

The husband or wife of the predecessor is not chargeable with duty (§ 18); and if the successor's husband or wife shall be of nearer consanguinity than the successor, duty is payable according to such nearer relationship (§ 11).

The following are also *exemptions* from the succession duty:—

1. Successions from the same predecessor, passing on any death, not amounting in principal value to £100 (§ 18).
2. Any succession of less value than £20 in the whole (*ib.*).
3. Legacies and personal property charged with legacy duty, in respect of the same acquisition (*ib.*). Duty on successions in arrear—interest

thereon at the rate of 4 per cent.—is payable. (31 & 32 Vict. c. 124, § 9.)

*Note.*—The collection of the succession duty forms a branch of the business of the Legacy Duty Department of the Inland Revenue. Forms of the accounts may be obtained at the

Legacy Duty Office, Edinburgh; and at the offices of the Distributors of Stamps in the country. Practical directions as to the settlement of the Succession Duty will be found in *Juridical Styles*, vol. II. p. 38.

#### DISCOUNT ON THE PURCHASE OF STAMPS.

Purchasers of stamps (except receipt, labels for medicines, newspapers, and postage stamps) at London, Edinburgh, or Dublin, under the value of £10 each, but to the value of £30 or upwards in whole, are allowed discount at the rate of 30s. per cent. (12 & 13 Vict. c. 80.) The like discount is allowed to any person lodging at Edinburgh, paper or forms containing printed matter only, to be impressed with stamp duties under the value of £10 each, but to the value of £30 or upwards in whole.

To persons who at one time shall produce at the office of Inland Revenue in London, Edinburgh, or Dublin, paper to be stamped with, or shall purchase at the office in London, Edinburgh, or Dublin, stamps to the amount of £2 or upwards, or of any distributor or sub-dis-

tributor of stamps at any place not within the distance of ten miles from the said offices respectively, stamps to the amount of £1 or upwards, denoting any rate of duty not exceeding 1s. on *Bills of Exchange, Drafts or Orders, or Promissory Notes, or Stamps*, for denoting the duty of one penny on any instrument or document whatever (except postage stamps and customs stamps), an allowance shall be made of tenpence for every 20s. of the amount of the duties denoted by such stamps. (23 & 24 Vict. c. 111, § 3.) Any person selling such stamps shall not make any charge for the paper whereon the same are impressed. Penalty for doing so, or demanding or receiving a greater price or sum than the amount of the stamp duty, £10. (*ib.* § 25.)

#### REGULATIONS AS TO EXCHANGING SPOILED STAMPS.

The Solicitor's Office, No. 5 in the Inland Revenue Office, is open for the allowance of spoiled stamps every Tuesday and Thursday, from 12 noon to 2 P.M. The distributors of stamps at the following places also receive spoiled stamps for allowance:—Aberdeen, Ayr, Banff, Cupar-Fife, Dumfries, Dundee, Elgin, Forfar, Glasgow, Greenock, Inverness, Peebles, Perth, Stirling, and Tain.

A supply of forms of affidavits is kept by the Solicitor and the above distributors, and claimants may attend at the Solicitor's Office, and have the affidavits filled up and taken; or they may get copies of the forms, and take the oath before a justice of the peace, and afterwards lodge the affidavits and the stamps with any of the above officers. If the claim be admitted, a ticket is issued, stating that application is to be made for the new stamps after Monday seven-night, and within six weeks from the date of the ticket; if not made within that time, the claim will be forfeited.

The stamps, if belonging to parties resident in Edinburgh, or within ten miles thereof, must be presented for allowance within six months after being signed in the case of executed instruments, and six months after being spoiled in the case of unexecuted instruments; if the stamps belong to persons beyond that distance, six months in the former, and twelve months in the latter case.

Bills and notes delivered to payees, or negotiated or issued in any way, and bills accepted or tendered for acceptance, cannot be exchanged unless a new bill be produced, in all respects the same excepting the correction of the error. As to the exchange of sea policies of insurance, see 30 Vict. c. 23, § 17. The cases for allowance are—

1. Where policy shall be inadvertently filled up in an incorrect or improper manner;

2. Or be obliterated or otherwise spoiled and rendered unfit for use;

3. Or shall be filled up for some insurance which shall not be proceeded in, and the same shall not be signed by any underwriter, but in no other case.

Application must be made within six months after the policy shall be spoiled or become useless.

Unsigned instruments are allowed if inadvertently spoiled. Signed, if void in law from the beginning; from error or mistake, unfit for the purpose originally intended; from death, or refusal to sign, of any person whose signature is necessary; from the want of the signature of some material and necessary party; from refusal to act under, or from non-acceptance—they shall be unfit for, or fail of the purpose intended; or if the transaction be carried through by another instrument duly stamped. (See 53 Geo. III. c. 108.) In the case of transfers of stock signed by the seller alone, and other instruments if by one party, new deeds require to be produced to the proper officer of stamps, who, as to transfers, is instructed to certify in what particulars they differ from those spoiled.

Stamps of a different description may be obtained for any stamp spoiled if it be of the value of £6 or upwards. Application for this purpose to the Commissioners of Inland Revenue should be lodged with the affidavit. The Commissioners, by 3 & 4 Will. IV. c. 97, § 19, may, if in their discretion they think fit, refund, in money, the amount of spoiled stamps. They are also authorized to repay the amount of stamps for which the possessor has no immediate use, if applied for within three months after being purchased. In both cases is deducted the percentage allowed by law on the purchase of stamps.

#### STAMPING DEEDS AFTER BEING SIGNED.

*Beyond Twelve Months.*—The duty or deficiency of duty shall be due and payable to Her Majesty, and also the penalty of £10. The deed will only be stamped on payment of the whole or (as the case may be) the deficiency of the stamp

duty remaining payable on it, and over and above such duty a penalty of £10; and if the whole amount of said duty or deficiency shall exceed £10, then, in addition to said duty and penalty, there shall be paid, by way of addi-

tional penalty, interest on the duty or deficiency at the rate of five per cent. from the date or first signing of the deed; but such interest shall not exceed the amount of the said duty or deficiency of duty.

*Within Twelve Months.*—If the deed shall be brought to the Commissioners of Inland Revenue within twelve months after the first signing or executing, in order to be stamped, it may be stamped without payment of the penalty, or on payment only of a portion thereof, provided it shall be proved to the satisfaction of the Commissioners that the deed was not duly stamped previously to being signed, by reason of accident, mistake, inadvertency, or urgent necessity, and without any wilful design to evade or delay the payment of duty. (13 & 14 Vict. c. 97, § 12.)

*Abroad.*—If the deed shall be executed by any party abroad, it may be stamped without any penalty, if brought to be so within two calendar months from the time of being received in the kingdom, upon proof of the facts to the satisfaction of the Commissioners. (13 & 14 Vict. c. 97, § 13.)

*Adhesive Stamps.*—Where adhesive stamps may be affixed to any instrument, an officer of Inland Revenue, authorized by the Commissioners, may, on the instrument being produced to him, affix and cancel the adhesive stamp. The instrument shall thereupon be deemed sufficiently stamped. But this not to apply to instruments not allowed to be stamped after being made, signed, or issued, nor to instruments after the expiration of the period limited for stamping them. The penalty required to be paid on stamping of the instrument is not affected by this provision. (24 & 25 Vict. c. 91, § 32.)

*N.B.*—The following notice, dated 17th April 1868, has been issued, as to receiving and stamping instruments and forms at Edinburgh:—

Instruments and Forms will be stamped at No. 10 Waterloo Place, Edinburgh, subject to the following conditions:—

#### INSTRUMENTS.

Instruments (other than agreements liable to a duty of 6d., and charter-parties\*) which may be lawfully stamped, will, if presented within two months after the first date, be received on any lawful day, except Saturday, between the hours of 10 A.M. and 2 P.M.; and

\* As to stamping agreements and charter-parties, see notes under these heads.

on Saturday, between the hours of 10 a.m. and 12 noon.

Instruments lodged on Friday before 2 P.M., or on Saturday before 12 noon, will be delivered to the person or persons presenting the relative ticket or tickets on the following Monday, or on the first lawful day thereafter, between the hours of 1 and 2 P.M. If lodged on Monday, Tuesday, Wednesday, or Thursday, instruments will be delivered out, on presentation of the relative tickets, between 1 and 2 P.M. on the day immediately following that on which they were lodged, or on the first lawful day thereafter, except Saturday. Each instrument must be called for on the day and at the time indicated in the ticket issued when the instrument was lodged; and the ticket must be produced when the instrument is called for.

Agreements liable to a duty of 6d. will be received within fourteen days after date, and stamped and delivered out as above indicated.

Charter-parties will be received within seven days after date, on payment of a duty of 6d. and 4s. 6d.; after seven days and within one calendar month after date and first signing, on payment of the duty and £10.

#### FORMS (DRAFTS, RECEIPTS, ETC.)

Will be received on every lawful day, between the hours of 10 and 11 A.M., and will be delivered out between 10 and 11 A.M. on a day which will be indicated in the respective tickets delivered to the persons lodging such forms, or in printed notices to be thereafter addressed to them.

It will materially conduce to the despatch of business if the forms to be stamped shall be made up in packets not exceeding 10,000 or thereby.

In ordinary cases, and in the absence of any undue pressure, forms will be delivered out within forty-eight hours after they shall have been lodged.

Schedules for the use of persons lodging instruments or forms will be supplied at the office.

The duties to be impressed on instruments or forms must be paid to the cashier, No. 3 Lobby, before the goods are lodged.

Of the goods lodged, due care will be taken; but it must be understood that the risk is with the owners and not with the office.

If an opinion shall be required as to the duty payable in respect of any deed or instrument, application for an adjudication schedule must be made at the Solicitor's Office, No. 5.

#### DOUBTS AS TO THE SUFFICIENCY OF STAMPS MAY BE REMOVED.

The opinion of the Commissioners of Inland Revenue as to the duty to which a deed, whether previously stamped or otherwise, is chargeable, may be obtained on the deed being presented at their office (Edinburgh), and a fee of 10s. paid. The duty or insufficient duty which the Commissioners may assess, and the penalty, if any, being paid, they shall stamp the deed with the duty so paid; and thereupon, and also in the case of the deed being previously sufficiently stamped, shall also impress the deed with a particular stamp to be provided for the purpose. The deed shall then be received in evidence, notwithstanding any objection to it

as insufficiently stamped. The provision does not apply to bonds or mortgages for unlimited amounts, nor to instruments after being signed, prohibited from being stamped. On the stamp duties assessed being paid, and 40s. for costs being deposited, the opinion of the Commissioners may be appealed against to the Court of Exchequer in Scotland, if the deed has been presented for the opinion of the Commissioners at their office in Edinburgh; to the Court of Exchequer at Westminster, if the deed has been presented at London; to the Court of Exchequer in Ireland, if the deed has been presented in Dublin. (13 & 14 Vict. c. 97, § 14)

& 15; 28 & 29 Vict. c. 96, § 22.) The Commissioners may also adjudge on deeds not liable to any stamp duty; and if any duty is assessed, the party may appeal. (16 & 17 Vict. c. 59, § 13.)

*N.B.*—Instruments are received for adjudication at the Solicitor's Office, Inland Revenue, Edinburgh, on the same conditions as to duty and penalty as instruments to be stamped merely (see above). The mode of proceeding is as follows:—The sum of *ten shillings* for the adjudication stamp is first to be paid to the Cashier, No. 3 Lobby. Then the schedule (the duty

to be impressed of course not being inserted in the schedule), the instrument after execution, and an abstract (written on foolscap paper) of it giving the substance of the clauses and provisions, particularly dates and sums, and a reference to the page on which each commences), are to be left at the Solicitor's Office, No. 5, on Mondays and Wednesdays, between 10 and 12 o'clock *only*. Between 10 and 12 o'clock on the Thursday following, a party who can give explanation must call on the Assistant-Solicitor, No. 6; and he should be prepared to pay the proper duty, and penalty if any, to the Cashier, No. 3 Lobby.

#### DUPLICATES OR COUNTERPARTS.

Duplicates or counterparts of instruments requiring to be impressed with the denoting stamp to render them valid, may be lodged at the Solicitor's Office, No. 5 Inland Revenue, Edinburgh, between 10 and 12 o'clock on Mondays and Wednesdays only. The principal instrument, as well as the duplicate, must be

lodged, and both must appear to be properly stamped.

*Mem.*—The revenue takes no risk of loss or injury connected with the custody or carriage of the instruments received and transmitted to be stamped.

## HACKNEY CARRIAGES IN EDINBURGH.

## FARES BY DISTANCE.

1. The distance to which any hackney carriage may be driven under these Bye-laws, shall be seven miles from the Cross of Edinburgh.

2. When a party not exceeding two grown-up persons, and without any luggage other than a carpet-bag or the like, enters a carriage at a stance, or when driving along disengaged, they shall be driven half a mile for 6d.; and if they return they shall pay the same fare. The driver shall draw up to either side of the pavement when called; and if detained more than five minutes before starting, he shall be entitled to 6d. for waiting.

*N.B.*—This rule shall not apply to fares from railway stations.

3. Excepting the Sixpenny Fare, the fares by distance shall be shown in the annexed Table of Fares. The charges in the table shall include going from the stance or stable to the hirer's residence, and waiting ten minutes. But if the carriage be detained, before starting, more than ten minutes, a charge for waiting at the rate of 6d. for each quarter of an hour, or part thereof, after the expiry of the ten minutes, shall be allowed; and if the place where the hirer is to be taken up be beyond half a mile from the stance or stable whence the carriage is taken, there shall be a charge of 6d. for such distance.

4. When any place is not mentioned in the table, the fare shall be the same as that to any place mentioned which may be in the immediate vicinity.

5. When the fare of any particular place not mentioned cannot be ascertained by reference to a place in the immediate vicinity, the fare shall be 1s. for a distance from the stance not exceeding a mile and a half, and *sixpence* for every additional half-mile or part thereof.

6. Half fare returning with the party, excepting the half-mile drive.

7. When parties return (which they shall have the option of doing), and the fare going is 1s., the carriage shall wait ten minutes without any charge for waiting; when 1s. 6d., fifteen minutes; when 2s. and upwards, twenty minutes. If the carriage be detained longer, a charge shall be allowed for waiting, at the rate of 6d. for every twenty minutes, or part thereof, commencing at the periods when the free waiting expires.

8. When a carriage is called but not used, a charge of 6d. shall be allowed, if the place to which it is called be under half a mile from the stance or stable, and 1s. if beyond that.—Waiting as in Section 7.

## FARES BY TIME.

It shall be in the option of the hirer to employ a carriage within the municipal bounds by time, for SHOPPING, MAKING CALLS, and the like, where the driving is not continuous. The charge in such cases shall be 1s. for the first half-hour, and 6d. for every additional quarter of an hour.

For an AIRING into the country within seven miles from the Cross of Edinburgh, and returning either by the same or a different road, the rate shall be 6d. for every ten minutes, or 3s. per hour. A drive round the Queen's Drive shall be considered an airing. Unless the hirer wishes a slower pace, the rate of driving when out an airing shall be at least six miles an hour; and in the event of the driving being at a slower pace than six miles an hour, contrary to the wish of the hirer, it shall be optional for the hirer to pay the fare in the proportion of 3s. for every six miles so travelled.

## WHETHER THE FARES ARE BY DISTANCE OR BY TIME.

1. The hirer pays tolls.

2. If there be more than four grown-up persons driven, a charge of 6d. extra shall be made for each additional grown-up person, or for each two children above six years of age, and under twelve. No additional charge for one child above six to twelve, or children under six years.

3. From twelve at night till seven morning—double fare.

4. The above fares are for one-horse carriages, and there shall be no additional charge when two horses are used.

5. Owners or drivers may agree to drive at lower fares than those fixed. In that case, should they demand more than the fare agreed on, they shall be liable as for an overcharge.

## LUGGAGE.

For luggage exceeding 100 lbs. in weight there shall be a charge of 6d. extra. But there shall be no charge for luggage under that weight. The driver shall assist in loading and unloading in all cases when required.

## FARES MAY BE WITHHELD.

Any party shall be entitled to withhold payment of the fare—

1. When the name and number are not painted outside, or when there is no plate inside, in terms of Article Third of these bye-laws.
2. When the reference ticket is not given.
3. When the bye-laws, table of fares, and driver's licence are not shown on demand.
4. When an overcharge is made.
5. When the driver fails or refuses to complete an engagement.

## REDRESS.

Parties aggrieved will obtain redress on application to the Procurator-Fiscal at the City Chambers, within eight days after the date of the offence, except in cases when parties are prevented making such application by their absence from town.

*Note.*—Attention is specially directed to the 237th Section of the Police Act, which imposes a penalty not exceeding 10s. on any person who refuses to pay the regular fare on demand.

TABLE OF FARES FROM THE FOLLOWING STANCES.

**T**HIS COMPANY was established at Edinburgh in 1825. The Acts of Parliament 2d and 3d Gul. IV., cap. 81, and 8th and 9th Vict., cap. 75, also the 22d and 23d Vict., cap. 27, have been granted for the purpose of its constitution and for the regulation of its affairs. It has been conducted with much success, which may be attributed not only to its extensive and influential connections, but more particularly to the liberality of its dealings, and to the constant attention paid by the Directors to the adoption of improvements and facilities in connection with the contract of Life Assurance.

The AMOUNT OF NEW ASSURANCES effected during the five years from 1860 to 1865 was upwards of THREE MILLIONS EIGHT HUNDRED THOUSAND POUNDS Sterling, and during the four following years, 1866, 1867, 1868, and 1869, upwards of FOUR MILLIONS AND A HALF Sterling, and the TOTAL SUMS ASSURED now amount to upwards of SIXTEEN MILLIONS Sterling. The COMPANY'S INCOME, which is rapidly increasing, is upwards of SEVEN HUNDRED THOUSAND POUNDS Sterling per Annum. The ACCUMULATED FUND, which is upwards of FOUR MILLIONS Sterling, is invested in Government Securities; Loans on the Security of Land, by Bond and Mortgage; Landed Property; Advances to the Company's Policy-holders, and other undoubted Securities. These Investments were specially investigated, on occasion of the Division of Profits in 1865, by a Committee of Professional Gentlemen appointed for the purpose, whose report, which was entirely favourable, will be found in the Company's Prospectus. The COMPANY'S PROFITS have been divided on Seven occasions—1835, 1840, 1845, 1850, 1855, 1860, and 1865. The next Division will take place in 1870, and at intervals of Five Years thereafter.

## 1870 IS THE BONUS YEAR.

And all Persons who Assure under the Profit Scheme before 15th November,  
will secure a Share in the Division.

**T**HE SCOTTISH EQUITABLE LIFE ASSURANCE SOCIETY is an Institution peculiarly adapted for securing family provisions. It is a purely Mutual Assurance Society. The whole Profits are allocated every FIVE YEARS among the Policies in force. No part is, as in the case of a Proprietary Company, diverted from those who are assured, and paid away to Shareholders; and the additions which have already been made to Policies, afford the clearest evidence of the prosperity of the Institution, and the great advantages derived by its members.

**Foreign Residence.**—The Assured are allowed to travel or reside in any part of Europe without licence; and, on application, licence will be given, without payment of Extra Premium, to reside in Canada, the Northern States of North America, Australia (to the southward of 30° south latitude), New Zealand, and the Cape Colony. A small extra premium is charged for the risk of the voyage to the three last-mentioned places.

No extra Charge is made for Military Service of any description within the United Kingdom.

**Indisputable Policies.**—Policies of Five Years' standing may be declared Indisputable on any

ground whatever, except non-payment of the Premiums, on satisfactory evidence that the Assured have no prospect of going beyond the limits of Europe.

**Surrender of Policies.**—A liberal allowance is given on the Surrender of Policies for the whole term of life, on which three years' Premiums have been paid.

**Loans to Policyholders** are granted to the extent of the Surrender Value of their Policies, free of all expense, and without any other security than the deposit of the Policies. These Loans may be repaid at any time.

# LIFE ASSOCIATION OF SCOTLAND.

FOUNDED THIRTY YEARS AGO.

ANNUAL INCOME, . . . . . £246,000 STERLING.  
RESERVED FUNDS, . . . . . £1,300,000 „

*The Permanence of the Institution, with the utmost Advantage and Protection to the Policy-Holders, has been the constant aim of the Directors.*

INVESTMENTS of a high class only have been chosen for the Funds. All Transactions involving speculation or responsibility have been avoided. Losses have thus been unknown, and the Reserved Funds have undergone a continuous and uninterrupted Increase.

THE ACTUARIAL VALUATIONS have always been made on the strictest and most approved principles; no portion whatever of the margin for contingencies, expenses, or profit having been brought into account. The result has invariably proved the Funds to be more than sufficient for the Liabilities.

The last ANNUAL REPORT contains full particulars of the Association's transactions and position, with details of the RESERVED FUNDS, amounting to ONE MILLION AND A QUARTER STERLING.

BESIDES the FUNDS RESERVED from Premiums, AND THE ANNUAL INCOME, the Policy-holders have the further protection of a Guarantee Fund or Subscribed Capital of FOUR HUNDRED THOUSAND POUNDS.

THE CONDITIONS of the Policies are unusually favourable as regards Indisputability—Non-forfeiture—Occupation—Residence, &c.; and in one Class there are almost no Conditions or Restrictions.

## PROTECTIVE REGULATIONS.

THE POLICY-HOLDER'S CONVENIENCE is met in as far as possible by arrangements for POSTPONING the *Payment of Premiums*—LOANS to the extent of the *Value of the Policy*—REDUCTION of *Assurance and Premium to a smaller amount, &c.*

THE NON-FORFEITABLE PREMIUM System (*introduced into this Country by the Association*) is specially designed to protect the Policy-holder from loss if he should, *from any cause*, discontinue his premium payments.

IN SURRENDERING the whole or a portion of his Assurance, the Policy-holder of more than two years' standing is allowed an ample Value in cash, or in a paid-up Policy.

## BONUSES FROM PROFITS.

IN CLASS A. the Profits are allocated in such a manner as to occasion, at an early stage of the Policy, a considerable Reduction of the Policy-holder's payments.

IN CLASS B. the Profits are reserved and accumulated for those Policy-holders who attain the average period of life of persons of their age. The Bonuses being thus unusually large, are available as a considerable Provision for the Policy-holder's old age—the Sum Assured remaining untouched.

Life Annuities may be purchased on favourable terms from the Association.

THIS SOCIETY is founded on the MUTUAL principle, according to which the WHOLE OF THE PROFITS belong to the Assured. As a consequence of this, large Additions have been declared to Policy-holders at the successive Investigations which have been made into the Society's affairs; the rates of Bonus having ranged from 1½ to 2 per cent. per annum, *calculated not only on the Original Sums Assured, but also on the previous Bonus Additions.* It likewise makes a PROSPECTIVE BONUS ADDITION to all participating Policies which become Claims during the currency of a Septennium, thus securing to its Members all the advantages of an ANNUAL DIVISION OF PROFITS, without any of its disadvantages.

ATTENTION is particularly invited to the Society's original and *economical system of 'MINIMUM PREMIUMS';* also to the Liberal terms of its Policies, which now permit the Assured, after remaining five consecutive years in this country (or other country for which the Home Rates are chargeable), to travel or reside in any part of the World without payment of Extra Premium.

Prospectuses and Forms of Proposal may be had on application.

## BONUSES

have been declared in 1841, 1846, 1851, 1856, 1861, and 1866. At the last Investigation in 1866,

A REVERSIONARY BONUS was allocated upon those Policies entitled to participate, in proportion to the Premiums paid during the five preceding years, varying from about one to upwards of one and a half per cent. per annum on the sums assured, according to age and duration of the Policy.

**THE NEXT INVESTIGATION AND DIVISION OF PROFITS TAKE PLACE ON 1st AUGUST 1871.**

BONUS declared every Five Years.

NO EXTRA PREMIUM charged for residence in Australia, New Zealand, Canada, or the United States of America north of the 38th degree of north latitude.

## LIFE ASSURANCE.

THE SCOTTISH NATIONAL INSURANCE COMPANY has carried on business successfully since 1841; has issued LIFE POLICIES for nearly **FOUR AND A HALF MILLIONS** sterling; and has paid under such Policies, including Bonus Additions, nearly **FOUR HUNDRED AND FIFTY THOUSAND POUNDS**. Its affairs have been repeatedly subjected by the Directors to rigid Investigation, and the Profits ascertained have been divided by way of Bonus. In October 1868 the Profits ascertained to have arisen during the previous Four Years yielded an addition to the Policies which were entitled to share, at the rate of **£1, 10s. per cent. per annum.**

The points chiefly attended to by the Directors have been—1. The Absolute Safety of the Funds. 2. The Absolute Sufficiency of the Funds. 3. The Cultivation of a First-class Home Business. 4. Frequent Distribution of Realized Profits. 5. The utmost Liberality towards the Assured, as regards the conditions of Residence and Travel, facilities for keeping up Policies, etc.

The Company's Funds have never been diminished by loss through Investments.

The Rates of Payment by the Assured are most Moderate.

The 28th Annual Report and Balance-sheet, with full Tables of Rates, and every information, may be had on application to any of the Officers or Agents of the Company.

## LIFE DEPARTMENT.

THE Policies, now in course of being issued by this Company, are free from all unnecessary restrictions, and secure every advantage derivable from the system of Life Assurance. The Premiums are strictly moderate.

The Participation Scheme was begun in 1840, and the oldest Policies for £1000 in connection with it becoming Claims after payment of the Premiums falling due in the current financial year, are increased to £1428, 11s. 2d.; those for larger or smaller sums being proportionately augmented. Bonus Additions may be surrendered for their value in cash, or an equivalent reduction of future Premiums, the Assured having their choice in all cases.

It is provided by the Company's Act of Incorporation, that Investigations shall take place at intervals not exceeding Five Years, and intermediate Bonuses are allowed when Participating Policies, in force at one Division of Profits, become Claims before another—an arrangement which secures for such cases advantages similar to those claimed for Annual Investigations.

The Business in this department has been greatly extended within the last few years. Prospectuses, with every information, may be had on application.

---

## FIRE DEPARTMENT.

All Losses, so soon as satisfactorily ascertained, are liberally and promptly settled.

Losses arising from Explosion of Gas are paid by this Company.

Common, Hazardous, and Doubly Hazardous Risks, are undertaken at the usual rates of 1s. 6d., 2s. 6d., and 4s. 6d. per cent. respectively. Special Insurances at increased rates.

**DISTINGUISHING FEATURES.**

1. ABSOLUTE SECURITY.—Eighty per cent. of all Premiums being invested in the Government Funds, by Trustees, for the Insurants, the risk necessarily attendant upon doubtful security is avoided, and such premiums being specially reserved for the payment of claims under Policies, they cannot be made liable for any other engagements.

2. POLICIES ALWAYS AVAILABLE FOR MONETARY PURPOSES.—Each Policy, having a current realizable value, becomes a security as readily negotiable as a Bank of England Note, and can at ANY MOMENT be converted into cash.

3. POLICIES CANNOT LAPSE.—The current value of each Policy is endorsed upon it, and the amount may be had at any time on demand, consequently all risk of forfeiture by non-payment of Premiums is avoided.

4. FIXED SURRENDER VALUE AND BANKING ACCOUNT.—From 50 to 70 per cent. of the Net Premiums can be obtained at any moment by the Insurants, either as the Surrender Value of, or as a Loan upon, their Policies. The withdrawal of this amount for temporary use does not sacrifice the Policy.

5. PERIODICAL AUDIT.—Periodical Returns, giving details of all Policies issued by the Corporation are regularly supplied to all the Insurants, and others who may apply for them. These Returns show the *Number of Policies issued*, the *amount paid*, the *proportion of each premium invested*, the *sum withdrawable*, and the *amount insured*. They also give the *Policy numbers in consecutive order*, with the *age and initials of each Insurant*. Every Policy-holder is thus enabled to be HIS OR HER OWN AUDITOR.

It values its Net Premiums only—the whole ‘Loading’ being strictly reserved for future Expenses and Profits.

*Insurance Record*, April 9, 1869.—‘As a General Life Assurance Office, the PRUDENTIAL has a large business, and holds a high place amongst kindred institutions; and as an Industrial Office, it stands unrivalled.’ *Glasgow Herald*, April 8, 1869.—‘We publish in our advertising columns the Report of the Directors of this Company for the past year, which shows very great progress. It would appear that a considerable portion of the increase in the business of the Company has been in Scotland, the amount of New Premium Income derived from this side of the Tweed being upwards of £13,000.’ *Daily Mail*, April 8, 1869.—‘Our readers will have observed that the PRUDENTIAL ASSURANCE COMPANY has engrafted on to its former business the admirable system of “Absolute Security Policies, Unforfeitable, Unconditional, and Unchallengeable;” and as these cannot fail to be appreciated by the insuring public, we shall be surprised if next year’s Report has not to tell a tale of still increased prosperity.’

IN ADDITION TO A LARGE RESERVE FUND,  
 AFFORDING THE MOST UNQUESTIONABLE SECURITY; AN IMPORTANT  
 CONSIDERATION TO INSURERS.

THE FINANCIAL POSITION of this old wealthy Company meets the *great desideratum* in Insurance transactions—undoubted *stability*; and the promptitude and liberality with which all losses have been settled during the many years it has transacted business has formed the foundation of the prestige and high position now enjoyed by the

**IMPERIAL FIRE OFFICE.**

INSURERS, in effecting Policies, receive for their expenditure not any tangible commodity, as in a purchase of goods, but *merely a promise to pay* in the case of fire happening, hence the necessity of Paid-up Capital as a security that the obligation will be fulfilled.

PERFECT SECURITY is afforded to Insurers with this Office, by the substantial guarantee of a large Paid-up and Invested Capital and Reserve Fund.

TRUE ECONOMY is to insure for the full value.

# NORWICH UNION FIRE AND LIFE INSURANCE SOCIETIES.

CHIEF OFFICE FOR SCOTLAND—31 Princes Street, Edinburgh.

## LIFE OFFICE—ESTABLISHED 1808.

### SPECIAL ADVANTAGES.

- I. **Ample Security.**—The Capital, which is upwards of TWO MILLIONS THREE HUNDRED THOUSAND POUNDS, is almost wholly invested in Government and Real Securities.
- II. **Moderate Premiums.**—The Rates of Premium are lower than those of some Offices by nearly 10 PER CENT. One half of the first five Annual Premiums may remain as a permanent charge upon Policies granted for the whole duration of Life.
- III. **Surplus Funds.**—The entire Profits belong to the Assured. The number of Policies issued exceeds 38,000.
- IV. **Days of Grace.**—Policies held to be in force when Death occurs within the THIRTY DAYS of grace, although before payment of the Premium, which will be deducted on settlement of the Claim.
- V. **Loans Granted** on Security of Life Policies, after payment of Three Years' Premium.
- VI. **Claims paid in Full** Three Months after proof of Death, or sooner, under deduction of the usual Discount.

## FIRE OFFICE—ESTABLISHED 1821.

### PROMINENT FEATURES.

- I. **THE TOTAL REPEAL OF THE DUTY** upon Fire Insurance, from Midsummer 1869, will enable Insurers to double their protection on first-class risks without any increase of payment.
- II. **The Rates** of this Society are the same as at other Offices, whilst Periodical Returns of Premium are made to the Parties Insured. In proof of the public confidence in the principles and conduct of this Establishment, it will suffice to state that the total business now exceeds £90,000,000.
- III. **Moderate Premiums.**—The Rates of Premium being in no case higher than those charged by the other principal Companies making no return of Profits, the advantage secured by the Insured in this Office is obvious.
- IV. **Claims settled with Promptitude and Liberality.**—Losses arising from Lightning, or by Explosion from Gas, made good.
- V. **Special Risks.**—Specifications for Insurances on BREWERIES, DISTILLERIES, FOUNDRIES, and MANUFACTORIES, prepared by the Society's Surveyor when required, free of expense, and the Rates of Premium carefully adjusted according to the merits of the Risk.

The Society also issues for stated periods, bearing Interest at from Three and a Half to Four and a Half per Cent., according to the time for which the money is lodged. Interest payable Half-yearly.

THE SOCIETY'S WHOLE FUNDS are INVESTED in HERITABLE SECURITIES ONLY, nine-tenths of the Loans on which Advances have been made being secured on property situated in the city of Edinburgh; thus affording to Depositors all the advantages and security of bonds over heritable property, without any of the attendant expenses, risk, or trouble, and with the additional advantage of withdrawing money on short notice, as required.

## DEPOSITS AND DEBENTURES.

THE ASSOCIATION receives Money on DEPOSIT or DEBENTURE BOND, at Rates varying from 3 to 4½ per cent., according to the market value of money at the time. If preferred, a uniform Rate of Interest will be given on Deposits for fixed periods of from one to five years, on terms to be arranged. The Debenture Bonds will be granted for three, five, or seven years.

## SAFETY OF DEPOSITS AND DEBENTURES.

The ASSOCIATION lends its Funds on HERITABLE PROPERTY *only*, and at rates corresponding to the market value of money. All the Loans are repayable by instalments, which adds greatly to their safety, any depreciation which might take place in the value of the security being more than met by the gradual diminution of the Loan. The risk arising from the Investments of the Company is thus small, and they are enabled to give comparatively high rates for Deposits. In addition to the fact that the Loans are all secured on Heritable Property *only*, Depositors have the *further guarantee of the Company's large subscribed Capital.*

## LOANS.

Loans are granted on Security of Land, Houses, and every description of Heritable Property.

The Loans are repayable in periods of from four to sixteen years. If desired, *part only* may be made repayable by instalments—the remainder bearing interest, payable half-yearly.

Borrowers can pay off their Loans at any time, either in whole or in part; or the period of repayment can be altered to one more suitable.

# PROPERTY INVESTMENT COMPANY OF SCOTLAND.

THE OPERATIONS OF THIS COMPANY EMBRACE THREE OBJECTS:—

1. Receiving stated Contributions from Unadvanced Shareholders, which are accumulated at Compound Interest.
2. Making Advances to Shareholders to enable them to Purchase, Build, or Redeem Burdens on Dwelling Houses, Offices, Shops, etc.
3. Receiving Deposits from the General Public at a liberal rate of Interest.

## 1. Accumulation of Savings.

A Share in the Company is constituted by a Fortnightly payment of One Shilling; and a Fortnightly payment of Four Shillings, *i.e.* for Four Shares, accumulating at 5 per cent. compound interest (the ordinary rate of profit), amounts in fourteen years to £100, of which £27, 4s. is interest.

No Fines are imposed for arrears in contribution, and Unadvanced Shares can at any time be withdrawn.

## 2. Advances for Property.

Advances are made to Shareholders for Purchasing or Building Houses, Shops, or Offices, or to Redeem Burdens on the same. An annual payment of £10, 2s. for 14 years extinguishes both principal and interest for every £100 advanced. Advances can at any time be redeemed.

A small Sum annually, in addition to rent, soon enables a Shareholder to become his own landlord.

## 3. Deposits.

A liberal Interest is allowed on Deposits. Depositors incur no liability as Shareholders, and their claims for Principal and Interest are preferable debts on the Company. Deposits are repayable as arranged.

## Security.

The Company cannot, by Act of Parliament, invest its funds in other than Heritable Securities, and the extent of Advances in every instance is limited to the amount authorized by the Surveyor, which is always short of the market value of the property; and as the Advances immediately become repayable by instalments, the Company incur less risk than ordinary lenders on heritable bonds, to whom interest only is paid without reduction of the principal sum.

## SCOTT'S CELEBRATED VEGETABLE PILLS.

**P**REJUDICE is an exceedingly strong, subtle, and to those governed thereby, unconscious power. Inquiry is excluded. These Pills illustrate this.

Here we have a Medicine, which, entering the circulation, insinuates itself everywhere, possessing the singular power of reducing, detaching, and expelling all stagnant, corroding matter from the blood and secretions, and thereby the unimpeded healthy action of the renovated system is established.

It is to be regretted that prejudice precludes many sufferers from availing themselves of this remedy.

For the speedy and effectual removal of Colds, Diphtheria, Gravel, Dropsy, Costiveness, Indigestion, and all affections of the Liver and Kidneys, Pulmonary Consumption, Running Sores, and all kinds of Cutaneous Eruptions, these are unsurpassed by any Medicine ever offered to the Public.

GREBS (first cleaning) rendered as good as new. These and ermines especially, ought not to be left over till wanted for wear.

**HOPE PARK END HOUSE, EDINBURGH,****R**ESPECTFULLY intimates that he executes every description of Asphalting, and is

Cottars' Houses, and all kinds of Farm Buildings, on account of its being the most effective preventa-  
tive to the ascent and spread of Damp, its complete exclusion of Vermin, its neat and cleanly appear-  
ance, its durability and cheapness in comparison with other descriptions of flooring and pavement,  
and its healthy and disinfectant properties. While it effects a great saving, by the exclusion of  
rats and smaller vermin, owing to the close texture of the composition, without seam or joining, it  
keeps the Grain in a sweet state, from the entire absence of damp or moisture; and wherever the  
Asphalt Flooring has been used, it has fully realized all the benefits held out by its adoption.

# 'FIELD'S' PATENT BOILER.

**T**HE 'FIELD' BOILER, which derives its name from the inventor, is a multitubular boiler of that description which is generally called 'tubulous,' to distinguish it from the ordinary kind, where the water is outside the tubes, and the fire passes through the tubes. In the 'Field' boiler the water is inside the tubes, which hang down into the fire, by which they are surrounded on all sides, thus exposing the whole of the tube heating surface to the action of the fire, at a temperature of 3000 degrees and upwards,—no doubt one of the reasons why the 'Field' boiler gives far better results than any other similar boiler.

The 'Field' boiler combines with economy of fuel great economy of space, occupying much less room than any other boiler capable of doing an equal amount of work. This will be seen by comparing the size of a 50 horse-power boiler, on Field's Patent, with an ordinary Cornish boiler. The 'Field' boiler of this power stands upon a base of about 30 square feet, and is about 12 ft. 6 in. high; whereas two Cornish boilers of 25 horse-power each, would occupy a ground area of upwards of 400 square feet. It will therefore be seen that the 'Field' boiler can be applied in many instances where ordinary boilers are not applicable, on account of the large space they require.

The weight of the 'Field' boiler is also considerably less than that of other boilers of equal power. Another important speciality of the 'Field' boiler is, that no brick setting or brick chimney is required, a suitable iron chimney being supplied with each boiler, and included in the price. In Cornish and cylindrical boilers the setting and the chimney stack frequently cost as much as the boiler itself; therefore the 'Field' boiler is considerably cheaper than a Cornish boiler of the same power.

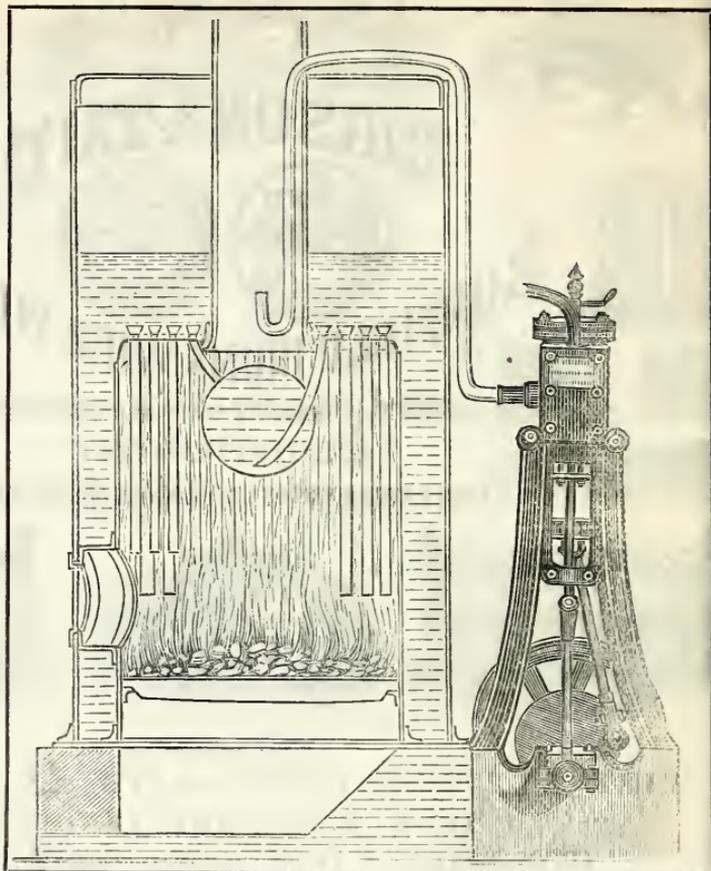

In the consumption of fuel, the 'Field' boiler has proved itself more economical than any other steam generator, due to the fact that the whole of the heating surface is placed in the fire-box, and is exposed to direct contact with the hottest part of the flame, and also to the very powerful circulation of water, which is caused by the peculiar arrangement of the double tubes; and this circulation is the more rapid and efficient the greater the difference between the temperature of the water and the fire.

In the ordinary kind of vertical boilers, where the fire passes through the tubes, these are fixed between two plates, the consequence of which is, that the constantly repeated contraction and expansion of the tubes often gives great trouble by causing leakage. This evil is entirely avoided in the 'Field' boiler, as the tubes are only fixed at the top, thus allowing expansion or contraction to take place without corresponding evils arising.

The last but not the least evil appertaining to vertical tubular boilers is the 'priming,' no doubt caused by insufficient circulation of the water amongst the tubes. This does not take place in the 'Field' boiler, as the downward current, above the tubes, of the water that enters the inner tubes counteracts the upward current, or, so to say, sifts it, and only allows the steam to rise without carrying water with it.

As to the durability of the 'Field' boiler, it may be mentioned that boilers which have been at work for several years are just as good now as on the day they were made; and as the tubes keep themselves clean, and the steam pressure tends to keep them in their places, they never give trouble of any sort; even in the steam fire engines, jolting about the streets of London at full speed, there has positively never been a loose tube.

As all the parts of the 'Field' boiler are of easy access, great facility is afforded for examination, cleaning, and repairing, which points ought never to be overlooked in the construction of a boiler.

## 'FIELD'S' PATENT TUBES.

These tubes have been largely introduced into Cornish and other fixed boilers, where they produce a considerable saving of fuel, and likewise enable boilers, otherwise short of steam, to keep the full pressure of steam readily. They are generally fixed in the flue behind the bridge, and this can be easily accomplished without removing the flue itself, or any of the attachments, or disturbing the setting of the boiler.

The saving effected by the application of these tubes to Cornish and other boilers has been found to average from 15 to 20 per cent., in proportion to the number of tubes inserted.

The fact of there being now 292 'Field' boilers at work, and upwards of 63,000 of these tubes in use, is a sufficient guarantee of their value and efficiency.

## 17s. per GALLON.

OUR WHISKY still maintains its reputation for age and purity. Having been racked into Cognac and Sherry Casks for a number of years, it has acquired a mellowness of flavour and light straw colour that will compare very favourably with any French Brandy, however excellent, and is very much lower in price.

### OPINIONS OF THE PRESS.

From the Worcester Herald.

'Of all the varieties of Whisky offered by the thousand and one distillers, there are none, in our opinion, which surpass the delicious spirit introduced by Messrs. M'LACHLAN AND HASTIE of Edinburgh.'

From the London Scotsman.

'Messrs. M'LACHLAN AND HASTIE's Whisky combines age, mellowness, mildness, and strength, and no man patronising it can be at a loss for a good dram or a capital tumbler of toddy.'

From the Britannia.

'We know of no Whisky so delicious and so pure as that now being sold by Messrs. M'LACHLAN AND HASTIE of Edinburgh.'

*The Directors have, from the commencement, adopted the plan of yearly ascertaining the value of the Society's assets and liabilities. The result has been furnished to the Members in detail, so that any person competent to judge of such matters has been able to comprehend readily the financial position of the Society. The invested assets have been vouched for by those responsible for the correctness of their statements, and proofs of the various items have been furnished to the Auditors.*

The Society's Profits belong exclusively to the Assured, and are divided every five years. At last division, in 1868, the sum of £30,000, less the usual reserve, was distributed among the Members. The Society's Policies are virtually indisputable. No Policy will be voided by unintentional misstatement on the proposal and declaration.

Undoubted security is afforded by an Accumulated Premium Fund, in excess of the Society's requirements. Copies of the last Annual Report, Detailed Statement, and Prospectus, may be had on application.

### ALFRED BISHOP, Manufacturing Chemist,

## L O N D O N.

This perfectly white and delicately clean granulated preparation possesses remarkable effervescent qualities, which far surpasses the ordinary Seidlitz Powder in its *cooling, refreshing, and mild aperient* properties, as well as in its flavour as a *saline* draught. It is particularly well adapted for women and young children, on account of its most agreeable flavour and mild effect.

N.B.—The genuine has the name BISHOP upon the Bottle, also the Name and Trade Mark upon the Label, and is sold in convenient sizes, and secured in so perfect a manner that it may be shipped with safety to any part of the world.

IN CHANCERY.—CAUTION.—BISHOP'S GRANULAR EFFERVESCENT CITRATE OF MAGNESIA.—Mr Bishop, having discovered that the Label which he has used since 1861 was being imitated, recently applied to the Court of Chancery for an Injunction to restrain such imitation. Diarrhoea, Rheumatism, Spasms, &c.**

The Right Hon. Earl Russell has graciously favoured J. T. Davenport with the following :—  
“ Extract of a dispatch from Mr Webb, H.B.M.'s Consul at Manilla, dated September 17th, 1864 :—‘ The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be Chlorodyne, and with a small quantity given to me by Dr Burke I have saved several lives.’ ”

From W. Vessallius Pettigrew, M.D. :—“ I have no hesitation in stating that I have never met with any medicine so efficacious as anti-spasmodic and sedative. I have used it in consumption, asthma, diarrhoea, and other diseases, and am most perfectly satisfied with the result.”

From Lord Francis Conyngham, Mount Charles, Donegal, 11th December, 1868 :—“ Lord Francis Conyngham, who this time last year bought some of Dr J. Collis Browne's Chlorodyne from Mr Davenport, and has found it a most wonderful medicine, will be glad to have half-a-dozen bottles sent at once to the above address.”

**CAUTION.**

To avoid Spurious Compounds, or Imitations of “ Chlorodyne,” always ask for “ Dr J. Collis Browne's Chlorodyne,” and see his name on the Government Stamp of each Bottle. Sold only in Bottles, at 1s 1½d, 2s 9d, and 4s 6d, by all Chemists.

*The following is an extract from the decision of the Vice-Chancellor in the late Chlorodyne Chancery suit, Browne and Davenport v. Freeman :—“ Vice-Chancellor Sir W. P. Wood stated that J. Collis Browne was undoubtedly the inventor of Chlorodyne—that the statements of the Defendant Freeman were deliberately untrue, and he regretted to say they had been sworn to. Eminent hospital Physicians of London stated that Dr J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr Browne's.”—See TIMES, July 13th, 1864.*

# CADBURN'S BALSAM

FOR THE CURE OF

## GOUT, RHEUMATISM,

## SPRAINS, SPINAL AFFECTIONS.

~~~~~

This wonderful remedy, which has now been in general use between 20 and 30 years, unlike many advertised Medicines, does not profess to cure all complaints, but confining itself to one class of diseases, rarely disappoints those who once give it a trial; recent Sprains it almost immediately relieves;—the distressing pains of Gout and Rheumatism soon yield to its soothing properties, and even sufferers from Spinal complaints, so universally considered incurable, are constantly being restored to perfect health.

---

The following recommendation is selected from an interesting Pamphlet containing valuable advice, also giving particulars of 300 successful cases; the Pamphlet may be obtained by return of post, free of all charge, by sending three postage stamps to Mr CLIFT, M.P.S., Dorking, Surrey.

From the Ven. ARCHDEACON DENISON.

DEAR SIR,

I have used Cadburn's Balsam, both in my late parish in Dorset, and in this parish, from time to time, for the last twenty-five years. I do not know that I have ever found it fail in alleviating pain, and it has worked many remarkable cures.

Faithfully yours,

GEORGE A. DENISON,

Archdeacon, Taunton.

East Brent, February 24th, 1864.

---

The Balsam is sold by all respectable Chemists and Patent Medicine Vendors in England, Scotland, Ireland, and Australia.—Prices, 2s 9d, 4s 6d, 11s, and 22s per bottle, with full directions for use.

## SHORT STATEMENT OF PRINCIPLES.

THE SCOTTISH PROVIDENT INSTITUTION is the only Office which combines the advantages of MUTUAL ASSURANCE with MODERATE PREMIUMS.

Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those Members who have lived long enough to secure the common Fund from loss on account of their individual Assurances.

A Policy for £1200 to £1250 may thus at most ages be had for the Premium elsewhere charged to assure £1000 only; while the effect of *reserving* the Surplus has been, that Policies originally for £1000, which have shared at three Septennial Investigations, have already been increased to £1400, £1600, and even to £1800.

ITS TERMS are thus well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions under Family Settlements or otherwise, where it is of importance to secure, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

## BUSINESS IN 1869.

THE 32<sup>d</sup> ANNUAL REPORT to the Contributors showed the usual steady increase of business—the New Assurances in the year being 1190 for £581,036. The New Premiums were £21,967, 13s. 2d. The Total Income, £266,469, 8s. 10d.; and the Claims by Death in the year, £93,663, 5s.—being less by £40,000 than is provided for in the Calculations, while the rate of interest had been a half per cent. higher than the estimate. The Subsisting Assurances were £6,806,834, 9s. The Realized Fund (increased in year by £137,233, 11s.) was £1,636,249, 5s.

PROFESSOR TAIT, in moving approval of the Report, adverted to the general principles of life assurance, to the question of sufficient or reasonable premiums, and the various estimates of mortality and interest.

## Examples of Annual Premium for Assurance of £100 at Death (with Profits).

AGE, . . . . .	25	30	35	40	45	50
Payable during life,	£1 18 0	£2 1 6	£2 6 10	£2 14 9	£3 5 9	£4 1 7
Limited to 21 payments,	£2 12 6	£2 15 4	£3 0 2	£3 7 5	£3 17 6	£4 12 1

The Rates for other Ages, or for other periods, may be had on application.

\* \* \* EXAMPLE.—A person aged 30 may secure £1000 at death, by a yearly payment; *during life*, of £20, 15s. This Premium, if paid to any other of the Mutual Offices, would secure a Policy for £800 only, instead of £1000. Or, if unwilling to burden himself with payments during his whole life, he may secure the same sum of £1000 by *twenty-one* yearly payments of £27, 13s. 4d. At age 40 the Premium, *ceasing at age 60*, is, for £1000, £33, 14s. 2d, being about the same as these Offices require during the whole term of life.

Reports, with Statement of principles, and every information, will be furnished on application.

## INDEPENDENT VALUATION OF LIFE LIABILITIES.

IN continuation of the Quinquennial Investigation to the end of 1864, which resulted in a large Division of Profits among the Policy-holders, the Directors have just obtained an

### INDEPENDENT REPORT from Mr. SAMUEL BROWN,

on the results of the Life Business for the four years ending 31st December 1868, as follows:—

#### LIFE LIABILITIES and ASSETS, on 31st December 1868.

	Number.	Net Value of Liabilities.	Life Funds in Hand.	Surplus.

Children's Endowments, .....	207	21,260	23,287	2,027
Annuities (Immediate and Deferred), .....	421	137,544	156,345	18,801
<b>Total, .....</b>	<b>14,472</b>	<b>£923,825</b>	<b>£1,122,275</b>	<b>£198,450</b>

The results show a surplus in the Life Branch, available for the next Division of Profits in 1870, amounting to £198,450.

The valuation of the Life Policies has been made at 3 per cent. interest, and the NET PREMIUMS ONLY HAVE BEEN TAKEN, so that the loadings for future profits and expenses are entirely held in reserve, and not brought into the valuation.
