THE PROPRIETORS of the EDINBURGH POST OFFICE DIRECTORY, in returning their best thanks to the Public for the patronage they have received, beg to state, that they have made several additions to their Work, which they trust will be useful, particularly a Tide Table, and a Comparative View of the Population of Scotland at different periods. They have also added a small, but very correct Map of Leith. Every attention has been paid to the accuracy of the book, to render it worthy of general support.

GENERAL POST OFFICE.

REPRESENTATIONS having been made of the time occupied by the LETTER CARRIERS in the DELIVERY of their LETTERS through the City, the inconvenience has been ascertained to be in a great measure, if not entirely, attributable to the delays experienced by the Carriers at hall doors, owing to servants not answering the bells, and in some cases, by the servants not being provided with money to pay the postage. Instructions have been issued to the Letter Carriers, *to rap or ring at each hall door twice, pausing an instant.* The application of the Carrier, therefore, cannot be mistaken; and the public are earnestly requested to aid the Postmaster-General in his Grace's anxiety to expedite the general delivery of the correspondence, by obliging servants to answer immediately the Carrier's application, and to have the servant previously provided with sufficient sums to discharge their demands.

The following Tables form a new and important feature in the Post Office Directory :—

The Lists of the Population are taken from Parliamentary Documents, and are therefore of authority. No accurate Census was made of Ireland previous to 1821, and in 1831 there are 19 Parishes in the County of Kerry, and 1 in the County of Clare, the returns for which are still outstanding ; an allowance, however, of 30,000 has been made for these Parishes, which is probably very near the truth.

The Tide Table has been computed from data obtained from a series of years' observations, and upon the principles recommended by *La Place*, and as every calculation has been separately examined, the results may be confidently relied upon ; certain winds, however, accelerate, while others retard the Tides in a small degree. The computations are in mean time, or that which is shown by a properly-regulated clock or watch.

The other Tables, which in many cases are indispensably necessary, are deduced from the Jury Reports of the Counties of Edinburgh, Stirling, Lanark, and Linlithgow.

Newspapers, and other printed publications liable to the Stamp Duties, may be sent to any of his Majesty's Colonies or Possessions beyond seas by the packet boats, upon the payment of one penny halfpenny for every such paper, such payment to be made at the time the paper is put into the Post-office, provided the same be sent in covers open at the sides, and be put into the Post-Office in any town of Great Britain or Ireland, on any day within seven days of the day on which the same shall be published, such day to be ascertained by the date of the paper.

If any papers intended to be sent from Great Britain and Ireland, which are liable to the stamp duties, are not duly stamped, such papers are to be stopped, and transmitted to the Commissioners of Stamps.

Newspapers printed in the British Colonies and brought to Great Britain and Ireland *by packets, or by private ships*, in covers open at the sides, will be charged with a postage of *three pence* upon each paper.

And if any other paper or thing whatsoever be inclosed or concealed in such printed papers, or there shall be any writing other than the superscription upon such papers or their covers, they will be charged with treble the postage of a letter.

Edinburgh and Dalkeith Railway.

THE Great Depot, which is entered from St Leonard's Street, now contains Sir John Hope's Neweraighall Coal, the Marquis of Lothian's Coal, the Arniston Coal, and the Edmonstone Jewel Coal, which is the same as the Sheriff-hall Jewel Coal; so that all the best kinds of Coal in the county, and in the country, are to be had there. The Coal of the Railway Depot is also carefully selected and freed from the coalier parts before leaving the Collieries.

There are twelve Coal Merchants who hold offices from the Railway Company, and who have been selected with a due regard to respectability of character. They have, however, no coal-yards attached to their offices, so that they have not the power, though they had the desire, to mix and adulterate the Coal.

The Company's Weighing Establishment consists of a Chief Weigher, an Assistant Weigher, and a Constable. The first signs all the Certificates of weight; his Certificate also attests that the Coal is of the kind that it is stated to be in the Coal Merchant's account or invoice. For, in the Railway Depot, the Coal is all taken, as it is ordered, directly from the Store Yards of the Coal Proprietors, whose interest it is that their Coal should be sold in a pure state, and maintain a good repute. Hence, it is easy for the Weighers to know one kind of Coal from another. The Assistant Weigher and the Constable watch the carters, to see that no coals are plundered in the narrow streets, and to see that quantities less than a ton are not sold for more than they weigh. Many of the inhabitants can already bear testimony to the efficiency of this preventive establishment, though few are willing to prosecute the dealers whose frauds have been exposed to them.

Consumers of Coals should attend to the following directions; they have been published in all the papers, yet very many, especially housekeepers and servants, are paying no attention to them:—

1st, Never receive a cart of Coals without the Weigher's certificate; his name is ROBERT GIBB, and if he should be changed, notice shall be given by advertisement.

2dly, Attend to the hour marked in the certificate, and if more than an hour after that has elapsed before the Coals are delivered, reject them, for the carter may have been disposing of a part of his load.

3dly, Always keep or destroy the Weigher's certificate, for if it remain with the carter, he may use it on the same day a second time to pass another cart of Coals of inferior weight or quality.

4thly, Any Person receiving a Cart of Railway Coal may assure himself of its weight and quality, by calling at the Depot, and examining the entry in the Weigher's book.

Those who are not acquainted with any Coal Merchant of the Railway Depot, may address orders for Coal to the Railway Office, and they shall be handed to respectable agents for execution.

The Committee of Management have power to accept of Proposals for Assurance, which obviates the objection of delay frequently made to Assuring with London Offices.

LIFE DEPARTMENT.

Assurances are accepted by the Company on moderate terms, while the Assured participate in the Profits, which are appropriated, at the expiration of every successive period of five years, and are applied either to the increase of the sum assured, or to the reduction of the rates of future Premiums, at the option of the Assured.

PROFITS.

At the first quinquennial Division, in March 1829, the returns made to the Policy Holders were equivalent to about 20 per cent on the Premiums paid.

FIRE DEPARTMENT.

Assurances continue to be accepted at Reduced Rates ; viz.—

Common, at	. . .	1s. 6d. per cent.	
Hazardous, at	. . .	2s. 6d.	ditto.
Doubly hazardous, at	. . .	4s. 6d.	ditto.

LIFE DEPARTMENT.

While the Premiums are as moderate as is consistent with security, the Holders of Life Policies are entitled to periodical additions from the surplus Premiums, which may be applied either to increase the sum payable at the death of the Insured, or to reduce the future Payments of Premium. That this is a very substantial advantage will be perceived from the following

TABLE,

Showing the additions made to Life Policies for L.1000, effected in London, or through an Agent in Great Britain, which have been in force for the Fourteen Years ending at Christmas 1830. Proportionate additions have

been made to Policies for other Amounts, or which have been in force for shorter periods.

Date of Policy.	Sum assured.	Annual Premium.	Age at commencement.	Amount that has been added to the Sum assured, payable at the Party's death.
Dec. 25, 1816	L. 1000	L. s. d. 21 15 10	20	L. 230
do.	1000	24 0 10	25	236
do.	1000	26 14 2	30	244
do.	1000	29 18 4	35	256
do.	1000	33 19 2	40	278
do.	1000	38 19 2	45	304
do.	1000	45 6 8	50	340
do.	1000	53 3 4	55	382
do.	1000	63 13 4	60	449

Thus, by the above table, it will be seen, that a person insuring L.1000 at 20 years of age, at the end of 14 years will have paid L.305, 1s. 8d. of Premium; and, were he then to die, his heirs would receive L.1230 instead of L.1000.

These additions will, on comparison, be found AS GREAT AS HAVE BEEN MADE BY ANY OTHER INSURANCE OFFICE WHATEVER.

As to the Rates charged by the Company, it may suffice here to say, that the Tables adopted by the Directors were originally framed upon the sound principles of mathematical computation; and the practice of the Equitable Society has put them to the unerring test of long and extensive experience.

FIRE DEPARTMENT.

The assurance of every species of property from loss or damage by fire is undertaken by the Company on highly favourable terms.

The following are the rates for all policies where the premium exceeds 5s.

Common Risks,	1s. 6d. per cent.
Hazardous ditto,	2s. 6d.
Doubly Hazardous,	4s. 6d.

A payment for rent is made by the Company in case of *Loss on Buildings, without any extra premium.*

Proposals, fully explanatory of the principles and rates of the Company, may be had at the Company's office, No. 29, Heriot Row, Edinburgh, where all letters on the subject of Assurances may be addressed to the Committee, or to their chairman, Mr Campbell.

LOWEST RATES EVER PUBLISHED,

WHETHER FOR A TERM OR FOR THE WHOLE OF LIFE.

The following are selected from the even rates:—

Age.	Whole Life.	Seven Years.	Age.	Whole Life.	Seven Years.
20	L.1 11 9	L.0 17 1	40	L.2 17 1	L.1 10 8
30	2 2 0	1 2 10	50	4 2 0	2 1 7

ALTERNATIVE.

On Policies for the Whole of Life, one-third of the Premium may be left unpaid, to be deducted from the sum Assured, on a scale equal to interest at 4 per cent.

Thus, at the age of 30, 20 guineas a-year will insure L.1500 in the first instance, to be reduced by L.10, 18s. 5d., if the assured die within the first year; by L.59, 2s. 11d., if he die within the fifth year; and so on, according to a scale endorsed on the Policy.

ASCENDING SCALE OF PREMIUM.

Age.	First Seven Years.	Next Seven Years.	Remainder of Life.
20	L.1 1 4	L.1 6 2	L.2 4 7

40	1 18 3	2 7 0	4 9 8
50	2 11 11	4 0 11	7 0 3

Thus, a man at 30, instead of L.2, 2s. for every year of life, according to the Even Table, by adopting the Ascending Scale, will pay L1, 8s. 7d. per annum, for the first seven years; L.1, 15s. 1d. per annum, for a further seven years; and L.3, 0s. 11d. for every year of life after.

This Society is so constituted as to present the means of effecting Assurances on Lives with the greatest possible advantage to the public.

Three-fourths of the present profits, and eventually the whole profits, will be divided among the Policy-holders.

Every person Assured to the extent of L.500 for the whole term of life, will, after four years, be entitled to participate in the profits, and to attend and vote at all General Meetings, the Members of which have absolute control over the affairs of the Society.

No claim can be litigated or disputed without the sanction of a General Meeting of Policy-holders specially convened on the occasion.

The Directors, having availed themselves of all the important information relative to the decrements of human life, which has recently been communicated to the public, have been enabled to construct a set of Tables in which the rates of Assurance are considerably lower than those of any other Office in which the Assured participate in the profits.

They have also been enabled, from the extent and variety of the computations, to adapt the mode of payment in each case to the accommodation of the party assured. An instance of such accommodation may be seen in the annexed extract from the increasing rates of Premium, which have been calculated expressly for the use of this Institution.

Females, and others, who are unable to attend personally at the Office, may appear before one of the Medical Officers, in town or country; and proposals may be completed without delay, where the documents relative to the health of the parties are satisfactory.

Prospectuses, and every requisite information, may be obtained by application to the Agent.

Annual Premiums, increasing every Fifth Year until the Twentieth, inclusive, after which a fixed Annual Premium will be payable during the remainder of life.

This Company is so constituted as to meet the views of all classes of Insurers. By one Table of Premiums, the precise sum required is secured on the death of the party at the lowest possible rate of Premium consistent with security; and, by another Table, the Insured possess the valuable advantage of participating in the Profits, or Savings, to the extent of two-thirds. Those insuring on this plan are exempt from all the liabilities to which they are exposed in Mutual Assurance Societies; while, at the same time, the benefit attaching to such societies is amply secured to them. The particulars and principles of this Institution are fully detailed in the Prospectus of the Company, copies of which may be had at the head office, and of the Company's Agents in the principal towns in Scotland.

The important advantage offered by this Society is, a Sep-
tennial Division of the WHOLE PROFITS amongst the Insured,
in proportion to the Premiums paid by them; and, as the
Insured are also guaranteed from responsibility, they thus
derive all the benefit of partners in any other company,
without the advance of capital, and without risk.

OBSERVATIONS.

The principles upon which this Institution is founded
have been adopted after a mature investigation of the prac-
tice of other Offices, and will be found to combine advan-
tages not hitherto offered by any other Assurance Company
having a Subscribed Capital.

The Capital, subscribed by a numerous and respectable
Proprietary throughout the Empire, affords security for

prompt and certain Indemnity, without the responsibility attaching to Societies for mutual assurance.

The Company are bound, by the Deed of Settlement, to refer all disputed claims (where no fraud is suspected) to the decision of arbitrators, if required by the Assured.

Life Policies of this Society may be sold, transferred, or mortgaged, without any notice being given at the Office; and in all minor articles the utmost liberality will be afforded to the Public, consistently with the security of the Company.

FIRE DEPARTMENT.

The Premiums charged by this Company on the Three ordinary Classes of Fire Insurance are (with certain exceptions) as follow, viz.

1st Class,	1s. 6d.	per cent per annum,	<i>formerly</i>	2s.
2d do.	2s. 6d.	.	.	3s.
3d do.	4s. 6d.	.	.	5s.

Other Risks not falling within the above Classes, may be insured by Special Agreement.

The allowance of 10 per cent, which has been made on the Premiums paid on Policies of seven years' standing, is the surest proof of the unprecedented success of this Institution.

LIFE DEPARTMENT.

Independent of a reduced rate of Premium, as compared with other Offices having a subscribed Capital, Insurers for the whole term of life are entitled, at the end of seven years, to participate in the Profits with the original Subscribers, either by an addition made to the amount of their Policies, or by a reduction of their future Annual Premiums, at the option of the Insurers. The Additions so allowed at the last Septennial Division amounted, on an average, to more than one per cent per annum on the sums insured.

Persons insured in this Office are allowed to pass by sea from one part of the United Kingdom to another; and also in time of peace, to pass in decked vessels or steam-boats, from British to Foreign Ports, between the Texel and Brest (both inclusive), without extra premium, or special leave of the Directors, as is usually required.

No additional premium required from Military Men, unless when called into actual service.

No charge made for Entrance Money or Admission Fees; and none for Policies beyond the cost of the stamp.

The terms of the IMPERIAL are as reasonable as any in the kingdom; and in case of accident, the utmost liberality may be expected.

Alexander Gibson and George Goold continue to transact business as agents for the Imperial Life Insurance Company.

CAPITAL, £750,000.

ALEXANDER GIBSON, and GEORGE GOOLD, of the British Linen Company Bank, Agents for Edinburgh.

Persons insuring at this Office will derive two important advantages.—First, The most effectual security is provided for payment of losses. Not only will the premium received upon policies be carefully invested, and accumulated for that purpose, but a capital of Seven Hundred and Fifty Thousand Pounds has been subscribed, to answer any possible deficiency.

Secondly, Upon every policy effected for the whole term of life, the insurer will participate in the profits of the Company, by having periodical additions made to the sums insured to the amount of two-third parts of such clear gains and profits.

At the same time, they will be protected by the ample capital above mentioned, from every chance of loss.

Lives insured with the IMPERIAL are allowed to pass by sea from one part of the United Kingdom to another; and also, in time of peace, to pass in King's ships and packets, or other decked vessels, between British ports and such foreign ports as lie between Ostend and Havre-de-Grace, both included, without extra premium, and without being subjected to the inconvenience of applying for the special leave of the Directors, as heretofore required by the usual condition of life policies.

Alexander Gibson and George Goold continue to transact business as Agents for the Imperial Fire Insurance Company.

Assurances are effected by this Society to the extent of L.5000, upon the same sole or joint or surviving Life or Lives, and are not confined to the profession of the Law, but are open to persons in every station of Life.

At Christmas 1833, being ten years from the Institution of the Society, and at the end of every seven years from that period, FOUR-FIFTHS of the Profits will be apportioned amongst such of the Assured, for the whole term of Life, as shall have been so assured for the space of three years or

upwards, previously to those periods respectively, and for the amounts which shall be so apportioned, equivalent reversionary Sums will be added to their Policies.

If any Person should wish to discontinue the payment of his annual Premium, the Directors have power either to purchase his Policy for a sum of money payable immediately, or, in consideration of its surrender, to grant a new Policy without any further annual Premium, for a sum to be agreed upon, payable at the decease of the Life assured. And the person to whom such new Policy is granted will be entitled, in respect thereof, to participate in the periodical divisions of the profits.

Persons who shall have been insured for the space of two years, in L.1000, or upwards, for the whole continuance of Life, have the power of electing, either from among the Proprietors or from among themselves, two of the four Auditors of the Society.

Parties may arrange to pay their premiums either in a single payment, by annual payment during the whole continuance of the Assurance, or by annual payments during a limited number of years only.

No entrance-money is required ; nor any extra Premium on persons in the Army or Navy, unless in actual service.

Assurances may be effected upon the Lives of Persons residing at a distance from London, by their appearing before a Solicitor in the Country; and the payment of a fine for non-appearance at this Office is then dispensed with.

The Assured are allowed to pass by sea from one part of the United Kingdom to another, to and from the Islands of Guernsey, Jersey, Alderney, Sark, and Man; and also, in time of peace, in king's ships, and packet or passage vessels, to and from British and Foreign ports in the English Channel, between the Texel and Brest, both inclusive, without any special leave or licence from the Directors.

The sums due on the Policies will be paid within three months after proof of the requisite facts.

The Assured are requested to take notice, that no renewal Premiums are ever received from themselves or their Agents, without printed receipts, signed by two Directors and the Actuary, being issued from this Office.

Attendance is given daily, from Nine o'clock in the morning, till Four in the afternoon, at the Office, where the Terms of Assurance may be had, Proposals for effecting Assurances received, and every information respecting the Society obtained.

LIFE DEPARTMENT.

This Company effect Life Insurances on equitable principles, with entire exemption from the liability of partnership.

A Large Capital, subscribed by the Proprietors, forms the security of the assured.

The Premiums may be all paid at once, or in any given number of years, *in the option of the party making the Insurance* ; a plan, the advantages of which are strikingly obvious, as it affords an opportunity of securing a certain provision, independent of all after risks from failure in paying the Premium, or of paying a larger Premium, while the means of doing so may be more at command.

Each Policy for Life is entitled to share the Surplus Profits, which are declared every seven years.

All transactions in the Life Department are considered strictly confidential.

Prompt Payment of Claims is made Three Months after proof of Death.

The following rates of Insurance for single Lives are given as specimens from the Tables. The rates for *One* and *Seven* years will, it is believed, be found, *on comparison*, very advantageous to the Public, while Insurances for the whole period of Life are equally so, if the benefit to be ultimately derived from a participation of the profits is taken into account.

The Stability and Character of the LONDON UNION SOCIETY have been satisfactorily proved *by the test of upwards of a century*, during which long period claims have been invariably discharged with promptness and liberality.

LIFE AND FIRE INSURANCE SOCIETIES.

LIFE SOCIETY. "

ESTABLISHED 1808.

In considering the numerous Establishments, formed and forming, for carrying on the business of Life Insurance, the public attention is called to the following leading points relative to this Establishment:—

First,—That it ranks, in point of business, above every other Life Insurance Office, except the Equitable Society of Bridge Street, Blackfriars, London.

Second,—That from the great extent of its business, the advantage of an average decrement of life, so essential to the prosperity of a Life Insurance Office, is secured.

Third,—The security of an accumulated Fund of upwards of One Million, in addition to an annual Income of Two Hundred and Fifty Thousand Pounds per annum.

Fourth,—The distribution of the whole profit amongst the parties insured, which, at June 1816, was declared to be twenty per cent; at July, 1823, twenty-four per cent; and at July, 1830, twenty-five per cent, making in all sixty-nine per cent.

Fifth,—The reduction of its rates, which is equivalent to an annual bonus.

Sixth,—The insured are permitted to go in steam or other decked vessels, to and from any part of the United Kingdom; and in time of peace, to and from any part of the Continent, situate between the Elbe and Brest, without being required to pay any additional premium, or procure a license from the Directors.

FIRE SOCIETY.

This Society was originally established in 1797.

It is a part of the constitution of the Society, that losses may be substantiated before local Committees, a system which greatly facilitates the prompt settlement of claims.

The capital of the Society is L.550,000, and the parties insured are completely guaranteed from all responsibility.

The Fire Society is wholly distinct from the Life.

In proof of the public confidence in the principles and conduct of this establishment, it may be sufficient to state, that the duty for the year ending on the 25th March last, amounted to L.62,385, 18s. 2d.; and that the total business of the Society now exceeds FORTY-FOUR MILLIONS.
