EXCHANGE OF SPOILED STAMPS.

The Commissioners of Stamps are authorized, by Act 53 Geo. III., cap. 108, to cancel and to give new stamps in lieu of such signed stamps (except policies of insurance, and bills and notes presented, delivered, or issued) as shall be found to have been void in law from the beginning, or such other stamps, as, owing to any error therein—to the death of any person whose signature shall be necessary thereto—to the refusal or want of signature of some material party—or to any of the other causes described in said act—shall be incomplete and insufficient for the purpose intended. All such stamps (whether signed or unsigned), if belonging to parties resident in Edinburgh, or within ten miles thereof, must be brought for exchange within six months after the same shall have been spoiled. If the parties reside elsewhere in Scotland, signed stamps must also be presented within six months after having been spoiled; but if unsigned, twelve months are allowed.

Parties in Edinburgh must make affidavit as to the reasons of presentment at the head office; but if resident in the country, the affidavit may be made on unstamped paper before any Justice of Peace. On the claim being passed, a certificate is given, stating that application must be made for the new stamps after Thursday se'ennight, and within six weeks, otherwise the claim will be forfeited. The stamps given in exchange will be the same as those spoiled, unless application be made for stamps of a different description when the claim is lodged.

Inland Postage and General Regulations.

All LETTERS and NEWSPAPERS are invariably forwarded by the earliest Mail after being posted. The consequence of Letters and Newspapers mis-sent (a circumstance every care will not entirely prevent, from the rapidity with which the duty has to be performed) being a delay in their delivery, too much care cannot be taken to obtain a FULL AND LEGIBLE ADDRESS, which will facilitate the correct despatch of the letters to their destination, and insure their speedy delivery.

All INLAND LETTERS and PACKETS, including those from the Channel Islands and the Isle of Man, if *pre-paid*, are subject to the following rates of postage:—

Not exceeding half an ounce in weight,	1d.
... .. one ounce,	2d.
... .. two ounces,	4d.

And so on, two rates being added for every ounce.

Addresses to Her Majesty pass free, and petitions to Parliament, if under thirty-two ounces, and in covers open at the ends.

Inland Letters and Packets, under four ounces in weight, may be sent UNPAID, but are charged double the amount of postage to which they would have been liable had they been prepaid; and no Letter or Packet exceeding that weight, can be forwarded by Post *without pre-payment*.

ADHESIVE STAMPS AND ENVELOPES.

Letters written on Stamped Paper, or enclosed in Stamped Covers, or having Stamps affixed to which, the Stamps in every such case being equal to the rates of Postage chargeable on such Letters, if prepaid, will pass free of all other Postage Charge in whatever part of the United Kingdom they may be posted.

In those cases where the value of the Stamps on the Letter is less than the amount of Postage to which it is properly liable, the letter will be charged double the amount of such deficiency on delivery;—the same rule applies to Letters under-paid in money.

Adhesive Stamps should be placed on the front of the Letter, and upon the right hand corner of

the upper side; and care should be taken that they firmly adhere to the Letter. The proper method is to wet the Letter, not the Stamp.

Every Postmaster, Sub-Postmaster, and Letter Receiver, without exception, will sell the Postage Label Stamps, Stamped Envelopes, and Stamped half sheets of paper, to the public at the following Prices:—

The Penny Label Stamps, at 1d. each.

The Twopenny ditto, - 2d.

The Penny Envelopes, 24 for 2s. 3d. or 2 for 2½d.

The Twopenny ditto, 12 .. 2s. 2d. . . 3 .. 6½d.

Stamped half-sheets of paper, 1½d. each, or the quire of 24 for 2s. 3d.

They are also sold at the CHIEF OFFICE, WATERLOO PLACE, Edinburgh.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

It is not compulsory to send Newspapers or their Supplements by Post, but those that are intended to be so transmitted, must be sent in covers open at the sides; and no words of communication may be printed or written on such papers (except under the conditions hereafter explained) after the same shall have been published, when they are entitled to pass free.

Parties will be allowed, however, to put any Writing or Marks on Newspapers passing by Post, in the United Kingdom, provided that a Postage of a Penny be prepaid, by means of a Stamp conspicuously affixed outside the Cover or folded Newspaper, it being understood, that in those cases where the Newspaper may be liable to Postage, irrespective of such Writing or Marks (as when it is both posted and delivered in the same town) the Penny Stamp shall cover both the Writing and Postage. But this privilege is to be confined to Writing or Marks *on the Newspaper itself*, and not to extend to the *cover*, which must contain nothing but the address.

Any Writing or Marks on the *Cover*, besides the address, or on the Newspaper (if not prepaid as above) will subject it to the same rate as that of an Unpaid Letter, according to weight.

Newspapers pass free by the Edinburgh Local Posts, except in those cases where they shall be posted and delivered within the limits of the General Post delivery, which now includes Leith, when the postage is one penny on each Newspaper.

PRICES CURRENT and COMMERCIAL LISTS published in the United Kingdom, if duly stamped, and under the weight of two ounces, will be treated as Newspapers, and enjoy the Newspaper privileges, the sanction of the Postmaster-General having been previously obtained.

* * * As the mere affixing a Newspaper Stamp on any new periodical publication will not entitle it, as a matter of course, to pass free by the Post, those who may be about to publish, for the first time, any such paper, should submit a copy to the Postmaster-General, in order that it may be determined whether the Publication is of a nature that will entitle it to pass free of postage.

Clause of the Act of 1st Victoria, cap. 34, sec. 32.—“And be it further enacted, that in all cases “in which a question shall arise, whether a printed Paper is entitled to the privileges of a Newspaper or other Publication hereby privileged, so far as respects the transmission thereof by the “Post under the Post-Office acts, the question shall be referred to the determination of the Postmaster-General, whose decision, with the concurrence of the Lords of the Treasury, shall be “final.”

PRINTED VOTES and PROCEEDINGS of the IMPERIAL PARLIAMENT, or of the COLONIAL LEGISLATURES, are charged—

Under four ounces, - - - - 1d.

Above four and under eight ounces - 2d.

Above eight and under twelve ounces, - 3d., and so on.

Such Votes and Proceedings, whether paid or unpaid, pass at these rates between places in the United Kingdom as well as to the Colonies, by PACKET. The Postmaster-General is authorized (if he shall see fit) to delay the transmission of Printed Votes and Proceedings in Parliament for any space not exceeding Twenty-four hours from the time at which the same would otherwise have been forwarded.

REGISTERED LETTERS.

The system of registration provides a secure mode of transmitting Bank Notes, Bank Post Bills, Drafts, &c. &c. The arrangements have been made with the view of ensuring the punctual delivery of Registered Letters; on their delivery, the parties to whom they may have been addressed will be required to acknowledge in writing their receipt. Letters offered for Registration must have the full amount of Postage IN STAMPS affixed thereon, and the Registration Fee of Sixpence must be paid IN MONEY.

Registered Letters will be taken at the General Post-Office, at the Receiving-Houses, and by all Postmasters throughout the United Kingdom, until within half an hour of the closing of the Box for the particular Mail or Bag by which they are to be despatched.

An acknowledgment of receipt will be given to the parties registering Letters, and each receipt must bear the Office stamp.

The practice of committing Letters containing valuable property to the Post-Office unregistered

should in all cases be avoided. It is expected that persons having occasion to transmit letters of value, will avail themselves of the proper means of security, and in no case, by committing property unregistered to the Letter-boxes, RISK ITS LOSS. If, however, notes are sent, the parties should be recommended to cut them in halves, and the second halves should not be despatched until the receipt of the first has been acknowledged. The numbers, dates, and amounts, should also be carefully taken.

REDIRECTED LETTERS.

Redirected Letters are subject to additional rates of Postage; but whether the Letters have been originally prepaid or not, they are only liable to be charged at the prepaid rate for the additional Postage, which is to be paid on delivery.

OVERCHARGES, DELAYS, &c.

In all cases of complaint, whether arising from overcharges, delays, and other irregularities, the covers (and contents in all practicable cases) should be forwarded to the Secretary, General Post-Office, for investigation, as affording the only efficient means of answering such complaints satisfactorily. Overcharges, however, are returned at the General Post-office between the hours of ten and four, on presenting the overcharged Letters at the window of the Paid Letter Office.

LETTERS NOT TO BE DELIVERED BACK.

To prevent the possibility of Letters being surreptitiously obtained from the offices where put in, office-keepers are strictly forbid returning, to any persons whomsoever, Letters that may be applied for, under whatever circumstances the recovery may be urged. This is, moreover, forbid by the established principle, that the instant a letter is committed to the Post, it is no longer the property of the Sender.

ILLEGAL CONVEYANCE OF LETTERS.

By the 1st Victoria, cap. 36, sec. 2, any person illegally conveying Letters incurs a penalty of £5 for every offence, and £100 for every week the practice is continued. The Sender also incurs a penalty of £5 for every offence, with full Costs of Suit.

ARTICLES WHICH MAY NOT BE SENT BY POST.

Letters or Packets cannot be forwarded, conveyed, or delivered by the Post-Office containing any of the following inclosures—viz., any Glass or Glass Bottle, any Razor, Scissors, Knife, Fork, or other sharp or pointed Instrument; any Leeches, Game, Fish, Flesh, Fruit, Vegetable, or other perishable substance; any Bladder, or other vessel containing liquid; or any article, matter, or thing whatsoever, which might, by pressure or otherwise, be rendered injurious to the Officers of the Post-Office, or to the contents of the Mail-bags; and the Act 3 and 4 Victoria, cap. 96, expressly directs that no letter shall be sent by Post containing any EXPLOSIVE or OTHER DANGEROUS MATERIAL OR SUBSTANCE. No Letter or Packet exceeding in breadth, or length, or depth, twenty four inches measurement, can be forwarded by Post.

PRINTED BOOKS, UNDER CERTAIN REGULATIONS, FORWARDED AT A REDUCED RATE.

Printed Books, Magazines, Reviews, and Pamphlets (whether British, Colonial, or Foreign), may be transmitted by the Post, *within the United Kingdom*, at the following reduced rates of Postage, viz.:—

Not exceeding 1 pound in weight,	-	-	6d.
.. .. 2	-	-	1s. 0d.
.. .. 3	-	-	1s. 6d.

and so on; 6d. being charged for every complete pound, or fraction of a pound beyond. Every such Packet must be sent without a Cover, or in a Cover open at the ends or sides. It must contain a single volume only, the several Sheets or Parts thereof, when there are more than one, being sewed or bound together.

It must not exceed two feet in length.

The Postage must be prepaid in full by affixing on the Packet or its Cover the proper Stamps. The name and address of the Sender may be written or printed upon, or in such Book, &c., so sent, or on the Envelope thereof, in addition to the address.

Any other writing may be on any leaf of the book, &c., or on the binding thereof, provided that it be on one and the *self same page of the Book*, or corresponding portion of the binding. If any or either of the above conditions be violated, the Packet must be charged and treated as a Letter in every respect.

To prevent any obstacles to the regular transmission of Letters, any officer of the Post Office may delay the transmission of any such Packet, for a time not exceeding twenty four hours from the time it would otherwise have been forwarded.

These instructions are not to extend to, or interfere with, the transmission of Printed Votes or Proceedings in Parliament, or of Newspapers or of Packets sent to or from places beyond Seas.

Money Order Office.

Money Orders are issued and paid at the General Post-Office, Edinburgh, between the hours of 10 and 4.

The commission chargeable for Money Orders is threepence on sums not exceeding £2, and on sums above £2, and not exceeding £5, sixpence. No order will be given for sums beyond this amount.

The Money Order Office, and the system of Registration, have been devised expressly for the security of Money and other valuable property transmitted through the Post-Office. With the great convenience thus afforded for transmitting small sums at so low a charge, and the power given of Registering Letters containing value, it is hoped the Public will no longer forward letters of value *except in one or other of these methods*.

In all cases where personal attendance is inconvenient, if the Money Order is receipted by the person to whom it is made payable, and the party presenting it for payment can afford full information as to the Christian name, surname, address, and occupation of the person *who originally obtained the order*, payment will be made; but unless these conditions are strictly complied with, it will be refused. Any Money Order presented through a bank, will be paid, without the name of the remitter and the signature in full of the Christian name of the payer being insisted upon as a condition of payment, provided that the bank be situated in the town on which the Money Order is drawn, that the Order be crossed with the banker's name, and that the party applying at the Money Order Office be known there as in the employment of the bank. It must be understood, however, that in all such cases the liability of the Post-Office will absolutely terminate with the Payment of the Order so presented.

The following is the list of places in Scotland, England, Wales, and Ireland, upon which alone Money Orders can be drawn, and at which they can be issued. A Money Order intended for a person residing at a place in which there is no Money Order Office, should be drawn upon the Post Town nearest to it, which may have a Money Order Office.

Foreign and Colonial Letters and Newspapers. General Regulations.

The prepayment of Postage being optional to many parts abroad, Foreign as well as Colonial, a table of the places in such countries to which letters may be forwarded unpaid is given.

Letters for the Colonies and Foreign Countries, which may be posted unpaid, specially addressed to be forwarded by routes which require the postage to be paid in advance, will not, if there are any means of transmitting them, be opened and returned to the writers for payment of such postage, but will be despatched if possible by other routes unpaid.

WEIGHT OF LETTERS.

Letters being now charged by weight in this country, as well as abroad, the British scale of progression is as follows:—

Not exceeding $\frac{1}{2}$ oz., one Rate.

Do. do. 1 oz., two Rates.

And two Rates for every succeeding oz.

The French and Belgian scale of progression is as follows:—

Under $\frac{1}{4}$ oz., one Rate.

Weighing $\frac{1}{4}$ oz., under $\frac{1}{2}$ oz., two Rates.

And one Rate for every succeeding $\frac{1}{4}$ oz.

In charging the British and Foreign COMBINED rates, it must be observed that a letter upon which the Foreign postage is to be paid will be liable to two Foreign rates if it reaches the $\frac{1}{4}$ oz. (the single rate being *under* that weight), and so on, whereas two British rates are not chargeable unless the letter exceeds $\frac{1}{2}$ oz. (the limit for a single British rate); so that a letter to be subject

to a single Foreign rate, as well as British, must be under a $\frac{1}{4}$ oz. The following shows the method of taking the postage on letters for France and Belgium :—

FRANCE.	under $\frac{1}{4}$ of an ounce.	{	British, 0s 5d	}	reaching $\frac{1}{4}$ of an ounce.	{	British, 0s 5d	}
			Foreign, 0s 5d				Foreign, 0s 10d	
			0s 10d				1s 3d	
BELGIUM.	under $\frac{1}{4}$ of an ounce.	{	British, 0s 8d	}	reaching $\frac{1}{4}$ of an ounce.	{	British, 0s 8d	}
			Foreign, 0s 4d				Foreign, 0s 8d	
			1s 0d				1s 4d	

SHIP LETTERS.

The rates of postage on "Ship," as on other letters, are taken by weight. The single uniform rate on ship letters between the United Kingdom and any place beyond seas (except those for France, Belgium, Holland, Hamburg, Bremen, Brunswick, and Hanover, to which places the rate is the same as by packet), when conveyed by private ship, is 8d. under the $\frac{1}{4}$ oz., and so on, in whatever part of the United Kingdom the same may be posted or delivered. Letters intended to be conveyed by "private ship" should be so addressed.

PERSONS EXEMPT FROM SHIP LETTER POSTAGE.

The owners, charterers, and consignees, resident in the United Kingdom, and owners, consignees, and shippers of goods on board vessels inward bound, are entitled to receive their letters free from sea postage (the inland postage only being chargeable) to the extent of 6 oz. collectively by any one vessel to any such person. In the case of vessels coming from Ceylon, the Mauritius, the East Indies, or the Cape of Good Hope, for an owner, charterer, or consignee of such vessel, the letters may collectively be 20 oz. in weight. The owner, charterer, or consignee, must be described as such on the address or superscription; and, in the case of owners, consignees, or shippers of goods, it must also appear by the ship's manifest that they have goods on board the vessel. Such persons are entitled to have their letters which come within the above conditions, before the master of the vessel delivers the other letters in his charge to the Post-Office.

* * Any person who shall, with intent to evade any duty of postage, falsely superscribe a letter as being the owner, charterer, or consignee of a vessel conveying the same, or as the owner, shipper, or consignee of goods shipped in such vessel, shall, for every offence, forfeit £10.

LETTERS NOT TO BE SEALED WITH WAX WHEN SENT TO WARM CLIMATES.

The practice of sealing letters which pass to and from the East Indies, and other warm climates, with wax, leads to much inconvenience and delay, as well as injury to the letters, notwithstanding the greatest care is taken to separate them, in consequence of the melting of the wax and adhesion of letters to each other. The public, therefore, are recommended, in all such cases, to use wafers instead of wax, and to advise their correspondents to do the same.

ADHESIVE STAMPS AND ENVELOPES.

Stamps may be used to pay foreign or colonial letters OUTWARDS, but care must be taken that, by the addition of such stamps, the letters do not exceed the weight intended to be paid for. In those cases in which the value of stamps on the letters is less than the amount of postage chargeable, they will be treated as unpaid letters, and the stamps become forfeited; and where they cannot be forwarded as unpaid letters, they will be sent to the Dead Letter Office, and opened and returned to the writers for the proper postage. Stamps are not permitted to be used on letters arriving in the United Kingdom from the colonies or foreign countries. Whenever, therefore, such letters bear any, they will be charged the full rate of postage, without regard to such stamps. These regulations will be applicable to newspapers in those cases where they are liable to postage.

NEWSPAPERS, AND PRICES CURRENT, TO THE COLONIES AND FOREIGN COUNTRIES.

Newspapers and Prices Current duly stamped and authorized, provided the regulations are complied with, and they are posted within seven days of their publication, may be forwarded to the colonies and to foreign countries, by post-office packets or private ships. To the British colonies they are forwarded free, as also to many foreign countries, which will be found in the Lists. But to all places to which newspapers are not sent free, the postage on them must be paid in advance. Newspapers and Prices Current, duly stamped to the colonies by PRIVATE SHIP, are charged one penny each. To France, Belgium, Holland, and countries through Holland, by PRIVATE SHIP, one penny each. Chili, Peru, Guatemala, Western Coast of America, Venezuela, St Helena, St Mary's River, Gambia, Sierra Leone, Cape-Coast Castle, Fernando Po, and Ascension Island, one penny each. All other places not British, by PRIVATE SHIP, twopence each, which must be paid at the time of posting the same.

The undermentioned printed PRICES CURRENT having obtained the sanction of the Lords of the Treasury, pass through the Post-Office to the colonies and foreign countries at One Penny

each, provided they contain simply the names and prices of articles. The names and addresses of the parties dealing in such articles must be excluded :—

The title of the publication must be written or printed immediately above the address; and any other writing than such address, name, initial, or mark for reference of any kind, calculated to convey information as to the party by whom such publication is forwarded, will subject the same to full letter rates of Postage.

Prices Current cannot be forwarded a second time without being charged full letter postage.

Prices Current from any colony or place abroad by private ship, are charged the same rate as newspapers. Prices Current from any British colony by packet, direct to any place in the United Kingdom, one penny each.

Prices Current from any foreign country by packet (except France, Belgium, Holland, and China), direct to the United Kingdom, twopence each.

Prices Current from whatever part (except China) received, by way of France, Belgium, Holland, or Hamburg twopence each.

PERIODICALS, PUBLICATIONS, &c.

Periodical works, not strictly newspapers, published as pamphlets, parliamentary proceedings, &c., may be forwarded to and from France, Belgium, Holland, and Prussia only (but not to countries passing through) under the following regulations :—

1st, The postage must be paid in advance (except those from)

2d, They must be sent in covers open at the sides for examination.

3d, They must be printed in the English language, or the language of the country they are sent from.

The rate on such works will be as follows :—

Not exceeding 2 oz. in weight, one penny.

Not exceeding 3 oz. in weight, sixpence.

And twopence for every additional ounce to sixteen inclusive, beyond which weight no publication can be forwarded except paid for as letters.

Plates of fashions, music, &c., accompanying newspapers and periodicals, are to be considered as part of such publication, and are not liable to extra charge. Prints published with newspapers and duly stamped may be sent by post separately as a newspaper, but those bearing the supplement stamp of 1d. only must be sent with the paper it belongs to, and be under the weight of two ounces.

Periodicals posted without previous payment will be forwarded as unpaid letters, and no single pamphlet or work unnumbered, and without reference to its continuance at any other time or period, can be considered or taken to be a periodical.

PRINTED VOTES AND PROCEEDINGS OF THE IMPERIAL PARLIAMENT, AND OF THE COLONIAL LEGISLATURES,

Whether paid or unpaid, pass at the same rates between the colonies, by packet, as between places in the United Kingdom. Where there are no packets, they may be forwarded by private ships at double these rates. They are not, however, forwarded to the East Indies *via* Southampton and Alexandria, nor to places through France under the full rates of letter postage.

REGISTERED LETTERS,

FOREIGN, COLONIAL, AND SHIP.

In the case of foreign, colonial, or ship-registered letters, it must be clearly understood that registration cannot extend beyond the port of dispatch in the United Kingdom, and the office does not engage for the security of any registered foreign, colonial, or ship letter longer than while the contents of the mail shall be in the custody of the British Post-office. Letters, however, addressed to France, and letters passing through France, are exceptions to this rule, the French Post-office undertaking to provide for their security till they shall have been delivered, if addressed to France, and so long as they remain in the French territory, if passing through France. All registered letters to and from France and countries passing through France must be paid to their destination, or to the furthest limit, and are subject to the following regulations :—

1st, A registration fee of sixpence in addition to the British portion (or rate) of the postage upon such letters.

2d, The foreign portion of the rate must be calculated, and the amount doubled.

Registered Letters for Belgium and countries through Belgium,

... .. Holland and countries through Holland,

... .. Hamburg and countries through Hamburg,

are charged with the British registration fee only, in addition to the postage an ordinary letter would be liable to, and the postage must be prepaid.

Registered letters for Prussia or to foreign countries through Prussia, must be pre-paid the full postage (British and Foreign) as well as the British registration fee of sixpence; and a farther charge of threepence on each registered letter, whatever may be its weight, on account of the Prussian registration fees. It is hoped that the public will take the precaution to register all letters of value.

REDIRECTED LETTERS.

Redirected letters between France, Belgium, and Holland, and countries the correspondence of which passes through France, Belgium, and Holland, and the United Kingdom, are returned charged with the same amount of postage that should have been paid by the receivers. Letters originating in the United Kingdom, redirected from France, Belgium, or Holland, are returned under the same conditions, and are liable to a farther charge of British postage—viz., 5d. from Calais, and 8d. from Holland.

All other redirected letters, which cannot be forwarded without pre-payment of postage, must be sent to the Dead Letter Office to be returned for the amount due—viz., for their conveyance to the United Kingdom (if the postage to the United Kingdom is not paid), and for the further amount from the United Kingdom to the place of redirection.

REDIRECTED NEWSPAPERS.

Newspapers originating in the United Kingdom, addressed to parties in France, Belgium, and Holland, who have returned, may be redirected (on the original covers) to them, and are liable to the first charge only.

Newspapers from the colonies and foreign countries for persons who may have removed, may be redirected to them at any place within the United Kingdom free of postage, provided they have not been opened at the place to which they were originally addressed. But a newspaper which has been opened is charged at the same rate as if it were a letter from the place of redirection to the place at which it may be ultimately delivered. Newspapers upon which any colonial or foreign postage may be due when redirected, shall be delivered at any place within the United Kingdom for the same amount of postage that would have been chargeable had they been delivered at their original address. Newspapers from one foreign country or colony to another in transit through, and addressed to the care of a person in the United Kingdom, may be redirected forward without extra charge, provided they have not been out of the custody of the Post-office; but such newspapers cannot be reposted without incurring the charge of letter postage.

NON-COMMISSIONED OFFICERS, SEAMEN, AND SOLDIERS IN HER MAJESTY'S SERVICE ABROAD.

Letters to seamen and soldiers may be forwarded by post at the rate of one penny each, under the following regulations:—

1st, The penny must be paid at the time the letter is put into the Post-office.

2d, The direction must signify the class of seaman or soldier.

3d, The name of the ship, regiment, or corps to which he belongs.

4th, The letter must not exceed half an ounce, and be upon their private concerns only.

Letters for seamen and soldiers, whether in her Majesty's or the East India Company's military or naval service (while on actual service), may be forwarded under the foregoing regulations to India, China, &c., *via* Southampton. They can now be sent to India *via* Marseilles, on payment of the British rate of 1d., besides the French rate of 5d. if under a quarter of an ounce, or 10d. exceeding that weight, or to any foreign country on payment of the foreign rate of postage, in addition to the British rate of 1d. as above.

Letters for seamen and soldiers forwarded by private ships (with the following exceptions:—St Helena, East Indies, New South Wales, Cape of Good Hope, and Mauritius, are charged 3d. each.

Warrant officers, either in the army or navy, or masters' mates, or engineers of the navy, are not entitled to transmit letters at less than the usual rates of postage.

Seamen or soldiers' letters received from any part beyond sea, upon which the said penny has not been prepaid, shall be charged to the receiver with double the rate—viz., 2d. each.

REDIRECTED LETTERS FOR OFFICERS, SOLDIERS, AND SEAMEN.

Letters redirected to commissioned officers in the army or navy, subject to foreign or colonial postage, may be forwarded to such officers when removed upon service (whether at home or abroad), and be delivered to them for the same amount of postage that would have been chargeable had they been delivered at their original address. In all other cases they are subject to the same regulations as ordinary redirected letters. Soldiers' and seamen's letters are not liable to an additional rate upon redirection.

NEWSPAPERS, PERIODICALS, &c., CHARGED FOR IRREGULARITIES.

Newspapers posted out of date, written on, or in any way marked for reference, or containing any thing contrary to the act, or without being prepaid, will, if there be no means of forwarding them as unpaid letters, be sent to the Dead Letter Office. When they can be forwarded, those out of date or not prepaid, as required, will be charged with the ordinary letter postage.

Newspapers posted in France, contrary to the established regulations of that country, are transmitted to this country as letters. British newspapers reposted in France for England are charged with the British frontier postage of 5d. per half ounce.

REGULATIONS FOR HACKNEY CARRIAGES.

"At Edinburgh, the Fourth day of April
Eighteen Hundred and Forty-eight.

"Which day the Right Honourable the Lord Provost and Magistrates of Edinburgh, being assembled, did, and hereby do, in terms of the powers conferred on them by the Police Acts for Edinburgh, make, ordain, and enact, the following Rules and Regulations for licensing and regulating Hackney Carriages, and repealed, and hereby repeal, the Regulations formerly enacted.

"ADAM BLACK, *Lord Provost.*
WM. TULLIS, *B.*
JOHN MELVILLE, *B.*
J. H. STOTT, *B.*
AND. TAIT, *B.*"

1. That no Carriage shall ply for hire as a Hackney Carriage within the city of Edinburgh, and around it for five miles, without being approved of, and it and the Proprietor being licensed by a Magistrate. Each License shall continue in force for two years, unless recalled.

2. That whenever a licensed Carriage ceases to ply, intimation thereof shall be immediately given to the Depute City Clerk, Council Chamber, and the License shall be returned.

3. That, in the event of a licensed Carriage requiring repair, intimation thereof shall be immediately given to said Clerk; and no unlicensed Carriage shall ply or be substituted for a licensed one, without the same being first approved by a Magistrate, and permission granted on the back of the License, specifying the time it shall be used.

4. That each licensed Carriage shall have a Number issued for it, which, together with the Owner's name, shall be painted in legible letters, of a colour conspicuously different from that of the Carriage, and at least one inch in length, on each door, immediately below the window-frame; and said Number shall not be transferred to any Carriage other than the one licensed. Each substituted Carriage shall have the name and number of the Carriage for which it is substituted painted in the same way on a movable plate, to be placed on each door, immediately below the window-frame. The number of the Carriage License, with the name and place of residence of the Owner, printed or painted on a Card or Board to be furnished by the Magistrates, shall be placed conspicuously inside the Carriage.

5. That each licensed Carriage shall always be provided with horses in good working condition, and the Carriage and all its appendages, and the harness of the horses, shall always be kept in good order and repair. The Driver, when driving, shall always keep the check-string in his hand, and no companion shall go or be seated along with him.

6. That it shall not be lawful for any person to act as Driver of any Hackney Carriage, whether such person shall or shall not be the Proprietor of such Carriage, unless such person shall have a License so to do, and a Badge with his name thereon, granted to him under the authority of the Magistrates; and no person thus licensed shall transfer or lend such License, or permit any other person to use or wear such Badge; and no Proprietor shall knowingly permit or suffer any person not duly licensed to act as a driver. No person shall be licensed as a Driver, nor act as such, who is not above eighteen years of age; and before any person is licensed, he shall produce a satisfactory certificate of his ability to drive, and of his good character, and shall find caution for his good behaviour, and to observe the Regulations for the time being for Hackney Carriages, under a penalty not exceeding forty shillings. That when a Driver's Cautioner dies, or leaves town permanently, the driver must report the same to the Depute City Clerk, Council Chamber, to whom he shall deliver his License and Badge, until he finds another Cautioner. Each License to Proprietors shall continue in force, unless the same shall be sooner revoked, for two years; and each License to Drivers, not Proprietors, shall continue in force, unless sooner revoked, for one year. Proprietors changing their residences, or dismissing licensed Drivers from their employment, shall give immediate notice thereof to said Clerk, and shall state to him, if required, the cause of the dismissal. Drivers, not Proprietors, changing their residences or employment, shall give immediate notice thereof to said Clerk. Proprietors and Drivers shall be cleanly in their persons and decently clothed, and shall conduct themselves in a proper, civil, and decorous manner at all times. All Licenses and Badges shall be returned within three days after the persons licensed cease to act as Drivers. No person shall wear another's Badge. The License and Badge may at any time be withdrawn at the pleasure of the Magistrates. That Drivers shall exhibit their Regulations, Badge, and License upon all occasions, whenever required, and by whomsoever demanded. The Proprietor shall be answerable for his Drivers; but the Drivers shall not be relieved from their responsibility. The Proprietor shall, when required, produce his Driver who may have contravened these Regulations.

7. That the Stances shall be South College Street, Tron Church, Princes Street (East and West ends), George Street (between Hanover Street and Frederick Street), Queen Street (East and West ends), Union Place and Gayfield Square, St Mary's Church, foot of Pitt Street, Stockbridge, Edinburgh and Glasgow and other Railway Stations, or at such other places as may from time to time be appointed. At Princes Street, East end, no carriage shall be placed opposite the

Mound, or farther West than a full coach length to the East of the crossing on the East side of the Mound. No Carriage shall stand in front of any part of Sir Walter Scott's Monument. Only four Carriages will be allowed to stand on that part of the Stance to the East of the road leading to the General Railway Terminus. At Princes Street West end, no Carriage shall be placed farther West than two full coach lengths to the East of the crossing from Charlotte Street to the West Kirk Gate. At Queen Street East end, a space of three coach lengths shall be kept open opposite to the Gate leading into Queen Street Gardens, at the foot of St David Street. At Union Place there shall not be more than six Carriages at a time. The others shall draw down to Gayfield Square, which is hereby ordained to be part of Union Place Stance. No Hackney or other Carriage shall be allowed to be stationed upon or to occupy any part of the public Streets not allotted as a Coach Stance, except Stage Coaches, when they start or arrive opposite the Coach Offices where their Tickets are issued, and Hackney Carriages at the dismissal of Assemblies and the Theatre, as herein after regulated. While the Carriages are at the Stances, Assembly Rooms, Theatre, or at Parties, the drivers shall either sit on the box or stand at the horses' heads; and neither the Proprietors nor Drivers, nor any one employed by them, shall canvass for employment—nor shall Carriages be taken from their Stations in search of employment, but shall await their chance.

8. That when a Carriage is at a Stance, it shall be held to be disengaged, unless proved to be otherwise, and the proof of the real engagement shall lie with the Driver. When a signal for a Carriage is made from a distance, the Carriage first in turn at the end of the Stance, when the signal is made, alone shall draw off, and in no case shall more than one Carriage at a time do so. Carriages coming and returning to the Stance, shall draw on to the rear of the Stance, and no Carriage shall be drawn off a Stance, nor shall follow Stage Coaches or other public Conveyances, on pretence of employment, nor parade the Streets in search of employment, nor draw out from the body of a Stance in order to get at the rear of that or any other Stance.

9. At taking up or setting down a party, the Carriage shall wait so long as required by the party. And when a Carriage is engaged, the hour shall be punctually kept, and the arrival immediately announced. The rate of driving shall be at least Five Miles per hour; and the Driver shall always take the nearest road, unless otherwise directed by the party hiring. Extra caution shall be exercised at passing crossings and corners.

10. That the following Regulations shall be observed at the

THEATRE.

I. SETTING DOWN.

1st, All Carriages shall approach from the West, and, on arriving, each shall take its place at the rear, or west end of the line.

2d, No Carriage shall be allowed to interrupt or break the line, or otherwise transgress the above Regulation, on any account whatever.

II. TAKING UP.

1st, Carriages in waiting shall draw up not sooner than Ten o'clock, with their horses' heads to the westward in Waterloo Place, in single lines, one on each side of the said Place, leaving the middle of it, and whole front of the Post-Office, clear. Private Carriages and hired Carriages to draw up on the South side. The unhired Carriages to draw up on the North side.

2d, No Carriage shall be allowed to leave these lines until called for by the Officer of Police specially appointed for that purpose.

3d, Every Coachman, as he draws up at the Box entrance, shall announce to the officer in attendance the name of the party he is engaged by, or that of the individual to whom the Carriage belongs.

4th, When a disengaged Hackney Carriage shall be called by the Officer, the one at the head of the disengaged line (that on the north side of Waterloo Place) shall draw up to the Box entrance.

5th, When a Carriage reaches the Box entrance, should the party for which it is called not be ready, the Driver, upon being ordered by the Officer in attendance, must, without delay or objection, drive on, and again proceed to the rear of the called carriages, and proceed in every respect as if he had been newly called; and this he shall continue to do until he shall have taken up his company, in terms of these Regulations.

6th, Drivers must on no account leave their carriages; and no proprietor, driver, or persons in their employment, shall be allowed to enter the Box-office, or occupy the passage thereto; nor shall there be any canvassing for employment, or driving to and from in the neighbourhood of the Theatre, as in search of employment.

11. That the following Regulations shall be observed at the

ASSEMBLY AND CONCERT ROOMS.

I. SETTING DOWN.

1st, All Carriages approaching from the West, shall enter by the West Gate; and on arriving, each shall take its place at the rear or West end of the line.

2d, All Carriages approaching from the East, shall enter by the East Gate; and on arriving, each shall take its place at the rear or East end of the line.

3d, No Carriage shall be allowed to interrupt or break the lines.

II. TAKING UP.—*West Door.*

1st, All Private and Engaged Carriages shall be drawn up in George Street, to the West of the Rooms, in Two lines, one on each side of the Street, leaving the middle of the Street entirely free, and shall take up at the *West Door only*.

THE Association provides security for the fidelity of persons holding situations of trust and responsibility, whose character and integrity entitle them to the benefits of this independent means of guarantee.

The forms of Policy for all Officers of Her Majesty's Treasury, War Office, Customs and Excise, Post-Office, Stamps and Taxes, &c. &c., have been settled and approved of by the Law Officers of the Crown, and the security is accepted *direct* by every department in the State.

The security of the Association is likewise accepted for all Officers in Saving Banks, Friendly, Loan, Benefit, Government Annuity, and other such Societies, and these Policies are, by the Act of Parliament, exempted from Stamp-duty.

Almost all the influential Public Establishments throughout the country have availed themselves of the security of the Association, in preference to the unsatisfactory and uncertain protection afforded by the system of private guarantee.

Forms of Proposal, and all information, can be obtained at the Offices of the Association in Edinburgh and London, or at any of the Agencies.

Parties are put to no expense for the Policies, excepting the Stamp-duty.

THE EXPERIENCE LIFE ASSURANCE COMPANY

Embraces in its constitution the advantages of both the MUTUAL and PROPRIETARY Systems, and by that union secures to parties effecting Assurances Benefits which neither system can separately offer.

IN THE MUTUAL DEPARTMENT OF THE BUSINESS, Assurers have all the advantages which can be obtained in any strictly Mutual Assurance Society, combined with perfect security and freedom from responsibility, and also the prospect of greater profits, as the security afforded by a SUBSCRIBED CAPITAL renders it unnecessary to retain a large portion of these as a Guarantee Fund. Assurers in this class participate in the Profits to the extent of

FIVE-SIXTHS, (OR UPWARDS OF 83 PER CENT.)

which are divided every five years; and, in their option, the Shares of the Profits may be added to the Sums in their Policies, applied in reduction of their future Premiums, or commuted into a present payment in Cash. The remaining one-sixth of the Profits is added to the paid up Guarantee Fund.

IN THE OTHER DEPARTMENT OF THE BUSINESS, Parties may effect Assurances for fixed sums at a reduced rate of premium, having all the advantage of the Proprietary System on most favourable terms.

THE RATES OF PREMIUM CHARGED

are equitably graduated to the different ages of life, according to the tables of mortality deduced from the experience of seventeen of the oldest Life Offices.

GUARANTEE OF SUMS ASSURED.

The sums in the Company's Policies are all guaranteed.

STABILITY OF THE COMPANY.

The Rates of the Company, as well as all its Regulations, are founded on the soundest principles. The transactions are conducted under the superintendence of the Directors. The Books are annually audited and reported upon to a General Meeting of the Association. The ascertainment and division of the Profits will be conducted by Actuaries appointed by the Board of Directors, so that assurers have every security for proper management; while, to meet any unforeseen losses which may be sustained, there is a Capital of

THREE HUNDRED THOUSAND POUNDS

subscribed by a wealthy and influential body.

NOTE.—It is here to be remarked, that the business is purely upon Life Contingencies, and Assurers have not the disadvantage of being connected with any other description of risks. Fire Insurance, for instance, which in many offices is combined with Life Assurance, has no legitimate connexion with it, and the combination is far from advantageous to Life Assurers; as a Company transacting the former class of business requires a large and burdensome amount of Capital, and the business is much more hazardous and speculative, the contingencies not admitting of the same certainty of calculation as those of Life Assurance.

THE allowance of Ten per Cent. which has been made on the Premiums paid on Policies of Seven Years' standing, is the surest proof of the unprecedented success of this Institution.

LIFE DEPARTMENT.

Tables have been calculated expressly for this Institution; and independent of a reduced rate of Premiums, as compared with other offices having a Subscribed Capital, persons assured for the term of life will be entitled, at the end of every seven years, to one moiety of the Profits of the Company, after a deduction of such sum per annum for the guarantee of the Capital, as the Directors may think reasonable, the extent of which is, however, limited by the deed of settlement.

The share of the Profits to be so allowed to the Assured may be applied, either by adding to the amount of their respective Policies such reversionary sums as are equivalent to such profit, or

[Continued.]

[Guardian Fire and Life Assurance Company—Continued.]

in reduction of the Premiums thereafter to be payable on such Policies, provided such option be declared in writing within three calendar months after the division shall have been declared; but if such option be not so declared, such share of Profits will be added to the amount of the Policies.

A Bonus was declared in June 1829, exceeding one per cent. per annum on the sums insured, on an average of the different ages; and two subsequent Divisions of nearly equal amounts were made up to Christmas 1835 and Christmas 1842. On an average of the three Divisions, the Reversionary Bonuses added to the several Policies at the end of every seven years, amounted to about 27 per cent. on the total Premiums paid thereon during those seven years, and the whole amount of Bonuses allotted to the three Septennial Divisions exceeded £530,000.

If any person assured with this Company for seven years, or for life, should die within thirty days after the Premium should become due, such Assurance is to be valid in case the Premium be paid within such period of thirty days.

Loans granted on Life Policies to the extent of their values, provided such Policies shall have been effected a sufficient time to have attained in each case a value not under £50.

No additional Premium will be required from Military Men, unless when called into actual service. No charge will be made for Entrance-Money, Admission Fees, or for Policies beyond the cost of the Stamp.

THE TENTH ANNUAL MEETING of CONTRIBUTORS was held on 16th FEBRUARY, when the following particulars of the business for the year 1847 were reported:—

The number of Policies issued in the year was 472, the sum assured by which was £213,631, and the Annual Premiums £6171. The mortality during the year, though greater than in former years, was still considerably short of the rate provided for by the Tables of the Society. The net amount of Assurances subsisting was £1,137,657, and the Income, from Premiums alone, £31,344.

The Bill for an Act of Parliament, facilitating the settlement of Claims in England, and conferring on the Society the privileges of Incorporation, was submitted to the Contributors.

On the motion of Professor MORE, the Report was unanimously approved of; and the cordial thanks of the Contributors were given to the Directors for their services during the past year.

The SCOTTISH PROVIDENT INSTITUTION was established to afford the advantages of MODERATE PREMIUMS in combination with a right on the part of the Assured to the WHOLE PROFITS.

In many Offices, Assurers are offered the alternative of a Moderate Scale of Premiums, without any claim to share in the Profits, or of a right to participate in these at an excessive rate of Premium. Assurers with the SCOTTISH PROVIDENT INSTITUTION are the sole recipients of the Profits, and at rates of Premium equally moderate with those of the *non-participating* Scale of any other Office.

The PREMIUMS at early and middle ages are about a fourth lower than in any of the other Scottish Mutual Offices; so that the sum usually charged—say at age thirty—for an Assurance of £1000, will secure a policy of £1230 in this.

The PROFITS are divisible according to a principle at once safe, equitable, and peculiarly favourable to good lives. Instead of being frittered away among all Policies indiscriminately (including Policies that have subsisted only a few years, on which there must be a loss, and not a profit), they are reserved for those members whose contributions have in reality created them,—in other words, for those who survive the period at which their Premiums, with accumulated interest, amount to the sums in their Policies. Being thus divided among a comparatively small number, the Share, or Bonus, falling to each must be greater than by the usual mode.

This mode of allocating the Surplus must, the Directors conceive, commend itself to the judgment of every unbiassed inquirer. Without attempting any unnecessarily minute system of division, it adjusts the respective interests of the various classes on the broad principle of equity; securing to members of long standing, the legitimate advantage of their longer payment into the common fund, without subjecting more recent entrants to disadvantage.

PROGRESSIVE VIEW OF THE SOCIETY'S BUSINESS IN EACH YEAR.

In Year	New Policies.	Amount.	Premiums.	In Year	New Policies.	Amount.	Premiums.
1838	182	£60,661	£1530	1843	256	£126,530	£3348
1839	202	86,335	2380	1844	310	127,645	3510

1841	306	140,141	3699	1846	416	191,102	5483
1842	254	113,905	3203	1847	472	213,631	6171

The progress indicated by this Table is the more satisfactory, as it has been attained without recourse having been had, in any instance, to the objectionable practice of giving commission to Law Agents and others, not the recognised official Agents of the Society, for bringing business to it.

Copies of the Report, Forms of Proposal, and every information, may be had on application at the Office, or from any of the Agents.

AT the EIGHTH ANNUAL GENERAL MEETING of the SOCIETY, held on the 11th May 1848, the Report for the year ending 5th April 1848, and the relative documents, submitted by the Directors, contained a most satisfactory account of the Society's affairs. Although the country has been suffering, during the whole of the period, under financial difficulties most unfavourable to the progress of Life Assurance Institutions, the business of the Association has continued to increase; 307 new Policies having been added to the lists during the year. The Annual Revenue and Accumulated Funds have also received considerable additions. The Funds have all been safely and favourably invested.

The Mortality experienced during the year amongst the Assured has been much below the amount exhibited by the Tables forming the basis of the Society's transactions. The proportion of the former to the latter is as 64 to 100—that is to say, while 100 deaths were calculated on, and the premiums sufficient to cover them received, only 64 had actually occurred. On a comparison with the Northampton Tables of Mortality, the numbers are in the proportion of 40 to 100—that is, instead of 100 deaths, only 40 had occurred.

The result of the usual Annual Valuation of the Assets and Liabilities, as at the 5th April, being highly favourable, the Directors considered themselves warranted in declaring that the current year's Premiums upon all Policies opened on or before the 5th April 1844, will be subject to

An Abatement of 35 per Cent.,
(instead of 30 per cent. as formerly.)

This result of the *Fourth Division of Profits* is conclusive evidence of the success of the Directors in carrying out the distinguishing principles of the Society, and of the important advantages thereby conferred on the Policy-holders.

The *Distinguishing Principle* in the Constitution of the Society is, that "*the surplus or profits shall be enjoyed by the Members during life.*" Every Member is, in the first instance, called on to pay a just contribution proportioned to his age at entry, and is entitled, after paying five Annual Premiums, to participate in the Profits, with all the other Members, *annually* thereafter. He thus receives back, every year, just that proportion of his Premium which, in the progress of the Society, is found to be more than requisite for meeting the claims, and which he is enabled to dispose of as he may deem most advantageous, either in securing farther benefits by Assurance or otherwise. For example:—

The Holder of a Policy of £1000, opened on or before 5th April 1844, the age being then 40, at an Annual Premium of £32, 10s. 10d., will this year be called on to pay only £21, 3s. 1d., receiving as his share of Profit £11, 7s. 9d.

If the age at entry were 50, instead of the Original Premium of £46, 12s. 6d., he will be charged only £30, 6s. 2d., receiving as his share of Profit £16, 6s. 4d.

If the age were 60, instead of £69, 0s. 10d., he will be charged only £44, 17s. 6d., receiving as his share of Profit £24, 3s. 4d.

LIFE DEPARTMENT.

THIS Company effect Life Insurances on equitable principles, with entire exemption from the liability of Partnership.

A large Capital, subscribed by the Proprietors, forms the security of the Assured.

The Premiums may all be paid at once, or in any given number of years—or quarterly, half-yearly, or yearly, as may suit the convenience of those holding the Policies.

Insurances may also be effected by paying an increased rate of premium for a certain number of years, to be afterwards correspondingly reduced for the remainder of life; or, by beginning with a low premium, to be increased when the expectation of greater means may be realized; or two-thirds only of the Premium may be paid, allowing the remaining one-third to be a charge upon the Policy until its expiration, to be then deducted, unless previously paid up.

All transactions in the Life Department are considered strictly confidential.

Prompt payment of Claims is made three months after proof of death.

The following Rates of Insurance for Single Lives are given as specimens from the Tables:—

LIFE ASSURANCE.

THIS CORPORATION RANKS AMONGST THE FIRST AND MOST FLOURISHING COMPANIES IN SCOTLAND; supported by a large and influential body of Proprietors; giving to the Assured every advantage hitherto offered to the Public.

The PREMIUMS are moderately rated at all ages; and are so modified, by ascending and descending scales, and otherwise, as to suit the object of every Insurer at the least immediate outlay, whether to secure a debt, provide for his family, or to convert income into capital for his own use.

When an Insurance is for the WHOLE PERIOD OF LIFE, ONE-HALF OF THE PREMIUMS ONLY REQUIRE TO BE PAID FOR THE FIRST FIVE YEARS AFTER THE DATE OF THE POLICY, the other half may remain unpaid subject to the payment of interest at five per cent. annually, to be deducted at death, or may be previously paid off at convenience.

PARTICIPATING POLICIES share in the Profits without payment of Entrance Money, or incurring the risk attending Mutual Assurance.

BONUSES may be either added to the sum Insured, or applied in reduction of future Premiums. The last Bonus (declared December 1844) averaged Forty per cent. on the Premiums paid during the Septennial period.

THE SUMS INSURED WITH THIS OFFICE AMOUNT TO NEARLY

SIXTY MILLIONS STERLING.

By the constitution of this Society, the INSURERS are made PARTICIPATORS IN ITS SAVINGS, to the extent of THREE-FIFTHS, and at the same time kept *free from all responsibility*. The last DISTRIBUTION OF PROFITS was declared in January 1846, and amounted to TWELVE AND A HALF PER CENT. on all Premiums paid during the preceding four years; whereby the total sum returned to the Insured, for the four years mentioned, amounted to upwards of £42,000.

BENEVOLENT DEPARTMENT.

Annuities to distressed Members of *Three Years'* standing of £25 each, and to the Widows of such Members, £15 each. Annuities increase according to length of membership to £35 and £25.

JAMES SYM, Accountant, 68 George Street, Edinburgh.

From "The Times" Newspaper.

TO CLERKS.—Owing to the great derangement of mercantile affairs which prevails at the present time, the Board of Management of the PROVIDENT CLERKS' ASSOCIATION, in their earnest desire to benefit their fellow-clerks by every means in their power, deem the present a most fitting opportunity to remind them of the existence of this Association.

It has now been established for nearly seven years; and, from the peculiar privileges and advantages it possesses, it is calculated to promote the comfort and to relieve the mind of that clerk, who, in the time of prosperity, shall have had the foresight to become a member, and have thereby made some provision for the contingencies of the future.

It is with the utmost satisfaction that the Board of Management announce that the Association exhibits a continued progressive improvement in the number of its members, and that the Life Assurance department is now established, beyond doubt, on a safe and permanent footing. [There are now nearly 1600 insurers.]

In issuing this short address, the Board strongly invite clerks to consider the principles of the Association; and they feel that they cannot express themselves more effectively than in giving an extract of a speech delivered by the Right Hon. the Earl of Dalhousie, on the occasion of his Lordship's presiding at their Anniversary Dinner in May 1846, and which has particular reference to the advantages of life assurance, viz.:—

"And the Society has this recommendation, that there are none whose means are so small but that they may obtain advantage from it. No man is so poor, no clerk so humble, but may join in order to provide for the wants of the future by contributing towards it funds, which will be fostered and cherished, and paid to the uttermost farthing. Such associations are of the greatest value in this country, whose yearly increase in wealth rivals and surpasses that of princes; and, permit me to say, that which I take the liberty of recommending to you and others of our humble brethren is not that which I do not practise myself. I do not preach other than I practise; I feel the full value of what can be done by mutual assurance."

The rates of Assurance are lower up to the age of 40 than those of eleven offices given in the table published by the Scottish Provident. The Policies are secured by a Guaranteed Capital. And there is no Probate or Inventory Duty payable—nor stamp duty on Assignments—being exempted by the Friendly Society Acts, in consequence of the connexion with the Benevolent Fund.

Proposals for Assurances, Prospectuses, Rules, and every information, may be obtained of JAMES SYM, ACCOUNTANT, 68 GEORGE STREET, AGENT FOR EDINBURGH, by whom also Donations and Subscriptions to the Benevolent Fund are received.

NEW RATES OF PREMIUM.

THE Directors of this Society, with a view of meeting the wants and wishes of that large class of persons who prefer the **PRESENT ADVANTAGES** of reduced Premiums to a prospective bonus in the shape of an addition to their Policies, have constructed a new Scale, based on the safest and most approved data, viz., The **EXPERIENCE TABLES** recently compiled by a committee of actuaries, from the records of seventeen of the leading London offices, including the Amicable and the Equitable.

The Society now offers the following advantages :—

The **LOWEST SCALE** of PREMIUMS which can be safely adopted.

Example.—For an Assurance of £100, payable at death.

Age 20.....	£1 13 1
" 30.....	2 2 10
" 40.....	2 18 7

Other ages at proportionate rates.

UNDOUBTED SECURITY, guaranteed by a large capital; an influential Proprietary; the long standing of the office; and the satisfactory results of its business.

FACILITY in the **SETTLEMENT** of **CLAIMS**, which are payable within three months from the date of proof.

LIBERTY TO TRAVEL IN ANY PART OF EUROPE without extra Premium.

To those who desire to secure the advantages of a prospective Bonus, by a small additional outlay, the Deed of Settlement assigns **FOUR-FIFTHS** of the Profits.

Bonuses may be commuted for equivalent reductions of Premium at the option of the Assured, by which arrangement the amount originally assured may be kept up at a continually decreasing cost.

Insurances effected on Joint as well as on Single Lives, for short terms or otherwise, and to meet any specified contingency.

Premiums may be paid in one sum, or in any other equitable manner, to meet the convenience of the public.

The Age of the Life Assured is admitted on the Policy at the time of effecting the Assurance, or at any other time, on production of satisfactory proof.

THE SUM ASSURED may be made payable to the PARTY HIMSELF on his attaining a *specific age*, or sooner if he should die *before* attaining that age.

Assurances to the extent of £5000 may be made on a healthy Life, according to any of the above Plans.

This Society *advances money* on the security of Entailed Estates in Scotland.

Every information and assistance will be given to assurers, either at the Offices, No. 7 Waterloo Place, London, or by the Society's Agents, established in all the principal towns.

The President, Vice-President, and Trustees, as also the whole Directors of the Society, are, and must, in terms of the Laws, be Members of, AND PERSONALLY CONNECTED WITH THE SOCIETY, by Assurances of a determinate number of years' standing.

THE SCOTTISH WIDOWS' FUND is founded, like the *EQUITABLE SOCIETY* of London, on the *PRINCIPLE OF MUTUAL CONTRIBUTION*—or, in other words, on the principle of appropriating the *WHOLE PROFITS* to the Assured.

The average amount of Insurances effected during the last Twelve Years, has been upwards of
HALF A MILLION ANNUALLY.

The last periodical investigation into the affairs of this Society took place on 31st December 1845, when it was ascertained that the Surplus Fund amounted to upwards of

£ 6 1 4 , 0 0 0 ,

and it was sufficient to enable the Directors, after setting aside upwards of

£204,000 AS A GUARANTEE FUND,

to declare and provide for the following additions:—

- I. An addition at the rate of Two per Cent. per annum for the period from the 31st December 1838, on the *accumulated* amount of the original Sums assured, and the previously declared Additions; being, in the case of the early Insurances,

UPWARDS OF THREE PER CENT. PER ANNUM OF BONUS
on the original sum insured.

And in order to provide for the case of those parties who may die before 31st December 1852, when the next investigation and declaration of surplus shall be made, there was provided, farther

- II. An addition at the rate of Two per Cent. per annum, on the *accumulated* amount of the original Assurances, and *previously* declared additions, for each Premium that may be paid after 31st December 1845, provided the party die before 31st December 1852 (having been insured at least five years). *This addition, supposing the case of a party insured in the early years of the Society's existence to die after payment of the premium for the year 1852, would be, for the 7 years from 31st December 1845 to 31st December 1852, upwards of 25 per cent. on the original Assurance; or at the rate of upwards of*

THREE AND A HALF PER CENT. PER ANNUM OF BONUS

on the original sum insured.

[Continued.]

[*Scottish Widows' Fund and Life Assurance—continued.*]

The principles of division of the profits may be ascertained on application to the MANAGER, at the Head Office, or to any of the Agents of the Society.

The operation of these principles is such, that there were appropriated and divided amongst the Members,

At the First period of investigation exactly *two-thirds* of the profits realized previous thereto.

At the Second period nearly *three-fourths* of the profits realized between the first and second periods.

At the Third period nearly *four-fifths* of the profits realized between the second and third periods.

At the Fourth period nearly *six-sevenths* of the profits realized between the third and fourth periods.

Besides which, there is at present unappropriated, and reserved as a GUARANTEE FUND, to maintain the stability of the Society, in terms of the laws, upwards of Two Hundred Thousand Pounds.

This Society owes its success to various causes, but particularly,

- 1st, To the SELECTION OF THE LIVES. So particular have the Directors been in this respect, that upon an approximate estimate made on the 31st December 1838, it was ascertained that the actual losses had only been in the ratio of fifty-seven for each hundred that might have been expected according to the Tables of Mortality upon which the Society's calculations are based; and upon a similar estimate made on the 31st December 1845, it was ascertained that they were only in the ratio of fifty-one for each hundred that might have been expected. In one year alone there were rejected as many as 142 proposals for insurance, the sum to be insured being £160,000.
- 2d, To the ECONOMY IN THE MANAGEMENT—which is as great as can be maintained consistently with the proper and systematic conduct of the Society's affairs.
- 3d. To the LIBERALITY OF THEIR DEALINGS, and PUNCTUALITY IN PAYMENT OF THEIR CLAIMS. Unless in those cases where fraud is suspected, every facility is given to the representatives of deceased Members to effect a speedy settlement of the sum insured.

LIFE DEPARTMENT.

THE following advantages are offered by this Company:—

I. SECURITY.

It is possessed of a very large Subscribed Capital, divided among a numerous body of Proprietors, and thus the absolute security so essential to a Life Assurance Society is afforded in its most substantial form.

[Continued.

[*Scottish Union Fire and Life Insurance Company—Continued.*]

II. PREMIUMS.

The Rates of Premium have been calculated expressly for it, and will bear a fair comparison with those of other Companies. No ENTRY-MONEY IS CHARGED. Parties may assure either a specific sum, payable at death, on payment of a reduced rate of premium; or, on payment of an increased rate, they may participate in the Profit Scheme of the Company.

III. DISTRIBUTION OF PROFITS.

TWO-THIRDS of the Profit arising on the Participating Class of Policies, *without being subject to any charges for Management*, are divided EVERY FIVE YEARS among those entitled to participate, on the MOST EQUITABLE PRINCIPLE, viz., in the proportion each party has contributed to the fund.

At the Second Investigation of the Profit Fund, for the Five Years preceding 1st August 1846, the Directors were enabled to declare a Bonus, averaging about one and three-quarters per cent. per annum on the original Sums assured.

ANNUAL REPORT, 1848.

THE TWENTY-SECOND ANNUAL GENERAL MEETING of this Company took place on Tuesday, the 15th of February, within the Company's Office, No. 3 George Street, Edinburgh:

GEORGE MOIR, Esq. Advocate, in the Chair.

The Report and Statements submitted by the Directors contained a very satisfactory account of the progress of the Institution during the year 1847. It was reported—

That the NUMBER OF POLICIES for Life Assurance issued by the Company from 15th November 1846 to 15th November 1847, was 621.

That the SUMS ASSURED during the same period, contained in these Policies, amounted to £443,578, 4s. 11d.

That the NUMBER OF APPLICATIONS for Policies made to the Company, and from which the above transactions were selected, was 804, containing proposals for Assurance to the extent of £591,663, 8s.

That the ANNUAL REVENUE of the Company, as at 15th November 1847, was £131,316, 10s. 7d.

That the WHOLE AMOUNT OF ASSURANCES covered by the Company's Policies in force at 15th November 1847, was £3,252,090, 14s. 10d.

The Report then proceeded as follows:—

“The past year has been marked by the most extraordinary features as regards commercial affairs and general credit; but, while all classes of society, especially the Mercantile Community, and our Public Institutions connected with the general affairs of commerce, have felt the pressure of the times, the Life Assurance Institutions of the country have stood unaffected by the crisis. Nothing can tend more to extend confidence in these Institutions than this result; and it is to be hoped they will always be found affording protection and dispensing benefits to all connected with them, unaffected by those periodical changes.

“Notwithstanding the unfortunate position of the country during the past year, the amount of new business transacted by this Company has exceeded to a large amount the business of the previous year. The claims during the year have been greater in proportion than usual; but when the increased mortality throughout the kingdom generally is remembered, the Directors consider they have reason to be well satisfied with the results.”

After the Report and Statements were read, the Chairman congratulated the Meeting on the favourable position of the Company and its prospects generally, and again brought under notice the most prominent features in the Report. He drew attention to the great increase of the BUSINESS, the increase of the REVENUE, and the rapid accumulation of the Company's FUNDS, which, it appeared, HAD BEEN MORE THAN DOUBLED DURING THE LAST FIVE YEARS.

The following Abstract, showing the new business transacted by the Company annually since 1842, was referred to, as exhibiting, in a marked degree, the growing estimation of the STANDARD in public favour:—

	Number of New Policies issued.			Corresponding Sum Assured.

	(Bonus year)					

The Meeting expressed entire satisfaction with the Report and Statements; and, after the election of new Directors in the room of those retiring by rotation, in accordance with the Act of Parliament, the Establishment of the Company for the ensuing year was declared to be as follows:—

THIS COMPANY has introduced a totally new feature in LIFE ASSURANCE, and instead of its being limited, as it has been by all the plans hitherto practised, to the comparatively small class possessed of fixed incomes, from which they could undertake the burden and risk of an annual premium, it has, by the system adopted by this Company, been thrown open to every saving man in the community, enabling him to lay aside what he can spare from his income from time to time, as it may best suit himself, and affording him all the peculiar benefits of LIFE ASSURANCE, without bringing him under any obligation for payments which he may not have the power or the wish to continue, and at the same time leaving him the full command, should he require it, of all or any portion of the sums so paid to the Company in the same manner as if deposited in a Bank.

LIFE ASSURANCE.

THIS Institution, which combines every advantage of a Scotch and English Office, while it hopes to receive the *especial patronage of Episcopalians*, rests its claim to the support of the *Public generally*, on the sound and equitable principles of its scheme.

Assurers may adopt either the participating or non-participating Table of Rates, they being, in the former case, *guaranteed* by a responsible and wealthy Proprietary in *four-fifths* of the profits.

The following are a few of the advantages derived by persons insuring with this Company :—

1st, Perfect security to the Assured.

2d, Tables are framed upon participating and non-participating Rates, and upon increasing and decreasing Rates.

3d, The non-participating Rates are reduced as far as is compatible with the stability of the Office, and the efficient security of the Assured.

4th, Assurances may be effected upon the Lives of persons resident in any part of the world, on more moderate terms than are generally charged by other respectable Offices.

5th, Persons subject to diseases which do not tend materially to shorten life, may be insured upon payment of a moderate additional Premium.

6th, Age admitted in the Policy.

7th, Claims will be paid within three months after proof of death.

8th, Policies forfeited by non-payment of Premium, renewable within twelve months, upon proof of the same state of health, and the payment of the Premium in arrear, with interest thereon.

The Institution transacts business of every description connected with Life Assurance, including the granting of Annuities and Endowments for existing and future Children; and by a Deed of Settlement it is declared to be amenable, in the Scotch Courts of Law, as to all Insurances effected in Scotland—which are likewise subject to the Scotch laws of succession.

THIS Company grants Assurances on Lives both with and without participation in the Company's profits, and transacts every variety of business dependent on the contingencies of life, on the most liberal terms.

From the extensive scope of the Company's business, embracing, along with the business of Life Assurance, all varieties of Annuity, Endowment, and Reversionary business, the Company are enabled to offer to the public all the advantages which can be derived from the most skilful and enlightened application of the science of probabilities to the amelioration of the evils arising from the uncertain duration of human life.

PROGRESSIVE LIFE ASSURANCE.

By this entirely new and most important application of the principles of Life Assurance introduced by this Company, the following, amongst other great advantages peculiar to the system, are afforded to the Assured:—

Assurances for the whole of Life may be effected at about ONE-HALF OF THE IMMEDIATE OUTLAY required by the ordinary methods of Assurance.

The Assured, under the Progressive System, are entitled, at any time, to have any portion of the amount assured by their Policies, cancelled by the Office. The Assured are thus placed in the advantageous position peculiar to this system, of being able to adapt the amount of their Assurances, from time to time, to their own desires or necessities.

Persons who are assured under this system are entitled, at any time, to have their Policies altered to the ordinary mode of Assurance by equal Annual Premiums.

Specimens of rates by Annual Payments progressively increasing during life for an Assurance of £100, payable at the Death of the party; also Rates by equal Annual Payments during life, by paying which, at any age, the Assured are entitled to have their progressive Life Policies converted into Policies on the ordinary system of Assurance.

Age next Birth-day.	Progressive Premium.	Equal Annual Premium.	Age next Birth-day.	Progressive Premium.	Equal Annual Premium.
15	£0 17 3	£1 9 11	40	£1 10 6	£2 16 4
20	0 19 4	1 13 6	45	1 14 3	3 6 3
25	1 1 8	1 17 8	50	1 18 4	3 19 8

35	1 7 3	2 8 9	60	3 10 2	6 6 1

From the above, it will be evident that the Company's system of Progressive Life Assurance offers most important benefits, unattainable by any other method of Assurance, to persons EFFECTING ASSURANCES IN CONNEXION WITH LOANS OR DEBTS, TO ALL THOSE WHO LOOK FORWARD TO A FUTURE ADDITION TO THEIR MEANS, WHETHER FROM THE SUCCESSION TO PROPERTY OR THE RESULT OF THEIR OWN INDUSTRY, and in general to the PRUDENT AND SAVING IN ALL CLASSES OF THE COMMUNITY.

This Company grants Loans, either temporary or repayable by instalments, on heritable or personal security in connexion with Life Assurance, on Redeemable Life Annuity, and otherwise, on the most reasonable terms.

Copies of the Company's Prospectus, and full information as to the system of Progressive Life Assurance, and on all other branches of the business, may be had by application at the Head Office in Dundee, or at any of the Company's Agencies or Branches.

LIFE INSURANCE.

The Non-Participation Department embraces every description of Insurances on approved Lives at the lowest rates of Premium consistent with safety.

The Participation Branch was begun in 1840; and, by the first Declaration of Bonus as at 10th February 1847, vested Retrospective Additions, at the rate of $1\frac{1}{4}$ per cent. per annum were made to all Policies then connected with the Scheme, together with contingent Prospective Additions to such of these Policies as may become claims before next Investigation at 10th February 1852, as shown in the following

Specimen Table of Policies for £1000, with Bonus Additions.

The amount of these Bonus Additions affords abundant proof of the eminent success which has attended this department of the Company's business, when it is kept in view that the Premiums are so much more moderate than those usually charged. Thus at the age of 30, a Premium of £102, which would be required to insure £4000 in a *Mutual Assurance Office*, if paid to this Company, would at once cover £4475, and give right to future Bonuses on this sum.

CHRISTIAN DOCTRINE AND DUTY,

Being a Selection of Scripture Passages illustrative of this Title.

(Marked with Emphases and Inflections.)

With a Summary of the Rules of Elocution, and an Abstract of Scripture Geography, &c.

By JOHN MACDONALD, Teacher of English, &c., 56 George street, Edinburgh.

"A capital text-book for schools, students, and private families."—*Caledonian Mercury*.

"This work ought to be in the possession of every teacher of youth in Scotland."—*Glasgow Constitutional*.

"The Scripture passages are judiciously selected and arranged, so as to exhibit a regular system of religious doctrines and moral duties."—*Edinburgh Advertiser*.

"The design, execution, and tendency of this little volume are excellent. In many respects the plan is wholly original, and the author has been equally successful in presenting the student of Scripture with a help to the formation of accurate views, sound principles, and good taste. The passages are grouped with remarkable precision and judgment, and the author exhibits throughout a thorough acquaintance with the Sacred Volume. We are not at all surprised to find that it has called forth the unequalled praise of distinguished clergymen."—*Scottish Guardian*.

"This work is intended not only to convey a clear and comprehensive view of Christian doctrine and duty, derived from the Holy Scriptures, but to impress upon the youthful student the rules of elocution, and their practical application generally. The manner in which Mr Macdonald has effected these objects is at once simple, ingenious, and impressive. We recommend the work to general use."—*Edinburgh Evening Post*.

"A very excellent work, which, while admirably suited, as it is intended, for the instruction of youth, may also, we think, be used with great advantage by private Christians, as a manual of 'Christian Doctrine and Duty.' The arrangement is extremely judicious, and the passages under each head are very happily selected—so happily indeed, that the reading of them, one after another, leaves a very strong impression of the truthfulness and authority of the doctrines which they are brought forward to prove. In short, the book as a whole, is one which, while it does great credit to its compiler, who is well known in this city as one of the most successful teachers of youth, may prove highly useful as a class-book in schools, especially on Sabbath evenings."—*Witness*.

TO ADVERTISERS.

“**BRADSHAW'S MONTHLY RAILWAY AND STEAM NAVIGATION GUIDE OF GREAT BRITAIN, IRELAND, and the CONTINENT,**” which has attained a larger circulation than any Periodical Publication, is the oldest and only authentic work of this description; being compiled with the authority, and under the immediate direction of the various Railway and Steam Vessel Companies throughout the United Kingdom and the Continent. Its circulation is of a more general nature than any Newspaper or Periodical of the day; it is especially patronized by Her Majesty, the Court, a most extensive circle of the Nobility, Clergy, and Gentry, by all Government Offices, Bankers, Public and Mercantile Offices, both Metropolitan and Provincial, a large number of Hotels throughout this country, France, Belgium, Holland, and Germany; it is also sold at every important Railway Station both here and on the Continent; it is, therefore, obvious that as an Advertising Medium it cannot be surpassed. Advertisers will also please to bear in mind, that the GUIDE is Published on the First of every Month, one insertion therein is therefore equal to twenty-five in the Daily Papers, and four in the Weekly, being daily referred to for indispensable information throughout the Month.

SABBATH FAMILY READING.

The attention of the Religious Public is respectfully directed to

THE CHRISTIAN TREASURY,

3 Vols. royal 8vo, price 16s. 6d.,

AS containing a very large amount of valuable and interesting papers, original and selected, admirably adapted for Sabbath reading. It is wholly devoid of sectarian bias, and has been honoured by the strongest approval of the leading Ministers of all Evangelical denominations. The following are a few extracts from the opinions given at length in the Prospectus, which may be had, on application, from the Publisher:—

"I have been exceedingly benefited and delighted by, and I have always spoken of this periodical in high terms."—*From J. Pye Smith, D.D.*

"I think it to be a periodical well calculated, by its evangelical, practical, and devout character, to be widely useful."—*Rev. Edward Bickersteth.*

"It is a publication remarkably fitted to be useful to the individual Christian, and a pleasant and edifying companion for the family and the fireside."—*Rev. C. J. Brown.*

"We are persuaded that in many a farm-stead and cotter's hut, as well as in not a few of the tenements of our crowded cities, the *Christian Treasury*, as a weekly messenger of peace, a periodical remembrancer of the 'glad tidings of great joy,' has been a welcome and useful visitor; that it has often refreshed the soul of many 'a secret one,' when well-nigh ready to faint amidst the abounding iniquity of the world; and that it has sown the precious seed in many a young heart, which may hereafter prove itself to be 'incurruptible' by 'springing up, and producing the

peaceable fruits of righteousness.'"—*Robert Gordon, D.D.; William Cunningham, D.D.; James Buchanan, D.D.*

"I know of instances in which its articles have been greatly blessed for the comfort and edification of its readers."—*Rev. Dr King.*

"I know not any periodical so thoroughly pervaded with spirituality, yet at the same time so striking and attractive. It is just the work for *dist-ric-tion* circulation."—*Rev. Horatius Bonar.*

"It is conducted with perfect skill and perfect catholicism, presenting every week an endless variety of things new and old, of the most devout, practical, and interesting description."—*Rev. Thomas Guthrie.*

"As a weekly provision for the entertainment and instruction of religious families, it stands in my view unequalled, if not alone; nor have I been surprised to find this judgment anticipated by that of several such families whom I have chanced to visit, in retired and widely distant parts of England."—*Rev. W. Bunting.*
