OPTIONAL OR COMPULSORY PREPAYMENT.

When a letter or newspaper, addressed to go by a route that requires prepayment is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to be returned to the writer.

DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER, &c.

The letter α prefixed to any division shows that the postage there entered does not carry the letter, &c., from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an additional charge upon delivery.

MAILS WHEN DUE.

The dates given in the Table are those when the Mails are due at port of arrival.

TURKEY, MOLDAVIA, WALLACHIA, &c., via BELGIUM.

In the case of letters forwarded via Belgium for other places in Moldavia than Botuschany, Galatz, and Jassy, or for other places in Wallachia than Bucharest and Ibraila, the writers should specify in the address to which of the above towns they desire their letters to be forwarded, and the rate as far as that town must then be paid in advance.

It is recommended that any letters for Erzeroum and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent in Samsoun or Trebizond, to be forwarded to their destination. Letters for such places in Turkey in Asia and Asia Minor as have no Austrian Post Offices, should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established.

COLONIAL AND FOREIGN POSTAGE;

Being the RATES chargeable in the United Kingdom upon Letters, Newspapers, &c., addressed to British Colonies and Foreign Countries.

POSTAGE STAMPS, &c.

Prepayment of Inland Letters, &c., must be by Stamps.

RATES OF POSTAGE.

Inland Letters.*

1. The rate of postage on all inland letters is regulated by weight, irrespective of distance, and (with the exception afterwards mentioned) is as follows :-

If paid in advance.

Letter weighing not more than 1 oz.,..... 1d. Letter weighing more than 1 oz., but not exceeding 1 oz.,.... 2d.

Letter weighing more than 1 oz., but not more

than 2 oz., Letter weighing more than 2 oz., but not 3 oz. and so on; twopence being charged for every additional ounce.

2. As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid additional postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid.

Colonial and Foreign Letters.

3. The rates of postage on letters to foreign countries and the colonies are entered in the Table of Colonial and Foreign Postage at pages 5-16.

Addresses to the Queen and Petitions to Parliament.

4. Petitions and addresses to her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other inclosure, however, must be inserted, and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspapers and other periodical Publications bearing the Newspaper Stamp.

5. Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission, the exclusive privilege of the Post

Office extending only to letters.

6. All periodical publications, including newspapers published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free of postage under the following regulations, viz. :--

1st. They are subject to the same restrictions with regard to the number of sheets and superficial extent as were formerly applicable only to newspapers pro-perly so called. These restrictions are shown in the following table :-

Amount of Stamps impressed on the Publication.	Maximum Number of Sheets.	Maximum Super- ficial extent of Letterpress on one side.				
One Penny Three Halfpence Twopence	Two Three Four	2,295 inches. 3,443 " 4.591 "				

2d. No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

3d. The title and date of the publication must be

printed at the top of every page.

4th. The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be ex-

5th. It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

6th. It must be posted within fifteen days from

the printed date of issue.

7th. It must have either no cover or a cover open at the ends.

8th. It must contain no inclosure.

9th. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vender who sends it. Thus, if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient).

10th. If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage

stamp.

11th. When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable; and if the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it is liable on this account to a charge of 2d.; and for any breach of the 9th rule an additional postage of 2d. is charged.

12th. In case of any other irregularity the pub-

lication is dealt with as an unpaid letter.

13th. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.

^{*} Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands. If the weight be exceeded to the smallest extent, even though the balance he merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

14th. Stamped publications can also be forwarded under the regulations of the Book Post; but when so sent the impressed stamp does not count as any part of the postage.

- 7. Newspapers sent abroad.—Newspapers sent abroad, whether to a British colony or to a foreign sountry, are liable to the 3d, 5th, 6th, 7th, 8th, and 9th of the foregoing regulations; moreover, the name of the newspaper must have been registered at the General Post Office. Every such newspaper is liable to the postage entered in the Table of Colonial and Foreign Postage; and this postage must be prepaid in stamps.* As respect newspapers going abroad the impressed stamp stands for nothing. Publications registered for transmission abroad, although not strictly newspapers, are nevertheless, so far as the British office is concerned, treated as such.
- 8. Newspapers for Russia.—It is forbidden to introduce into Russia, through the post, political newspapers, in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. The admission also into Russia of newspapers not of a political character, is permitted only in those cases where they are addressed to the house of some established bookseller. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any persons residing in Russia. In all cases where the above-mentioned printed papers are allowed to circulate by the post, they are chargeable in Russia with a Foreign rate of postage, in addition to the rate chargeable in this country.

PARLIAMENTARY PROCEEDINGS.

9. Parliamentary proceedings circulated inland.— Postage.—Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the following rates of postage:—

Weighing not more than 4 oz	1d.
Weighing more than 4 oz., but not exceeding	
8 oz	2d.
Weighing more than 8 oz., but not exceeding	3d.
12 oz	3a.
Weighing more than 12 oz., but not exceeding	
16 oz	4d.

and so on; one penny being charged for every additional quarter of a pound or fraction of a quarter of a pound.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet, otherwise it will be treated as an ordinary book-packet.

Prepayment optional.—Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only is charged.

Parliamentary proceedings, &c., sent abroad.—Parliamentary proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Focign States between which and this country there is a book post.

Book Post, including Newspapers and other periodical publications, and also Purliamentary Proceedings for which the foregoing special privileges are not claimed.

10. Inland Book Post, &c.—The following are the regulations of the Inland Book Post:—

1st. Rates of Postage:

Weighing more than 4 oz.* 1d.

Weighing more than 4 oz., but not exceeding 8 oz. 2d.

Weighing more than 8 oz., but not exceeding

and so on, 2d. being charged for every additional half-pound or fraction of a half-pound.

2nd. The postage must be prepaid by means of postage stamps affixed outside the packet or its cover. If the whole postage be not thus prepaid the packet is treated in the manner described in Section 9.

3rd. Every packet must be sent either without a cover, or in a cover open at the ends or sides; so as to admit of the inclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string; but in such case the Postmaster is authorized to cut the string, although he is required to refasten the packet.

4th. A book-packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs when not on glass or in cases containing glass, prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; but no printed matter or prints will be allowed, except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps, markers (whether of paper or otherwise), in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but no patterns, or books of patterns (unless these consist merely of paper) can be allowed.

5th. No book-packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not re-

^{*} Newspapers posted unpaid are retained at the Returned Letter Office for one week; and then, if the postage still remain unpaid, are destroyed.

^{*} If the weight be exceeded to the smallest extent, even though the balance be merely turned, the book or printed paper becomes liable to a higher postage. To provide therefore for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight. It should be remembered that a newspaper when wet weighs more than when dry. Forgetfulness on this point sometime causes groundless complaints about charges for newspapers; the complainant having errone-ously supposed, on weighing the newspaper on its arrival, and when it had had time to dry, that he had been overcharged. The foregoing observations apply also to books, &c., sent abroad.

garded as a letter. Indeed as respects the name and address of the sender, not only is the writing permitted but recommended; so that if the cover come off or for any other reason the packet cannot be forwarded, it may be returned.

6th. No book packet must exceed two feet in length, width, or depth; and if any such packet be presented at a post office it will not be received.

7th. Any packet which shall not be opened at the ends or sides, or shall have any letter or any communication of the nature of a letter written in it, or upon its cover, will be charged with the "unpaid" letter.

8th. If a packet be found to contain any letter not wholly printed, whether closed or open, or any inclosure sealed or otherwise closed against inspection, or any other unauthorized inclosure, the letter or inclosure will be taken out and forwarded to the address on the packet, charged with the full postage, as an unpaid letter, together with an additional rate; and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

9th. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate, it is forwarded, charged with the deficient book postage, together with an additional rate; but any packet which bears no postage stamp is charged with double the book postage.

10th. In every case in which the postage chargeable under these regulations is greater than the letter

rate, the latter postage is substituted.

11. Precautions against Fraud.—It is the duty of Postmasters, whenever they have ground for suspecting an intringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine book packets posted

at, or passing through, their offices.

12. Despatch of Book Packets may, when necessary, be delayed.—To prevent obstacles to the regular transmission of letters, a Head Postmastsr may, when necessary, delay forwarding any book packet, not a newspaper, for a period not exceeding twenty-four hours beyond the ordinary time; and at Packet Offices* the delay may, at the option of the Postmaster, be either for that period, or until the despatch of the mail next after that by which the book-packet ought otherwise to be forwarded.

13. The main business of the Post Office being the transmission of letters, the forwarding of books and newspapers (which no one is compelled to send through the Post Office), though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delievery of letters. Books, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters should not be sent through the Post.

14. Inland Pattern Post.—The following are the rules of the Inland Pattern Post:—

Ist. Rates of Postage.

S. d.

For a packet of patterns weighing not more than 4 oz., . . . 0 3 more than 4 oz., but not more than 8 oz, 0 6

For a packet of patterns weighing 8 oz., but s. d.

not more than 16 oz.,

" 16 oz., but not more
than 24 oz., 1 6

2nd. The postage must be prepaid by means of

postage stamps.

3rd. No packet of patterns must exceed 24 oz, in weight. Any packet exceeding that weight will be charged as a letter.

4th. The patterns must not be of intrinsic value. This rule excludes all articles of a saleable nature, and, indeed, whatever may have a value of its own, apart from its mere use as a pattern; and the quantity of any material, sent ostensibly as a pattern, must not be so great, that it can fairly be considered as having, on this ground an intrinsic value. Packets containing patterns of intrinsic value will be charged as letters.

5th. There must be no writing or printing other than the address of the person for whom the packet is intended, the address of the sender, a trade mark and numbers, and the prices of the articles, otherwise the packet will be treated as a letter.

6th. The patterns must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be inclosed in bags of linen, or other material, tied at the neck; bags so closed that they cannot be readily opened, even although they be transparent, must not be used for this purpose. Non-compliance with this rule will also subject the packet to be treated as a letter.

7th. In all respects the regulations of the Inland Book Post will apply to the Inland Pattern Post.

15. Colonial and Foreign Pattern Post.—Except that no packet addressed to France or Italy may have the address of the sender upon it or upon its cover, trade patterns can, on the foregoing conditions, and at the rates inserted in the Table of Colonial and Foreign Postage, be sent to such colonies and foreign countries as are marked on that Table with the letter "P."

POSTAGE STAMPS,

16. Postage Stamps must be kept for sale.—Every Postmaster is required to have on hand a sufficient stock of postage labels and embossed penny envelopes, and to sell them to the public at the following prices:—

^{17.} Stamps.—Prepayment of inland letters, &c., must be by labels or embossed stamps. British postage stamps are not available for the payment of letters, &c., coming into this country.

^{*}Packet Offices are those at which mails are made up for despatch by packet-boats (as distinguished from private ships) to places abroad; such are the offices of Loncon, Liverpool, Southampton, Devonport, and Glasgow.

18. By using embossed envelopes all risk of the stamp being detached may be avoided; but when labels are used, these should be examined to see that they firmly adhere, since if they fall off, the letters, &c., will be charged with postage; which, in the case of inland letters, is double the prepaid rate. To some places abroad also, double the prepaid rate is chargeable in such cases; and in other instances the letters, &c., are liable to be detained for the deficient postage. The labels should be placed on the front of the letter, and upon the right hand corner of the upper side.

19. Licenses to sell Postage Stamps .- A license to sell postage stamps can be obtained, free of expense by any respectable person on application to the office of Inland Revenue, Somerset House, London, or (by residents in the provinces), on application to the

Stamp Distributor of their District.

20. Postage Stamps purchased from the Public. -Certain Postmasters in England and Wales are permitted, though not compelled, to purchase postage stamps from the public, provided the stamps be not soiled or othewise damaged, at a charge of 21 per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the payments are as follows:---

and so on.

REGISTRATION.

21. By the prepayment of a fee of fourpence, any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom. Letters, newspapers, books, &c., may also be registered to a British Colony for a fee of sixpence. No newspaper, book, or other packet (except letters), addressed to a foreign country can be registered, and to some countries even letters cannot be registered, as shown in the table of Colonial and Foreign Postage.

22. The registration of a packet makes its transmission most secure, and the loss of such a packet is a very rare occurrence. Nevertheless, by Act of Parliament, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account, and if the Postmaster General think fit will be required to make good any loss that may be sustained. The Post Office cannot undertake the safe transmission of valuable inclosures in unregistered letters. So sent they are exposed to serious risk. All inland letters, therefore, which unquestionably contain coin, even though they be posted without registration, are treated as registered, and charged on delivery with a double registration fee of eightpence in addition to the ordinary postage, and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch. This rule, however, applies as yet only to inland letters.

23. Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letterbox. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will if

directed to any place in the United Kingdom, be liable to a registration fee of eightpence, instead of the ordinary fee of fourpence.

24. Time of Posting .- The time for posting registered letters at Glasgow is half an hour before the closing of the mail by which they are to be despatched. At all provincial Head Offices, letters, whether inland, foreign, or colonial, may be registered after the hours specified, until the closing of the letter-box for each despatch, or until the office is closed for the night, npon payment of a late fee of fourpence in addition to the ordinary registration fee.

25. Mode of Posting .- The postage and registration fee of registered letters must be prepaid; and if the letter be inland, such prepayment must be by

26. No Letter Carrier or Rural Messenger, or other servant of the Post Office, is allowed to carry

a letter for any person to be registered.

27. Purliamentary Notices .- Parliamentary notices may be forwarded through the post under the follow-

ing regulations :-

1st. The words "Parliamentary Notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may he undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter, though this is not imperative.

2nd. These notices must be posted either at the General Post Office, St. Martin's-le-Grand, in London; the General Post Office in Dublin; the General Post Office in Edinburgh; or at the chief office at one or other of the following towns:-

> Aberdeen, Inverness, Leeds, Athlone, Belfast, Lincoln. Birmingham, Liverpool, Bristol, Manchester, Newcastle-upon-Tyne, Cork, Norwich, Exeter, Glasgow, Shrewsbury.

3rd. All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, may be posted after the 12th of that month.

4th. The postage chargeable on these notices and the registration fee of sixpence on each must be pre-

paid by stamps.

5th. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged, for the convenience of comparison, in the order of the list. These lists will be examined by the officer in attendance at the window, and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

28. Time for Posting Parliamentary Notices -The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office, in which case the Postmaster may appoint any other time within the next twentyfour hours for receiving the same; provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are liable to an additional rate of postage like

29. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster as to the most convenient time for posting

them, and state the probable number.

30. Notices relating to votes for members of Parliament belonging to any of the classes enumerated in the Acts 6 Vict. c. 18, and 13 and 14 Vict. c. 69, can also be sent through the post (with the securities for their safe delivery enjoined by the Acts), on prepayment in stamps of the postage, and of a registration fee of twopence, provided they be presented duly directed, open, and in duplicate, to the Postmaster of an office which is also a Money Order Office. receiving the notices, the Postmaster will compare each with its duplicate, and if the two agree, the latter will be stamped and returned to the bearer. The production by the person who posted such notice of such stamped duplicate is evidence of the notice having been given to the person at the place mentioned, on the day on which such notice would in the ordinary course of post have been delivered there. The notices must be presented at least half an hour before the fixed time for posting ordinary letters. They are liable to the usual charge for re-direction.

31. Poll-books .- When a poll-book is presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an acknowledgment thereof in writing, stating the time

when he received it.

32. No registration fee is demanded for poll-books, and prepayment of the postage is optional, without

regard to weight or size.

33. Jury Summonses .- Under the following regulations jury summonses may be sent through the 1st. They must bear the words "Jury Summons"

on each, on the same side as the address.

2nd. The postage, together with a fee of twopence on each summons, must be prepaid in postage stamps.

3rd. They must be posted at those offices only which are also Money Order Offices, and each must be accompanied with a duplicate endorsed with the name and address of the person to whom the original summons is directed. On receiving them, the Postmaster compares their addresses with those of the duplicates, and on being satisfied that they are alike, he forwards the originals in the usual course of post, but not as registered letters, returning the duplicates to the person who brought them, duly marked with the stamp of the office.

4th. These summonses are received within such hours as may be previously agreed upon between the Sheriff or other proper officer and the Postmaster, and which must be so arranged as not to interfere with

the current duties of the office.

34. Delivery.-Letter Carriers and Rural Messengers are prohibited from distributing any letters. newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they may have completed them, except such as have passed through a Post Office. Nor are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

35. Delivery at Window.- No person living within the town free delivery, unless he rent a private box, can obtain his letters at the office window.

36. In order to prevent the additional trouble which is sometimes caused by letters being directed to a Post Office, although for persons residing within a free delivery from such office, but who have no private box, a Postmaster is authorized, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter Carriers; except such as are addressed to the military in barracks.

37. Private Boxes and Bags. - Any person can have a private box who is willing to pay the appointed fee. Where this fee goes to the Revenue, it is generally fixed at one guinea per annum to be paid in advance, and for a period of not less than a year; and where it goes to the Postmaster, he may demand the same terms, though he may, at his option, take less. The same also, in most cases, are the terms for a private bag, except that, in addition, there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being half a guinea per annum, if the bag be conveyed by a Rural Messenger, and two guineas if by a contractor for a mail cart or other horse post. The weight of a private bag, when empty, is limited to one pound. As the service of a private bag may possibly delay the despatch of the general bag, none are allowed without the permission of the Surveyor.

MONEY ORDERS.

38.—Application Forms.—The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security than verbal messages against mistakes. These Forms are supplied gratuitously at all Money Order Offices.

39. Commission. - The commission on inland Money Orders is as follows: - On sums not exceeding £2, threepence; above £2 and not exceeding £5, sixpence; above £5 and not exceeding £7, ninepence; above £7 and not exceeding £10, one shilling.

40. No Fractional Part of a Penny Allowed .- No order is allowed to contain a fractional part of a

41. Particulars Required. - With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:-

1st. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and if a firm, the usual designation of such firm will suffice, except a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company," to which kind of company the above privilege does not extend.

3rd. When the remitter notifies that the order is to be paid through a bank, it is left to his option to

give or withhold the name of the payee.

42. When application is made for a Money Order

payable in London, or at any other town where there is more than one Money Order office, the remitter should say at which of such offices be wishes it to be paid, otherwise the order can be cashed at the Head Office alone. It is not incumbent on a Postmaster to supply such information relative to local or provincial offices, but the nearest Money Order office to any street in London may be ascertained by referring to the Street List.

43. Orders cannot be Cancelled.—An order once issued cannot be cancelled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the paying Postmaster according to the directions printed on the

back of the order.

44. The remitter of an order may make that order payable ten days after date, provided he sign the requisition "C" printed on the order, to defer payment until ten days after date, and affix a penny

receipt stamp thereto.

45. Payment of Money Orders .- When an order is presented for payment (otherwise than through a bank) the Postmaster has first to see that the signature of the payee be as full as the name given in the advice, and be not in any way inconsistent therewith. He has then to call on the applicant to give the name of the remitter, and if the reply be correct, the order will be paid, unless the Postmaster have good reason for believing that the applicant is neither the rightful claimant, nor deputed by him. When an order is paid through a bank it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person), and that it be presented crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

46. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

47. Money Orders do not require a receipt stamp. 48. Lapsed and Void Orders.-Payment of an order, issued and payable in the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. The period for payment of orders issued in the United Kingdom and payable in any colony authorized to transact Money Order business, including Gibraltar and Malta, is six months, and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. person presenting a lapsed order will be furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January) all claim to the money will be lost.

49. No Compensation Allowed for Alleged Injury; and no Claim after Order has once been paid.—No application can be entertained for compensation for

alleged injury from the non-payment of a Money Order at the expected time; and after once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

50. To guard against any person, even if he obtain possession of a Money Order, fraudulently getting it

cashed, the remitter is recommended-

1st. When he is well known to the payee, to sign the letter inclosing the order with his initials only.

2nd. When this is not the case either to make the

2nd. When this is not the case, either to make the order payable ten days after date, or to register the letter inclosing it, or to make the order payable through a bank.

3rd. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than either of the others.

51. Payment cannot be Demanded on day of Issue.

-Under no circumstances can payment of an order

be demanded on the day of issue.

52. Duplicate Orders, Transfers, Repayments, Alteration of Name, &c .- In case of the miscarriage or loss of an inland Money Order, a duplicate is granted on a written application (with the necessary particulars, and inclosing the amount of a second commission, in postage stamps) to the Controller of the Money Order Office of England, Scotland, or Ireland, as the case may be, where the original order was issued; and if it be desired to stop payment ca an inland order a similar application, with inclosure of postage stamps, must be made to the Controller of the Money Order Office of that part of the kingdom in which the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application inclosing the order must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant, and imposed on the officer in fault.

53. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the applicant for payment shall communicate with the remitter, and request him to apply personally to the issuing Postmaster.

54. Letter-carriers, &c., not bound to procure Money Orders, &c.—No Letter-carrier or other ser-

vant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

55. Colonies.—Money Orders are issued at all Money Order offices in the United Kingdom of Great Britain and Ireland, on Money Order offices in Gibraltar and Malta at a charge equal to three-fold the commission on inland Money Orders, and on Money Order offices in the subjoined list at a charge equal to fourfold such commission:—

57. The renewal of a lapsed order, the issue of a duplicate order, or the stoppage of payment of an order issued by a Colony on the United Kingdom, will be made on application to the Controller of the Metropolitan Office of that portion of the United Kingdom in which such Colonial Order is payable, provided an additional British Inland Rate of Commission be inclosed with the application; except in the case of lapsed orders, when the additional com-mission will be deducted from the amount of the new order issued by the department; but the lapsed order must be transmitted with the application for its renewal. Post-masters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of Colonial orders originally drawn on their own offices.

58. For repayment of the amount of a Money Order, or for the correction of any error respecting the name of the payee or remitter of an order issued by a Colony on the United Kingdom, the application on the subject, inclosing an additional Colonial Inland rate of Commission, must be addressed to the Controller of the Metropolitan Office on the Colony in which such order was issued.

MISCELLANEOUS REGULATIONS.

59. Limit to Size of Letters, &c .- With the following exceptions, no letter, &c., can be forwarded by the post which is more than two feet in length, breadth, or depth; nor any unpaid packet which weighs more than four ounces. The exceptions are—

1st. Packets to or from places abroad.

2nd. Packets to or from any of the Government offices or departments, or public officers.

3rd. Petitions or addresses to the Queen, whether directed to her Majesty, or forwarded to any member of either House of Parliament.

4th. Petitions to either House of Parliament, forwarded to any member of either House.

5th. Printed Parliamentary proceedings.

60. Official Information.-No information can be given respecting letters which pass through a Post Office * except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

61. Letters cannot be returned to Writers .- Postmasters are not allowed to return any letter to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon; as every letter must be delivered to the person to whom it is directed, and to him alone, at the address it bears.

62. Late Letters .- Late letters, † &c. are received till within five minutes of the despatch of the mails, except where the surveyor may deem a longer interval necessary, and excepting that no office is to be kept open merely for this purpose after ten o'clock at night.

63. Prepayment of Late Letters .- No late letters, &c. (except Government letters) are forwarded by the mail preparing for despatch unless prepaid, and that in stamps, so as to include both the ordinary postage and the late-letter fee; but in the case of Government letters it is sufficient to prepay the fee.

64. Re-directed Letters, &c .- Every re-directed letter or other postal packet will be liable to an additional postage (at the prepaid rate), unless the redirection be not only made by an officer of the Post Office, but be to a place within the district belonging

* The term "Post Office" applies to all Post Offices whether Head-Office, Sub-Office, or Receiving Office. A "Head-Office" is an Office subordinate only to a Metropolitan Office. Both Sub-Offices and Receiving Offices are under Head-Offices; but at Receiving Offices letters are received only, not delivered.

† The term "Letters," &c. is meant to include everything sent by the post; whether letters, newspapers, books, or aught else. "Late letters," are such as are posted after the ordinary time, and which cannot, there-

posted after the ordinary time, and which cannot, therefore, be sent forward by the mail then in preparation, unless extra payment be made.

to the same Head Office. Thus, on a paid or unpaid letter, re-directed either by an officer of the Post Office or by any one else to a different postal district in the United Kingdom, and weighing not more than half an ounce, an additional postage is levied of one penny; or, if the weight be more than half an ounce but does not exceed an ounce, of twopence, and so on. Upon a book thus re-directed to any other postal district in the United Kingdom, and weighing not more than four ounces, an additional postage of one penny is levied, or, if the book weigh more than four ounces but not more than eight ounces, an additional postage of twopence and so on.

65. A registered letter, when re-directed, is liable to the same additional charge as an ordinary letter, and, if re-posted, a second registration fee must be

paid with it.

66. Letters which have once been posted, addressed to commissioned officers in the army, navy, or ordnance, or to non-commissioned officers, private soldiers, or seamen employed on actual service in any of Her Majesty's colonies, or on any foreign station, and who, before receiving the letters, may have started on their return home or to another station, may be re-directed to such officers, private soldiers, or seamen when these have removed upon service, and will be delivered to them without any charge for re-direc-The same privilege extends to the letters of non-commissioned officers, private soldiers, and seamen, re-directed from one part of the United Kingdom to another part of the United Kingdom, or from the United Kingdom to a place abroad; but no such privilege is allowed with regard to letters for a commissioned officer re-directed from one part of the United Kingdom to another, or, if posted in the United Kingdom, re-directed to a place abroad.

67. Postmasters are not bound to re-direct letters for the inhabitants of the same postal district, unless their places of abode should be left uninhabited, or they have a private bag or a private box; and unless, an addition, a written application, properly signed, be received by the Postmaster from the person to whom the letters are addressed, requesting that they may

be re-directed.

68. Notice of Hours of Attendance, &c — Every Postmaster is required to have a notice conspicuously placarded, giving information respecting the hours of attendance, ** the despatch and delivery of letters, &c.

69. Sunday, "During the time the office is open on Sunday (viz., from eight to nine in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day is wholly suspended.

70. At no provincial town in England or Ireland is there more than one delivery on the Sunday, Christmas Day, or Good Friday; nor, in Scotland, on Sunday or the Sacramental Fast Days; and any person is at liberty to prevent even this, so far as relates to himself, as shown by the following regulations:—

1st. Any person can have his letters, &c. retained in the Post Office on Sunday by addressing to the Postmaster a written request, duly signed, to that effect. 2nd. Such request will be held to include newspapers and all other postal packets, even such as may be marked "immediate," as no distinction can be allowed.

3rd. No letters, &c., the non-delivery of which by the letter-carrier on Sunday has been directed, can be obtained from the Post Office window on that day.

4th. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing as they may think proper; but no person can be permitted to engage a private box for Sunday only.

5th. To prevent the inconvenience and confusion which would arise from frequent changes in these instructions, no request can be entertained unless it extend to a period of at least three months, nor be withdrawn, even after the lapse of that time, without a week's notice.

71. Change and Bad Money.—No Postmaster is bound to give change, or is authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

72. Postmasters not bound to weigh letters for public.—Except as regards foreign and colonial letters about to be prepaid in money, a Postmaster is not bound to weigh any letters or other packets for the public, though he may do so if his duty be not

thereby impeded.

73. Forbidden Articles.—Postmasters are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a letter, &c., be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any letter, &c., of the above description, he is directed not to forward it, but to report the case, with the address of the letter, &c., to the secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, seissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explo-

sive or combustible.

74. When the reason for the non-delivery of a letter, &c., in the country is "Deceased," the letter is sent, as soon as practicable, to the Returned Letter office, as are all letters intended for ships which have sailed before their arrival. When the reason is "Refused," the letter, if an inland one, is retained by the provincial Postmaster for one day only before being sent to the Returned Letter office, unless the refusal be conditional, in which case the letter is kept for one week, as are all colonial or foreign letters when refused, and letters, whether inland or foreign, marked "Not known," or "Gone away." When the reason is "Not called for" (the letter being addressed to a Post Office), the packet is retained by the Postmaster one month; except in the case of letters at seaports addressed to persons on board ships expected to arrive at such ports, which letters are kept three months. London district letters and letters from the country addressed to London and its neighbourhood, whether the reason is "Deceased," "Refused," or "Gone away," are sent to the Returned Letter office on the day after the attempt to

^{*} These and all other hours in this notice are in accordance with the time of the particular locality; but the despatch of the mails is by London time, with which railway time agrees.

All town and provincial letters which deliver them. contain the name and address of the senders are returned to them the same day they reach the Returned Letter office. Colonial and foreign letters are, with a few exceptions, returned in periods varying from one to two months.

75. Every letter, &c., which is opened at the Returned Letter Office and found to contain the address of the sender is sent back to him; and, even when a letter does not contain the address of the sender, yet if it incloses money or other articles of value, it is

carefully preserved.

76. Penalties for sending Letters otherwise than through the Post .- By the Act 1st Victoria, cap. 33, sec. 2, any person conveying otherwise than by the Post a letter not exempted from the exclusive privilege of the Postmaster-General incurs a penalty of £5 for every letter, and £100 for every week the The sender also incurs a practice is continued. penalty of £5 for every letter, with full costs of suit.

77. Exceptions from exclusive privilege of Post Office in conveyance of Letters .- The following are the exceptions granted by the Act 1st Victoria, cap. 33, from the exclusive privilege of the Post Office, in the

conveyance of letters:-

1st. Letters sent by a private friend, so as such letters be delivered by such friend to the party to

whom they shall be directed.

2nd. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issning out of a court of justice.

3rd. Letters sent out of the United Kingdom by a

private vessel (not being a packet boat).

4th. Letters of merchants, owners of vessels of merchandize, or the cargo or loading therein, sent by such vessels of merchandize, or by any person employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

5th. Letters concerning goods or merchandize sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

6th. No person is authorized to make a collection of such excepted letters for the purpose of sending

them in the manuer above described.

78. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:-

1st. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack-horses; and own-

ers, drivers, or guards of stage-coaches.

4th. The owners of or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other her Majesty's dominions.

SUGGESTIONS TO THE PUBLIC, &c.

79. Facility is given to the Post Office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations:-

1st. Letters should be posted as early as possible.— To post all letters, &c., as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars. The trouble of the office is much diminished if circulars, before being posted, be tied in bundles with the addresses all in one direction.

2nd. Registered Letters.—To see that when several letters are sent by the same person for registration they be accompanied with a list (in duplicate) of the addresses; one list to be retained at the Post Office, and the other, when signed, to be returned by the bearer. This practice (which is adopted by many bankers) saves time both to the public and to the

department.

3rd. Addresses should be legible and complete.-To make the address legible* and complete, giving the name of the post town, and if there be more than one town in the kingdom of that name, or if the post town be not well known, adding the name of the county. Letters posted in one part of the United Kingdom and intended for another part (as, for example, letters posted in England and intended for Scotland) should have the name of the country to which they are sent added to the other part of the address. The number of the house, too, if in a street, is a great assistance. It must not be supposed that because a letter will eventually reach its destination without a number, the omission is not a cause of hesitation and delay in the process of sorting for delivery; and when such small delays occur again and again they tend greatly to retard the general distribution. In the case of letters for places abroad the name of the country as well as the town or city should be given in full. Attention to this latter precaution will often assist in deciphering the name of the town or city, and will prevent the letter from being mis-sent when there are towns of the same name in different countries. For example:-A letter intended for London in Western Canada, North America, but simply addressed "London, W.C." would be forwarded to the West Central District of the Metropolis in England, and thus be delayed.

4th. All postal packets to be securely folded and sealed .- To see that every letter, newspaper, or other packet sent by post is securely folded and sealed, and that when postage stamps are remitted, they are inclosed in paper sufficiently thick to prevent them from being seen or felt through the cover. It should be remembered that every such packet has to be several times handled, and that even when in the mail bag it is exposed to pressure and friction. Unless, therefore, the article be light and pliant it should be inclosed in strong paper, linen, parchment, or some other material which will not readily tear or

^{*} As an instance of miscarriage owing to the want of legibility, it may be mentioned that badly-directed letters intended for Balgravia have not unfrequently been sent to Balgrade.

break. The observance of this precaution is especially necessary whenever any fragile articles of value are forwarded by post. These should always be inclosed in a wooden or tin box. Owing to neglect of these precautions many postal packets burst open, causing much trouble to the department, and risk to the owners, it being sometimes impossible to determine to what packet a particular article belongs.

5th. Newspapers.—To fasten the covers of newspapers firmly, so as to prevent them slipping out. When, for additional security, the address is written on the newspaper itself, such address (if the newspaper be franked by an impressed stamp), must, in case of re-transmission, be cut off, otherwise the newspaper will become subject to a postage of 2d. It is not sufficient that the old address be obliterated; as the rules forbid writing or any marks of any kind

in addition to the true address.

6th. Affixing stamps,—In affixing stamps, to wet slightly the corner of the envelope and the gummed side of the stamp, and then gently to press the stamp till it is firmly fixed. The practice of dipping the stamp in water is objectionable, because, unless the stamp be immediately withdrawn, and care be taken by the use of blotting paper or some other absorbent to remove any excess of moisture, the gum may be washed off, or the stamp may be rubbed off the letter. By the use of envelopes bearing an embossed stamp (which can be purchased at any Post Office) all risk of the stamp being detached may be avoided.

7th. Posting.—When dropping a letter, newspaper, &c., into a letter-box, always to see that the packet falls into the box, and does not stick in its passage.

8th, Money, &c.—Never to send money or any other article of value through the post, except either by means of a money order or in a registered letter. Any person who sends money or jewellery in an unregistered letter, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes, and may be the means of ultimately bringing some clerk or letter carrier to moral ruin. Every letter which contains money or other valuable article, even when registered, ought to be securely sealed.

9th. Letter-boxes .- To provide a letter-box.

10th. Removals.—In case of removal, to furnish the particulars of the new address, in a letter, properly signed, either to the secretary or the lettercarrier of the district.

11th. Complaints about mis-sent Letters, &c .- When complaint is made of letters or newspapers lost, miscarried, or delayed, to furnish information as precise as possible regarding all the facts of the case, and to inclose whatever documents may throw light upon it. The day and hour at which the letter or newspaper was posted, as well as the office at which and the person by whom this was done, should always be stated; and when possible, the cover or wrapper in an entire state should be sent, in order that the place of delay may be ascertained by an examination of the stamps. Cases frequently occur in which complaint is made against the Post Office, and redress expected, although little or no means of tracing the error, and of guarding against a repetition of it, is supplied by those who alone are able to do so.

12th. Letter should contain full address of the Writer.—To see that every letter contains the full address of the writer, in order to insure the return

of the letter if the person to whom it is directed cannot be found. A much larger portion of the undelivered letters could be returned, if the names and addresses of the senders were always either fully and plainly written inside or embossed on the envelopes.

80. Blame often not attributable to Post Offices.—Whilst trouble and loss are too often caused by the carelessness or dishonesty of some of the twenty-three thousand servants of the Post Office, yet the instances are not few in which it has been shown to the satisfaction even of the complainant that the fault attributed at first sight to the Post Office rested really

in other quarters.

81. The publisher of one of the London papers complained of the repeated loss in the Post Office of copies of his journal, addressed to persons abroad. An investigation showed that the abstraction was made by the publisher's clerk; his object apparently being to appropriate the stamps required to defray the foreign postage. In another case a general complaint having arisen as so the loss of newspapers sent to the Chief Office in St. Martin's-le-Grand, the investigation led to the discovery of a regular mart held near the office, and supplied with newspapers by the private messengers employed to convey them to the post. Again, a man was detected in robbing a newsvender's cart by volunteering on its arrival at the entrance of this Office to assist the driver in posting the newspapers; instead of doing so, he walked through the hall with those intrusted to him, and upon his being stopped, three quires of a weekly paper were found in his possession.

82. Depredations so impudent and systematic is not likely, whoever the perpetrator may be, to remain long undiscovered; but isolated cases of theft by private hands are often brought to light, although necessarily very difficult of proof on the part of the Post Office, upon which no doubt the blame for a time rests; and it is greatly to be desired that those who have suffered loss should in the first instance, and whilst the circumstances are fresh, endeavour to ascertain with the utmost precision all particulars respecting the despatch or receipt of the letters or papers in question, and communicate that information to this department. Indeed, generally speaking, it is only by careful inquiry into minute details that the offender can be detected, whether he be a servant

of the Post Office or not.

83. Much time often necessary in making alterations.—The Post Office is a department which admits of constant improvement and expansion; and the public by sending to the Post Office clear and correct information respecting faulty arrangements, may aid in the accomplishment of these objects. It is not, however, always borne in mind that changes in machinery so extensive and intricate as that of the Post Office must be made cautiously, and with much previous consideration.

84. The arrangements of the service, even in districts widely separated, are so much dependent upon each other, and economy of time (one of the first objects in all postal organization) requires that they should be so nicely adjusted, that no alteration can safely be made without a close examination of all its consequences, and the utmost completeness of preparation; for as on the one hand experience proves that almost every improvement made shows the way to further amendment, so, on the other, it will be

found that an ill-considered change, though it may give a partial advantage in one quarter, will almost invariably lead to dislocation and confusion in others.

85. This, of course, involves a reference to every district or community which may be affected—often distant from the metropolis; and entails the necessity of reports from various quarters, which must be considered, compared, and in many instances tested by experiment, before a safe decision can be arrived at. Even then negotiations with railway companies and coach proprietors may have to be entered into, tenders invited, new contracts made, and old contracts, requiring notice of termination, got rid of, before the decision can take effect.

86. The proper execution of a great portion of these duties not only requires high ability, diligence, and precision on the part of the officers intrusted with them, but is also (and it is this which more immediately concerns the public) a work of time. Hence it has frequently happened that the necessity for a change has been recognized in this office, that investigation has been set on foot, and measures of improvement have been taken before any public demand has arisen; such demand even having been

suggested by these very proceedings.

87. Prevalent misconceptions causing complaints.— It is often assumed that a mail conveyance, passing by or through a place, however small, ought as a matter of course to deposit the letters directed thereto; the practice being that until the mail arrives at the head post office of the district the letters in question are not separated from the other letters of the listrict. A slight consideration of the nature and bjects of the postal service will show that such separation cannot be effected in any other way, unless, indeed, the mail conveyance, even supposing it to be but a mail cart, were converted into a travelling post office, and furnished with clerks of unlimited local knowledge (which is plainly impossible), or unless every town and village in the kingdom having any correspondence with the place in question were to make up a bag for that place; in which case its mail would contain nearly as many bags as letters.

88. It happens from time to time that, owing to the stream of postal communication having been diverted from the old mail road to a line of railway, or from other causes of like nature, it becomes desirable to reduce the post office of a town from the position of a principal office to that of a sub-office. This step not unfrequently gives rise to complaints; the inhabitants being under the impression that they will not in future be so well served. This is a misconception. The change is not made when it will subject the correspondence to delay; nor does it cause any withdrawal of accommodation in respect to Money Orders. It is, in fact, simply a departmental arrangement, which consists in carrying on the sorting of the letters for the new sub-office at some intermediate office, instead of sending the letters in direct bags.

89. A frequent error is to assume that the Postmaster-General has some control over the delivery, charge, and other postal arrangements in the Colonies, and even in foreign countries; whereas except at Malta and Gibraltar, the British Post Office is as powerless abroad as the Foreign or Colonial Post

Offices are here.

90. Another misconception, which occasionally causes trouble and disappointment, consists in assuming that a discretionary power can be intrusted to subordinate officers to remit penalties or overcharges in special circumstances. Cases will undoubtedly occur in which strict observance of a general rule may inflict more or less injustice upon individuals, and where a dispensing power immediately at hand might furnish a remedy; but in an establishment as large and as widely spread as the Post Office, there will always be many subordinate officers, some of them carrying on their duties beyond the easy reach of any supervising authority, who are not fit depositaries of such a power, affecting as it would to a great degree, the public revenue. It therefore becomes necessary to lay down definite and precise rules from which no departure can be allowed, except under sanction of the Postmaster-General; and in the few instances in which these rules press hardly, appeal must be made to the General Post Office. It must be added, that in many instances even such appeal is necessarily fruitless, the Postmaster-General being bound to a particular course by positive law.

91. Applications for Postal information.—Provision having been made by means of the British Postal Guide (with local Postal Guides in large towns) and the Postal Official Circular, to supply full and authentic information on all postal matters which concern the public at large, it is requested that persons will abstain, as much as possible, from applying for such information to Postmasters and other officers of the department. When information deany kind is asked for verbally the department does not hold itself responsible for alleged errors in the

reply.

POST OFFICE SAVINGS BANKS.

92. Hours of Business.—Every Post Office Savings Bank, which is also a Money Order office, is open for bank business during the same hours as for

Money Orders.

93. Amount of Deposits.—Deposits of any amount, not less than One Shilling and not including any pence, are received at any Post Office Savings Bank, provided those made by any separate depositor in any year ending on the 31st December do not increase the total amount of his deposits by more than £30, and provided such total amount, exclusive of interest, is never more than £150. When any depositor's principal and interest amount together to £200, no more interest will be allowed until this sum of £200 be lessened.

94. Name, Address, and Occupation of Depositor to be furnished, and Declaration to be made.—On making his first deposit, every person must give his Christian and surname, and state his occupation and residence, and must sign the following declaration, to be witnessed by the Postmaster, or by some person known to the Postmaster, or by the minister or a churchwarden of the parish in which the depositor dwells, or by a justice of the peace; and if such declaration or any part thereof shall not be true, the depositor making the same will forfeit all right to his deposits:—

COPY OF DECLARATION TO BE SIGNED BY DEPOSITOR ON MAKING FIRST DE-POSIT.

In pursuance of an Act of Parliament,

do hereby declare to the Postmaster-General that I am desirous on my own behalf to become a depositor in the Post Office Savings Bank. I do further hereby declare, that I am not directly or indirectly entitled to any deposit in, or benefit from the funds of this or any other Savings Bank in Great Britain or Ireland, nor to any sum or sums standing in the name or names of any other person or persons in the books of the said Post Office Savings Bank; and I do hereby also testify my consent that my deposits in the said Post Office Savings Bank shall be managed according to the Regulations thereof.

Witness my hand this day of , 186 . Signed by the said depositor in the presence of me,

..... Save and except such benefit as I may be entitled to from being a member of a friendly society legally established; or from such sum or sums as may be standing in my name as trustee jointly with the name or names and on behalf of any other depositor or depositors.

.....

If Depositor cannot Write. - If the depositor cannot write, then on making the foregoing declaration, and in any other case in which his signature is required, the depositor must, in the presence of a witness, affix his mark to be attested by the witness'

signature.

95. Depositor's Book to be issued—Deposits to be reported to the Postmaster-General and acknowledged. -Every deposit must be entered in the depositor's book, and attested by the officer making such entry, and by the dated stamp of the office. The book must then be given to the depositor and kept by him as primary evidence of the receipt of the deposit. When a book is first given to a depositor he must, in the presence of the Postmaster, sign his name in it. The amount of each deposit, with the name, occupation, and residence of the depositor, must, upon the day of the receipt thereof, be reported to the Metropolitan Office, and an acknowledgment of such deposit will be forthwith sent by post to the depositor as conclusive evidence of his claim to its repayment with interest thereon. If the depositor do not receive the acknowledgment within ten days after making his deposit, he should apply for such acknowledgment to the Principal Office in London.

96. Interest.—Interest calculated yearly at the rate of £2 10s. per cent. per annum will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed, up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calender month for every complete

pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

97. Persons by whom deposits may be made.— Besides ordinary persons deposits may be made by-

(A) A trustee on behalf of another person, in the joint names of such trustee and the person on whose account such money shall be so deposited; but repayment of the same, or any part thereof, will not be made without the receipts of both parties.

(B) By or for the benefit of any person under 21 years of age; and repayment will be made to such minor if more than seven years old, as if he were of

(C) By married women. Deposits so made or made by a woman who shall afterwards marry will be repaid to any such woman unless her husband shall give notice in writing of such marriage to the Postmaster-General, and shall require payment to be made to him.

(D) By the trustees of any legally established friendly, charitable, or provident society, or penny savings bank, provided such trustees make application by post to the Postmaster-General accompanied

by a copy of their rules.

98. Depositor's Book to be sent once a year to Principal Office. The depositor's book must be forwarded once in each year, on the anniversary of the day on which the first deposit was made, to the priucipal office in a cover to be obtained at any Post Office Savings Bank, in order that the entries may be compared with the entries in the books of the Postmaster-General, and that the interest due to the depositor may be inserted in it.

99. No Charge for Book at first supplied—Charge for duplicate Book .- No charge will be made for the books at first supplied to depositors, or for books issued to them in continuation thereof; but if any depositor shall lose his book, and shall desire a new book, application must be made by him to the Postmaster-General by letter, stating the circumstances, and inclosing postage stamps of the value of one shilling to pay for the new book should the application be granted.

100. No Postage charged for transit of Books, &c. -No charge for postage will be made upon depositors for the transmission of their books to the Postmaster-General, or for the return thereof to them, or for any applications they may have to make for acknowledgments of deposits, or for any application or necessary letter of inquiry respecting the sums deposited by

them, or for the replies thereto.

101. Transfers of Deposits.-A depositor in the Post Office Savings Bank may transfer his deposi s to any other Savings Bank legally established; and, on his written application, accompanied by his book, to the chief office of the Postmaster-General, in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him, and his account with the Post Office Savings Bank will thereupon be closed. A depositor in any legally established Savings Bank may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him, and thereupon his account with such bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth, and on

the certificate being forwarded to London, and verified by the National Debt Commissioners, an account for the amount thereof will be opened with the depositor, and an acknowledgment for the amount will be sent to him.

102. Withdrawals of Deposits. - Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same in a form which may be obtained at any Post Office Savings Bank. In this form the depositor must give the particulars therein required, and on receipt of it at the General Post Office in London, a warrant for the amount required, payable at the office named by the depositor, will be sent to him by post. This warrant must be presented by the depositor at the Post Office named thereon, together with the depositor's book, in which the Postmaster will enter the amount repaid, and attest the entry with his signature and the dated stamp of his office. The Postmaster will take from the depositor a receipt (not hargeable with stamp duty) on the warrant for the amount repaid to him. The Postmaster-General will andeavour to prevent fraud, and to identify every depositor transacting business with the Post Office Savings Bank; but if any person shall obtain possession of a depositor's book and then fraudulently represent himself to be the depositor, and by forwarding the proper notice of withdrawal, and by presentation of the depositor's book, and compliance with the rules of the department, shall obtain any sum of money belonging to that depositor, the Postmaster-General will not be responsible for the loss thereof.

103. Repayments.—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister or a churchwarden of the parish in which the depositor resides, of a justice of the peace, or, in case of sickness, of the medical attendant. If the depositor be resident abroad, the signature must be verified by some constituted authority of the place in which he resides. A form of order, to be signed by the depositor on such occasions, may be obtained at the Post Office at which the warrant is made payable.

104. Funds of Deceased Depositors not exceeding £50 .- In case any depositor shall die leaving any sum of money not exceeding £50, exclusive of interest, deposited in the Post Office Savings Bank, and probate of his will, or letters of administration, be not produced to the Postmaster-General, or if notice in writing of the existence of a will and intention to prove the same, or to take out letters of administration, be not given to the Postmaster-General at his principal office within one month from the death of the depositor; or if such notice be given, but such will be not proved, or letters of administration be not taken out, and the probate or letters of administration (as the case may be) produced to the Postmaster-General within two months from the death of the depositor, it will be lawful for the Postmaster-General, after such period of one or two months, as the case may be, to pay and divide such funds at his discretion to or amongst the widow or relatives of the deceased depositor, or any one or more of them, or, if he shall think proper, according to the Statute of Distributions.

105. Funds of Deceased Depositors above £50—In case any depositor shall die, leaving any sum of money in the Post Office Savings Bank which (exclusive of interest) shall exceed the sum of £50, the same will only be paid to the executor or administrator on the production of the probate of the will or letters of administration of the estate or effects of the deceased depositor to the Postmaster-General.

106. Payment on Death of a Depositor being Illegitimate and Dying Intestate.—If any depositor, being illegitimate, shall die intestate, leaving any person or persons who, but for the illegitimacy of such depositor, and of such person or persons, would be entitled to the money due to such deceased depositor, it will be lawful for the Postmaster-General, with the authority in writing of the barrister-at-law appointed to certify the rules of Savings Banks, to pay the money of such deceased depositor to any one or more of the persons who, in his opinion, would have been entitled to the same according to the statute of distributions if the said depositor had been legitimate.

107. Certificate for Exemption from Stamp Duty.

—For the purpose of obtaining, free of stamp duty, a probate of will or letters of administration, a certificate of the amount due to the deceased depositor will be granted on application to the Postmaster-General by the proper parties.

108. Incapacitated Depositors.—If any depositor shall become insane, or otherwise incapacitated to act, and the same shall be proved to the satisfaction of the Postmaster-General, then the Postmaster-General, if he shall be satisfied of the urgency of the case, may authorize payment from time to time out of the funds of such depositor to any person whom he shall judge proper to receive it.

109. Settlement of Disputes.—If any dispute shall arise between the Postmaster-General and any depositor, or any executor, administrator, next of kin, or creditor, or assignee of a depositor who may become bankrupt or insolvent, or any person claiming to be such executor, administrator, next of kin, creditor, or assignee, or to be entitled to any money deposited in the Post Office Savings Bank, the matter in dispute must be referred in writing to the barrister-at-law appointed under the Savings Banks Acts, and whatever award shall be made by the said barrister will be binding and final without any appeal.

110. Secrecy.—The officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Act.

Note.—The Act authorizing imprisonment for Small Debts expired in 1840 for sums under £8 6s. Sd.

excepting claims of aliment.

FORM OF PROCEEDING IN THE RECOVERY OF SMALL DEBTS.

Debts may be recovered in a summary manner before the Justice of Peace Court to the extent of £5; and before the Sheriff Courts to the extent of £12.

The first step is set forth in a complaint or libel, agreeably to a prescribed form (the Clerks of Court will provide the necessary forms), the origin of the debt, or ground of action; and to cause the same, with a copy of the account, if any, to be served on the defender.

A warrant will, at the same time, be obtained to cite witnesses.

The parties may appear either by themselves or by members of their families, or others whom the Court may authorize; but in no case by persons practising the profession of the law, or by officers of Court, without special leave of the Court, or cause

shown.

If the defender fail to appear after being cited, he will be held as confessed, and judgment will be given

against him.

But when decree is given in absence against the defender, he may, before the expiry of the charge, apply for a rehearing, on consiguing the sums decerned for in cases before Justices, and in cases before Sheriff by consigning 10s. of expenses, on applying within three months from date of charge.

If decree in absence be given against the pursuer, he may, within one month, obtain a rehearing on consigning 2s. 6d., if the case be before the Justices; and the expenses decerned for, with 5s. to meet further expenses, if the case be before the Sheriff.

The case will be adjourned upon the pursuer or defender offering a suitable excuse, or if any witness

be ausent

If decree be given against the defender, diligence may proceed against him by arrestment instantly; and by poinding, sale, and imprisonment, if above £8 6s. 8d., at the end of ten days before the Sheriff; and by poinding and sale instantly, before the Justices.

If decree be given against the defender in his absence, poinding and sale, as above, can only follow

after a charge of ten days.

The defender, on showing cause, may be allowed to pay the sums decerned for by instalments.

The decrees of the Sheriff and of the Justices may be executed in any county, on the same being endersed by the clerk of such county.

Any arrestment used in cases before the Sheriff must be used within sixty days after the warrant is obtained, and renewed every three months; and such arrestments may beloosed, on offering sufficient caution, or on showing evidence of absolvitor or payment, or on consigning the sums demanded, if before decree.

The above forms will apply to any action of forthcoming whatever, before the Sheriff, for making effectual arrestments; but in such actions both the defender and arrestee must be cited to appear in court on the same day. Decrees, pronounced in this summary form by the Sheriff, will only be reviewable by the next Circuit Court of Justiciary; or if there be no Circuit Court, by the High Court of Justiciary at Edinburgh, on the ground of corruption, or malice, or oppression, on the part of the judge.

Such decrees, when pronounced by the justices, will only be reviewable by a reduction before the Court of Session, on the ground of malice and oppression on the part of the justices, and such reduction will only be competent for one year, and

finding caution for costs.

No person is exempt from the jurisdiction of justices or sheriffs in such cases, by reason of privilege as a member of the College of Justice.

For the Education and Support of the Destitute Orphans of Mixed Marriages.

Founded in Glasgow, A.D. 1855, by Mrs. Fredk. M. Kinnier, honorary secretary for Glasgow Auxiliary.

The object of this society is to provide diet, lodging, clothing, and scriptural education for destitute orphans who have had but one Protestant parent, and for whom Protestant sympathy and protection is most earnestly sought.

Orphans are eligible from all parts of the kingdom where no local provision can be made for their protection.

For the support of the orphans under the care of this society the committee are dependent on Christian benevolence from year to year; the principal source of income being the kind exertions of gratuitous collectors.

government or other irresponsible official is allowed to exercise any control, but the teachers are responsible to the parents, who may and are expected to

visit the school as often as they see fit.

The second object is to afford to well-educated young men and women, who have a desire to become teachers, an opportunity, at a moderate expense of time and money, of becoming acquainted with and mastering the practical difficulties of the teacher's calling. Young men who are attending the university, and with views to the teaching profession, will find in this institution, at a moderate fee, every facility of acquiring a knowledge of the details of school management. Ferguson, James R. Livingstone, James Buchanan, J. D. Veitch, Wm. G. Lindsay, Gilbert Lang, J. L. Aird, John Sloan, Robert Laing, D. C. Kemp, directors.

The Choral Union was formed in 1855 by the amalgamation of the Glasgow Musical Association, instituted in 1843, and the Glasgow Harmonic Society, instituted in 1850. Including chorus and orchestra, it numbers about 500 members. The meetings are held in the Lesser City Hall, South Albion Street, on the evenings of Monday, Wednesday, and Thursday in each week during the season. The part practisings of the chorus take place on Mondays—soprano and alto, tenor and bass alternately; general rehearsals, chorus and orchestra combined, on Wednesdays; orchestra alone on Thursdays.

The object of the Union is the cultivation of a taste for classical music, and for this purpose frequent public performances are given, in addition to the weekly meeting. The qualifications for membership are a good voice and ear, or knowledge of an instrument, combined with the ability to read music at sight. A committee meets monthly to test applicants for admission, who must previously make written application to the secretary. Gentlemen pay an annual subscription of five shillings. Tickets in force for one year from date of entry.

A junior choir for the training of young and inexperienced vocalists meets weekly during the season, for instruction and practice. The qualifications for membership are a good voice and ear. Members on acquiring the requisite proficiency, are promoted to the first choir. Gentlemen's annual subscription five shillings, ladies two shillings.

Honorary members, subscribing one guinea and a half per annum, are entitled to two reserved seat tickets for each concert given during the year of their membership; those subscribing one guinea per annum receive two tickets for reserved benches in side

galleries. Both classes of subscribers have the privilege of attending all rehearsals, and their tickets are in force for one year from date of subscription.

Last season two performances of sacred music were given in the Cathedral, chiefly illustrative of Scottish psalmody, and ancient and modern English anthems. In November, 1863, Handel's "Acis and Galatea" was performed complete for the first time in Scotland. On New-Year's Day, 1864, two concerts of miscellaneous music were given; the morning consisting of sacred, and the evening of secular. Handel's "Messiah" was performed early in April.

THE STANDARD LIFE ASSURANCE COMPANY.

ESTABLISHED

CONSTITUTED BY SPECIAL ACTS OF PARLIAMENT.

PROGRESS OF THE COMPANY'S BUSINESS.

THE BUSINESS of the COMPANY has increased steadily year by year, until it has attained its present large amount. The STANDARD has transacted a larger amount of Business during the last eighteen years than any other Office.

From 184	5 to	1851	the	amount	of	Assurances	effected	was		£2,614,141	0	10
From 185	1 to	1857	the	amount	of	Assurances	effected	was		. 3,116,679	12	6

of Half a Million Sterling per annum.

These results have not been attained by any other than constitutional means, and the Directors are satisfied that, large as the Business has been, no office can exhibit a better class of risks. It has not been increased by the inducement of personal loans.—The Directors have not followed the practice of assuring deteriorated lives on enhanced terms, nor has the STANDARD obtained business by means of agencies out of the United In short, it is a first class home business, the Assurances being almost entirely, as stated in the Proposals for Assurance, effected in connection with family Provisions and Marriage Settlements.

THE POLICIES OF THE STANDARD LIFE ASSURANCE COMPANY ARE MORE VALUABLE THAN ORDINARY POLICIES,

inasmuch as they are free from extra Premiums in the case of Foreign residence, when the Directors are satisfied there is no intention or prospect on the part of the Assured to reside abroad. They are also free from other restrictive clauses. These are great benefits. Take as an example a liferenter who assures his life. In ordinary Policies he is limited to residence in Europe, and his Policy is subject to forfeiture on various grounds. A STANDARD Free Policy, once obtained, contains but one condition-payment of the Premiums, and for that, too, increased facilities are given; while, at the end of five years, the Assurance Deed becomes—as regards any question—a simple promise to pay on proof of death. If the Policy is to be made the Basis of a Marriage Contract, or to be a security in any way, the advantage of a free Assurance is undeniable; and in the present day, every Policy, it may be said, becomes in the course of its existence, in some way or other, the groundwork of a responsible transaction.

THE PROFITS OF THE COMPANY

have been divided on six occasions-in 1835, 1840, 1845, 1850, 1855, and 1860-when large additions were made to Policies under the peculiar modes of division adopted by the Company, which is essentially Tontine, affording very important advantages to Assurers.

Next Division in 1865 and every five years afterwards.

"It will be seen from the above returns that as regards increase of new independent business, the Royal is practically at the head of the list, as it was last year, and the year previously."

*The increase for this Company is caused by their having paid only one quarter's duty in 1861. Comparing this quarter with the corresponding one for 1862, the increase is £1,935 for the quarter.

† The increase here is in consequence of the Company's last year including one quarter of the business of the late Unity Company, which figured for £3,713 in the return for Christmas quarter of 1861; deducting this, the total increase would stand at £6,023.

‡ The increase for this Company is caused by one portion of their business (viz., the New Mercantile Company) having paid but one quarter's duty in 1861. Comparing this quarter with the corresponding one for 1862, the amalgamated business shows an increase of £203 for the quarter.

POLICIES are purchased by the Office; or Loans may be obtained upon them when their surrender value amounts to £20 and upwards.

If a party neglect to pay for the renewal of his policy, he may repair the omission any time within twelve

months, upon proof of good health.

The profits (subject to a trifling deduction) are divided among the Insured. The plan upon which they are divided gives to each party insured a share proportionate to the amount of the Premiums he has contributed. In addition to these advantages, the Directors adopt the principle of allotting a Bonus to Policies entitled to participate in Profits lapsing between the Quinquennial Periods of Division, at the rate of £20 per cent. the aggregate amount of Premiums paid on each such policy from the then last Quinquennial Division.

The Directors have always acted upon the principle that they are bound to receive the Renewal Premium upon a Policy any time within the thirty days' grace allowed, notwithstanding the death of the Life Insured.

The following Extract, from the List of Claims paid by the "Provident," is published with the sanction of the parties interested in the Policies, some of whom have accompanied their acknowledgment of the unexpected advantages with an earnest desire that the widest circulation may be given to the publication.

great magnitude, and it has enjoyed much prosperity.

> LIFE DEPARTMENT.

The accumulated Premiums amount to nearly £1,700,000. The Annual Income exceeds £180,000. BONUSES have been declared on some Policies to an amount GREATER THAN THE SUM ORIGINALLY ASSURED.
PREMIUMS HAVE BEEN EXTINGUISHED, where the parties assured have applied the

Bonus in reduction of the Annual Premium.

At the valuation up to Christmas 1859, there existed a SURPLUS of £270,295—the whole of which

belonged to the Policy-holders.

The next valuation will be made up to Christmas 1864. The sum of £4,013,693 has been paid during the existence of the office for claims under Life Policies, of which amount a very considerable part was for Bonuses.

Persons assuring in Great Britain have the option of-

PARTICIPATING RATES OF PREMIUM, or of NON-PARTICIPATING RATES.

The Rates of Premium have been adjusted in accordance with a long experience, and bear equitably on

all ages.

The Non-Participating Scale is particularly adapted to parties wishing to assure a fixed sum only, at a fixed rate of Premium, and on low terms.

Combined Provision may be made for Old Age and Early Death, so that a person may secure a sum of money for himself, to be paid at a stipulated Age, if he should live so long, or to be paid to his Executors if he should die before that age. This feature in the ATLAS OFFICE arrangements deserves particular attention, as likely to meet the requirements of a large number of persons.

No extra Premium is required for the voyage to or residence in any part of Europe during peace; nor on the lives of persons in the Army or Navy while residng in the United Kingdom in time of peace.

Residence in countries beyond the limits of Europe is allowed on favourable terms; in most temperate climates without extra premium; a moderate charge being made for the voyage only.

Whole World Assurances are granted.

FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at rates of Premium and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other. The Directors can confidently refer to the well-known character of the Company for liberality and promptitude in the discharge of claims made upon it during the Fifty-five years it has been established.

Mills, Manufactories, Sugar Houses, Distilleries, Warehonses, Stores, Ships Building, Ships in Harbour,

Houses, Furniture, Stock-in-trade, &c., assured for the year, or any shorter period.

The Policies of this Company cover losses occasioned by the explosion of gas. Losses occasioned by

Lightning will also be paid. Tables of Rates, Forms of Proposal, and any information needful to effect Life or Fire Assurances may be obtained on application to the Office, No. 92 Cheapside, London; or to any of the Company's Agents.

FINE SCOTTISH UNION INSURANCE COMPANY was instituted in 1824, and is Incorporated by Royal Charter, and Empowered by Act of Parliament. It is composed of a very numerous, wealthy, and influential body of Proprietors, and affords the most unquestionable security to the Public from the magnitude of its capital—a large proportion of which is invested in Government and real securities.

The Directors request the special attention of intending Insurers to the system of Division of profits

followed by this Company, than which no plan can be more fair and equitable.

Every five years each Policy-holder entitled to participate, receives a share of the Surplus in exact proportion to the Premiums paid during the five years, with accumulated interest thereon. The share of profits so allocated is then converted into a Reversionary Bonus, according to the age of the party.

While this system gives to each an exact proportion, it will be found alike favourable to young lives whose prospects of longevity are greater, and to parties entering at middle life or the more advanced ages; the Premiums paid by them being higher than at the earlier ages.

The following examples of BONUS ADDITIONS are taken from the Company's Books:-

A Policy issued in 1834 for £4000, had increased at 1st August, 1861, to the sum of A Policy issued in 1836 for £5000, had increased at 1st August, 1861, to the sum of A Policy issued in 1841 for £1000, had increased at 1st August, 1861, to the sum of £5,402 6,487 15 10 1,256 14

THE ANNUAL MEETING of the Company was held on 3rd March, 1864, and Copies of the Directors'
Report and Balance Sheet may be obtained at any of the Offices of the Company Report and Balance Sheet may be obtained at any of the Offices of the Company.

The Directors of the Lancashire have always been content to let the figures in their annual balance sheets prove the sound financial position of the Company, but they think it due to their numerous shareholders and fire and life insurers, to draw attention to the complimentary remarks of the Chancellor of the Exchequer, made in the House of Commons, on 7th March, 1864. (See Times of 8th March.)

The Chancellor of the Exchequer, in moving the adoption of the "Government Annuities Bill," said:

"I wish to show the manner in which business is transacted by offices of the highest class, and the reserve they think it necessary to hold in order to give themselves a secure position. I am only going to state two or three cases. Hon. members will bear me out when I say that you know a good deal about the position of an insurance society when you get three things—first of all, its date; secondly, its income from premiums; and thirdly, its accumulations. (Hear, hear.) From the relation of these three to one another, you know pretty clearly the state of any office."

The Chancellor then gave the figures connected with four offices of the "highest class," these four being—The Standard, established 1825; the University, established 1825; the London and Provincial

Law, established 1846; and the Lancashire, established 1852.

The remarks of the Chancellor, in speaking of the LANCASHIRE, were as follows:—"I take another, younger still—the Lancashire Society, founded in 1852. Its premium income is £23,500; its accumulations £85,600, or about four years' premium income. I believe, relatively to its age, only twelve years, a very sufficient and satisfactory accumulation."

The Directors have pleasure in stating that the life accumulations amounted on 31st December, 1863,

to £94,699 7s. 6d.

OPINION OF THE PRESS.

(Extract from the Insurance Chronicle, March 30, 1864.)

"It appears that the income of the 'Lancashire' from all sources during the twelvementh was £95,593—a very satisfactory result after an existence of only twelve years. Indeed, it would be extremely gratifying to the majority of old offices if they could command such a handsome revenue. Although this company has been so well supported, the cost of management is comparatively trifling, the business having been obtained solely by means of the advantages offered to the public, and by the security afforded by a large paid-up capital and an influential and wealthy board of directors. Thus no extraordinary expenses have been incurred, no exorbitant commissions paid to agents and canvassers, the effect of which is that the amount of cash in hand, so far as the life department is concerned, exceeds £94,000, or more than the total amount received during the five years ending December 31st, 1863. This also speaks highly in favour of the amount of care which the directors have exercised in the selection and rejection of lives proposed for insurance. In the fire department an equally favourable result has been obtained, and the profits of that branch for 1863 were £8,138. A glance at the report would at once announce the company to be in a flourishing state, and the statement made by the Chancellor of the Exchequer in the House of Commons on the 7th instant, that 'he believed the accumulated funds were very sufficient and satisfactory,' will show that in the eyes of a man of figures the Lancashire' stands amongst the first insurance offices extant.

"We hear that the foreign business, which has only lately been transacted, notwithstanding its being at present limited, has been lucrative, and is already extremely promising, so that the year 1864 has every

appearance of bringing forth a good harvest to the proprietors.

Life and Fire Insurances transacted at home and in foreign countries. Proposals and Prospectuses may be obtained at the Offices of the Company, or from any of its Agents.

THE PREMIUMS at early and middle ages, are about a fourth lower than in the other Mutual or Participating Offices. They are are low as the Non-participating rates of the Proprietary Companies, which they admit of being, not only with safety, but with ample reversion of Profits to the Policy-Holders—being free from the burden of Dividends to Shareholders.

EXAMPLES OF ANNUAL PREMIUMS TO ASSURE £100 AT DEATH,

Age—25	80	35	40	45	50		
£ s. d. 1 18 0	£ s. d. 2 1 6	£ s. d. 2 6 10	£ s. d. 2 14 9	£ s. d. 3 5 9	£ s. d. 4 1 7		

Thus, a person of 30 may secure £1000 at death for a yearly Payment of £20 15s., which, if paid to any of the other Mutual Offices, would secure a Policy for £800 only.

The arrangement by which the Premiums are reduced to a rate commensurate with the risk, is obviously more suited for securing a competent family provision, in case of early death, than that which, by the same yearly outlay, secures a much smaller present sum, with the hope only of prospective and contingent additions.

THE PROFITS are divided on a principle at once safe, equitable, and favourable to good lives—the Surplus being reserved for those members who alone can have made surplus payments; in other words, those whose premiums, with accumulated interest, amount to the sums in their Policies.

In this way Policies originally for £1000 which have shared in two Septennial Divisions, have been increased in some instances to £1708.

Upwards of 13,000 Policies have been issued, assuring over Six Millions. The accumulated Fund arising entirely from Premiums, is £940,000.

In all points of practice—as in provision for the indefeasibility of Policies, facility of license for travelling or residence abroad, and of obtaining advances on the value of the Policies—the regulations of the Society, as well as the administration, are as liberal as is consistent with right principle.

Reports explanatory of the Principles, with every information, may be had on application at the Head Office; or at the

Phils SOCIETY is specially authorized by its Act of Parliament to Guarantee Officials in every Department under Government, and having acquired the business of the BRITISH GUARANTEE ASSOCIATION, is now the only Society whose Guarantee Policies are accepted by Government.

The Officials of the Treasury, Customs, Inland Revenue, General Post-Office, Poor-Law Board, the Board of Trade, War Office, Admiralty, Commissioners of Her Majesty's Works, &c.; Home, Colonial, India, and other Government Departments; the principal Banks, Railways, Public Companies, Municipal Corporations, &c., in Great Britain, India, and the Colonies, are largely guaranteed by Policies of this Society.

Every description of LIFE ASSURANCE is transacted by the Society, at moderate rates, with or

without participation in profits.

The combination of Guarantee with Life Assurance, which is a feature introduced by this Society, affords important advantages to the Assured, as considerable deductions are made on the Guarantee Premiums (in some cases equal to the whole annual payment), depending upon the relative amounts of the Life and Guarantee Risks.

ANNUITIES are granted by the Society, either as Immediate, Deferred, or Reversionary, upon liberal terms. The following will show the IMMEDIATE Annuity granted for £100, at the respective Ages:-

COLONIAL AND FOREIGN ASSURANCES.

THE COLONIAL LIFE ASSURANCE COMPANY was established at Edinburgh in 1846, and introduced new and important features into Life Assurance practice, by publishing rates calculated for Foreign residence, and by establishing Agencies abroad, thus affording increased facilities to persons whose views or occupations might lead them to travel or reside in other countries. By its means, also, the benefits of Life Assurance were extended to India and the Colonies of Great Britain generally, on such beneficial terms, and under such liberal conditions, as improved knowledge and the circumstances of the times authorized and required.

The progress of the business has been most successful and satisfactory in every respect, and its extent has proved how greatly such an institution was wanted.

THE RATES OF THE COMPANY for Colonial and Foreign residence will be found moderate; and looking to the facilities and advantages afforded by the Company, they may be considered more advantageous, and virtually less expensive, than those of any other Office doing business abroad.

For the purpose of giving increased facilities, also, in the Company's transactions, the Directors have formed Local Boards of Management, and Branch Offices, in India and the Colonies, where Assurances may be effected, Premiums paid, and Claims settled.

HOME ASSURANCE.

THE DIRECTORS of the COLONIAL LIFE ASSURANCE COMPANY having directed much attention to the CLASSIFICATION OF RISKS in connection with LIVES ABROAD, in which they have been most successful, have turned their attention to the CLASSIFICATION OF HOME RISKS, so as to give Professional Men, and settled persons of all classes whose occupations are not likely to call them beyond the limits of Europe, the advantage and privilege of possessing Policies, unfettered by restrictions as to foreign residence, on terms which the absence of such extra risks authorize them to adopt.

The Directors have, in accordance with these views, resolved to grant to persons resident in this country, whose occupation, profession, or calling infers a residence in the United Kingdom, and who declare that they have no intention of going abroad,

Policies Without any Restriction as to Residence.

It is not possible to state exactly the Professions which this class will embrace, and much will depend on the features and particulars of each case; but the Directors may mention a few Professions and Occupations which the new Class will include:—Country Gentlemen, Barristers and Advocates, Solicitors, and other Law Agents, Settled Medical Practitioners, Bekeficed Clergymen, Manuage-

TURERS, AGRICULTURISTS, RETAIL SHOPKEEPERS, and others of like position; it being a rule, however, that no policy under this class shall be issued on the life of any one below the age of 25, unless he shall have settled in life.

The Home Rates of premium are moderate. For example-

Age 28				35.		ge 4

Without Profits 1 17	7	 2	9	4	 3	7	11	66

DIVISION OF PROFITS.

The first Division of the Company's Profits took place as at 25th May, 1854, and the second as at 25th May, 1859, when large additions were made to all Policies effected in the Participation Scheme of the Company, as shown in the following Table, the example being Policies of £1000:—

Origina			Bor	nus.		Total.

	1857	1000		45	45	1045	
44	1859	1000	-	15	15	1015	

The additions to Policies of larger or smaller amount are in the same proportion.

Those who do not wish to add the amount of the Bonus to the sum assured, are permitted to take the value of the addition in a present sum, or to apply its value for five years to the reduction of the Annual Premium.

THE PRESENT INCOME of the Company is upwards of One Hundred and Thirty-five Thousand Pounds Sterling per annum, and the ACCUMULATED FUND upwards of Four Hundred and Eighty five Thousand Pounds Sterling.

Every information regarding the Company will be furnished on application to any of the Branch Offices or Agencies.

LIFE DEPARTMENT.

THE Arrangements of this Office are based on principles that have been verified by experience.

The Rates for Assurance of fixed sums are very moderate.

Extra Premiums for Foreign Residence have been dispensed with to a great extent, and a very important rule has been adopted to protect the interests of parties holding Policies on the Lives of others, who may incur extra risks without the knowledge of the holders.

For surrender of Policies of the ordinary class, after three years' endurance, a liberal return of Premiums according to a fixed rule, is guaranteed, besides the value of vested Bonuses

where such have been declared.

According to the constitution of the Company, Investigations must be made at intervals not exceeding five years. The last Investigation took place at 31st January, 1862, when Bonuses were added to all Assurances of the Participation Class; and the following results of this and previous declarations may be stated.

- 1. A Policy for £1000 on which 7 years' premiums had been paid was increased in 1862, to £1098 2 10 2. A Policy for £1000 on which 12 years' premiums had been paid was increased to £1170 15 7 3. A Policy for £1000 on which 17 years' premiums had been paid was increased to £1243 19 14. A Policy for £1000 on which 22 years' premiums had been paid was increased to £1319 16 2

A further Bonus is also payable on Policies, to which vested additions have been made becoming Claims before next Investigation—an arrangement which secures for such case advantages similar to those of Annual Investigations.

Policies are indisputable, after five years, if the age of the Assured is admitted.

THE Company, established in 1823, has existed upwards of forty years, and has been Incorporated by Act of Parliament, for the purpose of carrying on the business of Life Assurance in all its branches, on the most liberal and improved principles. The success which has attended the Company since its commencement, and its annually increasing prosperity, is a gratifying proof that the principles upon which it s founded are calculated to confer great benefits on Assurers.

The following are the principal advantages given by the Company:

MUTUAL ASSURANCE, without Liability. See English Law Cases for Call on the Policy-holders in a

Mutual Insurance Society for Debts of the Society.

The guarantee of a responsible body of Proprietors, either personally or otherwise, assured with the Office, affords the most undoubted security to all classes of Assurers, in addition to the accumulated and invested fund of the Company, now considerably above £900,000.

NINE-TENTHS of the WHOLE PROFITS Septennially divisible among the Assured.

An Intermediate Bonus, subject to an annual Declaration, between one investigation and another.

All the advantages of an Annual division are thus given, without its attendant evils.

THE MOST EQUITABLE PRINCIPLE OF DIVISION.

The greatest benefits are thereby bestowed upon all first class lives, by no undue Bonus being paid away to those who may die early.

RATES OF PREMIUM EXTREMELY MODERATE.—The non-participation scale very favourable for security on Loans, or for partnership Insurances.

Under Five Declarations of Bonus, the last of which was made at 31st August, 1863, the following are a few examples of Total Bonus Additions declared on some of the existing Policies of the Company, according to age and endurance:—

Later Entrants have received Bonuses proportionate to their endurance and payments.

Bonuses may be surrendered for Cash, or applied in reduction of the annual premiums. By this latter course, several of the oldest Policy-holders have redeemed their Premiums, with a Bonus still attaching to the Policy, and increasing.

INDISPUTABLE LIFE ASSURANCE COMPANY OF SCOTLAND

Are the only Company who issue Indisputable Policies.

To prove this, IT IS ONLY NECESSARY TO COMPARE A POLICY OF "THE INDIS-PUTABLE" WITH THAT OF ANY OTHER ASSURANCE COMPANY, to see that the one is a complete and unconditional contract of Assurance, while the other contains conditions, exceptions, and reservations, making the ultimate claim for the sum supposed to be insured a matter of doubt and further inquiry.

Copies of the Company's Policy forwarded on application.

TO INVALIDS.

HOW DOES GALVANISM CURE DISEASE?—Galvanism first acts by arousing the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from their toroid state and then reveal in the nerves from the nerves from the nerves from their toroid state and then reveal in the nerves from the nerves fro the nerves from their torpid state, and then supplies them with nervous energy. When we lose power in a limb, the nerve which leads from the spine to the limb has ceased to perform its functions. Arouse the nerve from its morbid state, so that it may transmit nervous influence to the muscle, and the limb is no longer paralysed. Take a bar of iron, bend it into the shape of a horse-shoe, coil some covered copper wire round it; try its magnetic power; it has none; it wants galvanic or nervous energy. Now apply the ends of the wire to a galvanic battery; again try its magnetic power, and lo! it will sustain a ton weight. The ungalvanised iron is the paralysed limb—the powerless limb; the galvanised iron the healthy limb—the powerful limb. The Proof that Galvanism is capable of supplying nervous energy to the human frame is simply demonstrated by the Fact that Paralysis has been Cured by Galvanism. This fact is known to many of the leading Physicians, every Infirmary being now provided with a Galvanic Battery.

Galvanism cures diseases by imparting to the nerves their natural stimulus. How can it do this? may be asked. The answer is simply this—The nerves of the human body, as well as all animal bodies, contain electricity in constant circulation from the brain and spinal cord throughout the entire nervous system. The careful and frequently repeated experiments of Dr. Wilson Philip and others, upon animals, have clearly proved, to the complete satisfaction of the most distinguished Physicians and Surgeons in Britain, that Nervous Force and Electricity are identical.—See Wilson Philip's Book on the "Vital Functions;" H. Renshaw, Publisher, London.

HOW THE DISCOVERY WAS MADE.

Three dogs were taken and kept without meat a certain number of hours; they were then allowed to eat as much as they felt inclined. On two of the dogs the operation was performed of dividing the eighth pair of nerves which supply the stomach with nervous influence; nothing was done to the third dog at this stage of the experiment. A galvanic stream was now passed through the divided nerves of one of the dogs; to the others nothing further was done. At the expiration of four hours, the three dogs were killed; and on examining the stomach of the non-galvanised dog, not a particle of the food was digested, while in the stomach of the galvanised dog the process of digestion was nearly complete, and presented exactly the same appearance as that in the stomacli

of the dog in which the nerves remained entire.

The above experiment was first performed by Dr. Philip, and has been repeated (with similar results) by medical men of the highest eminence. The reason why Galvanism acts as a cure for Indigestion as well as for Paralysis and Nervousness, will now be clearly understood by invalids. The stomach, like the limbs, cannot act unless the nerves supply it with nervous power; when this supply discretize access Calvanian imperfectly digests the food; when the supply access discretize access Calvanian imperfectly digests the food; when the supply ceases, digestion ceases. Galvanism is therefore a most natural remedy for Indigestion, as it supplies the deficiency of nervous power. The permanency of the good effects of Galvanism is not a matter of the least doubt, as persons cured years ago have had no return of the complaint, and continue to recommend the remedy to others.

WILLIAM HARTHILL, M.D.,

Graduate of the University of Glasgow.

NEW DISCOVERY-GALVANISM WITHOUT SHOCK OR PAIN.

Halse's Galvanic Apparatus is a new invention, quite different from all others. It contains twelve pairs of Silver and Zinc Plates, giving a mild and agreeable sensation. Halse's Apparatus often succeeds after the common small Galvanic Machines have been thrown aside as useless. Galvanism, as applied by Dr. Harthill, speedily relieves pain, and is most beneficial in Rheumatism, Sciatica, Paralysis, Neuralgia, Dyspepsia, and Nervous Complaints. Particulars of Cures contained in the New List of Cases to be had Gratis.

29 M'Pherson Street, off High Street,

GLASGOW, May, 1864.

The Coffee Peart, "Coffee Arabica" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee Beans of commerce. It may be remarked, as a singular fact in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for, although cultivation may greatly enlarge the crop, it as certainly, at the same time, deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact, that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is liable to be dispersed, than when exposed to the fierce heat of a

fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. Minto's Works, 29 MtPherson Street, off High Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

III. Surrender Values payable on Demand.

Probably the greatest impediment to the extension of Life Assurance, is the apprehension that inability to continue to pay the Premiums will involve their forfeiture. Before a person insures his life in the Scottish Widows' Fund, he can know, from its published Tables, the precise sum he can withdraw at any time in respect of the original sum assured, which, of course, will be increased by Bonuses. The following are

Examples of Surrender Values of Policies of £1000, and Bonuses thereon. Age at entry being 30.

Duration of Policy.	Premiums paid.	Surrender Value.	Per Centage on Premiums paid.
One Year	£25 17 6	£8 0 10	31 per cent.
Ten Years Twenty Years	258 15 0 517 10 0	160 12 10 390 15 11	62 per cent. 75 per cent.

Forty-five Years	1035 0 0	1071 19 0 1435 9 0	104 per cent. 123 per cent.

IV. The Public Usefulness of the Society

may be inferred from the amount of New Assurances annually effected in it, and the extent to which families are now being annually benefited by the forethought of deceased members. On these two points the following are

HEAD OFFICE, No. 9 St. Andrew Square, Edinburgh. SAMUEL RALEIGH, Manager. J. J. P. ANDERSON, Secretary.

HE SCOTTISH MATIONAL SINSURANCE SCOMPANY

ESTABLISHED 1841,

Divides among the holders of its Life Policies, as fully explained in another publication, virtually the whole Profits arising in that Branch of its business. Under these circumstances, the interests of the Company and those of the Policyholders are one and the same. The plain duty of the Directors, therefore, is to promote in every way the true and permanent interests of the persons assured. This important principle they have steadily kept in view. It has been their aim not only to secure for each of the Assured the largest possible payment at death which his premiums can provide for, but to give to the Policies of the Company the utmost value in other respects, and under all circumstances.

The following Regulations, therefore, some of which have been introduced exclusively by this Company, have been expressly framed FOR THE BENEFIT of THE ASSURED. They are adapted to the various circumstances in which he may find himself.

EDINBURGH: 22 ST. ANDREW SQUARE.

REGULATIONS OF THE

Scottish National Insurance Company

To meet various circumstances in the case of a person assured.

Suppose he finds it difficult to keep up his Policy;—

A man cannot have his life assured without paying for it, but after he has paid for a time, he may find it necessary or convenient to discontinue further payments for a time. This the Scottish National Insurance Company allows him to do. After three years' payments under Policies of the profit class, the fourth premium may stand over unpaid, upon application to the Directors. If six years' premiums have been paid, then two may remain unpaid, and so on. Thus, one of the Company's earliest Policies, having now been kept up for twenty-one years, might remain in force for seven years longer, or up to the year 1871, without further payments. The arrears would be deducted in the event of death.

Suppose he wishes a Loan on his Policy;—

After three years' payments, ordinary Policies acquire a readymoney value to the holder. Nine-tenths of that value will be lent to him without other security, without expense, and at a moderate rate of interest. The amount to be lent will generally exceed one-third of the premiums paid. No loan is given of less than Ten Pounds.

Should he wish to go abroad;—

The Company's Profit Policies, at the ordinary rates, allow the Assured to travel to and reside in any part of Europe, and in Canada, Australia, New Zealand, the Cape of Good Hope, and many other British Colonies. For other foreign countries license is given on the most reasonable terms. Arrangements can be made under which Policies will be issued at the Company's ordinary rates free from all restrictions whatever upon travelling or residence abroad.

DUBLIN: 7 Bachelors' Walk. MANCHESTER: 9 Chapel Walks.

Suppose he has made a mistake as to his Age, &c.;—

As persons are sometimes alarmed lest an unintentional mistake in their statements as to age, health, or other particulars, should vitiate their Policies, those granted by this Company are declared to be entirely exempt after three years from liability to be challenged on such grounds. An unintentional misstatement as to age will give the Company a claim to any difference of premium which ought to have been paid to them.

Should he wish to economise his early payments;—

Under ordinary profit Policies one half or the premiums for the first five years may stand over as a debt, subject to payment of interest. But the Directors have published a Table (see page 4) under which Policies may be obtained at Half-Rates for five years without any debt or interest attaching to the Policies. Special attention is directed to the advantages of this Table.

£10 a year for five years, and £20 yearly afterwards, will insure, with right to profits, at age twenty, £950; at age thirty, about £730; and at age forty, nearly £600.

Suppose he wishes to secure an Annuity to his wife, combined with provision for his children;—

This is an entirely new feature in Life Assurance, introduced by this Company. Annuities can be secured to a widow, combined with an ordinary Life Assurance in case there be no widow. The rates payable are the Company's ordinary rates.

MISCELLANEOUS BENEFITS.

One month is allowed for payment of premiums. Policies are payable three months after proof of death, and are frequently paid sooner. Policies may be made payable to the Assured himself during his own lifetime. Present, deferred, or survivorship Annuities are granted, &c. &c.

In all these arrangements, the object of the Directors is to adapt their system to the diversified views and circumstances of their constituents.

THE DIRECTORS OF THE

NORTH BRITISH & MERCANTILE INSURANCE COMPANY

Invite the attention of the Public to the principles on which the business of the Company is carried on, and the advantages which it affords to all classes of the community.

They would more especially request the attention of Masters of large Establishments, Directors of Railways, and other large Companies, to the Scheme of this Company, adopted in 1859, called "THE ASSURANCE & ANNUITY TABLE," founded on the same principle as that contained in the measure lately introduced into Parliament by the Chancellor of Exchequer, whereby a Policy of Assurance can be converted into an Annuity, on the party attaining the age of 60 or 65. In this way there can be secured for their employees and workmen, at a trifling yearly, half-yearly, or quarterly payment, either an Insurance payable in the event of death, or an Annuity in the event of the party attaining 60 or 65.

NORTH BRITISH & MERCANTILE

The Realized & Invested Funds amount to £2,233,927:17:7.

The Revenue for 1863 was £497,263:14:3.

No. of Policies.

Sums Assured.

New Premiums.

- 3. FOR AN IMMEDIATE CASH PAYMENT; OR
- 4. In the purchase of an Annuity.

THE NEXT DECLARATION of BONUS will be made on the close of the Books for 1865.

For the five years prior to the last Division of Profits (1858), the sums assured amounted to £1,525,063

OR AN ANNUAL AVERAGE OF £305,012.

For the five years since 1858 they have been £3,175,361 Showing an Annual Average of £635,072.

Being an Increase of upwards of 108 per cent above the amount assured during the preceding period.

The mortality also, during the year 1863, has been much less than was shown by the calculations on which the Tables of the Company were based,—being only 66 per cent, or two-thirds, of the calculated amount.
