EXPLANATIONS RELATIVE TO THE FOLLOWING TABLE OF COLONIAL AND FOREIGN POSTAGE.

ABBREVIATIONS.

Alt.	Alternate.	M. & E.	Morning & Evening.
Ea.	Each.	Mo.	Month.
Fri.	Friday.	Pkt.	Packet.
M.	Morning.	Prev.	Previous.
A.	Afternoon.	Fol.	Following.

Ev.	Every.	Tues.	Tuesday.
A. & E.	Afternoon & Evening.	Mon.	Monday.

LETTERS WEIGHING MORE THAN ONE OUNCE.

To ascertain the postage of any heavy Foreign or Colonial letter, first subtract from the weight of the letter all the complete ounces above one, and then having found from the table the postage for the remaining weight, add to that postage the sum in column *D* for each additional ounce. *E.g.*, to find the postage on a letter for Australia, via Marseilles, between $4\frac{1}{4}$ and $4\frac{1}{2}$ ounces in weight—For a letter above $1\frac{1}{4}$ and not exceeding $1\frac{1}{2}$ ounce, 3s. 4d.; for three complete ounces in addition, at 1s. 8d. per ounce, 5s.; total postage, 8s. 4d.

Note.—It will not do to multiply the postage in column *D* by the full number of ounces and add the charge for the remaining fraction, as in some cases the rate advances after the first ounce by the ounce scale, and in others by the half or quarter ounce scale.

OPTIONAL OR COMPULSORY PREPAYMENT.

When a letter, addressed to go by a route that requires prepayment is posted unpaid, and there is some other route where prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to be sent back to the writer.

DISTANCE TO WHICH THE POSTAGE CARRIES THE LETTER, &c.

The letter *a* prefixed to any division shows that the postage there entered does not carry the letter from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

TURKEY, MOLDAVIA, WALLACHIA.

In the case of letters forwarded via Belgium for other places in Moldavia than Botuschany, Galatz, and Jassy, or for other places in Wallachia than Bucharest and Ibraila, the writers should specify in the address to which of the above towns they desire their letters to be forwarded, and the rate as far as that town *must then be paid in advance*.

It is recommended that any letters for *Erzeroum* and other parts of the interior of Armenia, or for Persia, be addressed to the care of some agent in Samsoun or Trebizond, to be forwarded to their destination. Letters for such places in Turkey in Asia and Asia Minor as have no Austrian Post Offices, should be addressed to the care of an agent residing in the nearest port at which an Austrian Post Office has been established.

POSTAGE STAMPS, &c.

Prepayment of Inland Letters, &c., must be by Stamps.

RATES OF POSTAGE, &c.*Inland Letters.**

1. The rate of postage to be prepaid is 1d. for every $\frac{1}{2}$ oz. or fraction of half an oz.

2. As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is on delivery, charged twopence. On redirected letters, however, the charge for redirection is the same, whether prepaid or collected on delivery.

Colonial and Foreign Letters.

3. The rates of postage on letters to foreign countries and the colonies are entered in the Table of Colonial and Foreign Postage.

Addresses to the Queen and Petitions to Parliament.

4. Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the sides. No letter or other inclosure, however, must be inserted, and if one be found, such inclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspapers and other Periodicals bearing the Newspaper Stamp.

5. Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission, the exclusive privilege of the Post Office extending only to letters.

6. All periodical publications, including newspapers, published in the United Kingdom at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be sent and resent through the post within the United Kingdom free of postage, under the following regulations, viz:—

§ 1. Such publications are subject to the same restrictions as to the number of sheets and superficial extent as were formerly applicable only to newspapers

properly so called. These restrictions are shown in the following table:—

Amount of Stamps impressed on the Publication.	Maximum Number of Sheets.	Maximum Superficial extent of Letter-press on o e side.
One Penny. - -	* Two - - -	2295 inches.
Three Halfpence, † Three - - -	† Three - - -	3443 "
Twopence, - - -	‡ Three - - -	4590 "

* One of them being a supplement. † Two of them being supplements. ‡ Two of them being supplements.

§ 2. No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

§ 3. The title and date of the publication must be printed at the top of every page.

§ 4. The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be examined. If this rule be infringed, a postage of one penny will be charged in addition to any other postage to which the publication, if properly folded, would be liable.

§ 5. It must not be printed on pasteboard or card-board, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

§ 6. It must be posted within *fifteen days* from the printed date of issue.

§ 7. It must have either a cover open at the ends, or no cover, otherwise it will be charged as an unpaid letter.

§ 8. It must contain no inclosure; if it do, the inclosure will be taken out and charged as an unpaid letter, together with an additional rate of one penny.

§ 9. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus, if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient). For any breach of this rule an additional postage of twopence will be charged.

§ 10. If the publication be addressed to any person within the free delivery of the place where it is posted, it becomes liable to a postage of one penny, which must be prepaid by affixing a postage stamp; if this be not done an additional postage of twopence is charged.

§ 11. In case the 1st, 2nd, 3rd, 5th, or 6th regulations be infringed, the publication will be charged as an unpaid book-packet with the double book postage.

§ 12. It is suggested that every publication should have a notice to purchasers conspicuously printed, pointing out the necessity of exposing the stamp or stamps to view whenever the publication is sent through the post.

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands. If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

§ 13. Stamped publications can be also forwarded under the regulations of the Book Post; but when so sent the impressed stamp does not count as any part of the postage.

7. The Colonial and Foreign newspaper rates are set forth in the Table of Colonial and Foreign postage, and are applicable only to such publications as have been registered at the General Post Office for transmission abroad. These publications are subject to the restrictions contained in the 3rd, 5th, 6th, 7th, 8th, and 9th of the foregoing regulations. The postage must be prepaid in postage labels.* An impressed stamp on a newspaper addressed to a place abroad does not count as any part of the postage. The publications sent abroad under these arrangements are newspapers, magazines, prices current, market reports, &c.; published at intervals not exceeding thirty-one days. When the privilege of transmission abroad is desired for a publication, the publisher should make application to the Secretary

* Newspapers posted unpaid are retained at the Returned Letter Office for one week; and then, if the postage still remain unpaid, are destroyed.

of the General Post Office, sending a copy of the publication. Unregistered periodicals, whether newspapers or other, cannot be sent abroad at any rates lower than those applicable to Books, &c.

8. *Newspapers for Russia*.—It is forbidden to introduce into Russia, through the post, political newspapers, in covers open at the ends or sides; and the only means by which persons residing in Russia can obtain newspapers from the United Kingdom is by subscribing for them at one of the Russian Post Offices. This prohibition does not, however, extend to political newspapers or any other publication addressed to members of the Royal Family of Russia, the Imperial Ministers, or members of the Diplomatic Corps. The admission into Russia of newspapers not of a political character, is permitted only in those cases where they are addressed to the house of some established bookseller, to the higher schools, to the Imperial Public Library, or to the Academy of Sciences in Russia. Printed prices current, however, as well as printed circulars, in covers open at the ends or sides, are allowed to be addressed to any persons residing in Russia.

In those cases where an asterisk is prefixed to the name of the country the postage set down is applicable to the whole packet of Newspapers, whether that packet contain a single paper or more papers than one, but in the other cases the postage must be paid for each separate Newspaper, whether sent alone or in a parcel containing more than one.

No parcel of Newspapers sent to the countries marked thus † must exceed 3 lbs. in weight, and the weight of a parcel for the Azores, Cape de Verdes, Madeira, and Portugal is limited to 1 lb., and for Russia, via Belgium, to 5 ozs.

The postage on Newspapers for all other places is a fixed sum, and is given in the table of Colonial and Foreign Postages. At the option of the sender, Registered Newspapers may be forwarded as Book Packets.

PARLIAMENTARY PROCEEDINGS.

10. *Parliamentary proceedings circulated inland.*—*Postage.*—Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of one penny for every quarter of a pound, or fraction of a quarter of a pound.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet, otherwise it is treated as an ordinary book packet.

Prepayment optional.—Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only is charged.

Parliamentary Proceedings, &c., sent abroad.—Parliamentary proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a book post.

Book Post, including (when the foregoing special privileges are not claimed) Newspapers and other periodical publications, and also Parliamentary Proceedings.

11. *Inland Book Post, &c.*—The following are the regulations of the Inland Book Post:—

§ 1. The postage is 1d. for every quarter of a pound, or fraction of a quarter of a pound.*

§ 2. The postage must be prepaid by means of

* If the weight be exceeded to the smallest extent, even though the balance be merely turned, the book or printed paper becomes liable to a higher postage. To provide therefore for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight. It should be remembered that a newspaper when wet weighs more than when dry. Forgetfulness on this point sometimes causes groundless complaints about charges for newspapers; the complainant having erroneously supposed, on weighing the newspaper on its arrival, and when it had had time to dry, that he had been overcharged. The foregoing observations apply also to books, &c., sent abroad.

postage stamps affixed outside the packet or its cover. If the whole postage be not thus prepaid, the packet is treated in the manner described in § 9.

§ 3. Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the inclosures being removed for examination. For the greater security of its contents, the packet may be tied at the end with a string; but in such case the officers of the Post Office are authorized to cut the string, although, if they do so, they are required to refasten the packet.

§ 4. A book packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs when not on glass or in cases containing glass, prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; no other material is allowed than paper, parchment, or vellum (except in the case of printed books or publications, commonly called "indestructible"), artistic prints and maps, architectural drawings, plans and tracings, which may be printed or written upon canvas or cloth. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps, markers (whether of paper or otherwise), in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, &c., must not be sent as a separate packet, nor can patterns or books of patterns (unless these consist merely of paper), be permitted.

§ 5. No book packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, or any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be

printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted, but recommended; so that if the cover comes off, or for any other reason the packet cannot be forwarded, it may be returned.

§ 6. No book packet must exceed two feet in length, or one foot in width or depth; and if any packet of greater dimensions be presented at a post office, it cannot be received.

§ 7. Any packet which is not open at the ends or sides, or has any letter or communication of the nature of a letter *written in it, or upon its cover*, is charged with the "unpaid" letter postage.

§ 8. If a packet be found to contain any letter not wholly printed, whether closed or open, or any inclosure sealed or otherwise closed against inspection, or any other unauthorized inclosure, the letter or inclosure is taken out and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate; and the remainder of the packet, if duly prepaid with stamps, is then forwarded to its address.

§ 9. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate, it is forwarded, charged with the deficient book postage, together with an additional rate; but any packet which bears no postage stamp is charged with double the book postage.

§ 10. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

§ 11. The main business of the Post Office being the transmission of letters, the forwarding of books and newspapers (which no one is compelled to send through the Post Office), though an important, is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters, should not be sent through the Post.

§ 12. To prevent obstacles to the regular transmission of letters a Head-postmaster may, when necessary, delay forwarding any book packet, not a newspaper, for a period not exceeding twenty-four hours beyond the ordinary time, and at Packet Offices the delay may, at the option of the Postmaster, be either for that period, or until the despatch of the mail next after that by which the book-packet ought otherwise to be forwarded.

12. *Colonial and Foreign Book Posts.*—Except that the rates of postage are higher, books can be sent to all British colonies, and to other foreign places, on the same conditions as those of the Inland Book Post. For exceptional rates, and modification of rules affecting certain countries, the British Postal Guide, published quarterly, ought to be consulted.

13. *Inland Pattern and Sample Post.*—The following are the rules of the Inland Pattern and Sample Post:—

§ 1. Rates of Postage. The postage is 2d. for every $\frac{1}{4}$ lb. or fraction of a $\frac{1}{4}$ lb.

§ 2. The postage must be prepaid by means of postage stamps.

§ 3. No packet of patterns or samples must exceed 24 oz. in weight. Any packet exceeding that weight will be sent to the Returned Letter Branch.

§ 4. There must be no writing or printing on the packet or its cover in addition to the address of the person for whom the packet is intended, except the address of the sender, a trade mark and numbers, and the prices of the articles, otherwise the packet will be treated as a letter.

§ 5. There must be no inclosures other than the samples themselves; the particulars which are allowed to be furnished under the preceding rule must in all cases be given, not on loose pieces of paper, but on small labels attached to the samples, or the bags containing them. Any loose inclosure will be taken out and forwarded to the address on the packet charged with the full postage as an unpaid letter, together with the additional rate of a penny.

§ 6. The patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, &c., may be inclosed in boxes, or in bags of linen or other material fastened in such a manner that they may be readily opened; or in bags entirely closed, provided that they are transparent, so that the officers of the department may be able to satisfy themselves as to the nature of the contents. Non-compliance with this rule will subject the packet to be treated as a letter.

§ 7. If a packet of patterns or samples be posted altogether unpaid, it will be charged with double the postage which should have been prepaid; if a portion of the postage be prepaid, even although only a penny stamp be affixed, the packet will be charged with the amount of the deficiency, together with an additional rate of twopence.

§ 8. In order to prevent any interruption to the regular transmission of letters, a packet of patterns or samples may, when it is necessary, be kept back at the head office till the next despatch or delivery after the time when in ordinary course it would be forwarded.

§ 9. The rule which forbids the transmission through the Post of any article which might injure the contents of the mail bags, or the officers of the Post Office, is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while at the same time the samples may be easily examined. If any packet containing such articles as these be posted which is found not to be sufficiently guarded, it will be stopped, and a notice of its detention will be sent to the person to whom it is addressed, or to the sender, who may then obtain it on personal application, *but the packet will be charged with a fine equal in amount to the postage to which it was liable as a packet of patterns.*

§ 10. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

14. *Colonial and Foreign Pattern and Sample Post.*—Patterns and samples can be sent, at the rates inserted in the Table of Colonial and Foreign Postage, to such colonies and foreign countries as are marked in that Table with the letter "P." The conditions in these cases are for the most part the same as in the case of the Inland Pattern and Sample Post, the following being the only important exceptions:—

§ 1. A packet of patterns or samples sent to France, Turkey, Syria, Egypt, Portugal, Madeira, the Azores, or Cape de Verds, by French packet, must not exceed 18 inches in length, width, or depth; a packet to any other place abroad must not exceed 24 inches in length, or 12 inches in breadth or depth.

§ 2. A packet of patterns or samples sent to Germany, Russia, Belgium, Turkey, Moldavia, Wallachia, &c., via Belgium, or to any place via Austria, must not exceed 8 ounces in weight; and the weight of a packet for Portugal, Madeira, the Azores, or Cape de Verds, is limited to 1 lb.

§ 3. None of the articles named in § 9, above, may be sent as patterns or samples to any place abroad except the United States of America, Germany, Belgium, Holland, Denmark, Sweden, Norway, Turkey, Moldavia, Wallachia, Portugal, Madeira, the Azores, Cape de Verds, Switzerland, and the British Colonies, and not to these places when addressed "via France."

§ 4. Bags entirely closed, even though they be transparent, must not be used for the transmission of seeds to any foreign country, except the United States of America, Holland and its possessions, Belgium, Denmark, Portugal and its possessions, and Austria via France; and samples of intrinsic value must not be sent to any foreign country except the United States.

§ 5. The limit of 24 oz. in weight is not applicable to patterns sent to the Colonies or to foreign countries.

POSTAGE STAMPS.

15. *Postage Stamps must be kept for sale.*—Every Head-postmaster is required to have on hand a sufficient stock of postage labels to be sold to the public at the following rates:—

16. *Stamps.*—Prepayment of inland letters, &c., must be by labels or embossed stamps. British postage stamps are not available, as a general rule, for the payment of letters, &c., coming into this country.

17. By using embossed envelopes all risk of the stamp being detached may be avoided; but when labels are used, they should be examined to see that they firmly adhere, since if they fall off, the letters,

&c., will be charged with postage, which, in the case of inland letters, is double the prepaid rate; while, as respects many letters addressed to many places abroad, the transmission will be altogether stopped. The labels should be placed on the front of the letter, and upon the right hand corner of the upper side. On re-directed letters, however, care should be taken not to place fresh stamps over the stamps which had been previously used. Receipt or Inland Revenue stamps cannot be used in place of postage stamps; nor can postage stamps which have been torn, cut, or otherwise rendered imperfect, be used.

18. *Postage Stamps purchased from the Public.*—

All postmasters in the United Kingdom at whose offices Money Order business is transacted are permitted, though not compelled, to purchase postage stamps from the public, provided the stamps be not soiled or otherwise damaged, at a charge of $2\frac{1}{2}$ per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the payments are as follows:—

s. d.	s. d.
1. $7\frac{1}{2}$ for stamps of the value of	1 8
3 3 " " "	3 4
4 $10\frac{1}{2}$ " " "	5 0
6 6 " " "	6 8
9 9 " " "	10 0

and so on. No separate stamps can be purchased; they must in all cases be presented in strips containing at least two stamps adhering to each other.

REGISTRATION.

19. By the prepayment of a fee of fourpence, any letter, newspaper, book, or other packet, may be registered to any place in the United Kingdom or the British Colonies. Registered letters must be prepaid as regards both postage and registration fee; in the case of inland letters, such prepayment must be by stamps, but in the case of foreign letters it may be either in money or in stamps.

20. The registration of a packet makes its transmission much more secure, and the loss of a registered packet is a very rare occurrence. Nevertheless, by Act of Parliament, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account. Sent in *unregistered* letters, valuable articles are exposed to risk, and the department cannot in any way undertake the safe conveyance of such packets. All inland or colonial letters, therefore, which unquestionably contain coin, even though they be posted without registration, are *treated as registered*, and charged on delivery with a double registration fee of *eightpence*, in addition to the ordinary postage, and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch.

21. Every letter to be registered should be presented at the window, and a receipt obtained for it, and on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, if directed to any place in the United Kingdom or the British Colonies, be liable to a registration fee of eightpence, instead of the ordinary fee of fourpence. A registered letter, if reposted as an ordinary letter with the word "*Registered*" un erased or erased in

pencil only, will also be liable to a registration fee of eightpence.

22. *Time of Posting.*—The time for posting registered letters at Glasgow is half an hour before the closing of the mail by which they are to be despatched. For a *late fee of 4d.* they are taken until the expiration of that half hour.

23. No Letter Carrier, Rural Messenger, or other servant of the Post Office is allowed to carry a letter for any person to be registered.

24. *Registration of Letters addressed to Foreign Countries.*—The fee chargeable for registering a letter, in addition to the ordinary postage, *both of which must be prepaid*, will be found against each country or place in the table of Colonial and Foreign postage. Letters, newspapers, books, and patterns, may be registered to any place in the British colonies, the United States of America, Italy, Switzerland (via Belgium), or the German States; but to other Foreign Countries only letters and packets prepaid at the letter rates can be registered. To some countries there is no arrangement whatever for registration.

25. Where the prefix "in" is made use of in the column of fees in the table of Colonial and Foreign Postage, the letter can be registered only to the port of arrival; it being left in those cases to the postal authorities of the country to which that port belongs to continue the registration if they think proper. Where the word "none" appears, no registration can be effected.

26. *France and Countries through France.*—The registration fee upon letters addressed to France, or countries through France (exclusive of those sent in the closed mails to India, Hong-Kong, Ceylon, Mauritius, Australia, Gibraltar, via France, Malta, Constantinople, Austria, Portugal, Spain, or Italy, except the Papal States), is not a fixed sum, but is in all cases equal to the postage.

27. Letters for passengers on board the Cunard and Inman Packets for America, touching at Queens-town, may be posted in any part of the United Kingdom up to the time at which ordinary registered letters for these packets are received, provided they be prepaid and registered, and addressed to the *care of the Commander of the Packet*.

28. Letters for passengers on board the Mediterranean Packets, sailing from Southampton with the mails for India, Australia, China, &c., or on board the Canadian Packets, touching at Londonderry, may under similar conditions be posted up to the same time as ordinary registered letters for India, Australia, &c., or for Canada. These must be addressed to the officer in charge of the mail.

29. The letters should be addressed thus, "Mr. ———, on board the mail packet at Queenstown (Londonderry or Southampton), care of the commander of the packet," or "care of the officer in charge of the mail," as the case may be.

30. *Parliamentary Notices.*—Parliamentary notices may be forwarded through the post under the following regulations:—

§ 1. The words "Parliamentary notice" must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter, though this is not imperative.

§ 2. These notices must be posted either at the

General Post Office, St. Martin's-le-Grand, in London; the General Post Office in Dublin; the General Post Office in Edinburgh; or at the chief office at one or other of the following towns:—

Aberdeen,	Inverness,
Athlone,	Leeds,
Belfast,	Lincoln,
Birmingham,	Liverpool,
Bristol,	Manchester,
Cork,	Newcastle-upon-Tyne,
Exeter,	Norwich,
Glasgow,	Shrewsbury.

§ 3. All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, may be posted after the 12th of that month.

§ 4. The postage chargeable on these notices and the registration fee of sixpence on each must be prepaid by stamps.

§ 5. The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged for the convenience of comparison in the order of the list. These lists will be examined by the officer in attendance at the window, and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

31. *Time for Posting Parliamentary Notices.*—The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office, in which case the Postmaster may appoint any other time within the next twenty-four hours for receiving the same; provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th. Re-directed parliamentary notices are liable to an additional rate of postage, like letters.

32. The senders of parliamentary notices should, if possible, arrange on the previous day with the Postmaster as to the most convenient time for posting them, and state the probable number.

33. Notices relating to votes for members of Parliament belonging to any of the classes enumerated in the Acts 6 Vict. c. 18, and 13 and 14 Vict. c. 69, can also be sent through the post (with the securities for their safe delivery enjoined by the Acts), on prepayment in stamps of the postage, whether inland or foreign, as the case may be, and of a registration fee of twopence, provided they be presented duly directed, open, and in duplicate, to the Postmaster of an office which is also a Money Order Office. On receiving the notices, the Postmaster will compare each with its duplicate, and if the two agree, the latter will be stamped and returned to the bearer. The production by the person who posted such notice of such stamped duplicate is evidence of the notice having been given to the person at the place mentioned, on the day on which such notice would in the ordinary course of post have been delivered there. The notices must be presented at least half an hour before the fixed time

for posting ordinary letters. They are liable to the usual charge for re-direction.

34. *Poll-Books*.—When a poll-book is presented by any returning officer to be forwarded by post, the Postmaster is required to give to such officer an acknowledgment thereof in writing, stating the time when he received it.

35. No registration fee is demanded for poll-books, and prepayment of the postage is optional, without regard to weight or size.

DELIVERY.

36. Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., whether before beginning their rounds, whilst on their rounds, or after they have completed them, except such as have passed through a Post Office. Neither are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

37. *Delivery at Window*.—No person living within the town free delivery, unless he rent a private box, can claim to have his letters at the office window.

38. In order to prevent the additional trouble which is sometimes caused by letters being directed to the Post Office, although for persons residing within the free delivery, but who have no private box, the officers of the Post Office are authorized, when such letters arrive, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter Carriers, except such as are addressed to the military in barracks.

39. *Private Boxes*.—Any person can have a private box who is willing to pay the appointed fee, which is fixed at one guinea per annum to be paid in advance, and for a period of not less than a year.

MISCELLANEOUS REGULATIONS.

40. The Post Office is not responsible for any injury which books or other articles forwarded by post may sustain, and the public therefore should not employ the Post Office for the conveyance of anything likely to suffer injury, unless such thing be sufficiently protected; neither is it responsible for any loss or inconvenience which may arise from the mis-sending, mis-delivery, loss, &c., of a letter or any other postal packet.

Limit to Size of Letters, &c.—With the following exceptions, no inland or foreign letter, &c., can be forwarded by the post which is more than two feet in length, or one foot in breadth or depth. The exceptions are—

§ 1. Packets to or from any of the Government offices or departments, or public officers.

§ 2. Petitions or addresses to the Queen, whether directed to her Majesty, or forwarded to any member of either House of Parliament.

§ 3. Petitions to either House of Parliament, forwarded to any member of either House.

§ 4. Printed Parliamentary proceedings.

41. *Official Information*.—No information can be given respecting letters which pass through a Post Office* except to the persons to whom they are ad-

ressed; nor can the address of any private person be given, and in no other way is official information of a private character allowed to be made public.

42. *Letters† cannot be returned to Writers*.—Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

43. Should a letter be forwarded under cover to any postmaster with a request that he will re-post it at his office, such request will not be complied with; and the letter and application respecting it will be sent to the returned letter office.

44. *Re-directed Letters, &c.*—Every re-directed letter or other postal packet will be liable to an additional postage (at the prepaid rate).

45. A registered letter, when re-directed, is only liable to the same additional charge as an ordinary re-directed letter, and if re-posted, a second registration fee must be paid with it.

46. Letters which have once been posted, addressed to commissioned officers in the army, navy, or ordnance, or to non-commissioned officers, private soldiers, or seamen employed on actual service in any of her Majesty's colonies, or on any foreign station, and who, before receiving the letters, may have started on their return home or to another station, may be re-directed to such officers, private soldiers, or seamen when these have removed *upon service*, and will be delivered to them without any charge for re-direction. The same privilege extends to the letters of non-commissioned officers, private soldiers, and seamen, re-directed from one part of the United Kingdom to another, or from the United Kingdom to a place abroad; provided that the original postage is prepaid, and the letters do not exceed $\frac{1}{2}$ oz. in weight; but no such privilege is allowed with regard to letters for a commissioned officer re-directed from one part of the United Kingdom to another, or, if posted in the United Kingdom, re-directed to a place abroad.

47. A Postmaster is not bound to re-direct letters for a person temporarily leaving his home, and not having a private bag or box, unless the house be left uninhabited, or the letters would be delayed in their transmission by being sent to the house to be re-directed there. In all cases of re-direction, a written authority duly signed by the person to whom the letters are addressed must be sent to the Postmaster.

48. *Sunday*.—During the time the office is open on Sunday (viz., from eight to nine in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except Money Order and Savings Bank business, which on that day is wholly suspended.

49. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing as they may think proper; but no person can be permitted to engage a private box for Sunday only.

50. *Change and Bad Money*.—No Postmaster is bound to give change, or is authorized to demand

"Head-Office" is an Office subordinate only to a Metropolitan Office. Both Sub-Offices and Receiving-Offices are under Head-Offices; but at Receiving-Offices letters are received only, not delivered.

† The term "Letters," &c., is meant to include everything sent by the post; whether letters, newspapers, books, or aught else.

* The term "Post Office" applies to all Post Offices, whether Head-Office, Sub-Office, or Receiving-Office. A

change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

51. *Postmasters not bound to Weigh Letters for Public.*—Except as regards foreign and colonial letters about to be prepaid in money, the officers of the Post Office are not bound to weigh any letters or other packets for the public, though they may do so if their duty be not thereby impeded.

52. *Forbidden Articles.*—The officers of the Post Office are instructed not to receive any letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a letter, &c., be posted in the letter-box, and discovered before its despatch, it is detained, and a report of the case made to the Secretary G.P.O. The following are examples of the articles referred to:—A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetables; bladders or vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or combustible; razors, scissors, needles, knives, forks, or other sharp instruments insufficiently protected.

53. *Undelivered Letters*—When the reason for the non-delivery of a letter, &c., is "Deceased," the letter is sent, as soon as practicable, to the Returned Letter Office, as are all letters intended for ships which have sailed before the arrival of such letters at the port of departure. When the reason is "Refused," the letter, if an inland one, is retained at the Post Office for one day only before being sent to the Returned Letter Office, unless the refusal be conditional, in which case the letter is kept for three days, as are all foreign or colonial letters when refused, and letters, whether inland or foreign, addressed to persons not known, or gone away. When the reason is "Not called for" (the letter being addressed to a Post Office), the packet is retained one month; except in the case of letters at seaports addressed to persons on board ships expected to arrive at such ports, which letters are kept three months.

54. *Penalties for sending letters otherwise than through the Post.*—By the Act 1st Victoria, cap. 36, sect. 2, any person conveying otherwise than by the Post a letter not exempted from the exclusive privilege of the Postmaster-General, incurs a penalty of £5 for every letter, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every letter, with full costs of suit.

55. *Exceptions from exclusive privilege of Post Office in conveyance of Letters.*—The following are the exceptions granted by the Act 1st Victoria, cap. 33, from the exclusive privilege of the Post Office, in the conveyance of letters:—

§ 1. Letters sent by a private friend, so as such letters be delivered by such friend to the party to whom they shall be directed.

§ 2. Letters sent by a messenger on purpose, concerning the private affairs of the sender or receiver thereof; commissions or returns thereof, and affidavits and writs, process or proceedings or returns thereof, issuing out of a court of justice.

§ 3. Letters sent out of the United Kingdom by a private vessel (not being a packet boat).

§ 4. Letters of merchants, owners of vessels of merchandise, or the cargo or loading therein, sent by such vessels of merchandise, or by any person

employed by such owners for the carriage of such letters, according to their respective directions, and delivered to the respective persons to whom they shall be directed, without paying or receiving reward or profit for the same in anywise.

§ 5. Letters concerning goods or merchandise sent by common carriers, to be delivered with the goods which such letters concern, without hire or other advantage for receiving or delivering such letters.

§ 6. No person is authorized to make a collection of such excepted letters for the purpose of sending them in the manner above described.

56. The following persons are expressly forbidden to carry a letter, or to receive or collect or deliver a letter, even though they shall not receive hire or reward for the same:—

§ 1. Common known carriers, their servants or agents, except a letter concerning goods in their carts or waggons, or on their pack-horses; and owners, drivers, or guards of stage-coaches.

§ 2. Owners, masters, or commanders of ships, vessels, steamboats, or boats called or being passage or packetboats, sailing or passing coastwise, or otherwise between places within Great Britain or Ireland, or between, to, or from ports within her Majesty's dominions or territories out of the United Kingdom, or their servants or agents, except in respect of letters of merchants, owners of ships, or goods on board.

§ 3. Passengers or other persons on board any such ships, vessels, steamboat, passage or packet boat.

§ 4. The owners of, or sailors or others on board a ship or boat passing on a river or navigable canal within the United Kingdom or other of her Majesty's dominions.

MONEY ORDERS.

57. *Application Forms.*—The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security than verbal messages against mistakes. These forms are supplied gratuitously at all Money Order Offices.

58. *Commission.*—The commission on inland Money Orders is as follows:—On sums not exceeding £2, threepence; above £2 and not exceeding £5, sixpence; above £5 and not exceeding £7, ninepence; above £7 and not exceeding £10, one shilling.

59. No order is allowed to contain a fractional part of a penny.

60. *Particulars Required.*—With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:—

§ 1. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company."

§ 2. When the remitter notifies that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee.

61. When application is made for a Money Order payable in London, or at any other town where there

is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the Head Office alone.

62. *Orders cannot be Cancelled.*—An order once issued cannot be cancelled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the paying Postmaster according to the directions printed on the back of the order.

63. The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

64. Money Orders do not require a receipt stamp.

65. *Lapsed and Void Orders.*—Payment of an order, issued and payable in the United Kingdom, must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. The period for payment of orders issued in the United Kingdom and payable in any colony authorized to transact Money Order business, including Gibraltar and Malta, is six months, and orders granted at those places on the United Kingdom are also payable during six months after that in which they were issued. Any person presenting a lapsed order will be furnished with a copy of a printed notice headed "Lapsed Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January and not paid before the end of next January), all claim to the money will be lost.

66. No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time; and after once paying a Money Order, by whomsoever presented, the Office is not liable to any further claim.

67. *Payment cannot be Demanded on day of Issue.*—Under no circumstances can payment of an order be demanded on the day of issue.

68. *Duplicate Orders, Transfers, Repayments, Alteration of Name, &c.*—In case of the miscarriage or loss of an inland Money Order, a duplicate is granted on a written application (with the necessary particulars, and inclosing the amount of a second commission, in postage stamps) to the Comptroller of the Metropolitan Money Order Office, of that part of the United Kingdom where the original order was issued; and if it be desired to stop payment of an inland order a similar application, with a like inclosure of postage stamps, must be made to the Comptroller of the Metropolitan Money Order Office of that part of the United Kingdom where the order is payable. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the Postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application inclosing the order must be made to the Postmaster at whose office

the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the reissue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant, and imposed on the officer in fault.

69. A Postmaster is required to give information how to apply for a duplicate order, &c., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter not corresponding with the entries in the advice, or of a difference in the name in the receipt, the applicant for payment shall communicate with the remitter, and request him to apply personally to the issuing Postmaster.

70. No letter-carrier or other servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

COLONIES.

71. Money Orders are issued at all Money Order offices in the United Kingdom of Great Britain and Ireland, on Money Order offices in Alexandria, Constantinople, Gibraltar, Malta, Bahia, Buenos Ayres, Montevideo, Pernambuco, and Rio Janeiro, at a charge equal to threefold the commission on inland Money Orders, and on Money Order offices in the suljoined list at a charge equal to fourfold such commission:—

The only Post Offices in Western Australia which are authorized to issue Money Orders on the United Kingdom, and to pay Money Orders issued in the United Kingdom on Western Australia, are those at Perth and Albany (King George's Sound), but local arrangements are now in operation in the Colony, by which orders drawn on Perth in favour of persons residing in the under-mentioned towns and districts can be negotiated, and the signature of the payee always obtained on the orders.

73. The renewal of a lapsed order, the issue of a duplicate order, or the stoppage of payment of an order issued by a Colony on the United Kingdom, will be made on application to the Comptroller of the Metropolitan Office of that portion of the United Kingdom in which such Colonial Order is payable, provided an additional British Inland Rate of Commission be inclosed with the application; except in the case of lapsed orders, when the additional commission will be deducted from the amount of the new order issued by the department; but the lapsed

order must be transmitted with the application for its renewal. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of Colonial orders originally drawn on their own offices.

POST OFFICE SAVINGS BANKS.

74. Hours of Business.—Every Post Office Savings Bank, which is also a Money-Order Office, is open for bank business during the same hours as for Money Orders.

75. Amount of Deposits.—Deposits of any amount, not less than one shilling and not including any pence, are received at any Post-Office Savings Bank, provided those made by any separate depositor in any year ending on the 31st December do not increase the total amount of his deposits by more than £30, and provided such total amount, exclusive of interest, is never more than £150. When any depositor's principal and interest amount together to £200, no more interest will be allowed until this sum of £200 be lessened.

76. Interest.—Interest calculated yearly at the rate of £2 10s. per cent. per annum will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed, up to the first day of the calendar month in which the moneys are withdrawn. The interest thus calculated will be at the rate of one halfpenny per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

77. Transfers of Deposits.—A depositor in the Post Office Savings Bank may transfer his deposits to any other Savings Bank legally established; and on his written application, accompanied by his book, to the chief officer of the Postmaster-General in a form to be obtained at any Post Office Savings Bank, he will be furnished with a certificate of the whole amount due to him, and his account with the Post Office Savings Bank will thereupon be closed. A depositor in any legally established Savings Bank may transfer his account to the Post Office Savings Bank, and may require from the trustees or managers of such bank a certificate, stating the amount due to him, and thereupon his account with such

bank will be closed. The certificate may be delivered at any Post Office Savings Bank, and will be received as a deposit of the amount therein set forth, and on the certificate being forwarded to London, and verified by the National Debt Commissioners, an account for the amount thereof will be opened with the depositor, and an acknowledgment for the amount will be sent to him.

78. Withdrawals of Deposits.—Any depositor wishing to withdraw the whole or part of the sum deposited by him, must make application for the same to the General Post Office in London, in a form which may be obtained at any Post Office Savings Bank.

79. Repayments.—Repayments will be made only to the depositor in person, or to the bearer of an order under his hand, signed in the presence of either the minister of the parish in which the depositor resides, of a justice of the peace, or in case of sickness, of the medical attendant.

80. Secrecy.—The officers of the Postmaster-General engaged in the receipt or payment of deposits will not disclose the name of any depositor, nor the amount deposited or withdrawn by him, except to the Postmaster-General, or to such of his officers as may be appointed to assist in carrying out the provisions of the Post Office Savings Bank Acts.

GOVERNMENT INSURANCES AND ANNUITIES.

81. The Postmaster-General is empowered under the Act 27 and 28 Vict. cap. 43, to insure the lives of persons of either sex between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of 10 years and upwards.

The persons whose lives are insured or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

The Post Office of Glasgow has been opened for the receipt of proposals for the insurance of lives, and the purchase of annuities; and forms of proposal, with full instructions for filling up and delivering these forms, as well as every other necessary information, may be obtained on application.

MAILS FOR THE SHETLAND ISLANDS.

The mails for the Shetland Islands are despatched from Aberdeen every Friday evening, arriving at Lerwick on Sunday morning; returning from Lerwick to Aberdeen every Monday at 6 and 10 p.m. alternately.

LIST OF POST TOWNS AND SUB-OFFICES IN SCOTLAND.

It must be understood that the hours for closing the Letter Box are liable to alterations in the course of the current year, and, therefore, the Tables exhibited in the Lobby of the Post-Office ought to be occasionally consulted.

With some exceptions, all Head Offices are Money Order Offices. All Offices at which Money Order business is transacted, are marked thus, *m*.

When in the subjoined list *one* place only is mentioned, it is a Head Office, and when there are two, the *first* is a Sub-Office, and the *second* is the Head Office to which the first is subordinate. It sometimes happens that there is a Money Order Office *nearer* the Sub-Office than is the Head Office. In these cases such Money Order Office is added as a *third* name for the information of any persons who may wish to remit money to the neighbourhood.

An extra popular concert of choral part-songs and glees, interspersed with vocal quartettes, instrumental solos, &c., by members of the Union, was given on 31st March, 1869; and in May the second performance of sacred music took place as usual in the Cathedral.

LIFE DEPARTMENT.

The advantages, without the defects, of the *Mutual System* of Life Assurance are offered by this Company, which is a *Proprietary* Body, affording complete security to the Assured.

The BONUSES are allocated on a simple and equitable plan, which gives a fair share to each class of Policies, and does not benefit the older assured at the expense of recent entrants. There has been a steady increase in the rate of Bonus declared by the Company at successive investigations, while in several of the oldest and largest Mutual Offices the Bonus Rates have been reduced from time to time, and in the case of one Mutual Office of high standing and large business there were no profits to divide at last investigation.

FIRE DEPARTMENT.

Nearly all classes of risks are insured by the Company, and at rates as low as are consistent with safety. Claims are adjusted with liberality, and settled with promptitude. *Losses by gas explosions, in property insured by the Company, admitted, and property burnt by lightning paid for.* All the advantages of the reduced duty given.

NEW SYSTEM OF

ASSURANCE BY NON-FORFEITABLE PREMIUMS,

INCREASING POLICIES

are issued by which the Sums Assured increase by the mere lapse of time to DOUBLE the original amount, while the premiums payable remain fixed.

It is believed that the Policies of the Association are more valuable as provisions under Marriage-Settlements, as securities for money, and for every other purpose, than the policies of most other Assurance Offices.

THE BUSINESS of this ASSOCIATION embraces every beneficial form of LIFE ASSURANCE, ANNUITIES, and ENDOWMENTS for OLD AGE.

NINE-TENTHS of THE PROFITS are DIVIDED AMONG THE ASSURED.

DURING 1868 the ASSOCIATION issued 618 NEW LIFE POLICIES, assuring £439,370, and producing in NEW PREMIUMS £15,443. The INVESTED FUNDS at Christmas, 1868, amounted to £691,045 sterling.

NON-FORFEITURE POLICIES.

PUBLIC ATTENTION is invited to the special advantages presented by the NEW METHOD of LIFE ASSURANCE by TEN-YEAR NON-FORFEITURE POLICIES. The PREMIUMS on these POLICIES, securing the FULL SUM ASSURED, are payable during the first TEN YEARS only; while each yearly payment (after the first) secures an EQUIVALENT AMOUNT of ASSURANCE although the subsequent Payments should be discontinued. The Policies are thus free from risk of forfeiture on account of non-payment of the Premium.

NON-FORFEITURE POLICIES are also issued for Whole Term Assurances effected by FIFTEEN or TWENTY ANNUAL PAYMENTS, which, after payment of not less than a *fifth part* of the whole number of Premiums contracted for, secure an EQUIVALENT AMOUNT of ASSURANCE corresponding to the number of Premiums actually paid.

NON-FORFEITURE POLICIES by Limited Payments are issued, on similar terms, for ENDOWMENT ASSURANCES payable at SPECIFIED AGES or at Death.

TABLES of RATES for ASSURANCES by this method, with or without PARTICIPATION in PROFITS, may be had on application.

FIFTH DIVISION OF PROFITS.

The FIFTH QUINQUENNIAL INVESTIGATION will take place at CHRISTMAS, 1870, WHEN PARTICIPATING POLICIES EFFECTED DURING 1869 UNDER FULL ANNUAL PREMIUMS WILL BE ENTITLED TO TWO YEARS' BONUS ADDITIONS. In this Office the BONUS ADDITIONS have never been at a lower rate than ONE POUND TEN SHILLINGS PER CENT. PER ANNUM on the SUMS ASSURED by WHOLE LIFE POLICIES—a Rate which has now been maintained, *without diminution*, for upwards of TWENTY-FIVE YEARS.

COUNTY FIRE OFFICE,

50 REGENT STREET, AND 14 CORNHILL, LONDON.

The COUNTY FIRE OFFICE was Established in the year 1806, upon the principle that the interests of its Policy-holders and its own should be identical. A system of strict economy and caution has enabled the Directors to return to their Policy-holders a considerable portion of the Premiums found to be in excess of the risks. These returns, which originally varied with the profits of the year, are now fixed at the rate of 25 per cent. They are paid out of a fund specially provided for the purpose, and take precedence of the Dividends to the Shareholders. The Insured are exempt from all personal liability.

The following Table contains the Names of some of the Policy-holders who have participated in these Returns:—

Insurance Record, April 9, 1869—"As a General Life Assurance office, the PRUDENTIAL has a large business and holds a high place amongst kindred institutions; and as an Industrial Office it stands unrivalled." *Glasgow Herald*, April 8, 1869—"We publish in our advertising columns the report of the directors of this Company for the past year, which shows very great progress. It would appear that a considerable portion of the increase in the business of the Company has been in Scotland, the amount of New Premium Income derived from this side the Tweed being upwards of £13,000." *Daily Mail*, April 8, 1869—"Our readers will have observed that the PRUDENTIAL ASSURANCE COMPANY has engrafted on to its former business the admirable system of 'Absolute Security Policies, Unforfeitable, Unconditional, and Unchallengeable' and as these cannot fail to be appreciated by the insuring public, we shall be surprised if next year's report has not to tell a tale of still increased prosperity."

THIS SOCIETY differs in its principles from any other Office. Instead of charging rates admittedly higher than are necessary, and afterwards returning the excess, or a portion of it, in the shape of periodical Bonuses, it gives from the first as large an assurance as the Premiums will with safety bear—reserving the Whole Surplus for those Members who have lived long enough to secure the common fund from loss on account of their individual Assurances.

A Policy of £1200 to £1250 may thus at most insuring ages be had from the first for the Premium elsewhere charged to assure £1000 only; while the effect of *reserving* the surplus has been, that Policies originally for £1000, which have shared at the three septennial Investigations, have already been increased to £1400, £1600, and even to £1800.

ITS TERMS are therefore well calculated to meet the requirements of intending Assurers. They are specially adapted to the case of Provisions under Family Settlements or otherwise, where it is important to secure, for the smallest present outlay, a competent provision, of definite amount, in the case of early death.

The Society has taken a leading part in the REMOVAL of RESTRICTIONS and GROUNDS of CHALLENGE.

Foreign Residence and Travel.—Members (not seafaring men) are free to reside in any part of the World to the north of 35° N.—excluding Asia—and to the south of 30° S. Licences for places beyond the free limits are given on favourable terms; and when an extra is charged it has the advantage, according to the equitable principle of the Office, of bringing the Assured sooner to share in Profits.

Surrenders.—In the event of inability to continue to pay the Annual Premiums, Members have, by an original rule of the Institution, the alternative of receiving, on surrender, the fair value of their Policy, in cash, according to a *fixed* Table, or a new Policy, free of premiums, for an amount corresponding to the value.

EXAMPLES OF PREMIUM FOR ASSURANCE OF £100 AT DEATH (WITH PROFITS).

AGE.	25	30	35	40	45	50
PAYABLE DURING LIFE.	£1 18 0	2 1 6	2 6 10	2 14 9	3 5 9	4 1 7
LIMITED TO 21 YEARS.	£2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

Thus a person of 30 may secure £1000 at death, with Profits, for a yearly premium of £20 15s., which in the other Scottish Mutual Offices would assure £800 only.

Or, if unwilling to burden himself with payments during the whole of life, he may secure a Policy for £1000 (with Profits) for a Premium of £27 13s. 4d., *limited to twenty-one payments*, being nearly the same as most Offices require during the whole of life. TO PROFESSIONAL MEN and others whose income is dependent on the continuance of health and activity, this mode of Assurance is specially recommended. THE RATES TO CEASE AFTER 7, 14, OR OTHER NUMBER OF YEARS, MAY BE HAD.

The New Business of 1868 was £541,127. Subsisting Assurances, nearly Six and a Half Millions. Annual Revenue, £240,000. Accumulated Fund arising entirely from Premiums, upwards of a Million and a Half, all invested in unexceptionable securities.

LIFE DEPARTMENT.

THE Arrangements of this office are based on principles that have been verified by experience.

The Rates for Assurance of fixed sums are very moderate.

Extra Premiums for Foreign Residence have been dispensed with to a great extent, and a very important rule has been adopted to protect the interests of parties holding Policies on the Lives of others, who may incur extra risks without the knowledge of the holders.

For surrender of Policies of the ordinary class, after three years' endurance, a liberal return of Premiums, according to a fixed rule, is *guaranteed*, besides the value of vested Bonuses where such have been declared.

According to the constitution of the Company, Investigations must be made at intervals not exceeding five years.

GLASGOW STEAM-POWER
COFFEE ROASTING WORKS,
 COFFEE, SUGAR, SPICE, DRUG
 AND
 GENERAL GRINDING MILLS,
 MACPHERSON STREET.

D. MINTO,

IN returning thanks for past favours, desires to intimate, that he has lately fitted up additional Sugar-Grinding Machinery, rendering that branch of his establishment more improved and extensive; and thereby affording greater facilities to Confectioners, Biscuit Manufacturers, and the Trade in general, of having their sugar ground in a manner suitable to their various requirements; while due attention is being observed towards those other branches for Coffee Roasting, and the Grinding of Coffee, Spices, Drugs, Drysalteries, &c., so that Grocers, Druggists, Dyers, and others, shall have advantage of every improvement that may be suggested.

GLASGOW, Macpherson Street, May, 1868.

THE COFFEE PLANT, "*Coffea Arabica*" of Linnæus, is an evergreen, and, as may be inferred from its scientific name, is a native of Arabia. It produces a pulpy berry about the size of a small cherry, inclosing two seeds, which, separated from their pulpy envelope, form the well known Coffee beans of commerce. It may be remarked as a singular fact, in reference to Coffee, that while all of the vegetable kingdom that have been taken under the care of man have been improved, it alone asserts its independence; for, although cultivation may greatly enlarge the crop, it as certainly at the same time deteriorates the flavour, and the produce of the wild plant still maintains the highest figure in the market. It is well known that Coffee would be of no real value were it not properly roasted—a process which, as it requires much skill, is only to be acquired by experience. How man became acquainted with the fact that the tasteless seeds of a berry, when roasted, ground, and infused, would form a grateful beverage, will most probably remain a secret to the end of time. That the development of its useful properties depends wholly upon the roasting, is evident. About two hundred years ago Coffee was first introduced into England, since which its consumption has steadily increased, and deservedly so, when its medical properties are considered, it having been found useful in headaches arising from a particular state of the stomach, and much benefit having been derived from its exhibition in cases of asthma.

A French scientific gentleman, who has directed his attention to this subject, says:—"I have found that Coffee is better roasted, and more of the aroma retained, when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be dispersed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotatory globular method of roasting as practised at Mr. MINTO'S Works, Macpherson Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam-power to this branch) revolves in a medium of heated air, which, experience has shown, best prevents the dispersion of the essential oil, or aroma.

LEWS PATENT ANTI-FOULING GREASE

IS found to be completely efficacious in preventing the Fouling of Ships' and Boats' bottoms, whether of Wood or Iron, besides greatly improving their rate of Sailing.

Though much cheaper than any other, it is incomparably superior to the best of the anti-fouling preparations in existence; while, unlike them, it is free from mixture of Arsenic, Cyanide of Mercury, and other deadly poisons, so injurious to the men who apply them.

"LIGNOLE," OR LEWS NON-EXPLOSIVE PARAFFIN OIL.
REQUIRES NO LICENSE—FLASH POINT, 200° F.

"Andersonian University, Glasgow, 2nd March, 1869."

"Flash or Inflaming Point.....200° F.

"Specific Gravity at 60° F.....823

"The flash point of this oil was determined in strict accordance with the directions given in the Petroleum Act, 31 and 32 Vict.

"The above result shows that its inflaming point is 100° F. above the point of safety fixed by the said Act; and it is considerably higher than the flash point of any sample of paraffin oil I have had occasion to examine.

"I have mixed it with samples of paraffin oil, and I find that it raises the flash points of these oils to a notable extent. It is quite manifest that this oil may be used in the ordinary way without the slightest apprehension of danger or explosion.

"FREDERICK PENNY, Professor of Chemistry."

No other Oil is guaranted beyond 110° to 130° F. The "Lignole" is guaranteed up to 190°, and its flash point is frequently considerably above 200° F. While thus incomparably safer it has also a higher illuminating power than others, and burns with a brilliant white flame, free from smoke or smell.

MR. WALLACE, SURGEON-DENTIST,
22 DUNDAS STREET,
GLASGOW,

(First Door above North British Railway Station.)

HAS Patented a New Metal which is superior to Gold—being purer, quite as strong, five times lighter, absolutely tasteless, does not tarnish, and adhesion—perfect. Previous to the introduction of this New Metal for dental purposes, all others were, and are, objectionable. Vulcanite is thick in the mouth, and exceedingly liable to break; Silver gets quite black, and irritates the gums, making the breath very disagreeable; even Gold, when alloyed, has a decided taste. All these objections are obviated with the New Metal, which Mr. WALLACE guarantees; also, he upholds the Teeth for one year.

P.S.—Mr. W. being Sole Patentee of the above Metal, no other Dentist is allowed to use it.

THE LONDON WAVERLEY was established in 1850 for the Great Exhibition of 1851.

Four years ago it was entirely rebuilt and refurnished. The situation is the most central, being at the entrance to the Guild Hall Courts and Public Corporation Offices, and within one minute of the Bank of England and all the other City Banks, Exchange, Mansion House, Post Office, St. Paul's, and the Thames, and literally in the midst of the wholesale warehouses.

It is within five minutes of the principal City Stations of the Metropolitan Railway, whence passengers may be conveyed to any part of the metropolis, or its surroundings.

Omnibuses pass the door every minute for all the Railway stations, and every part of London and Suburbs.

DIAGRAM.

AGES

NUMBERS OUT OF WHICH ONE PERSON WILL DIE IN EACH YEAR.

The favourable Mortality experienced by the ROYAL is exhibited by the Diagram, which shows the NUMBER out of which ONE has Died at each Age up to the end of the year 1864, compared with the NUMBER which had been EXPECTED by the Tables, and further contrasted with its Experience up to the end of 1859, and with the "Combined experience of Seventeen Offices."

"I CONFINE myself to the experience of the seventeen Offices published in 1843. A few words will suffice to show the particular and general adaptation of this figure to its intended purpose.

To exhibit the first of these qualities, let it be supposed that the enquirer wishes to compare the Mortality experienced by the respective Offices named, on Lives aged 40 years.

By drawing his finger carefully along the horizontal line 40, to the points where the several curves cross the said line, and following with his eye the vertical line at those respective points to the top or bottom of the page, he will learn that

The "ROYAL" expected that 1 out of about 80 would die;

But by adjusted experience to 1865, only 1 out of about 109 would die;

And by ditto to 1859 1 " " 104 would die;

Whilst by the combined experience . . 1 " " 97 would die.

Little will be required to show the general adaptation of the Diagram to exhibit the success of the ROYAL in its Mortality, and the BENEFIT thus obtained by the ASSURER with PARTICIPATION OF PROFITS in that Office. I refer here to the fact that every point on the left of the $\odot\odot\odot$ curve, which it must be observed represents the Mortality expected by our Tables, shows more or less gain according as it is removed from or approaches thereto. Now, as the curve $\diamond\diamond\diamond$ and the one painted red, respectively depicting the adjusted Mortality of the ROYAL up to 1859, and up to 1864, are entirely on the left of the $\odot\odot\odot$ curve, and some portions of them at a very marked distance, it is at once evident that everything in the past experience of the Company, as respects this important subject, has been more favourable than could have been reasonably hoped for."

1866 exceeds 1856 by no less than £730,030.

Amount added to the Life Funds in the year 1866 alone, after payment of all Losses and Expenses, £124,165.

The increase for the year 1867 alone, beyond the amount at the close of the year 1866, will also show, when the accounts are completed, a further amount of over £120,000, making the total Life Funds nearly £1,000,000, in addition to the Fire Reserve fund and Capital. The accumulated funds of the Company being thus nearly

ONE MILLION AND A HALF STERLING.

The Actuary in his late Valuation Report stated his opinion that no less than £100,000 would be added annually to the Life and Annuity Funds, for the next ten years. This anticipation has so far been more than realized, as the Funds in hand at the end of 1867 will show an
