ANNUAL DIRECTORY

1836

THE MAP of the CITY has been re-engraved, and corrected to the present time, with an explanatory Index, directing persons unacquainted with the Town to the Situation of all the Streets, Squares, and Public Buildings. Every exertion has been made, consistent with accuracy, to have this year's Publication out as early as possible; and the Public may depend upon no expense being spared to render THE DIRECTORY worthy of the liberal Patronage it has received.

JAMES FINDLAY,
Inspector of Letter Carriers.

Ship Letters, &c.

Ship Letters.—Letters coming from on board any ship are chargeable with an additional rate, for a single letter, of 8d.

Letters conveyed outwards, in sealed bags, are chargeable with half packet postage, which must be paid when put into the office.

India.—Letters to and from the East Indies are regularly forwarded by ships.—The postage must be paid here.

The rate outwards is 2d. per package under three ounces ; if above that weight, one shilling per ounce.

By the Ship Letter Act it is enacted, that every master of a vessel, immediately on his arrival in port, shall take the whole of his letters to the Post-office, under penalty of L.200 ; and the captain must sign a declaration that every letter has been so delivered, before his vessel can be permitted to report to the Custom-house.

Vessels to and from Ireland, or Coastwise, are not allowed to convey letters, under a heavy penalty.

Letters for the penny-post delivery must be under 4 ounces weight.

Single letters from any seaman in his Majesty's navy, or from any serjeant, corporal, soldier, &c. in his Majesty's service, within any part of his Majesty's dominions, on his own private concern only, not to be charged more than one penny each, to be paid when put into the Post-office :—the name of the writer, his class or description, and the name of his ship, regiment, &c. must be given by himself ; and the officer actually having the command must sign his name, and the name of the ship, regiment, &c. he commands.

Single letters to any seaman or soldier, &c. under the same restrictions, to pay one penny each, at the office where the letter is put in ;—to specify on the superscription the class of the person, and the name of the ship or regiment, &c. to which he belongs ; such letter not to be delivered to any person but the one to whom it is directed, or to some person appointed to receive the same, under the hand-writing of his commanding officer.

Not to extend to commissioned or warrant-officers, midshipmen, masters' mates, captains' clerks, or schoolmasters in the navy; or to commissioned or warrant-officers in the army.

Any person procuring any seaman, &c. to obtain the signature of his officer, which shall not be on his own private concern; or if any seaman, &c. obtain his officer's signature for any purpose contrary to what is here intended, each and every person so offending to forfeit *five pounds*.

One-half of any of the above sums to the use of his Majesty, the other to the informer, recoverable before any Justice of the Peace where the offence is committed; in default of payment, to be committed to the house of correction, for any space not exceeding one month, or till the penalty be paid.

Bank Notes and Drafts.—Persons wishing to send bank notes or drafts by post, are advised to cut such notes or drafts in halves, and send them at two different times, waiting till the receipt of one half is acknowledged before the other is sent.

Money, Rings, or Lockets, &c.—When money, rings, or lockets, &c. are sent by the post from Edinburgh, particular care should be taken to deliver the same to the Clerk, at the window at the General Post-Office; and when any such letter is to be sent from the country, it should be delivered into the hands of the Post-master; but it is to be observed, that this office does not engage to ensure the party from loss.

Money Order Office.—For the security of sums of money not exceeding 5 guineas sent in letters by post, the Post-master-General has authorized the establishment of the Money Order office, where orders are given (payable at sight) on the Post-masters in Scotland, England, and Ireland. REGULATIONS.

1st. The regulations and table of fares enacted upon the 19th day of June 1811 years, are hereby repealed; and the before-mentioned general rules, the following regulations, and annexed table of fares, made according to these general rules, are substituted in place thereof.

2d. That each coach or chariot, before plying for hire, shall be inspected by a magistrate; and, if approved of, will be licensed by him, when a number will be issued to the owner, who must affix the same, together with his name, in letters at least one inch in length, on each door of the coach or chariot, immediately below the window. That there shall not be the same number on two coaches or chariots; and that no coach or chariot wanting such number or name shall be allowed to ply.

3d. That no insufficient coach, or chariot, or horses, shall be allowed to ply; and when any of the proper furniture of steps, springs, blinds, glasses, or check-strings for stopping the coachman, are broken or awanting, or the harness shall not be in good repair, it shall be lawful to detain from the hire 1s., or the whole hire, if it shall not amount to more. The coachman shall always keep the check-string in his left hand when driving, under a penalty not exceeding 5s.

4th. That there shall not be fewer than six coaches or chariots on the stance in Princes street, every morning at nine o'clock, taking this duty by rotation, beginning at No.

1, and going on progressively, under a penalty of 10s. for every coach or chariot absent. All coachmen attending for a fare, at any stand, shall either sit on the coach box, or stand at the horses' heads, under the penalty of 2s. 6d. for each offence.

5th. That each coachman shall be cleanly in his person, and wear a ticket on the front of his coat, with a number corresponding to that on his coach or chariot, under a penalty of 5s. for each offence.

6th. That when a company shall take a coach between the hours of ten and twelve o'clock p.m., in that case, fare and a quarter shall be paid; between the hours of twelve and one o'clock, fare and a half shall be paid; and after one o'clock, double fare shall be paid, with the exception of the Theatre, where the usual charge only shall be paid.

7th. That the stances for the coaches and chariots shall be as follows; viz. Tron Church,—Princes Street, east end,—George Street, between Hanover and Frederick Streets,—Princes Street, west end, facing Hope Street; or at such other places as the magistrates from time to time may appoint; and that there shall not be fewer than four coaches at the stand facing Hope Street.

8th. That coachmen are not on any account to inquire where a company are going, previous to engaging, or to plead prior engagements, when their services are required; nor shall they be allowed to draw off the stance, under pretence of being engaged, so as to have their choice of work; but their coaches or chariots, being on or near the stance, shall be considered as proof of their being disengaged; and on their refusing to take a fare, they shall be liable in a penalty of 10s. unless they can adduce evidence, to the satisfaction of the magistrates, that they were actually engaged.

9th. That when a coachman is required to wait, either upon setting down or taking up a party, he must on no account refuse, under the penalty of 5s. and the forfeiture of his hire: but he shall be entitled to charge for the first fifteen minutes sixpence, and a like sum for each successive fifteen minutes he may be detained.

10th. That if a coachman shall be sent from a stance to any house to take up a company, he shall immediately announce his arrival, and remain in waiting during the pleasure of the company; for which he shall be entitled to charge the same allowance from his arrival as in the preceding regulation.

11th. That no fares higher than those in the annexed tables shall be demanded or taken: And if hired to any spot or place, not specified in the annexed table, (such as) from a change of the name, a new place, or beyond the limits, &c. in that case no fare higher than those in the before-mentioned general rules shall be demanded or taken: The coachman having it in his option to take either for the length of ground or time, but not for both. And if any coachman shall be convicted of imposing on his employers, or abstracting the fares from his master, he shall be liable in a penalty of four times the amount of the fare, and imprisoned until payment.

12th. That every coachman, when on duty, shall have in his pocket a printed copy of these regulations, to be kept in a tin box, with the number of the coach or chariot painted on it; and shall show the same to his employer, when required, under a penalty of 5s.

13th. That any coachman being convicted of drunkenness or abusive language, the magistrates may revoke his license, or impose a penalty of 10s. and order him to be imprisoned till the same is paid.

14th. That the coachman (master or servant), after setting down a company, shall drive to the nearest stance; and if the

number of coaches or chariots ordered to stand there is not complete, he shall remain for the service of the public.

15th. That any person wanting a coach or chariot, shall take one from the nearest stance to his residence; but if none shall be there at the time, and one shall be procured from another stance, there shall be paid for every stance beyond the nearest, in addition to the fare, the sum of 6d. This to be only applicable to fares under 2s. 6d.

16th. That there shall be no additional charge made for taking up or setting down any part of a company, unless the coach or chariot shall be detained ten minutes, which time for attendance shall be allowed to each fare, and not exceeding.

17th. That parties returning by the same coach or chariot, from any place, whether in town or at a distance in the country, shall pay one-half fare additional, as back hire.

18th. That the fares are exclusive of the King's duty and tolls, which are to be paid by the company.

19th. That the regulations respecting the fare to Musselburgh will not be insisted on during the race week, for two hours before, and two hours after, the horses have started for running.

20th. All parcels, or articles of any kind, to be immediately returned to the owner, if known; if not, to be lodged in the Council Chamber.

21st. At least one-fourth of the coaches to attend at the stand east end of Princes street, on Sunday, from ten o'clock morning, to ten o'clock at night.

LIFE DEPARTMENT.

Persons interested in Life Policies for the whole term, will, at the close of every period of seven years, be entitled to participate in the surplus Premiums, to be then ascertained by actual valuation; and the average addition to the sum insured for the last period was 65 per cent of the Premiums paid, which is GREATER THAN MOST, AND AS GREAT AS HAS BEEN MADE BY ANY OTHER INSURANCE OFFICE WHATEVER.

As to the Rates charged by the Company, it may suffice here to say, that the Tables adopted by the Directors were originally framed upon the sound principles of mathematical computation; and the practice of the Equitable Society has put them to the unerring test of long and extensive experience.

If any new offices have ventured to reduce these rates, they may, perhaps, have done so without transgressing the bounds of bare security; but their prudence is at least questionable; and the Atlas has no inclination to follow their example. In effect, the reduction of premium is only nominal; for the comparison to be drawn is not between the two rates of Premium, but between the premium and the sum ultimately to be obtained in return.

INSURANCE ON LIVES.

The leading object of this Company is to effect Insurances in such manner as may be most convenient to the public; and for this purpose, an option is offered of Insuring either at a low or a higher rate of premium, as may best suit the views of the Insurers.

Those who may be desirous of securing only just the amount Insured, may do so at the rates stated in Table No. I., in which case they become immediate sharers in the profits, by the diminished rate of premiums charged; while others, who prefer participating in the septennial divisions, may do so by insuring on the higher scale, and be entitled to take their profits, either by additions to the sum Insured, or by a diminution of the future annual premiums of the Policy.

This Company continues to effect Insurances over Property from Loss or Damage by Fire, at the several rates proportionate to the risks, and which are unusually low. Insurances on Lives are also effected by this Company, upon terms extremely advantageous to the assured, and those having interest in the life. The advantages, among others, alluded to, are the facilities offered to the assured, in the event of their going abroad—the comparative low premiums—the arrangements as to payment of premiums—and the advance of sums of money to aid the assured in continuing their payments—the easy mode of effecting Insurances on Single or Joint Lives, without the tedious forms of other offices—and the ready terms for settlement on occasion of death. This Company also having a large subscribed capital, and, with its progressive accumulation, is ready at all times to invest their capital on heritable or approved personal property, upon annuity, dependent on lives named by the mortgager, or the Company. Every information will be readily afforded on application to the Company's Agent in Edinburgh, personally or by letter.

OBSERVATIONS.

The principles upon which this Institution is founded have been adopted after a mature investigation of the practice of other Offices, and will be found to combine advantages not hitherto offered by any other Assurance Company having a Subscribed Capital.

The Capital subscribed by a numerous and respectable Proprietary throughout the Empire affords security for prompt and certain Indemnity, without the responsibility attaching to Societies for mutual assurance.

The Company are bound, by the Deed of Settlement, to refer all disputed claims (where no fraud is suspected) to the decision of arbitrators, if required by the Assured.

Life Policies of this Society may be sold, transferred, or mortgaged, without any notice being given at the Office; and in all minor articles the utmost liberality will be afforded to the Public, consistently with the security of the Company.

FIRE DEPARTMENT.

Persons continuing insured for seven years, whether upon annual or septennial Policies, are to be entitled to participate in the profits with the original Subscribers, (except on Policies where losses have been claimed and allowed,) after a deduction of such sum per annum, for the guarantee of the Capital, as the Directors may think reasonable, the extent of which is, however, limited by the Deed of Settlement.

No charge will be made for Policies, when the sum to be insured amounts to L.300 and upwards.

LIFE DEPARTMENT.

Tables have been calculated expressly for this Institution, and, independent of a reduced rate of Premiums, as compa-

red with other offices having a subscribed Capital, persons assured for the term of life will be entitled, at the end of every seven years, to participate in the profits of the Company, after a deduction of such sum per annum for the guarantee of the Capital as the Directors may think reasonable, the extent of which is, however, limited by the Deed of Settlement.

The share of the profits, to be so allowed to the Assured, may either be added to the amount of their respective Policies, or the value thereof be applied in reduction of the Premiums hereafter to be payable on such Policies, provided such option be declared in writing, to be left at the Company's Office within three Calendar Months next after the Dividend shall have been declared; but if such option be not declared, such share of Profits will be added to the amount of the Policies.

If any person Assured with this Company for seven years, or for life, should die within thirty days after the Premium shall become due, such Assurance is to be valid, in case the Premium be paid within such period of thirty days; and although every Policy on a Person's own Life becomes void by the conditions of the Company in case of suicide, Death by duelling, or by the hands of Justice, the Court of Directors have the power of taking circumstances of peculiar hardship in such cases into consideration, and of allowing to the Representative of the person so dying, the whole, or such part, of the sum Assured as they shall think fit.

Persons Assured in this Office are allowed to pass by sea from one part of the United Kingdom to another, and also in time of peace to pass and repass, in decked Vessels, or Steam Boats, from British to Foreign Ports, between the Texel and Brest, both inclusive, without extra Premiums or special leave of the Directors, as is usually required.—No additional Premium will be required from Military Men, unless when called into actual service.—No charge will be made for Entrance Money, or Admission Fees.—No charge made for Policies beyond the cost of the Stamp.

Persons insuring at this Office will derive two important advantages.—First, The most effectual security is provided for payment of losses. Not only will the premium received upon policies be carefully invested, and accumulated for that purpose, but a capital of Seven Hundred and Fifty Thousand Pounds has been subscribed, to answer any possible deficiency.

Secondly, Upon every policy effected for the whole term of life, the insurer will participate in the profits of the Company, by having periodical additions made to the sums insured, to the amount of two-third parts of such clear gains and profits.

At the same time, they will be protected by the ample capital above-mentioned from every chance of loss.

Lives insured with the IMPERIAL are allowed to pass by sea from one part of the United Kingdom to another; and also, in time of peace, to pass in King's ships and packets, or other decked vessels, between British ports and such foreign ports as lie between Ostend and Havre-de-Grace, both included, without extra premium, and without being subjected to the inconvenience of applying for the special leave of the Directors, as heretofore required by the usual condition of life policies.

LIFE DEPARTMENT.

The principles on which the business of the Life department of this Office is established, should strongly recommend it to the public. The insured are not *Proprietors*, and subject to losses as in the case of *Mutual Insurance Societies*. This serious ground for apprehension is completely removed by the London Union Society, where the capital formed by the proprietors is a guarantee for the payment of all claims, while the insured derive a share of the profits, as the Deed of Settlement recites that a division of the profits shall be paid with the sum Assured, by Policies for the whole continuance of life, in force when such a division shall be declared. Thus in the case of a life of ordinary endurance, experience has shown that Policies may, by the plan of this Company, be very considerably increased, without any addition of premium being required, while in the event of a person prematurely cut off in the first year of his Assuring, the benefit (enormous and disproportionate as it is) of the payment of a fixed sum to his family, or assignees, is secured beyond the risk of deduction.

The Directors have adopted a new table of Life Assurance, which they strongly recommend to the public, by which, on payment of any definite number of premiums, in the option of the party making the Assurance, a sum may be secured payable on the death of the party insured, *with a participation of profits*.

The premiums for insurances for *one and seven* years are reduced generally 20 per cent, and will be found, on comparison, to be much lower than most other Offices.

FIRE DEPARTMENT.

The practice of this Company has been for upwards of a century to return the profits on Policies effected for seven years. Only six years premium and duty are charged, and the Government duty may be paid annually, or in one payment. The annual rates of Insurance, where the premium exceeds five shillings, are, except in special cases,—

Common risks	£0	1	6 per cent.
Hazardous risks	0	2	6 per cent.
Doubly hazardous risks	0	4	6 per cent.

The London Union Society was established in 1714, in the reign of Queen Anne, and for more than a century has fulfilled all its engagements with honour and credit. It has therefore the recommendation of stability, liberality, and tried experience. The Board of Directors meet every Friday, and a Committee every Tuesday, for the dispatch of business.

LIFE DEPARTMENT.

The variety of cases in which, by means of Life Assurance, income is made to supply the place of capital, is becoming daily more generally understood, and must readily suggest themselves to all who perceive that the person who applies a part of his annual income to an insurance on his life, instead of lodging it in a bank, or applying it in his trade, for the purpose of accumulation, converts at once the *prospective savings* of a long course of years into *testamentary capital* for the benefit of his family; and thus effects immediately what, without the aid of Life Assurance, he could not accomplish, unless he should happen to attain a period of life which there are at best many chances against his ever reaching.

It is usual to have a precise sum insured at the lowest possible rate of premium; but the party insuring sometimes prefers to speculate on his longevity, by paying a higher rate of premium, in order that periodical additions may be made to his Policy, proportioned to the success of the Office. The North British Insurance Corporation have therefore adopted *two different plans* for assurance upon

lives,—one of them embracing assurances for short periods, and for all the other usual contingencies of life assurance; thereby combining, as far as is practicable, every advantage which is to be found in the various systems of life insurance hitherto offered to the public.

By one of these plans, the assured do not become partners, but have the benefit of a *reduced scale of premiums*, calculated at the lowest rate at which such risks can be safely undertaken. By the *other plan*, assurers for the whole duration of life are entitled to *participate to the extent of two-thirds in the profits* of the Office, and are guaranteed from all responsibility by the capital of the Corporation.

The following extract from the Company's Tables of Rates shows the premiums exacted for the assurance of precise sums.

Annual Premiums for the Assurance of £100 on a single Life.

Age.	For one Year.			For seven years.			For the whole of life.		
	£	s.	d.	£	s.	d.	£	s.	d.

The Policies of this Office, when sold or transferred in security of Loans, are placed on the same footing in every respect as if the Insurance had been effected by the onerous holder himself.

A board of Directors sits every Monday and Thursday, to decide upon Proposals.

* * No Entrance Money is charged, and no charge is made for Policies beyond the Policy-Stamp.

FIRE DEPARTMENT.

Property of every description is insured against loss or damage by fire, at the usual rates of premium, corresponding to the risk. Loss or damage by lightning is made good. Farm stocking is insured without the average clause, on a plan which saves the farmer from 20 to 25 per cent.

The Company's Tables of Rates or other information, may be had at the Office in Edinburgh, or by applying to any of the agents in the principal towns of Scotland, and the North of England.

The duration of human life, even in the most favourable circumstances, is so uncertain, that Life Insurance is of the most vital importance to all; and to none more than to those whose Incomes arise, not from realized fortunes, but from Office, Trade, Farming, or business of every kind; and nothing has produced such a feeling of comfort and secu-

rity during life, or has been of such substantial benefit to the Widows and Children of such as have been insured.

The principles on which Insurance Societies are conducted, are various. Some are composed of Share-holders, or Proprietors, and have a Subscribed Capital; others have no Subscribed Capital, and have no Proprietors except *the Insured*. Of the former, some divide the profits in certain proportions betwixt the Insured and the Proprietors, whilst others of them give no share of the profits to the Insured at all. In the latter, the Insured receive all the profits, but at the same time, they run all the risks, which, in the infancy of such Societies, must be very great, and even with the most successful, must be considered for a long period of time. Hence it is evident, that those who insure in Societies which have a large Subscribed Capital, and give a great proportion of the profits to the Insured, derive far greater advantages than they could from Offices where they get all the profits, *but also run all the risks*.

Upon this principle the PALLADIUM INSURANCE SOCIETY was established, and was characterized last year by the Quarterly Review, as being conducted upon the fairest principles of any Insurance Society in England. With the complete security arising from a Subscribed Capital of Two MILLIONS sterling, they give to all who insure, under 50 years of age, 80 per cent, or 4.5ths of all the profits of the concern, which is certainly of more advantage to the Insured, than incurring any of the risks of the concern, and only receiving 1.5th more of the profits. That the Insured may also have some influence in the management of the concern, the holder of a Life Policy for L.1000, is entitled to one vote at all public meetings,—of a Policy for L.3000, to two votes,—and for L.5000, to three votes.

Impressed with the importance of the above, the Committee of Management for Scotland strongly recommend it to your attention; and should any farther information be required, it will immediately be furnished on application, either to the Secretary at Edinburgh, or to any of the Provincial Agents.
