POSTAGE STAMPS.

Stamps may be had at the General Office, 47 Reform Street, the Stamp Office, and the several Receiving-Houses. Labels, 1d and 2d; Covers, 1½d and 2½d each.

When the value of Stamps on the Letter is less than the amount of Postage to which it is liable, the Letter will be charged double the amount of such difference on delivery.

Stamps may be used for Printed Votes, and Proceedings in Parliament, and on Foreign, Colonial, and Ship-Letters, &c., outwards. If any letter, however, addressed to places beyond sea bear an insufficient number of Stamps, it will be sent to the Dead Letter Office, to be returned in all practical cases to the writer. Stamps are not permitted to be used on Letters arriving in the United Kingdoms from the Colonies or Foreign Countries.

These regulations are applicable to Newspapers in those cases where they are liable to Postage.

If the Stamps affixed to Letters have been mutilated or defaced, the letter will be liable to the unpaid rate.

RATES OF POSTAGE.

Not exceeding half an ounce in weight,	1d.
„ one ounce,	2d.
„ two ounces,	4d.
„ three ounces,	6d. and so on.

TWO RATES being added for every ounce up to sixteen ounces, beyond which, with the following exceptions, NO PACKET, whether subject to Postage or not, CAN BE RECEIVED.

1. Parliamentary Petitions and Addresses to her Majesty.
2. Parliamentary Proceedings.
3. Letters and Packets addressed to or received from places beyond sea.
4. Letters and Packets to and from PUBLIC OFFICERS AND PUBLIC DEPARTMENTS.
5. Deeds if sent open, or in cover, open at the sides. They may be tied with a string and sealed, in order to prevent inspection of the contents; but they must be open at the sides, that it may be seen that they are entitled to the privilege.
6. Bankers' Parcels *despatched from London*, and specially delivered at the General Post Office under certain regulations.

With these exceptions, ALL PACKETS ABOVE THE WEIGHT OF SIXTEEN OUNCES will be forwarded to the DEAD LETTER OFFICE.

INLAND LETTERS OR PACKETS PUT INTO THE UNPAID LETTER BOX ARE CHARGED DOUBLE THE AMOUNT OF POSTAGE TO WHICH, HAD THEY BEEN PRE-PAID, THEY WOULD HAVE BEEN LIABLE. The scale of weight in force for General Post Letters is equally applicable to Letters passing through the Local Penny Posts throughout the Kingdom. They are subject to the same rules and the same charges as General Post Letters, and must be paid in

advance, or they will be liable to double the rate to which they would otherwise be subject.

The same regulations apply to Letters pre-paid by money, where the full and proper rate of postage has not been paid in advance.

REGISTERED LETTERS,

Whether containing coin or not, can be Registered on payment of a Fee of ONE SHILLING in addition to the ordinary rates of Postage on Inland and Colonial, as well as on Ship or Foreign Letters, or Letters passing through France. On those for delivery within France, the charges, besides the Registration Fee of one shilling, will be the English rate to France, in addition to double the French rate to the place to which the Letter is addressed. The same regulation applies to Registered Letters passing through France. A printed acknowledgment torn out of the Receipt Book, and stamped with the Office stamp, will be given to any person Registering a Letter. Registered Letters are received throughout the Kingdom until within half an hour of the closing of the Box for the particular Mail or Bag by which they are to be despatched. Registered Letters bearing a sufficient number of stamps will be considered paid Letters, but the Registration Fee of one shilling MUST BE PAID IN MONEY.

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood that Registration cannot extend beyond the port of despatch in the United Kingdoms, though parties, if they wish it, may register such letter as far as the port of despatch. Letters, however, addressed to France, and letters passing through France, are exceptions to this rule, the French Post Office undertaking to provide for their security till they have been delivered, if addressed to France, and so long as they remain in the French territory, if passing through France.

The system of Registration provides a secure mode of transmitting BANK NOTES, BANK POST BILLS, DRAFTS, &c., &c.; and persons having occasion to send by Post SMALL SUMS, will avoid all risk by sending the money through the medium of

THE MONEY-ORDER OFFICE,

No. 47 Reform Street.

The charge for such orders is Threepence on sums *under* Two Pounds, and Sixpence on sums *above* Two Pounds, and under Five Pounds. No order will be given for sums beyond this amount.

Office opens for Issuing and Paying Money Orders from 8 A.M. to 9 30 A.M., and from 11 30 A.M. to 6 P.M.

Money Orders can be granted on *all post towns*.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

It is not compulsory to send Newspapers or Supplements by the Post. All Newspapers must be sent in covers open at the sides, and no words or communication may be printed on such papers after the same shall have been published, nor must there be any writing or marks upon any Newspapers or the cover, other than the name and address of the party to whom it is sent, nor any paper or thing enclosed or concealed in or with such paper, or the cover; nor any printed words or communication on the covers, except that Newsvenders *only* may *print* their names and addresses thereon.

Newspapers may be examined by the officers of the Post Office, and if there be any breach of the above regulations, the packet is chargeable with treble the amount of postage which a letter of the same weight would have been liable to; and any person who shall write or inclose anything in a Newspaper, or the cover thereof, or shall print any words or communication on a Newspaper after it shall have been published, to be sent by the post, or any person who shall knowingly send, or cause to be sent by the post, a Newspaper, in respect of which any one of those offences has been committed, may, at the option of the Postmaster-General, be prosecuted.

. As the mere affixing a Newspaper Stamp on any NEW periodical publication will not entitle it, *as a matter of course, to pass free by the Post*, those who may be about to publish, for the *first* time, any such paper, should submit a copy to the Postmaster-General, in order that it may be determined whether the publication is of a nature that will entitle it to pass free of Postage.

NEWSPAPERS DIRECT FROM THE BRITISH COLONIES BY PACKET

Are delivered free of Postage at any place within the British dominions. Those for persons who have removed may be forwarded by Post free of charge, provided they have not been opened at the place to which they were originally addressed.

NEWSPAPERS TO THE BRITISH COLONIES AND FOREIGN PARTS.

Newspapers liable to the Stamp Duty may be forwarded direct to the British Colonies and possessions by her Majesty's Packet-Boats, free of the duty of Postage, provided the same be duly stamped and made up open at the ends, and put into the Office within seven days after the day of publication.

Newspapers may also be forwarded to the Colonies by Private

Ships for a postage of one penny each, to be paid at the time of putting in, under the same regulations as to dates.

NEWSPAPERS TO FRANCE

Are forwarded free of charge to the sender. A rate of one half-penny will be charged upon delivery in France.

NEWSPAPERS FROM ABROAD.

The charges being the same each way, except from France, which are charged one halfpenny each.

All newspapers from abroad must be printed in the language of the country from which they are sent.

SHIP LETTERS.

The single uniform rate on Letters between the United Kingdom and places beyond seas (except those for France, Belgium, Holland, and Hamburgh, to which places the rates are the same as by packet,) when conveyed by *private Ship*, is 3d, in whatever part of the United Kingdom the Letters may be posted or delivered.

The rates of postage on "Ship," as on other Letters, are taken by weight.

Not exceeding half an ounce,	0s	8d
" one "	1	4
" two "	2	8
" three "	4	0 and so on.

PERSONS EXEMPT FROM SHIP LETTER POSTAGE.

The Owner, Charterers, or Consignees, (resident in the United Kingdom,) and the Owner, Consignees, and Shippers of Goods on board Vessels inward bound, are entitled to receive their Letters free from Sea Postage, to the extent collectively of six ounces in weight, by any one vessel to any such person. The Owner, Charterer, or Consignee must be described as such on the address and superscription; and in the case of Owners, Shippers, or Consignees of goods—(it must also appear by the Ship's manifest that they have goods on board the vessel)—such persons are entitled to have their Letters, which come within the above conditions, before the master of the vessel delivers the other Letters in his charge to the Post Office.

. Every person who shall, with intent to evade any duty of Postage, falsely superscribe a Letter, as being the Owner, or the Charterer, or the Consignee of a vessel conveying the same, or as the Owner, or the Shipper, or the Consignee of Goods shipped in such vessel, shall, for every offence, forfeit *Ten Pounds*.

LETTERS NOT TO BE SEALED WITH WAX WHEN SENT TO WARM CLIMATES.

The practice of sealing Letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the Letters, in consequence of the melting of the wax and adhesion of the Letters to each other.

In the case of mails received from India, considerable delay is occasioned; and notwithstanding the greatest care is taken in separating the Letters, which, owing to the cause already mentioned adhere closely together, many are much damaged and torn. The public are, therefore, recommended, in all cases, to use wafers in preference to wax, in securing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Private Steamers sail from Hull to Hamburg on Tuesday, Thursday, and Saturday; to Rotterdam on Wednesday, and to Antwerp on Saturday afternoon.

## PATENT ELECTRO PLATE.

ALEXANDER CAMERON,

4 HIGH STREET, DUNDEE,

AGENT FOR THE PATENTEES,

ELKINGTON & Co., LONDON,

**R**ESPECTFULLY solicits an inspection of his STOCK of ELECTRO PLATE in Spoons, Forks, Ladles, Fish Knives, Tea Services, Toast Racks, Kettles, Claret Jugs, Cruet Frames, Waiters, Baskets, Bottle Stands, Salad Stands, Epergnes, Dishes, Dish Covers, &c., &c., the whole manufactured by the Patentees, and sold at their prices.

The superiority of this manufacture over every other representative of Silver is acknowledged by all competent judges. In elegance of design, in strength and durability, in perfect freedom from all corrosive or uncleanly qualities, and in the great facility with which they may be preserved in their brilliant and beautiful condition, the Articles made by this process stand unrivalled, and so accurate and durable are they, that they will wear twenty years, and cannot be told from real silver; the bare interest of money of the cost of these Articles in Silver, in little more than four years, would buy them in Electro Plate.

The Advertiser can refer to some of the principal Hotels and Steam-ships in the Kingdom, where they have been in daily use for many years, continuing to give the same satisfaction as solid silver. All Goods made by the Patentees bear their marks E. & Co. under a crown, and also their Agent's name, and such only they warrant.

THE EXPERIENCE LIFE ASSURANCE COMPANY—*Continued.*

The success which has attended this Company is mainly attributable to the sound principles upon which it is based. It embraces in its constitution the advantages of both the Mutual and Proprietary System of Assurance.

The Rates of Premium charged are equitably graduated to the different ages of life according to the tables of mortality, deduced from the EXPERIENCE OF SEVENTEEN OF THE OLDEST LIFE OFFICES.

IN THE MUTUAL DEPARTMENT OF THE BUSINESS, Assurers have all the advantages of Mutual Assurance without incurring risk or responsibility, and Assurances may be effected at a much lower rate of Premium than in a purely Mutual Office. FIVE-SIXTHS of the Profits are divided among the Assured every Five Years.

IN THE OTHER DEPARTMENT OF THE BUSINESS, parties may effect Assurances for fixed sums at a Reduced Rate of Premium. The sums in the Policies are all guaranteed.
