A CUP OF COFFEE IN ONE MINUTE.

REPORT of a CHEMICAL EXAMINATION OF

# ESSENCE OF COFFEE.

Analytical Laboratories, Glasgow Mechanics' Institution, 12th September, 1867.

I hereby certify that I have made a careful, searching, and most each astive Chemical Examination of Yulle's Essence of Coffee.

For teveral months past I have made repeated are see of the Essence in all the stages of its preparation—from the very commercement of the preliminary experiments for its manufacture to this time, when it is about to be sent into market. I have no hesitation whatever in stating that I believe it to be the most concentration.

trated that has been yet prepared.

The purity of the article is undoubted, and the proportion of aromatic principle which it contains far exceeds that in any specimen I have yet subjected to analysis. The amount required to make a cup of excellent Coffee is, in my opinion, less than that of other Essences of Coffee. I can bear favourable testimony to the careful and exact manner in which it is prepared, and I augur for it a large and a consumption.—R. Carter Moffat, Ph.D., F.C.S.E.

YULLE'S ESSENCE OF COFFEE.—To all who wish, in good weather or had weather, a capital companion, we recommend a flask of Yuille's Essence of Coffee. If hot water can be had anywhere all fresco, or under roof, it will always prove a fr. ad. The flavour is magnifirent, there is all the aroma of the famed Jamaica bean, and it carries a pith and strength with it. It is eviden a carefully manufactured by expert chemists. We understand that in the seaman's forecastle this essence is a great favourite. A manikin susper the over the lam supplies all that is wanted, with the assistance of the essence and some sugar. It takes the place of the traditional grog on board ship. What is found to be so good at sea can be adopted with profit and pleasure or in the Greenock Herald, Jan. 10, 1868

YULLE'S ESSENCE OF COPILE.—We were recently afforded an opportunity of testing the merits of this article of diet, and can honestly hear testimon; in its favour. We incline to the opinion that essences, however skilfully prepared, raisly, if ever, equal in quality the substances from which they are extracted; but we have no hesition in article. The in the way of Coffee, Mr. The sextract comes the neares equalling that heverage, when proper prepared, in its more common form, of any which has come according it to those who, either from taste or convenience, prefer to use the essence rather than the powder of the fragrant berry.—The Herald, 21st Dec., 1867

#### PREFACE.

THE PUBLISHERS have this year again much pleasure in pre\_ senting to their annually increasing number of Subscribers and the Public generally, this new and carefully-arranged Edition of the Greenock Post-Office Directory. While trusting that it will be found as complete and correct as the former Publications, the Publishers hope that any trifling inaccuracies will be excused, as the work of re-arranging and compiling has been much heavier on this than on former years. owing to the extension of the Town, the opening of new Streets, and the very great number of Removals. In this, the Twenty-first Edition, will be found all the necessary information regarding the Town and Port, which it was possible to obtain, and the Publishers, in issuing it, take this opportunity of thanking the Public for the kind consideration and support they have hitherto experienced—and which has been augmented this year in the most gratifying manner, the list of Subscribers being the largest they have yet had the pleasof receiving.

If a Foreign Bill payable abroad, and as to which the provision "drawn in sets of three or more" apply, should be drawn in a single bill, the duty will be the same as on an Inland Bill, and if in a set of two, the duty on each will be the same as on an Inland This is in accordance with the opinion of the Board of Inland Revenue. But the Board have given an opinion that a Foreign Bill drawn abroad and payable in this country in duplicate or triplicate only represents one transaction, and is liable to the duty on one Inland Bill of the same amount—this is, if one of the parts have the full duty, the others may be unstamped—the Schedule of the Act does not provide for such a bill being drawn in sets. Bills bearing to be drawn out of the United Kingdom are to be deemed Foreign Bills so drawn, although they may in reality be drawn in the United Kingdom, 17 and 18 Vic., c. 83 § 4. A person in the United Kingdom drawing and issuing a bill payable out of United Kingdom in a set must draw the whole set, and a person transferring or negotiating such bill must transfer and deliver, stamped, the whole number of the set. Penalty, £100. A person taking such bill must get the whole stamped, or otherwise he cannot recover on it or make it available—ib. § 6. This applies only to bills drawn within and payable out of the United Kingdom.

FOREIGN BILLS OF EXCHANGE drawn in, but payable out of United Kingdom, when drawn single same as Inland Bill. When in sets of three or more, for every bill of each set not

above £25..... 0s. 1d.

# RATES OF POSTAGE & CONDITIONS OF TRANSMISSION

## Inland Letters.

The rate of Postage on all inland letters is regulated by weight, irrespective of distance, and with the exceptions afterwards mentioned is as follows:—

# Unpaid Letters.

As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid additional postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid.

# Newspapers and other Periodical Publications bearing the Newspaper Stamp.

Although the provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters, may be sent in any other way.

<sup>\*</sup>If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

APPENDIX. 5

All periodical publications, including newspapers published in the United Kingdom, at intervals not exceeding 31 days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers) may be transmitted and re-transmitted through the post within the United Kingdom, free of postage.

## INLAND PATTERN AND SAMPLE POST.

In consequence of the difficulty which has been experienced in deciding what is and what is not of intrinsic value, it has been deemed expedient to rescind the prohibition against the transmission of articles of intrinsic value by the Inland Pattern and Sample Post, and the Regulations are now as follows:—

## 1. Rates of Postage :-

# For a Packet of Patterns or Samples-

Not exceeding 4 oz. in weight, - - - 2d.

Above 4 oz. but not exceeding 8 oz. in weight, 4d.

Above 8 oz. but not exceeding 12 oz. in weight, 6d.

Above 12 oz. but not exceeding 16 oz. in weight, 8d.

Above 16 oz. but not exceeding 24 oz. in weight, 10d.

- 2. The postage must be prepaid by means of postage stamps.
- 3. No packet of patterns or samples must exceed 24 oz. in weight. Any packet exceeding that weight will be sent to the Returned Letter Branch.
- 4. There must be no writing or printing on the packet or its cover, in addition to the address of the person for whom the packet is intended, except the address of the sender, a trade mark and numbers, and the prices of the articles; otherwise the packet will be treated as a letter.
- 5. There must be no enclosure other than the samples themselves. The particulars which are allowed to be furnished under the preceding rule must in all cases be given, not on loose pieces of paper, but on small labels attached to the samples or to the bags, containing them. Any loose enclosure will be taken out and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate of a penny.
- 6. The patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, or seeds, &c. may be enclosed in boxes, or in bags of linen or other material, fastened in such a manner that they may be readily opened; bags so closed that they cannot be readily opened, even although they be transparent, must not be used for this purpose. If this rule be infringed, the packet will be treated as a letter.

- 7. If a packet of patterns or samples be posted altogether unpaid it will be charged with double the postage which should have been prepaid. If a portion of the postage be prepaid, even although only a penny stamp be affixed; the packet will be charged with the amount of the deficiency, together with an additional rate of twopence.
- 8. In order to prevent any interruption to the regular transmission of letters, a packet of patterns or samples may, when it is necessary, be kept back by any Head Postmaster for 24 hours beyond the time when, in the ordinary course, it would be forwarded.
- 2. The rule which forbids the transmission through the post of any article which might injure the contents of the mail bags, or the Officers of the Post Office, is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and the Officers of the Post Office, while at the same time the samples may be easily examined. If any packet containing such articles as these be posted, which is found not to be sufficiently guarded, it will be stopped, and a notice of its detention sent to the person to whom it is addressed, or to the sender, who may then obtain it on personal application; but the packet will be charged with a fine equal in amount to the postage to which the packet was liable as a packet of patterns.
- 10. Information as to the best modes of packing the articles named in the preceding clause may be obtained in the Secretary's Office, General Post-Office, London, between the hours of 10 and 4 o'clock, or on Saturdays between 10 and 1 o'clock, and specimens may be seen.
- 11. The preceding regulations do not affect the transmission of patterns or samples beyond the United Kingdom.

# INLAND BOOK POST.

The following are the regulations of the Inland Book Post :-

1st. Rates of Passage:

Weighing not more than 4 oz., 
"more than 4 oz., and not exceeding 8 oz., 2d

"more than 8 oz., " " 12 oz., 3d

more than 12 oz., " 1 lb., 4d

and so on, ld being charged for every additional quarter of a pound, or fraction of a quarter of a pound.

2d. The postage must be prepaid, to the extent of one rate at least; by means of postage stamps affixed outside the packet or its cover; and if the whole postage be not thus prepaid the packet is treated in the manner described in Section 9.

- 3d. Every packet must be sent either without a cover, or in a cover open at the ends or sides; so as to admit of the enclosures being removed for examination. For the greater security of its contents the packet may be tied at the ends with string, but in such cases the Postmaster is authorised to cut the string although he is required to refasten the packet.
- 4th. A book-packet may contain any number of seperate books or other publications (including printed letters and printed matter of every kind), photographs, when not on glass or in cases containing glass, prints, or maps, and any quantity of paper, parchment or vellum. And the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps; markers (whether of papers or otherwise), in books; and, in short, whatever is necessary for the safe transmission of literary matter, prints or maps, or usually appertains thereto; but no patterns, or books of patterns (unless these consist merely of paper) can be allowed.
- 5th. No book packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter, or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted but recommended; so that if the cover come off, or from any other reason the packet cannot be forwarded, it may be returned.
- 6th. No book must exceed two feet in length, or one foot in width or depth; and if any such packet be presented at a Post Office it will not be received.
- 744. Any packet which shall not be open at the ends or sides, or shall have any written letter, or any communication of the nature of a letter written in it, or upon its cover, will be charged with the "unpaid" letter postage.
- 8th. If a packet be found to contain any written letter, whether closed or open, or any enclosure, sealed or otherwise, closed against inspection, or any other unauthorised enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate; and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

- 9th. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate, it is forwarded charged with the deficient book-postage, together with an additional rate; but any packet which bears no postage stamp is charged with double the book postage.
- 10th. In every case which the postage chargeable under these regulations is greater than the letter rate, the letter postage is substituted.

## POSTAGE STAMPS.

Every Postmaster is required to have on hand a sufficient stock of postage labels and embossed penny envelopes, and to sell them to the Public at the following prices:—

# Postage Lables.

Penny Labels,1d each.	Sixpenny Labels, 6d each.
Twopenny do.,2d each.	Ninepenny do.,9d each.
Threepenny do.,3d each.	Shilling do.,1s each.
Fourpenny do.,4d each.	

Postage Stamps are bought at this office, if in stripes of at least two, at a discount of Two and a Half per cent.

# Embossed Penny Envelopes.

12 to be so	ld for 1s $1\frac{1}{2}$ d.	4 to	be sold	for	.0s 43d.

6 ,	$0s 6\frac{3}{4}d$ .	1	27		.0s $1\frac{1}{4}$ d.

Two kinds of embossed envelopes are now issued; one with a thread passing through the stamp, and the other without any thread, but made with thicker and better paper.

No coloured paper can be received for stamping, or any paper which is too thin to bear the impression of the dies.

Envelopes provided by the office of Inland Revenue, with the proper stamps thereon, will be substituted for any which may be spoiled in the operation of stamping.

A license to sell postage stamps can be obtained, free of expense, by any respectable person on application to the office of the Inland Revenue.

### REGISTRATION.

By the payment of a fee of fourpence, any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom. Book packets and newspapers can also be registered to the Colonies. To foreign countries letters only can be registered. The registration of a packet makes its transmission more secure, by rendering it practicable to trace it, when inland from its receipt to its delivery; and when colonial or foreign, if not to its delivery, at least to the port of despatch. The Post Office does not guarantee the sate delivery of the letter, &c., though any officer who may neglect his duty on this point will be called to strict account, and if the Postmaster-General think fit, will be required to make good any loss that may be sustained.

The postage and registration fee of registered letters must be prepaid; and if the letters be inland, such payments must be by stamps.

Every letter to be registered should be presented at the bar of the Post Office, and a receipt obtained for it, and must on no account be dropped into the letter-box. If contrary to this rule, a letter marked "Registered" be dropped into the letter-box it will if directed to any place in the United Kingdom, be liable to a registration fee of eightpence instead of the ordinary fee of fourpence. No letter Carrier or Rural Messenger is required to take letters to the Public to have them registered.

Letters containing coin should not under any circumstances be dropped into the letter-box, but handed in at the bar of the Post-Office to be registered. In the event of letters being pested containing coin, they are treated as registered letters, and charged with double registration fee.

Prepayment of inland letters, &c., must be by labels or embossed stamps,\* except at the Chief Post Office, London, where prepayment of such letters from 10 a.m. till 5 p.m., is permitted in money, provided the amount be not less than £1. Letters also to the colonies and foreign countries may be prepaid in money. Except in the case of letters posted in Malta, Gibraltar, Constantinople, Alexandria, Cairo, Suez, Buenos Ayres, Lago, and Fernando Po, and those sent by officers and seamen serving on board Her Majesty's ships, British postage stamps are not available for the payment of letters, &c., coming into this country.

By using embossed envelopes all risk of the stamp being detached may be avoided; but when labels are used these should be examined to see if they firmly adhere, since, if they full off, the letters, &c.,

<sup>\*</sup> Payment in labels must always be made by affixing outside the letter, &c., before it is posted, a number of labels equal in value to the amount of postage.

will be charged postage; which, in the case of inland letters, is double the prepaid rate. To some places abroad also, double the prepaid rate is chargeable in such cases; and in other instances the letters, &c., are liable to be detained for the deficient postage. The labels should be placed on the front of the letter, and upon the upper corner of the right hand side.

Arrangements have been made by which paper and envelope<sup>8</sup> taken by the public to the office of Inland Revenue, Somerset House, can be embossed with stamps equal to any rate of postage, (including a threepenny stamp), under the following regulations:

- 1st. When the stamps required do not amount to £10 worth, one shilling is charged, in addition to the postage stamps, for each distinct size of paper.
- 2d. When the stamps amount to £10 worth, no fee is charged, provided one size of paper be sent.
- 3d. When the stamps amount to £20, no fee is charged, provided not more than two sizes of paper be sent.
- 4th. When the stamps amount to £30, no fee is charged, provided not more than three sizes of paper be sent.
- 5th. When the stamps amount to £40, no fee is charged, provided four sizes of paper only be sent; and no more than four sizes can be received on a single Warrant †
- 6th. No folded envelopes can be stamped; and therefore, papers, whether intended for envelopes or letters, must be sent unfolded, and without being creased.

## MONEY ORDERS.

The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security, than verbal messages, against mistakes: These Forms are supplied gratuitously at all Money Order Offices.

The commission on an Inland Money order, not exceeding £2, is threepence; above £2 and not exceeding £5, sixpence; above £5 and not exceeding £10, one shilling; above which amount no single Order can be granted, but as many £10 Orders may be granted as is desirable. The commission on Money Orders to British Guiana, Canada, Cape of Good Hope, Honduras, New Brunswick, Newfoundland, New South Wales, New Zealand, Nova Scotia, Prince Edward Island, Queensland, South Australia, Victoria, West Coast of Africa, West Indies, Western Australia, is fourfold the sums, and on Money Orders payable at Malta or Gibraltar threefold.

<sup>†</sup> The warrants (or requisition forms) used in applying for paper to be stamped are obtainable on application at the office of Inland Revenue, Somerset House, London, W.C.

No order is allowed to contain a fractional part of a penny.

With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname, and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:—

- 1st. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and if a firm, the usual designation of such firm will suffice (the term "Messrs," however, is not sufficient), except a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company;" to which kind of company the above privilege does not extend.
- 2d. Money Orders for transmission by the Public to the Privy Council Office will be issued payable to the "Privy Council Office," the name of the payee not being required in these cases.
- 3d. When the remitter notifies in writing that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee; and he may, if he wish it, substitute for the name of the payee, any other designation or any modification of the name, as for example:—"The Cashier of the Bank of England,"—"The Chief Clerk of the Foreign Office,"—"The Publisher of The Times,"—"Messrs Longman & Co.'

When an application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the Head Office alone. It is not incumbent on a Postmaster to supply such information relative to local or provincial offices, but the nearest Money Order Office to any street in London may be ascertained by referring to the Street List published in the Post Office Regulations.

An order once issued cannot be cancelled; and should repayment or transfer to a different office, or alteration of name be required, the remitter must apply to the issuing or paying Postmaster according to the directions printed on the back of the Order.

The remitter of an order may make that order payable ten days after date, provided he sign the requisition "C," printed on the back of that order, to defer payment until ten days after date, and affix a penny receipt stamp thereto.

When an order is presented for payment (otherwise than through a bank) the Postmaster has first to see that the signature of the payee be as full as the name given in the advice, be not in any way inconsistent therewith. He has then to call on the applicant

to give the name of the remitter, and if the reply be correct, the order will be paid, nnless the Postmaster have good reason for believing that the applicant for payment is neither the rightful claimant, nor deputed by him. When an order is paid through a bank it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person); and that it be presented (crossed with the name of the receiving bank), by some person known to be in the employment of the bank.

The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted, that when the order is thus crossed, the question put on the presentation of an ordinary Money Order is dispensed with.

- 9. The Annuity or Monthly Allowance granted on any one life must not exceed £50 per annum, or £4 3s 4d per month; but purchasers need not purchase the whole amount of such Annuity or Allowance at one time. They may begin by purchasing such part as they can afford to purchase, and go on increasing their purchases from time to time as their circumstances will permit.
- 10. Husband and Wife may each be insured to the full amount of £100, and may each purchase an Annuity of £50, or a Monthly Allowance of £4 3s 4d. Any two persons may purchase an Annuity on their joint lives, with or without continuance of the Annuity to the survivor.
- 11. Persons contracting for the insurance of their Lives, or for the purchase of Annuities or Monthly Allowances, will be allowed to pay their periodical premiums or instalments of purchase money at such of the Post Offices, which have been or may hereafter be opened for the purpose, as will suit them best.
- 12. Persons proposing to effect Insurances on their Lives, or to purchase Deferred Monthly Allowances, must provide at their own cost such certificates of their birth or baptism, or other evidence of age, as shall be required from them, but will not be required to pay any fee for medical examination, or to pay the cost of any inquiry which the Postmaster-General may think fit to make with regard to their health, habits, age, and occupation, or to pay any fee for the issue of any contracts which may be made in accordance with their proposals, or to pay any postage for the transmis-

sion of their proposals, or for the transmission of any correspondence arising out of such proposals between them and the Postmaster-General, inasmuch as a provision for all such costs and charges is included in the premiums which they will be required to pay, in accordance with the Tables framed for the purpose, for the Insurance of their Lives or the purchase of Deferred Monthly Allowances.

Persons proposing to purchase Immediate or Deferred Annuities, payable half-yearly, must provide at their own cost such certificates of birth or baptism, or other evidence of age as shall be required of them; and, inasmuch as the premiums fixed by the Tables framed for the grant of such Annuities do not include any provision for costs and charges, must pay, at the time of purchase, a fee of 1s. for every £1 of Annuity purchased.

#### PRINCIPAL RULES OF THE POST OFFICE SAVINGS BANK.

A. Post Office Savings Banks are established at all Money Order Offices in the United Kingdom, and are open for the receipt and payment of money daily during the hours appointed for Money Order business.

At these Banks deposits of One Shilling, or any number of Shillings will be received; but no one may deposit more than £30 in one year, or more than £150 in the whole, exclusive of interest.

Interest at the rate of £2 10s. per cent. per annum (which is at the rate of Sixpence in the Pound for each year, or at the rate of One Halfpenny on each complete Pound for each month, reckoning from the first day of the Calendar month next following the day on which a complete Pound has been Deposited, up to the last day of the Calendar month preceding the day on which the money is withdrawn) is allowed until the Sum due to a Depositor amounts to £200, when interest ceases to be allowed. The interest due to each Depositor is added to the principal due to him on the 31st December in each year.

B. Every deposit in a Post Office Savings Bank must be immediately entered by the Postmaster, or other person receiving it, in a book, which book is to be kept by the Depositor, and the Postmaster or other person receiving the deposit should affix his signature and the stamp of his office to each entry. Depositors should carefully examine their books before leaving the offices at which they make their deposits, and ascertain that they have obtained correct receipts for the sums deposited by them.

In addition to the receipts which the Depositors will thus obtain in their deposit books, they will receive for each deposit an acknowledgment by post from the Savings Bank Department in London. This acknowledgment should reach the Depositor within three APPENDIX. 17

days from the day on which he makes his deposit, if the deposit be made in England or Wales. If the deposit be made in Ireland or Scotland the acknowledgment should reach the Depositor within five days. The acknowledgment should be quite free from erasure, and should state the exact amount of the deposit, and the day on which the deposit was made. If the acknowledgment does not reach the Depositor in proper time, or if, when it reaches him, it shows any signs of erasure, or does not agree with the entry in the Depositor's book, the Depositor should immediately apply to the Postmaster-General by letter, and should renew his application again and again until he obtains a satisfactory reply.

- C. Once in each year, on the anniversary of the day on which the first deposit was made by him, the Depositor should forward his deposit book to the Controller of the Post Office Savings Bank Department in London, in order that it may be compared with the books of that Department, and in order that the interest due to the previous 31st December may be inserted in it.
- D. When a Depositor wishes to withdraw the whole or any part of the sum due to him, he must make application for the same to the Postmaster General on a printed form called a Notice of Withdrawal, which he can obtain at any Post Office Savings Bank. When he has properly filled up this form, he must fold it and secure it, and forward it by post as if it were an ordinary letter. In return for it he will receive, probably by return of post a warrant for the amount required by him, payable at the Post Office Bank named by him in the notice of withdrawal.
- E. A Depositor in any Post Office Savings Bank may add to his deposits at that or any other Post Office Savings Bank, and may withdraw the whole or any part of them from that or any other Post Office Savings Bank, without change of deposit book. For instance, if he makes his first deposit at the Post Office Bank at Huddersfield, he may make further deposits at, or withdraw his money from, the Post Office Bank at Huddersfield, or Leeds, Manchester, Birmingham, Edinburgh, Dublin, or any other place which may be convenient to him.
- F. No charge will be made to Depositors for the books first supplied to them, or for the renewal of those books; but if any Depositor shall lose his book, and shall desire a new book, he must make application to the Postmaster-General for the same, and must enclose in his application Postage Stamps to the value of 1s. to pay for the new book. If a Depositor loses his book, he should immediately give notice of the loss to the Postmaster-General.
- G. No charge for Postage will be made on the Depositor for any letter passing between him and the Savings Bank Department with regard to his deposits, or with regard to the withdrawal of the same, or for the transmission of his deposit book between him and the Savings Bank Department.

- H. The Postmasters and other Officers of the Postmaster-General employed in the receipt or payment of deposits, are strictly forbidden to disclose the name of any Depositor, or the amount of his deposits, except to the Postmaster-General, or to such of his Officers as are appointed to assist in carrying on the business of the Post Office Banks.
- I. A full statement of the Regulations of the Post Office Banks may be seen in the "British Postal Guide," and at any Post Office Bank; where also information may be obtained with regard to the Rules affecting—
  - (A.) The deposits made by Trustees on behalf of another person.

(B.) The deposits of Minors.

(C) The deposits of Married Women.

(D.) The deposits of Friendly or Charitable or Provident Societies or Penny Banks.

(E.) The repayment of the deposits of deceased Depositors to

their representatives.

(F.) The repayment of the deposits of Depositors who have become insane, or who are, from other causes, unable to act for themselves.

#### DISTRIBUTION OF PROFITS.

Nine-tenths, or Ninety per cent, of the Profits are divided every seven years among the Participating Policy-holders. Policies of five years' duration, becoming claims between one division of Profits and another, are entitled to an Intermediate Bonus.

The Company's system of division of Profits, while it does not exclude younger Policy-holders from their fair share in the allocation of Bonus, reserves a much larger proportion for those whose Policies have existed for a long period, and who have themselves attained an advanced age.

Five Periodical Investigations have already been made, and the results of the equitable principal of Distribution are brought out in the very large Bonuses which attach to cases fulfilling these conditions, and are fully illustrated by the undernoted examples.

#### THE RATES OF PREMIUMS

are moderate, and will bear very favourable comparison with these of other First-class Offices.

#### GREENOCK TRADE PROTECTION SOCIETY.

#### ESTABLISHED 1863.

OFFICE—CITY OF GLASGOW BANK BUILDINGS, 32 CATHOART STREET, GREENOCK.

N every Town where a Trade Protection Society has been formed, the results have been productive of great benefit to the Members, not only as regards mutual protection from Dishonest Traders, but in the promotion of legitimate trade. And since "The Greenock Trade Protection Society" has been formed, the results, it is believed, have been similar, within the scope of its operations.

#### PRIVILEGES OF MEMBERS.

There can be little doubt, that—so far as recovering open Accounts, Book Debts, or Dishonoured Bills, or in preventing or detecting fraud, or in exposing Insolvency or Bankruptey arising from misco nduct, culpable negligence or extravagance—a Trade Protection Society not only directly benefits the Members, but to a considerable extent the whole mercantile class by acting "as a moral police, overlooking and keeping in check those who would otherwise prey upon the trading community;" while the annual subscription of each member is but a very small premium of insurance against incurring bad debts. The Society has Correspondents in every Town in Great Britain and Ireland, where there is a Trade Protection Society, and all legitimate enquiries in these Towns are made for Members without any fee or charge whatsoever.

#### OUTSTANDING DEBTS.

Special attention is given to the debt collecting department. All sums recovered are usually delivered to Members within forty-eighthours after recovery. It is worthy of special remark, that "in the debt collecting department, a Trade Protection Society often succeeds in recovering a bad or doubtful debt after all other means have failed."

One year's subscription (of Five Shillings) entitles a Member to lodge five claims of debt, (not exceeding in all Ten Pounds) and Each Debtor will be applied to for payment by the Secretary, without any additional charge. If more than FIVE claims are lodged for collection by a Member during any one year, these will be applied for in the

Ordinary Tuning, 4s; Four Times a Year, 12s. (Being the same rates as Charged in Glasgow).

And, in desiring a still further extension of this department of his Business, his almost sole aim is to see Greenock, already so famous for its high standing in musical matters, a self-supporting town in this respect.

M. Chisholm's Tuners do not canvass for orders within the Township, and his principal object in issuing this note is to make known

this fact.

#### RULES.

I. The objects of "The Greenock House Proprietors and House Factors' Association," are to resist all attempts at unequal or unjust taxation of house property, to endeavour to remove the burdens by which it is at present unfairly oppressed, to give mutual advice and counsel in cases of difficulty, and generally to take cognisance of all legislation affecting house property, and also to obtain modified, or at least equitable administration of the Provisions applicable to House Property in the Local Police Act.

II. A Subscription of not less than Two Shillings and Sixpence, payable in advance, first of November, yearly, constitutes Membership, or a payment of Two Pounds, a Member for life; and no Member is liable beyond the amount of his subscription. Any additional funds required for the purposes of the Association are raised by voluntary subscriptions from Members or others. All Members having a reasonable ground of defence are defended at the expense of the Association in the local law courts

III. The affairs of the Association are managed by a Board of Twenty elected Directors, Six of whom retire annually, but are eligible for re-election. The Directors hold monthly meetings, and five are a quorum. At the first meeting after the Annual General Meeting they appoint the president. The Directors have power to fill up vacancies in the Board caused by death or otherwise; they also appoint a Consulting Committee to give assistance and advice when required, to Members individually.

IV. Meetings of the Members are held Quarterly; and an Annual General Meeting in November, at which a statement of accounts, duly audited, is submitted, the six vacancies in the Board filled up, and any other business mentioned in the circular calling the meeting transacted. Not less than 24 hours' notice must be given of all meetings of the Association.

V. The Directors appoint a Secretary to act during their pleasure, who is to write the minutes, convene meetings, and generally carry out the instructions of the Board, for which he shall receive such remuneration as they shall think proper. They also appoint a Treasurer to act during their pleasure, who lodges all money belonging to the Association in Bank when it amounts to £10, in his own name and in that of the President, and pays all accounts when passed by the Directors.

VI. The Directors have the power to fix the time and place of the monthly and other meetings, and generally to carry out the objects of the Association; but no Parliamentary proceedings are to be entered into without the sanction of a General Meeting specially called for the purpose, intimation of which shall be sent to all Members at least 48 hours previous to the hour of meeting.

VII. The Directors also have power to make Bye-Laws, but they are not to be opposed to the general spirit of these rules—no alteration of which shall be made except at a General Meeting, realled by circular sent to all the Members, intimating any proposed alteration—and every Bye-Law to be subject to the approval of the first General Meeting.

Members can be enrolled and further information obtained from JOHN GILLESPIE, Secretary of the Association, at his Office, City of Glasgow Bank Buildings, 32 Cathcart Street, Greenock.

THE LEADING FEATURE of this Old-Established and well-tried Society is its MUTUAL PRINCIPLE, which secures to the Policy-holders the Division of the whole Profits among themselves, without any deduction for Dividends to Shareholders, as in Life Assurance Companies of the Proprietary Class. This single circumstance retains for Distribution among the Policyholders Large . ums of Money which would otherwise be lost to them.

THE LARGEST DIVISION OF PROFITS ever made by the Society was that declared at the Annual Meeting of Members held on 24th May last. The Profit realised during the seven years ending 31st December, 1866, amounted to no less than £834,183, 10s 1d, which sum was divided among the Policyholders in the manner fully explained in the Report read at the Meeting, copies of

which may had, free of charge, on application.

INCREASE OF BUSINESS.—During last Septennial Bonus Period, 1860 to 1866, the Society Issued Policies for New Assurances amounting to the large sum of £5,461,884. Comparing the New Assurances effected 1860, the first year of that period, with the New Assurances effected in 1867, the first year of the current Period, 1867, to 1873, the following is the result:—

Difference in favour of 1867 £431,106

Being an increase of £113 per cent. SECURITY ENJOYED BY THE MEMBERS, AND THEIR FUTURE PROSPECTS.—The Balance-sheet and details of the Valuation of the whole Liabilities of the Society published in last Report fully and clearly make known to all Actuaries and skilled persons the Entire Financial Condition of the Scottish Widows' Fund; while to the general public they afford the means of ascertaining for themselves the character of the security and prospects of future advantage which such a financial condition presents. By no other means that the publication of such information as is contained in the Balance-Sheet and Valuations referred to, can the real position of a Life Assurance Institution be made known.

Resources of the Society.

Annual Revenue, - - - £600,000. Invested Funds, - - - 4,600,000.
