P R E F A C E .

IN submitting the Twenty-Second Edition of the *Helensburgh Directory*, the Publishers trust it will merit the very liberal support and confidence which former issues have received.

The re-numbering of the town from Sinclair Street east and west has occasioned an enormous amount of labour, and every care has been taken to secure accuracy.

The arrangement of the present issue is similar to that of former years. The County and Local Lists have again been prepared by gentlemen connected with the different institutions, to whom the Publishers have to express their thanks.

The Map of the Burgh has been revised and brought up to date, and a Local Telephone Directory has been added.

Times OFFICE,

GUTTA PERCHA or LEATHER SOLES,

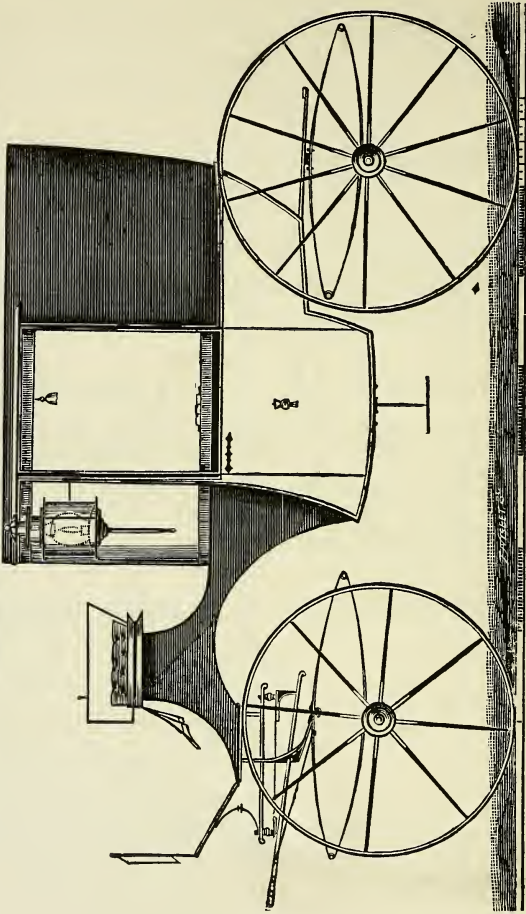

Are the only "GENUINE" Waterproof Boots and Shoes manufactured. They are made on an entirely New Principle, no Sewing, Pegging, or Rivetting being required in their formation, thus giving them all the smoothness of insole, comfort, and hard-wearing qualities of Hand-Sewed Boots, at less than half their price.

R. & J. DICK have made it their study to meet a long-felt want, and, after a lengthened course of experiments, have succeeded in arranging and uniting the sole to the upper with their Patent Impervious Solution, by which process they are enabled to produce a thoroughly WATER-TIGHT BOOT, which combines WARMTH with LIGHTNESS, NEATNESS, with COMFORT, and last, but not least, DURABILITY with CHEAPNESS.
