Above half and under an ounce, ... 2d.

Above an ounce and under two ounces, ... 4d.

And so on, two rates being added for each additional ounce:

On Letters unpaid double the above rates is charged. Letters exceeding four ounces in weight are not forwarded until the

postage be paid.

Addresses to Her Majesty, and Petitions to Parliament under thirty-two ounces, open at the ends, pass free.—Books and Parliamentary proceedings at reduced rates, explained under their respective heads,—the only exceptions to the above rates.

ADHESIVE STAMPS AND ENVELOPES.

Prepayment of letters in money is now prohibited.

The Stamps should be placed on the front of the Letter, at the right hand corner; and care should be taken that they firmly adhere. The better method is to wet the Letter, not the Stamp.

Any Postmaster, Sub-postmaster, or Letter-Receiver, will supply the Public with Postage Stamps or Envelopes at the following

Prices :-

The Penny Label Stamps at 1d. each. The Twopenny ditto ... 2d. Sixpenny ditto ... 6d. Tenpenny ditto ... 10d. Shilling ditto ... 1s. Envelopes, 24 for 2s. 3d., or 2 for 2\frac{1}{4}d.

REDIRECTED LETTERS.

Redirected Letters are subject to additional rates of Postage; but whether originally prepaid or not, they are only liable to be charged at the prepaid rate for the additional postage.

OVERCHARGES, DELAYS, &c.

In cases of complaint, whether arising from overcharges, delays, or other irregularities, the covers (and contents in all practical cases) should be forwarded to the Secretary, General Post-Office, for investigation, as affording the only efficient means of answering such complaints satisfactorily. Overcharges are returned between the hours of ten and four.

LETTERS NOT TO BE DELIVERED BACK.

To prevent the possibility of Letters being surreptitiously obtained from the offices where put in, office-keepers are strictly forbid returning, to any person whomsoever, Letters that may be applied for, under whatever circumstances their recovery may be urged.

ILLEGAL CONVEYANCE OF LETTERS.

By the 1st Victoria, cap. 36, sec. 2, any person illegally conveying Letters, incurs a penalty of £5 for every offence, and £100 for every week the practice is contined. The Sender also incurs a penalty of £5 for every offence, with full Costs of Suit.

ARTICLES WHICH MAY NOT BE SENT BY POST.

Letters or Packets cannot be forwarded by the Post-Office containing any of the following enclosures—viz., any Glass, Razor, Scissors, Knife, Fork, or other sharp or pointed instrument; any Leeches, Game, Fish, Flesh, Fruit, Vegetable, or other perishable substance; any Bladder, or other vessel containing liquid; or any article, matter, or thing whatsoever, which might, by pressure or otherwise, be rendered injurious to the officers of the Post-Office, or to the contents of the Mail-bags; and the Act 3 and 4 Victoria, cap. 96, expressly declares that no letter shall be sent by Post containing any explosive or other dangerous material or substance. No Letter or Packet exceeding in breadth, or length, or depth, twenty-four inches measurement, can be forwarded by Post.

REGISTERED LETTERS.

The system of Registration provides a secure mode of transmitting Bank Notes, Bank Post Bills, Drafts, &c. &c. The arrangements have been made with the view of insuring the punctual delivery of Letters of Value. On their delivery, the parties to whom they have been addressed will be required to acknowledge in writing their receipt. Letters offered for Registration should have the full amount of Postage and Registration fee of Sixpence affixed thereon in Stamps.

Registered Letters will be taken at the General Post-Office, at the Receiving-Houses, and by all Postmasters throughout the United Kingdom, until within half an hour of the closing of the Box for the particular Mail or Bag by which they are to be

despatched.

An acknowledgment by receipt will be given to the parties registering Letters, and each receipt must bear the office stamp.

The practice of committing Letters containing valuable property to the Post-Office unregistered should in all cases be avoided. It is expected that persons having occasion to transmit such Letters will avail themselves of the proper means of security, and in no case, by committing property unregistered to the Letter-boxes, risk its loss. If, however, notes are sent, parties are recommended to cut them in halves, and the second half should not be despatched until the receipt of the first has been acknowledged. The numbers, dates, and amount should also be carefully taken.

Books, Maps, Prints, &c., under Certain Regulations, Forwarded at a Reduced Rate.

A Book-Packet may contain any number of separate Books, Maps, or Prints, and any quantity of Paper, Vellum, or Parchment (to the exclusion of Letters, whether sealed or open); and the Books, Maps, Paper, &c., may be either printed, written, or plain,

or any mixture of the three.

Further, all legitimate Binding, Mounting, or covering of the same, or of a portion thereof, will be allowed, whether such Binding, &c., be loose or attached; as also Rollers, in the case of Prints; Markers (whether of Paper or otherwise), in the case of Books—and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto.

The following are the remaining Regulations respecting the Inland Book Post—all previous notices regarding it being cancelled.

RATES OF BOOK POSTAGE.

For each Packet not exceeding One Pound in Weight, 0s. 6d. exceeding One Pound and not exceed-

ing Two Pounds, ... 1s. 0d

,, exceeding Two Pounds and not exceed-

ing Three Pounds, 1s. 6d. And so on, 6d. being charged for every complete Pound, and for any additional fraction of a Pound.

Every Packet must be sent either without a Cover, or in a Cover

open at the ends or sides.

It must not contain any Letter, opened or sealed, nor any sealed enclosure whatever.

No Packet must exceed two feet in length.

The Book Posts, to which the foregoing rules relate, is confined to the United Kingdom, and does not affect the privileges allowed to Votes and Proceedings in Parliament, or to Newspapers.

Postmasters are instructed to open and examine Book-Packets, to see that the conditions on which they are allowed are all complied with; and if he find any Letter, whether sealed or open, or sealed enclosure of any kind, such Letter or enclosure is to be taken out and dealt with as an Unpaid Letter—the Address on the Packet being written thereon if there be no other Address. And if in any other respect either of the above conditions be violated, or if for any reason the Postmaster does not think that the Packet comes within the privilege of the Book Post, he must forward it to the principal Office, there to be dealt with.

To prevent obstacles to the regular transmission of Letters, any Officer of the Post-Office may, when necessary, delay forwarding a Book-Packet for a period not exceeding twenty-four hours beyond

the time at which it would otherwise be forwarded.

NEWSPAPERS, AND SUPPLEMENTS TO NEWSPAPERS.

It is not compulsory to send Newspapers or their Supplements by Post; but those that are intended to be so transmitted must be sent in covers open at the sides; and no words of communication may be printed or written on such papers (except under the conditions hereafter explained) after the same shall have been published,

when they are entitled to pass free.

Parties will be allowed, however, to put any Writing or Marks on Newspapers passing by Post, in the United Kingdom, provided that a Postage of a Penny be prepaid, by means of a Stamp conspicuously affixed outside the Cover or folded Newspaper, it being understood that in those cases where the Newspaper may be liable to Postage, irrespective of such Writings or Marks (as when it is both posted and delivered in the same town), the Penny Stamp shall cover both the Writing and Postage. But this privilege is to be confined to Writing or Marks on the Newspaper itself, and not to extend to the Cover, which must contain nothing but the address.

Any Writing or Marks on the Cover, besides the address, or on the Newspaper (if not prepaid as above) will subject it to the same

rate as that of an unpaid Letter, according to weight.

PRINTED VOTES AND PROCEEDINGS OF PARLIAMENT.

Printed Votes and Proceedings of Parliament, or of the Colonial Legislatures, are charged—

Under four ounces, 1d. Above four and under eight ounces, ... 2d.

Above eight and under twelve ounces ... 3d., and so on.

The Postmaster-General is authorised (if he shall see fit) to delay the transmission of Printed Votes and Proceedings in Parliament for any space not exceeding Twenty-four hours from the time at which the same would otherwise have been forwarded.

STAMPED PUBLICATIONS.

Stamped Publications, not being Newspapers, but having the authority of the Postmaster-General, to pass as such by Post, are restricted to the weight of 2 oz.

PARLIAMENTARY NOTICES.

Those Parliamentary Notices, which, by the standing orders of either House of Parliament, may be served *later* than the 15th day of December, may be posted after the 12th December, subject, however, to the like regulations in every respect, as required for those to be served, on or before the 15th December.

FOREIGN AND COLONIAL LETTERS & NEWSPAPERS.

GENERAL REGULATIONS.

The pre-payment of Postage is optional to many parts abroad, Foreign as well as Colonial. For information on this point,

reference may be made to the List of Foreign Places.

Letters for the Colonies and Foreign Countries posted unpaid, although specially addressed to be forwarded by routes which require the Postage to be paid in advance, will not, if there are any means of transmitting them, be opened and returned to the writers

for payment of such postage, but will be despatched, if possible, by other routes unpaid.

SHIP LETTERS.

Letters intended to be conveyed by "private ship" must be so addressed. For rates of Postage, see Table.

Persons Exempt from Ship Letter Postage.

The owners, charterers, and consignees, resident in the United Kingdom, and owners, consignees, and shippers of goods on board vessels inward bound, are entitled to receive their letters free from sea postage (the inland postage only being chargeable), to the extent of 6 oz. collectively, by any one vessel to any such person. In the case of vessels coming from Ceylon, Mauritius, the East Indies, or the Cape of Good Hope, for an owner, charterer, or consignee of such vessel, the letters may collectively be 20 oz. in weight. The owner, charterer, or consignee, must be described as such on the address or superscription; and, in the case of owner, consignees, or shippers of goods, it must also appear by the ship's manifest that they have goods on board the vessel. Such persons are entitled to have their letters which come within the above conditions, before the master of the vessel delivers the other letters in his charge to the Post Office.

*** Any person who shall, with intent to evade any duty of postage, falsely superscribe a letter as being the owner, charterer, or consignee of a vessel conveying the same, or as the owner, shipper, or consignee of goods shipped in such vessel, shall, for

every offence, forfeit £10.

LETTERS NOT TO BE SEALED WITH WAX WHEN SENT TO WARM CLIMATES.

The practice of sealing letters which pass to and from the East Indies, and other warm climates, with wax, leads to much inconvenience, from the melting of the wax, and the letters adhering to each other. The public, therefore, are recommended to use wafers instead of wax, and to advise their correspondents to do the same.

ADHESIVE STAMPS.

Stamps may be used to pay Foreign or Colonial Letters outwards, but care must be taken that, by the addition of such stamps, the letters do not exceed the weight intended to be paid for. In those cases in which the value of the stamps on the letter is less than the amount of postage chargeable, they will, if prepayment is not compulsory, be forwarded charged with the difference. In cases where the prepayment is compulsory, they will be sent to the Dead Letter Office, and opened and returned to the writers for the proper postage. These regulations will be applicable to Newspapers in those cases where they are liable to postage.

NEWSPAPERS AND PRICES CURRENT TO THE COLONIES AND FOREIGN COUNTRIES.

Prices Current cannot be forwarded a second time without being charged full letter postage.

Prices Current from any colony or place abroad by private ship are charged the same rate as newspapers. Prices Current from any British Colony by packet, direct to any place in the United Kingdom, one penny each.

Prices Current from any foreign country by packet (except France, Belgium, Holland, and China), direct to the United King-

dom. twopence each.

Prices Current from whatever part (except China) received by way of France, Belgium, Holland, or Hamburg, twopence each.

Newspapers posted out of date, written on, or in any way marked for reference, or containing anything contrary to the Act, or without being prepaid, will, if there be no means of forwarding them as unpaid letters, be sent to the Dead Letter Office. When they can be forwarded, those out of date, or not prepaid, as required, will be charged with the ordinary letter postage.

Newspapers posted in France contrary to the established regulations of that country, are transmitted to this country as letters. British newspapers re-posted in France for England are charged

with the British frontier postage of 5d. per half ounce.

PERIODICAL PUBLICATIONS, &C.

Periodical works, unstamped, and not of daily publication, Parliamentary proceedings, &c., may be forwarded, by direct packet or private ship, to and from France, Belgium, Bremen, Hamburg, Holland, Prussia, and the United States (but not to countries passing through), under the following regulations:—

1st, The postage must be paid in advance (except those from.)
2d, They must be sent in covers open at the sides for examination.

3d, They must be printed in the English language, or the language of the country they are sent from.

The rate on such works will be as follows:-

Not exceeding two oz. in weight, one penny. Not exceeding three oz. in weight, sixpence.

And twopence for every additional ounce to 16 inclusive, beyond which weight no publication can be forwarded except paid for as letters.

Plates of fashions, music, &c., accompanying newspapers and periodicals, are to be considered as part of such publication, and are not liable to extra charge. Prints published with newspapers, and duly stamped, may be sent by post separately as a newspaper; but those bearing the supplement stamp of ½d. only, must be sent with the paper it belongs to, and be under the weight of two ounces.

Periodicals posted without previous payment will be forwarded as unpaid letters, and no single pamphlet or work unnumbered, and without reference to its continuance at any other time or

period, can be considered or taken to be a periodical.

PAMPHLETS, although not published periodically, may be forwarded to the UNITED STATES at the same rates as above, when not exceeding eight ounces.

STAMPED PUBLICATIONS.

Stamped Publications, other than Newspapers, must not exceed two oz. in weight, and are subject to the same regulations as Newspapers with regard to date, when intended for abroad.

PRINTED VOTES AND PROCEEDINGS OF THE IMPERIAL PARLIAMENT, AND OF THE COLONIAL LEGISLATURE,

Whether paid or unpaid, pass at the same rates to certain Colonies, by packet, as between places in the United Kingdom. Where there are no packets, they may be forwarded by private ships at double these rates. They are not, however, forwarded to places through France under the full rates of letter postage. The following are the rates chargeable:—

Under 4 oz. 1d. Above 4 oz. and under 8 oz., 2d. Above 8 oz. and under 12 oz., 3d., and so on.

To the British colonies and possessions in West Indies, Canada, Hong Kong, Ceylon, Malta, and Gibraltar, the rates chargeable on Votes and Proceedings are the same as printed books.

- Exceeding 1 pound and not exceed-

And so on, increasing 1s. for every additional pound or fraction of a pound; provided, however, that the following conditions be carefully observed:—

Note.—Plases marked (2) 8d. under ½ pound, and 4d. every pound additional.

1st, Every such packet must be sent either without a cover, or in a cover open at the ends or sides.

2d, It must contain a single volume only (whether printed book, magazine, review, or pamphlet), the several sheets or part thereof, where there are more than one, being sewed or bound together.

3d, It must not exceed two feet in length, breadth, width, or

depth.

4th, It must have no writing or marks on the cover, or its contents, except the name and address of the person to whom it may be sent.

5th, The postage must be prepaid in full, by affixing outside the

packet or its cover the proper number of stamps.

If any of the above conditions be violated, the packet must be charged as a letter, and treated as such in all respects.

REGISTERED LETTERS, FOREIGN, COLONIAL, AND SHIP.

In the case of foreign, colonial, or ship registered letters, it must be clearly understood that registration cannot extend beyond the port of despatch in the United Kingdom; and the office does not engage for the security of any registered foreign, colonial, or ship letter, longer than while the contents of the mail shall be in the custody of the British Post-Office. Letters, however, addressed to France, and letters passing through France, are exceptions to this rule, the French Post-Office undertaking to provide for their security till they shall have been delivered, if addressed to France, and so long as they remain in the French territory, if passing through France. All registered letters to and from France, and countries passing through France, must be paid to their destination, or to the farthest limit, and are subject to the following regulations:-

1st. A registration fee of sixpence in addition to the British

portion (or rate) of the postage upon such letters.

2d, The foreign portion of the rate must be calculated, and the amount doubled.

Registered letters for Prussia, or to foreign countries through Prussia, must be prepaid the full postage (British and Foreign), as well as the British registration fee of sixpence, and a further charge of threepence on each registered letter, whatever may be its weight, on account of the Prussian registration fees. It is hoped that the public will take the precaution to register all letters of value.

REDIRECTED LETTERS.

Redirected letters between France, Belgium, and Holland, and countries the correspondence of which passes through France, Belgium, and Holland, and the United Kingdom, are returned charged with the same amount of postage that should have been paid by the receivers. Letters originating in the United Kingdom, redirected from France, Belgium, or Holland, are returned under the same conditions, and are liable to a further charge of British postage-viz., 5d. from Calais, and 8d. from Holland.

REDIRECTED NEWSPAPERS.

Newspapers originating in the United Kingdom, addressed to parties in France, Belgium, and Holland, who have returned, may be redirected (on the original covers) to them, and are liable to the

first charge only.

Newspapers from the colonies and foreign countries, for persons who may have removed, may be redirected to them at any place within the United Kingdom free of postage, provided they have not been opened at the place to which they were originally addressed. But a newspaper which has been opened is charged at the same rate as if it were a letter from the place of redirection to the place at which it may be ultimately delivered. Newspapers upon which any colonial or foreign postage may be due when redirected, shall be delivered at any place within the United Kingdom for the same amount of postage that would have been chargeable had they been delivered at their original address. Newspapers from one foreign country or colony to another, in transit through, and addressed to the care of a person in, the United Kingdom, may be redirected forward without extra charge, provided they have not been out of the custody of the Post-Office; but such Newspapers cannot be reposted without incurring the charge of letter postage.

Non-Commissioned Officers, Seamen, and Soldiers in Her Majesty's Service Abroad.

Letters to seamen and soldiers are forwarded by post at the rate of one penny each, under the following regulations:—

1st, The penny must be paid at the time the letter is put into

the Post-Office.

2d, The direction must signify the class of seaman or soldier.
3d, The name of the ship, regiment, or corps, to which he belongs.

4th, The letter must not exceed half an ounce, and be upon

their private concerns only.

Letters for seamen or soldiers, whether in Her Majesty's or the East India Company's military or naval service (while on actual service), may be forwarded, under the foregoing regulations, to India, China, &c., via Southampton. They can now be sent to India, via Marseilles, on payment of the British rate of 1d., besides the French rate of 5d., if under a quarter of an ounce, or 10d. exceeding that weight, or to any foreign country, on payment of the foreign rate of postage in addition to the British rate of 1d. as above.

Letters for seamen and soldiers forwarded by private ships (with the following exceptions:—St Helena, East Indies, New South Wales, Cape of Good Hope, and Mauritius) are charged 3d. each.

Letters of soldiers and seamen, addressed to the United States of America, will in future be chargeable with the American rate of five cents, or twopence-halfpeny sterling each, in addition to the ordinary British rate of one penny; the postage of all such letters must be prepaid.

Warrant officers, either in the army or navy, or masters' mates, or engineers of the navy, are not entitled to transmit letters at less than the usual rates of postage.

Seamen's or soldiers' letters received from any part beyond sea, upon which the said penny has not been prepaid, shall be charged

to the receiver with double the rate—viz., 2d. each.

REDIRECTED LETTERS FOR OFFICERS, SOLDIERS, AND SEAMEN.

Letters redirected to commissioned officers in the army or navysubject to foreign or colonial postage; may be forwarded to such officers when removed upon service (whether at home or abroad), and be delivered to them for the same amount of postage that would have been chargeable had they been delivered at their original address. In all other cases they are subject to the same regulation as ordinary redirected letters. Soldiers' and seamen's letters are not liable to any additional rate upon redirection.

OPTIONAL OR COMPULSORY PREPAYMENT:

 α The letter α prefixed to a division (as that of Letters or Newspapers) indicates that in such case Prepayment is compulsory. In other cases Prepayment is not compulsory unless the Letter be registered. In some few instances (which appear in the Table) Prepayment cannot be made. When a Letter or Newspaper, addressed to go by a route that requires Prepayment, is posted unpaid, and there is some other route where Prepayment is not required, it is sent by that route; but if there be none, it is sent to the Dead Letter Office, to be returned to the writer.

distance to which the postage carries the letter, &c.

d The letter d prefixed to any division (as that of Letters or Newspapers) shows that the postage there entered carries the Letter, &c., from the place where it is posted in the United Kingdom to its place of destination. In all other cases the postage carries it only part of the way.

LETTERS WEIGHING MORE THAN 2 OZ.

The Postage of a Letter weighing any number of ounces, with any fraction of an ounce, may be reckoned by first seeing what

it would be if the Letter weighed only one ounce, with the same fraction; and then adding the charge for the additional ounces. Thus, to find the postage on a Letter to France weighing between 2 oz. and 2\frac{1}{4} oz., take 3s. 9d. (the charge for a Letter between 1 oz. and 1\frac{1}{4} oz.), and 'add thereto 2s. 6d., the charge for the additional ounce; giving a total of 6s. 3d. For a letter between 3\frac{1}{2} oz. and 3\frac{3}{4} oz.), and add thereto 5s., the charge for the two additional ounces, giving a total of 9s. 7d. Whenever it appears by the Table that the postage to a British Colony of a Letter not exceeding \frac{1}{2} oz. in weight is 6d., the postage of a Letter of any greater weight may be found by multiplying the prepaid Inland rate. Thus, the postage of a Letter between 4 oz. and 5 oz. in weight to Jamaica is 5s., being six times 10d., the prepaid Inland rate of a Letter of that weight.

ROUTES.

When the route by which a Letter, &c., is to go is not marked on it, it will, under ordinary circumstances, be sent by the route immediately following the name of the place. Thus, a Letter or Newspaper directed to India, with no route marked on it, will be sent via Marseilles, and charged the higher postage attendant thereon.

EXCEPTIONAL RATES OF POSTAGE, &c.

Newspapers from France and Belgium pay 1d. each; and

Newspapers from Canada 1d. each.

The postage on Newspapers to the parts of Turkey, &c., specified in the Table, is as follows: not exceeding $\frac{1}{2}$ oz., $1\frac{1}{2}$ d.; $\frac{1}{2}$ oz. and not exceeding 1 oz., 3d.; 1 oz. and not exceeding 2 oz., 6d.; with

an addition of 3d. for every additional ounce.

According to the regulations of the German Customs' Union, no Letter exceeding 50 grammes (a little more than 1½ oz.) in weight, and containing any other enclosure than paper, can be allowed to circulate by the Post. Any Letters, therefore, forwarded in the Mail to Prussia, above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the Prussian frontier, to be stopped, and sent to the Custom House for delivery as freight.

REGISTRATION OF LETTERS.

By the prepayment of the usual British registration fee of 6d., Letters can be registered between this country and the British West Indies and Ceylon; and by the prepayment of the British registration fee and the additional prepayment of a Foreign registration fee, Letters can be registered between this country and France and Prussia, and countries through France and Prussia. Moreover, by the prepayment of the British registration fee, Letters can be registered between this country and Belgium and Holland, and countries through Belgium and Holland; the Foreign registration fee in these cases being afterwards collected abroad. Again, by the prepayment of the British registration fee, a Letter

addressed to any other place can be registered to the port of despatch, and entered separately in the Letter Bill; it being in these cases left to the postal authorities of the Colony or Foreign Country to carry on the registration, or not, as they may choose. The Foreign registration fee on a Letter to France, or to a country through France, may be reckoned by deducting the British postage (which is five-fold the Inland prepaid postage) from the whole postage; the remainder being the fee in question. Thus, to find the Foreign registration fee on a Letter to France under 1 oz., deduct 5d., the British postage, from 10d., the whole postage; and the remaining 5d. will show the amount of the Foreign registration fee; which, with 6d. the British registration fee, and 10d. the postage, will make a total charge of 1s. 9d. Again, the postage on a letter to Tuscany exceeding 1 oz but under 14 oz., if sent through France, is 6s. 3d. From this deduct the British postage, 1s. 8d., and the remaining 4s. 7d. is the Foreign registration fee; which, with the British fee of 6d., and the postage, 6s. 3d., makes a total charge of 11s. 4d.

The Foreign registration fee on a letter to or through Prussia (except to Russia) is 3d., without regard to weight; making a total fee, British and Prussian, of 9d., in addition to the ordinary postage. The fee on a registered Letter to Russia, via Prussia, is greater by a sum equal to the Russian postage, which, on a Letter not exceeding ½ oz., is 3½d. The whole charge for a registered letter to Russia, via Prussia, or, as marked in the Table, via Belgium (which latter country the letter first passes through), is

entered in the Table.

LETTERS BY PRIVATE SHIPS.

To most of the places entered in this Table, Letters may, if so marked, be sent by Private Ship, even when there is no entry to that effect in the Table. Letters may be sent by Private Ship, also, to many other places; the Table being limited to those with which there is postal communication by regular Packets. Except where otherwise specified in the Table, the postage on a Letter by a Private Ship is eight times the Inland prepaid rate; consequently, on a Letter not exceeding $\frac{1}{2}$ oz. it is 8d.—Newspapers by Private Ships are charged 2d. each if addressed to a Foreign Country, and 1d. each if to a British Colony.

TIME OF POSTING.

When the time for making up a mail is marked "Morning," the latest time (in London) for posting letters, &c., by it for abroad is the same as for posting them for the Inland day mail; and when marked "Evening," the same as for the Inland night mail. Newspapers going abroad must be posted within one week after the close of the day of publication. Thus, a Newspaper published on Saturday must be posted not later than midnight of the following Saturday.

MONEY ORDER OFFICE.

Money Orders are issued and paid at the General Post-Office,

Perth, between the hours of 9 and 6.

The Commission chargeable for Money Orders is threepence on sums not exceeding £2; and on sums above £2, and not exceeding £5, sixpence. No Order will be given for sums beyond this amount.

The Money Order Office, and the system of Registration, have been devised expressly for the security of Money and other valuable property transmitted through the Post-Office. With the great convenience thus afforded for transmitting small sums at so low a charge, and the power given of Registering Letters containing value, it is hoped the Public will no longer forward letters

of value, except in one or other of these methods.

In all cases where personal attendance is inconvenient, if the Money Order is receipted by the person to whom it is made payable, and the party addressing it for payment can afford full information as to the Christian name, surname, address, and occupation of the person who originally obtained the Order, payment will be made; but unless these conditions are strictly complied with, it will be refused. Any Money Order presented through a bank, will be paid, without the name of the remitter and the signature in full of the Christian name of the payer being insisted upon as a condition of payment, provided that the bank be situated in the town on which the Money Order is drawn, that the Order be crossed with the banker's name, and the party applying at the Money Order Office be known there as in the employment of the bank. It must be understood, however, that in all such cases the liability of the Post-Office will absolutely terminate with the Payment of the Order so presented.

With a view to simplicity and economy in the accounts of the Money Order Office, it has been found necessary to lay down the

following rules:—

- 1. Every Money Order issued on or after the 6th October 1848, must be presented for payment before the second calendar month after that in which it was issued (for instance, if issued in October, it must be presented for payment before the end of December), otherwise a new Order will be necessary, for which a second commission must be paid.
- 2. If an Order be not presented for payment before the end of the twelfth month after that in which it was issued (for instance, if issued in October, and not presented before the end of next October), the money will not be paid at all.
- 3. As, after once paying a Money Order, by whomsoever presented, the Office will not be liable to any further claim, the public are strictly cautioned
 - a. To take all means to prevent the loss of the Money Order.
 b. Never to send a Money Order in the same letter with the information required on payment thereof.

c. To be careful, on taking out a Money Order, to state correctly the Christian name as well as the surname of the person in whose favour it is to be drawn.

d. To see that the name, address, and occupation, of the person taking out the Money Order, are correctly known to the person in whose favour it is to be drawn.

4. Neglect of these instructions will lead to delay and trouble in obtaining payment, and even risk the loss of the money.

These instructions, together with some others of minor importance, will be found printed on every Money Order.

A Money Order intended for a person residing at a place in which there is no Money Order Office, should be drawn upon the Post Town nearest to it which may have a Money Order Office.

DIVISION OF PROFITS.

A very large portion of the Profits of this Company is allocated periodically to the Assured on the principle of a Tontine. Divisions have already taken place at four periods, viz., 1835, 1840, 1845, and 1850; and next year, 1855, a fifth Division will be made from the Profits which have arisen during the five years from 1850 to 1855.

Additions to Policies are vested when the Policies have been

in existence for Five Years from the date of the risk commencing.

According to the Tontine principle referred to, the measure of a Policy's claim for Profits increases at each Division, so that the party who protects his family by a Life Assurance has, at the same time, the benefit of participating in the profits of the business, according to his survivorship—that is, the length of time he continues connected with the Institution.

CONDITIONS OF ASSURANCE.

UNCHALLENGABLE POLICIES AND FREE RESIDENCE IN ANY PART OF THE WORLD.

When a person assures his life he generally limits his enquiries to the rate of premium, the prospects of bonus, and the general character of the office, but seldom gives attention to the "Terms and Condition" of Assurance. Within the last few years, however, indeed since 1851, when this Company promulgated the system of "Select Assurance," admission to which renders Policies indisputable and unchallengable on any ground whatever, the question of "Terms and Conditions" has become a most important point of consideration, and the day is quickly approaching when no one will hold a Policy from an office which does not give similar advantages. What a boon it is to heirs of Entail, to Borrowers of all descriptions, to Marriage Trustees, in short to all classes, to know, that whatever may happen, wherever the Assured may go, the claim will be met at death, subject to one simple condition, that the annual premium originally stipulated be punctually paid!

ADVANCES ON THE SECURITY OF POLICIES-AND SURRENDERS.

The Directors have also been led to consider the position of the Assured with reference to Loans on the Security of their Policies, and to Surrenders. In both these respects, they have lately adopted rules of the most liberal character, allowing surrender value on Participating Policies from the commencement of the Assurance, while the same sum which would be given for surrender will be given in loan without expense beyond the trifling stamp duty, and at a rate of interest which securities on land alone command. Thus at present the rate is 4 per cent., and the Directors have followed this course on the simple and unanswerable view, that the Loan, being on the security of a Policy with the Company, and within its value, should not be subject to a higher rate of interest than landed securities. With these facilities, no Policy need be forfeited, except by carelessness, so long as the Assurance is of sufficient value to authorise an advance equivalent to the Premium.

ANNUAL INCOME, UPWARDS OF £100,000, Arising from the Issue of upwards of 7000 Policies.

THIS COMPANY, established by Act of Parliament in 1834, affords the most Perfect Security in a large paid-up Capital, and in the great success which has attended it since its commencement.

SECOND SEPTENNIAL DIVISION OF PROFITS AMONG THE

The Bonus added to Policies from March 1834, to the 31st December 1847, is as follows:-

*Example.—At the commencement of the year 1841, a person, aged 30, took out a policy for £1000, the annual payment for which is £24, 1s. 8d.; in 1847 he had paid in Premiums £186, 11s. 8d.; but the profits being $2\frac{1}{4}$ per cent. per annum on the sum insured (which is £22, 10s. per annum for each £1000), he had £157, 10s. added to the policy, almost as much as the Premiums paid.

The Premiums, nevertheless, are on the most moderate scale, and only one-half need be paid for First Five Years, when the

Insurances are for Life.

Parties desirous to participate in the next division of Profits should make immediate application to the Resident Director, at the Office, 8 Waterloo Place, London; to any of the Company's Agents in nearly all important Towns; or to

LIFE ASSURANCE INSTITUTIONS,

A ND the soundness of the principles on which they are conducted, can only be thoroughly tested by Time, as upwards of a quarter of a Century must elapse ere the due fulfilment of their earliest Contracts.

An Office is best recommended when the past history can be

appealed to for benefits conferred:

THE EDINBURGH

LIFE ASSURANCE COMPANY,

Established in 1823, Incorporated by Special Act of Parliament, and combining the security of a Proprietory with Mutual Assurance, has declared and paid accumulated Bonuses of £145 per cent., £110, £100, £85, £71, £65 per cent., and various others, according to the endurance and position of the Policies: the principles of Division conferring the highest benefits on all first-class Lives.

The present character of the Company is exhibited in the result of a continued successful progress of upwards of thirty years. To new Insurers, the best guarantee of the future is to be found in the past history and present position of the Company. The next Division of Profits is at 31st August 1856, when all

LIFE SOCIETY GUARANTEE FUND, £50,000

This Society is established on the just principles of MUTUAL LIFE ASSURANCE, without entailing on its Members the liability incurred in other institutions of a similar character.

It embodies every improvement in the principle and practice of

modern Life Assurance.

The justice and liberality of its principles, and their suitability to the wants of the public, have obtained for it a large and rapidly increasing business; and it may fairly be considered one of the most flourishing and successful institutions of modern date.

The Policies, being indisputable, entail no trouble or incon-

venience to the survivors.

Every Policy is made Payable to the Holder, by which means it may, by simple indorsement, be negotiated with the same facility as Bills of Exchange, and without the exposure, trouble, and expense attending the ordinary mode of assignments.

The payment of Premiums is arranged to suit the convenience

of all classes of Assurers.

Persons Assured in this Office have the following privileges:—
Every Member has a right to vote in the election of Directors and Officers, by which means the Assured possess full control over the management and affairs of the Society.

Annual publication of Accounts, which are audited by Public

Accountants, who are in no way interested in the Society.

No advantage is taken of a Member's temporary inability to pay

the Premium, as the Society will, on application, advance the required amount as often as the value of the Policy will admit.

No charge made for Policy Stamp, Entrance Money, or Medical Fees, nor is any other payment required beyond the Premium.

Should a Member fall into difficulties, or be otherwise totally unable to continue his payments, he would not, as in other Offices, lose all he had paid in, but would have a fresh Policy granted to him, FREE FROM ANY FURTHER PAYMENTS, and equivalent to the sum he had paid.

Annual Distribution of Bonuses.

The Funds of the Society are employed in granting Loans to Members on approved Personal or other Security.

Members are entitled to deduct the Premiums paid to this

Society in making their returns for Income Tax.

Finally, it may be observed that the valuable privileges enjoyed by the Members of this Society can be obtained in no other; the Directors, therefore, confidently and earnestly recommend it to all classes of the community, and respectfully invite intending Assurers to compare the many advantages offered by it with the principles and plans of others.

FIRE COMPANY: CAPITAL, £250,000 STERLING. Fully Subscribed by a Numerous, Influential, and Wealthy Proprietary. The following are among the most prominent features of this office:

I. Instead of making a small return to the Insurers at intervals of Five or Seven years, this Company will return ANNUALLY FIFTY PER CENT. of the PROFITS, the advantage of which is felt as the renewal Premiums become due, virtually making a large reduction from future payments.

II. NO CHARGE for POLICIES, when the sum insured

amounts to £300.

III. NO CHARGE for INDORSEMENTS under any circumstances.

IV. Persons insuring in this Office for Seven years, by a Single Payment, are charged Premium for Six years only.

V. INSURANCES TRANSFERRED from other Offices with-

out any expense, trouble, or inconvenience.

VI. A liberal and systematic classification of risks, and a revision of Premiums without regard to the Tariff of other Offices.

VII. CLAIMS SETTLED with promptness and liberality.

VIII. SECURITY of a SUBSCRIBED CAPITAL, amounting

to a QUARTER OF A MILLION STERLING.

IX. THE INSURED ARE FREE FROM ALL LIABILITY. The MUTUAL PRINCIPLE, with freedom from liability to the Insured, as applied to Fire Insurance, is a novel system, based on liberal and equitable arrangements, thereby securing to the Insured a participation in the Profits they themselves have created; hence, in proportion to the amount of business introduced to this Office by the Insured, so are their own Rates of Premium reduced, or their own Profits increased.

THE system adopted by this Institution gives to the Assured every advantage Life Assurance is capable of affording;

and the success with which it has been attended, arising from its extended connection, and the safe and liberal principles on which it is founded, is sufficiently proved by the fact that it has issued upwards of 9,000 Policies, assuring Sums for upwards of TWO MILLIONS Sterling. It has an annual income of nearly L.40,000; and its accumulated Capital, the property of its Members, is upwards of L.109,000.

Policies issued for the year ending 20th November 1853, have been One Thousand Three Hundred and Fifteen.

ADVANTAGES OF THIS OFFICE.

1. Entire Profits belong to the Assured.

2. No lawsuits—disputes, if any, settled by arbitration.

3. Any sum may be assured, from L.25 to L.5000, payable to the Member himself on attaining any fixed age, or at once to his Representatives, in case of earlier death.

4. Arrears may be paid up at any time, within twelvemonths,

upon production of certificate of health.

5. Policies indisputable, except for palpable fraud.

6. This Society is formed on the Mutual Principle, and possessing advantages resulting from being enrolled under the provisions of the Acts of Parliament relating to Friendly Societies, whereby the sums assured to the Widow, Widower, or Children of deceased Members, are payable to them free from Legacy or Probate Duty—a privilege which the Directors, by considerable effort, were the means of securing.

7. By a clause in the new Act relating to Friendly Societies, the Board is empowered to advance Loans to Members on the security of their Policies, of Five Years' standing and upwards. The mode of procedure in such cases is easy and simple, entailing no trouble or legal expense, and many Members have already

availed themselves of the privilege.

8. A lower rate of mortality than in any other office in Great

Britain

9. Liberty to travel or reside in any part of Europe, in Canada, and in the northern part of the United States, without extra charges.

N.B.—The Temperance and Public sections are kept in separate classes, and will each receive their own profits.

Prospectuses, also copies of the Thirteenth Annual Report, may be had at the Branch Offices, and at the Chief Offices in Edinburgh, Glasgow, Aberdeen, Manchester, Liverpool, London, Dublin, and Belfast.

LIFE DEPARTMENT.

THE system of this Company presents a combination of the most important advantages, of which the following may be enumerated:—

- 1. Absolute security is afforded by the Funds accumulated from Premiums, with the Guarantee of a large Capital.
- 2. The Premiums are Moderate.
- 3. investigations are made quinquennially, and immediate Bonuses are allowed on Participating Policies that become claims between two periods of division. The interests of the holders of such Policies are, in this manner, equalised as perfectly as by any system.
- 4. Policies in which the age of the Assured is admitted are now issued, without liability to be disputed on any ground whatever, after the lapse of five years from their date, provided only that the Ordinary Premiums be regularly paid, with any extra that may be incurred.
- No extra charge is now made for residence in any part of the world north of 38 degrees of North latitude, or south of 30 degrees of South latitude,—California and the Gold Regions of Australia alone excepted.
- 6. For Surrender of Policies for the term of life, effected at

uniform rates, and which have been three years in force, a return of Forty per Cent. of the Premiums received will at any time be allowed, and that, in the case of Participation Policies, in addition to the value of vested Bonuses thereon.

FIRE DEPARTMENT.

Common, Hazardous, and Doubly Hazardous Risks are undertaken at the usual Rates of 1s 6d, 2s 6d, and 4s 6d per cent. respectively. Special Insurances at Increased Rates.

THE DIRECTORS would specially direct attention to the advantages which this Company offers to Assurers, some of which are subjoined:—

First, Undoubted Security from a large accumulated fund from premiums, besides the Subscribed Capital.

Second, The Premiums under the Non-Participating Table enable a party aged 30 to open a Policy for £1244, 9s. 9d., payable at death, for the same Premium that the Mutual Companies insure L.1000, thus giving an immediate Bonus of L.244 9s. 9d.

Third, The Participating Premiums give the Assured a right to participate in the Profits to the extent of about 84 per cent.

Fourth, No Charge is made for Policy Stamps.

- Fifth, Parties Insuring with this Company can deduct the Annual Premiums on their own or Wife's Lives from the Assessment made upon them for the Income Tax.
- Sixth, No extra Premium is charged for residence in Australia, Van Diemen's Land, Cape of Good Hope, or America, north of 38 degrees north latitude.
- Seventh, Parties, on application, in terms of Printed Forms to be had at the Office, may have their Policies declared indisputable after the lapse of five years from their date.
- Eighth, Liberty granted to the Assured, after five years from the date of their Policies, on application in terms of the above, to reside beyond the limits of Europe without extra charge.

Ninth, No Entry Money.

The business done by the Company during each of the two past years nearly doubles the number of the Policies issued in the preceding year, and clearly shews that the public appreciate the benefits which this Old Established Institution confers on those opening Policies with it.

FIRE DEPARTMENT.

- The Company Insures Houses, Manufactories, Rents, Furniture, Goods and Merchandise, Farming Stock, and Shipping in port or dock, from Loss and Damage by Fire, upon liberal terms.
- No charge is made for Policies when the sum insured amounts to L.300, nor for Policies when the Insurance is transferred from other Companies.

SCOTTISH PROVIDENT INSTITUTION.

THE SIXTEENTH ANNUAL MEETING was held at Edinburgh, on 15th February 1854.

THE REPORT by the DIRECTORS exhibited a very satisfactory state of the Business for the year ending 31st December 1853.

The New Proposals accepted have been 716 in number, assuring £309,393, 1s, with yearly Premiums amounting to £8038, 12s 5d. A further sum of £10,729, 2s 8d has also been received for new Assurances by single payment; and several Annuities, immediate, deferred, and contingent, have been contracted for. The total Premiums received in the year have been £74,357, 16s 5d.

The claims against the Institution on account of emerged Policies have been very moderate, the amount, including additions declared at the recent investigation, being £25,526, 5s.

At the close of the year, there had been issued in all 6602 Policies, assuring £2,880,821. The amount remaining assured (exclusive of annuities) was £2,316,672. The Realised Fund, arising entirely from Accumulated Premiums, was £305,134, being an increase of upwards of £50,000 within the year.

BIENNIAL PROGRESS OF THE BUSINESS DURING THE LAST 10 YEARS:—

THE SCOTTISH PROVIDENT INSTITUTION combines the advantage of Participation in the Whole Profits with Moderate Premiums.

The Premiums are as low as those of the non-participating scale of the Proprietary Companies. They admit of being so, not only with safety, but with ample reversion of Profits to the Policyholders—being free from the burden of payment of dividends to Shareholders.

At the first division of Surplus—as at 31st December 1852—Bonus Additions were made to Policies, which had come within

the participating class, varying from 20 to 54 per cent. on their amount.

In all points of practice—as in provision for the indefeasibility of Policies, facility of license for travelling or residence abroad, and of obtaining advances on the value of the Policies—the Regulations af the Society, as well as the administration, are as liberal as is consistent with right principle.

*** Policies are now issued free of Stamp-Duty.

NORTHERN WARDER.

THIS JOURNAL is published every Thursday morning, simultaneously in Dundee and Perth; and, according to the last Parliamentary Return, has the widest circulation of any journal in the district. It advocates the Agricultural, Commercial, and Manufacturing Interests of the counties, and bestows a careful

and well-balanced attention upon the interests of each. It is more especially a Political and Religious Journal, and pays strict attention to the Literature of the day bearing upon Religious, Moral, and Sanitary subjects. As an Advertising Medium for General Business, New Improvements, and Agricultural Sales and Farming, it is well adapted, and extensively patronised. Farmers and others interested in the state of the Markets, will find this Paper highly suitable, as care is taken to obtain accurate telegraphic despatches of the London, Edinburgh, Glasgow, and other important Grain and Cattle Markets. The Produce Market in Liverpool, and the Manchester and Huddersfield Cloth Markets, are also pointedly given. Its large size (being nearly double most of the other papers) enables the conductors to devote considerable space to information bearing upon family and individual economy.

Published every Thursday Morning at the Northern Warder Offices, No. 94 High Street, Perth, and No. 9 New Inn Entry,

Dundee.

THE

BUILDING CHRONICLE.

A JOURNAL for the Architect, Artist, Engineer, and Building Operative, published at intervals of twenty-six days, or fourteen Numbers yearly. Each Number is illustrated by two highly finished Lithographic Plates, besides occasional Wood Cuts.

Price 6d. Stamped Copies 7d.

The objects of this Journal are chiefly—to enunciate useful principles, and disseminate information drawn from every available source, both of a theoretical and practical nature, calculated to advance the Art and Science of Building in its every aspect—to note the progress of the Arts at home and abroad—to report the proceedings of Learned Societies—to chronicle Improvements and Inventions—to aid every effort made to elevate the condition, and better the lot of the Working Man—and, in short, to strive to provide a Miscellany, which may yield profit and pleasure to the Architect, the Artist, and the Amateur.

A limited space is appropriated to Advertisements, and owing to this publication being the only one of the kind in Scotland, it is peculiarly adapted for placing before the Architects, Engineers, Builders, and Building Operatives of Scotland, intimation respecting New Inventions and Materials connected with Building, Architectural Works, &c. It is the best medium in Scotland for Advertisements bearing on "Contracts for New Works," &c.,

reaching the parties specially interested.

LIFE DEPARTMENT.—In this Branch—the essential qualifications of Assurance—Security, and a Participation in the Profits by means of the Bonus system—are combined. Policies may be effected for the whole term of life by yearly or half-yearly payments, or by payment for a limited number of years only.

The following Table (printed with the consent of the representatives of the Claimants) of Bonuses or Additions paid on various Policies, will show the advantage derived by parties effecting Assurances with the Atlas Company. It will be seen that in many instances the Bonus exceeds by 100 per Cent. the amount of the Policy originally effected.

The NEXT VALUATION will be made at Christmas, 1854: and Policies effected before that date, will participate in proportion to the time they may then have been in force.

In the FIRE DEPARTMENT.—The rates for every description of Assurance will be found to assimilate to those of the most respectable and best conducted Offices, with the periodical division of surplus premiums, and other advantages highly favourable to the Assured.

The Company undertakes the assurance of Property in the Manufacturing, Agricultural, and other districts, on favourable terms. Risks of extraordinary hazard on special agreement, upon survey.

An allowance for the loss of Rent of Buildings rendered untenantable by Fire, is one of the advantages offered by the Company.

The Assured are entitled to participate in the Profits of this Branch every fifth year.

The Office Proposals and Forms for Assurance on Lives or against Fire, with full particulars explanatory of the constitution, &c., of the Company, may be obtained at the Office in London, or of any of the Company's Agents in the principal Cities and Towns of the United Kingdom.

SCOTTISH EQUITABLE

LIFE ASSURANCE SOCIETY.

INSTITUTED 1831.

THE TWENTY-THIRD ANNUAL GENERAL MEETING of this Society was held at Edinburgh on 2d May 1854;

WM. STUART WALKER, Esq. of Bowland, in the Chair.

The Report read to the Meeting, and which was unanimously approved of, contained the following particulars:—

The number of Policies issued during the year ending 1st March is 620, the Sums Assured thereby being £282,715, giving an

addition to the Income in Annual Premiums of £8595.

The Policies lapsed by death during the year are 84, the Sums Assured by which amount to £49,850, and the Bonus Additions to

£8482, making together £58,332.

In comparing these sums with the amounts for the preceding year, they exhibit an increase of 17 in the number of New Policies, and of about £6000 in the Sums Assured. The increase, though of moderate amount, must be considered satisfactory, especially when regard is had to the great competition which now exists in the business of Life Assurance.

The number of Policies lapsed by death is *four* under that of last year, and the amount payable nearly £7000 less. Keeping in view the additions made to the business, and the increased age of the Members of the Society, these are most gratifying circum-

stances.

THE SAVINGS BANK

OF THE

CITY AND COUNTY OF PERTH,

Established in 1838,

S Established for the safe custody and increase of small savings belonging to the industrious classes of the City and County of Perth; and among its other advantages, the following may be

mentioned :-

1. Any sum from 1s. up to £150 will be received from individual Depositors, provided that not more than £30 is deposited by each in one year. Societies and Charitable Institutions of any kind may deposit to the extent of £100 in the year, and £300 in all; while Friendly Societies may lodge their whole funds without any limitation.

2. The whole, or any part of the sums deposited, may be with-

drawn whenever required.

3. Interest at a comparatively high rate is calculated on the accounts once a-year, and added to the principal, by which Depositors derive the benefit of compound interest. Every sum of 5s. and upwards gets the benefit of it.

4. The guarantees against mismanagement, provided by the Rules, are of the most complete kind, and the investment of the funds is secure, being either in one of the old Chartered Banks, or

Government Funds, as the Depositor may desire.

The Office of the Bank, at No. 1 Crescent, Perth, is open for receiving Deposits every Wednesday morning, between 9 and 10, and Saturday evening, between 6 and 8; and for repaying Deposits on Thursday morning between 9 and 10. For the convenience of Country Depositors it is also open every Friday from 12 to 3.

District Savings Banks are established at Dunkeld, Coupar-

Angus, Blairgowrie, Crieff, Kincardine, and Caputh.

The Teeth, &c.

R. M'RAE embraces this opportunity of acknowledging his unfeigned gratitude to the Nobility and Gentry of Perth and vicinity, to his Friends and the Public in general, for the highly liberal patronage, by which, ever since he commenced business, they have uniformly distinguished him; and of expressing his assurance, that, by the same punctual and minute attention to their orders, and the same success and satisfaction in the execution of them, he shall enjoy a continuance of their support and favour.

For filling and restoring DECAYED TEETH, Mr M'Rae begs here to recommend SUCCEDANEUM, of which he is the Inventor and only Proprietor. This celebrated Composition is known to possess all requisite properties in the highest degree; in particular that of becoming hard as enamel, almost immediately upon its introduction into the cavity of the Tooth. Not the slightest pain is occasioned by the operation, while farther decay is thereby prevented, and the once useless Tooth rendered serviceable for years, and entirely available for all its original purposes. He would caution all against delaying to apply until compelled by toothache, as filling then is likely to turn out unsatisfactory. Early and timely application will, in general, ensure success, and supersede the painful operation of extraction.

Mr M'Rae continues to supply ARTIFICIAL TEETH of all Descriptions, from a Single Tooth to a Full Set, and that without the preparatory process of removing decayed roots. Invariably is the comfort of the wearer, no less than the nature of the particular case, consulted in their construction. They are done upon the most approved principles of the art, are finished in the first style, and found to be in form and colcur so perfect and natural, that they elude the nicest observation. He continues also to practice in all the other departments of Dentistry.

Mr M'Rae would likewise invite attention to his extensive Stock of MEDICINE and PERFUMERY, all the articles of which he can confidently recommend, both for their freshness and their quality.

TEA AND COFFEE

WAREHOUSE,

29 St. John Street,

PERTE.

SIGN OF THE CHINESE LAMP.

THE TEA DUTIES being settled for another year by a Reduction of 4d. per Pound, we have cleared out several Lots of the Finest TEAS imported for many years; which, being selected by D. Irons, assisted by some of the best Tasters in London, before the late rise in price, will be found, on trial,

UNRIVALLED EITHER IN QUALITY OR PRICE.

Whatever others may say, we still advise all who study economy to buy only "the best Tea, as the cheapest in the end." To Families and large Consumers, we specially recommend our 10, 15, and 20 fb. original Boxes, at the following Prices:

Good STRONG TEA, 3s.	4d. pe	r fb.
Fine PEKOE Flavoured do 3s.		
Finest BLACKISH LEAF do 4s.		,,
Celebrated MIXTURE, 4s.		"

COFFEE.

GOVERNMENT having (unwisely, in our opinion) again authorised the mixing of Coffee with Chicory, the country is being inundated with Canisters and Packages filled with articles of the same colour as Coffee, but quite innocent of almost any other resemblance, the fine aroma of the Coffee Berry being completely absorbed by the Chicory Root. We advise consumers still to purchase Pure Coffee, and if preferred with Chicory, to MIX it themselves, and know what they are really drinking, and thus have far better Coffee at about half the price, as they will save all those expensive but USELESS packages.

PURE COFFEE, GROUND OR WHOLE.

Fine CEYLON,	1s.	per.	tb.
Fine JAMAICÁ,			
Finest JAMAICA and MOCHA,	1s.	8d.	"
Finest Imported,	2s.	0d.	17

We roast our Coffees on the most approved principle, and grind by water power to a fine powder, rendering them more economical than those ground in the ordinary way.
