PROFITS.—These are divided every Five Years amongst the Members, without any deduction for Dividends to Shareholders.

For the Five Years ending 20th November 1897, a Cash Profit of £714,390 was apportioned amongst the Members, being nearly 37 per cent. of the amount paid in Premiums during the previous Five Years.

There were then nearly 1000 Policies in respect of which not only were the Premiums ENTIRELY EXTINGUISHED, but Cash Bonuses were also Paid, whilst in the case of many Policies the original sums assured are now MORE THAN DOUBLE by the Bonus Additions.

ENDOWMENT ASSURANCE.

Policies are issued combining Life Assurance at Minimum Cost with Provision for Old Age. The practical effect of these Policies in the National Provident Institution is that *the Member's Life is assured until he reaches the age agreed upon*, and on his reaching that age *the whole of the Premiums paid are returned to him*, and a *considerable sum in addition, representing a by no means insignificant rate of interest on his payments.*

EXCERPTS FROM OPINIONS OF THE NEWSPAPERS.

The Searchlight, April 1900—"The Marine and General is a fine type of a mutual life assurance society, and could, were it so disposed, push the business with much greater energy. It prefers, however, to proceed warily, and to rest its fame upon the results to the policyholders, rather than upon the pomp and display of a big income—and, possibly attenuated profits. To put it clearly, a man insured in this society at the last investigation received a reversionary bonus of **£2 10s** per cent. per annum on his policy; whereas, in another office of more pretentious size he might have received only **£1 5s** per cent. bonus."

The Financial Times, in reviewing reports, say:—"Such a Brilliant Record over a long period gives evidence of Careful Management and Success in Investments, and that the future prospects of the Society are of a most satisfactory character."

Fairplay—"It would not be easy to adduce parallel results."

The Local Government Journal—"A Progressive Assurance Office, and it is impossible for intending Insurers to find a better."

Statist—"It looks as if this Society ought to be able to maintain, if not to increase the Bonus that it has paid so long. This is a very Satisfactory Position for a Life Office to find itself in, and should be able by Force of Merits to attract a large number of new policyholders."

THE PREMIUMS are calculated by half-years of age.

NEW PLAN OF IMMEDIATE BONUS POLICIES.

Special attention is directed to this New Scheme, the rates under which are less than the usual Non-Profit rates. The yearly premium payable at age 30 for an Ordinary With-Profit Policy for £1,000 will assure £1,300 under this new plan, thus securing an Immediate Bonus of £300.

ANNUAL PREMIUMS to assure £100, subject to further reduction, as mentioned in Special Prospectus, if the Society's rate of Bonus exceeds 25s per cent. :—

DUNDEE DIRECTORY,

1900-1901.

GENERAL NOTICE.

THE affairs of the City, looked at from a comprehensive standpoint, have been signally satisfactory during the past twelve months. This thriving state of matters, we are glad to record, has not been confined to our staple industry. On the contrary, whilst our mills and factories have been unwontedly busy—rivalling, in fact, their palmiest days,—all minor branches of business have been equally active. Not only has production been large, but good prices throughout were obtained. For months the difficulty has been to supply the demand, entailing heavy pressure upon producers. Every mill and factory in the city has been in full swing, and not for long has the market been so steady and unvariable. Whilst employers are reaping the benefits of this accession of good trade, the rank and file of operatives are also feeling the advantage as well. There was abundant employment for all. In fact, the masters have had a difficulty in getting hands. As a consequence the privation and distress which always accompany dull times were conspicuously absent, except amongst those who are afflicted with chronic improvidence.

This thriving state of trade is to be attributed to two causes. In the first place, markets, long surcharged with a plethora of goods, have been relieved; and, in the second place, it is a result of the heavy demand made for our fabrics consequent on the outbreak of war in South Africa. It is, however, apparent, from indications already in evidence, that this run of prosperity is likely to give way, and some leading operators in the market are afraid that it is probable, before many months elapse, we may fall back into the old order of things. Experts, at the same time, are not so despondent. They are of opinion that Dundee has seen its worst, and that with the opening up of new outlets, and the great improvements that are constantly being introduced into our methods of production, we shall hold our own with other manufacturing centres.

While our textile industries were forging ahead, others have not been lagging behind, notably the building trades. The extension of the City continues to go on apace, and unfueled tracts of ground are opened up every year. New buildings fill places which recently were either fields or gardens, and a community which for a long period was strictly urban has now branched out and populated the semi-rural districts. New streets, new villas, new tenements mark the path of progress, and the hand of the artificer is still steadily engaged in developing, beautifying, and adding structural elegance to our town. The building trades, like the jute trade, during the period just closing, have been very prosperous. Large contracts, on the whole fairly profitable, were successfully carried out. If any branches of industry have benefited by the increase in the population, the consequent extension of the City, and the construction of public and

private edifices, it has been those which form the trades referred to. For many years there has been no dearth of work either for masters or men. But this state of affairs, it seems, is about to wane—for a time at least. Builders, proprietors, and speculators in house property are of opinion that the town is overbuilt, so far as relates to the better class of tenemental property; and it is stated that any further operations in connection with that class of building will be more for investment than for speculation. Material still maintains high prices, wages have fallen, and are expected to fall further; and, besides, there is no probability of further additions to the larger public buildings, such as Banks or Insurance premises. The most of the important work mentioned in our last issue is well in hand, and will shortly be completed. All Corporation contracts are under weigh. The Central Station for Fire Brigade is getting forward, and the heavy alterations on the Gasworks are proceeding satisfactorily. The extensions at King's Cross Hospital are moving slowly, and it will take at least twelve months to finish them. By far the most important work belonging to, and engaging the attention of, the Corporation is that of the Electric Tramways. The Power Station at Dudhope Road will be finished in time to supply the necessary motive power for Perth Road and Lochee Road sections, both of which are expected to be opened about August ensuing. When these routes are completed the construction of the others will follow in due course. The agitation, long kept up, for district wash-houses is being responded to. The experiment in Guthrie Street having proved successful, the Town Council have decided to erect three others—one being located in Lochee, another in Caldrum Street, and the last in Constable Street. These districts have been selected for the congested state of the population. It is therefore expected that the establishment of these washing-houses will supply a want which has long been felt. The Esplanade is much in the same condition as it was last year, the only advance made towards completion being the filling up at the west end, which is now accomplished. The construction of a bridge at Ninewells, the object of which is to connect Perth Road with the Esplanade, will soon be proceeded with, an agreement to that effect, after much delay, having been ratified. It has also been resolved to straighten the Esplanade by running the wall from the outer point of the curvature on the east and thence westward to a point at its terminus on the west. By this arrangement a vast space of ground will be added to the Esplanade, it being understood that it will in the long run be devoted to a Pleasure Park for the youth of the City. This work will also be entered upon soon, but being so gigantic and the filling up so difficult, many years must elapse before it is finished. The only other undertaking of note engaging the attention of the Town Council is the proposed substitution of a new wall and railing for the old wall in front of Barrack Park. Before the expiry of another year this work will also be executed. The Auxiliary Museum in Barrack Square is about finished, and will be open to visitors in a few weeks. A large amount of old property has been acquired by the Town Council for the purpose of widening Seagate, in order to admit of tramways being laid along

that street. The demolition of these properties will be proceeded with forthwith. The negotiations for the widening of Gellatly Street have unfortunately fallen through in the meantime, the owners of the property required for that purpose demanding prices which the Town Council decline to entertain. An agreement has just been entered upon between the Town Council and Sir Reginald Ogilvy, whereby the Fairmuir will be extended northward, and fully four acres of land added to its area. In connection with this extension, there will be formed a leading thoroughfare joining Pitkerro Road on the east, with Strathmartine Road on the west, and covering a distance of about two miles. This thoroughfare should materially assist in opening up the whole of the north-east district of the city. Another matter in which the city was interested has ended in failure. The agitation which has been going on for years with the view of obtaining a Central Station has utterly collapsed. The chief officials of the Railway Companies interested have indicated that the Companies do not intend to promote any scheme for the erection of a station of the kind desiderated. It may, however, be mentioned that the long-desired Station at Stannergate is now an accomplished fact.

With reference to buildings erected or to be erected by private enterprise, perhaps the most conspicuous is that of the Sanatorium gifted by ex-Provost Moncur. After considerable delay and difficulty, a site has been obtained near the village of Auchterhouse, the ground necessary being given free of duty by the Earl of Airlie. The plans show that when finished the Sanatorium will be one of the best equipped of its kind for the treatment of consumption. The erection will soon be commenced. The palatial hotel in Whitehall Crescent, belonging to Bailie Mathers, is one of the most striking edifices in the city, and equal in appearance and style to the great hotels of London and Edinburgh. The hotel forms the western wing of Whitehall Crescent; and a fine block of business premises on the site of the old Weigh-House, now almost ready, will make a fitting terminal to the eastern wing. Another semi-public undertaking is worthy of notice. The representatives of the Salvation Army in Dundee having acquired the Girls' Industrial School in Ward Road, lost no time in having it reconstructed and formed into a commodious Home for Working Girls. This institution was opened by General Booth, in presence of a representative audience, on 3rd May. The Home will, no doubt, prove to be one of our most effective agencies for giving genuine help to young working girls, a class who stand much in need of it. An improvement, fraught with much taste, has just been finished at the Drill Hall, the headquarters of our Volunteers. The façade, or front elevation, has been reconstructed in light open work. It has improved the appearance of the building, whilst, by adding a set of new rooms, the administrative work will be gone through with greater facility. Many improvements of minor importance have been effected in other buildings, and altogether the year that has passed will compare favourably in all respects with its more recent predecessors. An undertaking of large dimensions is about to be entered upon by the

Ancient Order of Foresters, that body having arranged to erect a series of blocks of tenemental dwelling-houses for working men of the better class in the area off Rattray Street, Ward Road. A large Hall and Committee Rooms will form a section of the work.

Many incidents, interesting in themselves, and in which the public concerned itself to an unwonted degree, occurred during the year. Those most conspicuous, however, were centred in the ceremonies attendant on the opening of the Royal Victoria Hospital for Incurables and the unveiling of the Queen's Statue by His Royal Highness the Duke of Connaught, on Saturday, 26th August 1899. Both functions were attended with marked success. A general holiday was proclaimed, and the city was decorated with flags festooned in all manner of tasteful designs. In the course of the day, Lord Provost M'Grady, who entertained his Royal Highness at Arnhall to breakfast, and afterwards to luncheon in the Albert Galleries, presented the Prince on behalf of the Corporation with an address of welcome enclosed in a handsome gold casket.

The next incident in importance, and one which aroused the patriotic fervour of the inhabitants to a high pitch of enthusiasm, was that relating to the spontaneous offer on the part of a number of volunteers to join the regular army at the front in South Africa. The freedom of the city was conferred upon them in the Drill Hall in presence of their comrades and an immense gathering of representative citizens, on 24th January by Lord Provost Hunter; and Mrs Hunter gave a medal, commemorative of the occasion, to each man as he left the platform. A similar function took place in the Drill Hall on 25th April, when another detachment was about to proceed to the seat of war. The first squad consisted of thirty-nine men, and the second of eight men.

Two interesting ceremonies took place during the year. On 28th September the freedom of the City was conferred upon the Right Hon. A. J. Balfour, M.P., Leader of the House of Commons; and on 3rd October a similar well-merited compliment was paid to Miss Helen Symers, of St Helens, a lady who, through her unostentatious public and private benefactions, has endeared herself to the people of Dundee.

Our obituary list is a heavy one, many leading citizens having passed away during the past twelve months. These included Mr John M. Keiller, Rev. Gavin Anderson, Mr George A. Cox, Ex-Provost Robertson, Mr W. D. Latto, Mr John L. Cunningham, Mr David Pirie, Mr P. M. Cochrane, Mr David Hogarth, Mr Thomas Congleton, and Mr William Stiven.

Our frontispiece shows the latest portrait of Lord Provost Hunter, a gentleman who in a municipal capacity has served the community faithfully and well for close on twenty years. His Lordship was first elected Provost of Dundee in November 1887, and held the office for three years. This is his second term. His colleagues, recognising his worth and zeal, in November last unanimously reappointed him to the civic chair—a fitting reward to one whose career has been so honourable and useful.

*The term "paper money" means bank notes, money orders, postal orders, unobliterated postage or revenue stamps, exchequer bills, bank post bills, bills of exchange, promissory notes, cheques, credit notes which entitle the holder to money or goods, orders and authorities for payment of money, bonds, coupons, securities for money. But the following are not excluded from the book post:—Stamped proxy papers, or a stamped and addressed post card, wrapper, or envelope enclosed for return to the sender or to some person designated by the sender.

- g. Examination papers, with corrections and instructions. *Conditions.*—That any written or printed matter not forming part of the document itself refer solely to the questions put or the answers thereto.
- h. Circulars, that is, printed notices and letters, whether separate or on the same sheet of paper with any other document transmissible by Book Post. *Conditions.*—That the circular may be corrected in writing; that the date of despatch, and the name and address and description of the sender, and the name of the addressee may be inserted in writing; that when the circular is a notice of meeting or appointment, the place, date, and hour, and, in the case of a notice of meeting, the objects of the meeting may be inserted in writing; that when the circular is a polling card, the name and address of the voter and his number on the register may be inserted in writing.
- i. Deeds, agreements, proposals and policies of assurance, powers of attorney, proxy papers, voting papers, certificates, licenses. *Conditions.*—That nothing appear in the document in writing or print which does not form part of the document as a legal instrument.
- j. Notices, reports, returns, and certificates issued, made, or given by officers of a Court of Justice, or other public officers in the discharge of their duties, and returns or reports made to public officers or public bodies. *Conditions.*—That the document consist of a printed form; that any written matter on such document consist merely of information or statements appropriate to the form and necessary to the completion of the document.

In the above definition expressions referring to print or printing shall be taken to refer to any species of typeprinting easy to recognize, and to include lithography, handstamping, or any mechanical process. Circulars printed or lithographed in characters resembling those of the type-writer, or produced from type-written originals, may only be sent by Book Post provided that they are handed in at the counter of the Post Office, and that at least 20 copies precisely identical are posted at the same time.

Book packets should be posted either without covers (in which case they must not be fastened in any way), or in unfastened envelopes, or in covers which can be easily removed for the purposes of examination. A book packet may, however, be tied at the ends with string.

In order to secure the return of book-packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*; thus, "From———of———."

A book-packet must not exceed 2 feet in length or 1 foot in width or depth.

Embossed Envelopes, bearing a halfpenny stamp, are sold at the following rates:—"Commercial" size, 10 for 5½d; "Foolscap" size, 10 for 6d.

SPOILT STAMPS.

Applications for allowance on spoilt, or unused, postage stamps, embossed envelopes, post-cards, or newspaper wrappers, which have not passed through the post, should be made at the Stamp Office.

POST OFFICE SAVINGS BANK.

Deposits of one shilling, or of any number of shillings, may be made by any person at the Post Office Savings Banks to the extent of £50 in one year ending 31st December, and £200 in all, including interest.

Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a penny Stamp, and affixing it to a form to be obtained at any Post Office. Instructions as to this form are printed thereon.

POST CARDS.

Official Post Cards, impressed with a halfpenny stamp, and official reply Post Cards impressed with a halfpenny stamp on each portion of them, may be transmitted between places in the United Kingdom with letters printed or written upon the back.

Nothing whatever may be attached, except adhesive stamps in payment of additional postage or stamp duty, and a gummed label (not to exceed 2 inches long and $\frac{3}{4}$ of an inch broad) bearing the address at which the card is to be delivered; nor may the card be folded, cut, or altered in such a way as to reduce the size below $3\frac{1}{4}$ by $2\frac{1}{4}$ inches.

A Private Card becomes a Post Card when it has a halfpenny stamp affixed to its face. It must be composed of ordinary cardboard, not thicker than the material used for the official Post Card. The maximum size must correspond as nearly as may be to the size of the Inland Official Card, and the minimum size must not be less than $3\frac{1}{4}$ by $2\frac{1}{4}$ inches. The rules in the preceding paragraph also apply to Private Cards.

Nothing may be written or printed on the address-side of a Post Card (or any postal packet) which, either by tending to prevent the quick reading of the address, or by inconvenient proximity to the postage stamps, or in any other way, is likely to embarrass the Officers of the Department.

Inland Post Cards are sold at the following rates:—

Stout Cards 10 for 6d, or 5s per parcel of 100.

Thin Cards 10 for $5\frac{1}{2}$ d, or 11s per parcel of 240.

Reply Stout Cards 10 for 1s, or 5s per parcel of 50.

Reply Thin Cards 10 for 11d, or 11s per parcel of 120.

EXPRESS DELIVERY OF LETTERS AND PARCELS.

Letters and Parcels are accepted at the Head Post Office for immediate despatch to any part of the Town or Rural District. They must be handed in over the counter at the Head Post Office, and the words "Express Delivery" must be written above the address by the sender.

The Express fee for a letter or packet not exceeding 1 lb. in weight is:— For every mile or part of a mile, 3d. For a letter or parcel over 1 lb. in weight the Express fee is:—For every mile or part of a mile, 3d; and for every lb. or part of a lb. beyond the first lb., 1d.

If the distance exceeds two miles, and a public conveyance is not available, or if the parcel exceeds 20 lbs. in weight (or 15 lbs. if a public conveyance is not available), the cost of a special conveyance must be paid. If the sender does not wish to pay for a special conveyance, any parcel, not exceeding 5 lbs. in weight, may be delivered by foot messenger up to a distance of 3 miles. The fee in this case is 3d per mile in addition to weight charged, if any.

When several packets are tendered for delivery by the same messenger at different addresses, the Express fee of 3d a mile will be charged for the full distance to be traversed, and an additional charge of 1d for each article above one.

On the delivery of a letter or parcel, the messenger may take a reply or perform a further delivery service, provided that a second fee be paid. When a reply or further service is required by the sender, the words "Wait Reply" or "Further Service" must be written above the address. When a letter or parcel is taken on a return or further service to an address on the messengers' homeward route, or within half a mile of the Post Office from which the messenger started, half only of the mileage rate is charged.

Letters intended for Express Delivery from the Post Office of destination, may be posted like ordinary letters, but they must be marked "Express Delivery," and have a thick perpendicular line drawn on each side of the envelope. In addition to the ordinary postage, the Express fee (prepaid by postage stamps affixed to the letter) is 3d for every mile from Office of

Delivery (the weight charge of 1d per lb. does not apply in this case). If the sender desires that a special conveyance be used, or if the distance exceeds 2 miles and a public conveyance is not available, the cost of a special conveyance must be paid. Any packet, not exceeding 5 lbs. in weight, may be delivered by foot messenger up to a distance of 3 miles at a charge of 3d per mile in addition to the postage.

Persons who desire at any time to receive their Letters or other Postal Packets of any kind in advance of the ordinary delivery, may have them delivered by special messenger on payment of the full Express Fee of 3d a mile as for one packet, and 1d for every 10, or less number, of additional packets beyond the first.

INLAND PARCEL POST.

Parcels *not exceeding 11 lbs. in weight, 3 ft. 6 in. in length, or 6 ft. in length and girth combined*, are received at any Post Office for transmission between places in the United Kingdom. The rates of postage are:—

Not exceeding 1 lb. in weight,	3d	Exc. 5 lbs. and not exc. 6 lbs.,	8d
Exc. 1 lb. and not exc. 2 lbs.,	4d	„ 6 lbs. „	7 lbs., 9d
„ 2 lbs. „	3 lbs., 5d	„ 7 lbs. „	8 lbs., 10d
„ 3 lbs. „	4 lbs., 6d	„ 8 lbs. „	9 lbs., 11d
„ 4 lbs. „	5 lbs., 7d	„ 10 lbs. „	11 lbs., 1s

Postage stamps to the required amount must be affixed by the sender, and parcels must not be posted in a letter-box, but must be taken into a Post Office and handed over the counter. A certificate of posting may be had on application.

Parcels containing fish, game, meat, eggs, &c., or razors, scissors, needles, knives, forks, or other sharp instruments, are not accepted unless securely packed so as to guard against risk of injury to other parcels. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, &c., are not accepted unless in bottles or cans securely stoppered; nor powders, unless well packed. Live bees are allowed to pass by letter or Parcel Post, if sent in suitable cases, so packed as to avoid all risk of injury.

Parcels addressed to a Post Office to be called for, or to a person residing beyond the free postal delivery, are kept three weeks. At the end of one week, if the parcel bears on the outside the sender's name and address, a notice of the fact that the parcel has not been delivered is sent to him.

Parcels addressed to a Post Office "to be called for," are liable to a demurrage charge at the rate of 1d a day. No demurrage is charged on parcels addressed to persons outside the limits of free delivery, or to persons on board ship.

In order to facilitate the return of parcels which cannot be delivered, it is most desirable that the name and address of the sender should appear on the outside of every parcel.

Compensation for the Loss or Damage of Inland Parcels.

If a parcel is not registered, the Postmaster-General will accept liability up to £2, without payment of any fee beyond the postage, provided that—(1) the parcel is posted in the manner prescribed for the posting of parcels, and the postage prepaid; (2) a certificate of posting is obtained from the officer receiving the parcel; (3) the contents of the parcel are securely packed.

No compensation (either for loss or damage) will be given in respect of a parcel containing (1) anything which may not be sent by Inland Parcel Post; (2) money; (3) a watch or jewellery, unless registered.

No compensation will be given in respect of damage to a parcel containing eggs, soft fruit, liquids, or any exceptionally fragile or perishable articles; but, in all such cases, compensation will be given in respect of the loss of the parcel, or of any article contained therein.

The fee for registering any Inland postal packet (parcels included) is twopence, and this registration fee and the postage must be prepaid.

POSTAL DIRECTORY.

INLAND REGISTRATION.

The Postmaster-General will (subject to certain rules) give compensation up to a limit of £5 for the loss and damage of any Inland Registered Packets upon which this fee has been paid in addition to the postage; and he will grant compensation beyond £5 and up to a limit of £120 upon prepayment of a fee in addition to the postage and the ordinary registration fee. The scale of fees and the respective limits of compensation are as follows:—

Fee 2d, Compensation £5.	Fee 9d, Compensation £70.
„ 3d, „ £10.	„ 10d, „ £80.
„ 4d, „ £20.	„ 11d, „ £90.
„ 5d, „ £30.	„ 1/-, „ £100.
„ 6d, „ £40.	„ 1/1, „ £110.
„ 7d, „ £50.	„ 1/2, „ £120.
„ 8d, „ £60.	

Every article presented for registration must be enclosed in a strong cover, securely fastened. It must be given to an Agent of the Post Office, and a receipt obtained for it. If, contrary to this rule, an article marked “Registered” be dropped into a letter-box, it will be liable to a registration fee of 4d (less any amount prepaid for registration).

Every article presented for registration should be marked “Registered,” and with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus—“Registered 2d,” or “Registered 3d.”

Inland postal packets containing coin, watches, or jewellery, if posted without registration, are subject to compulsory registration, and are charged on delivery with a fee of 4d, in addition to the ordinary postage. Letters containing Postal Orders in which the name of the payee has not been inserted, uncrossed cheques, dividend warrants, bank notes, postage stamps to the value of more than a shilling, and any other article of a value exceeding one shilling, will, when found open in the post, or when opened in the Returned Letter Office, be subject to registration, and be chargeable with a registration fee of 2d. Like treatment is applied to parcels containing articles of considerable value, and to letters containing any article of a value exceeding one shilling.

The sender of an Inland postal packet may obtain an acknowledgment of its due delivery by paying, at the time of posting, a fee of 2d in addition to the postage and registration fee.

The registered Parcel Post is also available for watches and jewellery. Money may also be sent in a registered parcel, but no compensation will be given in respect of the loss or damage of such parcel.

RE-DIRECTION.

Letters, book packets, post cards, and newspapers are not liable to additional postage for re-direction, whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided in the latter case that the letters, &c., are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened or tampered with.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction, except where the original and corrected addresses are both within a delivery from the same Post Office.

Registered letters, &c., when re-directed, must either have the word “registered” erased before being re-posted, or they must be taken back to the Post Office to be dealt with as registered.

A Postmaster is not bound to re-direct letters for a person temporarily leaving home, unless the house be left uninhabited; nor, as a rule, does he re-direct letters addressed to clubs, hotels, boarding-houses, or lodgings.

MONEY ORDERS.

When applying for Money Orders, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is:—For sums not exceeding £1—2d; not exceeding £3—3d; not exceeding £10—4d.

The applicant must furnish, in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name should also be furnished.

Exceptions.—1st. The remitter of an Inland Order may direct at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2d. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3d. The usual designation of a firm, as well as the ordinary title of any company or society, is sufficient either as remitter or payee.

If the remitter of an Inland Money Order is desirous of delaying payment for any period not exceeding ten days, he must, at the time of issue, sign his name in the place allotted at the foot of the Money Order, and should inform the Postmaster that he wishes payment to be so deferred.

To guard against fraud the remitter is recommended,—

1st. When he is well known to the payee, to sign the letter enclosing the Order with his initials only.

2nd. When this is not the case, either to make the Order payable ten days after date, or to register the letter enclosing it, or to make the Order payable through a bank by crossing it like an ordinary cheque.

3d. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this precaution is less effective than either of the others.

Money Orders for amounts not exceeding £50 are issued free of charge when required for the remittance of Income Tax, Inhabited House Duty, Land Tax, Excise Duties, or Legacy and Succession Duties.

Money may be transmitted by Telegraph Money Order in the United Kingdom. The commission is:—For sums not exceeding £3—4d; not exceeding £10—6d; and, in addition to the commission, a charge is made at the ordinary inland rate for the Official Telegram authorizing payment at the Office of Payment, the minimum being 6d. Any telegraphic communication which the remitter may wish to despatch to the payee must be paid for at the ordinary inland rate.

Money Orders are issued in the United Kingdom on the following Foreign Countries, British Colonies, &c., at the rates of commission shown below:—

FOREIGN AND COLONIAL LETTERS.

The rate of postage to be prepaid on letters for all Foreign Countries and some British Possessions is $2\frac{1}{3}$ d per half ounce, but there are many British Possessions (see list on page 135) to which the letter rate is 1d per half ounce.

No letter for a colony or foreign country may exceed 2 feet in length or 1 foot in width or depth.

The addresses of letters for Russia should be very plainly written, and the name of the town and province should also be added in English, French, or German.

FOREIGN AND COLONIAL PRINTED PAPERS AND COMMERCIAL PAPERS.

Articles which may be sent to places abroad under these designations consist of two classes, as follows:—

- (a) "Commercial Papers," under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal, written on stamped or unstamped paper, Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, and other papers of a similar description.
- (b) "Printed Papers." The articles which may be sent at the rate applicable to Printed Papers are mostly impressions or copies obtained upon paper, parchment or card-board, by means of printing, lithography, engraving, photography, or any other mechanical process easy to recognize. This description includes newspapers, periodical works, books (stitched or bound), pamphlets, sheets of music, visiting cards, address cards, proofs of printing, plans, maps, catalogues, prospectuses, announcements, circulars, notices, engravings, photographs, designs, manuscript for press (when sent with proofs of same), papers impressed for use of the blind, or card-board drawing models stamped in relief, and anything (not being of glass) usually appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission which shall be contained in the same packet. Postage stamps, obliterated or not, and all printed articles constituting the sign of a monetary value, are excluded. The products of the copying press and the typewriter are not admitted, nor, as a rule, are printed papers which have been modified after printing, either by hand or by a mechanical process. But the following exceptions are allowed:—Printed circulars may be dated in manuscript or by a mechanical process, and the signature of the sender, his trade or profession, and his address may be added; on printed visiting cards the address of the sender, or formulas of courtesy in not more than five words may be written, and on printed circulars manuscript corrections and insertions may be made as to names of commercial travellers, dates of journey, dates of departure of ships, names of persons invited to meetings, and the place, date, and object of the meetings;

printers' proofs may be corrected in manuscript, errors in other printed documents may be corrected, and figures may be inserted in prices current, stock and share lists, &c. ; books, music, photos, and engravings may have a dedication inscribed on them, and the invoice relating to them may be inclosed ; in orders for books printed on cards, the works required or offered may be indicated in manuscript. Circulars printed or lithographed in characters resembling those of the typewriter, or produced from typewritten originals, will be admitted at the Book rate, provided that they are handed in at the counter of Head Post Office, that special attention is called to their nature, and that at least twenty copies precisely identical are posted at the same time. Blank paper, notepaper or envelopes, and articles of stationery are inadmissible.

The rate of postage on Printed Papers and Commercial Papers for all places abroad is $\frac{1}{2}$ d per 2 oz. For Commercial Papers the lowest charge is $2\frac{1}{2}$ d, for which sum, however, a weight of 10 oz. may be sent. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers.

Commercial Papers and Printed Papers may be posted either without a cover (in which case they must not be fastened by gum or otherwise), or in an envelope left unfastened, or in a cover open at both ends. The packet may, however, be tied at the ends with string.

To secure the return of packets which cannot be delivered, the name and address of the sender should be written or printed outside.

The limit of size for British Colonies or Possessions or non-Union countries are 2 feet in length by 1 foot in width or depth ; but to Foreign Countries in the Postal Union the length is limited to 18 inches. If in the form of a roll the limits of size in either case are 30 inches in length and 4 inches in diameter. The limits of weight are 5 lbs. for British Colonies or Possessions, and for non-Union countries or colonies ; and 4 lbs. for Foreign Countries in the Postal Union.

All Books and printed matter imported into the United States through the Post, however small the values, are subject to a duty of 25 per cent. of that value. The following articles are still exempt from Custom duties:—1. Newspapers and periodicals already exempt from duty ; 2. Photographs and printed papers, other than Books, received in the United States in such small quantities as to suggest that they are intended for personal use and not for sale ; 3. Books, engravings, music, &c., which have been printed more than twenty years, publications devoted to original scientific research, or printed for private circulation, and works printed exclusively in any other than the English language.

Bound books addressed to Portugal are subject to Customs Duty. The wrapper should bear an indication of the nature of the contents, and also the words "A soumettre à la douane," otherwise the books will be liable to a fine.

FOREIGN AND COLONIAL PATTERNS AND SAMPLES.

There is a Pattern and Sample Post to Foreign Countries and the Colonies generally ; but it is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, cannot be forwarded as patterns.

No article liable to Custom Duties can be sent as a sample or pattern.

The rate of postage is $\frac{1}{2}$ d per 2 oz., except that the lowest charge is 1d, for which sum, however, a weight of 4 oz. may be sent.

Patterns or Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like, may be posted enclosed in boxes or bags fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any Sample Packet for non-Union countries, except the address of the person for whom it is intended,

the address of the sender, a trade mark or number, the price of the articles, the weight or size, and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A packet for a country in the Postal Union may contain Printed Papers, and if the rates for Commercial Papers be paid, it may also contain Commercial Papers.

Samples of saleable value must not be sent to any foreign country, or to any of the British possessions which are comprised in the Postal Union.

Liquids, glass, greasy substances, colouring powders, and live bees may be sent only to some foreign countries when they conform to special conditions as to packing, &c.

The limit of weight for British Colonies or Possessions or for non-Union countries is 5 lbs., but for Foreign Countries in the Postal Union the limit is 12 oz.

The limit of size for British Colonies or Possessions or for non-Union countries is 2 feet in length by 1 foot in width or depth; and for foreign places in the Postal Union 12 inches in length, 8 inches in width, or 4 inches in depth; unless it be in the form of a roll, in which case the limit of size is 12 inches in length and 6 inches in diameter.

FOREIGN AND COLONIAL POST CARDS.

Single and Reply Official Post Cards are transmissible to all parts of the world—Single Cards, 1d each; Reply Cards, 2d each. (Inland Post Cards are transmissible abroad if the additional postage required is supplied by postage stamps being affixed.) Engravings or advertisements may appear on the front of a Post Card, if they do not interfere with the clear indication of the address, in addition to the name and address of the recipient in writing or on a gummed label not exceeding in size 2 inches by $\frac{3}{4}$ in., and the name and address of the sender indicated in writing, or by means of a stamp, or any typographical process.

Private Post Cards bearing adhesive stamps of the value of one penny, and private reply cards with adhesive stamps of the value of one penny on each half, may be sent as post cards to places abroad, provided that they are in conformity with the official post cards. They must be of the same size and substance as the official cards, and must have the words "Post Card" printed on the address side. The reply halves of private double cards must bear in print the words "Post Card—Great Britain and Ireland" and "Reply." Plain cards without any printed inscription cannot be sent abroad as single or reply Post Cards.

Each parcel must be plainly directed, and should bear the words "Parcel Post" in the upper left-hand corner, and the name and address of the sender. The date of posting should also be added. A parcel must not be posted in a letter box, but, as in the case of the Inland Parcel Post, must be taken into a Post Office and presented at the counter.

Parcels will be liable to Customs duties and regulations, and the sender of each parcel will be required to make a Customs declaration furnishing—upon a special form provided for the purpose, which can be obtained at any Post

Parcels for Her Majesty's ships cannot, as a rule, be accepted for transmission unless the name of the particular place, to which in each case the parcel is to be forwarded, forms part of the address.

No letter whatever may be sent in a parcel addressed to any Foreign Country, or to Australia, British Central Africa, Cape Colony, Natal, South Africa, Fiji, Jamaica, Mauritius, New Zealand, Seychelles, Straits Settlements, and Trinidad. Invoices in open envelopes, giving particulars of the goods contained in the parcel may, however, be enclosed.

Parcels containing coin, watches, jewelry, or any article of gold or silver, cannot be sent by Parcel Post to any Foreign Country or British Possession included in the insurance system, unless they are insured for at least part of their value, and packed according to special regulations.

Parcels should be securely packed, and must, if for Foreign Countries, be so sealed that they cannot be opened without the seals being broken.

COMPENSATION FOR LOSS OR DAMAGE.

The Postmaster-General will, subject to certain rules, give compensation for the loss or damage of uninsured parcels sent by Parcel Post to various foreign countries (to amounts not exceeding 12s and 20s) when such loss or damage takes place while the parcels are under his custody; and in the case of parcels lost or damaged while under the control of the Post Offices of these countries, the Postmaster-General will endeavour to obtain compensation for the senders.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge for telegrams throughout the United Kingdom is 6d for the first 12 words, and $\frac{1}{2}$ d for every additional word. Addresses are charged for.

The telegram forms are of two kinds, the "A 1" form, embossed with a stamp, and the "A" form (given gratis), with no stamp. The "A 1" forms may be purchased singly. They may also be had in books of 20, interleaved, and with a sheet of carbonic paper, price 10s 2d each book.

When the terminal office is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. The portage on messages for places beyond the limits of the free delivery will be at the rate of 3d a mile or part of a mile, the charge being reckoned from the office door.

Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of twopence per copy, in addition to a halfpenny for each word in the address of the copy.

Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate" in a wall or pillar-box, or Sub-Post Office. Telegrams so posted are sent on by next collection to the Telegraph Office for transmission free of extra charge, provided that the proper amounts have been prepaid.

No combination of words is counted as one, with the exception of those which are ordinarily written as one, or coupled by hyphens, as "mother-in-law," "forty-seven." Certain exceptional names, such as O'Neil, MacDonald, De la Rue, are charged for as single words. So, too, are names with the prefix "St," as St Pancras; but double names of persons, like Smith-Payne, are counted as two words.

Abbreviations of words, "can't," "won't," "don't," are counted as single words.

Figures are counted at the rate of five figures to a word. Fractions are counted according to the number of figures employed, one figure being added for the mark of division. In groups of figures a stop is counted as a figure. The symbols o/o, a/c, b/l, and c/o are each counted as one word. In ordinal numbers the affix st, nd, rd, or th is counted as two figures—thus "1st" counts as one word, "1432nd" as two words. When figures are preceded or followed by a letter (except in the case of ordinal numbers), the letter is counted as a word. Initial letters are each counted as one word, with the exception of the initials of the London Postal Districts, which are counted as one word for each group. Names of towns and villages in the United Kingdom are counted as one word each.

Anyone may have an abbreviated address registered on payment of a guinea a year, but the registration of abbreviated addresses is not recommended.

The cost of a reply, not exceeding forty-eight words, may be prepaid, and a reply form will then be delivered to the addressee, who will be at liberty to send his reply, from any telegraph office, at any time within two months.

Telegrams can be repeated, if the sender desires it, by being signalled back from office to office. No copy is, in such case, given to the sender. The charge for repetition is one-half the ordinary tariff. Telegrams containing mercantile quotations or figures, and telegrams written in cypher, or according to a preconcerted code, should always be repeated.

FOREIGN TELEGRAMS.

Foreign telegrams are of two kinds, telegrams in plain language and telegrams in secret language. Those in plain language are composed of words, figures, and letters conveying an intelligible meaning. Those in secret language are divided into: (1) preconcerted language or code, (2) cypher.

Code telegrams are those composed of words, the context of which has no intelligible meaning. Proper names are not allowed in the text of code telegrams, except in their natural sense. Words of more than ten letters are not allowed. In Code telegrams only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin, may be employed, but words of any or all of these languages will be allowed in the same telegram.

Cypher telegrams are those containing groups of figures having a secret meaning. Telegrams consisting of groups of letters are not accepted, but groups of letters denoting trade marks are allowed in the midst of plain or preconceived language and are then charged for as figures.

The address of the sender is charged for, if transmitted; in any case it must be written at the foot of the form.

In telegrams written in plain language the length allowed for a word is 15 letters. Additional letters are charged for at the rate of 15 letters to the word.

Subject to the limit as to number of letters, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words.

Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office, county, province, and country of destination in the addresses of telegrams are each charged for as one word whatever their length.

Every separate letter or figure is charged for as one word. Figures in groups or letters (denoting commercial marks) in groups are counted at the rate of five to a word, plus one word for any excess. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

If the sender desires to prepay a reply of 10 words he must insert before the address of the receiver "R P," which is charged for as one word; but if he desires a reply of more or less than 10 words, he must insert "R P—", which is also charged for as one word. A less sum than 10d cannot be accepted in prepayment of a reply. More than 30 words cannot be prepaid.

“Flax, Tow, & Jute Spinning.”

BY PETER SHARP.

OPINIONS OF THE PRESS.

“Mr Peter Sharp’s work . . . cannot fail to commend itself to those interested in the spinning ‘end’ of our staple industry.”—*Northern Whig*.

“That we have not had a first-rate handbook on flax and jute spinning long ago is because few men possess all the requisites necessary for writing such a book. The long-felt want has now been supplied. . . . By the publication of such a work the author has conferred a boon on all engaged in the spinning trade, and we cordially recommend it to them and to the public.”—*Courier and Argus*.

“This book is worthy of a place in the library of every foreman, mechanic, overseer, manager, and machine maker interested in the jute and flax trade; . . . is rich with information, the results of practice and observation.”—*Dundee Advertiser*.

“Mr Sharp’s book will be valued by all practical spinners. . . No better reading could be had for a young mechanic. It is replete not only with facts, but is suggestive, and being the work of a practical flax spinner, it is not full of laboured theories, but of proved and indeed of approved methods.”—*People’s Journal*.

“The author has evidently given much attention to the subjects he deals with; while a knowledge of his rules, calculations, and tables, which are of an exhaustive character, cannot fail to be of advantage to all managers, overseers, foremen, and mechanics connected with the spinning industry.”—*Evening Telegraph*.

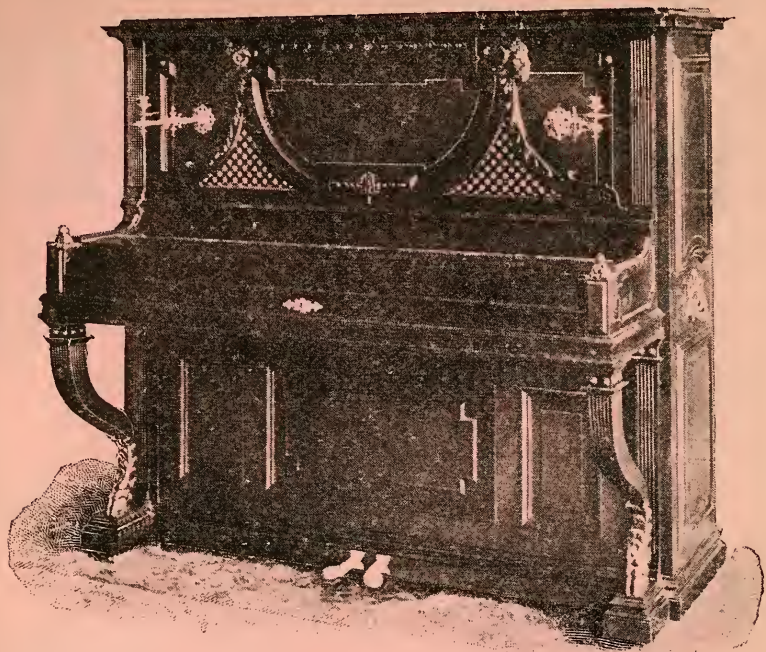

“Such a volume as the present is a valuable contribution to that literature of technical education, the deficiencies of which have been so frequently commented on in recent years.”—*Aberdeen Journal*.

“Artisans engaged in the trade to which it refers will find ‘Flax, Tow, and Jute Spinning’ a very valuable handbook, and one that in all probability they have long wished for.”—*Leeds Mercury*.

“The book is a thoroughly practical and reliable one, giving rules, tables, and calculations that are sure to be of great value to all engaged in these branches of industry.”—*Englishman, Calcutta*.

“Flax, tow, and jute manufacturers and managers, and foremen in these different establishments, will find it a useful book of reference.”—*Textile Manufacturer*.

PURITY AND EXCELLENCE.

Mr Forwell can guarantee that all ingredients, flour, &c., are of the PUREST and FINEST quality, as these are personally analysed, examined, and selected in Laboratory adjoining the Factory.

Speaking of these Biscuits, *The Mercantile Age*, April 26, 1885, says:—

“They contain all the elements of nutrition, and are so easy to digest that they favour the proper action of all the vital organs. These being facts, there is no wonder if we say ‘Eat Biscuits,’ and we recommend Mr Forwell's CABIN or *ABERNETHY Biscuits as the most valuable, for there is no fermentation or chemicals employed in their manufacture, . . . they are absolutely pure, and should be universally known. . . . We left this factory convinced that persons using Biscuits should try those made by Mr Forwell, otherwise they will never know how perfectly Biscuits can be made.”

TEA ROOMS

AS an adjunct to the Drapers' Business occurred first to the inventive Parisian. The Bright American quickly followed, and the Londoner came in a good third. Since then the Tea Room in the larger Drapery Establishments throughout the country has become an accepted feature. The first in Dundee is D. M. BROWN'S. The Tea Room proper is large and airy. It is clean. Its appearance is handsome, and the decorations in good taste. There is a Ladies' Writing and Reading Room, Cloak Room, and Lavatory. There is a Gentleman's Office in which every convenience will be found for gentlemen meeting to transact business. The Tea Room is open to the public. Everything plain or dainty is supplied at moderate prices. The service is quick, and of the pleasantest description. No charge is made for any service rendered, and gratuities are not accepted.

LOWDEN'S PATENT.

OUR improvements are connected with the flyers, the object being to construct these in a simple and economical manner, and in a way which will permit of the socket being easily removed.

The advantages of such a detachable arrangement are:—

It may be made of steel and hardened, and it can be easily renewed without destroying the legs and the body of the flyer, and it is also in one piece.

THOMSON'S PATENT.

THIS invention relates to an improved method of lubricating and retaining the oil in the bearings of upright spindles, such as the upright spindles of flax and other spinning frames, and has for its object to save labour and oil, and at the same time provide an efficient lubricating bearing.

The improved spiral arrangement may be applied to plain bearings as well as to conical bearings.

By the employment of this you will find that oiling once a day is all that is required, instead of three times a day with the ordinary spindle bearings at present in use, owing to the arrangements being such that when the spindle is revolved the oil is forced up the spiral groove by centrifugal force, and on the spindle being at rest the oil is retained in the well and so prevented from being lost, as also from dirtying the other parts of the machine.

LUCAS'S PATENTS—Continued.

TESTIMONIAL.

LESLIE, FIFESHIRE,
4TH JANUARY 1899.

Messrs EDWARD LUCAS & SON,
Dronfield Foundry, nr. SHEFFIELD.

DEAR SIRS,

We have much pleasure in testifying to the worth of "Thomson's Patent Spindles" supplied to us by your firm in the end of 1895. They have given us entire satisfaction in the working, and we estimate the saving in oil and labour to be fully 50 per cent. as compared with what we used on your ordinary spindles formerly.

We are, yours truly,
WM. LIVINGSTON & SONS.

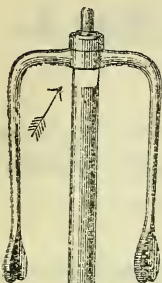

SAML. LUCAS'S PATENT SPINDLE

HAS a collar hardened and fixed under the screw, which can be replaced; and spindles worked down at the shoulder can have this patent collar put on at a small cost. The advantage of this collar is that it prevents the shoulder at bottom of screw becoming untrue by the flyer coming down on shoulder when working, the collar being equal in temper to the flyer. Many thousands of these patent spindles are now running, and are much approved. Also with steel tempered blades.

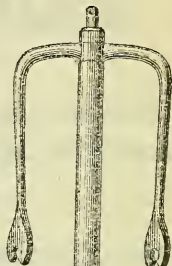

Over 50,000 running satisfactorily,
and repeat orders coming
continually.

This patent can be combined with
Thomson's Patent Spindle
(with oil groove).

WE SHOULD BE PLEASED TO
SEND YOU SAMPLES.

WHAT SHALL WE DO WITH OUR GIRLS?

In these days of keen competition, we are sometimes at a loss to know what profession to choose that will make our girls independent should anything befall us.

The late Charles Reade, with that sagacity which was so marked a feature of his character, said "that the boy or girl who had knowledge of Shorthand and Typewriting was safer from poverty than a great Greek scholar." He undoubtedly voiced a truth which in these later days, is being more and more emphasized.

The profession of Shorthand-Typist is in many respects an enviable one. The work is interesting, the remuneration good, the people with whom one comes in contact are, as a rule, courteous and obliging and the hours are not excessive. No career could be chosen which offers greater inducements to any young lady of good abilities and education.

The principal essentials are a thorough knowledge of **SHORT HAND, TYPEWRITING**, and **BOOK-KEEPING**, as well as an acquaintance with **OFFICE ROUTINE**.

This can be best acquired in the District at the

DUNDEE SCHOOL OF SHORTHAND AND TYPEWRITING

THE

Dundee Burial Society

Was established on 20th March 1862, for the purpose of enabling working people, by means of small weekly payments, to insure sums at death (according to age and premiums paid when joining). There were on the Register at the end of the year 1899, **15,349** members, and the Society financially was never on a sounder basis, having the large sum of **£6,692 12s 6d** invested with the National Debt Commissioners, and a further sum of **£5,000** invested with the Dundee Police Commissioners, also **£1,912** in the Dundee Savings Bank, thus making the Society worth over **£13,000**, and if we had retained the **£12,000** paid over in hard cash to members entitled to the Bonuses, the Society would have had cash to the amount of **£25,000** laid past. These Bonuses have helped our members greatly, and have not touched the stability of the Society. There are also one or two benefits which it will be well to bring under the notice of our members, as follows:—

1. The Society being Registered, members are entitled to extracts of deaths at a cheaper rate than unregistered societies.

2. Members can reside in any part of the world without paying any extra premium. The premiums can be sent quarterly, six monthly, or yearly, as may be agreed upon.

3. Members who have been sixteen years in the Society, and are unable to continue paying, *the Society* will pay their premiums for them, and deduct the amount at death without interest.

4. It is eminently a Dundee Society, its head-quarters are in the City. A statement is issued annually, and a Meeting held in February each year, at which all members are invited to take part in the proceedings, and carefully go over the income and expenditure. Any one in good health residing in Dundee can become a member. There are nine collectors (names and addresses on other side), who will be glad to call on any one wishing to join.
