TOWN DELIVERY.

FIRST,..... 7 A.M.
 SECOND,..... 11.20 A.M.
 THIRD,..... 7.15 P.M.

REGULATIONS.

From the beginning of March to the end of October, the Office

is, on Week-days, opened to the public for ordinary business at 7 A.M.; and during the remaining months at half-past 7. It is always closed at 10 P.M.

On Sunday the Office is open only from 8 A.M. till 9 A.M., but the Letter-Box remains open as on other days.

MONEY ORDERS.

Except on Sunday, when no business of the kind is transacted, Money Orders are issued and paid from 9 A.M. till 6 P.M., and on Saturday till 8 P.M. The charge is 3d for an Order not exceeding £2; and 6d for an Order above that sum. No Order can be granted for more than £5. To prevent errors, applicants for Money Orders are advised to procure and fill up printed forms of application, which can be bought at the Office at the rate of five for one halfpenny.

RATES OF POSTAGE.

INLAND LETTERS.

The rate of postage on all inland letters is regulated by weight, irrespective of distance, and (with the exceptions afterwards mentioned) is as follows:—

If paid in advance—

| | | | |
|---|---|---|------------|
| Letter weighing not more than $\frac{1}{2}$ oz., | - | - | 1d. |
| " " more than $\frac{1}{2}$ oz., but not exceeding 1 oz., | | | 2d. |
| " " more than 1 oz., | " | " | 2 oz., 4d. |
| " " more than 2 oz., | " | " | 3 oz., 6d. |

and so on; twopence being charged for every additional ounce.

As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid *additional* postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid. Unless three quarters, at least, of the postage of a letter weighing more than 4 oz. be prepaid, the letter is not forwarded, but a notice of its detention is forwarded to the sender, or, failing him, to the person to whom it is addressed.

Addresses to the Queen and Petitions to Parliament.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a Member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or are in covers open at the sides. No letter or other enclosure, however, must be inserted, and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

Newspapers and other periodical Publications bearing the Newspaper Stamp.

Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

The publication must be folded in such a manner that the whole of the stamp or stamps, denoting the full duty, shall be exposed to view, and be distinctly visible on the outside; except that where there are more than two publications in the same cover, it will be considered sufficient if the stamps be so arranged that they can readily be examined.

It must be posted within fifteen days from the printed date of issue.

It must have either no cover or a cover open at the ends.

It must not contain any enclosure.

It must have no writing or other mark thereon, but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus, if a newspaper, franked by a newspaper stamp, after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient), otherwise the paper will be charged as an unpaid letter.

If the publication be addressed to any person within the free delivery of the place where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp.

When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would be liable; and if the newspaper, &c., be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it is charged 2d.

In case of any other irregularity, the publication is dealt with as an unpaid letter.

Unstamped publications, and stamped publications which have been issued more than fifteen days, can be forwarded within the United Kingdom and to the Colonies, under the regulations of the book post.

Newspapers sent abroad are liable to the same regulations as newspapers passing (under the newspaper privilege) between different parts of the United Kingdom, except as regards size, and that, before going abroad, the name of the newspaper must have been registered at the General Post Office, and that, instead of requiring to have an impressed stamp (by which is meant the stamp specially used for newspapers), each newspaper, if sent to a British Colony, is liable to a postage of 1d (which must be prepaid by a postage label or in money), together with an additional postage when the newspaper has to pass through a foreign country. In all cases of newspapers going abroad the impressed stamp stands for nothing. Publications registered for transmission

abroad, although not strictly newspapers, are in all respects treated as such, so far as their transmission by the British office is concerned.

Book Post.

The following are the regulations of the Inland Book Post:—

1st. Rates of Postage:

| | | | | | |
|---|---|---|---------|---|-----|
| Weighing not more than 4 oz., | - | - | - | - | 1d. |
| „ more than 4 oz., and not exceeding 8 oz., | - | | | | 2d. |
| „ more than 8 oz., | „ | „ | 16 oz., | - | 4d. |
| „ more than 1 lb, | „ | „ | 1½ lb., | - | 6d. |

and so on, 2d being charged for every additional half pound or fraction of a half pound.

2d. The postage must be prepaid in full by means of postage stamps affixed outside the packet or its cover.

3d. Every packet must be sent either without a cover, or in a cover open at the ends or sides; so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string; but in such case the postmaster is authorised to cut the string, although he is required to re-fasten the packet.

4th. A book packet may contain any number of separate books or other publications (including printed letters and printed matter of every kind), prints, or maps, and any quantity of paper, parchment, or vellum. And the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers, in the case of prints or maps; markers (whether of paper or otherwise), in the case of books; and, in short, whatever is necessary for the safe transmission of literary or artistic matter, or usually appertains thereto; but no patterns, or books of patterns, (unless these consist merely of *paper*) can be allowed.

5th. No book packet may contain any written letter, closed or open, or any enclosure sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, written in any such packet, or in or upon its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted but recommended; so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned.

6th. No book packet must exceed two feet in length, width, or depth.

7th. Any packet which shall not be open at the ends or sides, or shall have any written letter or any communication of the nature of a letter written in it, or upon its cover, will be charged with the “unpaid” letter postage.

8th. If a packet be found to contain any written letter, whether closed or open, or any enclosure sealed or otherwise closed against

inspection, or any other unauthorised enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with the full postage as an unpaid letter, together with an additional rate (1d); and the remainder of the packet, if duly prepaid with stamps, will then be forwarded to its address.

9th. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate (1d), it is forwarded, charged with the deficient book postage, together with an additional rate; but any packet which bears no postage stamp is charged with the *unpaid* letter postage.

10th. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

At the following charges, and on the same conditions as the foregoing (except that no packet weighing more than three pounds can be sent to the East Indies or to New South Wales), book-packets can be forwarded to every British Colony:—

To India, Ceylon, New South Wales, Victoria, Tasmania (Van Diemen's Land), South Australia, Western Australia, New Zealand Mauritius, and Hong Kong, the charge is as follows:—

| | | | | | |
|--|---|---|----------|----|-------|
| Weighing not more than 4 oz., | - | - | - | - | 4d |
| " more than 4 oz. but not exceeding 8 oz., | - | - | - | - | 8d |
| " " 8 oz. | " | " | 1 lb, | - | 1s 4d |
| " " 1 lb. | " | " | 1½ lbs., | 2s | 0d |
| " " 1½ lbs. | " | " | 2 lbs, | 2s | 8d |

and so on; 8d being charged for every additional half-pound or fraction of a half-pound.

Charges to every other British Colony:—

| | | | | | |
|---|---|---|---------|----|-------|
| Weighing not more than 4 oz., | - | - | - | - | 3d |
| " more than 4 oz but not exceeding 8 oz., | - | - | - | - | 6d |
| " " 8 oz. | " | " | 1 lb, | - | 1s 0d |
| " " 1 lb., | " | " | 1½ lb., | 1s | 6d |
| " " 1½ lb, | " | " | 2 lbs., | 2s | 0d |

and so on; 6d being charged for every additional half-pound or fraction of a half-pound.

The Head Postmaster who first receives a book-packet is required, whenever he has ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine the packet; and every book-packet which is not open at the ends or sides, or which exceeds two feet in length, width, or depth, or which has any written letter or any communication of the nature of a letter written in it or upon its cover, or which does not bear postage stamps equal to a single book-rate, is ordered to be sent up, with as little delay as possible, to the Returned Letter Branch of the Circulation Office in London, Dublin, or Edinburgh, as the case may be; but in the case of any other infringement of the regulations, the packet is dealt with by the Postmaster himself, in accordance with the above regulations.

REGISTRATION.

By the prepayment of a fee of sixpence, any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom. Book packets and newspapers can also be registered to the colonies. To foreign countries *letters only* can be registered. The registration of a packet makes its transmission more secure by rendering it practicable to trace it, when inland, from its receipt to its delivery; and when colonial, if not to its delivery, at least to the port of despatch. The Post Office does not guarantee the safe delivery of the letter, &c., though the officers are of course responsible to the Postmaster-General, who will call to strict account any one neglecting his duty on this point, and if his Lordship think proper, will require him to make good any loss that may be sustained thereby.

The postage and registration fee of registered letters must be prepaid; and if the letter be inland, such prepayment must be by stamps.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of one shilling, instead of the ordinary fee of sixpence.

THE SCOTTISH EQUITABLE

Life Assurance Society.

INSTITUTED 1831.

Head Office, 26, ST. ANDREW SQUARE, EDINBURGH.

THE SCOTTISH EQUITABLE was established in 1831, on the pure Mutual Principle; and its success having been signally great it is now one of the most important institutions of its kind in the British Empire. The Fund arising from the Accumulated Contributions of Members now exceeds a MILLION Sterling, which is invested in real securities, and is annually increasing.

A minute Investigation into the Affairs of the Society is made every THREE YEARS, and of the Profits then ascertained, a sum not exceeding two-thirds is divided among all Policies of five years' complete endurance.

As an example of the effect of these Additions, a Policy for £1000, effected during the first year of the Society, has now received Vested Additions amounting to £571 18s. 10d. Supposing the age of the party at the date of Assurance to have been 40, these Additions may be surrendered to the Society, either for a present payment of £308 3s. 7d., or such surrender would not only redeem the entire Premium on the Policy, but also entitle the party to a present payment of £30 5s. 7d., and, in both cases, the Policy would receive future triennial additions.

Contributions for Assurance of £100 for the Whole Period of Life, without Entry-Money.

12, NEW BRIDGE STREET,

Is AGENT for HORNIMAN & CO.'S PURE UNCOLOURED TEAS, put up in Catty Packages at 3s. 8d., 4s., and 4s. 4d. per lb. The Packages are in ounces, 2 ounces, qrs., halves, and lbs. Frequent supplies being received, the quality is always very fine.

The difficulty Consumers experience in procuring really Good and PURE TEA—such as can at all times be relied on for wholesomeness, value, and quality—has been very generally felt. It has, therefore, been HORNIMAN & Co.'s object, during a long course of years, to devote their whole attention to the importation only of

The most approved kinds;—the Leaf not covered with Colour.

Rich full-flavoured Tea, of RARE STRENGTH, is thus secured, as, when *not* covered with powdered colour, the Chinese cannot, without its being discovered, mix off the valueless withered leaves that are so destitute of flavour. *The reason why* they “face” or colour most of the Tea for England is, that by thus giving the *same* appearance to the *fine* and the *inferior* brown leaves, they may get rid of *all* at a full price, to the large increase of their profit, but to the great loss and disappointment of the British consumer. The “*Lancet Report*” (Longman’s edition, p. 318) states of HORNIMAN & Co.’s importations:—The *Green Tea*, not being covered with Prussian blue, &c., is of a *dull olive*; and “the leaf of the *Black* is *not intensely dark*.” Wholesomeness is thus ensured, and the consumer benefitted.

Observe! M. HENRY,
