REGISTRATION OF LETTERS.

Since January, 1841, a system of registration has been in operation, applicable to all descriptions of letters.

Letters intended for registration must be paid in stamps, and presented at the Post-Office at least 30 minutes before the closing of the letter-box for the particular mail by which it is to be despatched.

The British registration fee is 6d., and must always be paid in money, and at the time of registration.

In the case of Foreign, Colonial, or Ship letters, registration extends to the port of despatch in the United Kingdom only.

Letters addressed to France, may be registered to their destination; and those passing through France, so long as they may remain in the French territory—the former on payment of double the French rate to place of destination, in addition to the British rate and British registration fee—and the latter on payment of the usual postage rate, and registration fee. The arrangements for carrying out the system of registration have been made with a view of insuring the punctual delivery of registered letters; on their delivery, the parties to whom they may have been addressed will be required to sign a receipt.

## LIFE ASSURANCE.

**T**HE system adopted by this Company combines the principle of MUTUAL ASSURANCE, with the security of a large Subscribed Capital, and the support of nearly *Seven Hundred Partners*, of wealth and influence.

Assurances are granted under a variety of forms, applicable to the various circumstances of individuals proposing to insure their own lives or those of parties in whom they have an interest.

## PARTICIPATION IN PROFITS.

The Participation Scheme of this Company was begun in 1840, and has

been attended with eminent success. The first investigation was made as at 10th February, 1847, and the results have been found so satisfactory that vested Retrospective Additions of one and a quarter per cent. per annum, have been made to all Policies opened in connexion with the Scheme on or before that date; together with contingent Prospective Additions, at the same rate, to such of these Policies as may become claims before next investigation, as shown in the following Table:—

These Bonus Additions will bear a most favourable comparison with those of any other Office, when the very moderate Premiums charged by this Company are kept in view; the rates of some of the most deservedly popular institutions being, in many instances (particularly for ages under 40), about 10 per cent. higher. It may be observed, that the amounts payable in respect of Policies with Vested Additions, that may become claims before next Investigation (which is to take place as at 10th February, 1852), will be augmented in a very important degree by the Prospective Bonuses; and ample provision is made for these without any encroachment whatever on future profits.

To insure fixed sums, the Company have adopted a scale of rates which will be found highly advantageous in those transactions where the object is the security of a definite amount. Specimens of the Tables will be found subjoined.

The business transacted by the Company may be classed under the following heads:—

*The granting of ASSURANCES on single and joint lives and survivorships, and for limited periods.*

*The granting of ASSURANCES payable at death, or on the party attaining a given age.*

*The granting of ENDOWMENTS to Children, and of Present, Deferred, and Survivorship Annuities.*

*The LENDING MONEY on Redeemable Annuity over Entailed Estates; and on Heritable and Personal Security, coupled with Life Assurance.*

*The Purchase of Life-Rent and Reversionary Interests.*

*And, in general, the transaction of every species of business involving the contingency of human life.*

Forms of Proposal, and every additional information, will be given on application at the Agencies of the Company in Great Britain and Ireland.

**NICOLL'S NEW PALETOT,**

REGISTERED 6. AND 7. VIC., CAP. 65.

**J**AMES LITTLEJOHN, Aberdeen, Agent for this fashionable garment, adapted for the present season; can be worn either with or without another Coat, but, during the hot weather, the latter mode will prove to the wearer an indescribable luxury.

Messrs. NICOLL of Regent Street and Cornhill, London, whilst respectfully inviting general attention to the NEW REGISTERED PALETOT, beg that it will not be forgotten that all that could be said in favour of its predecessor (the late Registered Paletot) explanatory of its elegant yet unpretending gentlemanly appearance, its moderate price, durability, and agreeable lightness, are retained in the NEW REGISTERED PALETOT, now submitted by Mr. JAMES LITTLEJOHN, in every variety of size, substance, and colour; and also at the same prices (if for present cash), as are charged by the Patentees in London.

The NEW REGISTERED PALETOT possesses a most happy combination of two effects; in other words, it shows to advantage a good figure, or it improves an imperfect one; and although there is in addition to NICOLL'S PATENT POCKET PROTECTOR, several other improvements, yet the original prices will remain the same—viz. Two Guineas; or lined Silk, Two and a Half; and the PALETOT D'ETE and JACKET, one Guinea.

Messrs. NICOLL most gratefully announce that, as above, they retain the honoured patronage of their Royal Highnesses Prince Albert, Prince George of Cambridge, his Grace the Duke of Wellington, the elite of Rank and Fashion; as also the Chief Members of the Senate, the Pulpit, and the Bar, the following being an extract of the "Debats."—"Pour l'unique elegance du stile, les Messieurs. NICOLL ont sequis une celebrite qu'ils esperent conserver, et quileur a merite le haut patronage de plusieurs Souverains de l'Europe."
