GLASGOW HIGH SCHOOL.

ROLL OF HONOUR.

1914.

I N issuing this first edition of her *Roll of Honour*, containing over 730 names, the School obviously cannot claim for it either completeness or accuracy. Information as to Old Boys serving in His Majesty's Forces, carefully verified as it has been in each case, is at best casual: promotions, although as gratifying to the School as to those so honoured, yet occurring almost daily, have made the accompanying list only temporarily accurate. Old Boys, therefore, into whose hands this list may fall, will be doing those responsible for its compilation a marked service if they notify the Rector of any omission or error.

To all Old Boys who are now completing their education and developing their manhood in the larger and severer school of an armed camp, the School, far more conscious at this moment of her debt to them than of their debt to her, sends a soldier's greeting—"GOOD LUCK"

GLASGOW HIGH SCHOOL.
