ROLL OF HONOUR

SCOTTISH CO-OPERATIVE
WHOLESALE SOCIETY LIMITED
PRINTERS
SHIELDHALL, GLASGOW

FOREWORD

IN issuing this Roll of Honour the Directors of the Scottish Co-operative Wholesale Society Limited trust that it will be preserved as a record of the part played by the Employees of the Society in the Great War. The intention at the outset was to include photographs of all men who had served in His Majesty's Forces during the war, but the difficulty of gathering together 2,000 photographs was found too great to be overcome, and as an alternative it was decided to confine the photographs to those who had paid the supreme sacrifice. This has been done so far as these were available.

From the ranks of the S.C.W.S. Employees there went forth 2,075 men. These were to be found on every front, on land, sea, and air, and right worthily did they uphold the honour of their Country. Words cannot describe the trials and hardships endured by these men while on service, not the least amongst them being their anxiety as to how the dear ones at home were faring.

Through the action of the Board of Directors in deciding to pay those Employees, or their dependants, the difference between their Army pay and allowances and their wage with the Society at the time of enlistment, it may be claimed that much of this anxiety was removed, and the dependants of our Soldier Employees saved from much hardship. The sum of £140,000 was spent in this manner.

It has also to be noted that every man was given a guarantee that he would be reinstated in the employment

of the Society on his returning to Civil Life. In honouring this promise, it is pleasing to note that 1,222 have returned to the service of the Society, including a number who, unfortunately, have been disabled. These latter have been reinstated in their former positions or have been found suitable situations with the Society.

A number of awards for gallantry on the Field were made, and the following is a List of the various Honours conferred :—

21 Employees received the Military Medal.

8 Employees received the Distinguished Conduct Medal.

1 Employee received the Military Cross and Bar.

1 Employee received the Distinguished Service Medal.

1 Employee received the Croix de Guerre.

Two of the above received the Distinguished Conduct Medal and also the Military Medal.

Alas ! our pride in the achievement of this gallant band is mingled with sadness when we realise that 315 will return no more ; but whether they rest at the bottom of the ocean, on the shell-torn plains of France and Flanders, on the rugged slopes of Gallipoli, or lie buried in some far-off Eastern land, their sacrifice will act as a beacon light stirring us on to greater effort to accomplish that for which they died, a world where right and justice shall prevail, and each shall labour for the common weal, bearing as his motto “ Each for all and all for each.”
