SCOTTISH CRICKET RECORD

NINETEEN HUNDRED AND TWENTY-FOUR

R · W · FORSYTH
L I M I T E D
EDINBURGH & GLASGOW

P R E F A C E

WE again have pleasure in presenting our SCOTTISH CRICKET RECORD.

Interest in the game continues to grow in Scotland, and several unusually attractive fixtures are included in the programme for 1924. Amongst the visitors to Scotland during the season will be the South Africans—who will play both at Edinburgh and Glasgow—and Yorkshire; while Scotland also has representative matches with Ireland and Wales.

As in the past, the Record has been compiled with the aim of being compact, handy, and reliable, and our thanks are due to the secretaries and others who have assisted us towards these ends.

SCOTTISH COUNTY CHAMPIONSHIP, 1923

The Scottish County Championship showed a strange upheaval from the season of 1922. Aberdeenshire, who were champions in that year, had a bad time and finished at the bottom, while Perthshire jumped from well down the table to the top. The Big County had a very good year. Forfarshire also showed improvement, Clackmannan fell back considerably (they were runners-up in 1922), while the others remained much as they were.

	Played.	Won.	Lost.	D'wn.	Pts.	P'cen.
Perthshire	- 10	5	1	4	4	66.66
Forfarshire	- 10	3	1	6	2	50.00
Fifeshire	- 10	4	2	4	2	33.33
Clackm'n'shire	10	2	3	5	-1	-20.00
Stirling County	10	1	3	6	-2	-50.00
Aberdeenshire	10	1	6		-5	-71.42

The Second Division fixtures are the same as the First Division, with venues reversed.

THE PUBLIC SCHOOLS CHAMPIONSHIP for 1923

The result of the Schools Championship was a remarkable one. As the table will indicate, the equality shown was most unusual and there was really no Champion School. Bad weather led to a large number of draws.

	Played.	Won.	Lost.	D'wn.	Pts.

A win counts five points. In drawn matches the side leading on the first innings scores two points. Matches in which no result was obtained on first innings are not included.

THE
Laws of Cricket

*(As revised by the Marylebone Club,
up to and including 1922).*

THE GAME.

1. A match is played between two sides of eleven players each, unless otherwise agreed to; each side has two innings, taken alternately, except in the case provided for in Law 53. The choice of innings shall be decided by tossing.

RUNS.

2. The score shall be reckoned by runs. A run is scored :—1st, so often as the batsmen after a hit, or at any time while the ball is in play, shall have crossed, and made good their ground, from end to end; 2nd, for penalties under Laws 16, 34, 41, and allowances under 44. Any run or runs so scored shall be duly recorded by scorers appointed for the purpose. The side which scores the greatest number of runs wins the match. No match is won unless played out or given up, except in the case provided in Law 45.

APPOINTMENT OF UMPIRES.

3. Before the commencement of the match two umpires shall be appointed—one for each end.

THE BALL.

4. The ball shall weigh not less than five ounces and a half, nor more than five ounces and three-quarters. It shall measure not less than nine inches, nor more than nine inches and one-quarter in circumference. At the beginning of each innings either side may demand a new ball.

THE BAT.

5. The bat shall not exceed four inches and one-quarter in the widest part ; it shall not be more than thirty-eight inches in length.

THE WICKETS.

6. The wickets shall be pitched opposite and parallel to each other at a distance of twenty-two yards. Each wicket shall be eight inches in width, and consist of three stumps, with two bails upon the top. The stumps shall be of equal and sufficient size to prevent the ball from passing through, twenty-seven inches out of the ground. The bails shall be each four inches in length, and when in position on the top of the

stumps, shall not project more than half an inch above them. The wickets shall not be changed during a match unless the ground between them become unfit for play, and then only by consent of both sides.

THE BOWLING CREASE.

7. The bowling crease shall be in a line with the stumps, eight feet eight inches in length, the stumps in the centre, with a return crease at each end, at right angles behind the wicket.

THE POPPING CREASE.

8. The popping crease shall be marked four feet from the wicket, parallel to it, and be deemed unlimited in length.

THE GROUND.

9. The ground shall not be rolled, watered, covered, mown, or beaten, during a match, except before the commencement of each innings and of each day's play, when, unless the in-side object, the ground shall be swept and rolled for not more than ten minutes. This shall not prevent the batsman from beating the ground with his bat, nor the batsman nor bowler from using sawdust in order to obtain a proper foothold.

THE BOWLER.—NO BALL.

10. The ball must be bowled ; if thrown or jerked, either umpire shall call "no ball."

11. The bowler shall deliver the ball with one foot on the ground behind the bowling crease, and within the return crease, otherwise the umpire shall call "no ball."

WIDE BALL.

12. If the bowler shall bowl the ball so high over or so wide of the wicket that in the opinion of the umpire it is not within reach of the striker, the umpire shall call "wide ball."

THE OVER.

13. The ball shall be bowled in overs of six balls from each wicket alternately. When six balls have been bowled, and the ball is finally settled in the bowler's or wicket-keeper's hands, the umpire shall call "over." Neither a "no ball" nor a "wide ball" shall be reckoned as one of the over.

14. The bowler shall be allowed to change ends as often as he pleases, provided only that he does not bowl two overs consecutively in one innings.

15. The bowler may require the batsman at the wicket from which he is bowling to stand on that side of it which he may direct.

SCORING OFF NO BALLS AND WIDE BALLS.

16. The striker may hit a "no ball" and whatever runs result shall be added to his score ; but he shall not be out from a "no ball" unless he be run out or break Laws 26, 27, 29, 30. All runs made from a "no ball" otherwise than from the bat, shall be scored "no balls," and if no run be made, one run shall be added to that score. From a "wide ball" as many runs as are run shall be added to the score as "wide balls," and if no runs be otherwise obtained one run shall be so added.

BYE.

17. If the ball, not having been called "wide" or "no ball," pass the striker without touching his bat or person, and any runs be obtained, the umpire shall call "bye"; but if the ball touch any part of the striker's person (hand excepted) and any run be obtained, the umpire shall call "leg bye," such runs to be scored "byes" and "leg byes" respectively.

PLAY.

18. At the beginning of the match, and of each innings, the umpire at the bowler's

wicket shall call "play"; from that time no trial ball shall be allowed to any bowler on the ground between the wickets, and when one of the batsmen is out, the use of the bat shall not be allowed to any person until the next batsman shall come in.

DEFINITIONS.

19. A batsman shall be held to be "out of his ground," unless his bat in hand or some part of his person be grounded within the line of the popping crease.

20. The wicket shall be held to be "down" when either of the bails is struck off, or, if both bails be off, when a stump is struck out of the ground.

THE STRIKER.

THE STRIKER IS OUT—

21. If the wicket be bowled down, even if the ball first touch the striker's bat or person :—"bowled."

22. Or if the ball from a stroke of the bat or hand, but not the wrist, be held before it touch the ground, although it be hugged to the body of the catcher :—"caught."

23. Or if in playing at the ball, provided it be not touched by the bat or hand, the striker be out of his ground, and the wicket be put down by the wicket-keeper

R · W · FORSYTH · Limited

with the ball or with hand or arm, with ball in hand :—"stumped."

24. Or if with any part of his person he stops the ball, which in the opinion of the umpire at the bowler's wicket shall have been pitched in a straight line from it to the striker's wicket, and would have hit it :—"Leg before wicket."

25. Or if in playing at the ball he hit down his wicket with his bat or any part of his person or dress :—"Hit wicket."

26. Or if under pretence of running, or otherwise, either of the batsmen wilfully prevent a ball from being caught :—"Obstructing the field."

27. Or if the ball be struck or be stopped by any part of his person, and he wilfully strike it again, except it be done for the purpose of guarding his wicket, which he may do with his bat, or any part of his person except his hands :—"Hit the ball twice."

THE BATSMEN.

EITHER BATSMAN IS OUT—

28. If in running, or at any other time, when the ball is in play, he be out of his ground, and his wicket be struck down by the ball after touching any fieldsman, or by the hand or arm, with ball in hand, of any fieldsman :—"Run out." But the striker may not be out thus unless the ball has

touched the bat or hand when, in playing at a no ball, he is out of his ground and the wicket be put down by the wicket-keeper with the ball, or with hand or arm with ball in hand.

29. Or if he touch with his hands or take up the ball while in play, unless at the request of the opposite side:—"Handled the ball."

30. Or if he wilfully obstruct any fieldsmen:—"Obstructing the field."

31. If the batsmen have crossed each other, he that runs for the wicket which is put down is out; if they have not crossed, he that has left the wicket which is put down is out.

32. The striker being caught, no run shall be scored. A batsman being run out, that run which was being attempted shall not be scored.

33A. A batsman being out from any cause, the ball shall be "dead."

33B. If the ball, whether struck with the bat or not, lodges in a batsman's clothing, the ball shall become "dead."

LOST BALL.

34. If a ball in play cannot be found or recovered, any fieldsmen may call "lost ball," when the ball shall be "dead," six runs shall be added to the score; but if

R · W · FORSYTH · Limited

more than six runs have been run before "lost ball" has been called, as many runs as have been run shall be scored.

35. After the ball shall have been finally settled in the wicket-keeper's or bowler's hand, it shall be "dead"; but when the bowler is about to deliver the ball, if the batsman at his wicket be out of his ground before actual delivery, the said bowler may run him out; but if the bowler throw at that wicket and any run result, it shall be scored "no ball."

36. A batsman shall not retire from his wicket and return to it to complete his innings after another has been in, without the consent of the opposite side.

SUBSTITUTE.

37. A substitute shall be allowed to field or run between wickets for any player who may during the match be incapacitated from illness or injury, but for no other reason, except with the consent of the opposite side.

38. In all cases where a substitute shall be allowed, the consent of the opposite side shall be obtained as to the person to act as substitute, and the place in the field which he shall take.

39. In case any substitute shall be allowed to run between wickets, the

striker may be run out if either he or his substitute be out of his ground. If the striker be out of his ground while the ball is in play, that wicket which he has left may be put down, and the striker given out, although the other batsman may have made good the ground at that end, and the striker and his substitute at the other end.

40. A batsman is liable to be out for any infringement of the laws by his substitute.

THE FIELDSMAN.

41. The fieldsman may stop the ball with any part of his person, but if he wilfully stop it otherwise, the ball shall be "dead," and five runs added to the score; whatever runs may have been made, five only shall be added.

WICKET-KEEPER.

42. The wicket-keeper shall stand behind the wicket. If he shall take the ball for the purpose of stumping before it has passed the wicket, or if he shall incommode the striker by any noise or motion, or if any part of his person be over or before the wicket, the striker shall not be out, excepting under Laws 26, 27, 28, 29, and 30.

DUTIES OF UMPIRES.

43. The umpires are the sole judges of fair or unfair play, of the fitness of the ground, the weather, and the light for play. All disputes shall be determined by them, and if they disagree the actual state of things shall continue.

[*Instructions to Umpires.*—In the event of the captains agreeing as to the conditions of the ground or light, the umpires will, so far, be relieved of their responsibility. The umpires may decide on appeal from the captains, should the latter disagree, that there is not sufficient light for play. Should the light improve before the time for drawing stumps, they shall, without waiting for instructions, call upon the players to resume the game.]

44. They shall pitch fair wickets, arrange boundaries where necessary, and the allowances to be made for them, and change ends after each side has had one innings.

45. They shall allow two minutes for each striker to come in, and ten minutes between each innings. When they shall call "Play," the side refusing to play shall lose the match.

46. They shall not order a batsman out unless appealed to by the other side.

N.B.—An appeal, "How's that," covers all ways of being out (within the jurisdiction of the umpire appealed to), unless a specific way of getting out is stated by the person asking.

47. The umpire at the bowler's wicket shall be appealed to before the other umpire in all cases, except in those of stumping, hit wicket, run out at the striker's wicket, or arising out of Law 42, but in any case in which an umpire is unable to give a decision, he shall appeal to the other umpire, whose decision shall be final.

48. If either umpire be not satisfied of the absolute fairness of the delivery of any ball, he shall call "no ball."

48A. The umpire shall take especial care to call "no ball" instantly upon delivery; "wide ball" as soon as it shall have passed the striker.

49. If either batsman run a short run, the umpire shall call "one short," and the run shall not be scored.

50. After the umpire has called "over," the ball is "dead," but an appeal may be made as to whether either batsman is out; such appeal, however, shall not be made

after the delivery of the next ball, nor after any cessation of play.

51. No umpire shall be allowed to bet.

52. No umpire shall be changed during a match, unless with the consent of both sides, except in case of violation of Law 51; then either side may dismiss him.

FOLLOWING INNINGS AND DECLARING INNINGS AT AN END.

53. The side which bats first and leads by 150 runs in a three-day match, or by 100 runs in a two-day match, shall have the option of requiring the other side to follow their innings.

54. The in-side may declare their innings at an end in a three-day match at any time on the second day; in a two-day match, the captain of the batting side has power to declare his innings at a close at any time, but such declaration may not be made on the first day later than one hour and forty minutes before the time agreed upon for drawing stumps; in a one-day match, at any time.

55. Where there is no play on the first day of a three-day match, Laws 53 and 54 shall apply as if the match were a two-day match, and if in a three-day match there is no play on the first two days, Laws 53 and 54

R · W · FORSYTH · Limited

and Law 1, "One-day matches," shall apply as if the match were a one-day match. Where there is no play on the first day of a two-day match, Law 1, "One-day matches," shall apply as if the match were a one-day match.

ONE-DAY MATCHES.

1. The side which bats first and leads by 75 runs shall have the option of requiring the other side to follow their innings.

2. The match, unless played out, shall be decided by the first innings. Prior to the commencement of a match it may be agreed that the over consist of five or six balls.

N.B.—A Tie is included in the words "played out."

SINGLE WICKET.

The laws are, where they apply, the same as the above, with the following alterations and additions.

1. One wicket shall be pitched, as in Law 6, with a bowling stump opposite to it, at a distance of twenty-two yards. The bowling crease shall be in a line with the bowling stump, and drawn according to Law 7.

R · W · FORSYTH · Limited

2. When there shall be less than five players on a side, bounds shall be placed twenty-two yards each in a line from the off and leg stump.

3. The ball must be hit before the bounds to entitle the striker to a run, which run cannot be obtained unless he touch the bowling stump or crease in a line with his bat or some part of his person, or go beyond them, and return to the popping crease.

4. When the striker shall hit the ball one of his feet must be on the ground behind the popping crease, otherwise the umpire shall call "no hit," and no run shall be scored.

5. When there shall be less than five players on a side, neither byes, leg byes, nor overthrows shall be allowed, nor shall the striker be caught out behind the wicket nor stumped.

6. The fieldsman must return the ball so that it shall cross the ground between the wicket and the bowling stump, or between the bowling stump and the bounds; the striker may run till the ball be so returned.

7. After the striker shall have made one run, if he start again he must touch the bowling stump or crease, and turn before the ball cross the ground to entitle him to another.

R · W · FORSYTH · Limited

8. The striker shall be entitled to three runs for lost ball, and the same number for ball wilfully stopped by a fieldsman otherwise than with any part of his person.

9. When there shall be more than four players on a side there shall be no bounds. All hits, byes, leg byes, and overthrows shall then be allowed.

10. There shall be no restriction as to the ball being bowled in overs, but no more than one minute shall be allowed between each ball.

INSTRUCTIONS TO UMPIRES.

These Instructions, originally drawn up in 1892 by the Committee of the M.C.C., and added to since then, are intended as an appendix to the Laws of the Game.

FITNESS OF GROUND.

LAW 43.—At the commencement of a match, the umpires may be appealed to by either side as to the fitness of the ground for play.

Should they not agree, play will not commence until they are agreed.

Umpires are not justified in deciding the ground unfit for play merely because the grass is wet and the ball would in consequence be slippery.

In order to facilitate play at the earliest possible moment in wet weather the umpires shall see that the foot-holes made by the bowlers and batsmen are cleaned out, dried, and filled up with sawdust at any time during the match although the game is not actually in progress.

In case of interruption from rain, as soon as the rain has ceased, the umpires shall, immediately, without further instruction, inspect the wicket, unaccompanied by any of the players,

and decide upon its fitness. Should it prove unfit, they shall continue to inspect at intervals, until they decide that it is fit for play, when they shall call upon the players to resume the game.

The ground is unfit for play—when water stands on the surface, or when it is so wet, muddy, or slippery as to deprive the bowlers of a reasonable foothold, or the fieldsmen of the power of free movement.

The umpires are not to be biassed by the opinions of either side, still less are they to allow themselves to be influenced by the impatience of the spectators for a resumption of the game, and are not to be induced, by the public interest in a particular match, to declare the ground fit for play unless they would consider that ground fit under any circumstances.

FITNESS OF LIGHT FOR PLAY.

The umpires may decide on appeal from the captains should the latter disagree that there is not sufficient light for play. Should the light improve before the time for drawing stumps, they shall, without waiting for instructions, call upon the players to resume the game.

In the event of the captains agreeing as to the condition of the ground or light, the umpires will, so far, be relieved of their responsibility.

LAW 47.—An umpire is only justified in appealing to the other umpire when he is unable to decide, owing to his having been prevented from seeing the occurrence on which the appeal is based. He is not to appeal to the other umpire in cases on which he could give a decision, merely because he is unwilling to give that decision. If he be in any doubt, the principle laid down in Law 43, "That the existing state of things shall continue," shall be followed, and, in consequence, the decision should be in favour of the batsman.

LAW 48.—The special attention of umpires is called to this law, which directs them to call "no ball," unless absolutely satisfied of the fairness of the delivery.

Umpires should not allow themselves to be unduly influenced by appeals from such of the field who were not in a position to form a judgment on the point appealed upon or by tricks—such as throwing up the ball, on appealing for a catch at the wicket, without waiting for the decision. Umpires, being the sole judges of fair or unfair play, should remember that

such devices are obviously unfair, and are not in accordance with the spirit in which cricket should be played.

LAW 54:—

(a) If a side declare its innings during the luncheon interval, it must do so within fifteen minutes after the commencement of such interval, otherwise an extra ten minutes will be allowed for rolling.

(b) If a side declare its innings closed in the morning before play commences, it must do so in sufficient time to enable the other side to choose the roller it prefers, otherwise an extra ten minutes will be allowed for rolling.

After 200 runs have been made with a ball, the fielding side can demand a new one.

CODE OF SIGNALLING.

“Boundaries” shall be signalled by waving the hand from side to side.

“Byes” shall be signalled by raising the open hand above the head.

“Leg Byes” shall be signalled by raising the leg and touching it with the hand.

“Wides” shall be signalled by extending both arms horizontally.

“No Balls” shall be signalled by extending one arm horizontally.

The decision “out” shall be signalled by raising the index finger above the head.

Umpires should wait until a signal has been answered by the scorer before allowing the game to proceed.

Besides signalling, the umpire should “call” distinctly for the information of the players.

On giving a decision, the umpire should make sure that the batsman understands what the decision is.
