SCOTTISH CRICKET RECORD

NINETEEN HUNDRED AND THIRTY-THREE

R · W · FORSYTH
L I M I T E D
EDINBURGH & GLASGOW

PREFACE

With sides representing All India and South America visiting Scotland, in addition to the match with Ireland, 1932 was a fairly full one in Scottish cricket. It is perhaps also worthy of note that upwards of a hundred centuries were scored in Scottish matches.

This year, apart from the Irish game, which is due in Ireland, there are no representative matches arranged, but it is pleasing to see Scottish Cricket Union elevens matched with Counties Championship and Border League sides in games which should arouse a lot of interest.

We have again to thank club officials for their assistance in preparing the RECORD.

R. W. FORSYTH LTD.

THE INDIAN TOUR

The All-Indian cricketers, touring Britain in 1932, played 36 matches, won 15, lost 9, and drew 14. They played one Test Match against England at Lord's, on June 25-28, which England won by 158 runs—England, 259 and 275 for 8 wkts. (declared); India, 189 and 187.

C. K. Nayudu, who hit six centuries, headed the batting averages with 40.45, and Mahomed Nissar was the leading bowler with an average of 18.09.

R. W. Forsyth, Ltd., are Outfitters by special appointment to many of the most important Clubs in Scotland and in the Colonies.

M.C.C. IN AUSTRALIA, 1932-33

After a Test Series which aroused unexampled controversy owing to the "leg theory" tactics adopted by the English bowlers, the M.C.C. team under the captaincy of D. R. Jardine succeeded in winning four out of the five Test Matches and thus regained the "Ashes." The results of the Test Matches were as follows:—

First Test, at Sydney.

Australia, 360 and 164; England, 524 and 1 for no wicket. England won by ten wickets.

Second Test, at Melbourne.

Australia, 288 and 191; England, 169 and 137. Australia won by 111 runs.

Third Test, at Adelaide.

England, 341 and 412; Australia, 222 and 193. England won by 338 runs.

Fourth Test, at Brisbane.

Australia, 340 and 175; England, 356 and 163 for 4 wickets. England won by six wickets.

M.C.C. Tour—*continued.*

Fifth Test, at Sydney.

Australia, 435 and 182; England 454 and 168 for 2 wickets. England won by eight wickets.

England and Australia have now won 51 Test Matches each, and 27 games have been drawn.

Of the 22 games played by the side in Australia, 10 were won, 10 drawn, 1 lost, and 1 tied.

IN NEW ZEALAND.

Two Test Matches were played in New Zealand, both ending in draws. At Christchurch the scores were—England, 560 for 8 wkts. (declared); New Zealand, 223 and 35 for 0 wkt.; and at Auckland—England, 548 for 7 wkts. (declared); New Zealand, 158 and 16 for 0 wkt.

In the latter match, Hammond made a new Test Match record with a score of 336 not out.

*R. W. Forsyth, Ltd.'s, Sports
Department — where expert
advice is always at hand to
aid a man's own judgment
in choosing any requisite for
any game.*

THE
Laws of Cricket

*(As revised by the Marylebone Club,
up to date).*

THE GAME.

1. A match is played between two sides of eleven players each, unless otherwise agreed to; each side has two innings, taken alternately, except in the case provided for in Law 53. The choice of innings shall be decided by tossing.

RUNS.

2. The score shall be reckoned by runs. A run is scored :—1st, so often as the batsmen after a hit, or at any time while the ball is in play, shall have crossed, and made good their ground, from end to end; 2nd, for penalties under Laws 16, 34, 41, and allowances under 44. Any run or runs so scored shall be duly recorded by scorers appointed for the purpose. The side which scores the greatest number of runs wins the match. No match is won unless played out or given up, except in the case provided in Law 45.

APPOINTMENT OF UMPIRES.

3. Before the commencement of the match two umpires shall be appointed—one for each end.

THE BALL.

4. The ball shall weigh not less than five ounces and a half, nor more than five ounces and three-quarters. It shall measure not less than $8\frac{1}{8}$ inches, nor more than 9 inches in circumference. At the beginning of each innings either side may demand a new ball.

THE BAT.

5. The bat shall not exceed four inches and one-quarter in the widest part; it shall not be more than thirty-eight inches in length.

THE WICKETS.

6. The wickets shall be pitched opposite and parallel to each other at a distance of twenty-two yards. Each wicket shall be not less than eight inches nor more than nine inches in width, and consist of three stumps, with two bails upon the top. The stumps shall be of equal and of sufficient size to prevent the ball from passing through, not less than twenty-seven inches nor more than twenty-eight inches out of the ground. The bails shall be each not less than four inches nor more than four inches and a half in length, and

when in position on the top of the stumps shall not project more than half an inch above them. The wickets shall not be changed during a match unless the ground between them become unfit for play, and then only by consent of both sides.

THE BOWLING CREASE.

7. The bowling crease shall be in a line with the stumps, eight feet eight inches in length, the stumps in the centre, with a return crease at each end, at right angles behind the wicket.

THE POPPING CREASE.

8. The popping crease shall be marked four feet from the wicket, parallel to it, and be deemed unlimited in length.

THE GROUND.

9. The ground shall not be rolled, watered, covered, mown, or beaten, during a match, except before the commencement of each innings and of each day's play, when, unless the in-side object, the ground shall be swept and rolled for not more than seven minutes. This shall not prevent the batsman from beating the ground with his bat, nor the batsman nor bowler from using sawdust in order to obtain a proper foothold.

[*M.C.C.'s Note*:—The batting side has a right to have the ground swept and rolled "for not more

than seven minutes " before the commencement of each innings and of each day's play. It is the duty of the captain to see that his side obtain this advantage. The ground in this law means the pitch. The responsibility for supervising the rolling of the pitch before play will, in the first place, rest with the umpires.]

THE BOWLER.—NO BALL.

10. The ball must be bowled ; if thrown or jerked, either umpire shall call "no ball."

11. The bowler shall deliver the ball with one foot on the ground behind the bowling crease, and within the return crease, otherwise the umpire shall call "no ball."

WIDE BALL.

12. If the bowler shall bowl the ball so high over or so wide of the wicket that in the opinion of the umpire it is not within reach of the striker, the umpire shall call "wide ball."

THE OVER.

13. The ball shall be bowled in overs of six balls from each wicket alternately. When six balls have been bowled, and the ball is finally settled in the bowler's or wicket-keeper's hands, the umpire shall call "over." Neither a "no ball" nor a "wide ball" shall be reckoned as one of the over.

R · W · FORSYTH · Limited

14. The bowler shall be allowed to change ends as often as he pleases, provided only that he does not bowl two overs consecutively in one innings.

15. The bowler may require the batsman at the wicket from which he is bowling to stand on that side of it which he may direct.

SCORING OFF NO BALLS AND WIDE BALLS.

16. The striker may hit a "no ball" and whatever runs result shall be added to his score ; but he shall not be out from a "no ball" unless he be run out or break Laws 26, 27, 29, 30. All runs made from a "no ball" otherwise than from the bat, shall be scored "no balls," and if no run be made, one run shall be added to that score. From a "wide ball" as many runs as are run shall be added to the score as "wide balls," and if no runs be otherwise obtained one run shall be so added.

BYE.

17. If the ball, not having been called "wide" or "no ball," pass the striker without touching his bat or person, and any runs be obtained, the umpire shall call "bye"; but if the ball touch any part of the striker's person (hand excepted) and any run be obtained, the umpire shall call

R · W · FORSYTH · Limited

"leg bye," such runs to be scored "byes" and "leg byes" respectively.

PLAY.

18. At the beginning of the match, and of each innings, the umpire at the bowler's wicket shall call "play"; from that time no trial ball shall be allowed to any bowler on the ground between the wickets, and when one of the batsmen is out, the use of the bat shall not be allowed to any person until the next batsman shall come in.

DEFINITIONS.

19. A batsman shall be held to be "out of his ground," unless his bat in hand or some part of his person be grounded within the line of the popping crease.

20. The wicket shall be held to be "down" when either of the bails is struck off, or, if both bails be off, when a stump is struck out of the ground.

THE STRIKER.

THE STRIKER IS OUT—

21. If the wicket be bowled down, even if the ball first touch the striker's bat or person :—"bowled."

[The striker would be out under this law if any part of either bail is "struck off" (see Law 20) the top of the wicket.]

22. Or if the ball from a stroke of the bat

or hand, but not the wrist, be held before it touch the ground, although it be hugged to the body of the catcher :— “caught.”

23. Or if in playing at the ball, provided it be not touched by the bat or hand, the striker be out of his ground, and the wicket be put down by the wicket-keeper with the ball or with hand or arm, with ball in hand :—“stumped.”

24. Or if with any part of his person he stops the ball, which in the opinion of the umpire at the bowler's wicket shall have been pitched in a straight line from it to the striker's wicket, and would have hit it :—“Leg before wicket.”

25. Or if in playing at the ball he hit down his wicket with his bat or any part of his person or dress :—“Hit wicket.”

26. Or if under pretence of running, or otherwise, either of the batsmen wilfully prevents a ball from being caught :—“Obstructing the field.”

27. Or if the ball be struck or be stopped by any part of his person, and he wilfully strike it again, except it be done for the purpose of guarding his wicket, which he may do with his bat, or any part of his person except his hands :—“Hit the ball twice.”

THE BATSMEN.

EITHER BATSMAN IS OUT—

28. If in running, or at any other time,

when the ball is in play, he be out of his ground, and his wicket be struck down by the ball after touching any fieldsman, or by the hand or arm, with ball in hand, of any fieldsman:—"Run out." [But the striker may not be given out thus unless the ball has touched the bat or hand when, in playing at a no ball, he is out of his ground and the wicket be put down by the wicket-keeper with the ball, or with hand or arm with ball in hand.]

29. Or if he touch with his hands or take up the ball while in play, unless at the request of the opposite side:—"Handled the ball."

30. Or if he wilfully obstruct any fieldsman:—"Obstructing the field."

31. If the batsmen have crossed each other, he that runs for the wicket which is put down is out; if they have not crossed, he that has left the wicket which is put down is out.

32. The striker being caught, no run shall be scored. A batsman being run out, that run which was being attempted shall not be scored.

33A. A batsman being out from any cause, the ball shall be "dead."

33B. If the ball, whether struck with the bat or not, lodges in a batsman's clothing, the ball shall become "dead."

LOST BALL.

34. If a ball in play cannot be found or recovered, any fieldsman may call "lost ball," when the ball shall be "dead," six runs shall be added to the score; but if more than six runs have been run before "lost ball" has been called, as many runs as have been run shall be scored.

35. After the ball shall have been finally settled in the wicket-keeper's or bowler's hand, it shall be "dead"; but when the bowler is about to deliver the ball, if the batsman at his wicket be out of his ground before actual delivery, the said bowler may run him out; but if the bowler throw at that wicket and any run result, it shall be scored "no ball."

36. A batsman shall not retire from his wicket and return to it to complete his innings after another has been in, without the consent of the opposite side.

SUBSTITUTE.

37. A substitute shall be allowed to field or run between wickets for any player who may during the match be incapacitated from illness or injury, but for no other reason, except with the consent of the opposite side.

38. In all cases where a substitute shall be allowed, the consent of the opposite

R · W · FORSYTH · Limited

side shall be obtained as to the person to act as substitute, and the place in the field which he shall take.

39. In case any substitute shall be allowed to run between wickets, the striker may be run out if either he or his substitute be out of his ground. If the striker be out of his ground while the ball is in play, that wicket which he has left may be put down, and the striker given out, although the other batsman may have made good the ground at that end, and the striker and his substitute at the other end.

40. A batsman is liable to be out for any infringement of the laws by his substitute.

THE FIELDSMAN.

41. The fieldsman may stop the ball with any part of his person, but if he wilfully stop it otherwise, the ball shall be "dead," and five runs added to the score; whatever runs may have been made, five only shall be added.

WICKET-KEEPER.

42. The wicket-keeper shall stand behind the wicket. If he shall take the ball for the purpose of stumping before it has passed the wicket, or if he shall incommode the striker by any noise or motion, or if any part of his person be

over or before the wicket, the striker shall not be out, excepting under Laws 26, 27, 28, 29, and 30.

DUTIES OF UMPIRES.

43. The umpires are the sole judges of fair or unfair play, of the fitness of the ground, the weather, and the light for play. All disputes shall be determined by them, and if they disagree the actual state of things shall continue.

44. They shall pitch fair wickets, arrange boundaries where necessary, and the allowances to be made for them, and change ends after each side has had one innings.

45. They shall allow two minutes for each striker to come in, and ten minutes between each innings. When they shall call "Play," the side refusing to play shall lose the match.

46. They shall not order a batsman out unless appealed to by the other side.

N.B.—An appeal, "How's that?" covers all ways of being out (within the jurisdiction of the umpire appealed to), unless a specific way of getting out is stated by the person asking.

47. The umpire at the bowler's wicket shall be appealed to before the other um-

R · W · FORSYTH · Limited

pire in all cases, except in those of stumping, hit wicket, run out at the striker's wicket, or arising out of Law 42, but in any case in which an umpire is unable to give a decision, he shall appeal to the other umpire, whose decision shall be final.

48. If either umpire be not satisfied of the absolute fairness of the delivery of any ball, he shall call "no ball."

48A. The umpire shall take especial care to call "no ball" instantly upon delivery; "wide ball" as soon as it shall have passed the striker.

49. If either batsman run a short run, the umpire shall call "one short," and the run shall not be scored.

50. After the umpire has called "over," the ball is "dead," but an appeal may be made as to whether either batsman is out; such appeal, however, shall not be made after the delivery of the next ball, nor after any cessation of play.

51. No umpire shall be allowed to bet.

52. No umpire shall be changed during a match, unless with the consent of both sides, except in case of violation of Law 51; then either side may dismiss him.

FOLLOWING INNINGS AND DECLARING INNINGS AT AN END.

53. The side which bats first and leads by 150 runs in a three-day match, or by 100 runs in a two-day match, shall have the option of requiring the other side to follow their innings.

54. The in-side may declare their innings at an end in a match of three days or more at any time on the second day; in a two-day match, the captain of the batting side has power to declare his innings at a close at any time, but such declaration may not be made on the first day later than one hour and forty minutes before the time agreed upon for drawing stumps; in a one-day match, at any time.

55. Where there is no play on the first day of a three-day match, Laws 53 and 54 shall apply as if the match were a two-day match, and if in a three-day match there is no play on the first two days, Laws 53 and 54 and Law 1, "One-day matches," shall apply as if the match were a one-day match. Where there is no play on the first day of a two-day match, Law 1, "One-day matches," shall apply as if the match were a one-day match.

COVERING OF THE WICKET.

The Regulations in connection with the covering of the wicket are :—

Any covering may be adopted to protect the whole of the pitch at any time after, but not before 11 a.m. on the day immediately preceding until the time fixed for the match or until it begins, but in all cases where the whole of the wicket is so protected in a Saturday start match with the consent of the two captains the same covering may be used throughout the succeeding Sunday. After the actual commencement of play the ground may be again protected when necessary, and shall be protected every night during the continuation of a match, but the covering shall be removed each morning, if fine, at 7 a.m. The covering after the commencement of a match must not protect a larger area than 18 ft. by 12 ft. at each end, and must not protect more than 3 ft. 6 in. in front of the popping crease, except on Sundays, as previously provided for.

At a meeting of the Board of Control on April 29, 1927, it was agreed that the intention of the motion as regards the covering of the whole of the wicket was that the captains must decide before they toss, whether or not the whole wicket shall be covered throughout the succeeding Sunday.

ONE-DAY MATCHES.

1. The side which bats first and leads by 75 runs shall have the option of requiring the other side to follow their innings.

2. The match, unless played out, shall be decided by the first innings. Prior to the commencement of a match it may be agreed that the over consist of five or six balls.

N.B.—A Tie is included in the words "played out."

SINGLE WICKET.

The laws are, where they apply, the same as the above, with the following alterations and additions.

1. One wicket shall be pitched, as in Law 6, with a bowling stump opposite to it, at a distance of twenty-two yards. The bowling crease shall be in a line with the bowling stump, and drawn according to Law 7.

2. When there shall be less than five players on a side, bounds shall be placed twenty-two yards each in a line from the off and leg stump.

3. The ball must be hit before the bounds to entitle the striker to a run, which run cannot be obtained unless he touch the bowling stump or crease in a line with his bat or some part of his person, or

R · W · FORSYTH · Limited

go beyond them, and return to the popping crease.

4. When the striker shall hit the ball one of his feet must be on the ground behind the popping crease, otherwise the umpire shall call "no hit," and no run shall be scored.

5. When there shall be less than five players on a side, neither byes, leg byes, nor overthrows shall be allowed, nor shall the striker be caught out behind the wicket nor stumped.

6. The fieldsman must return the ball so that it shall cross the ground between the wicket and the bowling stump, or between the bowling stump and the bounds; the striker may run till the ball be so returned.

7. After the striker shall have made one run, if he start again he must touch the bowling stump or crease, and turn before the ball cross the ground to entitle him to another.

8. The striker shall be entitled to three runs for lost ball, and the same number for ball wilfully stopped by a fieldsman otherwise than with any part of his person.

9. When there shall be more than four players on a side there shall be no bounds. All hits, byes, leg byes, and overthrows shall then be allowed.

10. There shall be no restriction as to the ball being bowled in overs, but no

R · W · FORSYTH · Limited

more than one minute shall be allowed between each ball.

INSTRUCTIONS TO UMPIRES.

These Instructions, originally drawn up in 1892 by the Committee of the M.C.C., and added to since then, are intended as an appendix to the Laws of the Game.

FITNESS OF GROUND.

LAW 43.—At the commencement of a match, the umpires may be appealed to by either side as to the fitness of the ground for play.

Should they not agree, play will not commence until they are agreed.

Umpires are not justified in deciding the ground unfit for play merely because the grass is wet and the ball would in consequence be slippery.

In order to facilitate play at the earliest possible moment in wet weather the umpires shall see that the foot-holes made by the bowlers and batsmen are cleaned out, dried, and filled up with sawdust at any time during the match although the game is not actually in progress.

R · W · FORSYTH · Limited

In case of interruption from rain, as soon as the rain has ceased, the umpires shall, immediately, without further instruction, inspect the wicket, unaccompanied by any of the players, and decide upon its fitness. Should it prove unfit, they shall continue to inspect at intervals, until they decide that it is fit for play, when they shall call upon the players to resume the game.

The ground is unfit for play—when water stands on the surface, or when it is so wet, muddy, or slippery as to deprive the bowlers of a reasonable foothold, or the fieldsmen of the power of free movement.

The umpires are not to be biased by the opinions of either side, still less are they to allow themselves to be influenced by the impatience of the spectators for a resumption of the game, and are not to be induced, by the public interest in a particular match, to declare the ground fit for play unless they would consider that ground fit under any circumstances.

FITNESS OF LIGHT FOR PLAY.

The umpires may decide on appeal from the captains should the latter disagree that there is not sufficient light

for play. Should the light improve before the time for drawing stumps, they shall, without waiting for instructions, call upon the players to resume the game.

In the event of the captains agreeing as to the condition of the ground or light, the umpires will, so far, be relieved of their responsibility.

LAW 47.—An umpire is only justified in appealing to the other umpire when he is unable to decide, owing to his having been prevented from seeing the occurrence on which the appeal is based. He is not to appeal to the other umpire in cases on which he could give a decision, merely because he is unwilling to give that decision. If he be in any doubt, the principle laid down in Law 43, "That the existing state of things shall continue," shall be followed, and, in consequence, the decision should be in favour of the batsman.

LAW 48.—The special attention of umpires is called to this law, which directs them to call "no ball," unless absolutely satisfied of the fairness of the delivery.

Umpires should not allow themselves to be unduly influenced by appeals from such of the field who were not in a position to form a judgment on the

point appealed upon or by tricks—such as throwing up the ball, on appealing for a catch at the wicket, without waiting for the decision. Umpires, being the sole judges of fair or unfair play, should remember that such devices are obviously unfair, and are not in accordance with the spirit in which cricket should be played.

LAW 54:—

(a) If a side declare its innings during the luncheon interval, it must do so within fifteen minutes after the commencement of such interval, otherwise an extra ten minutes will be allowed for rolling.

(b) If a side declare its innings closed in the morning before play commences, it must do so in sufficient time to enable the other side to choose the roller it prefers, otherwise an extra ten minutes will be allowed for rolling.

After 200 runs have been made with a ball, the fielding side can demand a new one.

Umpires should inform the batsmen when a new ball is about to be used.

R · W · FORSYTH · Limited

On giving a decision, the umpire should make sure that the batsman understands what the decision is.

It sometimes happens that the bowler will raise the seam of the ball in order to obtain a better hold. This is not legitimate. The ball in such a case should be shown to the umpire, who should call for another ball and warn the captain that the practice is unfair.

An umpire should stand where he can clearly see the act upon which his decision may be required.

An umpire wishing to stand on the off side of the wicket, instead of the leg side, should ask the permission of the captain of the fielding side.

An over should always be begun if time has not been reached and should be finished except as hereafter provided.

If a wicket fall within two minutes of "time" the umpires should call "time," unless the incoming batsman claims his right to bat for the time remaining.

If a wicket fall after "time" has been reached, the umpires shall call "time."

R · W · FORSYTH · Limited

If a bowler is injured so that he cannot finish the over he has begun, the over should be regarded as completed.

A side which has fielded with ten men or less may bat with its full strength provided no disqualification rule applies.

When a short run is called it is not customary for the batsmen to cross over to the positions they would have been in if the run had not been attempted.

It is the practice of umpires to allow six for all hits that drop over and clear of the boundary line or fence when four runs are allowed for a boundary hit.

A bowler can bowl round and over the wicket in the same over, but he should give the batsman an opportunity of taking a fresh guard. The same remark applies to a change from over to under arm bowling or vice versa.

A fieldsman may lean against a boundary to catch or field a ball, and if a fieldsman when standing within the playing ground, even though he be touching the boundary, catch a ball outside the boundary the batsman should be given out.

R · W · FORSYTH · Limited

It is not the scorer's business to dictate to the umpire. The umpire should direct the scorer what to record.

At a meeting of the Advisory County Cricket Committee in November 1932, it was agreed to continue the following experiments in 1933 :—

(a) No appeal against light in inter-county matches.

(b) The striker may be given out l.b.w. under Law 24 even though the ball may have been snicked on to his person.

At a meeting of the Committee in April 1932, the following resolution was passed:—

“If in a three-day match there is no play on the first two days the match shall be played under the laws for one-day matches. For the purpose of this competition, however, Law 54, which gives the right of declaration in a one-day match at any time, shall not apply,

R · W · FORSYTH · Limited

and no side shall declare its first innings closed until it has batted for at least 60 minutes. The over shall consist of six balls, and when a match is decided by the first innings the winning side shall score ten points and their opponents three points. No deviation to be allowed in respect to the hours of play as laid down by the Advisory County Cricket Committee in November 1927. Unless the match has been played out, play to continue until the advertised time of drawing stumps."

The Committee have also agreed "that, commencing in 1933, the number of games necessary to qualify for the County Championship shall be 24. Counties may play any number of games over the 24 that they may care to arrange; all matches to count in the Championship, but no county shall play another county more than twice in the Championship in one season." This involves a return to the percentage system.

CODE OF SIGNALLING.

"Boundaries" shall be signalled by waving the hand from side to side.

"Byes" shall be signalled by raising the open hand above the head.

"Leg Byes" shall be signalled by raising the leg and touching it with the hand.

"Wides" shall be signalled by extending both arms horizontally.

"No Balls" shall be signalled by extending one arm horizontally.

The decision "out" shall be signalled by raising the index finger above the head.

Umpires should wait until a signal has been answered by the scorer before allowing the game to proceed.

Besides signalling, the umpire should "call" distinctly for the information of the players.
