SCOTTISH CRICKET RECORD

NINETEEN HUNDRED AND THIRTY-EIGHT

R · W · FORSYTH
L I M I T E D
EDINBURGH & GLASGOW

PREFACE

The year of an Australian visit is always looked forward to as a particularly bright one for Scottish Cricket, and though on this occasion a three-day match with the touring team has not been secured, there will be plenty of interest in the appearance of Don Bradman and his men at Broughty Ferry and Hamilton Crescent at the beginning of August.

We have, as usual, to tender thanks to the various club secretaries and others who have assisted in the compilation of the RECORD.

THE NEW ZEALAND TOUR

In only one of the three Test Matches played by the New Zealand Touring Team in England last summer was a definite result obtained—that at Old Trafford, where England won by 130 runs. England thus won the series. The results of the three matches were as follows:—

First Test at Lord's, June 26, 28, and 29.

England, 124 and 226 for 4 wickets, declared;
New Zealand, 295 and 175 for 8 wickets.

Second Test, at Old Trafford, July 24, 26, and 27.

England, 358 for 9 wickets, declared, and 187;
New Zealand, 281 and 134.

Third Test, at The Oval, August 14, 16, 17, and 18.

New Zealand, 249 and 187; England, 254 for 7 wickets, declared, and 31 for 1 wicket.

The New Zealand Tour
—continued.

THE
Laws of Cricket

*(As revised by the Marylebone Club,
up to date).*

THE GAME.

1. A match is played between two sides of eleven players each, unless otherwise agreed to; each side has two innings, taken alternately, except in the case provided for in Law 53. The choice of innings shall be decided by tossing.

RUNS.

2. The score shall be reckoned by runs. A run is scored :—1st, so often as the batsmen after a hit, or at any time while the ball is in play, shall have crossed, and made good their ground, from end to end; 2nd, for penalties under Laws 16, 34, 41, and allowances under 44. Any run or runs so scored shall be duly recorded by scorers appointed for the purpose. The side which scores the greatest number of runs wins the match. No match is won unless played out or given up, except in the case provided in Law 45.

R · W · FORSYTH · Limited

APPOINTMENT OF UMPIRES.

3. Before the commencement of the match two umpires shall be appointed—one for each end.

THE BALL.

4. The ball shall weigh not less than five ounces and a half, nor more than five ounces and three-quarters. It shall measure not less than $8\frac{1}{8}$ inches, nor more than 9 inches in circumference. At the beginning of each innings either side may demand a new ball.

THE BAT.

5. The bat shall not exceed four inches and one-quarter in the widest part; it shall not be more than thirty-eight inches in length.

THE WICKETS.

6. The wickets shall be pitched opposite and parallel to each other at a distance of twenty-two yards. Each wicket shall be not less than eight inches nor more than nine inches in width, and consist of three stumps, with two bails upon the top. The stumps shall be of equal and of sufficient size to prevent the ball from passing through, not less than twenty-seven inches nor more than twenty-eight inches out of the ground. The bails shall be each not less than four inches nor more than four inches and a half in length, and

when in position on the top of the stumps shall not project more than half an inch above them. The wickets shall not be changed during a match unless the ground between them become unfit for play, and then only by consent of both sides.

THE BOWLING CREASE.

7. The bowling crease shall be in a line with the stumps, eight feet eight inches in length, the stumps in the centre, with a return crease at each end, at right angles behind the wicket.

THE POPPING CREASE.

8. The popping crease shall be marked four feet from the wicket, parallel to it, and be deemed unlimited in length.

THE GROUND.

9. The ground shall not be rolled, watered, covered, mown, or beaten, during a match, except before the commencement of each innings and of each day's play, when, unless the in-side object, the ground shall be swept and rolled for not more than seven minutes. This shall not prevent the batsman from beating the ground with his bat, nor the batsman nor bowler from using sawdust in order to obtain a proper foothold.

[*M.C.C.'s Note* :—The batting side has a right to have the ground swept and rolled "for not more than seven minutes" before the commencement of each innings and of each day's play. It is the

R · W · FORSYTH · Limited

duty of the captain to see that his side obtain this advantage. The ground in this law means the pitch. The responsibility for supervising the rolling of the pitch before play will, in the first place, rest with the umpires.]

THE BOWLER.—NO BALL.

10. The ball must be bowled ; if thrown or jerked, either umpire shall call "no ball."

11. The bowler shall deliver the ball with one foot on the ground behind the bowling crease, and within the return crease, otherwise the umpire shall call "no ball."

WIDE BALL.

12. If the bowler shall bowl the ball so high over or so wide of the wicket that in the opinion of the umpire it is not within reach of the striker, the umpire shall call "wide ball."

THE OVER.

13. The ball shall be bowled in overs of six balls from each wicket alternately. When six balls have been bowled, and the ball is finally settled in the bowler's or wicket-keeper's hands, the umpire shall call "over." Neither a "no ball" nor a "wide ball" shall be reckoned as one of the over.

[*M.C.C.'s Note* :—An "over" should always be begun if "time" has not been reached, and should be finished, except as hereinafter provided. If a wicket fall within two minutes of "time" the

R · W · FORSYTH · Limited

umpires should call "time" unless the incoming batsman claims his right to bat for the time remaining. If a wicket fall after "time" has been reached the umpires shall call "time." If a bowler is injured so that he cannot finish the "over" he has begun, the over should be regarded as being completed.]

14. The bowler shall be allowed to change ends as often as he pleases, provided only that he does not bowl two overs consecutively in one innings.

15. The bowler may require the batsman at the wicket from which he is bowling to stand on that side of it which he may direct.

SCORING OFF NO BALLS AND WIDE BALLS.

16. The striker may hit a "no ball" and whatever runs result shall be added to his score ; but he shall not be out from a "no ball" unless he be run out or break Laws 26, 27, 29, 30. All runs made from a "no ball" otherwise than from the bat, shall be scored "no balls," and if no run be made, one run shall be added to that score. From a "wide ball" as many runs as are run shall be added to the score as "wide balls," and if no runs be otherwise obtained one run shall be so added.

BYE.

17. If the ball, not having been called "wide" or "no ball," pass the striker without touching his bat or person, and any runs be obtained, the umpire shall call

R · W · FORSYTH · Limited

"bye"; but if the ball touch any part of the striker's person (hand excepted) and any run be obtained, the umpire shall call "leg bye," such runs to be scored "byes" and "leg byes" respectively.

PLAY.

18. At the beginning of the match, and of each innings, the umpire at the bowler's wicket shall call "play"; from that time no trial ball shall be allowed to any bowler on the ground between the wickets, and when one of the batsmen is out, the use of the bat shall not be allowed to any person until the next batsman shall come in.

DEFINITIONS.

19. A batsman shall be held to be "out of his ground," unless his bat in hand or some part of his person be grounded within the line of the popping crease.

20. The wicket shall be held to be "down" when either of the bails is struck off, or, if both bails be off, when a stump is struck out of the ground.

THE STRIKER.

THE STRIKER IS OUT—

21. If the wicket be bowled down, even if the ball first touch the striker's bat or person :—"bowled."

[The striker would be out under this law if any part of either bail is "struck off" (see Law 20) the top of the wicket.]

22. Or if the ball from a stroke of the bat or hand, but not the wrist, be held before it touch the ground, although it be hugged to the body of the catcher :— “ caught.”

23. Or if in playing at the ball, provided it be not touched by the bat or hand, the striker be out of his ground, and the wicket be put down by the wicket-keeper with the ball or with hand or arm, with ball in hand :— “ stumped.”

24. Or if with any part of his person he stops the ball, which in the opinion of the umpire at the bowler's wicket shall have been pitched in a straight line from it to the striker's wicket, and would have hit it :— “ Leg before wicket.”

[The experimental change in the l.b.w. rule became a Law of Cricket in May 1937. See page 218.]

25. Or if in playing at the ball he hit down his wicket with his bat or any part of his person or dress :— “ Hit wicket.”

26. Or if under pretence of running, or otherwise, either of the batsmen wilfully prevents a ball from being caught :— “ Obstructing the field.”

27. Or if the ball be struck or be stopped by any part of his person, and he wilfully strike it again, except it be done for the purpose of guarding his wicket, which he may do with his bat, or any part of his person except his hands :— “ Hit the ball twice.”

THE BATSMEN.

EITHER BATSMAN IS OUT—

28. If in running, or at any other time, when the ball is in play, he be out of his ground, and his wicket be struck down by the ball after touching any fieldsman, or by the hand or arm, with ball in hand, of any fieldsman:—"Run out." [But the striker may not be given out thus unless the ball has touched the bat or hand when, in playing at a no ball, he is out of his ground and the wicket be put down by the wicket-keeper with the ball, or with hand or arm with ball in hand.]

29. Or if he touch with his hands or take up the ball while in play, unless at the request of the opposite side:—"Handled the ball."

30. Or if he wilfully obstruct any fieldsman:—"Obstructing the field."

31. If the batsmen have crossed each other, he that runs for the wicket which is put down is out; if they have not crossed, he that has left the wicket which is put down is out.

32. The striker being caught, no run shall be scored. A batsman being run out, that run which was being attempted shall not be scored.

33A. A batsman being out from any cause, the ball shall be "dead."

R · W · FORSYTH · Limited

33B. If the ball, whether struck with the bat or not, lodges in a batsman's clothing, the ball shall become "dead."

LOST BALL.

34. If a ball in play cannot be found or recovered, any fieldsman may call "lost ball," when the ball shall be "dead," six runs shall be added to the score; but if more than six runs have been run before "lost ball" has been called, as many runs as have been run shall be scored.

35. After the ball shall have been finally settled in the wicket-keeper's or bowler's hand, it shall be "dead"; but when the bowler is about to deliver the ball, if the batsman at his wicket be out of his ground before actual delivery, the said bowler may run him out; but if the bowler throw at that wicket and any run result, it shall be scored "no ball."

36. A batsman shall not retire from his wicket and return to it to complete his innings after another has been in, without the consent of the opposite side.

SUBSTITUTE.

37. A substitute shall be allowed to field or run between wickets for any player who may during the match be incapacitated from illness or injury, but for no other reason, except with the consent of the opposite side.

38. In all cases where a substitute shall

R · W · FORSYTH · Limited

be allowed, the consent of the opposite side shall be obtained as to the person to act as substitute, and the place in the field which he shall take.

39. In case any substitute shall be allowed to run between wickets, the striker may be run out if either he or his substitute be out of his ground. If the striker be out of his ground while the ball is in play, that wicket which he has left may be put down, and the striker given out, although the other batsman may have made good the ground at that end, and the striker and his substitute at the other end.

40. A batsman is liable to be out for any infringement of the laws by his substitute.

THE FIELDSMAN.

41. The fieldsman may stop the ball with any part of his person, but if he wilfully stop it otherwise, the ball shall be "dead," and five runs added to the score; whatever runs may have been made, five only shall be added.

WICKET-KEEPER.

42. The wicket-keeper shall stand behind the wicket. If he shall take the ball for the purpose of stumping before it has passed the wicket, or if he shall incommode the striker by any noise or motion, or if any part of his person be

over or before the wicket, the striker shall not be out, excepting under Laws 26, 27, 28, 29, and 30.

DUTIES OF UMPIRES.

43. The umpires are the sole judges of fair or unfair play, of the fitness of the ground, the weather, and the light for play. All disputes shall be determined by them, and if they disagree the actual state of things shall continue.

44. They shall pitch fair wickets, arrange boundaries where necessary, and the allowances to be made for them, and change ends after each side has had one innings.

45. They shall allow two minutes for each striker to come in, and ten minutes between each innings. When they shall call "Play," the side refusing to play shall lose the match.

46. They shall not order a batsman out unless appealed to by the other side.

N.B.—An appeal, "How's that?" covers all ways of being out (within the jurisdiction of the umpire appealed to), unless a specific way of getting out is stated by the person asking.

47. The umpire at the bowler's wicket shall be appealed to before the other um-

R · W · FORSYTH · Limited

pire in all cases, except in those of stumping, hit wicket, run out at the striker's wicket, or arising out of Law 42, but in any case in which an umpire is unable to give a decision, he shall appeal to the other umpire, whose decision shall be final.

48. If either umpire be not satisfied of the absolute fairness of the delivery of any ball, he shall call "no ball."

48A. The umpire shall take especial care to call "no ball" instantly upon delivery; "wide ball" as soon as it shall have passed the striker.

49. If either batsman run a short run, the umpire shall call "one short," and the run shall not be scored.

50. After the umpire has called "over," the ball is "dead," but an appeal may be made as to whether either batsman is out; such appeal, however, shall not be made after the delivery of the next ball, nor after any cessation of play.

[*Note on Law 50:—An appeal may not be made after "time" has been called and the bails have been removed by both umpires. "Time" shall be called before the players leave the field for any interval of play as well as at the close of play.*]

51. No umpire shall be allowed to bet.

52. No umpire shall be changed during a match, unless with the consent of both sides, except in case of violation of Law 51; then either side may dismiss him.

FOLLOWING INNINGS AND DECLARING INNINGS AT AN END.

53. The side which bats first and leads by 150 runs in a three-day match, or by 100 runs in a two-day match, shall have the option of requiring the other side to follow their innings.

54. The in-side may declare their innings at an end in a match of three days or more at any time on the second day; in a two-day match, the captain of the batting side has power to declare his innings at a close at any time, but such declaration may not be made on the first day later than one hour and forty minutes before the time agreed upon for drawing stumps; in a one-day match, at any time.

[*M.C.C.'s Note on Law 54*:—If a side declare its innings during the luncheon interval, it must do so within fifteen minutes after the commencement of such interval otherwise an extra seven minutes will be allowed for rolling. If a side declare its innings closed in the morning, before play commences, it must do so in sufficient time to enable the other side to choose the roller it prefers, otherwise an extra seven minutes will be allowed for rolling.]

R · W · FORSYTH · Limited

55. Where there is no play on the first day of a three-day match, Laws 53 and 54 shall apply as if the match were a two-day match, and if in a three-day match there is no play on the first two days, Laws 53 and 54 and Law 1, "One-day matches," shall apply as if the match were a one-day match. Where there is no play on the first day of a two-day match, Law 1, "One-day matches," shall apply as if the match were a one-day match.

ONE-DAY MATCHES.

1. The side which bats first and leads by 75 runs shall have the option of requiring the other side to follow their innings.

2. The match, unless played out, shall be decided by the first innings. Prior to the commencement of a match it may be agreed that the over consist of five or six balls.

N.B.—A Tie is included in the words "played out."

SINGLE WICKET.

The laws are, where they apply, the same as the above, with the following alterations and additions.

1. One wicket shall be pitched, as in Law 6, with a bowling stump opposite to

R · W · FORSYTH · Limited

it, at a distance of twenty-two yards. The bowling crease shall be in a line with the bowling stump, and drawn according to Law 7.

2. When there shall be less than five players on a side, bounds shall be placed twenty-two yards each in a line from the off and leg stump.

3. The ball must be hit before the bounds to entitle the striker to a run, which run cannot be obtained unless he touch the bowling stump or crease in a line with his bat or some part of his person, or go beyond them, and return to the popping crease.

4. When the striker shall hit the ball one of his feet must be on the ground behind the popping crease, otherwise the umpire shall call "no hit," and no run shall be scored.

5. When there shall be less than five players on a side, neither byes, leg byes, nor overthrows shall be allowed, nor shall the striker be caught out behind the wicket nor stumped.

6. The fieldsman must return the ball so that it shall cross the ground between the wicket and the bowling stump, or between the bowling stump and the bounds; the striker may run till the ball be so returned.

7. After the striker shall have made one run, if he start again he must touch the

bowling stump or crease, and turn before the ball cross the ground to entitle him to another.

8. The striker shall be entitled to three runs for lost ball, and the same number for ball wilfully stopped by a fieldsman otherwise than with any part of his person.

9. When there shall be more than four players on a side there shall be no bounds. All hits, byes, leg byes, and overthrows shall then be allowed.

10. There shall be no restriction as to the ball being bowled in overs, but no more than one minute shall be allowed between each ball.

INSTRUCTIONS TO UMPIRES.

These Instructions, originally drawn up in 1892 by the Committee of the M.C.C., and added to since then, are intended as an appendix to the Laws of the Game.

When a batsman has retired owing to illness, injury, or some other unavoidable cause, his innings must be counted as "not out."

A side which has fielded with ten men or less, may bat with its full strength provided no disqualification rule applies.

R · W · FORSYTH · Limited

When a short run is called it is not customary for the batsmen to cross over to the positions they would have been in if the run had not been attempted.

It sometimes happens that the bowler will lift the seam of the ball in order to obtain a better hold. This is not legitimate. The ball, in such a case, should be shown to the umpire, who should call for another ball and warn the captain that the practice is unfair. The use of resin by bowlers is also unfair.

A bowler can bowl round and over the wicket in the same over ; but he should give the batsman an opportunity of taking a fresh guard. The same remarks apply to a change from over to under arm bowling, or *vice versa*.

If a ball hit or pass over or through the boundary or is carried over it by the fieldsman the umpire should call a boundary hit, but a fieldsman may lean against the boundary to catch or field a ball, and if a fieldsman, when standing within the playing ground, even though he be touching the boundary, catch a ball outside the boundary the batsman should be given out.

When the ball touches the boundary it becomes "dead."

The umpire is not a boundary.

R · W · FORSYTH · Limited

It is for the umpire to decide if a hit has reached the boundary.

If a seat or other obstacle is placed in the playing ground, within boundaries, and such obstacle is struck by the ball, it cannot be regarded as a boundary unless so arranged by the umpires.

When four runs are allowed for a boundary hit, it is the practice for umpires to allow six runs for all hits that drop over and clear of the boundary line or fence, even though the ball has been touched by a fieldsman in an attempt to make a catch.

An umpire should stand where he can clearly see the act upon which his decision may be required.

An umpire wishing to stand on the off side of the wicket instead of the leg side should ask the permission of the captain of the fielding side.

Umpires should not call "time" before the over is finished. (See Law 45.)

The umpires should agree between themselves, before play, what watch or clock they shall follow in deciding intervals and close of play.

Save as provided by the laws the umpires have no right to interfere in the progress of the game except on appeal.

R · W · FORSYTH · Limited

At the end of an over the umpire at the bowler's wicket should distinctly call "over" before leaving the wicket.

Umpires are not *obliged* to stand near the wicket in order to supervise the rolling.

The ground may be rolled for seven minutes immediately before a match begins, but the roller must be off the ground so as to allow play to commence at the stipulated time.

It is not the scorer's business to dictate to the umpire. The umpire should direct the scorer what to record.

At the commencement of a match, the umpires may be appealed to by either side as to the fitness of the ground for play.

Should they not agree, play will not commence until they are agreed.

Umpires are not justified in deciding the ground unfit for play merely because the grass is wet and the ball would, in consequence, be slippery.

In case of interruption from rain, as soon as the rain has ceased the umpires shall, immediately, without further instruction, inspect the wicket, unaccom-

R · W · FORSYTH · Limited

panied by any of the players, and decide upon its fitness. Should it prove unfit for play, they shall continue to inspect at intervals, until they decide that it is fit, when they shall call upon the players to resume the game.

The ground is unfit for play when water stands on the surface, or when it is so wet, muddy, or slippery as to deprive the bowlers of a reasonable foothold, or the fieldsmen of the power of free movement.

The umpires are not to be biased by the opinions of either side, still less are they to allow themselves to be influenced by the impatience of the spectators for a resumption of the game, and are not to be induced, by the public interest in a particular match, to declare the ground fit for play, unless they would consider the ground fit, under any circumstances.

In the event of the captains agreeing as to the condition of the ground or light, the umpires will, so far, be relieved of their responsibility.

An umpire is only justified in appealing to the other umpire when he is unable to decide, owing to his having been prevented from seeing the occurrence on which the appeal is based. He is not to appeal to the other umpire in cases on which he could give a decision, merely

R · W · FORSYTH · Limited

because he is unwilling to give that decision. If he be in any doubt, the principle laid down in Law 43, "That the existing state of things shall continue," shall be followed and in consequence the decision should be in favour of the batsman.

An umpire may alter his decision if in the hurry of the moment or by a slip of the tongue he has given a wrong one; provided that such alteration is made promptly.

On giving a decision the umpire should make sure that the batsman understands what the decision is.

Umpires should not allow themselves to be unduly influenced by appeals from such of the field who were not in a position to form a judgment on the point appealed upon, or by tricks—such as throwing up the ball, on appealing for a catch at the wicket, without waiting for the decision. Umpires, being the sole judges of fair or unfair play, should remember that such devices are obviously unfair, and are not in accordance with the spirit in which cricket should be played.

Umpires should see that there is no infringement of Law 5. When in doubt as to the width of a bat they should use the gauge.

R · W · FORSYTH · Limited

Umpires shall make a point of seeing that the wickets, bats, and balls are in accordance with the laws of the game, and they must remember that the conduct of the game and the state of the ground is within their jurisdiction.

The interval for luncheon shall be forty minutes. In the event of the last wicket falling within two minutes of the time arranged for luncheon the game shall be resumed at the usual hour, no allowance being made for the seven minutes between the innings.

After 200 runs have been made with a ball in the *County Competition* the fielding side may demand a new one.

Umpires should inform the batsmen when a new ball is about to be used.

All cricket balls used in County cricket matches should be submitted to and approved by the captains of the competing sides before the matches begin.

Trial balls, if both batsmen are at the wickets, shall not be allowed in first-class matches.

**SPECIAL INSTRUCTIONS FOR
INTER-COUNTY MATCHES.**

1. The type of bowling which has been defined by the M.C.C. Committee as

“persistent and systematic bowling of fast short-pitched balls at the batsman standing clear of his wicket” has always been considered to be unfair and it must be eliminated from the game. Umpires are the sole judges of fair and unfair play (*vide* Law 43) and are therefore empowered to deal with “direct attack.”

If in the opinion of the umpire at the bowler's end unfair bowling of this type takes place he shall adopt the following procedure :—

- (a) As soon as he decides that such bowling is becoming persistent he shall forthwith “caution” the bowler.
- (b) If this “caution” is ineffective he shall inform the captain of the fielding side and the other umpire of what has occurred.
- (c) Should the above prove ineffective the umpire at the bowler's end shall :—
 - (1) At the first repetition call “dead ball” and the over shall be regarded as completed.
 - (2) Request the captain of the fielding side to take the bowler off forthwith.
 - (3) Report the occurrence to the captain of the batting side as

R · W · FORSYTH · Limited

soon as an interval of play takes place.

- (4) At the end of the day make a report to the Secretary of the M.C.C. and also to the Secretary of the County Club to which the offending bowler belongs.

A bowler who has been "taken off" as above shall not bowl again during the same innings.

Umpires should note that they will be strongly supported by the M.C.C. Committee in any action which they may take under Law 43 to prevent this type of bowling from being practised. The Advisory County Cricket Committee, on 21st November 1934, confirmed the recommendation of the M.C.C. Committee "that the County Committees and the County Captains shall take all steps in their power to eliminate from the game the type of bowling as now defined, *i.e.*, direct attack."

Umpires appointed to stand in First-Class County Matches are reminded that it is their duty to report forthwith to the Secretary of the M.C.C. any case on or off the field of a captain or a player criticising or showing resentment to the decision of an umpire. The umpires, are, however, required to give notice to the captains during the match that it is their intention to make such a report.

R · W · FORSYTH · Limited

L.B.W.

2. The striker shall be out l.b.w. if with any part of his person (except his hand) which is between wicket and wicket he intercept a ball which, in the opinion of the umpire at the bowler's wicket, shall have been pitched in a straight line from the bowler's wicket to the striker's wicket or shall have been pitched on the off side of the striker's wicket and would have hit it.

Umpires will observe that the only new instruction is that the striker is out to a ball which, pitching on the off side of the striker's wicket, would have hit the wicket had it not been intercepted *by part of the striker's person (except his hand) which part was between wicket and wicket* at the moment of impact.

When a batsman is given out l.b.w. under the new experimental rule the umpire, after signalling "out" in the usual way, shall face the scorer and raise the open hand above the head. palm upwards.‡

The scorer shall enter the decision in the score-book as l.b.w. (n) b.....

3. The striker shall *not* be given out l.b.w. if the ball has touched his bat or hand before hitting his person.

4. The decision "out" shall be signalled by raising the index finger above

R · W · FORSYTH · Limited

the head. Besides signalling the umpire shall "call" distinctly for the information of the players. If the batsman is "not out" the umpire shall call "not out."

5. (For trial and experiment in 1937 and 1938.) A batsman at the wickets and the captain of the fielding side shall consult as to the fitness of weather and light for play, and if they are unable to agree, the question shall be determined by the umpires, as provided in Law 43 of the Laws of Cricket. Should play be suspended and the conditions improve, the umpires shall, without waiting for instructions, call upon the players to resume the game.

[Paragraph 2 of this section was incorporated in the Laws of Cricket in May 1937.]

**ARTIFICIAL DRYING OF THE
WICKET.**

6. The following experiment in regard to drying the wicket artificially during the progress of a match shall be continued in 1938:—

The groundsman shall be allowed to rid the wicket of water or dampness in order to enable play to begin with the least possible delay. The means by which the wicket is dried shall be left to the discretion of each ground, and prior to the tossing for

choice of innings the groundsman shall be allowed to act without reference to the umpires.

But it must be clearly understood that *after tossing for choice of innings and throughout the match the drying process shall be carried out only on the instructions of the umpires and under their supervision*; they to be empowered to have the wicket dried, without reference to the captains, at any time they are of opinion that it is unfit for play.

Any roller may be used, if the umpires think desirable, but only (except as laid down in the following paragraph) for the purpose of drying the wicket and making it fit for play, and not otherwise. This would allow umpires to roll the wicket after drying it, say with a light roller for a minute or two, should they consider it desirable.

When the artificial drying of the wicket, under the supervision of the umpires, coincides with (a) the interval between tossing for choice of innings and the start of a match, (b) the interval between innings, or (c) the resumption of play on the second or third day of a match, the umpires, and not the captain of the

R · W · FORSYTH · Limited

batting side, shall select the roller to be used.

Before drying the wicket the umpires shall have regard to the condition of the outfield and the prospects of its fitness for play. The drier shall be removed when they are satisfied that the wicket is fit for play or as they may direct.

Umpires shall report themselves to the manager of the ground or his representative half an hour before the beginning of play on the first day, and at 9 a.m. on the second and third days. They must remain on the ground for half an hour after the time fixed for drawing stumps on the first and second days unless released by the secretary.

Except as now provided, the existing regulations in regard to the rolling of the wicket and the fitness of the ground for play, as laid down in Laws of Cricket, with Decisions and Interpretations authorised by the M.C.C., shall apply. Under existing regulations, in the event of the captains agreeing as to the condition of the ground, the umpires will, so far, be relieved of their responsibility.

R · W · FORSYTH · Limited

7. To enable play to proceed with the least possible delay after rain, the groundsmen shall adopt every practical means to rid the surface of the ground, other than the pitch, of water or dampness at any time except while play is in progress; the pitch to be regarded as 10 feet in width, *i.e.*, 5 feet on each side from the centre stump.

8. In wet weather the umpires shall see that the foot holes made by the bowlers and batsmen are cleaned, dried, and filled up with sawdust at any time during the match, although the game is not actually in progress. The groundsmen may also clean out the foot holes in this way without instructions from the umpires.

9. Marks made by bowlers more than 3 feet 6 inches in front of the popping crease, *provided they are not between wicket and wicket*, may be dried with sawdust at any time during a match, although the game is not actually in progress. Except when the wicket is covered during a week-end match, such marks shall only be covered with loose sawdust.

10. The following note has been added to Law 50 in the Laws of Cricket, with Decisions and Interpretations authorised by the M.C.C.—“An appeal may not be

made after 'time' has been called and the bails have been removed by *both* umpires. Time shall be called before the players leave the field for any interval of play, as well as at the close of play. See note on Law 13."

11. It is *not* the duty of an umpire to replace a bail on the top of the wicket until the ball becomes "dead."

COVERING THE WICKET.

12. Any covering may be adopted to protect the whole of the wicket at any time after but not before 11 a.m. on the day immediately preceding a match or until the first ball is bowled. When the wicket has been completely covered prior to the start of play in a week-end match, the rule of the ground shall prevail as to the wicket being completely covered throughout the succeeding Sunday. The covering may remain, if necessary, until the restart of play. Prior to 1931 the wicket could not be completely covered over the Sunday except with the consent of both captains, and the covering had to be removed at 7 a.m. on the Monday, wet or fine. Except as provided for in a week-end match, the covering, after the first ball has been bowled, shall not protect more than 3 ft. 6 in. in front of the popping crease.

HOURS OF PLAY.

13. (a) The usual hours of play in inter-county matches shall be as in recent years, viz. :—First day, 11.30 till 6.30; second day, 11.30 till 6.30; third day, 11.30 till 6, with an extra half an hour on the third day on the demand of either side for the purpose of securing a definite result or for the purpose of securing a first innings decision. If in the opinion of both captains thirty minutes' extra time at the end of the second day's play would bring about a definite result, the umpires shall order the same. Having played half an hour extra on the second day does not preclude either side demanding an extra half an hour on the third day for the purpose of securing a definite result.

(b) If opposing counties mutually agree, the hours of play on the first and second days may be so adjusted as to allow evening play to take place. In every case where counties intend to depart from the usual hours of play on the first and second days umpires must be duly advised by the counties direct prior to the match taking place.

(c) In the event of it being essential to alter the hours of play in order to facilitate travelling arrangements *due notice shall be given to the press and to the*

R · W · FORSYTH · Limited

umpires, and not more than six hours and twenty minutes' play (including the tea interval if any) shall be allowed on the third day for the purpose of securing a definite result or a first innings decision.

SCORING IN THE COUNTY
CHAMPIONSHIP.

At a meeting of the Advisory County Cricket Committee in February 1938, the following regulations for scoring points in the County Championship were adopted :—

- (a) Should a match be finished the winning side to score 12 points.
- (b) Should a match be finished and the scores be equal each side to score 6 points.
- (c) Should a match be finished the side which leads on the first innings, if it does not win the match, to score 4 points.
- (d) Should a match not be finished the side which leads on the first innings to score 4 points.
- (e) Should a match not be finished and the scores of the first innings be equal, each side to score 2 points.

R · W · FORSYTH · Limited

- (f) Should there be no play in a match, or no result on the first innings, that match shall not be included in the table of results.
- (g) If in a three days' match there is no play on the first two days the match shall be played under the Laws for "One Day Matches," except that, and for the purpose of this Competition, Law 54, which gives the right of declaration "in a one day match at any time" shall not apply, and the following words in italics shall be substituted:—*No side shall declare its first innings closed until it has batted for at least sixty minutes.*
- (h) For the purpose of deciding the Championship, the points gained shall be divided by the number of matches played, and the side which has the highest average shall be the Champion County.

CODE OF SIGNALLING.

"Boundaries" shall be signalled by waving the hand from side to side.

A "boundary six" shall be signalled by raising the open hand above the head.

"Byes" shall be signalled by raising the open hand above the head.

"Leg Byes" shall be signalled by raising the leg and touching it with the hand.

"Wides" shall be signalled by extending both arms horizontally.

"No Balls" shall be signalled by extending one arm horizontally.

The decision "out" shall be signalled by raising the index finger above the head.

Umpires should wait until a signal has been answered by the scorer before allowing the game to proceed.

Besides signalling, the umpire should "call" distinctly for the information of the players.

"One short" shall be signalled by bending the arm upwards and by touching the top of the nearer shoulder with the tips of the fingers of one hand.
