The new season finds more clubs than ever playing the game, and the Scottish Cricket Union with an impressive list of representative fixtures. A new engagement is with Durham County at Sunderland, and it is interesting to note that Aberdeen has been chosen as the venue for Warwickshire's first appearance in Scotland.

We desire to thank Club Secretaries and others whose willing co-operation has helped towards the correctness and completeness of the RECORD. In particular, we greatly appreciate that, with only a few exceptions, the fixture forms were returned to us with commendable promptness.

SCOTLAND'S RECORD IN 1948

Though Scotland did not succeed in winning any of the five representative games in 1948, some satisfaction could be derived from the draws which were obtained with Yorkshire and Warwickshire. Despite some very good bowling by W. Nichol (Kelburne), the Irish match was lost through a batting collapse which revealed that the Scots had not yet discovered the secret of playing spin bowling, so often their downfall in the past.

R · W · FORSYTH · Limited

Fears that the Australian visit in September might be too late to make a great appeal were unconfirmed. From the time that Bradman and his men arrived in Edinburgh till the teams were received by the King and Queen at Balmoral, the tour was a tremendous success, an appropriate climax being the majestic century at Mannofield which signalled Bradman's farewell to cricket in Great Britain.

The cricketing public's response to these matches was such that the surplus at Raeburn Place was £500 and at Aberdeen £650. As the other three matches all showed a profit, the Scottish Cricket Union's financial statement was perhaps the best in their history.

As a matter of interest, the leading batting and bowling averages among Scotland's representative players for the season are appended :—

THE
LAWS
OF
CRICKET

Edinburgh and Glasgow

THE
Laws of Cricket

The revised laws of cricket were adopted at a Special Meeting of the M.C.C. on 7th May 1947, and were put into operation last season. They were reduced from 60 to 47.

This season the following changes should be noted :—

Championship Scoring.—When a match ends with the scores level the side which led on the first innings will receive eight points and their opponents four. Previously each team took six.

The New Ball.—This season the new ball may be taken after 65 overs and not 55 as before.

Declaration on First Day.—The experiment of allowing a declaration after 300 runs have been scored on the first day is to be continued. In the Minor Counties a declaration can be made on the first day after 150 runs have been scored.

R · W · FORSYTH · Limited

g-bye Ruling.—M.C.C. have notified all Counties and umpires that an amendment has been made to a note on the law regarding leg-byes. Last year it was pointed out that it was for the umpires to decide if a batsman deliberately deflects a ball other than with his bat and to call "dead ball" under Law 25 if necessary.

This ruling has been reviewed and it is now considered that the umpires have no right to interfere in any way until the ball has gone "dead" in the ordinary course, and Note 1 to Law 30 should be interpreted in the following sense:—

"In the event of the batsmen running, the umpires will not call "dead ball," but when the ball has ceased to be in play will disallow any runs made and order the batsmen back to their original wickets."

The reason for this ruling is that by calling "dead ball" or any other form of intervention, the umpires may prevent the fielding side from obtaining a "run out" under circumstances in which the batsmen and not the fielding side are the offending party.

**(A)—THE PLAYERS, UMPIRES,
AND SCORERS.**

SIDES.

1. A match is played between two sides of eleven players each, unless otherwise agreed. Each side shall play under a Captain who before the toss for innings shall nominate his players who may not thereafter be changed without the consent of the opposing Captain.

SUBSTITUTES.

2. A Substitute shall be allowed to field or run between the wickets for any player who may during the match be incapacitated from illness or injury, but not for any other reason without the consent of the opposing Captain; no Substitute shall be allowed to bat or to bowl. Consent as to the person to act as Substitute in the field shall be obtained from the opposing Captain, who may indicate positions in which the Substitute shall not field.

THE APPOINTMENT OF UMPIRES.

3. Before the toss for innings two Umpires shall be appointed; one for each end to control the game as required by the Laws with absolute impartiality. No Umpire shall be changed during a

R · W · FORSYTH · Limited

match without the consent of both Captains.

THE SCORERS.

4. All runs scored shall be recorded by Scorers appointed for the purpose; the Scorers shall accept and acknowledge all instructions and signals given to them by the Umpires.

(B)—THE IMPLEMENTS OF THE GAME, AND THE GROUND.

THE BALL.

5. The Ball shall weigh not less than $5\frac{1}{2}$ ounces, nor more than $5\frac{3}{4}$ ounces. It shall measure not less than $8\frac{1}{8}$ inches, nor more than 9 inches in circumference. Subject to agreement to the contrary either Captain may demand a new ball at the start of each innings. In the event of a ball being lost or becoming unfit for play, the Umpires shall allow another ball to be taken into use. They shall inform the Batsmen whenever a ball is to be changed.

THE BAT.

6. The Bat shall not exceed $4\frac{1}{2}$ inches in the widest part; it shall not be more than 38 inches in length.

THE PITCH.

7. The Pitch is deemed to be the area of ground between the bowling creases, 5 feet in width on either side of the line joining the centre of the wickets. Before the toss for innings, the executive of the ground shall be responsible for the selection and preparation of the Pitch; thereafter the Umpires shall control its use and maintenance. The Pitch shall not be changed during a match unless it becomes unfit for play, and then only with the consent of both Captains.

THE WICKETS.

8. The Wickets shall be pitched opposite and parallel to each other at a distance of 22 yards from stump to stump. Each Wicket shall be 9 inches in width and consist of three stumps with two bails upon the top. The stumps shall be of equal and sufficient size to prevent the ball from passing through, with their top 28 inches above the ground. The bails shall be each $4\frac{3}{8}$ inches in length, and, when in position on the top of the stumps, shall not project more than $\frac{1}{2}$ inch above them.

THE BOWLING AND POPPING CREASES.

9. The Bowling Crease shall be in line with the stumps; 8 feet 8 inches in

R · W · FORSYTH · Limited

length; the stumps in the centre; with a Return Crease at each end at right angles behind the wicket. The Popping Crease shall be marked 4 feet in front of and parallel with the Bowling Crease. Both the Return and Popping Creases shall be deemed unlimited in length.

(C)—THE CARE AND MAINTENANCE OF THE PITCH.

ROLLING, MOWING, AND WATERING.

10. Unless permitted by special regulations, the Pitch shall not be rolled during a match except before the start of each innings and of each day's play, when, if the Captain of the batting side so elect, it may be swept and rolled for not more than 7 minutes. The Pitch shall not be mown during a match unless special regulations so provide. Under no circumstances shall the Pitch be watered during a match.

COVERING THE PITCH.

11. The Pitch shall not be completely covered during a match unless special regulations so provide; covers used to protect the bowlers' run-up shall not extend to a greater distance than $3\frac{1}{2}$ feet in front of the Popping Creases.

MAINTENANCE OF THE PITCH.

12. The Batsman may beat the Pitch with his bat, and players may secure their footholds by the use of sawdust, provided Law 46 be not thereby contravened. In wet weather the Umpires shall see that the holes made by the Bowlers and Batsmen are cleaned out and dried whenever necessary to facilitate play.

(D)—THE CONDUCT OF THE GAME.

INNINGS.

13. Each side has two innings, taken alternately, except in the case provided for in Law 14. The choice of innings shall be decided by tossing on the field of play.

FOLLOWING INNINGS.

14. The side which bats first and leads by 150 runs in a match of three days or more, by 100 runs in a two-day match, or by 75 runs in a one-day match, shall have the option of requiring the other side to follow their innings.

DECLARATIONS.

15. The Captain of the Batting side may declare an innings closed in a match

R · W · FORSYTH · Limited

of three days or more, at any time on the second and succeeding days; in a two-day match, at any time but on the first day not later than 1 hour and 40 minutes before the hour agreed on for drawing stumps; in a one-day match, at any time.

16. When the start of play is delayed by weather, Laws 14 and 15 shall apply in accordance with the number of days' play remaining from the actual start of the match.

COMMENCEMENT AND CLOSE OF
PLAY AND INTERVALS.

17. The Umpires shall allow such intervals as have been agreed upon for meals, 10 minutes between each innings and not more than 2 minutes for each fresh batsman to come in. At the start of each innings and of each day's play and at the end of any interval the Umpire at the Bowler's end shall call "Play," when the side refusing to play shall lose the match. After "Play" has been called no trial ball shall be allowed to any player, and when one of the Batsmen is out the use of the bat shall not be allowed to any player until the next Batsman shall come in.

18. The Umpires shall call "Time," and at the same time remove the bails from both wickets, on the cessation of

R · W · FORSYTH · Limited

play before any arranged interval, at the end of each day's play, and at the conclusion of the match. An "Over" shall always be started if "Time" has not been reached, and shall be completed unless a batsman is "Out" or "Retires" within 2 minutes of the completion of any period of play, but the "Over" in progress at the close of play on the final day of a match shall be completed at the request of either Captain even if a wicket fall after "Time" has been reached.

SCORING.

19. The score shall be reckoned by runs. A run is scored :—

1st—So often as the Batsmen after a hit, or at any time while the ball is in play, shall have crossed and made good their ground from end to end ; but if either Batsman run a short run, the Umpire shall call and signal "One Short" and that run shall not be scored. The Striker being caught, no run shall be scored ; a Batsman being run out, that run which was being attempted shall not be scored.

2nd—For penalties under Laws 21, 27, 29, 44, and boundary allowances under Law 20.

R · W · FORSYTH · Limited

BOUNDARIES.

20. Before the toss for innings the Umpires shall agree with both sides on the Boundaries for play, and on the allowances to be made for them. An Umpire shall call or signal "Boundary" whenever, in his opinion, a ball in play hits, crosses or is carried over the Boundary. The runs completed at the instant the ball reaches the Boundary shall count only should they exceed the allowance, but if the "Boundary" result from an overthrow or from the wilful act of a Fieldsman, any runs already made and the allowance shall be added to the score.

LOST BALL.

21. If a ball in play cannot be found or recovered any Fieldsman may call "Lost Ball," when 6 runs shall be added to the score; but if more than 6 have been run before "Lost Ball" be called, as many runs as have been run shall be scored.

THE RESULT.

22. A match is won by the side which shall have scored a total of runs in excess of that scored by the opposing side in its two completed innings; one-day

matches, unless thus played out, shall be decided by the first innings. A match may also be determined by being given up as lost by one of the sides, or in the case governed by Law 17. A match not determined in any of these ways shall count as a "Draw."

THE OVER.

23. The ball shall be bowled from each wicket alternately in Overs of either 8 or 6 balls according to the agreed conditions of play. When the agreed number have been bowled and it has become clear to the Umpire at the Bowler's wicket that both sides have ceased to regard the ball as in play, the Umpire shall call "Over" in a distinct manner before leaving the wicket; Neither a "No Ball" nor a "Wide Ball" shall be reckoned as one of the "Over."

24. A Bowler shall finish an "Over" in progress unless he be incapacitated or suspended for unfair play. He shall be allowed to change ends as often as desired, provided only that he shall not bowl two "Overs" consecutively in one innings. A Bowler may require the Batsman at the wicket from which he is bowling to stand on whichever side of it he may direct.

DEAD BALL.

25. The ball shall be held to be "Dead"—on being in the opinion of the Umpire finally settled in the hands of the Wicket-keeper or of the Bowler; or on reaching or pitching over the boundary; or, whether played or not, on lodging in the dress of either a Batsman or Umpire; or on the call of "Over" or "Time" by the Umpire; or on a Batsman being out from any cause; or on any penalty being awarded under Laws 21 or 44. The Umpire shall call "Dead Ball" should he decide to intervene under Law 46 in a case of unfair play or in the event of a serious injury to a player; or should he require to suspend play prior to the Striker receiving a delivery. The ball shall cease to be "Dead" on the Bowler starting his run or bowling action.

NO BALL.

26. For a delivery to be fair the ball must be bowled, not thrown or jerked; if either Umpire be not entirely satisfied of the absolute fairness of a delivery in this respect, he shall call and signal "No Ball" instantly upon delivery. The Umpire at the Bowler's wicket shall call and signal "No Ball" if he is not satisfied that at the instant of delivery the Bowler has at least some part of one

R · W · FORSYTH · Limited

foot behind the Bowling Crease and within the Return Crease, and not touching or grounded over either Crease.

27. The ball does not become "Dead" on the call of "No Ball." The Striker may hit a "No Ball" and whatever runs result shall be added to his score, but runs made otherwise from a "No Ball" shall be scored "No Balls," and if no runs be made one run shall be so scored. The Striker shall be out from a "No Ball" if he break Law 37, and either Batsman may be run out, or given out if he break Laws 36 or 40.

WIDE BALL.

28. If the Bowler shall bowl the ball so high over or so wide of the wicket that in the opinion of the Umpire it passes out of reach of the Striker, and would not have been within his reach when taking guard in the normal position, the Umpire shall call and signal "Wide Ball" as soon as it shall have passed the Striker.

29. The ball does not become "Dead" on the call of "Wide Ball." All runs that are run from a "Wide Ball" shall be scored "Wide Balls," or if no runs be made one run shall be so scored. The Striker may be out from a "Wide Ball" if he breaks Laws 38 or 42, and either Batsman may be run out, or given out if he break Laws 36 or 40.

BYE AND LEG BYE.

30. If the ball, not having been called "Wide" or "No Ball," pass the Striker without touching his bat or person, and any runs be obtained, the Umpire shall call or signal "Bye"; but if the ball touch any part of the Striker's dress or person except his hand, and any run be obtained, the Umpire shall call or signal "Leg Bye"; such runs to be scored "Byes" and "Leg Byes" respectively.

THE WICKET IS DOWN.

31. The wicket shall be held to be "Down" if either the ball or the Striker's bat or person completely removes either bail from the top of the stumps, or, if either or both of the bails be previously off, strikes a stump out of the ground. Any player may use his hand or arm to put the wicket down or, even should the bails be previously off, may pull up a stump, provided always that the ball is held in the hand or hands so used.

OUT OF HIS GROUND.

32. A Batsman shall be held to be "Out of his ground" unless some part of his bat in hand or of his person be grounded behind the line of the Popping Crease.

BATSMAN RETIRING.

33. A Batsman may retire at any time, but may not resume his innings without the consent of the opposing Captain, and then only on the fall of a wicket.

BOWLED.

34. The Striker is out "Bowled"—if the wicket be bowled down, even if the ball first touch his bat or person.

CAUGHT.

35. The Striker is out "Caught"—if the ball, from a stroke of the bat or of the hand holding the bat, but not the wrist, be held by a Fieldsman before it touch the ground, although it be hugged to the body of the catcher, or be accidentally lodged in his dress. The Fieldsman must have both his feet entirely within the playing area at the instant the catch is completed.

HANDLED THE BALL.

36. Either Batsman is out "Handled the Ball"—if he touch it while in play with his hands, unless it be done at the request of the opposite side.

HIT THE BALL TWICE.

37. The Striker is out "Hit the ball twice"—if the ball be struck or be stopped by any part of his person, and he wilfully strike it again, except for the sole purpose of guarding his wicket,

R · W · FORSYTH · Limited

which he may do with his bat or any part of his person, other than his hands. No runs except those which result from an overthrow shall be scored from a ball lawfully struck twice.

HIT WICKET.

38. The Striker is out "Hit wicket"—if in playing at the ball he hit down his wicket with his bat or any part of his person.

L.B.W.

39. The Striker is out "Leg before wicket"—if with any part of his person except his hand, which is in a straight line between wicket and wicket, even though the point of impact be above the level of the bails, he intercept a ball which has not first touched his bat or hand, and which, in the opinion of the Umpire, shall have, or would have, pitched on a straight line from the Bowler's wicket to the Striker's wicket, or shall have pitched on the off-side of the Striker's wicket, provided always that the ball would have hit the wicket.

OBSTRUCTING THE FIELD.

40. Either Batsman is out "Obstructing the field"—if he wilfully obstruct the opposite side; should such wilful obstruction by either batsman prevent a ball from being caught it is the Striker who is out.

RUN OUT.

41. Either Batsman is out "Run out"—if in running or at any time, while the ball is in play, he be out of his ground, and his wicket be put down by the opposite side. If the Batsmen have crossed each other, he that runs for the wicket which is put down is out; if they have not crossed, he that has left the wicket which is put down is out. But unless he attempt to run, the Striker shall not be given "Run out" in the circumstances stated in Law 42, even should "No Ball" have been called.

STUMPED.

42. The Striker is out "Stumped"—if in receiving a ball, not being a "No Ball," delivered by the Bowler, he be out of his ground otherwise than in attempting a run, and the wicket be put down by the Wicket-keeper without the intervention of another fieldsman. Only when the ball has touched the bat or person of the Striker may the Wicket-keeper take it in front of the wicket for this purpose.

THE WICKET-KEEPER.

43. The Wicket-keeper shall remain wholly behind the wicket until a ball delivered by the Bowler touches the bat or person of the Striker, or passes the

R · W · FORSYTH · Limited

wicket, or until the Striker attempts a run. Should the Wicket-keeper contravene this Law, the Striker shall not be out except under Laws 36, 37, 40, and 41 and then only subject to Law 46.

THE FIELDSMAN.

44. The Fieldsman may stop the ball with any part of his person, but if he wilfully stop it otherwise five runs shall be added to the run or runs already made; if no run has been made five shall be scored. The penalty shall be added to the score of the Striker if the ball has been struck, but otherwise to the score of Byes, Leg Byes, No Balls, or Wides as the case may be.

(E)—DUTIES OF THE UMPIRES.

45. Before the toss for innings, the Umpires shall acquaint themselves with any special regulations, and shall agree with both Captains on any other conditions affecting the conduct of the match; shall satisfy themselves that the wickets are properly pitched; and shall agree between themselves on the watch or clock to be followed during play.

46. Before and during a match the Umpires shall ensure that the conduct of the game and the implements used are strictly in accordance with the Laws; they are the sole judges of fair and unfair

R · W · FORSYTH · Limited

play, and the final judges of the fitness of the ground, the weather, and the light for play in the event of the decision being left to them; all disputes shall be determined by them, and if they disagree the actual state of things shall continue. The Umpires shall change ends after each side has had one innings.

APPEALS.

47. The Umpires shall not order a Batsman out unless appealed to by the other side which shall be done prior to the delivery of the next ball, and before "Time" is called under Law 18. The Umpire at the Bowler's wicket shall answer appeals before the other Umpire in all cases except those arising out of Laws 38 or 42 and out of Law 41 for run out at the Striker's wicket. In any case in which an Umpire is unable to give a decision, he shall appeal to the other Umpire whose decision shall be final.

NOTES FOR SCORERS AND UMPIRES

1. (a) Law 4 explains the status of the Scorers in relation to the Umpires.

(b) During the progress of the game, if two scorers have been appointed, they should frequently check the total to ensure that the score sheets agree.

R · W · FORSYTH · Limited

(c) The following method of entering "No Balls" and "Wides" (Laws 27 and 29) in the score sheet is recommended :—

- (i) If no run is scored from the bat off a "No Ball," the latter should be entered as an "Extra," and a dot placed in the bowling analysis with a circle round it to show that the ball does not count in the over.
- (ii) If runs are scored from the bat off a "No Ball," they should be credited to the Striker, and entered in the bowling analysis with a circle round the figure. Such runs count against the bowler in his analysis even though the ball does not count in the over.
- (iii) All runs scored from "Wide Balls" are entered as "Extras," and inserted in the Bowler's analysis with a cross to indicate that the ball does not count in the over.

2. The following code of signalling between the Umpires and the Scorers has been approved :—

Boundaries—by waving the hand from side to side.

A Boundary six—by raising both arms above the head.

R · W · FORSYTH · Limited

Byes—by raising the open hand above the head.

Leg Byes—by raising the leg and touching it with the hand.

Wides—by extending both arms horizontally.

No Balls—by extending one arm horizontally.

The decision "Out"—by raising the index finger above the head.

"One Short"—by bending the arm upwards and by touching the top of the nearest shoulder with the tips of the fingers of one hand.

3. If the above instructions are properly carried out, cases of disagreement as regards the scores and the results of matches should not occur.

It is, however, important that the Captains should satisfy themselves of the correctness of the scores on the conclusion of play, as errors cannot subsequently be corrected.

It should be noted that, in general, by accepting the result notified by the Scorers, the Captain of the losing side has thereby acquiesced in the "playing out or giving up" of the match as stated in Law 22.
