ALTHOUGH Scotland have already been assured of a match with the New Zealand tourists in 1958, they will not have a fixture with the West Indies this season, as it was found impossible to arrange a convenient date.

Though there will be fewer representative matches than last summer, it is gratifying that Yorkshire are returning to Scotland to play at Paisley, where there is great enthusiasm for the game, and that the M.C.C. will be seen at that other stronghold, Aberdeen. This is the centenary year of Aberdeenshire C.C. and the occasion will be celebrated with a visit by Surrey.

Scotland travel again to play Lancashire and Warwickshire, and it will be an innovation that immediately on the conclusion of play against the latter county, the Scots will travel by air from Birmingham to Dublin to meet Ireland.

We again thank Secretaries of Clubs and Schools and others who have provided details for the compilation of this RECORD.

SCOTLAND'S RECORD IN 1956

In one of the most extensive representative programmes ever undertaken, Scotland's record of four draws and three defeats was not impressive, but, nevertheless, in the words of Mr A. R. Forrester (Glasgow Academicals), the Immediate Past-President, it was a season of considerable promise. In spite of the lack of consistency in the batting and the all too familiar want of penetration in the bowling, the fact that half the players who were awarded caps were under 24 years of age augured well enough for the future.

The early start against Yorkshire at Hull revealed that some of our players were sadly lacking in match practice, and it was disappointing, to say the least of it, that we could not keep the match going for three days. There was a miserable collapse in the second innings, when the Scots had to struggle to get

even 40 runs on a wicket that favoured the Yorkshire spinners, J. H. Wardle and R. Illingworth, whose joint efforts brought about a summary finish and a win for the English County by an innings and 145 runs.

Even if neither the wicket was so tricky nor the bowling of the same class as Yorkshire's, there was cause for satisfaction in the draw the Scots got in the revived two days' match with the M.C.C. at Lord's. In every sense this was a delightful re-union at the headquarters of the game, and Scotland did well in view of the fact that neither K. R. Deas (Fifeshire) nor G. W. L. Courtenay (Grange) was able to bat in the second innings owing to injury. The highlight of the match was undoubtedly the feat of J. N. Kemsley, the young Grange batsman, in carrying his bat for a century.

There was a prodigal supply of runs against Ireland at Raeburn Place, but neither side possessed the bowlers to

make the result anything more than a rather prosaic draw. L. C. Dudman (Perthshire), who was later to distinguish himself against Warwickshire, D. Barr (Melville College F.P.)—a much-improved player following his experience of Army cricket—Kemsley, and S. H. Cosh (Ayr)—an excellent captain all through the season—scored so readily that it looked as if the Scots might pass their previous highest score of 489 against Ireland in 1954. Ireland showed no sense of the adventurous spirit in taking seven hours and thirty-six minutes for a first innings total of 276, of which S. F. Bergin needed over four hours for 67, and long before the end it was apparent that there was no chance of a decision.

The match against Lancashire at Paisley was rightly acclaimed one of the most sporting Scotland had figured in for years. D. W. Drummond (Greenock) and M. Kerrigan (Perthshire), with their medium-paced deliveries, bowled well enough to let Scotland enjoy a lead on

the first innings, a flattering state of affairs against such a strong English County side, who were greatly indebted to their spin bowlers, M. Hilton and R. Tattersall, and their century-maker, J. Dyson, for their eventual win. Here there was an especially fine Scottish century by J. Aitchison, the Edinburgh minister—his fifth for his country.

The third great batting achievement of the season was provided by Dudman, who defied the best bowling Warwickshire could send up at Edgbaston for six hours and thirty-five minutes to make 161—the biggest on record against an English County and the biggest individual total for Scotland since John Kerr (Greenock) made 178 against Ireland 33 years ago. Scotland's batting gave them good cause to hope for their first victory against a major English County, but once again the bowling was not strong enough to press

home the advantage, though the draw was meritorious enough.

If the start to the programme had been early enough, the finish in mid-September, coming as it did after the end of the Scottish season, was too late to guarantee that our players had all the match practice they needed against such opposition as the Australians were expected to furnish. At Glasgow, in a rain-ruined match that confined activities to one innings each side, the Australians, under Keith Miller, took the occasion rather light-heartedly, but the rather liberal changes they made in their bowling did nothing to depreciate the century that Aitchison scored. Under more favourable weather conditions at Aberdeen and the captaincy of Ian Johnson, the Australians coasted to an easy victory. The visit of the tourists, incidentally, enabled the Scottish Cricket Union to show the handsome surplus of £700.

Laws of Cricket

(A)—THE PLAYERS, UMPIRES, AND SCORERS.

SIDES.

1. A match is played between two sides of eleven players each, unless otherwise agreed. Each side shall play under a Captain who before the toss for innings shall nominate his players who may not thereafter be changed without the consent of the opposing Captain.

SUBSTITUTES.

2. A Substitute shall be allowed to field or run between the wickets for any player who may during the match be incapacitated from illness or injury, but not for any other reason without the consent of the opposing Captain; no Substitute shall be allowed to bat or to bowl. Consent as to the person to act as Substitute in the field shall be obtained from the opposing Captain, who may indicate positions in which the Substitute shall not field.

THE APPOINTMENT OF UMPIRES.

3. Before the toss for innings two Umpires shall be appointed; one for

R · W · FORSYTH · Limited

each end to control the game as required by the Laws with absolute impartiality. No Umpire shall be changed during a match without the consent of both Captains.

THE SCORERS.

4. All runs scored shall be recorded by Scorers appointed for the purpose; the Scorers shall accept and acknowledge all instructions and signals given to them by the Umpires.

(B)—THE IMPLEMENTS OF THE GAME, AND THE GROUND.

THE BALL.

5. The Ball shall weigh not less than $5\frac{1}{2}$ ounces, nor more than $5\frac{3}{4}$ ounces. It shall measure not less than $8\frac{1}{8}$ inches, nor more than 9 inches in circumference. Subject to agreement to the contrary either Captain may demand a new ball at the start of each innings. In the event of a ball being lost or becoming unfit for play, the Umpires shall allow another ball to be taken into use. They shall inform the Batsmen whenever a ball is to be changed.

THE BAT.

6. The Bat shall not exceed $4\frac{1}{2}$ inches in the widest part; it shall not be more than 38 inches in length.

THE PITCH.

7. The Pitch is deemed to be the area of ground between the bowling creases, 5 feet in width on either side of the line joining the centre of the wickets. Before the toss for innings, the executive of the ground shall be responsible for the selection and preparation of the Pitch; thereafter the Umpires shall control its use and maintenance. The Pitch shall not be changed during a match unless it becomes unfit for play, and then only with the consent of both Captains.

THE WICKETS.

8. The Wickets shall be pitched opposite and parallel to each other at a distance of 22 yards from stump to stump. Each Wicket shall be 9 inches in width and consist of three stumps with two bails upon the top. The stumps shall be of equal and sufficient size to prevent the ball from passing through, with their top 28 inches above the ground. The bails shall be each $4\frac{3}{4}$ inches in length, and, when in position on the top of the stumps, shall not project more than $\frac{1}{2}$ inch above them.

THE BOWLING AND POPPING CREASES.

9. The Bowling Crease shall be in line with the stumps; 8 feet 8 inches in

length ; the stumps in the centre ; with a Return Crease at each end at right angles behind the wicket. The Popping Crease shall be marked 4 feet in front of and parallel with the Bowling Crease. Both the Return and Popping Creases shall be deemed unlimited in length.

(C)—THE CARE AND MAINTENANCE OF THE PITCH.

ROLLING, MOWING, AND WATERING.

10. Unless permitted by special regulations, the Pitch shall not be rolled during a match except before the start of each innings and of each day's play, when, if the Captain of the batting side so elect, it may be swept and rolled for not more than 7 minutes. The Pitch shall not be mown during a match unless special regulations so provide. Under no circumstances shall the Pitch be watered during a match.

COVERING THE PITCH.

11. The Pitch shall not be completely covered during a match unless special regulations so provide ; covers used to protect the bowlers' run-up shall not extend to a greater distance than $3\frac{1}{2}$ feet in front of the Popping Creases.

MAINTENANCE OF THE PITCH.

12. The Batsman may beat the Pitch with his bat, and players may secure their footholds by the use of sawdust, provided Law 46 be not thereby contravened. In wet weather the Umpires shall see that the holes made by the Bowlers and Batsmen are cleaned out and dried whenever necessary to facilitate play.

(D)—THE CONDUCT OF THE GAME.

INNINGS.

13. Each side has two innings, taken alternately, except in the case provided for in Law 14. The choice of innings shall be decided by tossing on the field of play.

FOLLOWING INNINGS.

14. The side which bats first and leads by 150 runs in a match of three days or more, by 100 runs in a two-day match, or by 75 runs in a one-day match, shall have the option of requiring the other side to follow their innings.

DECLARATIONS.

15. The Captain of the Batting side may declare an innings closed in a match

of three days or more, at any time on the second and succeeding days; in a two-day match, at any time but on the first day not later than 1 hour and 40 minutes before the hour agreed on for drawing stumps; in a one-day match, at any time.

16. When the start of play is delayed by weather, Laws 14 and 15 shall apply in accordance with the number of days' play remaining from the actual start of the match.

COMMENCEMENT AND CLOSE OF PLAY AND INTERVALS.

17. The Umpires shall allow such intervals as have been agreed upon for meals, 10 minutes between each innings and not more than 2 minutes for each fresh batsman to come in. At the start of each innings and of each day's play and at the end of any interval the Umpire at the Bowler's end shall call "Play," when the side refusing to play shall lose the match. After "Play" has been called no trial ball shall be allowed to any player, and when one of the Batsmen is out the use of the bat shall not be allowed to any player until the next Batsman shall come in.

18. The Umpires shall call "Time," and at the same time remove the bails from both wickets, on the cessation of

play before any arranged interval, at the end of each day's play, and at the conclusion of the match. An "Over" shall always be started if "Time" has not been reached, and shall be completed unless a batsman is "Out" or "Retires" within 2 minutes of the completion of any period of play, but the "Over" in progress at the close of play on the final day of a match shall be completed at the request of either Captain even if a wicket fall after "Time" has been reached.

SCORING.

19. The score shall be reckoned by runs. A run is scored :—

1st—So often as the Batsmen after a hit, or at any time while the ball is in play, shall have crossed and made good their ground from end to end ; but if either Batsman run a short run, the Umpire shall call and signal "One Short" and that run shall not be scored. The Striker being caught, no run shall be scored ; a Batsman being run out, that run which was being attempted shall not be scored.

2nd—For penalties under Laws 21, 27, 29, 44, and boundary allowances under Law 20.

BOUNDARIES.

20. Before the toss for innings the Umpires shall agree with both sides on the Boundaries for play, and on the allowances to be made for them. An Umpire shall call or signal "Boundary" whenever, in his opinion, a ball in play hits, crosses or is carried over the Boundary. The runs completed at the instant the ball reaches the Boundary shall count only should they exceed the allowance, but if the "Boundary" result from an overthrow or from the wilful act of a Fieldsman, any runs already made and the allowance shall be added to the score.

LOST BALL.

21. If a ball in play cannot be found or recovered any Fieldsman may call "Lost Ball," when 6 runs shall be added to the score; but if more than 6 have been run before "Lost Ball" be called, as many runs as have been run shall be scored.

THE RESULT.

22. A match is won by the side which shall have scored a total of runs in excess of that scored by the opposing side in its two completed innings; one-day

matches, unless thus played out, shall be decided by the first innings. A match may also be determined by being given up as lost by one of the sides, or in the case governed by Law 17. A match not determined in any of these ways shall count as a "Draw."

THE OVER.

23. The ball shall be bowled from each wicket alternately in Overs of either 8 or 6 balls according to the agreed conditions of play. When the agreed number have been bowled and it has become clear to the Umpire at the Bowler's wicket that both sides have ceased to regard the ball as in play, the Umpire shall call "Over" in a distinct manner before leaving the wicket; Neither a "No Ball" nor a "Wide Ball" shall be reckoned as one of the "Over."

24. A Bowler shall finish an "Over" in progress unless he be incapacitated or suspended for unfair play. He shall be allowed to change ends as often as desired, provided only that he shall not bowl two "Overs" consecutively in one innings. A Bowler may require the Batsman at the wicket from which he is bowling to stand on whichever side of it he may direct.

DEAD BALL.

25. The ball shall be held to be "Dead"—on being in the opinion of the Umpire finally settled in the hands of the Wicket-keeper or of the Bowler; or on reaching or pitching over the boundary; or, whether played or not, on lodging in the dress of either a Batsman or Umpire; or on the call of "Over" or "Time" by the Umpire; or on a Batsman being out from any cause; or on any penalty being awarded under Laws 21 or 44. The Umpire shall call "Dead Ball" should he decide to intervene under Law 46 in a case of unfair play or in the event of a serious injury to a player; or should he require to suspend play prior to the Striker receiving a delivery. The ball shall cease to be "Dead" on the Bowler starting his run or bowling action.

NO BALL.

26. For a delivery to be fair the ball must be bowled, not thrown or jerked; if either Umpire be not entirely satisfied of the absolute fairness of a delivery in this respect, he shall call and signal "No Ball" instantly upon delivery. The Umpire at the Bowler's wicket shall call and signal "No Ball" if he is not satisfied that at the instant of delivery the Bowler has at least some part of one

foot behind the Bowling Crease and within the Return Crease, and not touching or grounded over either Crease.

27. The ball does not become "Dead" on the call of "No Ball." The Striker may hit a "No Ball" and whatever runs result shall be added to his score, but runs made otherwise from a "No Ball" shall be scored "No Balls," and if no runs be made one run shall be so scored. The Striker shall be out from a "No Ball" if he break Law 37, and either Batsman may be run out, or given out if he break Laws 36 or 40.

WIDE BALL.

28. If the Bowler shall bowl the ball so high over or so wide of the wicket that in the opinion of the Umpire it passes out of reach of the Striker, and would not have been within his reach when taking guard in the normal position, the Umpire shall call and signal "Wide Ball" as soon as it shall have passed the Striker.

29. The ball does not become "Dead" on the call of "Wide Ball." All runs that are run from a "Wide Ball" shall be scored "Wide Balls," or if no runs be made one run shall be so scored. The Striker may be out from a "Wide Ball" if he breaks Laws 38 or 42, and either Batsman may be run out, or given out if he break Laws 36 or 40.

BYE AND LEG BYE.

30. If the ball, not having been called "Wide" or "No Ball," pass the Striker without touching his bat or person, and any runs be obtained, the Umpire shall call or signal "Bye"; but if the ball touch any part of the Striker's dress or person except his hand, and any run be obtained, the Umpire shall call or signal "Leg Bye"; such runs to be scored "Byes" and "Leg Byes" respectively.

THE WICKET IS DOWN.

31. The wicket shall be held to be "Down" if either the ball or the Striker's bat or person completely removes either bail from the top of the stumps, or, if either or both of the bails be previously off, strikes a stump out of the ground. Any player may use his hand or arm to put the wicket down or, even should the bails be previously off, may pull up a stump, provided always that the ball is held in the hand or hands so used.

OUT OF HIS GROUND.

32. A Batsman shall be held to be "Out of his ground" unless some part of his bat in hand or of his person be grounded behind the line of the Popping Crease.

BATSMAN RETIRING.

33. A Batsman may retire at any time, but may not resume his innings without the consent of the opposing Captain, and then only on the fall of a wicket.

BOWLED.

34. The Striker is out "Bowled"—if the wicket be bowled down, even if the ball first touch his bat or person.

CAUGHT.

35. The Striker is out "Caught"—if the ball, from a stroke of the bat or of the hand holding the bat, but not the wrist, be held by a Fieldsman before it touch the ground, although it be hugged to the body of the catcher, or be accidentally lodged in his dress. The Fieldsman must have both his feet entirely within the playing area at the instant the catch is completed.

HANDLED THE BALL.

36. Either Batsman is out "Handled the Ball"—if he touch it while in play with his hands, unless it be done at the request of the opposite side.

HIT THE BALL TWICE.

37. The Striker is out "Hit the ball twice"—if the ball be struck or be stopped by any part of his person, and he wilfully strike it again, except for the sole purpose of guarding his wicket,

HIT WICKET.

38. The Striker is out "Hit wicket"—if in playing at the ball he hit down his wicket with his bat or any part of his person.

L.B.W.

39. The Striker is out "Leg before wicket"—if with any part of his person except his hand, which is in a straight line between wicket and wicket, even though the point of impact be above the level of the bails, he intercept a ball which has not first touched his bat or hand, and which, in the opinion of the Umpire, shall have, or would have, pitched on a straight line from the Bowler's wicket to the Striker's wicket, or shall have pitched on the off-side of the Striker's wicket, provided always that the ball would have hit the wicket.

OBSTRUCTING THE FIELD.

40. Either Batsman is out "Obstructing the field"—if he wilfully obstruct the opposite side; should such wilful obstruction by either batsman prevent a ball from being caught it is the Striker who is out.

RUN OUT.

41. Either Batsman is out "Run out"—if in running or at any time, while the ball is in play, he be out of his ground, and his wicket be put down by the opposite side. If the Batsmen have crossed each other, he that runs for the wicket which is put down is out; if they have not crossed, he that has left the wicket which is put down is out. But unless he attempt to run, the Striker shall not be given "Run out" in the circumstances stated in Law 42, even should "No Ball" have been called.

42. The Striker is out "Stumped"—if in receiving a ball, not being a "No Ball," delivered by the Bowler, he be out of his ground otherwise than in attempting a run, and the wicket be put down by the Wicket-keeper without the intervention of another fieldsman. Only when the ball has touched the bat or person of the Striker may the Wicket-keeper take it in front of the wicket for this purpose.

wicket, or until the Striker attempts a run. Should the Wicket-keeper contravene this Law, the Striker shall not be out except under Laws 36, 37, 40, and 41 and then only subject to Law 46.

THE FIELDSMAN.

44. The Fieldsman may stop the ball with any part of his person, but if he wilfully stop it otherwise five runs shall be added to the run or runs already made; if no run has been made five shall be scored. The penalty shall be added to the score of the Striker if the ball has been struck, but otherwise to the score of Byes, Leg Byes, No Balls, or Wides as the case may be.

(E)—DUTIES OF THE UMPIRES.

45. Before the toss for innings, the Umpires shall acquaint themselves with any special regulations, and shall agree with both Captains on any other conditions affecting the conduct of the match; shall satisfy themselves that the wickets are properly pitched; and shall agree between themselves on the watch or clock to be followed during play.

46. Before and during a match the Umpires shall ensure that the conduct of the game and the implements used are strictly in accordance with the Laws; they are the sole judges of fair and unfair

play, and the final judges of the fitness of the ground, the weather, and the light for play in the event of the decision being left to them; all disputes shall be determined by them, and if they disagree the actual state of things shall continue. The Umpires shall change ends after each side has had one innings.

APPEALS.

47. The Umpires shall not order a Batsman out unless appealed to by the other side which shall be done prior to the delivery of the next ball, and before "Time" is called under Law 18. The Umpire at the Bowler's wicket shall answer appeals before the other Umpire in all cases except those arising out of Laws 38 or 42 and out of Law 41 for run out at the Striker's wicket. In any case in which an Umpire is unable to give a decision, he shall appeal to the other Umpire whose decision shall be final.

NOTES FOR SCORERS AND UMPIRES

1. (a) Law 4 explains the status of the Scorers in relation to the Umpires.

(b) During the progress of the game, if two scorers have been appointed, they should frequently check the total to ensure that the score sheets agree.

(c) The following method of entering "No Balls" and "Wides" (Laws 27 and 29) in the score sheet is recommended :—

- (i) If no run is scored from the bat off a "No Ball," the latter should be entered as an "Extra," and a [dot placed in the bowling analysis with a circle round it to show that the ball does not count in the over.
- (ii) If runs are scored from the bat off a "No Ball," they should be credited to the Striker, and entered in the bowling analysis with a circle round the figure. Such runs count against the bowler in his analysis even though the ball does not count in the over.
- (iii) All runs scored from "Wide Balls" are entered as "Extras," and inserted in the Bowler's analysis with a cross to indicate that the ball does not count in the over.

2. The following code of signalling between the Umpires and the Scorers has been approved :—

Boundaries—by waving the hand from side to side.

A Boundary six—by raising both arms above the head.

R · W · FORSYTH · Limited

Byes—by raising the open hand above the head.

Leg Byes—by raising the leg and touching it with the hand.

Wides—by extending both arms horizontally.

No Balls—by extending one arm horizontally.

The decision "Out"—by raising the index finger above the head.

"One Short"—by bending the arm upwards and by touching the top of the nearest shoulder with the tips of the fingers of one hand.

3. If the above instructions are properly carried out, cases of disagreement as regards the scores and the results of matches should not occur.

It is, however, important that the Captains should satisfy themselves of the correctness of the scores on the conclusion of play, as errors cannot subsequently be corrected.

It should be noted that, in general, by accepting the result notified by the Scorers, the Captain of the losing side has thereby acquiesced in the "playing out or giving up" of the match as stated in Law 22.
