## CARLTON REDIVIVUS

### Apologia.

 OLDER members of the Carlton Cricket Club will remember that at certain stages in its history short résumés have been published and distributed among the members.

These little booklets recorded various enterprises of great pith and moment and gave details of matches played during different years, and their issue generally marked some epoch of more than ordinary importance to Carlton men.

A brief "Retrospect," *e.g.*, was written in 1904 on the occasion of the Club's migration to their present field at Grange Loan, and this was followed later on by an elaborate and ornamental production at the time of the Fancy Fair in celebration of the Club's Jubilee in 1912.

The practice has much to commend it, since these books not only preserve historical records in more or less permanent form for the benefit of posterity, but also prove a source of great interest and pleasure

to members when their active playing days are over. One notes that of the regular First Eleven playing members who braved the vicissitudes of the old Grange Loan wickets only two remain in harness still, the evergreen Dr N. L. Stevenson and C. S. Paterson.

Sooner or later to all of us comes the time when we must regretfully lay aside our armour and content ourselves with admiring the prowess of the younger generation. Like Othello, we find our occupation gone, and it is then that, in a musing hour, we love to dwell with the glowing memories of the past, and fight again in fancy the battles of the happy care-free days of youth.

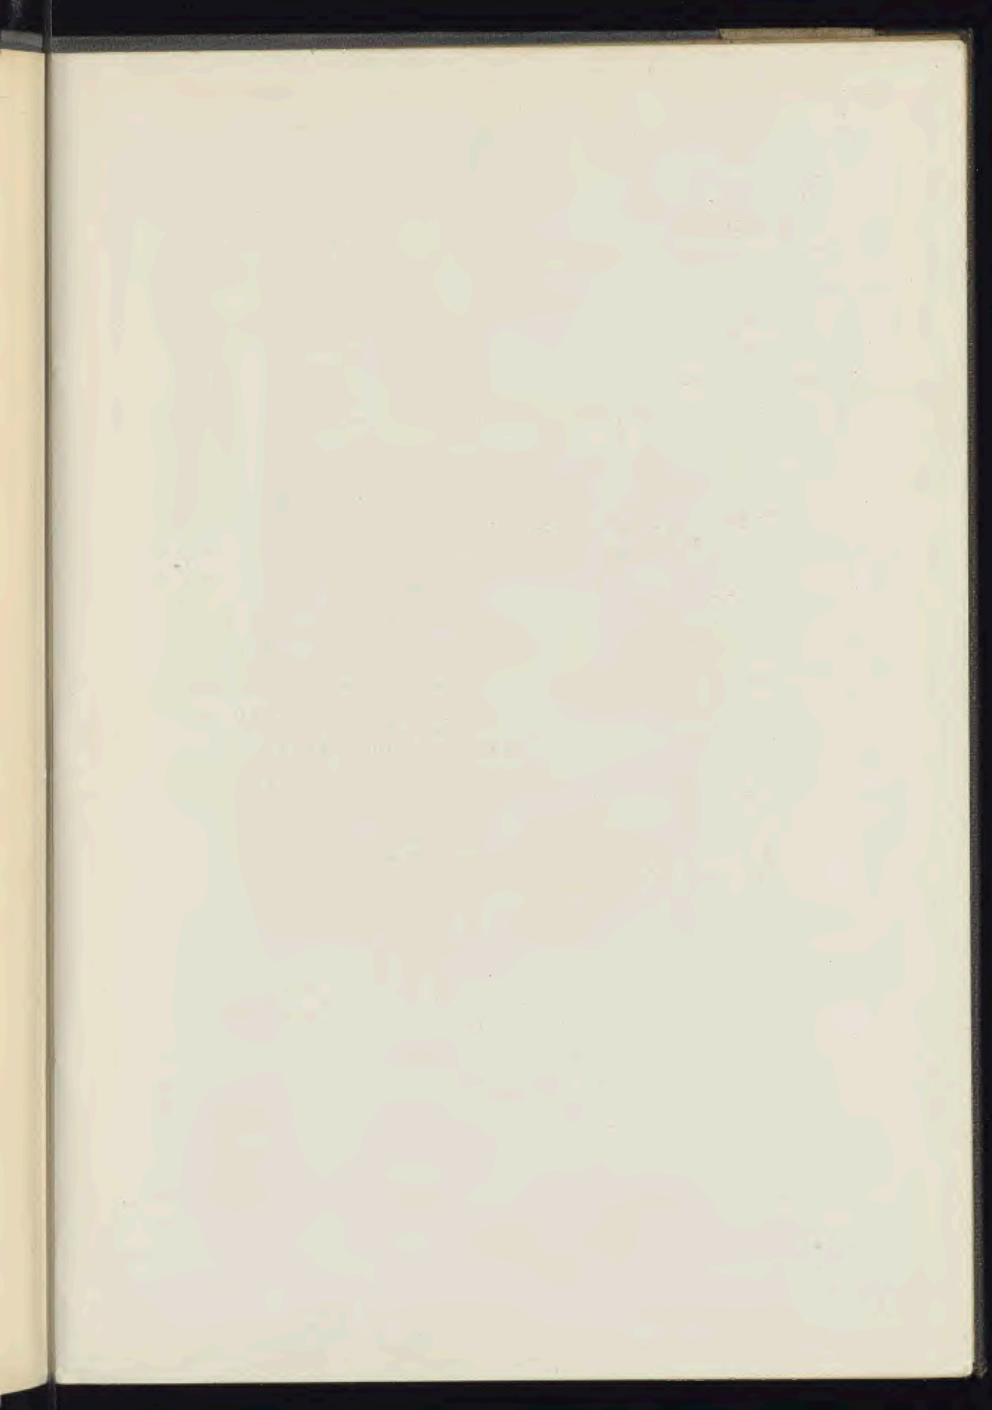

The pages of these old-world records bring back to the veteran familiar scenes and faces from the vanished past, and as he turns the leaves slowly and lingeringly the half-forgotten incidents stand out clear and distinct once more.

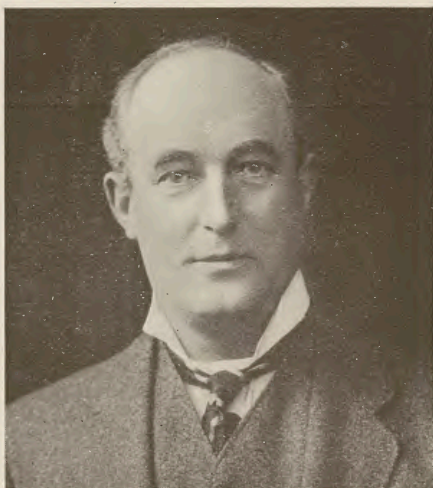

As the poet Browning so beautifully puts it:—

“Come back with me to the first of all,  
Let us live and love it over again,  
Let us now forget and now recall,  
Break the rosary in a pearly rain,  
And gather what we let fall.”

#### War Difficulties.

To these earlier records, then, it has been suggested that we should add the present one, the purpose of which is to give a brief account of how the Club was affected by events arising from the Great War of 1914-1918, and of how it emerged

A. H. HAMILTON  
*Vice-President, 1911-12*  
*President, 1913-14, 1919-20*

triumphantly from the dark days and added fresh and glorious pages to its history.

The record of war services rendered by Carlton members is one of which the Club will always be justly proud, but it is quite beyond the scope of a work such as this to enter into details or attempt to form a Roll of Honour. Suffice it to say here that the memory of the gallant boys who died for King and Country will always be kept fresh and green in our midst. They built by their sacrifice a monument more enduring than brass in the hearts of all who knew and loved them, and they won, with the flower of England's manhood, an imperishable glory which never can fade or die.

It seemed unlikely in the extreme during the terrible years of war that cricket would ever again be played at Grange Loan. The younger men were engaged in a sterner game overseas, but there was a half-formed hope which was never put into words, and the ground was retained by the Club and all expenses for rent, taxes, etc., duly met.

We were extremely fortunate at this critical time in having a man like Mr A. H. Hamilton to "carry on" at home, and it is not too much to say that but for his untiring and unselfish work the Club would have ceased to exist during the War. Mr Hamilton, who was our President in 1914, took over the work of both Secretary and Treasurer when these officials joined the Army, and he continued all through the times of stress to direct and manage the Club's affairs in a manner for which we never can

be sufficiently grateful. No thought of his own convenience ever deterred Mr Hamilton from his labours on our behalf, and he devoted his time and his talents unreservedly to the service of the Club whose welfare he has so much at heart.

He was splendidly supported by those of our faithful and valued Honorary Members who perforce had to serve the country at home during the War. Appeals for support to keep the Carlton flag flying never fell on deaf ears. Aid was always forthcoming to tide over financial straits, and all difficulties were encountered only to be successfully overcome.

When we think of this long and wonderful record of unselfish work, we are quite at a loss for words to express our feelings of admiration and gratitude. It is only natural that playing members should support and work for their Club—they have a direct and obvious interest in its welfare—but it is quite another thing to find Hon. Members whose playing days are over taking such a keen and practical interest in its affairs.

Carlton men have a very warm place in their hearts for these kind and generous supporters who add so much to the enjoyment of the summer at Grange Loan. We would like especially to record our heartfelt thanks to our esteemed Vice-President, Mr T. F. Taylor; Mr C. J. Munro, the first President of the Club and all along one of its most loyal supporters; Mr John Murdoch, the *Fidus Achates* of our worthy President, and Mr James Tullo, whose cheerful optimism and sunny disposition have endeared him to everyone at Grange Loan.

**After the Armistice.**

Slowly the nightmare days and years of War wore on, till at last the gloomy clouds lifted and the long-looked-for dawn was at hand. The magnificent irresistible attack of the Allied Forces smashed through the Hindenburg line; rolled up and broke the armed might of Germany, and brought peace and freedom once more to a stricken world. Men felt at first like prisoners under sentence of death who had been unexpectedly reprieved at the eleventh hour; but gradually the country became more normal and the process of Reconstruction began.

In attempting to get back again to normal life men began to think once more of Sport as a means to this end, and tentative efforts were made during the winter of 1918-1919 to get football restarted, while cricketers took stock and endeavoured to get things in order for the summer months.

Difficulties did not, unfortunately, vanish into thin air with the coming of peace, and the remnant of the Carlton Club found themselves faced with a rather serious proposition. The field was now an impenetrable jungle without a track to break the tangled undergrowth; extensive repairs and alterations to the pavilion and outbuildings had become necessary, and the survivors of the playing members of 1914 were still scattered all over the globe.

Nothing daunted by the prospect, however, our faithful few tackled the situation in whole-hearted fashion. A meeting was held on 2nd February 1919

at 7 Alva Street, with Mr Hamilton presiding, and at that Meeting, which deserves a special niche in history, the following gentlemen were present:— Mr A. H. Hamilton, President ; Dr N. L. Stevenson ; Messrs T. F. Taylor, J. L. Salomans, Stuart Forsyth, John Murdoch, James Tullo, J. W. Sorrie, K. S. Morrison, H. T. Fraser, C. Marshall, R. H. Lyle, and W. R. Taylor.

The tactful and diplomatic qualities of Dr Stevenson were never displayed to better advantage than on this historic occasion, and his efforts were crowned by complete success and ensured the revival of the Club.

It was unanimously decided to “carry on” with cricket somehow during the summer of 1919, and prospects were discussed and various suggestions adopted. All arrangements regarding the work at the field were made ; an energetic Committee was formed to set our house in order ; and last, though by no means least, the immediate financial difficulty was overcome by a sum of £100 being subscribed on the spot by the gentlemen present at the Meeting.

#### **The Transition Season of 1919.**

The arrangements made at the above-mentioned Meeting were duly carried out to the letter. The ground became a bustling hive of activity during the Spring months, and under the skilled supervision of our groundsman, Wragg, the jungle was reduced to more normal dimensions and the ground restored to something like its high pre-War standard.

The next difficulty was to find eleven players to make up a side, and for some time this threatened to be beyond the powers of even our band of enthusiasts! The one and only G. W. Jupp had gone to reside in England, and sadly though we missed his invaluable aid, we sorrowed most of all that we should see his cheery face no more at Grange Loan.

Only three of the pre-War 1st XI. were available—Dr Stevenson, J. W. Sorrie, and Stuart Forsyth—and of the old 2nd XI. the Captain, K. S. Morrison, was the sole remaining representative.

These four stalwarts commenced practice on their own, but several new playing members joined the Club, and gradually the semblance of a side began to emerge. The genial A. S. Cairns came out of his retirement with conspicuous success; naval reinforcements were occasionally available; and a new and capable wicket-keeper came from Merchiston in the person of G. B. Gourlay. The Leith Caledonian Club unfortunately did not survive the War, and though everyone regretted the demise of these old friends and opponents, we gained indirectly by several valuable members throwing in their lot with us. G. D. Cunningham, A. J. Reid, and A. E. Sellars need no recommendation to Scottish cricketers, and they were welcomed with open arms at Grange Loan. The former not only proved one of the most useful players in the side, but also performed the Secretarial work with such conspicuous ability that he was rewarded by having

the Treasurer's duties dumped on him in addition! A. Walker, too, late of the Leith Caledonian side, came to Grange Loan when his military duties finished, and, as the season progressed, several old members (the brothers C. S. and G. T. Paterson among them) were demobilised and exchanged khaki for flannels once more.

Another old opponent, D. McDonald of Edinburgh 'Varsity, joined the Club during the Season, and he not only lent variety to the attack with his slows, but also added considerably to the gaiety of the side both on and off the cricket field.

Quality rather than quantity was the feature of our recruiting, and though only a bare fourteen playing members were available all season, we were much more fortunate than other Clubs in this respect and had no difficulty in winning most of the matches that were played.

It was, of course, impossible to arrange a fixture-card on pre-War lines. Several Clubs had not been able to restart; others were still struggling with difficulties, and travelling out of Edinburgh was not at that time a very easy proposition.

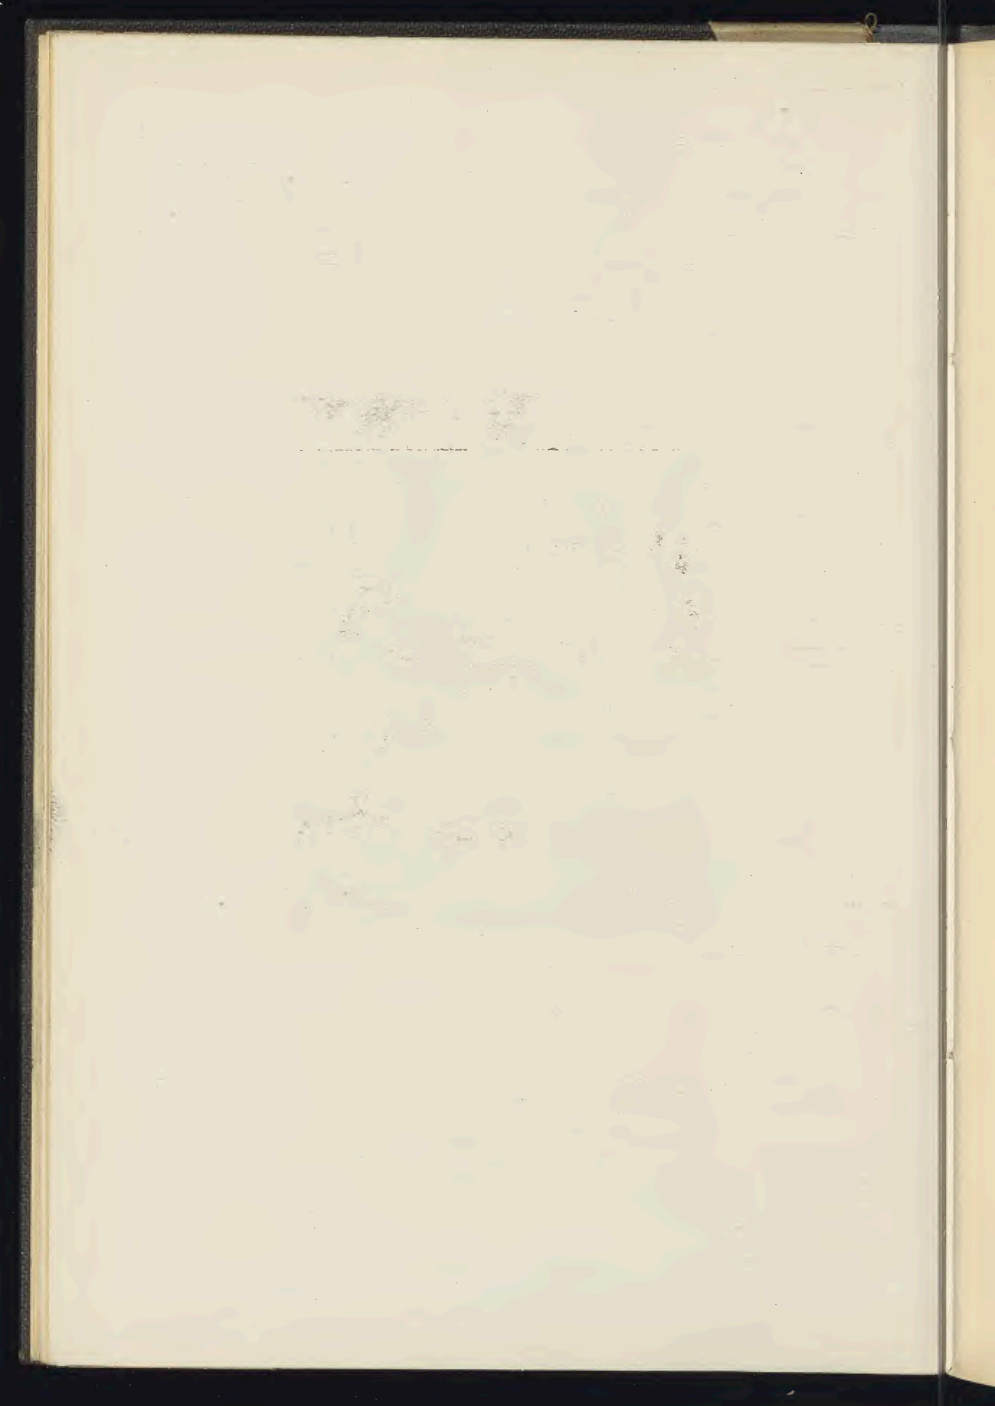

It was, in fact, a transition year all over. Veterans who had intended to give up the game were persuaded to turn out again. Youngsters unknown in 1914 were introduced to first-class cricket, and the men from the wet and mud of Flanders tried to recapture some of their former skill and forget the years that the locust had eaten.

A pleasant and enjoyable summer was spent in

C. J. MUNRO  
OUR FIRST PRESIDENT  
An office specially created in 1886

this reconstruction work, and though the cricket was naturally a long way short of the pre-War standard, our own Club had a particularly successful year.

In all, 18 matches were played, of which 16 were won, one drawn and one abandoned. 3118 runs were scored by us for the loss of 118 wickets, against 1810 runs for 179 wickets by our opponents, and among the sides defeated were old friends like the Grange, Edinburgh Academicals, R.H.S. (F.P.), and Hawick.

Our tussles with the Grange usually proved keen contests in pre-War days, but on this occasion we got them out very cheaply, and set up a new record by winning the match with all ten wickets in hand.

The full scores were as follows:—

Our crack pre-War batsman, J. W. Sorrie, showed that he still possessed the old delightful skill, and though his talents had rusted somewhat with disuse, he added fresh laurels to his fame by playing one of his best innings for Scotland against the Australian Forces XI. which visited us. His Club record during the Season was 673 runs, with an average of 48, and the two splendid centuries he hit up against Clarendon and Edinburgh Academicals were worthy to be ranked with his best pre-War efforts.

Dr Stevenson captained the side with all his former skill and judgment, and notwithstanding the five blank years his wonderful enthusiasm and boundless energy were, as of old, an object lesson to men half his age.

Our main anxiety during this season was the serious illness of Mr A. H. Hamilton, which threw a shadow over Grange Loan all summer and took away half the pleasure of the games. We had looked forward to seeing Mr Hamilton again in his old place among us, and had hoped that, in sharing the pleasures his work had made possible for us, he would find some little reward for all his efforts on our behalf during the War. A long and trying illness, however, kept him practically a prisoner all summer, and though his warm interest in our welfare was as keen as ever, we missed his cheery presence at Grange Loan and felt that we were playing Hamlet with the part of the Prince cut out.

**The 1919 Dinner.**

The first post-war dinner of the Club was held in November 1919, and as the occasion was felt to be a special one no effort was spared to make the function a great success. The necessary work was in the capable hands of our organising Napoleon, Mr Stuart Forsyth, and the result was one more brilliant success added to the long list of services that energetic gentleman has rendered to the Club. Mr C. J. Munro presided over a large and notable gathering in his own inimitable style, and in the course of a most successful and enjoyable evening Mr C. D. Murray, K.C., M.P., now Solicitor-General for Scotland, did full justice to the toast of the Carlton Club in the eloquent and witty terms one expects from him.

Mention should also be made of the noteworthy speech Mr A. S. Cairns treated us to in proposing the toast of "Other Clubs." It was generally agreed that our old friend had never been in better form than he was on this occasion, and in a powerful and moving effort he took up the cudgels on behalf of various oppressed peoples in a manner which brought down the house!

The key-note of this evening, as indeed of the whole transition period, might be summed up in the words Shakespeare puts into the mouth of Prospero in "The Tempest":—"Let us not burden our remembrances with a heaviness that's gone." Entire forgetfulness of the War years is, of course, as impossible as it is for many reasons undesirable;

but we refused to allow the heaviness to spoil the present, and entered upon another year full of hope and confidence for the future.

#### Season 1920.

The Season of 1920 found the members keen and enthusiastic, but an uncertain feeling prevailed as to how the Club was likely to fare under the new post war conditions.

Would we, like the fabled Phoenix, rise from our ashes with strength and vigour renewed by the fire, or would the war years have left so deep a mark that the side could not hope to maintain the wonderful successes of the years preceding the War?

Was there any hope that our veteran batsmen could put back the clock six years, and reproduce the form that was at once the admiration of friends and the despair of opponents? The success of the transition summer gave us good grounds for confidence, but now we were once more to meet all the best sides in Scottish cricket, and even our most optimistic members were more than a little doubtful as to the result.

Several members had left Edinburgh since the previous summer ("Pussyfoot" M'Donald, G. T. Paterson, and our wicketkeeper among the number), but the old brigade rose splendidly to the occasion and completely confounded the gloomy prophets of disaster.

Dr N. L. Stevenson was again at the helm, and

he had the satisfaction of steering the side through what proved to be one of the most brilliant and successful years in the history of the Club.

In the "Retrospect" written in 1904, to which reference has been made, the Season of 1900 is described as "the greatest the Club has had, *or ever will have.*" With all respect to this former scribe, we would venture to remind him that the future is on the knees of the gods, and that the role of prophet is one seldom successfully assumed by the erring children of men.

The results in 1900 were as follows:—

		Played	Won	Lost	Drawn
1900	-	19	12	2	5
while those for some subsequent years were					
1909	-	25	20	1	4
1911	-	21	16	1	4
1919	-	18	16	-	2
1920	-	28	22	2	4

We will refrain from prophecy and content ourselves with the past; but a glance at the above figures suggests the thought that should any future Carlton side improve on them it will indeed be one well worth going a long way to see.

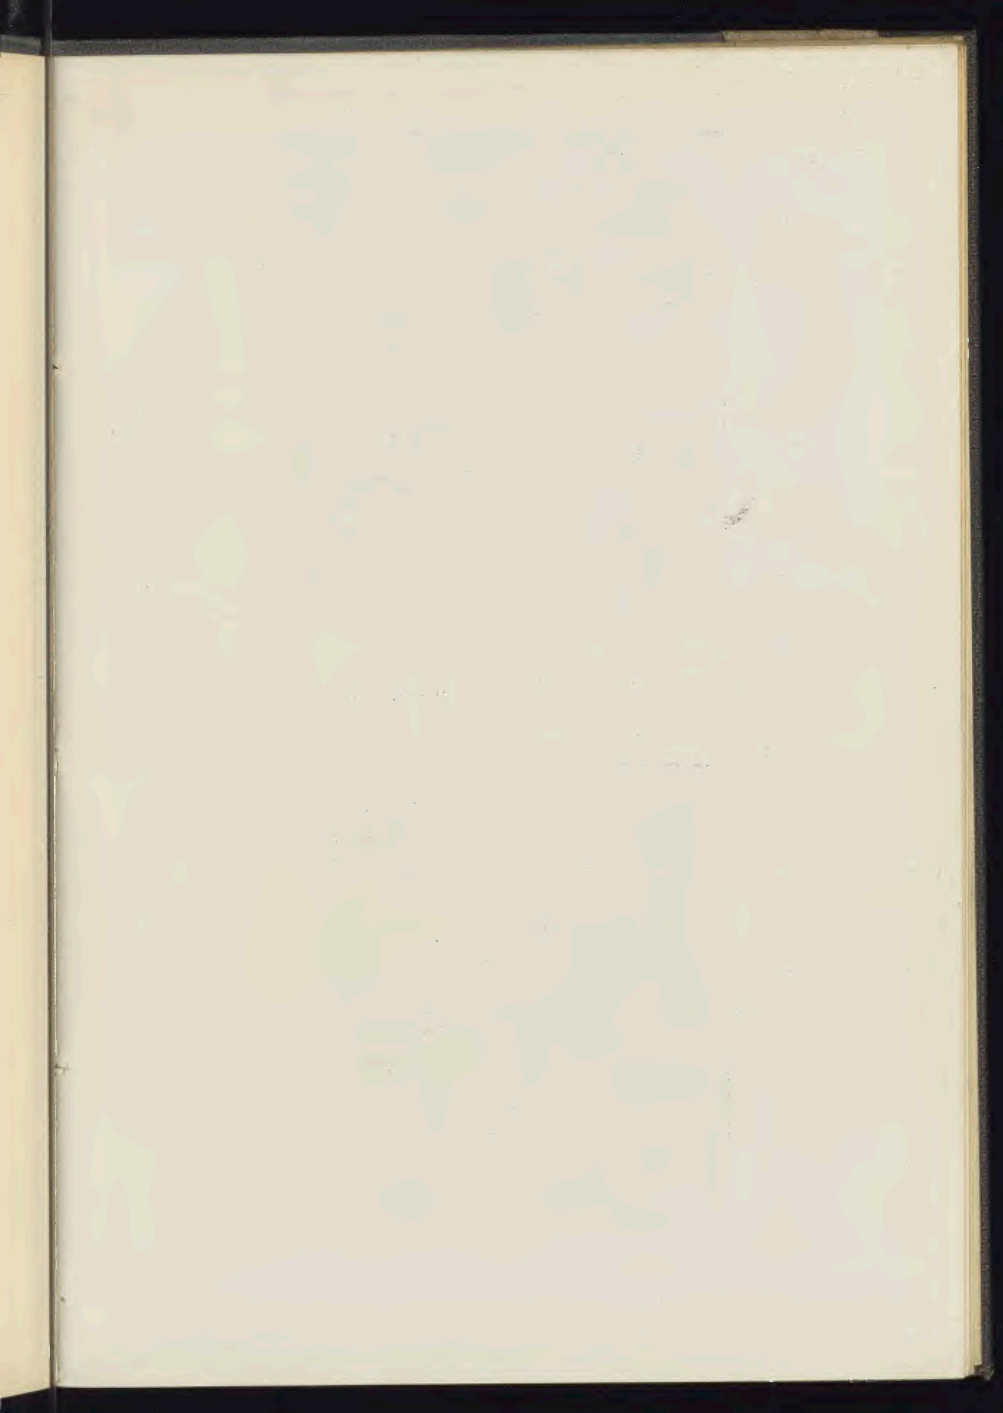

The results of the Season's play speak with trumpet tongues for themselves. Figures, however, are cold things at best; so, while our recollections of this great Season are still fresh, we propose to comment on the different games, and preserve a record which may perhaps not be without interest to our successors.

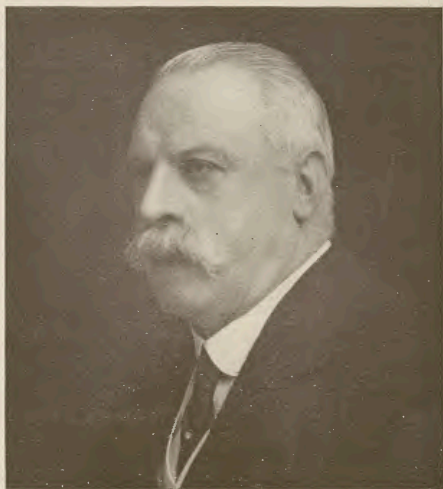

Nothing will be set down in malice, and the object in giving this survey is not so much to indulge in personal criticism as to bring out the salient points in the matches of this most memorable season.

## MATCHES PLAYED.

## Opening Match—Brunswick—1st May.

The most interesting event of the day was a presentation from the members to our President, Mr A. H. Hamilton, in recognition of his great services to the Club during the War. This gift took the form of a stand of cutlery, which was formally handed over by Mr T. F. Taylor during the tea offensive, and the enthusiastic reception accorded to our President showed once more how he has endeared himself to everyone at Grange Loan.

An even more enthusiastic gathering took place in the pavilion after the match. Mr Hamilton's health was proposed more or less coherently by various members; J. W. Sorrie delighted the company by a new musical number with a particularly catching refrain, and when the evening ultimately broke up it was felt that the Club was now well on the way to a resumption of its pre-war fame!

**Stenhousemuir—8th May.**

In this game a bad start to our innings made the outlook none too promising for a little, but G. D. Cunningham and C. S. Paterson came to the rescue, and the match was won with 5 wickets in hand. Another great "aftermath" was held at the conclusion of the game and our visitors entered fully into the spirit of the proceedings. A return game was fixed up in a rash moment for 11th September, and various side lines, such as golf and bowls, were added to the programme for our visit to the Tryst.

**Leith Franklin—15th May.**

A good first wicket partnership made run getting easy for us in this match, and with the Franklin side cracking up badly another victory was secured without difficulty.

THE COMING OF S. M. STURGEON.

The advent of S. M. Sturgeon made this game noteworthy, and the prospects of the side were now improved 100 per cent. A first-class wicketkeeper was our great need, and in Sturgeon we secured not only one of the best stumpers ever seen in Scottish cricket, but also a valuable recruit for our after-the-match discussions.

Forfarshire—18th May.

The game at Forthill was expected to prove one of our hardest tests, but the Forfarshire side failed to show their real form and we won the match with surprising ease—C. S. Paterson taking 5 wickets for 26, and A. E. Sellars 5 for 56.

The Carlton fielding was very good on this occasion, and the magnificent catch by Archie Reid at second slip will live in the memories of all who saw the game.

Some big hitting was indulged in by our men once the

match was won, and in a quickly compiled 53 C. S. Paterson had three shots out of the ground.

The visit to Forthill was also marked by two new items which deserve passing mention. The practice of awarding an M.C. to the member of the side who was considered to have deserved it was inaugurated (Stuart Forsyth being the first recipient), and J. B. Dewar, the terror of the Huns, played his first match for our side!

## Perthshire—22nd May.

The big county was the next side to be tackled, and again a disappointing display by our opponents enabled us to win with ridiculous ease.

A splendid bowling performance by A. E. Sellars (7 for 44) was the main factor in the Perthshire rout, but some excellent batting was shown by our men, and the match was won with only one wicket down.

To defeat Forfarshire and Perthshire in one week by 8 wickets and 9 wickets respectively was something new in the annals of the Club, so an impromptu celebration dinner was

held on the Saturday night, and all the rites customary at Carlton functions were duly observed!

## Hawick—29th May.

The outing to Hawick would have proved one of our most enjoyable games had the weather been more kind. Major Innes and his wife, at the instigation of our invaluable Stuart, entertained the XI. at their charming country house before the match, and so much did we appreciate this kindly hospitality that general regrets were expressed when a move had to be made to the cricket ground. Rain came on soon after the game started, and though we got soaked through in hope of a definite result, a downpour drove us finally to shelter and the game had perforce to be abandoned.

A. E. Sellars took 6 wickets for 39 (bowling with a wet ball), and J. W. Sorrie had a lovely drive out of the ground during a well played not out innings. "Pussyfoot" regulations were in force at Buccleuch Park for the first time in Carlton memories, and on a somewhat dreary journey home C. S. Paterson was unanimously awarded the M.C.!

A. S. Cairns made a welcome reappearance in this mid-week game and showed glimpses of the old pre war skill in collecting a faultless 27. A. J. Reid caused great amusement by the tactics he adopted in dealing with a schoolboy "lobster," and our worthy skipper brought down the house, first by bringing off a marvellous running catch, and then by playing a weird cowshot into the hands of silly short-leg!

## Grange—5th June.

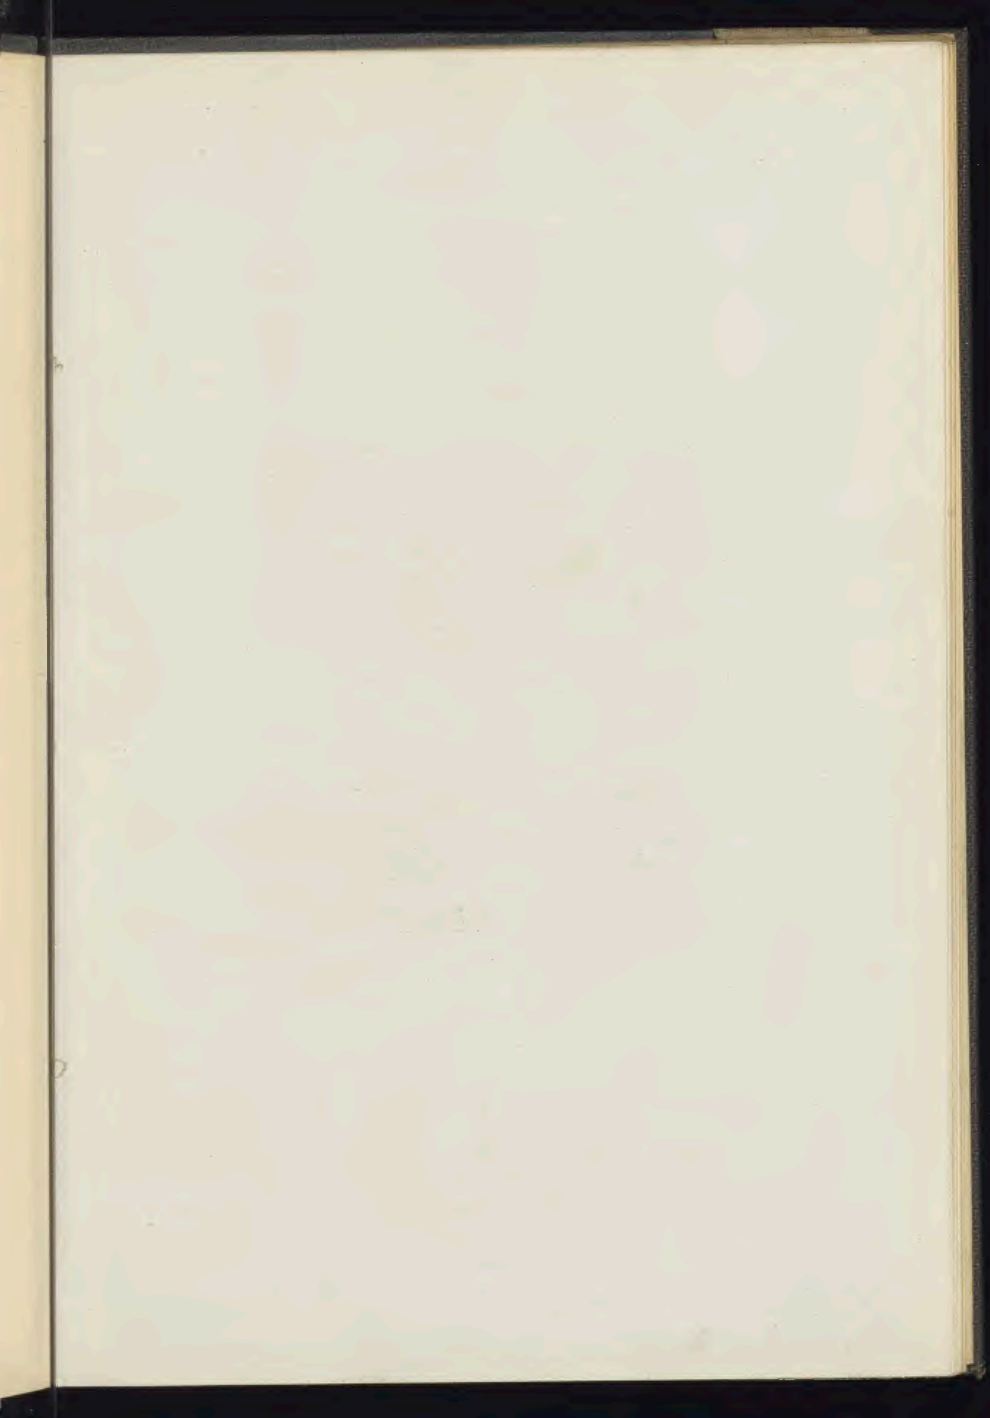

Even more than ordinary interest was taken in the Grange match this year owing to noteworthy performances by our opponents' new professional bowler, Preston. Professional bowling since the war had been practically unknown in Scottish cricket, and the undoubted ability of this new trundler had resulted in various sides having rather a thin time against the Grange. A record crowd was present at Grange Loan on this occasion, and though (as with all our matches) no charge was made for admission, our groundsman was some £25 richer as the result of a collection taken at the ground.

Our attack was well collared by the Grange batsmen, and aided by mistakes in the field they were able to apply the closure at 225 for 7 wickets. A most disastrous start to our innings (2 wickets for 1 and 3 for 19) left us no hope of winning, and eventually time was called with the board showing 118 for 7—Preston having 6 of the wickets at a cost of 52 runs. Our display would have been much worse but for the magnificent innings played by Stuart Forsyth, who rose to the occasion in great style and gave a sterling display of sound and attractive cricket. Preston had no terrors for the redoubtable Stuart, and his innings was all the more praiseworthy because of the failure of our other batsmen.

C. S. Paterson gave valuable assistance by hanging up his bat for an hour at the critical stage, and a most interesting game was left drawn as stated.

Drumpellier—12th June.

Our batsmen found their form in this game, and in spite of some good bowling by the Drumpellier professional (our old friend Benham) we ran up the tall score of 200 for the loss of only 3 wickets. J. W. Sorrie and A. Walker batted in confident style, and the latter had hard lines in being left not out within sight of the coveted three figures. One more great bowling performance by A. E. Sellars (7 for 46) and some excellent fielding disposed of Drumpellier very cheaply.

Owing to the early closing rule in force at Musselburgh this mid-week game resulted in an uninteresting draw. Our fielding was really too awful for words on this occasion, and both players and spectators were greatly amused at the leisurely efforts made by some of our veterans. **Royal High School (F.P.)—19th June.**

This match at Holyrood proved one of the closest and most exciting of the season, and though we ultimately won with 4 wickets in hand the result was really in doubt up to the end. Our opponents had some difficulty in making 100, but although the wicket was none too easy the task looked well within our powers when J. W. Sorrie and Stuart Forsyth started on their usual sound display. The R.H.S. men fielded brilliantly, however, and with two of our best batsmen run out we had to fight hard before the necessary runs were obtained. A stand between J. Mortimer and N. L. Stevenson saved the situation, and while the former stood four square and exhibited a stone

wall defence, the mercurial display of our skipper left both players and spectators in a state of nervous prostration.

"Aftermaths" with our R.H.S. friends have always been particularly cheerful affairs, but on this occasion all records (not to mention tumblers) were broken, and we had considerable difficulty in persuading our kind hosts to allow us to depart. The evening was continued on similar lines after dinner, and our worthy Captain finished off a good day's work by delivering various esteemed members of the Club at their respective homes.

Our old friend John Kerr gave a characteristic display of sound and patient cricket, and this game too resulted in a draw. D. A. Riddell, who helped John to put on 140 runs for the third wicket, had several lives during his innings, and these mistakes lost us all chance of winning the match.

Edinburgh Academicals—3rd July.

Now came the first post-War defeat in the shape of a severe reverse at Raeburn Place. Put in first on a wicket rendered treacherous by heavy rains, we collapsed in unaccountable fashion, and were all out for a paltry forty eight runs. Difficult wicket though it certainly was during our innings (it rolled out comparatively easy later on), our batting was feeble in the extreme, and we thoroughly deserved to meet our long-delayed Waterloo. On referring again to earlier records it is rather curious to note that in Season 1877 the only match *won* by the Club was that against the Academicals, and that—in the words of the historian—“so proud of the victory was the team, that, to commemorate the event, the Poet Laureate was forthwith commanded to write a Song of Praise.” Strangely enough, this year’s defeat was also a source of inspiration, and, in inflicting the present-day effort on our readers, we feel sure that our Academical friends will pardon any poetic licence in the effusion!

**The Lay of The Big Five.**

"Oh, what a fall was there, my countrymen!  
Then you, and I, and all of us fell down."

—*Julius Caesar.*

"Some falls are means the happier to arise."—*Cymbeline.*

A sailor bold called Freeman,  
By all the gods he swore,  
That the proud team of Carlton  
Should beat his men no more.  
By all the gods he swore it,  
And named a trysting day.  
And bade his messengers go forth,  
East and West, and South and North,  
To summon his array.

East and West, and South and North,  
The messengers ride fast,  
Even Oxford's seat of learning  
Has heard the trumpet's blast.  
Upon the field of battle  
Is met the great array,  
A proud man was bold Freeman  
Upon the trysting day.

But the Carlton side of heroes  
Cared nought for all this show ;  
"The eagle rules the sky above,  
*We* rule the earth below."  
"What men in Freeman's army  
Can match the Five we trust ?  
That Five who tire each bowler's sting,  
Whose glorious deeds the minstrels sing,  
Their fame shall down the ages ring  
Long after they are dust."

Now while the Five were tightening  
Their harness for the fray,  
Bold Freeman won the toss and said,  
"The Five bat first to day !  
Be theirs this great advantage  
They love to throw away,  
Come forth, my gallant company  
We'll make them rue this day !"

Then Freeman's gallant army  
Attacked with might and main,  
And all too soon the Carlton cracks  
Were numbered with the slain.  
The Brechin pet disaster met,  
And Freeman's hopes ran high  
When Walker followed with a shot  
Which made his partner cry.

But hark ! the cry is "Onward,"  
And lo, the crowds divide,  
And the hard-hitting StUART  
Comes with his stately stride.  
Upon his graceful figure  
Shines white the spotless shield,  
And in his hands he shakes the brands,  
Which none but he can wield.

He smiled on Freeman's army,  
 A smile serene and high,  
 He eyed both James and Walker,  
 And scorn was in his eye ;  
 Quoth he : " Old Plowright's litter,  
 Stand savagely at bay,  
 But who will dare to follow  
 If Stuart leads the way ? "

He " led the way " for Cunningham  
 (The umpire closed *his* stay),  
 And sick at heart, aloof on high,  
 The Big Five watched the fray.  
 Their Captain wounded in the side.  
 " Mort " playing the fool for Mull !  
 What wonder if they grew morose,  
 And brightest skies looked dull ?

Enough of this ! the whole side out  
 For fifty painful runs !  
 But the Club will rise and prosper now,  
 With the process of the suns.  
 For yet we trust that somehow,  
 Good *is* the goal of ill,  
 And the gods our ends are shaping,  
 Rough hew them how we will.

So round the fire in winter,  
 When cold the north winds blow,  
 And the popping of the beer corks  
 Is heard amidst the snow.  
 With weeping and with laughter,  
 Long will the tale be told,  
 Of how the Big Five failed their side,  
 In the brave days of old !

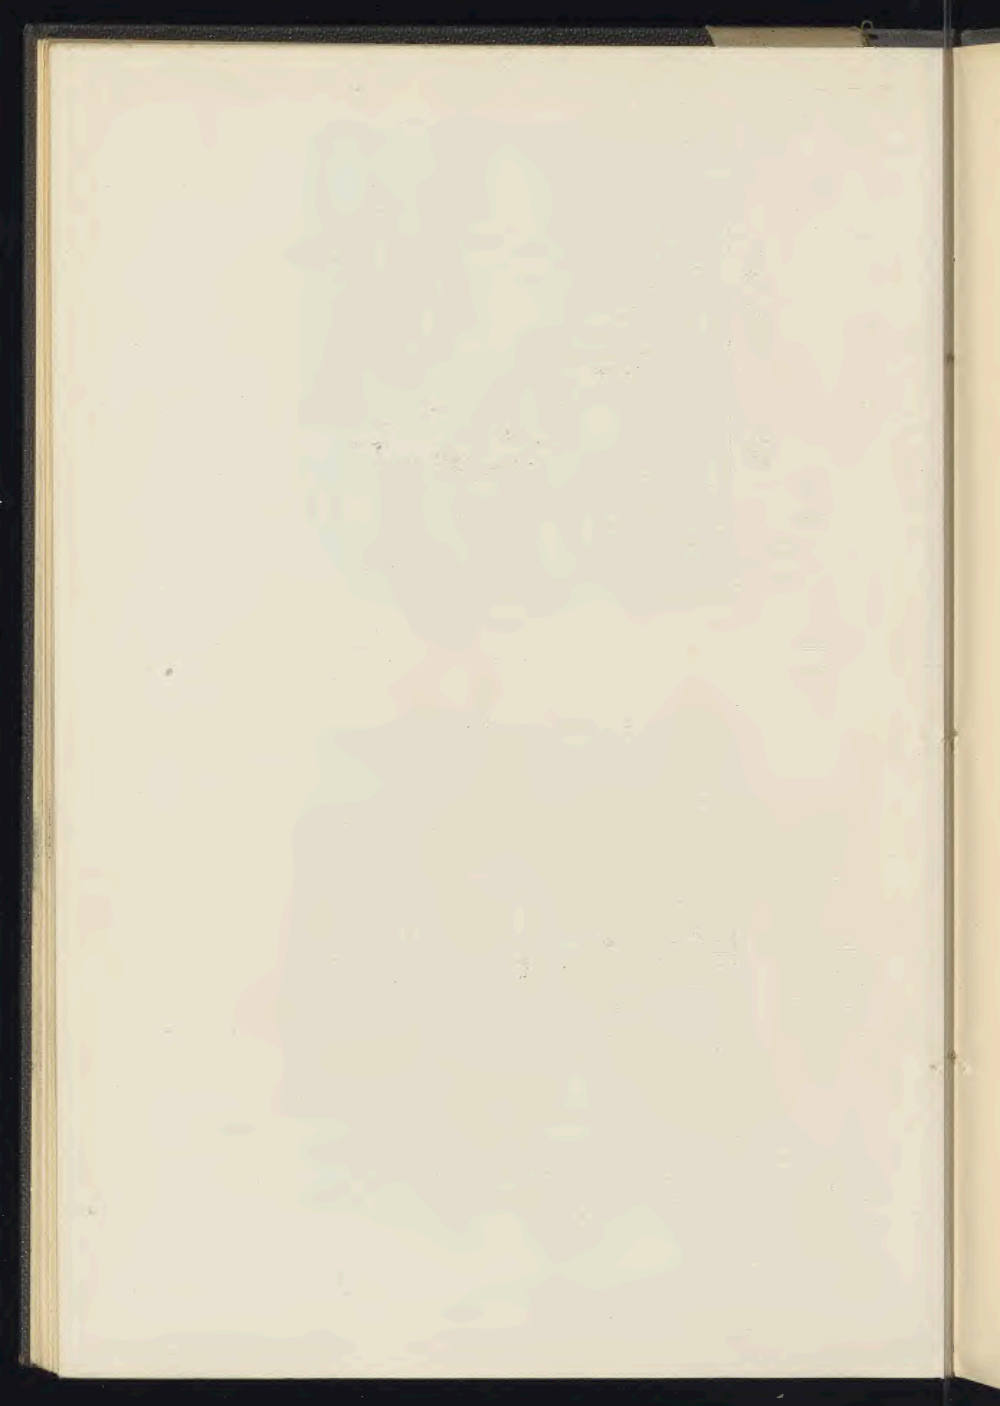

STUART FORSYTH

## Edinburgh Academy—7th July.

Another visit to the same ground was paid on the Wednesday, and the Academy side was defeated after a close struggle against the clock. G. D. Cunningham again showed his partiality for school bowling and played a not out innings of 54. In passing, it may be mentioned that our "A" XI. followed our example by beating the Academy boys on the following Saturday, a result highly creditable to the side so ably led by T. J. Cavanagh.

## West of Scotland—10th July.

Heavy rain overnight was indirectly the cause of a fine sporting finish to this match. The start was delayed considerably since a new wicket had to be prepared, but a forcing partnership between G. D. Cunningham and C. S. Paterson enabled us to close the innings and leave the West over two hours to bat. Without A. E. Sellars to bowl, things looked none too promising at the start, but various changes were successfully rung on the bowling, and our opponent's last wicket was captured one minute before time.

**Aberdeenshire—24th July.**

By adopting the time-honoured methods of the importunate widow in the parable, our Aberdonian recruit prevailed on us to travel north and renew our acquaintance with the Granite City.

We had great difficulty in raising a side, owing to International and other claims; but the outing turned out a great success, and another very creditable victory was obtained.

A. Walker and J. D. Glover were mainly responsible for bringing this about,—the former playing a most patient defensive innings, and the latter taking the long handle in most effective style.

Our Mortimer (Horatio of that ilk) delighted his countrymen with a typical display,—scoring a clever two in forty-five minutes, and seldom giving a chance!

An advance party travelled on the Friday afternoon to make the necessary preliminary arrangements, and, as the return journey was postponed till the Sunday, a somewhat festive week-end was the not unnatural result.

Carlton evenings were more or less a novelty to the good people of Aberdeen, so various parts of the city were visited in the course of our Bacchanalian revels, and great amusement was afforded to all concerned. Our genial skipper's exploit with a certain patent fire-extinguishing appliance was perhaps the titbit of the trip, though the barrage put down during a concerted attack on a prominent monument is also worthy of special mention!

## South of Scotland XI.—28th July.

Not content with the northern journey, we set off next to Galashiels on Wednesday, to fulfil an engagement our philanthropic Secretary had fixed up in a more than usually rash moment. A cricket week was being held in the South in aid of the Edinburgh Royal Infirmary Funds, and rather than disappoint the Borderers we collected a scratch side, and sent them off on a forlorn hope.

The weather was again unkind on this occasion, and after spending a cold and bleak day on the breezy slopes of Mossilee, we returned home feeling that the Infirmary management ought to be profoundly grateful for our efforts on behalf of charity!

Dunfermline—31st July.

This game at Dunfermline was marked by one more partnership between our renowned pre-War opening pair of batsmen, C. S. Paterson and J. W. Sorrie, who put on 132 runs for the fourth wicket without being separated.

S. M. Sturgeon, who had been keeping wickets magnificently all summer, had also one of his best days and added four more victims to his bag.

The return of one more old pre-War friend in the person of Dr J. E. Phillips was also a noteworthy feature. He signalled his return by hitting a dashing 41, and by his form during the remainder of the Season made us all sorry the return had been so long delayed.

The unusual incident of a tie for the M.C. should also be recorded. A. Walker and "Mort." had equally strong claims, and the difficulty was solved by awarding the distinction to them both.

## August Matches.

So far as our side was concerned August was not the popular holiday month, and as practically the whole Ist XI. was available we had no trouble in winning all the Saturday matches. Tall scoring was the order of the day and four individual centuries were recorded, viz., 106 by J. W. Sorrie against Clarendon, 103 not out by N. L. Stevenson against Philipstoun, 110 not out by C. S. Paterson against St Bernards, and 120 not out by J. E. Phillips against Dunfermline Carnegie. A. E. Sellars also accomplished several splendid bowling performances, and in the course of taking 6 wickets for 39 runs against Brunswick he brought his scalps for the season into three figures.

Cheerful light-hearted gaiety has always been characteristic of Carlton Cricket, and as the end of each season approaches we make the most of the fleeting August days, before the coming of September sounds the knell of departed joys.

## CENTURY BY N. L. STEVENSON.

This season was certainly no exception to that rule, and when Norman Stevenson made his century all our previous performances were completely put in the shade. The scenes of spontaneous enthusiasm on that occasion were a glowing tribute to the popularity of our esteemed skipper, and it is literally correct to say that his great innings gave more pleasure to every member of our side than any other incident throughout the whole summer. Dr Stevenson has apparently found the secret of perpetual youth, and his evergreen vitality is apt to make us forget that he was one of the foremost cricketers in the country at a period when the majority of present-day players were still lisping at their mother's knee! A quarter of a century ago his was a name to conjure with in sporting circles, and for more than a decade thereafter he continued to play havoc with the wickets of the Club's opponents. All down the years he has been the life and soul of the Carlton Cricket Club, and his charming personality and never-failing enthusiasm have been the main factors in bringing about the long run of successful years. It is interesting to recall that our Captain has been an office bearer of the Club continuously since 1899, his long record of service including five years as Vice-Captain, eight as Captain, and no fewer than seven as Hon. Secretary.

Incidentally he has found time to take nearly 1500 wickets for the Club during his playing career, and now that he no longer bears the brunt of the attack our versatile leader has started collecting centuries with the bat! What wonder, then, that members let themselves go and made the celebration a red-letter night in our annals?

Various gentlemen kindly assisted J. W. Sorrie in his varied musical entertainment; but it is no disparagement to others to say that the efforts of the Brechin pet are invariably the star turns on our programme.

In listening to his "Cricket Song" one is reminded of Browning's drama, "Pippa Passes," in which the theme hinges

on the occasional appearances of a poor Italian girl possessed of an exquisitely beautiful voice. At critical moments in the spiritual life-history of the leading characters, Pippa passes by singing some haunting refrain, and her voice determines the actions and fashions the destiny of men and women to whom she herself was unknown. Our own tame poet, indeed, was so moved by James's spirited rendering of a certain well-known song that he penned the following encore verses, which we reproduce with general apologies!

In a field by the Blackfords a wonderful team  
 Sing Willow, King Willow, King Willow,  
 And the glorious summer days pass like a dream  
 With Willow, King Willow, King Willow.  
 Like Hamlet, we hold that the play is *the* thing,  
 So from May to September life's troubles take wing  
 As the hills echo back the ball's musical ring  
 On Willow, King Willow, King Willow.

That our side is a great one all critics agree  
 With Willow, King Willow, King Willow,  
 For we've got a Big Five who've all won the M.C. !  
 Sing Willow, King Willow, King Willow.  
 Our bowler is Arthur, the childlike and bland,  
 Both off-spin and leg-spin are his to command,  
 With "Sturg" to assist, he's the best in the land  
 Of Willow, King Willow, King Willow.

Now I feel just as sure as I'm sure that my name  
 Isn't Willow, King Willow, King Willow,  
 That 'twas blighted ambition made Stewart's exclaim—  
 Oh Willow, King Willow, King Willow !  
 And all who turn jealous and obdurate, too,  
 Will perish as they did, and be lost to view,  
 While sides of good sportsmen will seek pastures new  
 With Willow, King Willow, King Willow.

Dear old Norman to lead us the gods kindly sent ;  
 Sing Willow, King Willow, King Willow :  
 A man in whom knowledge and wisdom are blent,  
 Of Willow, King Willow, King Willow.  
 Like one happy family of brothers are we,  
 Supporters applaud both our play and our tea ;  
 May the Club ever flourish while green grows the tree  
 Of Willow, King Willow, King Willow !

TEES-SIDE WANDERERS.

However, *revenueux à nos moutons* !

The effects of this record celebration were still obvious on the following Monday when we tackled Tees-side Wanderers—a strong English touring side drawn from the various Clubs in Northern League cricket. Lunch at the Pavilion revived our jaded players to some extent, and after an interesting struggle we managed to defeat what was probably the strongest all-round side we encountered during the Season.

## TEA OFFENSIVE.

Before closing this narrative of the events of Season 1920, mention should be made of the great Tea Offensive—another new venture originated and carried out by our one-and only Stuart Forsyth.

It was decided at the start of the Season to continue the practice adopted in 1919, and make no charge for admission to matches at Grange Loan. To meet the consequent loss of revenue Mr Forsyth set himself to increase the number of members, and his method of doing so was to make visitors to the ground so much at home that they would throw in their lot with us and become Honorary Members.

Plato records in his writings that the Lacedaemonians (presumably an F.P. side) "at their public spectacles were wont to appoint the best seats and forms for their guests, they themselves being content to sit anywhere." On these lines

the "Tea Offensive" was ably carried on by Stuart and his invaluable lieutenant, Mr Gracie, and the warmest thanks of the Club are due to these gentlemen and to all the ladies who so kindly assisted in making the scheme a success.

#### THE TRYST.

Not content with prolonging the season to 4th September we visited Larbert on the following Saturday and played the game with Stenhousemuir which had been arranged earlier in the Season. The weather was distinctly autumnal, however, and, though the game resulted in another easy victory for us, the outing was not so successful and enjoyable as would have been the case under more genial summer conditions.

The formal wind up of the Season took place in Edinburgh that night, and at the same time we presented Stuart Forsyth with a token of our esteem and good wishes in view of his approaching marriage.

Several members of the side had travelled back from various holiday resorts to be present at the Tryst Festival and pay a tribute to Mr Forsyth. They naturally missed all trains before the party broke up, and spent a dreary week-end in town before returning to a well earned rest from the strenuous work of the Season!

This, then, completes the record it has been thought desirable to preserve, and we are only too conscious of the many faults and shortcomings in what is of necessity only a brief outline of the period under review. And yet, in presenting this narrative to Carlton members, we would fain hope that it will not only remind them occasionally of happy days at Grange Loan, but also serve in some degree as an incentive and inspiration to further efforts in the years that lie ahead.

"Be like a promontory of the sea," advises Marcus Aurelius in his sage meditations; "against which, though the waves beat continually, yet it both itself stands, and about it are these swelling waves stilled and quieted."

C. S. P.
