DUNDEE DIRECTORY.

1878-79.

TOPOGRAPHICAL GUIDE.

A MORE eligible site for an extensive mercantile, manufacturing, and maritime town than that on which Dundee stands could not well be selected. The locality in which it has gradually grown to its present ample dimensions is the northern bank of the magnificent river Tay, where it is two miles wide, and where it affords sufficient depth of water for ships of the largest tonnage to enter its commodious and capacious Harbour. Viewed from the elevated ground to the north, from the river or its southern shore, its situation appears to be at once picturesque and appropriate for commercial intercourse. To a spectator placed on the verdant summit of the Law (a hill above the town standing at an elevation of 571 feet), a panorama of great beauty presents itself. In front there is the extensive and ever-extending town, the shipping in the port, the flowing river now beautifully spanned by the Railway Bridge, and the undulating hills of Fife; to the west the wood-crowned hill of Balgay, and the Carse of Gowrie, forming with its hills an amphitheatre of great extent and beauty; to the east the Tay pouring its waters into the sea—the Lights of Tay, and the Bell Rock; on the north, the swelling Sidlaw hills, with the variegated landscape lying between, including the expanding village suburb of Lochee, with the other suburban radiations, promising, at no distant date, to encircle the hill on which the spectator stands, until it become the central part of the town.

Viewed either from the river or from Fife, the prospect is not so extensive as from the Law, but it is possessed of great pictorial beauty. The wood with which it is adorned at its eastern and western extremities has called forth the admiration of travellers, and has led to Dundee being called the Lausanne of Scotland.

“Earth has not anything to show more fair;
Dull would he be of soul who could pass by
A sight so touching in its majesty.
Ships, towers, theatres, domes, and temples lie
Open into the fields and to the sky,
All light and glittering.”—*Wordsworth*.

In laying out the town such favourable advantage has not been taken of its situation as it afforded ; but improvements are in progress, or are in contemplation, which will make it equal in street architecture to any provincial town in Scotland.

The High Street, which forms the central part of the town, is a rectangle or oblong square, which formerly measured 260 feet in length by 100 in breadth, but its length has been increased to the extent of about 100 feet by the removal of the Trades Hall, a building erected in 1776 for the accommodation of the Incorporated Trades, but for a number of years used for the business of the Clydesdale Bank. A short distance to the eastward, a very ornate building of a triangular form and in the Palladian style, has been erected for this Bank. The business hall is lighted by a dome in the roof. A majestic statue of Britannia stands to the west of the dome, and at the one side of the entrance there is a statue of Industry, and at the other one of Commerce ; but the building is not sufficiently elevated to correspond to its surroundings. On the south side of the High Street, and immediately opposite the Bank, is St. Paul's Episcopal Church, built in Gothic style of architecture, to plans by the late Sir Gilbert Scott. It has a noble tower and spire, rising to a height of 210 feet. On same side of street, farther to the west, is the Town House. It was erected in 1734, according to a design by an eminent architect of the time. A spire rises from the roof to the height of 132 feet, and it has piazzas in the basement, which form a ready shelter when the weather is inclement. Though recently enlarged behind, however, the building is not now thought to correspond to the extent and importance of the town, and it has been proposed to erect new municipal buildings ; but the expense and the town improvements now in hand must lead to the proposal being indefinitely postponed. At the west end of the High Street, there is a house with a turret at the north-east corner in which several Sovereigns have resided, including Queen Mary and her son and grandson, and it was long the abode of several of the old noble families. It was the birthplace of Ann, Duchess of Buccleuch, wife of the unfortunate Duke of Monmouth, who lost his life by rebelling against his uncle, James the Seventh.

From the High Street four streets emerge at its angles—which, with their extensions, may be said to have constituted old Dundee—these streets are the Nethergate, the Overgate, the Murraygate, and the Seagate. The other thoroughfares consisted almost solely of lanes and closes. From the High Street, Crichton Street and Castle Street proceed southward, leading to Dock Street and the Harbour. Tindal's Wynd, St Clement's Lane, and the Vault, were long the only outlets from the High Street to the south. Reform Street, a thoroughfare of

fine architecture and of great uniformity of plan, runs off from the north side of the High Street and leads into Albert Square, terminating at the General Post Office, and beside the entrance to the High School. It receives on its west side Bank Street, in which the Kinnaird Hall is situate. This building was erected chiefly through the exertions of the late Lord Kinnard, and was intended for a Corn Exchange; but the farmers could not be induced to resort to it. It is of great extent, and well adapted for holding public meetings, bazaars, &c. In Albert Square, the Albert Institute stands, a building erected for a memorial of the late Prince Consort, and containing a large hall, the Free Library, a Picture Gallery, a Museum of objects in Natural History, Antiquities, &c. The style is Gothic, according to a design by the late Sir Gilbert Scott. To the Picture Gallery were lately added thirty-eight paintings by various distinguished artists, bequeathed by the late George Duncan, Esq., M.P., of The Vine. In Albert Square, the Post Office, the High School, the Royal Exchange, and other public buildings have a place. The statues of Mr George Kinloch of Kinloch, and Mr James Carmichael, engineer, stand on the north side of the Albert Institute.

The Nethergate leaves the south-west corner of the High Street, and proceeds in a westerly direction. An improvement has lately been effected at its east end by the removal of the old English Chapel, which stood in the middle of the thoroughfare, and left a narrow passage on each side. Another improvement would be made by the substitution of a handsome stone building for the old wooden land opposite Crichton Street, the only erection of the kind now existing in Dundee. It was called "Our Ladie Warkstayris," and was an eleemosynary institution in Roman Catholic times. On the south side of the street, within a narrow entry, a palace once stood called Whitehall, in which Queen Mary, as well as others of our Sovereigns, were occasional residents; but fragments of it now only remain. Opposite Union Street, the East, South, and Steeple Churches occupy a fine situation, quite apart from all the domestic buildings. At their west end is the great square tower called the "Old Steeple," which, having been lately renovated, looks as if it had renewed its youth. The pillar of the old Town Cross, which was set up in the centre of the High Street in 1586, has been re-erected in the south-west corner of the churchyard. Union Street, in its progress southward, has the Thistle Hall on its west side. At the commencement of its southern division there is the Caledonian Railway (Perth) Station, and farther along the Station of the North British Railway. It is with the North British that the Tay Bridge Company is in alliance. St Paul's Free Church, with a lofty spire rising over its entrance, stands on the south side of the Nethergate. Lindsay Street leads northwards along by the west side of the Old Steeple and terminates at the County Buildings. It has Mr Gilfillan's Church in its southern part. Part of the street is still unbuilt upon, but a considerable portion of the ground has been secured with a view to the future enlargement of the extensive spinning establishment of Messrs Don Brothers, Buist, & Co. On the north side of the Nethergate, at the foot of the Long Wynd, St Enoch's Church holds a conspicuous place. It has

two Gothic towers with ornamental pinnacles. Its interior decorations are the work of English artists. This church was built for a Free Church; but the majority of the congregation having seceded, it is now connected with the Establishment. Opposite St Andrew's Catholic Chapel, Tay Street, a wide and handsome thoroughfare, runs northwards. It is chiefly occupied by medical practitioners and educational institutions. To the westward of the Catholic Chapel the remains of the Hospital stand, an edifice erected for the residence of decayed burgesses; but for about a hundred years it has been devoted to other purposes, its revenues being distributed in out-of-door relief. Farther to the west the Nethergate chiefly consists of self-contained residences occupied by merchants and others; and joins the Perth Road at the foot of Small's Wynd.

A short distance along Perth Road is Airlie Place, which leads into the fine square called Airlie Terrace. A little farther, at Roseangle, the Magdalen Yard Road leads off in a south-westerly direction. The buildings in it are of a very heterogeneous description, consisting of elegant villas, workshops, and others of a humble order. Various improvements are in course of being made upon Magdalen Green, which, when completed, will make it a very attractive and healthful piece of recreation ground. On its north side a number of respectable residences are ranged—the first being The Vine, built and long occupied by the late George Duncan, Esq., M.P.

Along Perth Road, from Roseangle, for about a mile the houses are generally of good appearance, but the roadway does not run so straight as it might have done. The uniformity is pleasingly relieved by two fine churches, each with a handsome spire, standing on the south side of the street—St Mark's near the east, and M'Cheyne Memorial at the west end. St Peter's Church, also having a spire, is situate about midway, on the north side. Farther to the west there are a number of residences of great architectural beauty, and situated amid elegantly laid out grounds. Windsor Street, which leads from Windsor Terrace to the west end of the Magdalen Green, built of light coloured freestone, and upon a uniform plan, is a great ornament to the west end. Near its south end a railway station has been erected for the convenience of the inhabitants of the western division of the town.

The Overgate, the most crowded thoroughfare in Dundee, begins at the north-west corner of the High Street, and runs in a westerly direction, nearly parallel with the Nethergate. It is by far too narrow for the traffic in it; but something is occasionally done to increase it in width. At the West Port it branches out into two divisions, the Hawkhill and the Scouringburn. Blackness Road forms another outlet to the west between Hawkhill and the Scouringburn; and leads to the south-east entrance to the Balgay Park. The houses at the east end of Blackness Road are of a humble order; but those to the west are built in a better style. St Joseph's Catholic Chapel nearly adjoins it on the south, about the central part. The Scouringburn is chiefly occupied by the operatives employed in the numerous works in the neighbourhood. From its north side a number of lanes diverge and terminate at that part of the Lochee Road which bounds the Barracks on the south. A stream of water having its source in the Hill of Balgay supplies the mills with water

for their steam engines. Among the works that participate in the water of the stream are those of Messrs Gilroy, Mr O. G. Miller, Messrs Fergusson, Mr Sharp, and others. Guthrie Street, which continues the line of Ward Road from Commercial Street, has been extended to the Scouringburn, and will divert part of the traffic from the narrow and crowded Overgate, the carriage-way being wider and the gradient easier. The Scouringburn leads to the populous suburb of Lochee, which contains about 15,000 inhabitants, and in which the extensive and celebrated linen works of Messrs Cox Brothers are situate. The quarries from which the walls of the Harbour of Dundee have for the most part been built are also in Lochee.

Tally Street, Lindsay Street, and Tay Street form the principal cross streets between the Nethergate and the Overgate. Tally Street runs into Barrack Street, Constitution Road, and the access to the Law. Very conspicuous in the lower half of Constitution Road is the number of churches of various denominations, mostly plain erections. To the westward of the street are the Bleaching Green, the Royal Infirmary, and the Barracks, the principal building in which once formed the seat of the Constables of Dundee. It subsequently became the property of the Douglas family. After it ceased to be a baronial residence, it was converted into a woollen factory, and then into a Barrack. On the east side of Constitution Road there are a series of Crescents, beginning at Laurelbank; but they are not seen to much advantage. Considerably higher up, and near the entrance to the now disused tunnel which formed part of the Newtyle Railway, a new place of worship has been erected, called the Free High Church. It is of a fine Gothic design, and it is intended to have a lofty spire. When finished it will form a fine feature in the landscape.

North from the Barracks a fine series of houses stand called Dudhope Terrace. Nearer the Law several terraces of fine buildings, and commanding an extensive prospect, have lately been erected. It is highly probable that the whole rising ground up to the cone of the Law will soon be fully occupied.

The Murraygate leaves the High Street at its north-east angle at Commercial Street, now in the course of reconstruction. This latter street promises to excel in architectural beauty any other thoroughfare in the town. It extends from Albert Square to the Harbour, and will certainly become a place of great intercourse. The Murraygate proceeds in a north-easterly direction till Panmure Street, the Wellgate, and the Cowgate meet it. Panmure Street leads to the Royal Exchange and to Bell Street. The Wellgate leads to the steep acclivity of the Hilltown, on each side of which extensive and populous suburban districts have sprung up. Victoria Road, which occupies the place of Ladywell Lane and Bucklemaker Wynd, is of much greater width and easier gradient than these old streets were, and is being filled with handsome houses of various descriptions suitable to the requirements of the place. The Cowgate extends to a little beyond the Cowgate Port. That arch is now all that remains of the walls that once enclosed the town. It is allowed to stand as a memorial of the celebrated martyr, George Wishart, whose name is so intimately associated with it. Opposite St Andrew's Street, St Andrew's Church occupies a fine

situation on the rising ground on the north. It now belongs to the Kirk-Session; but it was long the joint-property of that body and the Incorporated Trades. The Trades still retain seats in it for churching their office-bearers on their being elected. At the foot of St Andrew's Churchyard, King Street begins. The Glasite Meeting-house, an octagonal building, has here a place. Immediately to the east a large piece of ground, extending from King Street to Victoria Road, was lately purchased, upon which is being erected offices and dwelling-houses, as well as a bazaar for the sale of ornamental and other goods. Up an avenue to the eastward, the old Infirmary long occupied a conspicuous site; but the building has been transformed into an educational seminary in connection with the School Board.

King Street terminates where the Dens Brae and St Roque's Lane join it. The line is then continued by Princes Street. Here are situated the extensive linen works of Messrs Baxter Brothers. The Dens Burn supplies the water for their steam engines as well as for those of other works higher up the stream. Princes Street extends to where it is joined by Victoria Street from the west, and the Arbroath Road from the east. Along Arbroath Road are Lilybank, and the buildings erected on the north division of the Glebe. A short way to the east, the Baxter Park is entered through an elegant gateway. The line of Princes Street is continued by Albert Street, at the extremity of which is the Lunatic Asylum. This Institution, which was opened sixty years ago, has been all along distinguished for the excellency of its medical and mental training; but it is soon to be superseded, as it is now too much within the bounds of the town. A new Asylum is building in a very salubrious situation on the estate of Invergowrie, where every improvement for the comfort and cure of those afflicted in mind will be introduced. At the Asylum, Pitkerro Road, the Forfar Road, Mains Loan, and Dura Street radiate from it. The Morgan Hospital occupies a commanding situation between Pitkerro Road and the Forfar Road, overlooking the Baxter Park, the town, the river, and the hills of Fife.

The Seagate, which leaves the High Street at its south-eastern extremity at Commercial Street, is now undergoing a complete transformation in its western part. The antiquated houses of which it was chiefly composed are in the course of demolition, and buildings are rising in their place more in accordance with modern ideas of street architecture. St Andrew's Street and Queen Street run into it, while Gellatly Street, Trades Lane, Allan Street, and several lanes connect it with Dock Street. At one part of the street a spot is still pointed out where Grizzel Jeffrey was burned to death for the imaginary crime of witchcraft. The Seagate extends to the Dens Burn, where Blackcroft begins. After crossing the Burn, there stood, till about sixty years ago, a building having the appearance of an ordinary farm-house, which formed the residence of Mr Constable of Wallace Craigie, whose portrait is so graphically given by Sir Walter Scott in his novel of the "Antiquary." The line of the street is then continued eastward by Carolina Port, the New Cattle Market, and Roodyards on the south, and on the north by Thornbank, Ellangowan, Taybank, Mayfield, and Craigie Terrace. At the Stanner-gate the road is bounded by the river on the south, and by the finely

wooded grounds around the mansion-house of Craigie on the north, and terminates at Broughty Ferry.

Dock Street, a wide and spacious thoroughfare, separating the town from the Harbour, extends from the foot of Union Street to the Rood-yards. It is bounded on the north side in its western division by the Public Warehouses, the Greenmarket, Shore Terrace, the Music Hall, shops, offices, and other places of business. Then, after passing Trades Lane, by the Dundee Foundry, the Boiling Yards for the Whalers and Sealers, the Gas Works, the Cattle Market, &c. The Arbroath Railway Station and the Customhouse are on the south side. The Customhouse is an imposing and elegant edifice. The central part consists of a portico of the Ionic order, elevated on a rusticated basement, surmounted by a pediment, enclosing the Royal Arms of Scotland.

The Royal Arch, a finely designed structure, intended to commemorate the landing of the Queen at Dundee in 1844, possesses a prominent position near the north end of the Mid Quay. It was erected by public subscription, at a cost of between £3000 and £4000, according to a design by Mr Rothead of Glasgow.

The Harbour consists of four wet-docks, having an area of about 30 acres, and two dry-docks—one of 500 feet in length, and one of 300, admitting vessels of any length or tonnage. At Camperdown Dock there is a tidal entrance, and another at King William and Earl Grey Docks. For the repair of vessels of moderate size there is a commodious patent slip. The money spent upon the Harbour works since 1815 has been £800,000. Access is gained to the Ferry Harbour for the accommodation of the traffic between Dundee and Newport either by South Union Street or Craig Street. The Harbour Trustees have now the management of the Ferry, as well as of the Lights of the Tay, the Light-ship, and the placing of the buoys laid in the river for the purpose of pointing out its proper channel. The Public Baths stand between the Lock of Earl Grey Dock and the West Protection Wall. They belong to the Police Commissioners, and are managed by them for the benefit of the community. They have lately been reconstructed, and are now in a very complete state.

The vessels belonging to the port are about 200 in number. Several of them are of large size and elegant appearance.

The Railway Bridge, which now so majestically stretches over the Tay, was begun to be built on the 7th of February 1871. On the 22d of September 1877 the first engine was slowly run over its whole length. It is the longest bridge over a tidal river in the world, and was attended with many engineering difficulties, but they were all successfully overcome. It consists of 89 spans, varying in width from 27 to 245 feet, the roadway being 88 feet above the surface of the water. At the Dundee side, the line, while proceeding along the Harbour, has to pass through a Tunnel, with the bottom of which the Station is on a level. The line has, therefore, to come down from its lofty position at the rate of 1 foot in 73 till the required descent has been gained. Passengers leaving Dundee descend to the Station by means of stairs at the southern extremity of Union Street. The entire length of the Bridge is 2 miles and 50 feet. The time usually occupied by the trains in passing along it is about seven or eight minutes. After being completed, it was

examined by General Hutchinson, and severely tested by heavy trains being run upon it filled with the material used for making up the ground to the north of the Esplanade. This gigantic work was designed by Mr Thomas Bouch, civil engineer,—Mr Albert Grothe being the superintendent.

The construction of a double tramway line from the Post Office to Windsor Terrace was begun in the spring of 1877 and completed in August. It is understood that the undertaking has been highly successful, and a Bill has been introduced into Parliament with the view of getting the legislative sanction to construct lines in other parts of the town, as well as one to Lochee.

The scheme for bringing water into the town from the Loch of Lintrathen (a distance of twenty miles) has been successfully accomplished, so that, with the quantity previously received from Monikie, the supply is now both good and abundant.

The number of places of worship in Dundee is about eighty.

The leading industry in the town is the manufacture of flax, hemp, and jute into the various kinds of cloth for which these materials are adapted. About 100,000 tons of jute are now annually required to supply the wants of the trade. When all the mills and factories are in full operation, between 50,000 and 60,000 people are employed in them, or in works connected with them. The capital invested is said to approach to three millions sterling. Dundee is the chief seat of the linen manufacture in Great Britain.

Other industries have long been successfully prosecuted in the town. Engineering, shipbuilding, tanning, cabinetmaking, and other arts are extensively practised, and have secured for some of those engaged in them considerable celebrity.

The press of the town now issues four daily newspapers—the *Advertiser*, the *Courier & Argus*, the *Evening News*, and the *Evening Telegraph*, all of which have an extensive circulation. There are also two weekly newspapers—the *Weekly News* and the *People's Journal*; and two weekly literary periodicals—the *People's Friend* and the *Home Journal*. A monthly illustrated comic paper, having the title of the *Piper o' Dundee*, lately appeared. The productions of the press are increasing in another department. From the larger printing and book publishing offices, volumes are issued which are highly creditable to the ability and enterprise of the provincial press.

Dundee is now amply supplied with public parks or recreation grounds. There is the Baxter Park, a beautiful field of about 40 acres, purchased, laid out, and endowed by Sir David Baxter, the Barrack Park, the Law, the finely wooded Balgay Park, and the Magdalen Green, with which is connected the Esplanade, one of the finest marine promenades in the country.

The following are the census returns of Dundee for the last eight decades :—1801, 26,084; 1811, 29,716; 1821, 30,908; 1831, 45,355; 1841, 66,232; 1851, 78,829; 1861, 91,511; 1871, 121,975. It thus appears that the population has been more than quadrupled since the present century began; and it is now estimated at 142,000.

MUNICIPAL WARD BOUNDARIES

AND THEIR COUNCIL REPRESENTATIVES.

WARD FIRST.—On the east by the eastern boundary of the burgh ; on the south by the river Tay ; on the west by a line commencing at the top of Castle street, and thence southward along Castle street to Dock street, and thence southward to the Victoria arch at the harbour of Dundee, and thence through the centre of said arch in a straight line southward to the river Tay ; and on the north by Murraygate, Cowgate, King street, Princes street, and the Dundee and Arbroath turnpike road to the eastern boundary of the burgh.

Council Representatives—William Robertson, John Adamson, and Andrew G. Kidd.

WARD SECOND.—On the south by the river Tay ; on the east by the western boundary of Ward First ; on the west by the western boundary of the burgh ; and on the north and north-west by a line commencing on the Dundee and Invergowrie turnpike road, commonly called the Perth road, where said road intersects the municipal boundary, and from thence running eastward along the said road and the Nethergate and High street to the top of Castle street.

Council Representatives—William Brownlee, James Thomson, and James Allan.

WARD THIRD.—Commencing on the road from Dundee to Coupar Angus, commonly called the Lochee road, at a point thereon immediately opposite Logie farm steading where an unnamed road leading off said Lochee road to the Lawside road begins, and from thence running along said unnamed road to said Lawside road, and from thence northward along said Lawside road to the Loons road, and from thence westward along said Loons road to the King's Cross road, and from thence northwards and around the Lochee area, added to the burgh under the Acts twenty and twenty-first Victoria, chapter seventy, and twenty-fourth and twenty-fifth Victoria, chapter thirty-six, till such area strikes the previously existing municipal boundary at the junction of Gibb's lane with Ancrum road, Lochee, and from thence south-eastward in a straight line to the point in Lochee road where the boundary now described commenced.

Council Representatives—William M'Dougall Ogilvie, James Perrie, and William Blair.

WARD FOURTH.—On the east by the eastern boundary of the burgh , on the south by the northern boundary of Ward First ; on the west by the Wellgate and Hilltown ; and on the north and north-east by Ann street of Maxwelltown, to its junction with the roadway of Hillbank road and Cotton road, and from thence along said roadway to Laing street, and from thence along Laing street and Dura street and continuation thereof to the Pitkerro turnpike road, otherwise Stobswell road, and from thence along said road to the north-easterly boundary of the burgh at Stobsmuir.

Council Representatives—John Robertson, John Sutherland, and James Cowan.

WARD FIFTH.—On the south and south-east by the northern boundary of Ward Fourth from the eastern to the western termination thereof, and from said western termination crossing the Hilltown to Rosebank street, and from thence along Rosebank street, to the junction thereof with Constitution street, and from thence along Constitution street to its junction with Somerville place ; on the west by the road leading from the top of Constitution road northward along the

west side of Stirling's park and the east side of the Law until it reaches the northern boundary of the burgh; and on the north and north-east by the north-east boundary of the burgh to the north-easterly point of said boundary at Stobsmuir.

Council Representatives—David A. Bruce, William P. Mitchell, and Robert Laing.

WARD SIXTH.—Commencing in Constitution road at the junction of Constitution street with Somerville place, and from thence running eastward along Constitution street to Rosebank street, and from thence running south-eastward and eastward by Rosebank street to the Hilltown, and from thence running southward by the Hilltown, Wellgate, Murraygate, High street, and Nethergate, to the point where Tally street joins the Nethergate, thence running northwards by Tally street, Barrack street, and Constitution road to the point where it commenced.

Council Representatives—George H. Nicoll, Frank Henderson, and William Philip, jun.

WARD SEVENTH.—On the east by Tally street at its junction with the Nethergate, and along Tally street, Barrack street, Constitution road, and the road leading from the top of Constitution road northward along the west side of Stirling's park and the east side of the Law until it reaches the northern boundary of the burgh; on the north by the northern boundary of the burgh to the eastern termination of Ward Third on said boundary; on the west by and along the easterly boundary of Ward Third to Lochee road; and on the south-west and south along Lochee road, North Tay street, and South Tay street, to its junction with the Nethergate, and thence eastwards along the Nethergate to the point where it commenced.

Council Representatives—William Cleghorn, William Thomson, and James Gentle.

WARD EIGHTH.—Commencing in the Overgate between South Tay street and North Tay street, and from thence running along North Tay street to its junction with Lochee road, and from thence along Lochee road to the commencement of the boundary of Ward Third before described, and from thence westward by and along the southern boundary of Ward Third to the junction of Gibb's lane with Ancrum road, Lochee; and from thence southwards and along the western boundary of the burgh to Blackness road, and from thence along Blackness road to its junction with Scouringburn road, and from thence along the Scouringburn, West port, and Overgate to the point in the Overgate where it commenced.

Council Representatives—Hugh Ballingall, John Anderson, and Charles C. Maxwell.

WARD NINTH.—Commencing on the west boundary of the burgh in the said Dundee and Invergowrie turnpike road, commonly called the Perth road, where such boundary is intersected by said road, and from thence running eastward along said road and the Nethergate to the junction of the Nethergate with South Tay street, and from thence running along South Tay street to its junction with the Overgate and West port, and from thence running westward along the Overgate and West port to the Scouringburn road, and from thence running along the Scouringburn road to its junction with the Blackness road, and along the Blackness road to the western boundary of the burgh, and from thence running down said western boundary to the point where it commenced.

Council Representatives—Alexander Hay Moncur, Duncan Macdonald, and James Low.

BUILDING.

Steamer (800 tons gross) for Neilson & Taylor

Steamer (1200 tons gross) for D. Scott & Son

POSTAL DIRECTORY.

POST-OFFICE, DUNDEE—POST-OFFICE BUILDINGS, TOP OF REFORM STREET.

WILLIAM GIBB, Postmaster.

On Week Days the Office is open for Postal business from 6.45 a.m. till 9 p.m.; and for Money Order, Savings Bank, Life Insurance, and Annuity business, from 9 a.m. till 6 p.m.

On Sunday the Office is open for Postal business from 9 till 10 a.m. only, but the Letter-Box remains open as on other days.

For Telegraph business there is attendance continuously during the day and night, both on Week Days and Sundays.

For Arrivals and Departures of Mails, see pages 86 and 87

RATES OF POSTAGE—INLAND LETTERS.*

The rates of postage when prepaid are as follows, viz. :—

For a letter not above 1 oz.†	-	-	-	1d.
"	above 1 oz. but not above 2 oz.			1½d.
"	" 2 oz.	"	4 oz.	2d.
"	" 4 oz.	"	6 oz.	2½d.
"	" 6 oz.	"	8 oz.	3d.
"	" 8 oz.	"	10 oz.	3½d.
"	" 10 oz.	"	12 oz.	4d.

A letter above the weight of 12 oz. is liable to a postage of 1d for every ounce, beginning at the first ounce. Thus, a letter weighing between 14 and 15 oz. must be prepaid 1s 3d.

A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

No letter may be above 18 inches in length, 9 inches in width, or 6 inches in depth, unless it be sent to or from one of the Government Offices.

COLONIAL AND FOREIGN LETTERS.

For the rates of postage on letters to the Colonies and foreign countries, see page 88.

A letter posted unpaid, or paid only in part, directed to any place abroad to which prepayment is compulsory, is sent to the Returned Letter Office, to go back to the writer. Letters, however, for Australia and New Zealand, if prepaid as much as one rate (even although the prepayment be insufficient), are not detained, but are forwarded charged with the deficient postage and an additional rate.

A letter posted insufficiently prepaid for a place to which prepayment is optional is sent forward charged; the value of the stamps, however, being as a rule, taken into account.

No letter for any Colony or foreign country may be above 2 feet in length or 1 foot in width or depth.

INLAND NEWSPAPERS.

Under the "Post Office Act, 1870," any publication fulfilling the conditions hereafter named can, upon payment of an annual fee of 5s, be registered at the General Post Office to pass within the United Kingdom as a newspaper for a postage of one halfpenny. Without such registration no newspaper is entitled

* Inland Letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

† If the Weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to Letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

to be sent through the post at less than the book rate of postage. The conditions are as follows:—

- 1st. The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.
- 2nd. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.
- 3rd. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page.
- 4th. A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement must in every case be published with the newspaper, and must have the title and date of publication of the newspaper printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

Registration for inland circulation includes registration for transmission abroad.

For each inland newspaper, whether posted singly or in a packet, the postage when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one halfpenny for every 2 oz., or part of that weight.

A newspaper post unpaid, or a packet of newspapers posted either unpaid or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight.

The postage must be prepaid either by an adhesive stamp, or by the use of a stamped wrapper.

No newspaper can now be sent through the post a second time for the original postage. For each transmission a fresh postage is required.

Every newspaper must be posted either without a cover, or in a cover entirely open at both ends, so as to admit of easy removal for examination. If this rule be infringed, the newspaper is treated as a letter.

Every newspaper must be so folded as to admit of the title being readily inspected.

A newspaper or packet of newspapers which contains any enclosure except supplements is charged as a letter, unless the enclosure be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet, in which case it is allowed to pass.

A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, is charged as an unpaid or insufficiently paid letter.

No packet of newspapers may be above 14 lbs. in weight, nor above two feet in length, one foot in width or depth.

COLONIAL AND FOREIGN NEWSPAPERS.

For the rates of postage to the colonies and foreign countries on newspapers registered for transmission abroad see page 88. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet, and, if above 4 oz. in weight, it is liable to two rates of postage; and so on.

The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission, a newspaper may be published at intervals of thirty-one days; and that it may be printed

but not its supplement) on sheets stitched together. Moreover, prices current and market reports, (but not private price lists or trade catalogues) may be registered as newspapers for foreign transmission, provided that they be published at intervals not exceeding thirty-one days.

The postage *which must be prepaid* cannot be paid in money.

All publications registered for transmission abroad *must be posted within eight days from the day of publication*, including that day; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

Every newspaper must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of easy withdrawal for examination.

Every newspaper must be folded to admit of the title being readily inspected.

No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

There must be no writing or other mark on a newspaper sent abroad but the name and address of the person to whom it is sent; nor anything on the cover but such name and address, the printed title of the publication, the printed name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

No packet of newspapers may be above two feet in length or one foot in width or depth.

INLAND BOOK POST.

The postage is one halfpenny for every 2 oz. or part of that weight.

A packet posted wholly unpaid is charged with double the book postage; and if posted partially prepaid, with double the deficiency.

A book-packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, is allowed, whether such binding, &c. be loose or attached; as also rollers in the case of prints or maps; markers (whether of paper or otherwise) in the case of books; pens, or pencils, in the case of pocket-books, &c.; and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, &c., must not be sent as a separate packet.

But a book-packet may not contain any letter, or communication of the nature of a letter* (whether separate or otherwise), unless it be a circular-letter; nor any enclosure sealed or in any way closed against inspection; nor any other enclosure not allowed by the preceding paragraph. If this rule be infringed, the entire packet is charged as a letter.

A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination;† otherwise it is treated as a

*Entries merely stating who send the book, &c., or to whom it is given, are not regarded as a letter.

† In order to secure the return of packets which cannot be delivered, the names and addresses of the senders should be printed or written *outside*, thus—"From _____"

letter. For the greater security of the contents, however, it may be tied at the ends with string.

No book-packet may be above 5 lbs. in weight, nor above 1 foot 6 inches in length, 9 inches in width, or 6 inches in depth, unless it be sent to or from one of the Government offices.

When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets may be kept back till the next despatch or delivery.

Circulars—i.e., letters which are intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed,—may also be sent by book post.

COLONIAL AND FOREIGN BOOK POST.

For the rates of postage on book-packets to the colonies and foreign countries see page 88.

The limit of size for a book-packet addressed to any place abroad is 24 inches in length, and 12 inches in width or depth.

COLONIAL AND FOREIGN PATTERN AND SAMPLE POST.

The pattern and sample post is restricted to *bonâ fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

The rates of postage for patterns are the same as for books going abroad. See page 88.

Patterns or samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind (but such articles only), may be posted enclosed in boxes, or in bags of linen, or other material, fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles.

INLAND CARD POST.

Official Post Cards, impressed or private Post Cards embossed, with a half-penny stamp (adhesive stamps not being accepted in payment of the postage) may be transmitted between places in the United Kingdom with letters printed or written upon the back.

Both the "stout" and the "thin" cards may be bought singly. The prices of the "stout" and "thin" cards respectively are as follows:—*Stout Cards*, 1, $\frac{3}{4}$ d; 2, $1\frac{1}{4}$ d; 3, 2d; 4, $2\frac{3}{4}$ d; 5, $3\frac{1}{2}$ d; 6, 4d. *Thin Cards*, 1, $\frac{3}{4}$ d; 2, $1\frac{1}{4}$ d; 3, $1\frac{1}{2}$ d; 4, $2\frac{1}{2}$ d; 5, 3d; 6, $3\frac{1}{2}$ d.

The front (or stamped) side is intended for the address only, in addition to the printed words "Post Card" and "The address only to be written on this side." There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp.

On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

When, owing to a great and unusual influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, Post Cards (unless paid for and posted as late letters) may be kept back until the next despatch or delivery.

No card other than one of those issued by the Government, or a private card impressed with a halfpenny stamp at the Office of Inland Revenue, will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

FOREIGN CARD POST.

Foreign Post Cards may be sent to Canada and Newfoundland, and to all the countries comprised in the General Postal Union, with the exception of British India.

Foreign Post Cards with an impressed stamp of $1\frac{1}{4}$ d each are sold at that rate, and are transmissible to the majority of the countries of the Union without extra charge. To others, the postage of a Card is in every case one half the rate for a single letter. Adhesive Stamps may be affixed to the ordinary or Foreign Post Cards to make up the amount of postage required.

LETTERS BY PRIVATE SHIP.

Letters intended to be sent by Private Ship must be addressed "By Private Ship;" and if by a particular vessel, the name of the Ship must be added.

The postage of a letter by Private Ship to the British West Indies, except Demerara, Jamaica, and Trinidad, is 3d, and to St Helena 4d per $\frac{1}{2}$ oz.

POSTAGE STAMPS, &c.

Postage Stamps are of the respective values of $\frac{1}{2}$ d, 1d, $1\frac{1}{2}$ d, 2d, $2\frac{1}{2}$ d, 3d, 4d, 6d, 8d, 1s, 2s, and 5s. The embossed Postage Envelopes are of four sizes, viz., $4\frac{3}{4}$ in. \times $3\frac{1}{8}$ in. (square shape), $4\frac{3}{4}$ in. \times $2\frac{3}{4}$ in., $5\frac{1}{4}$ in. \times 3 in., and $5\frac{1}{4}$ in. \times $3\frac{3}{8}$ in., and are sold at the following prices:—Size, $4\frac{3}{4}$ in. \times $3\frac{1}{8}$ in. (square shape)—4 for $4\frac{1}{2}$ d, 8 for 9d, 12 for 1s $1\frac{1}{2}$ d, 24 for 2s 3d. Other sizes—6 for $6\frac{1}{2}$ d, 12 for 1s 1d, 24 for 2s 2d.

Registered Letter Envelopes, bearing a twopenny stamp embossed on the flap for the payment of the registration fee, are of two sizes, 6 in. \times $3\frac{3}{4}$ in. and $5\frac{1}{4}$ in. \times $3\frac{1}{4}$ in., and are sold at $2\frac{1}{4}$ d each or 2s $2\frac{1}{2}$ d per packet of 12.

The Newspaper Wrappers are sold at the following prices:—8 for $4\frac{1}{2}$ d, 16 for 9d, 24 for 1s $1\frac{1}{2}$ d.

REGISTRATION (INLAND AND FOREIGN).

The fee for registering a letter, newspaper, or book packet is twopence.

No letter or packet addressed to initials or to a fictitious name can be registered.

Every letter or packet presented for registration must be enclosed in a strong envelope, securely fastened. If the letter or packet contains money it must, in order to gain the benefit of the guarantee described in the last paragraph under this heading, be enclosed in a registered letter envelope sold by the Post Office; and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

It is prohibited to send to a country of the Postal Union any registered letter marked on the outside with the declared value of the contents.

Every letter, &c., to be registered must be given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into a letter-box, it will, *if directed to any place in the United Kingdom or the British Colonies*, be liable to a registration fee of 8d instead of the ordinary fee of 2d.

The registration of letters, &c. makes their transmission much more secure, inasmuch as they can be traced through their whole course. Thus the loss of a registered letter or packet is a very rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent *unregistered*, valuable articles are exposed to risk, and offer a temptation which ought not to be created.

All inland letters which contain coin, watches, or jewellery, even though they be posted without registration, are treated as registered, and are charged on delivery with a registration fee of 8d in addition to the ordinary postage.

Letters containing coin, watches, or jewellery, cannot be accepted for registration for any Foreign or Colonial country in the General Postal Union; and if erroneously registered, they are returned to the senders.

Letters containing coin for any of the British Colonies not in the General Postal Union can be registered, and if they are posted without being registered they are treated in the same manner as inland letters under similar circumstances.

By law the Postmaster-General is not responsible for the safe delivery of registered letters or packets, but henceforth he will be prepared to make good the contents of a registered letter lost while passing through the Post to the extent of £2 in certain cases, provided that the sender of the letter duly observed all the conditions of registration required; that the letter was securely enclosed in a reasonably strong envelope; and, if it contained money, that it was enclosed in one of the Registered Letter Envelopes sold by the Post Office for the purpose; that application was made to the Secretary of the Post Office immediately the loss was discovered; and that the Postmaster-General, whose decision shall be final, is satisfied that the loss occurred while the letter was in the custody of the British Post Office, and was not caused by any fault on the part of the sender.

MISCELLANEOUS REGULATIONS.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered); nor is the Post Office responsible for any injury which a packet may sustain during its transmission.

To guard against such injury all postal packets which are likely to suffer from stamping or from great pressure, should be placed in strong covers; and even with this precaution, no fragile article should be sent through the Post. It should be remembered that every packet has to be handled several times; that it is exposed to considerable pressure and friction in the mail bag; and that, whenever the bag has in the course of its transmission to be transferred by means of the railway apparatus, the risk of injury is much increased.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

To discourage the transmission of coin by post, Postmasters, at whose Offices Money Order Business is transacted, are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged), at a charge of $2\frac{1}{2}$ per cent.

To facilitate the delivery of letters, a letter-box should be affixed to every house-door.

MONEY ORDERS.

When applying for Money Orders, the public should use the prepared printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The commission on inland Money Orders is:—

For sums under 10s,.....	2d.	For sums of £6, and under £7,.....	8d.
" of 10s and under £2,.....	3d.	" " £7 " " £8,.....	9d.
" " £2, " " £3,.....	4d.	" " £8 " " £9,.....	10d.
" " £3, " " £4,.....	5d.	" " £9 " " £10,.....	11d.
" " £4, " " £5,.....	6d.	" " £10	1s.
" " £5, " " £6,.....	7d.		

No order is allowed to contain a fractional part of a penny.

No Money Order can be issued unless the applicant furnish in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given.

Exceptions.—1st. When the remitter directs at the time of issue (which he is at liberty to do), that the order, by being crossed like a cheque, be made payable only through a bank, it is left to his option to give or withhold the name of the payee. 2d. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient. 3d. The usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company."

Money Orders are issued in the United Kingdom on the following Colonies, British agencies, and Foreign countries:—

Alexandria	The German Empire	Prince Edward Island
Berbice (New Amsterdam)	Gibraltar	Queensland
Belgium	Gold Coast	St Helena
Belize (British Honduras)	Heligoland	Seychelle Islands
British Columbia	Holland	Shanghai

POST OFFICE TELEGRAPHS.

1. The charge for telegrams throughout the United Kingdom is 1s for the first 20 words, and 3d for every additional five words, *i.e.*, for every additional group of not more than five words; the names and addresses of the sender and receiver not being counted.

2. Distinctive telegraph stamps of the values of one penny, threepence, sixpence, one shilling, three shillings, five shillings, ten shillings, one pound, and five pounds are issued for the payment of the charges on telegrams. Postage stamps are not accepted in payment of telegrams, nor are telegraph stamps accepted in payment of postage. Telegraph stamps are not purchased from the public at Post Offices, nor can they be exchanged for postage stamps.

3. Receipts for the charges on telegrams can be obtained at a cost of 2d each.

4. When the terminal Telegraph Office, *i.e.*, the office situated nearest to the address, is a Head Post Office, the amount paid for the transmission of message covers the cost of delivery within the town postal delivery of that office. But when it is not a Head Post Office, the message is delivered free within the limit of one mile.

5. When the addressee resides beyond the above-described limits, portage is charged at the rate of 6d per double mile (that is, a mile out and a mile back), or any part thereof, provided the whole distance to be traversed does not exceed three miles out and three miles back; but the charge is calculated from the boundary of the district within which no portage is levied. For instance, if the addressee's residence is a mile and a quarter from the terminal Telegraph Office, and also beyond the free delivery, the charge for portage would be 6d; if the distance is above two miles and under three, 1s.

POST OFFICE SAVINGS BANK.

The Post Office Savings Bank is open for bank business during the same hours as for Money Orders.

Deposits of one shilling, or of any number of shillings, or of pounds and shillings may be made by any person at the Post Office Savings Banks provided that such depositor shall not make deposits amounting to more than £4 in any one year ending 31st December, or make any further deposit when the total amount standing to his credit has reached £150 exclusive of interest.

GOVERNMENT INSURANCES AND ANNUITIES.

The Postmaster-General is empowered, under the Act 27 and 28 Victoria cap. 43, to insure the lives of persons of either sex, between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered under the same Act to grant Immediate or Deferred Annuities of not more than £40 on the lives of persons of either sex, and of the age of ten years and upwards.

The persons whose lives are insured, or to whom Annuities are granted by the Postmaster-General, have direct Government security for the payment of the money, at the proper time.

Forms of proposals for the Insurance of Lives and the purchase of Annuities and all necessary information on these subjects, may be obtained at the Post Office.

INDIAN PARCEL POST.

1. Persons wishing to send parcels to any part of British India can do so through the Indian Parcel Post Agency—established under authority of the Director-General of the Post Office of India—at 122 Leadenhall street, E.C.3 and (Branch Office) at 25 Cockspur street, S.W.

2. The charge for parcels is 1s per lb. or fraction of a lb. (prepayable optional), covering transit from London to destination in India. Insurance may be effected, if desired, at the rate (to be prepaid) of 1s up to £3 value, 2s 6d up to £10 value, and 5s up to £20 value. Indian Customs duty (chargeable) will be realised from the addressee.

3. The maximum weight, size, and value of a parcel are:—weight 50 lb. size 2 feet long by 1 foot broad and 1 foot deep, value £20.

4. The following are forbidden contents:—Jewellery, watches, precious stones, liquids, or articles of a dangerous or damaging nature.

5. Mode of Packing and address:—Parcels must be entirely closed and securely packed and fastened, a covering of cloth or waterproof sewn at the edges being recommended. The Indian address should be legibly written, with the superscription, "By Indian Parcel Post."

6. A letter of advice, stating name and address on parcel, contents and value for Customhouse clearance, with legible signature and address of sender, should be sent to the office (see Clause 1), with each parcel, accompanied by payment if it be desired to prepay or insure the parcel.

7. A Receipt will be given (by the Company) for each parcel received from the country, and for other parcels, if required.

8. Parcels from the country (including all those not booked by the sender or their messengers or agents in person at the London Offices) may be forwarded to the office in London (see address below) by railway, or any other means available; but the parcel with the Indian address, as in clause 5, should in such case be enclosed in an outer covering, bearing the address, "Indian Parcel Post Agency, 122 Leadenhall street, London, E.C." The charges for carriage to the above address are additional to charges for transit or insurance under Clause 2, and may be prepaid to the local carrying agent, or left to be paid on delivery in London, and subsequently collected from the addressee. The letter of advice (see Clause 6), with any payment desired for transit or insurance (payment by post should be by cheque or money order, payable to A. M. Bethune), should be sent to the same address by letter post, and the receipt will in such case be forwarded by post.

JOHN AUSTEN,

SPECTACLE, FOLDER, AND EYE-GLASS MAKER,

XV. NETHERGATE (NORTH SIDE),

DUNDEE,

EMBRACES this opportunity of thanking his numerous Friends and the Public for the considerable patronage he has for many years received ; and in thus soliciting a continuance of their favours, begs to say that he continues to fit all ages and variety of sights with

SPECTACLES, FOLDERS, EYE-GLASSES,
and READERS,

So as to meet the various defects of Vision. Eyes of the best quality from BRAZILIAN PEBBLES or GLASS, *accurately ground and carefully tested*, so as to secure not only distinct Vision to the wearer, but preservation of the sight, so often injured by the use of inferior or ill-selected Glasses.

Also, Spectacles with Coloured Eyes, which, by neutralising the heating and irritating tendency of all Artificial Light, are favourable to Weak Sights, and to those who Write, Sew, or otherwise use their Eyes much at night.

N.B.—All kinds of SPECTACLES Repaired, or fitted with New Eyes, carefully adapted to the focus of the wearer.

J. VEITCH WILSON & COY.,

OIL REFINERS & MANUFACTURERS,

GLASGOW,

DESIRE to direct the attention of Consumers to the following Special Oils, of which they are the Sole Manufacturers.

Polar Lubricating Oils. Prepared in various grades to suit different classes of machinery.

Polar Batching Oils. Prepared as a substitute for Whale and Seal Oil in Jute Batching, and warranted free from any tendency to spontaneous ignition or to gum or clog.

Spermoline. A perfect substitute for Sperm Oil for all manner of light machinery.

The special features of these Oils, as certified by Messrs Southby (London) and Tatlock (Glasgow) are

- 1st. That the heavier oils possess as much "body" or lubricating power as the best animal oils, or even solid tallow, without the liability of these to freeze in cold weather.
- 2d. That they are entirely free from acid and alkali, and will not corrode or otherwise injure machinery, as animal and vegetable oils are apt to do.
- 3d. That they will not gum or clog any machinery, but will rather keep clean and bright all journals and bearings on which they may be employed.
- 4th. That, with very high firing points, they are free from any tendency to generate spontaneous combustion, which other oils tend more or less to induce.
- 5th. That, in respect of price, they are cheaper than any oil of equal quality which can be got to do the same work.

In addition to the Special Oils, Messrs J. V. W. & Coy. offer, in such quantities as may be required, every description of Animal, Vegetable, and Mineral Oil, directing at all times particular attention to

MINERAL BATCHING OIL,

which they are always in a position to offer upon the most favourable terms.

TASTELESS AND SCENTLESS COD LIVER OIL.

"It has been left to a Dundee chemist to discover a means of treating cod liver oil by which its nauseating scent and taste has been completely removed. Mr Davidson, chemist, 128A Nethergate, Dundee, has, after long years of experimenting, succeeded in so medicating cod liver oil that the famous Dr de Jongh's preparation sinks into insignificance in comparison. Mr Davidson has made no secret of his process. He turns the oil into paste by adding to 75 per cent. of it 25 per cent. of pepsine, hypophosphate of lime, and lactophosphate of lime. The result is a paste which may be eaten like butter, so that those who could not bear the smell of cod liver oil, although their lives were at stake, can now freely consume it, to the great benefit of their systems. Besides this "Compound Cod Liver Oil Emulsion," there are other three preparations suitable for the treatment of consumption, bronchitis, asthma, and all chest complaints. The President of the Royal College of Surgeons in Edinburgh—Dr Heron Watson—has tried Mr Davidson's preparations, and warmly recommends them as of vital service to all whose lungs are affected, and whose stomachs cannot receive cod liver oil in its ordinary form. Dr John Cochrane, F.R.C.P., Edinburgh, also certifies Mr Davidson's Cod Liver Oil Emulsions to be the most valuable and easily taken of any that have ever come under his notice in his practice. Dr Arrot, Dundee, whose skill in his profession is second to none—very warmly recommends Mr Davidson's preparations, because he has found that stomachs which rejected cod liver oil could retain Mr Davidson's preparation, in which the nauseating smell and taste are entirely done away with; and, indeed, we believe it has received the approval of every medical man under whose notice it has been brought. When one remembers that the greatest number of deaths take place from chest diseases, for which cod liver oil is acknowledged to be the chief remedy; that hitherto the horrible taste and smell of the oil have been sufficient to prevent it from being of use to those who most required to use it; and that now it can be taken by any one as easily as a lozenge, the benefit of Mr Davidson's preparation will be understood. Until we tasted, much against our will, the vaunted preparation—which we approached with all the caution begotten of former experience of the hideous nausea induced even by the smell of cod liver oil—we could not have believed it possible that any process could have been discovered by which the essential qualities of the oil could have been preserved, and it yet be rendered scentless and tasteless. Those who doubt the thing is possible—and of these there must be many—should ask Mr Davidson to let them taste his preparation. By its use many lives (otherwise lost) must, without doubt, be prolonged for years."

THE STANDARD

LIFE ASSURANCE COMPANY.

THE DIRECTORS invite particular attention to

The Improved Terms and Conditions of the Standard Policy.

Free Assurance. Persons not less than 25 years of age, who, when proposing for Assurance, satisfy the Directors that they have no intention or prospect of proceeding abroad, from their occupation and other circumstances, are charged the ordinary Home Premium, and may afterwards proceed to and reside in any part of the world without extra Premium.

Policies of Five Years' Duration, effected for the whole term of Life at a uniform rate of Premium, may, with certain exceptions, be renewed within thirteen months of date of lapsing, on payment of a fine; and in the event of death, the claims will be paid subject to a deduction of Premiums unpaid and Fines.

Policies of less than Five Years' Duration may be renewed within thirteen months, on very favourable terms.

Policies are Unchallengeable after Five Years' Duration, on any ground connected with the original documents, if age has been proved.

Surrender Values of fixed amount after payment of **ONE ANNUAL PREMIUM** on "With Profits" Policies, or **THREE ANNUAL PREMIUMS** on those "Without Profits."

Paid-up or Non-forfeitable Policies of not less than £50 granted in exchange for the Surrender Value, whether the Policy has been effected by payments for life or by a limited number of payments.

Loans granted on Policies within their Surrender Value.

The Rates of Premium for home and foreign residence are moderate and consistent with the risk.

DISTRIBUTION OF PROFITS.

The Company have divided Profits on nine occasions, in 1835, 1840, 1845, 1850, 1855, 1860, 1865, 1870, and 1875, when very large additions were made to Policies.

SPECIAL NOTICE.

The next Division will be made in 1880, and all who assure in the current year will rank for three years' profits on that occasion.

FIRE INSURANCE.

Every Description of RISK accepted at the LOWEST REMUNERATIVE RATES.

LIFE ASSURANCE—(PARTICIPATION BRANCH).

The WHOLE of the PROFITS or SURPLUS, as ascertained at each Valuation, belongs to the Policyholders.

The entire Expenses of Management, including Commission paid to Agents, are only £7, 11s. per cent. of the revenue.

The Bonuses may either be added to the amount of the Policy, or applied to reduce the future Premiums, or paid in Cash to the Policyholder.

THE SCOTTISH EQUITABLE LIFE ASSURANCE SOCIETY.

Instituted in 1831 — For Mutual Life Assurance.

HEAD OFFICE—26 ST ANDREW SQUARE, EDINBURGH.

Manager—THOMAS BOND SPRAGUE, M.A.

Secretary—WILLIAM FINLAY.

THE SCOTTISH EQUITABLE is a *Purely Mutual Office*. There are no shareholders to absorb any portion of the profits, which are, therefore, wholly divided among the holders of participating policies.

The position of the Society as at 1st March, 1877, was as follows:—

Existing Assurances, including Bonuses, ...				£7,799,080
Annual Revenue,				
From Premiums,	£200,063	
From Interest and Dividends,	94,973	
	Total,		295,036
Accumulated Fund,	2,262,956

NEW BUSINESS AND EXPENSES.

The recent progress of the Society is well shown in the following Table:—

Three Years ending	Number of New Policies.	Sums Assured.	New Premiums.
1st March 1874	1702	£1,059,967	£32,536 2 4
„ 1877	3193	1,512,175	49,875 16 4

Notwithstanding the large increase in the business here shown, the expenses have during the last three years averaged only £12 : 15 : 11 per cent. of the premium income, and £8 : 14 : 2 per cent. of the total income.

NON-FORFEITABLE POLICIES are now granted by the Society on a new and improved plan, which combines the advantages of *Moderate Premiums* payable for a limited number of years (11, 22, or 33), *Ultimate Participation in the Profits*, *Fixed Surrender Values*, and the issue of *Fully Paid up Policies* without special application to the Directors.

By Resolutions recently passed, the conditions as to Foreign Residence and Travel have been greatly simplified and made much more liberal.

LOCAL BOARD OF DIRECTORS FOR DUNDEE:

JAMES WALKER, Esq. of RAVENSBY, *Chairman*.

JOHN KIRKLAND, Esq., Wood Merchant.

JAMES PATERSON, Esq. of KINNETTLES.

CHARLES EDWARD, Esq., Architect.

WILLIAM THOMS, Esq., Seagate.

26 ST ANDREW SQUARE, EDINBURGH, April 1878.

THE LONDON AND PROVINCIAL Horse & Carriage Insurance Company,

LIMITED,

17 QUEEN VICTORIA STREET, LONDON, E.C.

The Oldest Established Company for Insuring Horses and Vehicles, and the only one which gives a Large Bonus to the Assured.

At the recent Division the Assured entitled to Bonus had a Cash Return of 45 per cent. of the Total Premiums paid by them.

Policies effected this year will rank for the Fourth Bonus Division in 1880.

Lowest Rates consistent with Security.

Six Quarto Volumes of Claims open to Inspection.

(In union with "The Horse Insurance Company, Limited," Registered Capital, One Million.)

OBJECTS OF THE COMPANIES.

To Insure Horses against Death from Disease or Accident.

To Insure Horses against Depreciation in Value by Accidental Injury

To Insure Horses against Accident during transit by Rail or Sea.

To Insure Horses and Vehicles against Street and Road Accidents, and Risk by Fire.

To Indemnify the Owners of Carriages against Claims for Damage to the Vehicles of others.

Prospectuses, and all particulars, may be obtained at the Head Office in London, 17 QUEEN VICTORIA STREET, E.C., or of the Agents throughout the Kingdom.

AGENT FOR DUNDEE.

Annual Income,	220,000
Existing Assurances,	5,600,000
New Assurances, 1876-77,	683,000

The Advantages offered by this Company are—

MODERATE RATES OF PREMIUM

Under a variety of Tables, adapted to the requirements of all who wish to make provision for the future.

AN EQUITABLE BONUS SYSTEM,

Securing to each Policyholder a fair share of the Profits, and deservedly favourable to GOOD LIVES.

A SPECIAL NON-FORFEITURE SYSTEM,

Embracing all Ordinary Policies, and securing the Policyholders against the loss of their Assurances through the discontinuance of Premiums.

SPECIAL ADVANTAGES TO ASSURERS.

PROFITS.—The ENTIRE PROFITS divided amongst the holders of participating Policies.

POLICIES PAYABLE IN LIFETIME.—By means of the Profits being applied, first, in extinguishing the Premiums AT A GIVEN DATE, and afterwards in making the POLICY PAYABLE DURING LIFE, this important advantage is secured without the Payment of any additional Premium.

NON-FORFEITURE OF POLICIES.—By recent arrangements, persons whose Policies have acquired a Surrender Value, will be entitled to a FREE POLICY, with participation in future profits.

MUTUAL LIFE ASSURANCE.

SCOTTISH PROVIDENT INSTITUTION.*Established 1837.*

THE SCOTTISH PROVIDENT INSTITUTION is the only Office which combines the advantages of

Mutual Assurance with Moderate Premiums.

THE PREMIUM usually charged for £1000 will here in most cases assure £1200 or £1250 *from the first*, while (in addition) the **WHOLE SURPLUS** is divided among the Assured on a principle peculiarly favourable to good lives.

At last Investigation 4599 Policies participated. Policies for £1000 sharing a first time were increased to sums varying from £1170 to £1300. Other Policies were proportionately increased, a few being doubled.

The New Business has for several years exceeded One Million sterling.

Annual Premiums for £100 at Death (with Profits)

AGE.	25	30	35	40	45	50
During Life,.....	£1 18 0	£2 1 6*	£2 6 10	£2 14 9	£3 5 9	£4 1 7
21 Payments,.....	2 12 6	2 15 4	3 0 2	3 7 5	3 17 6	4 12 1

* A Person of 30 may thus secure £1000 at Death, by a yearly payment, *during life*, of £20 15s. This Premium, if paid to any other of the Scottish Mutual Offices, would secure **£800** only, instead of **£1000**.

At age 40, the Premium *ceasing at age 60* is, for £1000, £33 14s 2d, being about the same as most Offices require to be paid during the whole term of life.

The Accumulated Funds exceed £3,100,000.

LIFE DEPARTMENT.

PREMIUMS, 1877,.....£250,790.

THE importance of Life Insurance and the variety of purposes to which it may advantageously be applied, it is scarcely possible to overstate. Indeed, it is universally admitted to be an obligation, in very many cases amounting to a duty, that observation to urge it upon the attention of the public seems needless here.

The Directors invite attention to the following advantages afforded by this Company to persons taking out Policies on the lives of themselves and others:—

PREMIUMS on plans adapted to the various wants of the public.	CLAIMS payable in one Month after admission, but, if wished, freely discounted in ordinary cases.
No charge for Stamps on Policies.	ANNUITIES, present and deferred, at liberal rates.
SURRENDERS of Policies favourably dealt with.	ENDOWMENTS of Children and Adults: the rates of Premium are on a moderate scale
THIRTY DAYS allowed for the <i>Renewal</i> of Yearly Policies.

FIRE DEPARTMENT.

While very few even of the most widely known and successful Fire Insurance Companies retain a Fire Reserve greater in amount than *one year's* Premium Income, it will be seen on reference to the published Accounts, that this Company's Fire Reserve Funds have for many years borne a greatly larger proportion to the Annual Income from Fire Premiums, thus affording *almost unequalled security*.

LIFE DEPARTMENT.

The satisfactory Amount and Progressive Increase in the *Bonus Additions*, the Moderate Rates of Premium, Liberal Conditions, and Unsurpassed Security afforded by the Company, render it specially adapted to the wants of the community.

D. DEUCHAR, Manager.

EDINBURGH, 19 GEORGE STREET.

THE EQUITABLE LIFE ASSURANCE SOCIETY OF THE UNITED STATES.

ESTABLISHED IN 1859.

ASSETS, £6,706,131 STERLING,

Have been accumulated and Invested only in *First-class Convertible Securities*, as restricted by the Insurance Laws of the State of New York. Such Investments are beyond the reach of MONETARY DISTURBANCE, and complete protection to Policy-holders is thus assured.

The whole of the Profits are reserved for the Assured.

The greater earning power of money in the United States enables the EQUITABLE to offer to its patrons UNEQUALLED ADVANTAGES.

A Popular Scheme of Life Assurance, on

THE TONTINE PLAN,

Has originated with, and is granted by, THE EQUITABLE, which, upon a principle of deferred bonus adds very considerably to the proportionate profit of those holding these Policies.

Estimated Results at the end of 20 Years on a £1000 Policy.

Age.	Annual Premium	Total Amount Paid.	Cash Value.	Paid up Policy.	Annuity and £1000 at Death.
	£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
25	19 17 6	397 10 0	735 0 0	1950 0 0	30 14 0
30	22 14 2	454 3 4	868 0 0	2020 0 0	40 8 0
35	26 7 6	527 10 0	1059 0 0	2160 0 0	57 10 0
40	31 5 10	625 16 8	1308 0 0	2350 0 0	84 0 0
45	37 19 2	759 3 4	1667 0 0	2670 0 0	135 0 0

Thus one aged 30, after 20 payments of £22 14s 2d may choose any of these three ways, viz., Cash, £868 and give up his Policy; a Paid up Policy for £2020 with no more to pay; or an annuity of £40 8s, increasing yearly, and the £1000 at death to his heirs. FOR CHILDREN from Ten years' upwards this is a splendid way of assuring their lives. One aged 10 ceases to pay when he or she is 30, and secures an annuity which, increasing as it does yearly, becomes a most valuable one, and the sum assured at death to his or her heirs.

THE EQUITABLE LIFE ASSURANCE SOCIETY of New York, has received an unqualified indorsement from leading Actuaries in London, expressing opinions of the soundness of the Institution, of its good management, and of its full title to confidence, in an **IMPORTANT DOCUMENT**, which ought to be read by every person desiring a Life Insurance.

Prospectuses, Forms of Proposals, and English Actuaries' Opinions, to be obtained on application at the Dundee Branch Office, 13 WARD ROAD, or any of the Society's Agents, or from

£50,632, 16s. 7d. being the balance to the credit of profit and loss at the end of 1876, has been constituted a reserve fund, and divided into shares between insurers, being members on the 31st December 1876. Upon these shares, which entail no liability and are transferable, future bonuses will be declared. Bonus of 10 per cent declared in 1878.

The following are a few examples of the shares in profits thus realised:—

Names.	Address.	Member- ship from	Average an- nual Sum Insured.	Average amount of Annual Pre- mium.	Share of Reserve Fund formed out of Profits.

Fox Brothers & Co.,	Wellington,	1875—76	112,787	435	152

In addition, over £64,000 has been returned to insurers as discounts and allowances for appliances for extinction of fire.

GROSS ANNUAL INCOME (all Home Business), £130,000.

FUNDS IN HAND EXCEED £70,000.

And in addition there is a **GUARANTEED FUND** of £100,000.

All the profits made being the property of the members, and the chances of the latter ever having to pay more than current premiums being very remote, the Directors confidently direct the attention of fire insurers to the unsurpassed advantages offered by the "Mutual."

WEST OF ENGLAND FIRE & LIFE INSURANCE COMPANY.

ESTABLISHED IN EXETER 1807,

AND EMPOWERED BY SPECIAL ACTS OF PARLIAMENT.

Secretary and Actuary—CHARLES LEWIS, F.I.A., F.S.S.

CAPITAL, £600,000.

THE WEST OF ENGLAND OFFICE, *which has had an Agency in Dundee for half a century, is so well known here, as well as over the United Kingdom, that the Agents can, with the utmost confidence, solicit the support of their friends by favouring them with a share of their Insurance business.*

LIFE DEPARTMENT.

THIS Company gives the security of an ample Capital and Accumulated Fund of about ONE MILLION AND A HALF STERLING. Annual Revenue nearly £200,000 *from the Life Branch alone. Four-fifths of the Profits appropriated to all Policies of £100 and upwards, and without responsibility of partnership. Amount paid for Life Claims since the Office was established, about £3,750,000. Bonuses may be added to the sum insured—or present value in cash may be received—or an equivalent reduction of the future Premium obtained—at the option of Assured. Assurances at lower rates of Premium, without participation.*

FIRE DEPARTMENT.

Insurances effected on Property in any part of the United Kingdom at the ordinary rates. Manufactories and Risks of a similar nature insured on the *most favourable terms. Losses by explosion of gas and by lightning are made good. Steam Thrashing Machines allowed on Farms without extra charge. Policies transferred from other offices without expense. Claims settled promptly and with liberality.*

On receipt of FIRE orders, Interim Receipts can be immediately issued, and when desired a surveyor will be sent to inspect, and assist in specifying the risk.

As the entire abolition of Duty is in effect equivalent to a reduction by about one-half of the hitherto annual expense of Fire Insurance on ordinary risks, a large increase of the sums formerly insured is generally being made.
