FOUNDED 1823.

Incorporated by Special Act of Parliament.

FUNDS—£2,000,000.

INCOME—£260,000.

“THE EDINBURGH” has now stood the test of upwards of SIXTY-ONE YEARS, during which period its affairs have been subjected to SEVEN INVESTIGATIONS and Valuations, with the result of showing, on each occasion, that the Assets were largely in excess of the Liabilities.

Out of the SURPLUS FUNDS Sums have been added to the Policies by way of

BONUS ADDITIONS

Exceeding ONE MILLION Sterling.

THE BONUSES are divided on an equitable plan, under which an *Increasing Share of the Profits* is added to the Policies as they advance in age. At last Division of Profits the Bonuses ranged from about 23s. to upwards of £10 per annum per £100, according to the age of the Assured.

THE PREMIUMS, calculated on a Moderate Scale, are arranged under a variety of Tables to suit the circumstances of all classes. By an application of the earlier, without sacrificing the later and larger, Bonuses, the Premiums may be made to *terminate during life* without any increase of the ordinary rates.

SPECIAL NOTICE.

WILL BE MADE AS AT 31ST MARCH 1885.

POLICIES ISSUED

# DUNDEE DIRECTORY,

1884-85.

---

## GENERAL NOTICE.

IN again directing the attention of the public to the utility of the DUNDEE DIRECTORY as a business guide to the town and neighbourhood, the Publishers trust that for comprehensiveness of information, minuteness of detail, and careful classification of matter, their efforts will meet with renewed appreciation and favour. No item, however unimportant, that might be of advantage to any of their subscribers has been omitted; and the contents, as a whole, have been arranged in such a manner as will enable them to obtain speedily any information that may be desired, whether relating to the names of householders, their trades or professions, or the distinct location of any street or thoroughfare within the burgh. In addition, the PLAN, which accompanies the DIRECTORY, will be found to be useful, as it shows with distinctness the various sections of the town and suburbs. It has been specially prepared for the work. Great care has been taken to make it thoroughly reliable, and it is corrected up to date from the most authentic sources. Altogether, the Publishers are sanguine that the compilation of the DIRECTORY for 1884-5 will meet with the approval of all classes of business men, who will find it useful either for the office or the counter. With the view, however, of meeting the increasing requirements of the town, the DIRECTORY in future will be issued annually, instead of every alternate year as heretofore.

In the last issue of the DIRECTORY reference was made to the long-continued depression of trade, which at that time extended to every branch of our local industries. Prices were low, fluctuating, and unremunerative, and manufacturers of standing and experience felt discouraged and disheartened at the unfavourable state of the markets at home and abroad. In fact, the commercial aspect of the town at that time was exceedingly gloomy, and a period of inactivity and stagnation seemed inevitable. With the advent of 1882, however, the sluggishness which had so painfully characterized former years began slowly to disappear. Inquiries for jute goods came from all parts of the world, but particularly from the Continent; and, as orders flowed in and markets became more buoyant, business gradually assumed a firmer tone, the unwonted activity of manufacturers giving hopeful evidence of a speedy return to a portion at least of our former prosperity. This

agreeable change for the better continued during the greater part of the following year, the importation of jute and the exportation of jute manufactures being the largest recorded in the history of the trade. A number of mills and factories, which for years had been standing idle, were now either fully or partially employed; and as manufacturers were able to purchase the raw material at a price enabling them to produce goods at a slight margin of profit, a run of good trade was anticipated. In the autumn, however, indications of a relapse began to be manifested, and, by the end of the year, although manufacturers were well employed, prices had fallen so low that many were working at a loss, caused, no doubt, by keen competition abroad and over-production at home. This state of matters in our staple industry has since continued, and with the publication of the present DIRECTORY it would be injudicious to predict a renewal of briskness for some time to come. In fact an opinion has been expressed that if bad trade continues there will be a decrease of wages, and, in all probability, a stoppage of machinery. Although the jute trade had made a satisfactory revival for a time, flax goods did not participate in the improvement. Linens were exceedingly dull of sale, and the quietness of the markets caused a good deal of anxiety to those engaged in the trade. Recently, however, a slightly healthier tone prevailed, but anything like briskness has not been experienced. The building trades, for a time somewhat busy, are again declining, and, with continued dulness in other branches of trade, years will in all likelihood elapse before they recover from the effects of excessive speculative operations some time ago. At present a few of the principal builders are fairly well employed, but there is otherwise general slackness in the town and district. The timber trade, which has developed into an important industry, has been pretty busy, but the decline of the building trades has begun to have a retrogressive effect upon it. In the beginning of 1883 shipbuilding was brisk, but during the summer few contracts were entered into, and a period of depression has set in, resulting in reduced wages to the employees.

At the Harbour there has been considerable stir and bustle, the transient revival of the jute trade having a stimulative effect upon shipping. For several years the tonnage of the port has been steadily increasing, and last year the total amounted to 115,649 tons, being the highest yet recorded. There are at present 194 vessels of all classes belonging to the port. The Trustees have several schemes of extension under consideration, which, when carried out, will materially add to the convenience of the harbour. The principal of these is enlargement of the Graving Dock for the accommodation of foreign-going liners, and in the course of a short time a new deep water dock must of necessity

be constructed at the Stannergate. The Board Room and Offices connected with the Trust have lately been re-modelled; and a neat building, situated in the open space between East Station and Victoria Dock, has just been completed. It is to be partially used for police purposes, and as a reading-room for seamen and others. The building in design is in good taste, and, along with the Sailors' Home and other ornate edifices, enhances materially the appearance of the locality.

In the outward aspect of the town there is comparatively little to record. Few buildings have been erected, and these are of no importance. The alterations on the villas in Nethergate for the different sections of the new College have been finished; and the handsome range of offices in Bank Street for the proprietors of the *Dundee Advertiser* and conjoint newspapers, has time after time been added to, till the line of the street has been filled up and the block completed. In Perth Road a fine new Church has been built for Free St John's congregation, the old church in Small's Wynd having been purchased to form a lecture hall for the College. The new church, which is a very fine building, was recently opened for public worship. With the exception of a single stance, Whitehall Street still remains unfeued, and, a period of dull trade being still in the future, it is to be feared it will continue in the same condition for some time longer. The sites in Scouringburn and several of those in Seagate are vacant, but on the north side of the latter thoroughfare a block of business premises is in progress, and it is proposed to build a new Theatre at the top of Gellatly Street, having a frontage to Seagate. There are other prospective schemes for the extension of the town. A new Goods Station is being erected at Union Street for the Caledonian Railway Company, and it is proposed to extend the Newtyle line from Lochee farther east, to reach the mills and factories lying in that direction of the town. Besides, there is a proposition to construct a Circular Railway round the town. These schemes are still in a state of embryo, but will doubtless form events for the future. The erection of the new Tay Bridge is being proceeded with slowly, but surely, the contractors apparently making certain of the stability of their work. Above thirty of the foundations and piers have been laid, and the work goes steadily on at both sides of the river.

Socially, Dundee is still on the side of progress. The great schemes, promoted through the munificence of high-minded liberal citizens, have been matured and carried out, and our older institutions have maintained their wonted strength and vitality. The High School has been reorganized, and, through the instrumentality of the late Mr HARRIS, who gifted to it the sum of £20,000, it has been placed in a position of permanent independence. A rector has been appointed, and, as its preceptorial arrangements have been altered for the better,

a large accession of pupils has been drawn towards it. In a short time the large block of buildings on the west side of the High School, and forming a portion of Euclid Crescent, will be altered to provide a new educational institution, namely, a High School for Girls. The Harris Academy, an institution which will perpetuate the memory of one of Dundee's noblest citizens, is making rapid progress in Park Place. The event of the year, however, was the opening of the University College, which took place on Friday, 5th October, 1883, the opening ceremony being performed by the Right Hon. the EARL OF DALHOUSIE, K.T. There was a large and influential assemblage, over one thousand persons being present. Several hundred students have come forward, and the heads of the departments are men distinguished for learning and ability. With the endowment of the High School, the erection of the Harris Institute, and the opening of the new College, the educational requirements of the people are well provided for.

Our charitable and benevolent institutions are well sustained, with the exception of the Royal Lunatic Asylum. This institution, since its removal to West Green, has been in a languishing state, owing to its embarrassed circumstances. The old building at the east end of the town has not realized the expectations of the directors. It has remained untenanted upon their hands, and only recently a portion of it was feued for business purposes. A Children's Ward has been established in the Infirmary, and a Day Nursery—a very desirable institution—was opened a short time ago in Larch Street Hall in Scouringburn. A Rescue Home for Destitute Women has been erected in Coupar Street, Lochee, and, since it was opened, has done much good. The buildings for the new Asylum for the Blind at Magdalen Green are rapidly progressing, and will shortly be occupied. These and kindred institutions are zealously carrying out the philanthropic ends for which they have been established.

Lochee, Broughty Ferry, Newport, and Tayport felt the influence of the late commercial rise and ultimate depression. In Lochee, trade has otherwise been fairly satisfactory. A number of new buildings have been erected, and two of the churches—St Luke's and the Parish Church—have been overhauled and made new, and several improvements effected in this part of the burgh. Broughty Ferry has increased to such an extent that it has been resolved to extend its boundaries. In the other districts the marks of progress are apparent, and it is to be hoped, with the advent of another DIRECTORY, the trade of the town will be more satisfactory than it is with the issue of that of 1884-5.

## POSTAL DIRECTORY.

POST-OFFICE DUNDEE—Post-Office Buildings, Top of Reform Street.  
William Gibb, Postmaster.

On Week Days the Office is open for Postal business from 6.45 a.m. till 9 p.m.; and for Money Order, Savings Bank, Life Insurance, and Annuity business, from 9 a.m. to 6 p.m.

On Sunday the Office is open for Postal business from 9 till 10 a.m. only, but the Letter-Box remains open as on other days.

For Telegraph business there is attendance continuously during the day and night, both on Week Days and Sundays.

For Arrivals and Departures of Mails, see pages 92 and 93.

### INLAND RATES OF POSTAGE—LETTERS.\*

The rates of postage, when prepaid, are as follows, viz.—

For a letter not above 1 oz.	-	-	1d.
„ above 1 oz. but not above 2 oz.	-	-	1½d.
„ „ 2 oz.	„	4 oz.	2d.
„ „ 4 oz.	„	6 oz.	2½d.
„ „ 6 oz.	„	8 oz.	3d.
„ „ 8 oz.	„	10 oz.	3½d.
„ „ 10 oz.	„	12 oz.	4d.

A letter above the weight of 12 oz. is liable to a postage of a 1d for every ounce, beginning with the first ounce. Thus a letter weighing between 14 and 15 oz. must be prepaid 1s 3d.

A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

No letter may be above 18 inches in length, 9 inches in width, or 6 inches in depth, unless it be sent to or from one of the Government Offices.

### NEWSPAPERS.

The prepaid postage on every inland newspaper is one halfpenny, but a packet, containing two or more registered newspapers, is not liable to a higher rate than the book-postage upon it would be. For each transmission a fresh postage must be paid.

A newspaper posted unpaid, or a packet of newspapers posted unpaid, or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight (*see* p. 80 par. 2, Book Post).

Any publication fulfilling the subjoined conditions can, upon payment of an annual fee of 5s, be registered at the General Post Office for circulation within the United Kingdom as a newspaper, as also for transmission to places abroad. Unregistered, a newspaper is liable to the book rate of postage.

- The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.
- It must be printed and published in the United Kingdom; and in numbers at intervals of not more than seven days.
- The full title and date of publication must be printed at the top of the first page, and the whole or part of the title, and the date, at the top of every subsequent page. This regulation applies also to "Tables of Contents," and "Indices."
- A supplement must consist wholly or in great part of matter like that

\* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands

of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched ; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the paper. It must in every case be published with the paper, and have its title and date printed at the top of every page ; or, if it consists of engravings, prints, or lithographs, at the top of every sheet or side.

A newspaper, if posted in a cover, must have such cover open at both ends, so as to admit of easy inspection, otherwise it will be treated as a letter.

The title of every newspaper must be exposed to view.

A newspaper or packet of newspapers which contains any enclosure, except supplements (unless it be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet), is liable to be charged as a letter.

A newspaper which has anything written on it, or its cover, of the nature of a letter, is liable to postage as an unpaid or insufficiently paid letter.

A packet of newspapers must not weigh above 14 lbs., or exceed two feet in length, one foot in width, or one in depth.

### BOOK POST.

The prepaid postage is one halfpenny for every 2 oz. or part of that weight. If posted unpaid the charge is double that amount ; and if posted partially paid, double the deficiency.

A book-packet may contain any number of separate books or other publications, photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon ; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. It may also contain all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, whether such binding, &c., be loose or attached ; as also rollers in the case of prints or maps, markers (of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, &c., in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto ; but the binding, rollers, &c., must not be sent as a separate packet ; neither may a book packet contain anything in the nature of a letter\* (attached or otherwise), unless it be a "circular," or any enclosure shut against inspection, otherwise the entire packet will be charged as a letter.

A book-packet may be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination, otherwise it is treated as a letter. It may, however, be tied at the ends with string.

No book-packet may be above 5 lbs. in weight, 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government office.

When, owing to an unusually heavy influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book-packets may be kept back till the next despatch or delivery.

*Circulars*—i.e., letters which, from internal evidence, appear to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is produced by means of ordinary type, engraving, lithography, or other mechanical process—may also be sent by book post.

\* Entries merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

Large numbers of letters, not being circular letters, are from time to time found in halfpenny wrappers, contrary to the express provisions of the book post; and, as the officers of the department are instructed to surcharge all such letters with additional postage, it will save not only trouble to the Post Office, but annoyance to the public, if care be taken always to pay letter postage for letters other than circular letters, unless they be written or printed on Post Cards.

### INLAND PARCELS POST.

Parcels *not exceeding 7 lbs. in weight* are received at any Post Office for transmission between places in the United Kingdom.

In order that a packet may go by Parcels Post, it must be tendered for transmission as a parcel, and should bear the words "Parcels Post,"—which should be clearly written in the left-hand top corner.

Every Post Office is open to the public for Parcels Post business on week days during the same hours as for general postal business. No Parcels Post business is, as a rule, transacted in England or Ireland on Sundays, Christmas Days, and Good Fridays; nor in Scotland on Sundays and Sacramental Fast Days, but there will in most cases be a delivery on Christmas Day.

The size allowed for an Inland Postal Parcel is—

Greatest length, - - - - - 3 ft. 6 in.

Greatest length and girth combined, - - - - - 6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimensions may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part; or—

A shorter parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

The most convenient mode of measuring is by means of a tape 6 ft. long, having the length of 3 ft. 6 in. marked thereon. So much of the tape as is not used in measuring the length is the measure of the maxim girth permissible.

The rates of Postage are—for a Parcel—

Not exceeding 1 lb. in weight, - - - - - 3d.

Exceeding 1 lb. and not exceeding 3 lbs., - - - - - 6d.

„ 3 lbs. „ „ 5 lbs., - - - - - 9d.

„ 5 lbs. „ „ 7 lbs., - - - - - 1s 0d.

No parcel is accepted which weighs more than 7 lbs., or is not sufficiently paid. The postage must, in all cases, *be paid in advance*, and by ordinary postage stamps, which must be affixed by the sender before tendering a parcel for transmission by Parcels Post at a Post Office.

Parcels must not be posted in a letter-box, but must be taken into a Post Office and handed over the counter. Care must be taken that every parcel bears a clear address.

### POST CARDS.

Official Post Cards, impressed with a halfpenny stamp;—double or reply Post Cards impressed with a halfpenny stamp on each portion of them,—and private Cards impressed at the Office of Inland Revenue with halfpenny stamps,—may be transmitted between places in the United Kingdom with letters printed or written upon the back. Adhesive stamps are not accepted in payment of the postage.

The front (or stamped) side is for the address only, in addition to the words printed thereon. Nothing else must be written, printed, or otherwise impressed on it or the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing

whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any one of these rules be infringed, the card will be charged 1d on delivery.

No card other than one of those issued by the Government, or a private card impressed with a halfpenny stamp at the Office of the Inland Revenue, will pass under a halfpenny stamp, if it bear on it a communication of the nature of a letter (unless it be a circular letter as defined above).

Post Cards are sold at 7d per dozen; superior quality, 8d.

Double or reply Post Cards are sold at 1s 2d per dozen; superior quality, 1s 4d.

#### REGISTRATION.

The fee for registering a letter, newspaper, or book-packet, is twopence, and this registration fee and the postage must be prepaid, except on official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

No article addressed to initials or to a fictitious name can be registered, unless it be addressed to the care of a person or firm.

Every article presented for registration must be enclosed in a strong envelope, securely fastened. If the article contains money, it must, in order to gain the benefit of the guarantee described in the last paragraph under this heading, be enclosed in a Registered Letter Envelope sold by the Post Office; and if coins are sent, they must on no account be put in loose, but must be packed and enclosed in such a way as to move about as little as possible.

Every article to be registered must be given to an agent of the Post Office, and a receipt obtained for it; and it should on no account be dropped into a letter-box. If, contrary to this rule, an article marked "Registered" be dropped into a letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of 8d, instead of the ordinary fee of 2d.

The loss of a registered article (as it can be traced through its whole course) is a rare occurrence. Nevertheless large sums of money or other articles of great value should not be sent through the post, even if registered; as the machinery of the Department is not arranged with a view to such transmissions. If sent unregistered, valuable articles are exposed to risk; consequently Inland letters or packets which contain coin, watches, or jewellery, if posted without registration, are subjected to registration, and are charged on delivery with a fee of eightpence in addition to the ordinary postage. If they cannot be registered in time to be forwarded by the Mail for which they are posted, they are detained for the next despatch.

By law the Postmaster General is not responsible for the safe delivery of registered articles; but henceforth he will be prepared to make good the contents of a registered article lost while passing through the Post *to the extent of* £2, in certain cases, provided that the sender duly observed all the conditions of registration; that the article was securely enclosed in a reasonably strong cover; and, if it contained money, that it was enclosed in one of the Registered Letter Envelopes sold by the Post Office; that application was made to the Secretary of the Post Office immediately the loss was discovered; and that the Postmaster General, whose decision shall be final, is satisfied that the loss occurred while the article was in the custody of the British Post Office, and was not caused by any fault on the part of the sender.

#### FOREIGN AND COLONIAL LETTERS.

The rates of postage on letters for Foreign Countries and the Colonies will be found in the Table of Foreign and Colonial Postage at page 89.

Letters posted unpaid, or insufficiently paid, to any country where payment is compulsory, are returned to the writers.

Letters posted unpaid, or insufficiently paid, for Australia, New Zealand, Cape Colony, or Natal, are charged 6d each in addition to the deficient postage.

Unpaid letters addressed to countries in the Postal Union are charged double the prepaid rate, and those partially prepaid are charged with double the deficiency.

No letter for a colony or foreign country may exceed 2 feet in length or 1 foot in width or depth.

No letters containing gold or silver money, jewellery, or precious articles, or anything liable to customs duties, can be sent, *even if registered*, to any country of the Postal Union.

#### FOREIGN AND COLONIAL NEWSPAPERS.

The rates of postage to Foreign countries and the Colonies on newspapers registered for transmission abroad will be found in the Table of Foreign and Colonial Postage, page 89. Each newspaper is liable to a separate rate of postage, whether sent singly or in a packet, and if above 4 oz. in weight, it is liable to two rates of postage; and so on.

All publications registered for transmission abroad *must be posted within eight days from the date of publication*, including that day; and any newspaper posted more than eight days after the date of publication, as well as any unregistered publication, must be prepaid at the book rates of postage.

The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

#### BOOK POST.

Articles which may be sent to places abroad under the Book Post Regulations consist of two classes, as follows:—

(a) "Commercial Papers," under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal (and whether written or printed on stamped or unstamped paper), Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, and other papers of a similar description.

(b) "Printed Papers," including periodical works, books (stitched or bound), pamphlets, sheets of music (printed), visiting cards, address cards, proofs of printing (with or without the manuscript relating thereto), engravings, photographs (when not on glass or in frames containing glass), drawings, plans, maps, catalogues, prospectuses, announcements, and notices of various kinds, whether printed, engraved, or lithographed, and in general all impressions or copies obtained upon paper, parchment, or card-board by means of printing, lithographing, or any other mechanical process easy to recognise, except the copying press, and anything usually attached or appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post which shall be contained in the same packet; also printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters or communications in the nature of a letter.

The two classes are subject to the same rates of postage, except that when addressed to countries in the Postal Union the minimum rate for Commercial Papers is higher than that for printed papers. If there be any mixture of the two in the same packet the whole packet is treated as Commercial Papers

The rates of postage for Commercial Papers are the same as for printed Papers, except that the lowest charge for each packet is  $2\frac{1}{2}$ d, even if the packet weigh less than 2 oz.

The rates of postage, which must be prepaid, on packets to places abroad are given, under the heading of Books, in the Table of Foreign and Colonial Postage, page 89.

#### PATTERNS AND SAMPLES.

There is a Pattern and Sample Post to Foreign Countries and the Colonies generally ; but it is restricted to *bond fide trade patterns or samples of merchandise*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

No article liable to Custom Duties can be sent as a sample or pattern.

The rates for Patterns are the same as for Books, except that the lowest charge is 1d for a packet addressed to any of the countries to which the postage is  $\frac{1}{2}$ d per 2 oz. for Books.

#### FOREIGN AND COLONIAL POST CARDS.

Post Cards for abroad with impressed stamps of 1d,  $1\frac{1}{2}$ d, and 2d each are sold at those rates, and are transmissible to all the countries of the Postal Union without extra charge.

Reply Post Cards for certain places abroad are also issued, those with a 1d stamp impressed on each half, price 2d ; those with a  $1\frac{1}{2}$ d stamp on each half, price 3d ; and those with a 2d stamp on each half, price 4d.

The regulations relating to Inland Post Cards apply also to Cards posted for places abroad, except that the latter, when these regulations are infringed, are not forwarded.

#### MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered), nor is the Post Office responsible for any injury which a packet may sustain during its transmission.

To guard against such injury all postal packets which are likely to suffer from stamping or from great pressure should be placed in strong covers ; and even with this precaution no fragile article should be sent through the Post. It should be remembered that every packet has to be handled several times ; that it is exposed to considerable pressure and friction in the mail bag ; and that whenever the bag has in the course of its transmission to be transferred by means of the railway apparatus, the risk of injury is much increased.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Neither money nor any other article of considerable value ought ever to be sent through the Post, except by means of a money or postal order, or in a registered letter. Any person who sends money or jewellery otherwise, not only runs a risk of losing his property, but exposes to temptation every one through whose hands his letter passes.

To facilitate the delivery of letters, a Letter-box should be affixed to every house-door.

#### MONEY ORDERS.

When applying for Money Orders, the public should use the printed "Application Forms," which are supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is :—

For sums under 10s.,	-	-	2d	For sums of £6 and under £7,	8d
„ of 10s and under £2,			3d	„ „ £7 „ „ £8,	9d
„ „ £2 „ „ £3,			4d	„ „ £8 „ „ £9,	10d
„ „ £3 „ „ £4,			5d	„ „ £9 „ „ £10,	11d
„ „ £4 „ „ £5,			6d	„ „ £10 - - -	1s
„ „ £5 „ „ £6,			7d		

No order may contain a fractional part of a penny.

The applicant must furnish, in full, the surname and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address. In the case of Foreign Orders the full address of the payee must be given; and if the Order be payable to a native in British India, the Tribe or Caste, and the Father's name must also be furnished.

*Exceptions.*—1st. The remitter of an Inland Order may direct at the time of issue, that the Order be crossed like a cheque thus, & Co., and thus be payable only through a Bank. In that case he may give or withhold the name of the payee. The designation of the Bank need not be furnished.

2d. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3d. The usual designation of a firm is sufficient, except when a company trades under a title which does not consist of the names of the persons composing it, as the "Carron Company," but even a designation of this nature may be accepted provided the Order be crossed for presentation through a Bank.

The holder of an Inland Money Order may direct, by crossing it, that the order be paid through a Bank, even though its payment was not originally so restricted.

The Post Office Savings Bank is open for bank business during the same hours as for Money Orders.

Deposits of one shilling, or of any number of shillings, or of pounds and shillings, may be made by any person at the Post Office Savings Banks, provided that such depositor shall not make deposits amounting to more than £30 in any one year ending 31st December, or make any further deposit when the total amount standing to his credit has reached £150 exclusive of interest.

Under the Government Annuities Act, 1882, Insurances may be effected for amounts not less than £5 and not more than £100 on one life; and Annuities may be purchased for amounts not less than £1 and not more than £100 on one life.

The persons whose lives are insured, or to whom Annuities are granted by the Postmaster General, have direct Government security for the payment of the money, at the proper time.

Forms of proposals for the Insurance of Lives and the Purchase of Annuities, and all necessary information on these subjects, may be obtained at the Post Office.

The charge for telegrams throughout the United Kingdom is 1s for the first 20 words, and 3d for every additional five words or part of five words. The names and addresses of the sender and receiver are not counted. The public are required to affix the stamps to the message forms just as they are required to affix stamps to letters.

When the terminal office, *i.e.*, the office situated nearest to the address, is a Head Post Office, the amount paid for transmission covers the cost of delivery within one mile or within the town postal delivery of that office when the delivery extends for more than a mile. But when it is not a Head Post Office, the message is delivered free within the limit of one mile only.

When the addressee resides beyond the free delivery, portorage is charged at the rate of 6d per mile or part of a mile, provided the whole distance does not exceed three miles ; but the charge is calculated from the boundary of the district within which no portorage is levied. For instance, if the addressee's residence is a mile and a quarter from the terminal office, and also beyond the

town postal delivery, the charge for portorage would be 6d ; if the distance is above two miles and under three, 1s.

If the addressee resides at a greater distance than three miles from the terminal office, portorage is charged, for delivery by mounted messenger, at the rate of 1s per mile (except in Ireland, where the charge usually is only 8d per mile), the distance being reckoned from the office door.

FOREIGN TELEGRAMS.\*

(Regulations founded upon the International Telegraph Convention.)

1. Foreign telegrams are divided into three classes,—ordinary, code, and cypher. Ordinary telegrams are those composed of a series of words, or of words, figures, and letters conveying an intelligible meaning.

2. Code telegrams are those composed of words, the context of which has no intelligible meaning. Proper names are not allowed in the text of code telegrams, except in their natural sense.

In European code telegrams any of the languages in use in Europe, or Latin, may be employed ; but no telegram may contain words of more than one language.

In extra-European code telegrams, only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin, may be employed ; but words of any or all of these languages will be allowed in one and the same telegram.

3. Cypher telegrams are those containing series or groups of figures or letters having a secret meaning ; or words not to be found in a standard dictionary of the language. The portion in cypher must be composed exclusively of figures or exclusively of letters.

Cypher telegrams written in letters are not accepted for extra-European places.

4. The address of the receiver must be paid for, and must not consist of less than two words, a name and a town. Example : Hercules, Bombay.

5. The address of the sender is charged for, if transmitted ; if not to be transmitted, it must be written at the foot of the form.

6. In European telegrams the maximum length allowed for a single word is 15 letters ; in extra-European telegrams 10 letters ; any additional letters being counted and charged for as extra words at the rate of 15 or 10 letters respectively to the word.

7. Subject to the limit imposed by rule 6, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, or other sign of punctuation, they are counted as so many separate words.

Words incorrectly spelled, so as to reduce the number of letters below the maximum, or words incorrectly joined together, contrary to the usage of the language, cannot be accepted as single words.

8. Every separate letter or figure is charged for as one word, and in European telegrams every group of five figures or letters is counted as one word, larger groups being counted at the rate of five figures or letters to a word, plus one word for any excess. In extra-European telegrams groups of figures or letters are counted at the rate of three to a word, plus one word for any excess. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

## THE DUNDEE BURIAL SOCIETY.

*(Continued.)*

---

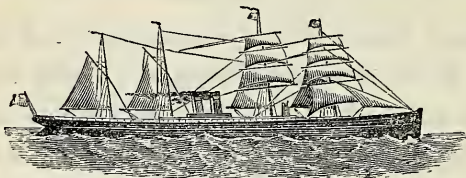

THE DUNDEE BURIAL SOCIETY was established in Dundee on the 20th March 1862 for the purpose of paying a sum of money on the death of a member according to age and premiums paid in. The Society was solely started for the benefit of the working classes in Dundee, and that it has been eminently successful in attaining the objects it was started for can be amply proved by reading the following facts taken from the Secretary's balance sheet for the year ending 1883:—

“During that year there were 120 deaths, on which the sum of £836, 4s. 6d. was paid; 672 members joined the Society, and are insured for a sum of £4,850, 14s. 6d.; £1,658, 6s. 3d. was collected from members during the year, while, for the same period, £265, 13s. 4d. has been drawn for interest from cash in Bank and Invested Funds. The total Invested Funds of the Society up to 31st December 1883 amounted to the sum of £7,350. This year the Society is able to declare a dividend to the members who have been five years in the Society up to and including 31st December 1883. This dividend will be paid in cash to members instead of paying it at death as formerly.

**New Business in 1883 exceeds £16,900,000.**

A Popular Scheme of Life Assurance on

## THE TONTINE PLAN,

Has originated with, and is granted by, the EQUITABLE, which, upon a principle of deferred bonus adds very considerably to the proportionate profit of those holding these Policies.

**Estimated Results at the end of 20 years, on a £1,000 Policy.**

Age.	Annual Premium.	Total Amount Paid.	Cash Value.	Paid-up Policy	Annuity and £1000 at Death
	£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
25	19 17 6	397 10 0	600 0 0	1600 0 0	19 4 2
30	22 14 2	454 3 4	712 0 0	1650 0 0	26 8 0
35	26 7 6	527 10 0	868 0 0	1770 0 0	38 12 5
40	31 5 10	625 16 8	1069 0 0	1920 0 0	57 14 0
45	37 19 2	759 3 4	1353 0 0	2160 0 0	94 4 7

Thus, one aged 30, after 20 payments of £22, 14s 2d, may choose any of these three ways, viz., Cash, £712 and give up his Policy; a Paid-up Policy for £1,650 with no more to pay; or an annuity of £26, 8s, increasing yearly, and the £1,000 at death to his heirs. For CHILDREN from Ten years upwards this is a splendid way of assuring their lives. One aged 10 ceases to pay when he or she is 30, and secures an annuity which, increasing as it does yearly, becomes a most valuable one, and the sum assured at death to his or her heirs.

## THE DUNDEE AND DISTRICT Mutual Glass Insurance ASSOCIATION, LIMITED.

---

This ASSOCIATION is doing the largest amount of Business of any of the Glass Insurance Offices in Dundee, having upwards of 600 Members. Being entirely Mutual, all the Profits are applied in reducing the Annual Premiums. *A Bonus of 30 per cent. has been Returned for the Year just Closed.* A large Fund is always kept in reserve to meet Claims, which are promptly settled. Having no large Dividends to provide for, this Association is in a position to undertake all Glass Risks at a rate far below any of the Proprietary Offices.

Dundee Shopkeepers should support this Association, whose active competition has been the means of greatly reducing all Glass Insurance Premiums in the district. A larger amount of support would naturally lead to a still greater reduction in Premium.

Insurers incur no liability beyond the premium paid.
