the same time, the *Journal of the American Medical Association* (JAMA) published a study that showed that the use of a single antibiotic, penicillin, was more effective than the use of multiple antibiotics in treating patients with bacterial meningitis.

The study, conducted by researchers at the University of California, San Francisco, found that patients who received a single course of penicillin had a significantly higher survival rate than those who received multiple courses of antibiotics.

The researchers concluded that the use of a single antibiotic, rather than multiple antibiotics, is the most effective treatment for bacterial meningitis.

This finding is significant because it suggests that the use of multiple antibiotics may be unnecessary and potentially harmful. It also suggests that the use of a single antibiotic, such as penicillin, may be the most effective treatment for bacterial meningitis.

The researchers also noted that the use of multiple antibiotics may lead to the development of antibiotic resistance, which is a major public health concern.

# Teas, Groceries, and Household Requisites.

---

THE Proprietors have pleasure in intimating that they have now made considerable additions to their premises, which will enable them to deal in the most satisfactory manner with the increasing dimensions of their Business. The distinct aim of their Business is to supply Families with GROCERIES, WINES, and SPIRITS at the lowest possible prices consistent with a high standard of quality. Knowing that a *cheap* article is not necessarily *good* value, but that, on the contrary, it may be very *poor* value at any price, they have to ask you not only to compare their prices with what is offered elsewhere, but, at the same time, to compare the quality of the Goods offered, feeling assured that the results will tell very much in their favour.

---

## TEAS—A Speciality.

Particular attention is devoted to this Department. The TEAS are the finest imported, and blended under the personal supervision of an expert.

Prices: 1/6, 1/8, 1/10, 2/-, and 2/4 per lb.

A Trial Order solicited.

GENERAL GROCERY GOODS, also PROVISIONS, of the First Quality, at Lowest possible Cash Prices.

---

# THE CORPORATION OF THE SCOTTISH PROVIDENT INSTITUTION

HEAD OFFICE—  
No. 6 St. Andrew Square, Edinburgh.

The **Scottish Provident Institution** was established in 1837, with the object of giving to the **ASSURED** the full benefit of the **LOW PREMIUMS** hitherto confined to a few of the Proprietary Offices, while at the same time retaining the **WHOLE SURPLUS** for the Policyholders

The **Premiums** are so moderate that at usual ages for assurance £1200 or £1250 may be secured from the first for the yearly payment which would generally elsewhere assure (with profits) £1000 only—the difference of £200 or £250 being equivalent to

**An Immediate and Certain Bonus of 20 to 25 per cent.**

The **Whole Surplus** goes to the Policyholders, and is reserved exclusively for those Members (more than half of those who enter) who survive the period at which their premiums, with compound interest at 4 per cent., amount to the original assurances, no share being given to those whose early deaths cause *loss* to the Common Fund.

The **Surplus** at the 1901 Investigation was **£1,581,000.**

**Over 60 per cent.** of the Members who died during the Septennium were entitled to **Bonuses** which, notwithstanding that the **Premiums** do not as a rule exceed the non-profit rates of other Offices, were, on the average, equal to an addition of over 50 per cent. to the Original Assurances.

**Accumulated Funds exceed £12,000,000.**

**ABERDEEN BRANCH: 166 UNION STREET.**

INSPECTOR OF AGENCIES (Northern District)—EDWD. TENNANT,  
LOCAL SECRETARY—JAMES D. MACKIE.

GLASGOW: 150 WEST GEORGE STREET.

Head Office: 35 ST. ANDREW SQUARE, EDINBURGH

General Manager—A. DUNCAN.

Secy.—J. K. MACDONALD. Actuary—COLIN M'CUAIG, F.F.A.

## EARLY BONUS SCHEME (E.B.)

The following, among other special advantages, apply to ordinary Policies issued under this Scheme. Besides being payable immediately on proof of death and title, they are, *at the end of three years from their date, subject to the regulations in the Prospectus,*

**Entitled to rank for Bonus Additions;  
Indisputable on the ground of Errors or Omissions,  
World-Wide without extra Charge; and  
Liable only to Reduction in amount on Non-  
Payment of the Premiums.**

At the Division of Profits for the Five Years ending 31st December 1899, Ordinary Life Policies and Endowment Assurances under this Scheme received a **Bonus Addition of £1 10s** per cent. for each year they were entitled to share.

## SPECIAL BONUS SCHEME (D.B.)

Under this Scheme **PROFIT POLICIES** are issued at **Rates which do not exceed, and, in many cases, fall short of the Non-Profit Rates of other Offices.**

They share in the profits when the Premiums received, accumulated at 4 per cent. compound interest, amount to the Sum Assured.
