Rates of Postage and Conditions of Transmission.

LETTERS—(*Inland*).

The rates of Postage when prepaid are as follows :—

For a letter not above 1 oz.....	1d.
Do. above 1 oz., but not above 2 oz.....	1½d.
Do. do. 2 oz., do. 4 oz.	2d.

And so on by ½d. for every additional 2 oz.

A letter posted unpaid is chargeable on delivery with double postage ; if insufficiently paid, with double the deficiency.

No letter may exceed 18 inches in length, 9 in width, or 6 in depth, unless it be sent to or from a Government office.

If the stamps affixed to letters are mutilated or defaced, the letters will be liable to the unpaid rates.

Payment of postage cannot be made by means of imperfect postage stamps, or of embossed or impressed stamps cut out from envelopes, cards, wrappers, or telegraph message-forms, even although the stamps have not been before used.

Re-directed letters are charged an additional postage for each re-direction, according to the prepaid scale.

All persons sending letters by the post unpaid, which, from any cause whatever, cannot be delivered to the parties to whom they are addressed, are liable to pay the postage charged thereon, which may be recovered, with costs, by summary proceedings before a magistrate.

NEWSPAPERS—(*Inland*).

Inland Newspapers are subject to the following regulations :—

To have the privilege of passing as a newspaper, the publication must first have been accepted as a newspaper by the Postmaster-General, and have been placed on a register at the General Post-Office, from which it is liable to be removed, either through the non-renewal of the registration fee, 5s., year by year, or in consequence of any change which may deprive it of the characteristics of a newspaper. Registration for inland circulation includes registration for transmission abroad.

For each inland newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny ; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one halfpenny for every 2 oz., or fraction of 2 oz.

A newspaper posted unpaid, or a packet of newspapers posted either unpaid or insufficiently paid, is treated as an unpaid or insufficiently paid book packet of the same weight.

The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.

No newspaper can be sent through the post a second time for the original postage; for each transmission a fresh postage is required.

Every newspaper must be posted either without a cover, or in a cover entirely open at both ends, so as to admit of easy removal for examination. If this rule be infringed, the newspaper is treated as a letter.

Every newspaper must be so folded as to admit of the title being readily seen.

A newspaper, or a packet of newspapers, which contains any inclosure (except supplements) is charged as a letter; unless the inclosure be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet, in which case it is allowed to pass.

A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, will be charged as an unpaid or insufficiently paid letter.

No packet of newspapers may be above 14lbs. in weight, two feet in length, one foot in width, or one in depth.

BOOK AND CIRCULAR POST—(*Inland*).

The Postage is one halfpenny for every 2 oz. or part of that weight.

A packet posted wholly unpaid is charged with double the book postage, and if posted partially prepaid, with double the deficiency.

Every book packet must either have no cover, or a cover entirely open at both ends, so as to admit of the contents being easily withdrawn for examination. It may contain any number of separate books or other publications, prints, or maps, and any quantity of paper, parchment, or vellum, either printed, written, plain, or any mixture of the three; together with whatever is necessary for the safe transmission of literary matter, or usually appertains thereto, to the exclusion of letters or any enclosure sealed or otherwise closed against inspection, or any communication of the nature of a letter written in any such packet, or on its cover. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.

CIRCULARS, *i.e.*, letters which are intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed, may also be sent by book post. Productions of the typewriter or imitations thereof, are not admissible as circular letters.

No book packet may be above 5lbs. in weight, 18 inches in length, 9 inches in width, or 6 inches in depth, unless it be sent to or from a Government office.

POST CARDS—(*Inland*).

Official Post Cards impressed with a halfpenny stamp; Reply Post Cards impressed with a halfpenny stamp on each portion of them, and private Cards impressed at the Office of Inland Revenue with halfpenny stamps, are available for transmission between places in the United Kingdom only.

The front (or stamped) side is for the address only in addition to the words printed thereon. There must be nothing else written, printed, or otherwise impressed on it or on the stamp. On the reverse side, any communication may be printed or written. Nothing whatever may be attached: nor may the Card be folded, cut, or otherwise altered. If any of these rules be infringed, the Card will be charged 1d. on delivery.

No Card other than one of those issued by the Government, or a private Card impressed with a halfpenny stamp by the Inland Revenue Office, will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

PROHIBITED ARTICLES.

The transmission by Letter Post of gold, silver, precious stones, jewellery, &c., is prohibited in those countries of the Postal Union marked thus* at page 72. Such articles, however, may be sent by Parcel Post, except in cases in which they are specially prohibited.

In *Luxemburg* the registration of such packets is compulsory, and everything of value, except coin or bullion, is liable to duty.

In the under-mentioned Colonies, viz. :—

<i>Bermuda,</i>	<i>Hong Kong,</i>	<i>Newfoundland,</i>
<i>Ceylon,</i>	<i>Labuan,</i>	<i>St. Vincent,</i>
<i>Falkland Islands,</i>	<i>Lagos,</i>	<i>Sierra Leone,</i>
<i>Gambia,</i>	<i>Malta,</i>	<i>and</i>
<i>Gibraltar,</i>	<i>Montserrat,</i>	<i>Straits Settlements.</i>

articles of value are transmissible, and, with the exception of jewellery addressed to *Ceylon*, *Newfoundland*, and *St. Vincent*, are exempt from customs' duty. Their transmission is also permitted in

Cyprus, *Grenada*, and *Jamaica* ;

but they are liable to customs' duty, with the exception of gold and specie in *Cyprus* ; gold, silver, and diamonds in *Grenada* ; and diamonds in *Jamaica*.

In the *Dutch East Indies* articles of value are admissible, except wrought gold and silver, but the packets containing them must be registered.

Special prohibitions in *Italy* and *United States of America*.—Anything relating to foreign lotteries. In *New Zealand*.—Cuttings of grape vines.

In the *Cape of Good Hope* and *Queensland*.—Jewellery and precious articles, if dutiable, are liable to detention until the duty is paid.

In *Spain* and *Victoria*.—Jewellery is dutiable, and liable to confiscation.

Russia.—Printed matter in the Russian Language is prohibited ; and even such trifling articles as photographs and Christmas cards are liable to duty, though a single photograph may be sent to *Russia* by post. All letters or packets containing prohibited or dutiable articles of any kind, however small the value, are confiscated in that country.

PARCEL POST—(Inland).

Parcels not exceeding 11 lbs. in weight are received at any Post Office for transmission between places in the United Kingdom.

In order that a packet may go by Parcel Post, it must be tendered for transmission as a parcel, and should bear the words "Parcel Post,"—which should be clearly written in the left-hand top corner.

The following are the principal conditions and regulations :—

The size allowed for an Inland Postal Parcel is—

Greatest length	-	-	-	-	3 ft. 6 in.
Greatest length and girth combined	-	-	-	-	6 ft. 0 in.

For example—

A parcel measuring 3 ft. 6 in. in its longest dimension may measure as much as 2 ft. 6 in. in girth, *i.e.*, round its thickest part; or—

A shorter parcel may be thicker; thus, if it measure no more than 3 ft. in length, it may measure as much as 3 ft. in girth, *i.e.*, round its thickest part.

The rates of Postage are, for a Parcel—

Not exceeding 1 lb. in weight - - - 3d.

And the charge after 3d. for the first pound will be *three half-pence per lb.* for every pound, or fractional part of a pound, above the first pound.

Parcels must not be posted in a letter box, but must be taken into a Post Office and handed over the counter, and a parcel should not be left until the weight, size, and postage have been tested by the clerk at the counter. Care must be taken that every parcel bears a clear address.

If a packet bearing the words "Parcel Post," or otherwise clearly marked as intended for transmission as a parcel, is not posted in accordance with this regulation, it is treated as a letter or book packet, if it is fully prepaid at the rate proper to either, and is otherwise in accordance with the letter or book post regulations. If such a packet is not fully prepaid at the letter or book post rate, it will be treated as a parcel, and will be charged on delivery with a fine of 1d., together with the deficient postage, if any, at the parcel post rate.

Parcels which bear on the outside any writing or drawing of an indecent or offensive nature, or within which any contents of a like nature may be observed, and parcels containing gunpowder, cartridges, lucifer matches or anything explosive or liable to sudden combustion, bladders containing liquid, live animals, grossly offensive or filthy matter, and anything in a condition likely to injure other parcels, or any officer of the Post Office, are prohibited.

If any such parcel be tendered for posting, it is refused, or, if detected in transit, it is detained.

Parcels containing fish, game, meat, eggs, &c., or knives, or other sharp instruments, can only be sent if so packed as to prevent all risk of injury to other parcels. Liquids or semi-liquids are not accepted unless in bottles or cans securely stoppered; nor powders, unless so packed that they cannot escape in transmission. Bottles or glass in any form can be accepted only when so packed as to be secure from breakage. If a parcel be tendered in a damaged or insecure condition it will be refused. If a parcel in such condition is observed in transit it is, if possible, made secure and sent forward but, if it cannot be so secured, it is detained.

Parcels known to contain a letter, packet, or parcel intended for delivery at an address other than that borne on the parcel itself are prohibited.

Parcels addressed to a Post Office to be called for, or to a person residing beyond the free postal delivery, are kept three weeks. At the end of one week, if the parcel bears on the outside the sender's name and address, a notice of the fact that the parcel has not been delivered is sent to him.

Parcels addressed to a ship are kept one month.

If, however, such a parcel contains perishable matter it is kept only 48 hours; and should it become offensive, it may be disposed of at any time as the Postmaster-General may direct.

Parcels addressed to a Post Office "to be called for," and only such parcels, are liable to a demurrage charge at the rate of 1d. a day after they have remained in the Office one clear day, counting as a day the period during which the Office is ordinarily open to the public.

No demurrage is charged on parcels addressed to persons residing outside the limits of the free delivery, or to persons on board ship.

In order to facilitate the return of parcels which cannot be delivered, it is most desirable that the name and address of the sender should appear on the outside of every parcel.

For despatch and delivery of parcel mails see Aberdeen Mail Arrangements.

INLAND REGISTRATION AND COMPENSATION.

The Postmaster General will (not in consequence of any legal liability, but voluntarily, and as an act of grace) subject to the rules as to posting and pack-

Post-Office Telegraphs.

TARIFF (INLAND).

The charge for Telegrams throughout the United Kingdom is 6*d.* for the first 12 words, and $\frac{1}{2}$ *d.* for each additional word. Addresses are charged for.

Telegrams may be repeated at the request of the sender, if he desires to adopt this extra security against risk of error, by being signalled back from each office at which they are received to the office from which they are forwarded. The charge for repetition is one half the ordinary tariff; a fraction of a halfpenny being reckoned as a halfpenny.

The cost of a reply not exceeding forty-eight words may be prepaid.

Copies of a Telegram, directed to more than one firm or person in the same free delivery, London excepted, will be delivered separately at an additional charge of twopence per copy.

Figures are counted at the rate of five figures to a word. Fractions are counted according to the number of figures employed, one figure being counted for the mark of division, thus— $\frac{1}{2}$ counts as one word, and 109 $\frac{1}{2}$ as two.

PORTERAGE.

The sums charged for the transmission of Telegrams cover the costs of delivery by special Foot Messenger within the limits of one mile of the Terminal Telegraph Office, or within the limits of the Town Postal Delivery of that Office, when it is a Head Office, and the Town Postal Delivery extends for more than a mile from it.

When the addressee does not reside within the above described limits, and the sender desires to have his telegram delivered by special Foot Messenger, the charge will be sixpence per double mile or any part thereof. A sum of one shilling per double mile will be charged for the delivery of Telegrams by Cab, Fly, or Horse express.

When the addressee does not reside within the above described limits, and sender does not wish to incur the cost of special delivery, his Telegram may be delivered free of extra charge by the ordinary postal delivery next following on the arrival of his Telegram at the Terminal Telegraph Office.

REGISTERED ADDRESSES.

Any person may register an abbreviated or arbitrary address on payment of a fee of £1 1*s.* a year, dating from the day of registration. The address must consist of not less than two words, one of which is to be the town or place of delivery.

PRUDENTIAL ASSURANCE COMPANY, Limited.

Chief Office:—HOLBORN BARS, LONDON.

Summary of the Reports presented at the Forty-third Annual Meeting held on 3rd March, 1892.

ORDINARY BRANCH.—The number of Policies issued during the year was 58,118, assuring the sum of £5,932,493 and producing a New Annual Premium Income of £355,980.

The Premiums received during the year were £1,442,746, being an increase of £280,097 over the year 1890. The increase in the Premium receipts for the Quinquennium 1887-91 was £1,045,806, giving an average annual increase of £209,161.

The Claims of the year amounted to £387,106. The number of Deaths was 2784.

INDUSTRIAL BRANCH.—The Premiums received during the year were £3,688,338, being an increase of £170,413. The increase in the Premium receipts for the Quinquennium 1887-91 was £777,043, giving an average annual increase of £155,408.

The Claims of the year amounted to £1,647,300. The number of Deaths was 183,927.

The total number of Policies in force was 9,617,484: the average duration is six years and three quarters.

The total Assets of the Company, as shown in the Balance Sheet, are £14,623,627, being an increase of £2,043,757 over those of 1890.

The Directors have again prepared a supplement to the Report, showing in detail how the Assets of the Company are invested.

The Balance Sheet has been again submitted to the independent professional audit of Messrs. Deloitte, Dever, Griffiths & Co., whose certificate is appended to the accounts.

SUMMARY OF THE QUINQUENNIAL REPORT for the Period ending 31st December, 1891.

The Directors have much pleasure in submitting their Report, and that of the Actuaries of the Company, upon the valuation of the Company's Assets and Liabilities, which has just been completed.

As on previous occasions, the processes and results of the valuation have been submitted to Mr. A. H. Bailey, and his report is also attached.

During the five years now under review the Assets of the Company have grown from £6,811,954 to £14,623,627, being an increase of £7,811,673.

The annual premium income of both Branches combined, at the beginning of the Quinquennium was £3,472,911, and at the end £5,386,990, being an increase of £1,914,079.

The valuation of the Ordinary Branch has been made upon the same principles as those of the preceding Quinquennium, namely, a net premium valuation on the Institute of Actuaries (H.M.) Table of Mortality for the life risks, and Mr. Finlaison's Government Annuity Table 1884 for the annuities, the rate of interest in both cases being 3 per cent.

The valuation of the Industrial Branch has also been made on the basis of a net premium valuation at 3 per cent. interest, the Table of Mortality being Dr. Farr's "English Life Table," No. 3.

At the beginning of the Quinquennium a revision of the Tables of Assurance was made considerably in favour of those of the assured who keep their policies in force for five years. These increased benefits have been made retrospective, and, as will be seen from the Actuaries' Reports, a corresponding increase has been made in the necessary reserves.

Extract from Mr. A. H. BAILEY'S Report.

The time having arrived at which another valuation is required to be made of the liabilities of your Company, I inspected, during the progress of this immense work, the various processes that had to be adopted for the purpose, and the results have been submitted to me for examination.

On the 31st December, 1891, the total number of assurances in force was **9,880,103**, besides **1557** grants of annuities. By the last Census it was ascertained that the total number of persons living on the 5th April, 1891, in the United Kingdom was **37,740,283**; so that, after making allowance for the cases in which two or more Policies have been granted upon the same life, it appears that the lives of about one-fourth of the population of Great Britain and Ireland are assured by your Company. The numbers have increased by more than 37 per cent. during the Quinquennium now under review.

The funds that have been accumulated to meet these liabilities amount to **£14,087,303**, exclusive of the Proprietors' capital.

The principles upon which the liabilities have been estimated are those now generally adopted by well-conducted Assurance Companies. The basis of valuation has my full concurrence, and having been set out in the Actuaries' Reports, together with the results in the case of each Branch, need not here be repeated.

Extract from the Reports of Messrs. T. C. DEWEY, W. HUGHES, and F. SCHOOLING, the Actuaries of the Company.
ORDINARY BRANCH.—The number of Life Policies in force at 31st December, 1891, was **262,619**, assuring, with bonus, **£28,570,567**, and producing a gross annual premium income of **£1,487,344**.

The results of the Valuation are as follows:—

Life Assurance Fund on the 31st December, 1891,	£5,505,095
Reserve for Life Assurance Policies, including reserve for immediate payment of claims,	£3,983,469
Reserve for Annuities,	502,241
Net Liability,	4,485,710
Surplus,	<u>£1,019,385</u>

PRUDENTIAL ASSURANCE COMPANY, Limited—(Continued).

INDUSTRIAL BRANCH.—The number of Policies in existence at 31st December last was **9,617,484**, and the amount assured **£93,390,879**. The weekly premiums receivable in respect of these Policies amounted to **£74,993** per week, or **£3,899,646** per annum.

The above number includes **246,152** free or paid-up Policies granted in lieu of discontinued assurances, on which no premiums are payable.

The average duration of all the Policies now in existence is about six and three-quarter years, and when the large amount of new business introduced in recent years is considered, this is strong evidence of the success of the means which have been adopted to promote the stability of the business.

The results of the Valuation are as follows:—

Life Assurance Fund on 31st December, 1891,	
Net Liability for Life Assurance Policies, including reserve for immediate payment of claims,	£8,582,207
.. .. .	7,776,712
Surplus,	£805,495

Of this net liability upwards of **£800,000** is in respect of free Policies granted in lieu of discontinued assurances, and to provide for the increased benefits conferred on Industrial Policy-holders during the Quinquennium.

It is worthy of remark that in the two Branches together there are **233,358** Policies assuring amounts of from **£50** to **£100** each, producing an Annual Premium Income of upwards of One Million Pounds, and of these **54,777** are with weekly Premiums, **44,645** quarterly, **21,010** half-yearly, and **112,926** with annual premiums. When it is considered that every proposer for an amount of **£50** and upwards has the option presented to him of paying the premiums in any of these methods it is remarkable how many deliberately choose the weekly premiums, thus affording a strong illustration of the adaptability of Industrial Assurance to the wants of the public.

With a view to secure accuracy, two independent Valuations were made in both Branches. The Valuation of nearly Ten Million Policies, divided into a very large number of groups and classes, has employed the energies of a staff of about 700 for many months. The arithmetical processes alone have involved an immense amount of labour and would have been almost impossible of accomplishment without the aid of the Arithmometer, no less than fifty of these instruments having been employed.

THE ORIGINAL SOCIETY—ESTABLISHED 1840.

THE GUARANTEE SOCIETY,

No. 19 Birchin Lane, Cornhill, LONDON, E.C.

Empowered by Special Act of Parliament, 5 Victoria—Session 1842. Suretyship undertaken for the Fidelity of Persons in Situations of Trust, on the yearly payment of a small sum at a stipulated rate per centum.

CAPITAL £100,000 FULLY PAID UP AND INVESTED.

This Society was the first Public Company established in Great Britain to obviate the inconvenience and defects of Suretyship by Private Bondsmen, its Security being adopted by

Her Majesty's Government

BY

The Bank of England, the Bank of Ireland,
The Council of the Duchy of Cornwall,
The Secretary of State in Council for India,
The Court of Chancery, the Local Government Board,
The Corporation of the City of London,
The Principal Bankers, Railway Companies, Public Companies, and
Commercial Firms, in the United Kingdom.

The Society by Special Act of Parliament, is expressly authorised to give security for persons appointed to any office or employment, or Commission, Civil or Military, in any Public Department, or to any office or employment of Public Trust under the Crown.

PERSONS of the highest character and qualifications frequently decline valuable appointments, either from an unwillingness to place themselves and their friends under so serious an obligation, or the great difficulty of obtaining satisfactory Sureties; but the Institution of this Society removes these difficulties.

The GUARANTEE SOCIETY undertakes, for a small yearly premium, to make good to the employer ANY LOSS BY THE FRAUD OR DISHONESTY of the person employed, according to the amount specified in the bond, and therefore obviates the necessity for Private Sureties, as well as the evils arising therefrom, which often prove as prejudicial to the real interests of the employer as to the person finding the guarantee of Private Friends.

Employers, by the existence of the Society, are assured of the continued solvency of the Surety for the person employed, and the security thus becomes a permanent one.

Friends and Relatives are relieved of the fear of those pecuniary losses to which persons are exposed who become responsible for the acts of others.

All necessary information can be had of the Secretary and Agents.

RATES ACCORDING TO THE NATURE OF THE EMPLOYMENT OR

THE SCOTTISH TEMPERANCE LIFE

(AND ACCIDENT) ASSURANCE COMPANY, LIMITED.

Head Office, 81 RENFIELD STREET, GLASGOW.

THIS is the only Scottish Company that in any practical way secures to Abstainers the full benefit of their superior health and life.

All Policies on the lives of Total Abstainers are kept apart from the general business of the Company, the whole extra profit being thus preserved for the benefit of the Abstainers.

An abatement of 10 per cent. on the Premiums on all ordinary whole life Policies is granted from the commencement of the assurance.

The cost of Policy for £1000 (with profits) elsewhere would in most cases secure an immediate assurance of from £1200 to £1400 in this Company, with right to further profits.

No other Company shows such a high percentage of increase in Revenue and Funds, and no other Company laid past such a large proportion of its Revenue as the Scottish Temperance.

The Bonuses are distributed at a uniform rate per cent. per annum to every participating Policyholder, but in order to give the older Assurers a benefit greater than that of new entrants, the Directors have adopted the Compound Bonus System, that is, allotting BONUSES UPON BONUSES, as well as Bonuses on the sum assured, so that, whilst at the last division new Assurers received an addition equal to $\text{£}1$ 10s. per cent. per annum, older Policyholders received as much as $\text{£}2$ 6s. 6d. per cent. on the amount originally insured.

The Compound Bonus System is proved to possess the greatest advantages, as shown by an inspection of the different methods of apportioning the Profits, as given in the Board of Trade Returns.

Example of Bonus added to Policy of $\text{£}1,000$. (Each Office declaring the same Rate of Bonus)—

No. 1.—BONUSES altering with the age of the ASSURED:—
