---

By authority of the PROVOST and MAGISTRATES of the City of Aberdeen.

NOTICE IS HEREBY GIVEN that, in terms of the Act of Parliament 4th and 5th William IV. cap. 49, the following REGULATIONS have been adopted by the Magistrates, and are decreed to be acted upon, within the City of Aberdeen and Liberties thereof, from and after the first day of January, 1835:—

I.—The Tron and Dutch Weights, and every other Local Weight, are to be abolished, and the English or Avoirdupois Weight is now to be the only Weight in use. This is to apply to all kinds of Merchandise that is sold by Weight, except gold, silver, platina, diamonds, or other precious stones, and drugs, when sold by retail, and that such excepted articles, and none others, may be sold by Troy Weight.

II.—The Stone is now to contain 14 lbs. English—8 Stones make 1 Cwt. and 20 Cwt. 1 Ton.

III.—Weights made of Lead and Pewter are to be abolished.

IV.—The Old Measures of Firlots and Bolls are to be abolished; and oats, wheat, barley, bear, malt, pease, beans, rye, seed, &c., must be sold by the Imperial Bushel, containing 8 Gallons—8 of which Bushels make a Quarter. Small quantities, by the Half-bushel of 4 Gallons; the Peck of 2 Gallons; and so on in proportion.

V.—Potatoes and Fruit, either by weight of 14 Imperial lbs. to the Stone, or by the Imperial Bushel, Half-bushel, Peck, &c., Stricken Measure.

VI.—Meal and Seeds by the Stone Weight of 14 lbs. Imperial, 10 of which Stones, or 140 lbs., are equal to the former Boll.

VII.—All Heaped Measures are to be abolished.

VIII.—English Coals to be sold by the Imperial Bushel—10 of which Bushels are 6 Gallons, or about 7 per cent. less than the Boll which has been in use at Aberdeen, since the passing of the Act relative to Weights and Measures, 5th Geo. IV. cap. 74. Lime to be sold by the Imperial Bushel—5 of which Bushels are 3 Gallons less than the present Boll. A Barrel of Coals or Lime will now contain two and a half Imperial Bushels. Coals now sold by a Barrel of 11 Stone Weight.

IX.—Scotch Coals by the Ton, and so on in proportion for greater and smaller quantities.

X.—Butcher meat, butter, cheese, tallow, rough fat, wool, feathers, downs, hay, straw, bark, pot barley, and other such articles, by the lb. of 16 oz. Imperial—14 lbs. to the Stone, and 8 Stone to the Cwt.

XI.—Spirits, porter, ale, beer, milk, and other liquids, by the Imperial Gallon, Half-gallon, Quart, Pint, Half-pint, Gill, and Half-gill. All Measures used for the sale of these liquids must be Stamped.

As it is the duty of the Magistrates, in pursuance of the Act, to enforce, within the city and liberties thereof, the exclusive use of the Imperial Standards, they hereby give notice that, after the first day of February next, frequent

visitations will be made throughout the said city and liberties, by the under-named Inspectors, or by Examiners to be appointed for that purpose; whose duty it will be to inspect the Weights and Measures used, and seize all such as are not in conformity with the Standards, so as to secure, in the most effectual manner, the observance of the existing laws upon the subject.

All merchants, farmers, shopkeepers, innkeepers, stablers, carriers, makers or sellers of Weights and Measures, and all other persons concerned, are therefore hereby warned, that they will require to get their old Weights and Measures adjusted, or new ones provided, as heavy penalties will be incurred by their using erroneous Weights and Measures.

## ABSTRACT OF THE PRESENT CORN LAWS.

FOREIGN corn, wheat-meal, or flour, and oatmeal, may always be imported, bonded, and (as well as British) exported, without payment of any duty, or may be entered for Home Consumption at any time, subject to the annexed duties, regulated by the aggregate average prices, which are to be published every Thursday, and forthwith sent to the various Custom-houses. They are formed from returns of Sales, by Imperial Measure, of British and Irish Corn, received from 150 towns in England and Wales, the six preceding weeks.

The Import for Home Consumption, into Great Britain and Ireland, of malt and all *ground* corn, except wheat-meal, flour, and oatmeal, is prohibited.

If any Foreign State shall subject British vessels, produce, or goods, to higher duties than are levied on their own national vessels, or the goods of other countries imported in their national vessels, an Order in Council *may* be issued, to prohibit the import of corn, &c. from such State.

Corn, wheat-meal, flour, oatmeal, linseed, rapeseed, and cloverseed, may be brought from any port in Europe, in British vessels, or in ships of the country of which they are the produce, or in ships of the country from whence they

are imported ; but from *Holland* in *Dutch vessels*, 20 per cent. additional duty must be paid.

All shipments of grain and flour from British possessions out of Europe, after three months from the 15th July, 1828, must be accompanied by a Certificate from the chief officer of the customs of the port from whence shipped, stating that the owner or shipper thereof has made a declaration, in writing, that the corn so shipped, specifying the quantity and description thereof, was the produce of the British possession out of Europe to be named therein ; and the captain must produce a copy of the owner's or shipper's declaration, certified by the collector or chief officer of the customs, at the port of shipment, to be a true copy of the owner's declaration before making entry at the place of importation ; and, further, that the cargo is the same referred to in the declaration and certificate, without any admixture or addition. Any false statement respecting the place or identity of corn, &c. subjects the party making it to a penalty of One Hundred Pounds, and the cargo to be forfeited.
