The INCOME for 1878 amounted to £486,479.

The EXPENSES OF MANAGEMENT (including Commission) were under 4½ per cent. of the Annual Income.

ASSURANCES upon lives are granted for any desired amount, either with participation in profits or at a lower rate of premium without participation in profits.

FOUR-FIFTHS of the PROFITS made by this Society are, every Fifth year, appropriated to the persons assured on the participating scale of premiums, who have been so assured for Two full years and upwards prior to the date of the Division.

At the Divisions of Profits hitherto, Bonuses amounting to £5,523,138 have been added to the several Policies.

Since the establishment of the Society the sum of £11,938,456 has been paid in claims upon death, of which the sum of £3,044,978 has been in respect of Bonus.

Loans are granted on security of Life Interests and Reversions in connection with Policies of Assurance; also on security of the unencumbered Policies of the Society, nearly to the extent of their surrender value.

Attention is specially directed to the revised Prospectus of the Society; to the new rates of premium adopted, which are materially lower for young lives than heretofore; to the new conditions as to extended limits of free travel and residence, and to the reduced rates of extra premium.

Prospectus and form of proposal will be sent on application to Messrs M'GRIGOR, DONALD, & Co., 172 St Vincent Street, Glasgow.

THE SCOTTISH PROVIDENT INSTITUTION.

The whole SURPLUS belongs to the Members; and being *reserved* for the good lives, large Bonuses *in addition* have been, and may be expected to be, given.

NEW MODEL BREECHLOADER.

SINCE the application of the breech-loading system to sporting weapons, the mechanism for opening and locking the gun has been the subject of numberless inventions and improvements, and in that particular, great excellence has now been attained. Within the last few years considerable attention has been paid to *killing power* and *facility of aiming*. The Hammerless gun, while giving the advantage of an unimpeded view, is objected to as being liable to derangement (as all automatic machines are), and of unfamiliar appearance and handling. Deeming it desirable to produce a gun which should combine a perfectly free view with *simplicity* and *durability* of construction, Mr H. has designed his "NEW MODEL GUN," which is similar in appearance and handling to an ordinary central-fire gun, is no more expensive, and can be made either "double grip," or any of the various "snap actions," as may be preferred. The striking pin, a weak point in the C.-F. gun, is made much stronger than usual; it is *without a spring*, and is so constructed as to work with perfect smoothness and freedom. A drawing of it is shown above.

Of KILLING POWER in a gun, the best indication is its efficiency in the sportsman's hands. In view of this, Mr H. makes a particular study of suiting the gun to the user's requirements, and holds himself responsible for its performance both at the target and in the field. When extreme closeness of pattern is desired he applies the "choke bore," but in these cases a successful target test must be held as conclusive. The above double guarantee is based on the system perfected by Mr H. about 10 years ago, and called his "New Method of Treating Barrels," the results of which far surpassed anything then obtainable, and for sporting purposes are still unexcelled.

THE
Scottish Widows' Fund

has attained the position which it now occupies as the leading Life Assurance Institution of the United Kingdom, owing in a great measure to the

UNDOUBTED SECURITY

it affords for the fulfilment of its obligations to its assured Members, and the

UNEQUALLED LIBERALITY

of its dealings with them. Being a Mutual Society, all arrangements for the conduct of its business are made with a view to the convenience and benefit of its own Members, who alone participate in the advantages arising from its successful progress.

Amongst the peculiar advantages it offers are the

Largest Fund belonging to any Office in the United Kingdom;

Liberal Conditions of Assurances;

A Surrender Value after payment of only ONE Premium.

Paid-up Policies.

Since its institution in 1815, it has paid in Claims an amount exceeding

TEN MILLIONS STERLING,

And has divided in Profits (*solely among the Policy-holders*)

FIVE AND A HALF MILLIONS.

The following are a few examples of Claims recently paid :—

Year of Entry.	Original Sum Assured.	Amount paid by Society.	Premiums received.	Proportion of Payments to Premiums.

RATES OF POSTAGE & CONDITIONS OF TRANSMISSION.

*Inland Letters.**

The rates of postage to be prepaid are as follows,† viz.:—

For a letter not exceeding 1 oz.	1d
„ exceeding 1 oz. but not exceeding 2 oz.	1½d
„ „ 2 oz. „ „ 4 oz.	2d
„ „ 4 oz. „ „ 6 oz.	2½d
„ „ 6 oz. „ „ 8 oz.	3d
„ „ 8 oz. „ „ 10 oz.	3½d
„ „ 10 oz. „ „ 12 oz.	4d

* Inland letters are those which pass between places in the United Kingdom, including the Isle of Man, the Orkneys, Shetland, Scilly, and Channel Islands.

† If the weight be exceeded to the smallest extent, even though the balance be merely turned, the letter becomes liable to a higher postage. The same rule applies to letters going abroad. To provide, therefore, for errors in scales, &c., it is well to allow a little margin, or to pay the postage of the next greater weight.

A letter exceeding the weight of 12 oz. is liable to a postage of 1d for every ounce, beginning with the first ounce. A letter, for example, weighing between 14 and 15 ounces must be prepaid fifteenpence.

A letter posted unpaid is chargeable on delivery with double postage, and a letter posted insufficiently prepaid is charged with double the deficiency. On re-directed letters the charge for re-direction is the same whether prepaid or collected on delivery.

No letter may exceed the dimensions of one foot six inches in length, nine inches in width, and six inches in depth.

Addresses to the Queen and Petitions to Parliament.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a Member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are either without covers or are in covers open at the sides. No letter, or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

NEWSPAPERS.

(I.) *Inland.*

Subject to the following regulations Newspapers pass within the United Kingdom at the rate of one halfpenny each:—

- 1st. To have the privilege of passing as a Newspaper, the publication must first have been accepted as a Newspaper by the Postmaster-General, and have been placed on a Register at the General Post Office;* from which it is liable to be removed, either through the non-renewal of the registration year by year, or in consequence of any change which may deprive it of the characteristics of a Newspaper.

Registration for inland circulation includes registration for transmission abroad.

- 2d. It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.
- 3d. The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and date of publication at the top of every subsequent page; and this regulation applies to "Tables of Contents" and "Indices."
- 4th. A supplement must be unstitched, must in every case be published with the Newspaper, and must have the title and the date of publication of the Newspaper printed at the top of every page; or, if it consists of engravings, prints, or lithographs, at the top of sheet or side.
- 5th. For each Newspaper, whether posted singly or in a packet, the postage, when prepaid, is one-halfpenny; but a packet containing two or more registered Newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight, viz., one half-penny for every 2 oz. or fraction of 2 oz.

* The condition of admission to the Register may be ascertained on application to the Secretary of the Post Office.

- 6th. A Newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book packet of the same weight.
- 7th. The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.
- 8th. No Newspaper can be sent through the post a second time for the original postage. For each transmission a fresh postage must be prepaid, except that in the case of re-direction the amount chargeable may be collected on delivery.
- 9th. Every Newspaper, or packet of Newspapers, must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination. If this rule be infringed, the newspaper or packet will be treated as a letter.
- 10th. Every Newspaper must be so folded as to admit of the title being readily inspected.
- 11th. A Newspaper, whether posted singly or in a packet, which contains any enclosures except the supplement or supplements belonging to it, will be charged as a letter, unless the enclosure be such as might be sent at the Book-rate of Postage and the entire packet be sufficiently prepaid as a book-packet, in which case it may be allowed to pass.
- 12th. A Newspaper which has any letter, or any communication of the nature of a letter, written in it, or upon its cover, will be charged as an unpaid or insufficiently paid letter.
- 13th. No Packet of Newspapers must exceed 14 lbs. in weight, nor may it exceed two feet in length or one foot in width or depth.

The words "Parliamentary Proceedings" must be written or printed on the cover of the packet, otherwise it will be treated as an ordinary Book Packet.

Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part, the simple difference only will be charged.

Parliamentary Proceedings may be sent, under the Book Post privilege, to all the Colonies, and to those Foreign States between which and this country there is a Book Post.

BOOK POST.—(1.)—*Inland.*

A Book-Packet may contain, not only books, paper, or other substance in ordinary use for writing or printing, whether plain or written or printed upon (to the exclusion of any written letter, or communication of the nature of a letter), Photographs, when not on glass, or in frames containing glass, or any like substance, and anything usually appertaining to such articles in the way of binding and mounting necessary for their safe transmission by post, but also *Circulars*,—i.e., letters which appear from internal evidence to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is printed, engraved, or lithographed.

- 1st. The postage is one halfpenny for every two ozs., or fraction of that weight.
- 2d. The postage must be prepaid, either by adhesive stamps or by means of a stamped wrapper, or by a combination of the two: except at the Chief and District Post Offices, and the Branch Offices, at Lombard Street and Charing Cross, in London; and the Chief Offices, in Edinburgh and in Dublin; where, from 10 a.m. till 4 p.m., it may be prepaid in money, provided the postage amount to not less than £1 in any one case, and provided the packets are posted in bundles, each representing a postage of 5s.
- 3d. A packet posted wholly unpaid will be charged with double the book-postage, and if posted partially prepaid with double the deficiency.
- 4th. Every book-packet must be posted either without a cover, or in a cover entirely open at both ends, and in such a manner as to admit of the contents being easily withdrawn for examination,* otherwise it will be treated as a letter.
- 5th. A book-packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), not being a circular letter, or not wholly printed, nor any enclosure sealed or in any way closed against inspection, nor any other enclosure not allowed by section 9. (Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter.) If this rule be infringed the entire packet will be charged as a letter.†

* In order to secure the return of book packets which cannot be delivered, the name and address of the senders should be printed or written outside thus, "From —, of —."

† It is the duty of the Postmasters, whenever they have ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine book-packets posted at, or passing through, their offices.

6th. No book-packet may exceed 5 lbs. in weight, or one foot six inches in length, nine inches in width, and six inches in depth.

Post Cards, which bear a halfpenny impressed stamp, are available for transmission between places in the United Kingdom only.

1st. The front or stamped side is intended for the address only. There must be nothing else written, printed, or otherwise impressed on it, nor must there be any writing or printing across the stamp. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed; but such communication must not extend to the front side. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any of these rules be infringed, the Card will be charged 1d. on delivery.

2d. No Card other than one of those issued by the Government will pass under a halfpenny stamp, if it bear on it a written communication of the nature of a letter.

General Regulations.

When, owing to an unusual and great influx of letters, books, &c., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets and post cards may be kept back until the next despatch or delivery.

It is forbidden to put forward by post any indecent or obscene print, paintings, photographs, lithograph, engraving, book or card or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having thereon any other words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will be stopped and sent to the Returned Letter Office.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or the person of any officer of the Post Office. If such a packet be posted without the Postmaster's knowledge, or if at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Secretary. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders, or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion.

GRAIN ROLLING & COFFEE ROASTING WORKS.

A FRENCH Scientific Gentleman, who has directed his attention to the subject of Coffee Roasting, says :—" I have found that Coffee is better roasted, and more of the aroma retained when a double cylinder is used—the air between the interior and exterior cylinders acting as a non-conductor of heat. It is done more uniformly, while the essential oil on which the aroma depends is less liable to be depressed than when exposed to the fierce heat of a fire in a single cylinder."

In the double rotary globular method of roasting as practised at Mr MINTO's Works, Græme Street, Glasgow, the above principle is acted upon, inasmuch as the globe (which has superseded the cylinder since the application of steam power to this branch) revolves in a medium of heated air, which experience has shown best prevents the dispersion of the essential oil or aroma.

FINLAY M'DIARMID,

WHO was upwards of twenty years in the service of Messrs J. & R. TENNENT, WELLPARK BREWERY, Glasgow, begs to inform his Friends and the Public that, as Messrs TENNENT bottle only for exportation, he has opened those extensive Premises at 44 RENFREW STREET, called the CITY OF GLASGOW BOTTLING STORES, for the Bottling of their world-famed Pale Ale and Stout, for home use; and from his knowledge and long experience, he trusts soon to make this brand as popular at home as it has so long been abroad. To ensure the public getting their liquors genuine, as bottled by him, a Patent Capsule is put on each bottle.

All who have travelled abroad know that the Messrs TENNENT'S Beer and Stout are preferred to any other, and it is to make the Red T brand as well known in Glasgow as it is in Asia, Africa, and America, that F. M'D. has ventured upon this undertaking.

The Stores are fitted up on the most approved principle, having great facilities for cleanliness, and an apparatus for keeping an even temperature in the coldest weather, so that parties can depend on getting their Beer in rare condition at all seasons.

REVOLUTION IN THE FAMILY TRADE.

Expense of Bottling Saved.

BEER AND STOUT ON DRAUGHT WITHOUT WASTE.

To those who prefer it on Draught, F. M'D. supplies neat Stoneware Casks, containing $4\frac{1}{2}$ gallons, fitted with Lock Taps and Elastic Vents, specially made for family use. The demand for these casks has been quite unprecedented, owing to their convenient size and cleanliness, and being air-tight, the liquor is drawn off in splendid condition to the last glass.

These Stoneware Casks are so neatly got up that they may stand on a shelf in any apartment, and nothing can be drawn therefrom without the key, which is handed on delivery. The empty is removed, and at the same time replaced by a full one, without any trouble to the purchaser.

The superior tonic properties of the Pale Ale, the rich nourishing quality of the Stout, and the purity of both, are highly appreciated by the medical profession.

SPECIAL NOTICE.

To meet the wishes of numerous customers, F. M'D. has, at considerable expense, erected Machinery for the Manufacture of a Standard Quality of LEMONADE, SODA WATER, POTASS WATER, SARSAPARILLA, GINGER-ALE, &c., &c., and is now prepared to execute orders for same. Delivered Free over a radius of several Miles.
