Foreword

Ada Pellow was a much valued and very active member of Tay Valley Family History Society until her death in 1997. She served on the Council and was for some years our Secretary. Her grandfather had been Pellow, of John Pellow & Co. Ltd. the well-known printer in Lintrathen Street Dundee who had published this register. Ada's particular interest was in the people, buildings and businesses of 18 th century Dundee and in gathering as much information as possible about this city, her birthplace. She gave us a copy of the information in this register which we first published in parts in our journals some years ago. While preparing this book our Publications Co-ordinator, Jack Scott, has found records of two of his lost ancestors so we are hoping this publication may prove equally helpful to many of you. It was Ada Pellow who compiled the booklets of Tay Valley People, which were our very first publications. I know she would be pleased that we are making this information available again. I wish to place on record our appreciation of all the work she did for us.

Margaret S.C. Mill, Chairman, February 2003.
