## *Managers of the POLICE of the City of Glasgow.*

THE Lord Provost, three Baillies, Dean of Guild and Deacon Convener *ex officio*, and twenty-four Commissioners, chosen by Inhabitants possessing houses of £10. yearly rent and upwards. The Funds for defraying the Expence to be raised in the following manner.

<i>On the yearly rent of subjects rented or valued</i>	<i>An annual assessment not exceeding</i>
At 4l. and under 6l. sterling yearly, -	4d. per pound sterling,
At 6l. and under 10l. do. -	6d. do.
At 10l. and under 15l. do. -	9d. do.
And at 15l. sterling yearly or upwards,	12d. do.

The City is divided into twenty-four Wards, or Districts; under the inspection of twenty-four Commissioners, chosen upon the first Monday of September annually. Mr. James Mitchell, Master of Police; 15 Officers, 3 of whom are Constables; 74 Watchmen, and 14 Scavengers.

## REGULATIONS.

A Constable with four of the above Officers attend regularly at the Police Office, Candleriggs, to call the roll of the Watchmen, half an hour before they take their station, and mark such

as are absent. The Constable and Officers are thereafter to patrol the streets until between two and three in the morning, or longer if necessary; to observe if the Watchmen are doing their duty; to apprehend vagrants and disorderly persons; and to give, in writing, a report of the whole transactions, in the morning, to the Master of Police.

The Watchmen are to be on their respective Stations, in the months of April to September inclusive, at 10 o'clock at night, and continue till 5 in the morning; and in the months of October to March inclusive, at 9 o'clock at night, and continue until 6 in the morning.

*The Compiler of this Work having obtained a complete Copy of the plan adopted in numbering the houses, shops, &c. within the City, in April 1802, he thinks it may not be an unacceptable addition to insert it at length, for the sake of information and caution to the inhabitants.*

THE Lord Provost and Magistrates having given orders that all the houses, shops, warehouses, and cloffes, or other entries within the City shall be numbered with figures painted on the doors or other conspicuous parts thereof; and the name of each street shall be painted on the corner houses, and having remitted the execution of it to the Board of Commissioners under the Police Act, intimation is hereby given, that any person who shall wilfully deface any of these numbers or names of Streets, when painted, shall, for every such offence, forfeit a sum not above 40s. nor under 10s. Sterling; and, in future, in all new paintings of shop doors, &c. where a temporary defacing of the number may be unavoidable, the occupier will be careful to replace the original number on a conspicuous part, and in a figure easily legible, within the space of ten days after having been so defaced, certifying to those who refuse or neglect to do so, if their doors be without number for above 10 days, that they are liable in the same penalties as those are, who wilfully deface numbers, as mentioned above. *See Advertisement published in all the Glasgow Newspapers, and posted up on the most conspicuous parts of the City, dated 20th April, 1802.*

The following is the plan adopted by the Board of Police in consequence of the above remit from the Magistrates.

I. The name of every Street is painted on each of the two Corner houses, at each end of it, and, also on each Corner-house where it crosses any other Street.

II. Every Street has a set of numbers for itself, beginning at No. 1, and going on progressively to the greatest Number contained in it.

III. Every Front-door in the Ground-flats, and every intervening Cloff or Entry, has a progressive Number; for example, No. 1, being a Shop or House, a Cloff or Entry coming next, is No. 2, and a Shop next again, is No. 3, and so on.

IV. The No. 1, in each Street, is put on the first Front door on the left hand side, and continuing on that side with the Numbers progressively, to the extremity; it crosses over to the opposite side, and the following Number is painted on the first Front-door there, continuing the progression to the end opposite to which it began.

V. As a Ground-flat presently entered to by only one Front door, may be altered into Shops, &c. so as to have two or more Front-doors, and thereby occasion an alteration in the numbers; in order to guard against this, where any such house occurs, as many Numbers are omitted as it may be thought this house may produce of additional Front-doors. If the House is fifty feet long, three Numbers are omitted; if forty feet long, two Numbers; and, if thirty feet long, one Number. For example, if such a house falls to be No. 20, and if fifty feet long, the one Door that is in it, is painted No. 20, and the Numbers 21, 22, and 23, are omitted; (but, if the house has no Front-door, but enters by a Clofs belonging to the adjoining Tenement, then No. 20, is also omitted) and the next door or Clofs is painted No. 24: but this rule is confined to Streets where there is a probability of such alterations taking place.

VI. As in several of the New Streets vacant Grounds occur, a rule similar to the last is observed; that is, by omitting four Numbers for every fifty feet of vacant Ground, and so in proportion for a less quantity of Ground.

VII. Every Clofs or other Entry, has within it a set of Numbers for itself, beginning at No. 1, and going on progressively to the greatest Number contained in it. For example, a Clofs, whatever its Street number may be, the first House, Warehouse, &c. within, on the left-hand side, is painted No. 1; the next No. 2, and so on to the head of the Clofs; then crossing, it returns on the right-hand side, back to the Clofs: but where it happens that a Clofs has no Houses on the left-hand side, then the No. 1. is painted on the Door that is farthest up in the Clofs on the right-hand side; and where a Stair-case contains more possessions than one, after the Numbers 1, 2, and so on, have been painted on the several Doors, whatever Number it contains in whole, is painted in abridgment on the Lintel or Entry to it. For example, if it contains five Numbers within, there is painted on the Lintel or most conspicuous part of the Entry into it, No. 1 to 5.

VIII. The blanks left by omitting Numbers, as in Clauses V. and VI. it is probable, will be found sufficient for all additional Front-doors, which may for a long time be produced. But, if it shall happen that a Front-door is produced, for which no Number has been left, such Door is to be painted with an intermediate Number. For example, if this Door comes immediately between No. 20, and 21, it is to be painted No.  $\frac{20}{2}$ , to signify, that it is the second possession of this Number.

This rule will easily apply to possessions divided within Cloffes, &c. and is greatly preferable, on many accounts, to any attempt to regulate, by *new-painting*, the whole Numbers in a Street, or in a Clofs.

If the Inhabitants are attentive to keep up their Numbers in a legible state, agreeably to the above, it will be easy for the Publisher of this Work to give the shortest and at the same time most accurate Direction to their lodgings, even where these are within Cloffes, by inserting the name, Street number, and interior number, all in a line, E. G. John Brown, No. 22, 11, High-street; that is, in Clofs, No. 22, and No. 11, within that Clofs. And they will observe, that if they suffer their Numbers to be obliterated, and do not immediately replace them, they incur penalties.
