This society differs in its principles from other offices. Instead of charging rates higher than are necessary, and afterwards returning the excess in the shape of periodical bonuses, it gives from the first as large an assurance as the premiums will with safety bear—reserving the whole surplus for those members who live long enough to secure the common fund from loss.

A policy for £1200 to £1250 may thus at most ages be had for the premium usually charged (with profits) for £1000 only; while, by reserving the surplus, large additions have been given—and may be expected in the future—on the policies of those who live to participate.

The 43d Annual General Meeting was held on 27th April 1881.

The new assurances in 1880 were 1769 for £1,054,566; premiums received, £399,538; total receipts, £566,444.

The funds (increased in year by £283,922) were, at 31st December, £3,913,252.

The cost of management (excluding income tax) was 9-4 per cent. on the premiums, and 6-5 per cent. on the total income. And it may be noted that the ratio of expenditure has steadily fallen, as the income increased, in each succeeding year of the septennium.

The septennial progress is shown in the following table:

Fifth septennial investigation.

The report showed a surplus of £624,473, which, after reserving one-third (£208,158) as a guarantee, falls to be divided in terms of the laws. The number of policies entitled to participate is now 6662, notwithstanding which the rates of addition will be quite as high as at any since the first. The additions to policies sharing for the first time will vary from 17 or 18 to upwards of 80 per cent.

Reports, with statement of principles, may be had on application.

Edinburgh, May 1881.

James Watson, Manager.

BOYLE'S PATENT
SELF-ACTING
AIR-PUMP VENTILATORS

Effectually Extract the Foul Air; have no Mechanical Movement; are Entirely Free from Down Draught; and can be Constructed to Harmonize with Every Style of Architecture.

They are pronounced by the highest authorities to be the most efficient Ventilators yet invented.

Soil Pipe Ventilator (specially made), 10 in. diam., 3-in. Pipe, $32.6d.

"Boyle's Patent Self-Acting Air-Pump Ventilator, which does not revolve, is the best Soil Pipe Ventilator that I know of."—Ernest Turner, Esq., F.R.I.A.

ROBERT BOYLE & SON,
VENTILATING AND SANITARY ENGINEERS,
110 BOTHWELL STREET, GLASGOW,
AND
64 HOLBORN VIADUCT, LONDON, E.C.

"Since these excellent Ventilators have been introduced, we have now got perfect methods of Ventilation."—Dr. B. W. Richardson, F.R.S.

TESTIMONIALS.

From the late Sir GILBERT SCOTT, Architect.

"I have used your Patent Self-Acting Air-Pump Ventilators with complete success. From experience of them in my own house and other buildings—public and private—where they have been applied under my direction, I can confidently and will always have great pleasure in recommending them."

From ARTHUR CATES, Esq., F.R.I.A., Architect to the Crown, etc.

"I have used your Air-Pump Ventilator with satisfactory results. Those fixed under my direction at the Library of the Inner Temple have realized my expectations, and completely fulfilled the object which I had in view. I consider this application of them a severe test, and the success which has attended it confirms the statements which you make as to their efficacy."

From Sir WILLIAM THOMSON, F.R.S.

"I have seen several different forms of Mr. Boyle's Air-Pump Ventilators in actual operation, and have much pleasure in testifying to their efficiency. They thoroughly realize the favourable anticipations which I formed from experiments on models shown to me by Mr. Boyle. Having one fitted up in my yacht, I find it has caused a very decided improvement in the draught."

**Explanation.**—In the Left-hand Table are the years of the Century, and above each is the Dominical Letter corresponding with that Year. Then, opposite to the Month, at the foot of the Right-hand Table, will be found a corresponding Letter, over which are placed the Days of the Month and Week for that Month (distinguishing the Sundays by a different type). Each Blank Space in the Left-hand Table shows the Year following to be Leap Year; and as every Leap Year has two Dominical Letters, the Letter above the Blank Space must be used for January and February in every Leap Year; and for the other months, use the Letters belonging to the respective Years.

By transposing the Dominical Letters, this Calendar would answer for any Century.

SEVENTH DIVISION OF PROFITS, 1881.

The Seventh Investigation of the Affairs of the Association took place as at Christmas 1880.
The Valuation of the Policies was based on the Institute of Actuaries Table of Mortality combined with 3½ per cent. Interest, valuing only the 'Pure' or 'Nett' Premiums ('negative values' being strictly excluded) without taking into account the 'Loading' or additions originally made thereto to provide for future Expenses and Profits; the Present Value of the whole 'Loading' thus reserved being £222,544. The Assets and Liabilities of the Office as at Christmas 1880 stood as follows:—

TOTAL ASSETS, including the Present Value of the Nett Premiums.  £2,316,982 3 4
TOTAL LIABILITIES, including the Present Value of the Sums Assured and previous Bonus Additions, 2,209,212 10 0

Leaving a Free Divisible Surplus of £107,769 18 4

without encroaching in any way on the Reserve for Future Expenses and Profits.

Ninety Per Cent. of the Divisible Surplus was appropriated to the Assured, to provide for the following REVERSIONARY BONUS ADDITIONS to all Policies entitled to participate in Profits, viz.:

1. To the WHOLE TERM POLICIES a REVERSIONARY Bonus at the rate of ONE-AND-A-HALF PER CENT. PER ANNUM on the SUM Assured.
2. To the ENDOWMENT-ASSURANCE POLICIES, payable at Specified Ages, a REVERSIONARY Bonus at the rate of ONE PER CENT. PER ANNUM on the SUM Assured.

The Eighth Quinquennial Investigation will take place at Christmas 1885. Policies effected during 1881, under full Annual Premiums, with Profits, will be entitled to FIVE YEARS' Bonus Additions at the Division of Profits then to be made.

FAMILY TRUST POLICIES.—Non-Forfeiture Policies are now issued under the 'Married Women's Policies of Assurance (Scotland) Act, 1880,' securing Family Provisions free from control of creditors and without a separate Trust Deed.

LOANS are granted, in connection with Life Assurance, on Life, Interests, Reversions, and other approved securities.

RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

INLAND LETTERS.

The prepaid rates of postage are as follows, viz.:

For a letter not exceeding 1 oz., . . 1d.

" " above 1 oz., not exceeding 2 oz., 1½d.

" " 2 oz. " 2 oz., 2d.

" " 4 oz. " 6 oz., 3d.

" " 6 oz. " 10 oz., 4d.

" " 8 oz. " 2 oz., 5d.

" " 10 oz. " 1 oz., 6d.

A letter exceeding the weight of 12 oz. is liable to a postage of 1d. for every ounce, beginning with the first ounce. Thus a letter weighing between 15 and 1 ounces must be prepaid 1s. 3d.

A letter posted unpaid is chargeable on delivery with double postage; and a letter posted insufficiently prepaid is chargeable with double the deficiency.

No letter may exceed the dimensions of 18 inches in length, 9 inches in width, and 6 inches in depth, unless it be sent to or from one of the Government offices.

COLONIAL AND FOREIGN LETTERS.

The rates of postage on letters to foreign countries and the colonies are entered in the Table of Foreign and Colonial Postage.

A letter posted unpaid, or paid only in part, to any country where prepayment is compulsory, is returned to the writer.

Letters posted unpaid (wholly or in part) for Australia, New Zealand, Cape Colony, or Natal, are charged 6d. each; in addition to the deficient postage, and those for Barbadoes, St. Helena, and St. Vincent, are charged 1s. each in addition to the deficient postage. Unpaid letters addressed to countries in the Postal Union are charged double the prepaid rate, and those partially prepaid are charged with double the deficiency.

The same rates are chargeable in this country upon unpaid or insufficiently paid letters received from the above-named places.

No letter for any colony or foreign country may be above 3 feet in length, or 1 foot in width or depth.

Letters not specially directed by a particular route are forwarded by the route immediately following the name of the place in the Table of Colonial and Foreign Postage:
**INLAND POST CARDS.**

**FOREIGN POST CARDS.**

Foreign post cards (1d., and 1½d. each) may be sent to any of the countries in the Postal Union, but to India and the East Asia Brindisi an additional ½d. is charged. See Table of Foreign Postages, pp. 634–640.

**INLAND NEWSPAPERS.**

Under the Post Office Act, 1870, any publication fulfilling the conditions hereafter named can, upon payment of an annual fee of ½s., be registered at the General Post Office to pass within the United Kingdom as a newspaper for the postage of one half-penny. Without such registration, no newspaper is entitled to be sent through the post at less than the book rate of postage.

The conditions are as follows:

The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

It must be printed and published in the United Kingdom, must be published in numbers at intervals of not more than seven days, and must be printed on a sheet or sheets unstitched.

The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to 'Tables of Contents' and 'Indices.'

A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or on a piece or pieces of paper, unstitched; or wholly or in part of engravings, prints, or lithographs illustrative of articles in the newspaper. The supplement must in every case be published with the newspaper, and must have the title and date of publication of the newspaper printed at the top of every page; or, if it consist of engravings, prints, or lithographs, at the top of every sheet or side.

Registration for inland circulation includes registration for transmission abroad.

For each inland newspaper, whether posted singly or in a packet, the postage, when prepaid, is one half-penny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight—viz., one halfpenny for every 2 oz. or part of 2 oz.

A newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be treated as an unpaid or insufficiently paid book packet of the same weight.

The postage must be prepaid either by an adhesive stamp or by the use of a stamped wrapper.

No newspaper can be sent through the post a second time for the original postage; for each transmission a fresh postage is required.

Every newspaper or packet of newspapers must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination. A newspaper must not be fastened in its cover by means of gum, sealing-wax, postage-stamp, or otherwise.

If this rule be infringed, the newspaper or packet will be treated as a letter.

Every newspaper must be so folded as to admit of the title being readily seen.

A newspaper, or a packet of newspapers, which
contains any enclosure except the supplement or supplements belonging to it, is charged as a letter, unless the enclosure be such as might be sent at the book rate of postage, and the entire packet be sufficiently prepaid as a book packet, in which case it is allowed to pass.

A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, will be charged as an unpaid or insufficiently paid letter.

No packet of newspapers must exceed 14 lbs. in weight, nor may it exceed 2 feet in length or 1 foot in width or depth.

**COLONIAL AND FOREIGN NEWSPAPERS.**

The rates of postage to the colonies and foreign countries on newspapers registered for transmission abroad will be found in the Table of Colonial and Foreign Postage.

The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission a newspaper may be published at intervals of thirty-one days, and that it may be printed (but not its supplement) on sheets stitched together. Moreover, ‘prices current’ and ‘market reports,’ but not private price-lists or trade catalogues, are admitted to the same privileges as newspapers for foreign transmission, provided they are published at intervals not exceeding thirty-one days.

Publications registered for transmission abroad must be posted within eight days from the date of publication, including that date; but if posted later, must be prepaid the book rate of postage.

The collected numbers issued during the month of a weekly or fortnightly publication are not allowed to pass as a monthly publication.

The postage must be prepaid with postage labels only.

Every newspaper or packet of newspapers must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of easy removal for examination.

Every newspaper must be so folded as to admit of the title being readily seen.

No newspaper, whether posted singly or in a packet, may contain any enclosure except the supplement or supplements belonging to it.

There must be no writing or other mark on a newspaper sent abroad but the name and address of the person to whom it is sent; or anything on the cover but such name and address, the printed title of the publication, the printed name and address of the publisher or vendor who sends it, and words indicating the date on which the subscription to the newspaper will end.

No packet of newspapers must exceed 2 feet in length or 1 foot in width or depth. For limit of weight, see Table of Colonial and Foreign Rates.

**INLAND BOOK POST.**

The postage is one halfpenny for every two ounces or part of that weight.

A packet posted wholly unpaid will be charged with double the book postage; and if posted partially prepaid, with double the deficiency.

A book packet may contain, either of separate books or other publications, photographs (when not on glass or in cases containing glass or any like substance), drawings, prints, or maps, and any quantity of paper, or any other substance in ordinary use for writing or printing upon; and the books or other publications, prints, maps, etc., may be either printed, written, engraved, lithographed, or plain, or any mixture of these. Further, all legitimate binding, mounting, or covering of a book, etc., or of a portion thereof, is allowed, whether such binding, etc., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, pens or pencils in the case of pocket-books, etc., and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, etc., must not be sent as a separate packet.

**Circulars,** i.e. letters which, from internal evidence, appear to be intended for transmission in identical terms to several persons, and the whole or the greater part of which is produced by ordinary type, engraving, or lithography, or any other mechanical process, may also be sent by book post.

Every book packet must be posted either without a cover or in a cover entirely open at both ends, and in such a manner as to admit of the contents being easily withdrawn for examination; otherwise it will be treated as a letter.

A book packet may not contain any letter, or communication of the nature of a letter (whether separate or otherwise), unless it be a circular letter, nor any enclosure sealed or in any way closed against inspection, nor any other enclosure not allowed. (Entries, however, merely stating who sends the letter or to whom it is given, are not regarded as letters.) If this rule be infringed, the entire packet will be charged as a letter.

No book packet may exceed 5 lbs. in weight, or 18 inches in length, 9 inches in width, and 6 inches in depth, unless to or from one of the Government Offices.

When, owing to a great and unusual influx of letters, books, etc., the transmission or delivery of the letters would be delayed if the whole mail were dealt with without distinction, book packets may be kept back till the next despatch or delivery.

**COLONIAL AND FOREIGN BOOK POST.**

Articles which may be sent to places abroad under the Book Post Regulations consist of two classes, as follows:

(a) Commercial Papers, under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or commercial documents of any other character, such documents as libraries or other classes of articles, or documents having the character of an actual and personal correspondence), documents of Legal procedure, Deeds drawn up by public functionaries, copies of or extracts from Deeds under private seal (and whether written or printed on stamped or un stamped paper), Way Bills, Bills of Lading, Invoices, and other documents of a mercantile character, documents of Insurance and other public Companies, all kinds of manuscript Music, the manuscript of Books and other literary works, and other papers of a similar description.

(b) Printed Papers, including periodical works, books (stitched or bound), pamphlets, sheets of music (printed), visiting cards, address cards, proofs of printing (with or without the manuscript relating thereto), engravings, photographs (when not on glass or in frames containing glass), drawings, plans, maps, catalogues, prospectuses, announcements, and other printed, written, engraved, or lithographed, and in general all impressions or copies obtained upon paper, parchment, or card-board by means of printing, lithographing, or any other mechanical process easy to recognise, except the copying press, and anything usually attached or appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post which
shall be contained in the same packet; also printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters or communications in the nature of a letter.

The two classes are subject to different rates of postage when addressed to countries in the Postal Union, the rate for printed papers being lower than for commercial papers. If there be any mixture of the two in the same packet, the whole packet is subject to the higher rate.

Every packet must be posted either without a cover (in which case it must not be fastened, whether by means of gum, wafer, sealing wax, postage stamp, or otherwise), or in an open cover so as to admit of the contents being easily withdrawn for examination; otherwise it is treated as a letter. For the greater security of the contents, however, it may be tied at the ends with string; Postmasters being authorised to cut the string in such cases, although if they do so they must again tie up the packet.

The limit of size and weight and rates of postage are given in the Table of Colonial and Foreign Postage.

The following information relates to Books and Photographs for the United States:

- The only Books absolutely free from Customs Duty under the United States laws are those which have been printed more than 20 years; and Pamphlets, Periodicals, and other like publications, for the personal use of the individual to whom they are addressed. Nevertheless any book valued at not more than one dollar is also considered as exempt from Customs Duty; and so are Photographs, when sent in limited numbers, for the private use of the person to whom they are addressed, or for distribution to relatives or friends.

**COLONIAL AND FOREIGN PATERN AND SAMPLE POST.**

There is a Pattern and Sample Post to colonies and foreign countries generally; but it is restricted to bona fide trade patterns or samples of merchandise. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually patterns or samples, are not admissible.

No article liable to Customs Duties can be sent as a sample of pattern.

The rates of postage will be found in the Table of Colonial and Foreign Postages.

Patterns or samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be in the covers of this kind, may be posted enclosed in boxes or in bags of linen or other material, fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any packet except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles. But a packet for any country in the Postal Union may have enclosed in it any of the articles designated as 'Commercial Papers' if the rate applicable to Commercial Papers be paid for the whole packet.

Samples of saleable value must not be sent to any foreign country, or to any British possession included in the Postal Union. Samples of elder down, raw or thread silk, woollen or goats' hair thread, vanilla, saffron, carmine, or isinglass, are considered to fall under this rule if they weigh more than three ounces.

Such articles as scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the small bags and the officers of the Post Office, while at the same time they may be easily examined, may be sent as samples to places abroad. Indigo cannot be sent to any place abroad.

The limit of weight is not the same to all countries. See Table of Colonial and Foreign Postages. A packet of patterns or samples sent to any place in the Postal Union must not exceed 8 inches in length, 4 inches in width, and 2 inches in depth, except to Belgium, France, Greece, Luxembourg, Portugal, and the United States, the limit to which is 12 inches in length, 8 inches in width, and 4 inches in depth. The size in all other cases is limited to 24 inches in length by 12 inches in width or depth.

**PARCEL POST TO INDIA AND CEYLON.**

The Indian Parcel Post is not connected with the British Post Office, but is an arrangement between the Peninsular and Oriental Steam Navigation Co. and the Post Office Departments of India, Ceylon, and Straits Settlements to receive parcels for delivery at any post town or district throughout India and Ceylon at a uniform rate of 1s. per pound, and the Straits Settlements at 1s. 4d. per pound, or fraction thereof.

This charge covers the conveyance from London to the address in India, etc. (but does not include duty), and may either be prepaid or paid on delivery.

Parcels intended for this conveyance must be sent either to the Company's Office, 122 Leadenhall Street, E.C., or to their Branch Office, 25 Cockspur Street, S.W., London, by 2 o'clock p.m., Monday, in each week, legibly addressed to their destination in India, marked 'To be forwarded by IndianParcel Post.' If sent to the Company's Office by post or other conveyance, the Indian address must be put on an inner cover. In all cases they must be accompanied by a letter of advice to the Company, giving name and address of each package, and value and condition for Custom-house clearance, and also distinctly stating whether carriage is to be prepaid or not. If for prepayment, a cheque or P.O. Order for the amount must be enclosed in the letter, payable to Mr. A. M. Bethune, Secretary, or when sent to Cockspur Street, to Mr. F. H. Firth, Agent. Particular attention is requested to these regulations in order to save any delay in the despatch of parcels.

Parcels conveyed under these regulations must not exceed 50 pounds in weight, and 2 ft. x 1 ft. in measurement, nor be more than £50 value. Jewellery, gold, and silver ware, watches or precious stones, are charged an additional ad valorem rate of 1s. on every £5 or fraction of £5, which must be prepaid. They should be entirely closed, and any articles liable to suffer from crushing must be in a strong wooden case not less than half-inch thick (optional). Packages not in wood must have an outer covering of stout canvas if measuring one cubic foot and upwards.

Senders of parcels from the country will receive a receipt for them in due course; and if required, the Company will effect insurance against sea and land risks. The charge for insurance, which must in all cases be prepaid, will be 1s. for every £5 or fraction thereof up to £50.
Packages of a fragile nature, or containing liquids, or articles of a dangerous or damaging nature, will not be received.

Reduced Rates for Books.—The rate for books is 6d. per lb. or fraction of a lb.

If any other article is found enclosed in the book packet when examined by the Customs at Bombay, an extra rate of 2s. per lb. on the package will be charged to the addresses.

SPECIAL RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

ADDRESSES TO THE QUEEN, AND PETITIONS TO PARLIAMENT.

Petitions and addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or in covers open at the ends. No letter or other enclosure, however, must be inserted; and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter. There is no limit to size.

PARLIAMENTARY PROCEEDINGS.

Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the rate of 4d. for every two ounces or fraction of that weight.

The words 'Parliamentary Proceedings' must be written or printed on the cover of the packet; otherwise it will be treated as an ordinary book packet.

Prepayment, when the circulation is within the United Kingdom, is optional; and when paid in part, the amount deficient only is charged.

Parliamentary proceedings may be sent, under the book post privilege, to all the colonies, and to other foreign states between which and this country there is a book post.

The limit of size prescribed for ordinary book packets does not apply to printed parliamentary proceedings.

PARLIAMENTARY NOTICES.

Parliamentary notices may be forwarded through the post under the following regulations:

The words 'Parliamentary Notice' must be legibly printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the solicitor issuing such parliamentary notice should also be legibly printed or written on the face of the letter; though this is not imperative.

These notices must be posted at any Post Office at which money order business is transacted.

All notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December, must be posted not later than the 12th December, unless the 12th fall on a Sunday, when they must be posted not later than the 11th; but those notices which, by the same orders, may be served after the 15th, must be posted not later than the 18th, unless the 18th falls on a Sunday, when they must be posted not later than the 17th December.

The postage chargeable on these notices, and the registration fee of 6d. on each, must be prepaid by stamps.

The notices must be posted at the Post Office window, accompanied with duplicate lists of the addresses; the notices being arranged, for the convenience of comparison, in the order of the list.

These lists will be examined by the officer in attendance at the window; and if they correspond with the addresses, he will sign and stamp every sheet of each list. One of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

The hours for receiving such notices are the same as those for the registry of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office; in which case the postmaster may appoint any other time within the next twenty-four hours for receiving the same, provided that, when the notices are to be served on or before the 15th December, such arrangement do not delay the posting beyond the 12th.

Directed parliamentary notices are, like letters, liable to an additional rate of postage.

The senders of parliamentary notices should, if possible, arrange on the previous day with the postmaster as to the most convenient time for posting them, and state the probable number.

LETTERS FOR NON-COMMISSIONED OFFICERS, SOLDIERS, AND SEAMEN IN HER MAJESTY'S SERVICE.

Non-commissioned officers, bandmasters, army schoolmasters (not being superintending schoolmasters or schoolmasters of the 1st class), schoolmistresses, private soldiers, or seamen belonging to Her Majesty's ships, whether serving on sea or land, and whether in a British possession or foreign country, as also enrolled pensioners in Canada, and the Cape Mounted Rifles, can send and receive letters by packet or man-of-war, for a postage of 1d.; but if any such letters have to pass through a foreign country, they are subject, in addition, to the foreign postage, whatever that may be. Thus, the postage to the under-mentioned countries (including the British charge of one penny) is as follows:

To or from—                                   s. d.
Australia, via Brindisi                        0 2
Mauritius, by French packet                    0 3
Chili, Peru, or any other place in the South
Pacific, via Southampton and Panama, and
Bermuda, via New York                          0 2

The person claiming the privilege must at the time be actually employed in the service of Her Majesty's first-class, or must be entitled to receive a commissioned officer or warrant officer, viz., assistant engineer, gunner, boatswain, or carpenter, the privilege not extending to these officers.

If the letter be posted within the United Kingdom, the penny must be prepaid, as must any foreign postage that may be chargeable. If posted abroad, prepayment is not compulsory; but if the letter be sent unpaid, it is on delivery charged twopenny, together with any foreign postage that may be chargeable.

The letter must not weigh more than 4 oz., and must relate entirely to the private concerns of the soldier or seaman.

The name of the soldier or seaman, with his
class or description, must appear in the direction, and the officer having the command must sign his name, and specify the ship or regiment, corps or detachment, to which the soldier or seaman belongs; the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms:

SEAMEN.
From A. B., Seaman, H.M.S. — (Here the direction of the letter to be inserted.)
C. D., Captain (or other Commanding Officer), H.M.S. —
To A. B.,
Seaman, H.M.S. — (Here the direction of the letter to be finished.)

SOLDIERS.
From A. B., Sergeant, etc. — Regt. — (Here the direction of the letter to be inserted.)
C. D., Colonel (or other Commanding Officer), Regt. —
To A. B.,
Private (or Sergeant, Corporal, etc.) — Regt. — (Here the direction of the letter to be finished.)

If the letter be posted in the United Kingdom for a place aboard, unpaid or insufficiently paid, or if the class or description of the soldier or seaman be not written in the address, it will be detained, and returned to the writer for payment of the postage.

LETTERS FOR PASSENGERS ON BOARD MAIL PACKETS.
Letters for passengers on board the packets for America touching at Queenstown, or on board the Mediterranean packets about to sail from Brindisi with the mails for India, Australia, China, etc., may be posted up to the time at which ordinary registered letters going out of it. Letters for passengers by the Canadian packets touching at Londonderry may, under similar conditions, be posted up to the same time as ordinary registered letters for Canada, and must be addressed to the ‘care of the officer in charge of the mails.’

Letters directed Post Restante, Suez, and despatched by the mail via Brindisi, will probably reach passengers for India, etc., who have sailed in the packet from Southampton the previous week.

LETTERS BY PRIVATE SHIPS.
Letters intended to be sent by private ship must be addressed ‘By Private Ship;’ and if by a particular vessel, the name of the ship must be added. The postage of a letter by a private ship is as follows:

<table>

<tr>

Letters cannot be sent unpaid to the countries marked thus (*). The postage for letters weighing more than 3 oz. advances in the same manner as that for letters sent by mail packets. Unpaid letters coming into this country are charged the same rates as unpaid letters going out of it.

Book packets and patterns may be sent for the same postage as by mail packets to all places to which there are mail packets.

Newspapers by private ships must be prepaid 1d. each per 4 oz.

REGULATIONS AS TO PREPAYMENT, REGISTRATION, ETC.

MODES OF PREPAYMENT.
Inland letters, newspapers, and book packets can only be prepaid by means of postage stamps, except at the General Post Office, Edinburgh, where letters and book packets may, from 10 a.m. to 4 p.m., be prepaid in money, provided the amount be never less than 2d., and that the letters and book packets be tied in separate bundles of 6s. each, with the addresses arranged in the same direction.

REGISTRATION (INLAND AND FOREIGN).
The fee for registering a letter, newspaper, or book packet passing between any two places in the United Kingdom is 2d.

No letter or postal packet addressed to initials or to a fictitious name can be registered, unless addressed to the care of a person or firm. Every letter presented for registration must be securely fastened, and if coin be sent such must be packed in such a way as to move about as little as possible.
The fee chargeable to places abroad will be found in the Table of Colonial and Foreign Postage. To some countries a letter can be registered only to the port of arrival, and to a few countries there is no arrangement for registration.
The sender of a registered article addressed to any foreign country or British colony in the Postal Union may obtain an acknowledgment of its due receipt by the addressee on paying a fee of 2½d. at the time of registration.

Registered letters, etc., must be prepaid as regards both postage and registration fee; except official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

Every letter, etc., to be registered must be given to an agent of the Post Office, and a receipt obtained for it, and should on no account be dropped into the letter-box. If an article marked ‘registered’ be dropped into the letter-box, directed to any place in the United Kingdom, it will be liable to a registration fee of 8d., instead of the ordinary fee of 2d.; and if posted containing coin, watches, or jewellery, without being registered, will be treated in like manner.

Letters containing coin for any of the British colonies not in the Postal Union can be registered, and if posted unregistered, they are treated as inland letters under similar circumstances.

Registered letters require to be posted at General Post Office thirty minutes, and receiving offices fifteen minutes, before the closing of the box for ordinary letters; but upon payment of a late fee of 4d. they may be registered at General Post Office until the closing of the letter-box for ordinary letters for each dispatch.

The registration of a packet makes its transmission much more secure, inasmuch as, under ordinary circumstances, a registered packet can be traced through its whole course; and thus the loss of a registered packet is a very rare occurrence. Nevertheless, large sums of money or other articles of great value should not be sent through the post, as the machinery of the department is not arranged
with a view to such transmissions. If sent unregistered valuable articles are exposed to risk, and offer a temptation which ought not to be afforded.

Letters containing coin, jewellery, or precious articles, cannot be accepted for registration to any country in the Postal Union.

By law the Postmaster-General is not responsible for the safe delivery of registered letters or packets, but he is prepared to make good the contents of a registered letter lost while passing through the post to the extent of £2 in certain cases, provided—

1. That the sender of the letter duly observed all the conditions of registration required;
2. That the letter was securely enclosed in a reasonably strong cover; and if it contained money, that it was enclosed in one of the registered letter envelopes sold by the Post Office for the purpose;
3. That application was made to the Secretary of the Post Office immediately the loss was discovered;

[When the complaint is that the contents of a letter have been abstracted, the envelope must accompany the application, otherwise the question will not be entertained.]

4. That the Postmaster-General, whose decision shall be final, is satisfied that the loss occurred while the letter was in the custody of the British Post Office, and was not caused by any fault on the part of the sender.

No town letter-carrier is allowed to take a letter to be registered; but in country places where no Post Office is near, letters will be registered by rural post messengers on their walks, whenever it is practicable for them to do so.

RE-DIRECTION AND DELIVERY.

Every inland re-directed letter, post card, or other postal packet, is liable to an additional postage (at the prepaid rate) for each re-direction, unless both the original and the second address be within the delivery of the same Post Office, and the re-direction be made by an officer of the Post Office. Thus, on a paid or unpaid letter not exceeding 1 oz. in weight, re-directed, either by officer of the Post Office, or by any one else, to a different delivery, an additional prepaid rate of postage is levied.

An inland registered letter, when re-directed to any place within the United Kingdom, is only liable to the same additional charges as an ordinary letter.

Letters, etc., sent to or received from a country of the General Postal Union, and re-directed to any country within the Union, are not liable to any additional charge, nor, if registered, to an additional registration fee; such, however, as have been in the first instance addressed to a place in the country where they were posted, are chargeable on re-direction to the ordinary inland rate of the country to which they are re-directed, but, if registered, without additional fee.

Letters, etc., addressed from one part of the United Kingdom to another, and then re-directed to a country not in the Postal Union, are liable to an additional colonial or foreign rate, and, if registered, to an additional fee for registration.

Letters, etc., received here from a country not in the Postal Union, and re-directed to another country not in the Postal Union are liable to an additional colonial or foreign rate, and, if registered, to an additional fee: if re-directed to some place within the United Kingdom, they are liable to an additional inland rate; and, if re-directed to any country of the Postal Union, they are liable to the rate to that country. In the two latter cases, letters, if registered, are not liable to any additional fee.

Letters, etc., received from any country of the Postal Union, and re-directed to a country not in the Postal Union, are liable to an additional colonial or foreign rate, and, if registered, to an additional fee.

If an inland registered letter, when re-directed, instead of being taken back to the Post Office to be dealt with as a registered letter, is dropped into the letter box as an ordinary letter (the word ‘registered’ not having been erased, or having been erased in pencil only), it is surcharged with a registration fee of eightpence, less the value of any stamps affixed for registration.

Exceptions.—No charge for re-direction is made on Government letters; nor is any charge for re-direction made on newspapers from any place abroad, unless they have been opened, in which case they are liable to postage as books.

Further: Letters addressed to commissioned officers in the army, navy, or ordnance, or to schoolmasters or schoolmistresses in the army, or non-commissioned officers, private soldiers, or seamen employed on actual service in any of Her Majesty’s colonies, or on any foreign station, and who, before receiving the letters, may have registered them in their return home or to another station, may be re-directed to such officers, private soldiers, or seamen, etc., when these have removed upon service, and will be delivered to them without any charge for re-direction, provided they do not exceed half an ounce in weight.

Notices of removal and applications for letters to be re-directed must in all cases be duly signed by the persons to whom the letters are addressed; printed applications must be addressed to the General Post Office. Persons who are about to change their residence should inform their correspondents beforehand of their intention.

No person living within the town free delivery, unless he rent a private box, can obtain his letters at the General Post Office.

Private Boxes and Bags.—The fee for a private box is £3 per annum, and if for a private bag, £1 additional, payable in advance.

POSTAGE, TELEGRAPH, AND RECEIPT STAMPS.

Postal labels are of the respective values of 6d., 1d., 3½d., 2d., 2½d., 3d., 4d., 5d., 6d., 1s., 2s., 6½d., and 2s. 2d. Each stamp is embossed, and the face of each is embossed with the word ‘POSTAGE’ in gold letters. These stamps are of four sizes, viz., 4½ × 3¼, 5½ × 3, 5½ × 3, and 4½ × 2½, and are sold thus: the largest size at 2s. 2d., other sizes at 2s. 2d. per packet of 24. Registered Letter envelopes are of five sizes, viz.: 5½ × 3, and 6 × 3, sold at 2½d. each, or 2s. 2½d. per doz. ; 8 × 5, at 2s. 3d. each, or 2s. 7d. per doz.; 10 × 7, and 11½ × 6, at 3d. each, or 2s. 10d. per doz. Halfpenny stamped wrappers are sold at 8 for 4½d., and penny stamped wrappers at 8 for 8½d. ; inland post cards at 7d. and 8d. per doz., or 3½d. and 4d. per half doz. Foreign post cards at 1d. and 1½d. each.

Payment of postage cannot be made by means of postage stamps which have been cut, torn, or otherwise rendered imperfect; or of embossed or impressed stamps, cut out from the envelopes, cards, or wrappers on which such were embossed or impressed.

Applications for allowance on spoiled stamps which have not been used, should be made to the office of Inland Revenue, London.

Every rural messenger is authorized to sell penny postage stamps and registered letter envelopes;
and when any person applies to him for postage labels, the messenger must either supply them, or (if he have none in his possession) must, without extra charge, receive the postage in money, and on his arrival at the post office obtain labels for the amount, and affix them carefully to the letters.

All postmasters in the United Kingdom whose offices money order business is transact ed, are permitted, though not compelled, to purchase postage stamps from the public (provided the stamps be not soiled or otherwise damaged), at a charge of 2½ per cent.; the charge, however, never being less than one halfpenny. Under this arrangement the charges are as follows: For stamps not exceeding 1s. 6d. in value, 3d.; 3s. 4d., 1d.; 5s., 1½d.; 6s. 6d., 2d.; 8s. 4d., 2½d., and so on. No separate stamps can be purchased, or less than two adhering to each other.

In consequence of representations made to the Post Office by various firms, that there is reason to believe that their postage stamps were purloined by persons in their employ, the department has recommended that the name or initials of firms, etc., be either printed on the back of the stamps (by arrangement with the Inland Revenue Office, Somerset House) or perforated through the stamps by means of a machine devised for the purpose, so that, the sale of such stamps being thereby rendered difficult (postmasters having been instructed not to purchase any of them), there may be little or no temptation to steal them.

The perforation of the stamps on post cards, wrappers, and embossed envelopes with initials is also not objected to.

ARTICLES NOT ALLOWED TO BE SENT BY POST.

It is forbidden to forward by post any indecent or obscene print, painting, photograph, lithograph, engraving, book, or card, or any other indecent or obscene article, or any letter, newspaper, publication, packet, or card having theron any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character. Anything posted contrary to this prohibition will not be forwarded.

Postmasters are instructed not to receive any letter which has good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a packet be posted without the postmaster’s knowledge or consent, he is directed to remove it at any time before its despatch he should discover any such packet, he is directed not to forward it, but to report the case, with the address of the packet, to the Surveyor-General. The following are examples of the articles referred to:

- A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetables, or anything of a greasy or oily nature; bladders or other viles orrentaining; snuff, powder, lucifer matches, or anything which is explosive or liable to sudden combustion. Razors, scissors, needles, forks, or other sharp instruments are also forbidden, except when sent in packets of samples to the foreign countries mentioned in the section of Colonial and Foreign Pattern Post.

MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Provision having been made, by means of the British Postal Guide (with local Postal Guides in large towns) and the Postal Official Circular, to supply full and authentic information on all postal matters, the public should abstain, as much as possible, from applying for such information to postmasters and other officers of the department.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Postmasters are not bound to give change, nor are they authorized to demand change; and when money is paid at a post office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

Postmasters are not bound to weigh any letters or other packets for the public, but they may do so if their duty be not thereby impeded.

If a letter be forwarded under cover to any post master with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words ‘posted at — under cover, to the Postmaster of —.’

To facilitate the delivery of letters, a letter-box should be affixed to every house door.

Every address should be legible and complete, and every letter should contain the full address of the writer, in order to ensure its return if the person to whom it is directed cannot be found.

MONEY ORDERS.

Money Orders are issued and paid at General Post Office, from 10 to 4; Saturdays, 10 to 1; and at the Receiving Offices, 9 to 6; Saturdays, 9 to 5.

When applying for Money Orders, the public should use the printed ‘Application Forms,’ which are supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is:

| For sums under 10s. | 9d. |
| " of 10s. and under £2 | 3d. |
| " £2 | 2d. |
| " 3 | 1d. |
| " 4 | ½d. |
| " 5 | 1½d. |
| " 6 | 2½d. |
| " 7 | 3½d. |
| " 8 | 4½d. |
| " 9 | 5½d. |
| " 10 | 1s. |

No single Money Order can be issued for more than £10 (except in payment of Government taxes, and in favour of the Receiver-General of Inland Revenue), neither can an order contain a fractional part of a penny.

No Money Order can be issued, unless the applicant furnish, in full, the surname, and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter’s address.

In the case of Foreign Orders, the full address of the payee must be given; and if the order be payable to a native in British India, the tribe or caste and the father’s name must also be furnished.

Exceptions.—If the remitter or payee be a peer or a bishop, his ordinary title is sufficient; and the usual designation of a firm is sufficient, except in the case of a company trading under a title which does not consist of the names of the persons composing it, as the ‘Carron Company;’ but even a designation of this nature may be accepted provided that the order at the time of issue be crossed for presentation through a bank. The remitter is
also at liberty to desire at the time of issue that the order be crossed like a cheque, & Co., and be made payable only through a bank, in which case it is left to his option to give or withhold the name of the payee. Foreign and Colonial Money Orders do not come under this exception.

The holder of a Money Order is always at liberty to direct, by crossing it, that it be paid through a bank, even although not originally intended.

When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes the order to be paid; otherwise the order can be cashed only at the Head Office. It is not incumbent on a postmaster to supply such information relative to local or provincial offices.

An order once issued cannot be cancelled; and should repayment or transfer to a different office be required, the remitter or payee must apply to the paying postmaster.

In order to enable the remitter to obtain an acknowledgment of the receipt of a Money Order before the money is paid, it is arranged that he may make his order payable ten days after date, provided that, in the presence of the postmaster, when he obtains the order, he affixes thereto, in the space after the request C., a penny receipt stamp, and write his signature across the stamp.

When an order is presented for payment (otherwise than through a bank), the postmaster has first to see that the signature of the payee be in agreement with the advice. He has then to call on the applicant to give the name of the remitter; and if the reply be correct, the order will be paid, unless the postmaster have good reason for believing that the applicant is neither the rightful claimant, nor deputed by him. When an order is paid through a bank, it is sufficient that it be received (without regard to any discrepancy between the signature and the name in the advice), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

Money Orders do not require a receipt stamp.

Although at the end of twelve months from that in which it was issued, a Money Order, if still unpaid, becomes legally void, nevertheless, when a good reason can be given for the delay in presenting it, an application for payment, subject to a certain deduction, is entertained.

No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time.

After once paying a Money Order, by whomsoever presented, the office is not liable to any further claim.

To guard against any person, even if he obtain possession of a Money Order fraudulently, getting it cashed, the remitter is recommended—

1. When he is well known to the payee, to sign the letter enclosing the order with his initials only.
2. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank by crossing it like an ordinary cheque.
3. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order; although this latter precaution is much less effective than either of the others.

Payment of an order cannot be demanded on the same day as that on which the order was issued.

In case of the miscarriage or loss of an inland Money Order in transmission through the post, a duplicate is granted on a written application giving particulars to the Controller of the Money Order Office in England, Scotland, or Ireland, as the case may be, where the original order was issued; but for an order otherwise lost, a charge of 1s. for sums not exceeding £5, and 2s. for sums not exceeding £10 is made for a duplicate order. If it be desired to stop payment of an inland order, application must be made at the office where the order is payable, and a second commission must be paid. If alteration in the name of the payee or remitter of an inland Money Order should be required, application must be made by the remitter to the postmaster of the office at which the order was issued, and a second commission must be paid. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application enclosing the order must be made to the postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place required, but for the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the necessity for an application, entailing the payment of a fresh commission, is attributable to the Post Office, the charge will be remitted to the applicant, and imposed on the officer in fault.

A postmaster is entitled to give information how to apply for a duplicate order, etc., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter, or the signature on the order, not corresponding with the entries in the advice, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing postmaster.

No letter-carrier, rural messenger, or other servant of the Post Office is bound to procure a Money Order for any person, or to obtain payment for one; but such services are not forbidden.

Money Orders are issued in the United Kingdom on the undermentioned countries and agencies, at the following rates for sums not exceeding:

The issue of a duplicate order, or the stoppage of payment of an order issued by a colony or foreign country on the United Kingdom, will be made on application to the Controller of the Chief Money Order Office, London, provided an additional commission be enclosed as follows:—For Duplicate
Order not exceeding £5, 1s.; above £5 and not exceeding £10, 2s.; and for stoppage of payment, the commission is the same as for inland rates. Postmasters in the United Kingdom have power to transfer to other offices in the United Kingdom payment of colonial and foreign orders originally drawn on their own offices.

Orders issued in the United Kingdom on Belgium, Denmark, Switzerland, Holland, the Dutch East Indian Possessions, India, Norway, Egypt, and the British Colonies, are payable for twelve months after the month of issue. Orders issued in the United Kingdom on France cannot be paid after three months from the date of issue without the authority of the French Post Office, and orders issued in the United Kingdom on France cannot be paid after three months from the month of issue without the authority of the Chief Office, London. Orders issued in the United Kingdom on Italy and vice versa cannot be paid after three months from the month of issue without the authority of the Chief Office of the country of issue. Orders issued in the United Kingdom on the Island of Heligoland are subject to the same rules as those issued in the United Kingdom upon the German Empire.

**POSTAL ORDERS.**

The following are the amounts for which Postal Orders are issued, together with the poundage payable in respect of each order:—

1s. or 1s. 6d. ....... 4d. each.
2s. 6d., 3s., or 7s. 6d. ....... 1d. each.
10s., 11s., or 12s. ....... 2d. each.

The person to whom a Postal Order is issued must, before parting with it, fill in the name of the person to whom the amount is to be paid, and may add in the name of the Money Order Office at which the amount is to be paid. The person so named must, before payment can be made, sign the receipt at the foot of the order, and must also fill in the name of the Money Order Office, if that has not already been done.

If a Postal Order be crossed \(\S C\), payment will only be made through a banker, and if the name of a banker is added, payment will only be made through that banker.

A Postal Order presented by, or through a banker for payment will not (in the absence of the express arrangement between such banker and the Postmaster-General to the contrary) be paid until after such order has been examined at the Chief Office.

After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

If any erasure or alteration be made, or if the order is cut, defaced, or mutilated, payment may be refused.

After the expiration of three months from the last day of the month of issue, a Postal Order will be payable only on payment of a commission equal to the amount of the original poundage, with the addition (if more than three months have elapsed since the said expiration) of the amount of the original poundage for every further period of three months which has so elapsed, and for every portion of any such period of three months over and above every complete period.

The commission thus paid must be affixed in postage stamps to the face of the order.

**POST OFFICE SAVINGS BANKS.**

Post Office Savings Banks are established at all Money Order Offices, and are open for bank business during the same hours as for money orders.

Deposits of one shilling, or of any number of shillings, may be made, but no one may deposit more than £80 in one year ending 31st December, or may further deposit when the amount standing in his name, exclusive of interest, has reached £150. When any depositor's principal and interest amount together to £200, all interest will cease so long as the balance of the account continues to amount to the said sum of £200.

Any person desirous of saving one shilling by means of penny contributions, for deposit in the Post Office Savings Bank, may do so by purchasing with every penny so saved a Penny Postage Stamp, and affixing it to a form to be obtained at any Post Office. When twelve such stamps have been so affixed, the form may be taken to any Post Office Savings Bank in the United Kingdom, where it will be received by the Postmaster, and one shilling be allowed for the stamps, which shilling will be accepted either as the first deposit in a new account then to be opened, or as an ordinary deposit if the owner of it has already opened an account. If the stamps affixed to the form are defaced, or in any way damaged, they will not be received by a Postmaster.

Interest, calculated yearly at the rate of £2, 10s. per cent. per annum, will be allowed on every complete pound deposited, reckoned from the first day of the calendar month next following the day on which a complete pound shall have been deposited or completed up to the first day of the calendar month in which it shall be withdrawn. The interest thus calculated will be at the rate of one shilling per calendar month for every complete pound. The interest will be reckoned to the 31st December in every year, and will then be added to the principal.

Besides ordinary persons, deposits may be made—

(A.) By a trustee on behalf of another person, in the joint names of such trustee and the person on whose account such money shall be so deposited. No portion of the deposits, nor any part thereof, will not be made without the receipts of both parties. A person may act as trustee in any number of accounts, and at the same time have an account in his own name.

(B.) By two persons jointly on their own behalf, provided neither of them is already a depositor.

(C.) By, or for the benefit of, children, but will not be repaid until they attain the age of 7 years, or in the event of death before the age of 7 years, the money (unless, exclusive of interest, it exceeds £50, when letters of administration require to be taken out) will be payable to the father or next of kin.

(D.) By the trustees or treasurer of any legally established friendly, charitable, or provident society, or penny savings bank, provided such trustees or treasurer make application by post to the Chief Post Office Department, accompanied by a copy of their rules. Such societies, etc., are allowed to invest considerably beyond the usual limit, or even without restriction as to amount, according to circumstances.

(E.) In the name of the Registrar of any County Court. Under the 24th sect. of the Act 30 and 31 Vict. c. 142 (County Courts Act), 'trust moneys' not in excess of £500 may be thus deposited; and under the 26th sect., money
paid into a County Court in 'equitable pro-
ceedings' may be deposited by the Registrar
without restriction as to amount.

Deposits made by a married woman, or by a
woman afterwards married, will be repaid to her
unless her husband shall require such deposits to
be paid to him, and shall prove the marriage to
the satisfaction of the Postmaster-General.

Payment of deposits by a married woman made
in Scotland after the 1st January 1878 will take
place subject to the provisions of the Act of 1877,
which extends to Scotland only, and provides that
any money or property acquired after the com-
mencement of the Act (1st January 1878) by a
married woman from her wages and earnings in
any employment, or through the exercise of any
literary, artistic, or scientific skill, shall be deemed
to be settled to her separate use.

Once in each year, on the anniversary of the
day on which the first deposit was made, the
depositor must forward the deposit book to the
Controller of the Post Office Savings Bank
Department in London, in order that it may be
compared with the books of that department, and
the interest due to the depositor inserted in it.

When a depositor wishes to withdraw the whole
or any part of the sum due to him, he must make
application for the same in a form which may be
obtained at any Post Office Savings Bank. On
receipt of this form at the G.P.O., London, a
warrant for the amount required, payable at the
Post Office Bank named by the depositor, will be
sent him by return of post.

Postmasters and other officers of the Postmaster-
General employed in the receipt or payment of
deposits, are strictly forbidden to disclose the name
of any depositor, or the amount deposited or
withdrawn, except to the Postmaster-General, or to
such of his officers as are appointed to assist in
carrying on the business of the Post Office
Savings Banks.

A full statement of the regulations of the Post
Office Banks may be seen at any Money Order
Office.

INVESTMENTS AND SALES OF GOVERN-
MENT STOCK.

A depositor in the Post Office Savings Bank
who desires either to invest a certain sum (not
being less than £10) in Government Stock or to
purchase a certain amount of Government Stock
(not being less than £10 Stock), must send to the
Controller of the Savings Bank Department,
General Post Office, London, together with his
deposit book, an application signed by him on a
form to be obtained at any Post Office Savings
Bank. By the expression 'Government Stock,' is
meant Consolidated Three per Cent. Bank
Annuities, Three per Cent. Bank Annuities,
and New Three per Cent. Bank Annuities.

Within seven days from the receipt of such
application the depositor's account will be charged
with the current price of the Stock purchased and
the commission, the necessary entries being made
in his deposit book; and the depositor will be
credited in the Government Stock Register of the
Post Office Savings Bank with the equivalent
amount of Stock, and a certificate thereof will be
sent to him.

The sum invested must not be less than £10, or
the amount of the current price of £10 Stock with
the addition of the commission. The amount of
Stock credited to any one account in any year
ending the 31st December must not exceed £100
Stock; and the whole amount of Stock credited
to any one account must not exceed £300 Stock.

For the purpose of an immediate investment in
Government Stock a deposit to an amount not
exceeding the value of £100 Stock with the com-
mission may be made in one year ending the 31st
December.

All dividends in respect of Government Stock
standing to a depositor's credit will be carried to
his deposit account.

If a depositor desires to sell the Stock standing
to his credit, or part of the Stock, must send to
the Controller of the Savings Bank Department,
London, together with his deposit book and invest-
ment certificate, an application signed by him on
a form to be obtained at any Post Office Savings
Bank.

Within seven days of the receipt of such applica-
tion the amount of Stock sold will be written off
from the Stock standing to the credit of the
depositor, and his deposit account will be credited
with the current price of the Stock, less the com-
mision, and the same will forthwith be paid over
to him.

The investment certificate, in the case of a sale
of the whole of the Stock standing to the credit of
a depositor, will be cancelled; and in the case of a
sale of part of such Stock it will be inserted with
a memorandum of the amount of the Stock sold,
and returned to the depositor.

The commission chargeable on investment, in-
cluding the receipt of dividends, and on the sale of
Stock, is 9d. for the first £25, and 6d. for every
additional £25.

GOVERNMENT INSURANCE AND ANNUITY
OFFICE.

The Postmaster-General is empowered, under
the Act 27 & 28 Vict. c. 43, to insure the lives of
persons of either sex, between the ages of 16 and
60, for not less than £20 or more than £100. He
is also empowered, under the same Act, to grant
immediate or deferred annuities of not more than
£50 on the lives of persons of either sex, and of the
age of 10 years and upwards. The persons whose
lives are insured, or to whom annuities are granted,
by the Postmaster-General, have direct Govern-
ment security for the payment of the money at the
proper time.

Tables of the premiums to be charged for the
insurance of lives, for the grant of immediate
annuities, for the grant of deferred annuities or
defered monthly allowances, without return of
purchase money, or for the grant of deferred an-
uities or deferred monthly allowances, with return
of purchase money, may be seen at the G.P.O.

PREMIUMS CHARGED FOR THE INSURANCE OF LIVES.

The life of a man or woman in his or her 30th
year may be insured for £100—

By a single payment of .... £43 3 7
Or by an annual payment, throughout
life, of .... 2 6 7
Or by a fortnightly payment, through-
out life, of .... 0 2 2
Or by an annual payment, until the
insured person reaches the age of
60, of .... £2 13 10
Or by a fortnightly payment of .... 0 2 6

Smaller sums may be insured by proportionate
payments, but no one of the periodical payments
must be of less amount than two shillings.

No one life can be insured for less than £20 in
the whole; but when a life has been insured for
£20, further insurances may be effected on the same
life from time to time, for any amount, until the
whole sum for which it is insured amounts to
£100.
If, after having duly made his payments for a period of five years, the insured person shall be unable to continue, or shall desire to discontinue, such payments, a portion of the premiums paid by him, which portion will in no case be less than one-third of the whole sum paid by him, will be returned to him.

The sums to be charged for the purchase of immediate annuities will vary with the age and sex of the person on whose life the annuity is to depend:

Thus, a man aged 65 can purchase an immediate annuity of £10, payable half-yearly, for .
A woman of the same age can purchase an immediate annuity for .
A man aged 70 can purchase an immediate annuity of £10, payable half-yearly, for .
A woman of the same age can purchase a like annuity for .

The sums to be charged for the purchase of deferred annuities or deferred monthly allowances will vary with the age and sex of the person on whose life the annuity or monthly allowance is to depend, and with the length of the term for which the annuity is deferred (or in other words, with the number of years which are to pass before the commencement of the annuity), and with the conditions of the contract as to the mode of purchase, mode of payment, and return or non-return of purchase money.

When the condition of the contract is to be, that no part of the purchase money shall in any event be returned:
A man aged 80 may purchase a deferred annuity of £10, to commence on his reaching the age of 60, and to be payable half-yearly, either by an immediate payment of .
Or by an annual payment, until he reaches the age of 60, of .
A woman of like age may purchase a like annuity by an immediate payment of .
Or an annual payment, up to 60, of .

and a man aged 80 may purchase a deferred allowance of £2, 7s. 3d. per month, to commence when he reaches the age of 60, by a payment until he reaches that age of 8s. per month; and a woman of like age may, by a like payment of 8s. per month, purchase a deferred allowance of £1, 16s. 7d., to commence when she reaches the age of 60.

When the condition of the contract is that, in the case of the death of the person whose life the annuity or allowance is to depend before the commencement of the annuity or allowance, the purchase money is to be returned to his representatives, and that if the purchaser at any time before the commencement of the annuity or allowance is unable to continue, or wishes to discontinue, the purchase, the purchase money shall be returned to him, the price charged will be higher than when no such condition is made.

Under this condition, a man aged 80 may purchase a deferred annuity of £10, to commence when he attains to 60 years of age, and to be payable half-yearly, either by an immediate payment of .
Or by an annual payment, until he attains to 60 years, of .

And a woman of like age may purchase a like annuity, either by an immediate payment of .
Or by an annual payment of .

and a man aged 80 may purchase an allowance of £1, 14s. 2d. per month, to commence when he attains the age of 60, by a monthly payment of 8s.; and a woman of like age, by a like payment until she reaches the age of 60, may purchase an allowance of £1, 3s. 4d. per month.

The annuity or monthly allowance granted on any one life must not exceed £50 per annum, or £4, 3s. 4d. per month; but purchasers need not purchase the whole of such annuity or of such allowance at once. They may begin by purchasing such part as they may afford to purchase, and go on increasing their purchases from time to time as their circumstances will permit.

Husband and wife may each be insured to the full amount of £100, and may each purchase an annuity of £50, or a monthly allowance of £4, 3s. 4d. Any two persons may purchase an annuity for their joint lives, with or without continuance of the annuity to the survivor.

Persons contracting for the insurance of their lives, or for the purchase of annuities or monthly allowances, will be allowed to pay their periodical premiums or instalments of purchase money at such of the post offices which have been or may hereafter be opened for the purpose, as will suit them best.

POST OFFICE TELEGRAPHS.

The charge for telegrams throughout the United Kingdom is 1s. for the first twenty words, and 3d. for every additional five words, i.e., for every additional group of not more than five words, the names and addresses of the sender and receiver not being counted.

Telegrams written in plain language in any European tongue are charged for according to the number of words they contain; but all unintelligible words not forming part of any European language are charged for at the rate of five letters to a word.

Copies of a telegram directed to more than one person or firm in the same free delivery will be delivered separately at an additional charge of 3d. per copy.

Telegrams written in plain language in any European tongue are charged for according to the number of words they contain, but all unintelligible words not forming part of any European language are charged for at the rate of five letters to a word.

When the terminal telegraph office, i.e., the office from which the message is delivered, is a Head Post Office, the amount paid for the transmission of a message covers the cost of delivery within the town postal delivery of that office. But when it is not a Head Post Office, the message is delivered free only within the limit of one mile.

When the addressee resides beyond the above-described limits, porterage is charged at the rate of 6d. per mile, or any part thereof, provided the whole distance to be traversed does not exceed three miles; but the charge is calculated from the boundary of the district within which no porterage is levied.

If the addressee resides at a greater distance than three miles from the terminal telegraph office, porterage is charged for delivery by mounted messenger at the rate of 1s. per mile, except in Ireland, where the charge is usually 8d. per mile.

The sender is responsible for all charges incurred in delivery. When the exact distance is not known a deposit must be paid to meet the charges.
POSTAL DIRECTORY—RATES.

If the sender requires his telegram to be forwarded by post or by train from the terminal telegraph office, he must write the words 'by post' or 'by train' at the end of the address, and in the latter case he must deposit 6d. to cover the cost of forwarding.

A deposit of 5s. is required upon all telegrams addressed to persons on board ship (unless the ship be lying in the dock) to cover any expense incurred in their delivery; but application can be made to the Secretary for any surplus.

Telegrams may be repeated at the request of the sender, by being signalled back from each office at which they are received, if he desires to accept this extra security against risk of error. The charge for repetition is one-half the ordinary tariff; fractions of threepence being reckoned as twopence.

If the receiver of a telegram doubts its accuracy, he may have it repeated by depositing half the amount paid for its transmission to him. The money will, however, be refunded if an error has been found in transmission.

The cost of a reply to a telegram, not exceeding four words, may be prepaid; and a Reply Pass will then be delivered to the addressee, who will be at liberty to send his reply, from any telegraph office, at any time within two months after the date of the original telegram. If the pass be not used, application for the return of the money, accompanied by the Reply Pass, may be made to the Secretary, G.P.O., London. A Prepaid Reply Pass, however, need not necessarily be used for the reply to a message, but may be used for another message. In each case the total number of words charged for, to one address, must not exceed the same number of words.

Telegrams re-transmitted to a second address are liable to additional inland rate. In addition to the amount chargeable on each re-transmitted telegram, a fee of £1, 1s. per annum is charged for the registration of special instructions as to the re-direction of telegrams after office hours. Removals are registered, when requested, for a period of one month free of charge.

Persons who wish to avoid sending so far as to the telegraph office may, without additional charge, post a telegram form, enclosed in an envelope addressed 'Telegram Office,' in a wall or pillar box, or in the letter-box of a receiving office or sub-post office. Telegrams so posted are sent on to the nearest telegraph office by the first collection from the letter-box in which deposited. The period of arrival at the postal telegraph office is regarded as the time of receipt from the public.

Telegrams so posted, but insufficiently prepaid, are forwarded to their destination, the difference of charge being obtained from the addressee; but unpaid telegrams are not forwarded.

No combination of two or more words is counted as one word, with the exception of those words which are ordinarily coupled by hyphens, such as 'mother-in-law,' ‘MacDonald,’ etc.

The following exceptional compound words are charged for as one word,—Mriday, midnight, noon-day, seven-night, canot, to-day, to-night, to-morrow, yester-night, yesterday, half-penny, twopence, and so on.

Numbers expressed in figures in an inland telegram are counted as so many words, according to the number of figures employed; and in fractions one word is counted for the bar or mark of division.

When the sender of a telegram desires words to be underlined, or placed in a parenthesis, or within inverted commas, two extra words are charged for.

The department is not liable for losses incurred through the incorrect transmission, delay, or non-delivery of telegrams.

Telegraph offices are, as a rule, open from 8 a.m. to 8 p.m., and from 8 a.m. to 10 a.m. on Sundays. There are, however, offices in several of the larger towns which are open longer; and at various offices in London and in the country the attendance is continuous. G.P.O., Edinburgh, always open.

FOREIGN TELEGRAMS.

Foreign telegrams are divided into three classes,—ordinary, code, and cypher. Ordinary telegrams are those composed of a series of words, or of words, figures, and letters conveying an intelligible meaning.

Code telegrams are those composed of words, the context of which has no intelligible meaning. Proper names are not allowed in the text of code telegrams, except in their natural sense.

In European code telegrams, any of the languages in use in Europe or Latin may be employed; but no telegram may contain words of more than one language.

In extra-European code telegrams, only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin may be employed; but words of any or all of these languages will be allowed in one and the same telegram.

Cypher telegrams are those containing series or groups of figures or letters having a secret meaning; or words not to be found in a standard dictionary of the language. The portion in cypher must be composed exclusively of figures or exclusively of letters.

Cypher telegrams written in letters are not accepted for extra European places.

The address of the receiver must be paid for, and must not consist of less than two words, a name and town. Example: Hercules, Bombay.

The address of the sender is charged for, if transmitted; if not to be transmitted, it must be written at the back of the form.

In European telegrams, the maximum length allowed for a single word is 15 letters, in extra-European telegrams 10 letters; any additional letters being counted and charged for as extra words.

Ordinary compound words and names of persons and places, etc., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe or other sign of punctuation, they are counted as so many separate words.

A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram, and a sum of 5d. must be prepaid for every extra copy to be delivered, if the number of chargeable words does not exceed 100; an additional sum of 5d. being charged for every additional 100 words or part of 100 words.

In calculating the charge, all the names and addresses are included.

The North American Telegraph Companies do not accept telegrams having multiple addresses.

Telegrams may be sent from one place to another abroad by post. If the telegram be intended for delivery in the same country no charge for postage is made, unless it be posted from one part to another of China or Japan, for which the charge is 1s. 6d.

**Note.**—Additional inventory where former duly stamped inventory exhibited and recorded prior to 1st April 1880 to be chargeable with the stamp duty it would have been chargeable with if 43 Vict. c. 14 had not been passed. By 16 and 17 Vict. c. 59, § 8, an additional inventory shall be
chargeable only with such amount of stamp duty as, together with the stamp duty charged upon the former duty stamped inventory of the estate and effects of the deceased person, shall make up the full amount of stamp duty in respect of the total estate and effects of the deceased specified in the said additional and any such former inventory.

Property liable to the Duty.—Generally—All personal property (heritable securities are personal property which include bonds of annuities and real and bonds of annuity and real burdens on land, but not securities by absolute disposition qualified by back bond) belonging to the deceased in the United Kingdom, heritable securities, and bonds excluding executors, and also property not forming absolute dispositional (48 Geo. iii. c. 149, §§8, 18 & 23 Vict. iii. c. 184, Schedule, Part iii.; 21 & 22 Vict. c. 56, §§ 9, 12, 13, etc.; and 16 & 17 Vict.c. 59, § 8; £1 & 32 Vict. c. 101, §§ 3 and 117; 37 & 38 Vict. c. 94, § 30; and 23 & 24 Vict. c. 80).

Personal Property.—Absolute power of disposal.—Personal estate which a person dying after 3rd April 1860 shall have disposed of by will, under any authority enabling such person to dispose of the same, or, that shall be deemed personal or moveable estate of the person so dying, for the purpose of payment of inventory, probate, or administration duty. (23 Vict. c. 15, § 4.)

Indian Promissory Notes.—Ships.—Indian Government promissory notes and certificates issued, or stock in lieu thereof, being assets of a deceased person, the interest of which shall be payable in London, registered in London, or enfranchised in India for the purpose of such registration, before the death of the owner; also Indian Government promissory notes with coupons attached, in the same circumstances as to registration, and certificates issued, or stock created in lieu thereof, shall be personal estate and bona notabilia in England of the deceased person (23 Vict. c. 5, § 1): Also any ship, or any share of a ship, belonging to a deceased person, registered in any port in the United Kingdom, notwithstanding such ship at the time of the death may have been at sea, or elsewhere out of the United Kingdom, shall be deemed to be at the port at which she may be registered (27 & 28 Vict. c. 56), and liable to inventory, probate, or administration duty.

Special Debts.—For probate and administration duty, debts and sums of money due from persons in the United Kingdom to a deceased on obligation or other specialty, shall be estate and effects of the deceased within the jurisdiction of Her Majesty's Court of Probate in England or Ireland in which the same would be if they were debts upon simple contract, without regard to the place where the obligation or specialty shall have been at the time of the death. (23 Vict. c. 22, § 89.)

Foreign Bonds and Stocks.—Documents of the debts of foreign governments and foreign companies which pass from hand to hand are property where the documents may be. Debentures, bonds by foreign companies and governments, and the title to stocks of foreign companies and governments, are property in this country if in the possession of any person in this country and can be sold in the market, and the title of the purchaser pass to them in title of the country. See Attorney-General v. Bouwens 4 Meeson and Welshy 171.

Rents of Heredit—If the deceased survive Whit-sunday, one moiety of the rents of the crop of that year's personal estate. If he survive

Martimmas, the whole rents of that crop fall into the executors. In addition, from and after 1st August 1870, the Act 38 & 34 Vict. 1870, c. 35, would seem to give the executor a proportion of the rents from the term preceding the date of death to the date of death. That Act would also seem to give a proportion of the term's rents of quarries, minerals, and houses, and also feu-duties current at the death. The executor's right to house rents would not therefore be nominated in the half-year's rents current at death, but to a proportion only to the date of death.

Modes in which Duty may be paid.

When deceased domiciled in Scotland.—In the case of a person dying domiciled in Scotland having personal property in Scotland, England, and Ireland, and also heritable securities excluding executors, and personal bonds excluding executors, duty in respect of the whole may be paid on the inventory required to be recorded in the Sheriff Court; or inventory duty may be paid on the personal property situated in Scotland, including heritable securities made moveable by the Act 31 & 32 Vict. c. 101 § 117, and duty may be paid on a ‘special inventory’ of the heritable securities excluding executors, and personal bonds excluding executors, and probate or administration may be obtained in England and Ireland in respect of the personal estate in these countries, and duty paid in respect of such on these instruments.

When deceased domiciled forth of the U. K.—In case of a person dying domiciled forth of the United Kingdom leaving personal estate in Scotland, England, and Ireland, an inventory must be given up in Scotland, probate or administration taken out in England and Ireland, and duty paid on such in respect of the property in each country.

In the case of estates not exceeding £150, if intestate, the widow, or any one or more of the children, or in the case of a widow dying intestate, any one or more of her children, and if testamentary, the executor or administrator shall think fit, also may apply to the Commissary (or Sheriff) Clerk, and he shall prepare an inventory and oath and record the inventory and expedite confirmation according to statutory forms, 38 & 39 Vict. c. 41, and 38 & 40 Vict. c. 24.

Exemptions.—Inventory of the estate of any common seaman or soldier dying in service.

Additional inventory when the duty on the whole estate does not exceed that already paid on the former inventory.

RETURN OF INVENTORY DUTY.

The inventory duty and probate and administration duty are paid on the whole personal property, without deduction of debts; but the Act 6 & 6 Vict. c. 79, § 23, provides for a return being given on proof of the constitution and payment of the debts. This return must be claimed within three years; but the time will be extended in special cases by the Board of Inland Revenue. No return to be granted in respect of a voluntary debt due from a person dying after 28th June 1861, expressed to be payable on the death of such person, or payable under an instrument which shall not
have been bona fide delivered to the donee three months before the death of such person.
(24 & 25 Vict. c. 92, § 3.)

Note.—Forms of inventory and additional inventory will be found in the Judicial Styles; vol.
mm. App. pp. 6–11. Forms of inventories, and also regulations for return of inventory duty, may be obtained at the Legacy Duty Office, Inland Revenue, Edinburgh.

**LEGACY DUTY.**

*Legacies, Annuities, Residues, etc.*

To children or their descendants, duty per cent.
on lineal ancestors, 10
Brother or sister, or descendants, 8
Uncle or aunt, or their descendants, 6
Grand uncle or aunt, or their descendants, 6
All other relations or strangers, 10

The husband or wife of the deceased is not chargeable with duty. If the legatee’s husband or wife is of nearer consanguinity than the legatee, duty is payable according to such nearer relationship. (16 & 17 Vict. c. 51, § 11.)

This duty is payable for every legacy out of the personal or moveable estate, or out of or charged upon the real or heritable estate of the deceased, or out of any estate which he has power to dispose of, or out of any moneys to arise by the sale, mortgage, or other disposition of the deceased’s real or heritable estate, or any part thereof: Also for the clear residue (after deducting debts, funeral expenses, legacies, and other charges first payable thereout) of the personal or moveable estate, whether the title to such residue shall accrue by virtue of any testamentary disposition, or upon a partial or total intestacy: And also for the clear residue of the moneys to arise from the sale, mortgage, or other disposition of any real or heritable estate, directed to be sold, mortgaged, or otherwise disposed of by any will or testamentary instrument.

Annuities commencing to be payable on the death of persons dying after 19th May 1853 are valued for legacy duty according to tables annexed to the Succession Duty Act (16 & 17 Vict. c. 51); and annuities commencing to be payable previous to that date, by the tables annexed to the Legacy Duty Act (36 Geo. iii. c. 52).

Duty is not exigible on legacies or residues under £20; but if a legatee take two or more legacies under any testament, which shall together be of the amount of £20, each shall be charged with duty, though each or either may be separately under that amount. Also, where the value of the whole of the personal estate of any person dying after 24th March 1860 does not amount to £100, no duty shall be chargeable in respect thereof, or of any portion thereof. (18 Vict. c. 14, § 13.)

The duty presumptively payable upon an interest in expectancy may be commuted for a present payment.

Duty on legacies and residues in arrear—interest thereon at the rate of 4 per cent. is payable. (51 and 52 Vict. c. 124, § 9.)

Printed forms and regulations for payment of the legacy duty may be obtained gratis, on application at the Legacy Duty Office, Inland Revenue, Edinburgh; and at the offices of distributors of stamps in the country.

---

**SUCCESION DUTY.**

(16 & 17 Vict. c. 51.)

The duty commenced on the death of persons dying after the 19th May 1853, and seems to be imposed on all property, both heritable and moveable, passing by death, not liable to the duty on legacies and successions to personal estate upon intestacy—the duty imposed by the Legacy Duty Acts.

The duty on Heritable Property is charged on the annual value, after allowance of the necessary outgoings (§ 22), as an annuity for the life of the successor (§ 21), which is to be valued by tables annexed to the Act.

*Personal Property* is liable to duty according to the value of the succession; and money charged on heritable—heritable securities—is charged as personality (§ 1).

---

**RATES OF SUCCESION DUTY.**

Lineal issue, or lineal ancestor of the predecessor, £1 per cent.
Brothers and sisters of the predecessor, and their descendants, £3 per cent.
Brothers and sisters of the father or mother of the predecessor and their descendants, £5 per cent.
Brothers and sisters of a grandfather or grandmother of the predecessor and their descendants, £6 per cent.
Any other person, £10 per cent.

The husband or wife of the predecessor is not chargeable with duty (§ 18); and if the successor’s husband or wife shall be of nearer consanguinity than the successor, duty is payable according to such nearer relationship (§ 11).

The following are also exemptions from the succession duty:

1. Successions from the same predecessor, passing on death, not amounting in principal value to £100 (§ 18).
2. Any succession of less value than £20 in the whole (ib.).
3. Legacies and personal property charged with legacy duty in respect of the same acquisition (ib.).

FARES BY DISTANCE.

The distance to which any hackney carriage may be driven under these Bye-laws shall be seven miles from the Cross of Edinburgh.

(1.) When a party not exceeding two grown-up persons, and without any luggage other than a carpet-bag or the like, enters a carriage at a stance, or when driving along disengaged, they shall be driven half a mile for 6d.; and if they return, they shall pay the same fare. The driver shall draw up to either side of the street when called; and if detained more than five minutes before starting, he shall be entitled to 6d. for waiting.

N.B.—This rule shall not apply to fares from railway stations.

(2.) Excepting the Sixpenny Fare, the fares by distance shall be shown in the annexed Table of Fares. The charges in the table shall include going from the stance or stable to the hirer's residence, and waiting ten minutes. But if the carriage be detained, before starting, more than ten minutes, a charge for waiting at the rate of 6d. for each quarter of an hour, or part thereof, after the expiry of the ten minutes, shall be allowed; and if the place where the hirer is to be taken up be beyond a mile from the stance or stable whence the carriage is taken, there shall be a charge of 6d. for such distance.

(3.) There shall be no charge for waiting while a hackney carriage is on the way to a destination unless the waiting before starting and the waiting by the way exceeds in all ten minutes: and when such waiting exceeds ten minutes it shall be charged for in terms of Section 2 of this by-law. There shall be no charge for a short deviation from the direct route.

(4.) The fare to any place not mentioned in the table shall be the same as that to any place mentioned therein which is in the immediate vicinity. No additional charge shall be allowed in cases of this description.

(5.) When the fare of any particular place not mentioned cannot be ascertained by reference to a place in the immediate vicinity, the fare shall be 1s. for any distance not exceeding a mile and a half for one or two passengers; 1s. for any distance not exceeding one mile for three or four passengers; and 6d. for every additional half-mile, or part thereof, for any number of passengers not exceeding four.

(6.) Half fare returning with the party, excepting the half-mile drive.

(7.) When parties return (which they shall have the option of doing), and the fare going is 1s., the carriage shall wait ten minutes without any charge for waiting; when 1s. 6d., fifteen minutes; when 2s. and upwards, twenty minutes. If the carriage be detained longer, a charge shall be allowed for waiting at the rate of 6d. for every twenty minutes or part thereof, commencing when the free waiting expires.

(8.) When a carriage is called but not used, a charge of 6d. shall be allowed, if the place to which it is called be under half a mile from the stance or stable, and 1s. if beyond that.—Waiting as in Section 2.

FARES BY TIME.

It shall be in the option of the hirer to pay by time for a carriage employed within the municipal bounds, for shopping, making calls, and the like, where the driving is not continuous. The charge in such cases shall be 2s. for the first hour or part thereof, and 6d. for every additional quarter of an hour or part thereof.

For an airing into the country within eight miles from the Cross of Edinburgh, and returning either by the same or a different road, the rate shall be 3s. for the first hour or part thereof, and 1s. for every twenty minutes or part thereof. Unless the hirer wishes a slower pace, the rate of driving when out an airing shall be at least six miles an hour; and in the event of the driving at a slower pace than six miles an hour, contrary to the wish of the hirer, it shall be optional for the hirer to pay the fare in the proportion of 3s. for every six miles so travelled. A drive round the Queen's Drive shall be at the rate of 8s. per hour.

WHETHER THE FARES ARE BY DISTANCE OR BY TIME.

(1.) The hirer pays tolls.

(2.) If there be more than four adults driven, a charge of 6d. extra shall be made for each, or for each two children above six years of age, and under twelve. No additional charge for one child above six to twelve, or children under six years.

(3.) Double fare—from twelve o'clock at night till seven o'clock morning. 1. When the hiring shall be by time the charge shall be double fare. 2. When the hiring shall be by distance, and the number of passengers shall not exceed four, the charge shall be double the fare as for one or two passengers. 3. For waiting, double charge shall be allowed. 4. The double charge shall not apply to luggage.

(4.) On Sunday the fares for such carriages as shall have been previously ordered or engaged, or hired elsewhere than on the public streets or stances, shall be fare and a half.

(5.) The above fares are for one-horse carriages, and there shall be no additional charge when two horses are used by the owner without being required to do so; but if two horses be used at the request of a hirer, the charge shall be fare and a half.

(6.) No owner or driver shall demand or receive more than the regular fare.

(7.) Owners or drivers may agree to drive at lower fares than those fixed. In that case, should they demand more than the fare agreed on, they shall be liable as for an overcharge.

LUGGAGE.

For luggage exceeding 100 lbs. in weight there shall be a charge of 6d. extra. But there shall be no charge for luggage under that weight. The driver shall assist in loading and unloading in all cases when required.

FARES MAY BE WITHHELD.

Any party shall be entitled to withhold payment of the fare—

1. When the name and number are not painted outside, or when there is no plate inside, in terms of Articles 2 and 3 of these bye-laws.

2. When the reference ticket is not given on demand.

3. When the by-laws, table of fares, and driver's licence are not shown on demand.

4. When an overcharge is made.

5. When the driver fails or refuses to complete an engagement; but if payment of the fare be withheld, the party shall give the driver his full name, designation, and residence.

REDRESS.

Complaints for breaches of the foregoing bye-laws should be made at the Procurator-Fiscal's Office, 7 City Chambers, immediately, or within eight days after the date of the offence, except in cases in which parties are prevented doing so by their absence from town.
TABLE OF CAB FARES FROM THE FOLLOWING STANCES.

The driver is bound to give the hirer a reference ticket, and exhibit his licence, by-laws, and table of fares.—100 lbs. luggage free. Any person refusing to pay the regular fare on demand is liable to a penalty such as the magistrate shall determine as compensation for loss of time arising from such refusal.

**Explanation:** The list appears to be a conveyance directory, likely detailing routes or stops for certain services, such as stagecoaches or carriages, in London. The columns list various streets and locations, suggesting a historical context with terms like "London street," "Broomton," and "Nuns Road." The layout suggests a table that might be used for navigation or planning routes in the 19th century. This type of directory would have been essential for travelers and locals alike, providing a structured way to find destinations in the bustling city of London.

THE COMPANY issues Debentures on the following terms:

Debentures for five years at 4½ per cent. interest.
Debentures for three years at 4 per cent. interest.

These Debentures, which are issued free of expense, are for amounts of £100 or upwards, in such sums as may suit lenders. Coupons for the interest are attached to the Bonds, and these are payable half-yearly, at the Royal Bank of Scotland, either in Edinburgh or London, and can be cashed anywhere free of charge.

In addition to the general Assets of the Company, Debenture Holders have the security of the Subscribed and Uncalled Capital, which is the limit of the borrowing power. This Capital has been subscribed by upwards of 400 Shareholders.

There being an influential body of Shareholders resident in the Colony, secures careful management there.

The Investments of the Company consist of Mortgages on Land, and on other Securities on which a valid Mortgage can be obtained by the laws of the Australian Colonies. The Loans by the Company are chiefly for short periods, and the Capital is thus readily available for repayment of Debentures falling due.

LIFE DEPARTMENT.

The Premiums charged are strictly moderate,—those in Class B being among the most economical rates charged for Profit Policies by British Offices.

The Bonuses have hitherto been of highly satisfactory amount; and they may be applied to increase the sum assured, to reduce or extinguish the Annual Premium, or to make the Policy payable during life.

Under the improved Non-Forfeitable System adopted by this Company, Policies may be kept in force by application of the Surrender Value to meet Overdue Premiums, thus entirely obviating all loss from accidental omission to pay the Premium at the proper time.

The Surrender Values granted by the Company in the case of Ordinary Policies are on a liberal scale, 60 per cent. of every Premium paid after the Second Year being at present allowed in Class A1.

World-wide Policies, free from all restrictive conditions as to foreign residence, are granted by the Company without extra charge, where the Proposer is upwards of 25 years of age, and has satisfied the Directors that he is not likely to go abroad.

Unsurpassed Security is afforded to the Life Policy-holders, the Reserves being unusually large, and the Life Funds being entirely free from all liability in connection with the Fire business.

FIRE DEPARTMENT.

Insurances against loss or damage by Fire are granted on the most favourable terms. The Rates of Premium are strictly moderate, and the Security afforded is of the highest order, the Fire Reserve Fund, exclusive of Capital, being greatly larger in proportion to the Annual Income from Premiums than is usually the case in other Offices.

Non-Forfeitable Policies.
The Ordinary Policies of this Company—whether effected by Premiums payable during the whole of Life, or payable during a limited number of years—are issued under a comprehensive Non-Forfeiture System, which protects the Assured against Loss in the event of Premiums being discontinued. For explanation see Prospectus, which may be had on application.

Increasing Bonuses.
The Bonus System of this Company gives an increasing share of Profits to the Policy-holders as they advance in age. The Bonus declared in 1878 ranged from £1, 2s. 10d. per cent. per annum in the case of Policy-holders who entered the Septennial Period at the age of 20, to £10, 15s. 5d. per cent. per annum in the case of the oldest Policy-holder.

Terminable Premium Plan.
Intending Policy-holders who may prefer to enjoy their share of the Profits in the form of ultimate relief from the payment of Premiums, are invited to consider this New Scheme. Its important advantage is that, without adding to the cost of an Ordinary Life Policy, it entirely relieves the Policy-holder in Old Age from the payment of Premiums. This is accomplished by an application of the earlier Bonuses on the Policy, leaving the larger Bonuses which may be declared later in life to be added to the Sum Assured, or exchanged for their value in cash.

Life Business only is Transacted by the Company.

BONUS DISTRIBUTIONS.

The Association has two Classes of Policies (A. and B.) under separate Bonus Systems, arranged specially with the view of personal benefit to the Policy-holder himself, combined with the option of Bonus Additions to his sum assured.

CLASS A.—In the third Series of this Class, an Ordinary Life Policy is transformed, after a comparatively few years, into a Paid-up Policy for the full Sum Assured, with future Bonus Additions, requiring no care and no payments to keep it in force, and carrying the specially High Value and Privileges of such a document.

CLASS B.—The Bonuses in this Class are applied so as to give the largest possible Benefits to those who attain an average time of life. This has resulted in Additions of an amount absolutely Unattainable under any other System.

THE ANNUAL REVENUE is £440,000. In 1875 it was £375,000. Increase in Five Years, £65,000 per annum.

THE INVESTED FUNDS are £2,350,000. In 1875 they were £1,820,000. Increase in Five Years, £530,000.

LIFE INSURANCE.

Under the Life Insurance System of this Company, the Assured obtain every privilege and advantage which experience has suggested as possible, added to the safety of dealing with a Company of more than fifty years' standing, possessing large Accumulated Funds.

EARLY BONUS SCHEME (E.B.). The following, among other special advantages, apply to Policies issued under this Scheme. Besides being payable One Month after proof of Death, they are at the end of three years

Entitled to rank for Bonus Additions;
Indisputable on the ground of Errors or Omissions;
World-wide without Extra Charge; and
Liable only to reduction in amount on non-payment of the Premium.

SPECIAL BONUS SCHEME (D.B.). Under this Scheme Profit Policies are issued at non-profit rates, and share in the Profits when the Premiums received, with Compound Interest accumulated at 4 per cent., amount to the Sum Assured. Policies at these cheap rates practically receive a Large Bonus at the outset. At age 30, £1200 can be insured for the same Premium as would be charged for £1000 under the usual Profit Schemes of most Offices.

The SCOTTISH EQUITABLE is a Purely Mutual Office. There are no Shareholders to absorb any portion of the Profits, which are therefore wholly divided among the holders of Participating Policies. Its leading features are—Unquestionable Security, Liberal Conditions of Insurance, and Early Participation in Profits.

By Resolutions recently passed, the conditions as to Foreign Residence and Travel have been made much more liberal and greatly simplified. Most of the Policies after Five Years' endurace are freed from all conditions, except the payment of the Ordinary Premium.

The Existing Assurances, including Bonus Additions, are £8,400,000
The Annual Revenue is 321,000
And the Accumulated Funds are 2,485,000

At the General Meeting of the Society on the 24th June 1878, the Profit realized in the last Five Years was reported as £234,637. New Bonus Additions, amounting to £276,700, were made to the Policies, being at the rate of £1, 2s. 6d. per cent. per annum on the Sum Assured and Previous Bonuses, or equivalent to an average addition, calculated simply upon the original sum assured, at the rate of £1, 6s. 7d. per cent. for each year the Policy had been in force since the last Investigation. Policies issued in the first three years of the Society are now more than doubled in amount. The Directors are of opinion that the Members may confidently look forward to a further increase in the rate of Bonus at the next Division of Profits in 1883.

Non-Forfeitable Policies are now granted by the Society on a new and improved plan, which combines the advantages of Moderate Premiums payable for a limited number of years (11, 22, or 33), Ultimate Participation in the Profits, Fixed Surrender Values, and the issue of Fully Paid-up Policies without special application to the Directors.

Settlement Policies with special advantages are granted under the 'Married Women's Policies of Assurance (Scotland) Act, 1880,' free from all claims of creditors in the event of subsequent insolvency.

Loans are granted in connection with Life Insurance, on Life Interests, Reversions, and other approved Security. The Directors are also prepared to entertain proposals for the sale of Reversions to the Society.

The Manchester Fire Assurance Company was established in 1824, upon principles of public utility, and consists of a numerous and wealthy proprietary—possessing a large paid-up Capital, which, with the accumulations of Profits, offers to Insurers the most ample security.

The cheerfulness and promptitude with which important losses have been paid by this Company are well known and admitted, it being the desire of the Directors to settle them with liberality and despatch.

By a system of the most complete classification, the result of each description of risk is ascertained annually; and the rates charged, being founded on an experience of half a century, are as favourable to the Insured as is consistent with the security of the Company.

No charge made for New Policies. Losses by Fire occasioned by Lightning are made good. The Policies of this Office extend to and cover Losses by Explosion of Gas.

Insurances effected for Seven Years will be charged for Six Years only; or if for any number of years more or less than Seven, a reasonable Discount will be allowed upon the Premium.

Insurances may be effected in Foreign Countries and in the Colonies, as well as throughout Great Britain.

Farming Stock and Implements of Husbandry on a Farm are Insured without the average clause.

DEPOSITORS with this Company possess Security of an exceptionally high character. The Funds are lent solely over Heritable Properties within Scotland, under the careful supervision of a Committee of the Directors, aided by Surveyors of skill and experience, the Loans being always considerably within the value of the subjects.

In addition to the Investments thus carefully selected, the Company's Uncalled Capital, amounting to £180,000, furnishes a valuable Guarantee to Depositors, while the Reserve Fund, amounting to £20,000, which is separately invested in Bank of England Stock, affords a still further Security.

The Rate of Interest allowed on Deposits varies from 3 to 4% per cent., according to the term for which the money is lodged.

The Arrangements with Borrowers from the Company are simple and equitable. The Instalments by which Loans are repayable are moderate, and a portion of the sum advanced may lie at interest. No Commission or Fines are charged, and no Assesement on Borrowers in name of additional interest dependent on the rise of the Bank Rates.

DEPOSITS AND DEBENTURES.

THE ASSOCIATION receives Money on Deposit Receipt or Debenture Bond, at Rates varying from 3 to 4½ per cent., according to the period it is allowed to remain. Interest is paid half-yearly on the dates most convenient for Depositors, receipts being forwarded by the Company a few days before the Interest falls due.

SAFETY OF DEPOSITS AND DEBENTURES.

The Association lends its Funds only on Heritable Property or Real Estate, and at rates corresponding to the market value of money. The Loans are almost wholly on First Bond, and are further, with a few exceptions, repayable by instalments, which adds greatly to their safety, any depreciation which might take place in the value of the security being met by the gradual diminution of the Loan. Over and above the Heritable Securities held for the Deposits (which they fully cover), the Company's Capital alone is upwards of 65 per cent. of its whole liabilities, thus affording complete security to Depositors.

The Subscribed Capital amounts to . . . . . . . . 485,000

LOANS.

Borrowers, by arrangement with the Directors, can pay off their Loans at any time, either in whole or in part; or the period of repayment can be altered to one more suitable. The Association transacts Fidelity Guarantee Business only, and is unconnected with risks of any other description.

The Rates of Premium vary according to the nature of the employment and the duties to be performed; but great care has been taken to classify the different descriptions of risks, so that the Association is enabled to undertake the best at the lowest possible charge.

The Policies issued by this Association are simple in form and free from unnecessary conditions or restrictions, and have been drawn up with a view to form a complete security to the Employer. The Association also grants Bonds in Relief of Private Sureties.

The Policy for Poor Law Officials has been approved under the Seal of the Local Government Board, London.

James Hogg,
General Mercantile Printer,
9a—North Bank Street—9a
Edinburgh.

Extract from 'Paper & Printing Trades Journal,' p. 25, Dec. 1880:

"Mr. James Hogg, 9-a North Bank Street, Edinburgh, forwards a few samples of what he terms "ordinary mercantile work," which are really tasteful samples of display, excellently worked. One or two are set entirely in the new American faces, and nearly all owe much of their good looks to the ornamental combinations from the same source. A card for a Cathedral celebration, worked in silver on white card, is very neat and tasteful, and the whole parcel is much superior to that with which we usually associate the term "ordinary."

Daniel Mackay & Co.,
Cameron Bank, Newington, Edinburgh,

Have been employed as Garden Architects in the various methods of designing and laying out Kitchen and Flower Gardens, Plantations, Carriage Drives and other Walks, and Planting Shrubs and Trees, over a period of Twenty-five years.
D. M. & Co. having acquired some experience, and having devoted considerable time during this long period to both Theory and Practice in the above vocations, are prepared to undertake the commands of any party requiring their service.
D. M. & Co. having found much difficulty in cases of planting to procure handsome Shrubs and Trees, resolved, in 1865, to grow those Plants, with the view of meeting the exigencies of their own trade specially, and have now succeeded in raising a small select Stock of Shrubs and Trees, thoroughly trained and frequently transplanted, which, for health, symmetry, and size, can be favourably compared with similar Plants in similar situations over Great Britain.
D. M. & Co. have great pleasure in recommending these Plants to all Parties about to Plant. Those who may be disposed to inspect the Stock will find representatives of nearly all the Hardy Evergreen Shrubs worth cultivating.
Cameron Bank is within Ten Minutes' Walk of the Powburn Terminus of the Newington Tramway.

LECKIE AGAIN!

Air—'The Laird o' Cockpen.'

O heard ye the music which comes on the ear
Like the 'lilt' of an 'Auld Scottish Sang,' loud and clear?
While High Street and Canongate echo the strain,
And Cockburn Street answers—'Tis Leckie again!
The fame of his Winter Boots now has gone 'Forth,'
From the East to the West, from the South to the North.
From Corstorphine's steep hill to the deep rolling main,
The People rejoice to hear Leckie again
A damp roof is bad, and a damp floor is worse,
For the doctor makes heavy demands on your purse;
Leckie's Boots are damp proof—you will never complain,
When well shod for the winter by Leckie again,
If some fine frosty morning you climb Arthur Seat,
First let Leckie examine the state of your feet.
He will study your corns, and relieve you from pain;
On the summit you'll cry—'We'll see Leckie again!'
'Samson's Ribs' must be strong, so are Leckie's famed Boots,
They will strengthen you all for life's varied pursuits;
The 'Heart of Midlothian' will tell you quite plain,
That the thistle must call upon Leckie again.
Antiquarians rejoice in our famous 'Old Town,'
Whose antiquities give it a world-wide renown;
Ancient Boots are respected, but many are faint
To parade in a New Pair from Leckie again.
'Young Edinburgh's' intellect rapidly shoots
When the feet are protected by Leckie's School Boots—
The lessons of youth they will gladly retain;
And their feet will be fitted by Leckie again!
Old customers always take Leckie's advice;
They remember the Fit, and the Wear, and the Price.
Let Leckie's address in your memory remain—
At Cockburn Street, 50, see Leckie again!

PATENTEES and MANUFACTURERS of the celebrated SELF-ACTING SUCTION WASHER. *The first, the best, and the most satisfactory.* Recommended by over one thousand of the leading Newspapers, Journals, etc. See the following:

'From a quarter to half an hour is all that is necessary to scour the dirtiest clothes, which are afterwards to be rinsed in cold water, then bleached, dried, and finished in the usual way.'—Cassell's Family Magazine, January 1881.

'Messrs. Mackay's Patent is self-acting in the most distinct sense; it is impossible that it can get out of order, it can be placed in position by a child, and its cheapness places it within the reach of all classes. The saving it effects in the tear and wear of the clothes alone should be an inducement to its purchase by every one, while its economic and sanitary usefulness is indisputable.'—The British Mercantile Gazette.

'So simple and effective that the finest fabric may be cleansed without any risk of tear or wear.'—Ladies' Journal.

'Valuable and effective.'—Daily Review.

'A great boon, and so simple that it seems quite a stroke of genius.'—St. Andrews Citizen.

'Cleanse a boilerful of clothes in about fifteen minutes, without any hand-rubbing.'—Fife Herald.

'The labour saved by this simple little machine is something wonderful.'—Greenock Telegraph.

BAIN, YOUNG, & CO. most respectfully call the attention of Land Proprietors, Farmers, and others to their Improved Unclimbable Wrought-Iron Railing, made in lengths of 6 feet or thereby, as represented above, which has been extensively supplied and erected by them for various purposes. B., Y., and Co. beg to solicit their special attention to the improvements they have made in constructing the above Railing, viz., instead of flat iron, as is commonly used for the horizontal bottom bar or cope, they have introduced angle iron, into which the sharp pointed upright bars are securely rivetted, as marked A on drawing, thus making it more rigid, giving strength where it is required, enhancing its durability, and preventing the hurdle from drooping in the centre; also the top horizontal bar or cope is retained in its position by means of iron collars forged on to two of the upright bars in each hurdle.

B., Y., & Co. specially recommend this arrangement to parties requiring a thoroughly strong and efficient Unclimbable Railing, as it is admitted to be the most suitable for enclosing Gardens, Orchards, and exposed situations.

Prices from 4s. 6d. to 8s. 6d. per lineal yard, according to height, Strength of Iron, etc. Definite Prices for this and other descriptions of Hurdles wanted, will be given on application.

WILLIAM MACKENZIE,
BUILDER AND ASPHALTER,
HOPE PARK END HOUSE, EDINBURGH.

RESPECTFULLY intimates that he executes every description of Asphalting, and is ready to furnish Estimates for the same, in Town or Country, on Moderate Terms.

AsphaltE Flooring is highly recommended for Stables, Byres, Barns, Cattle Sheds, Granaries, Cottars' Houses, and all kinds of Farm Buildings, on account of its being the most effective preventative to the ascent and spread of Damp, its complete exclusion of Vermin, its neat and cleanly appearance, its durability and cheapness in comparison with other descriptions of flooring and pavement, and its healthy and disinfectant properties. While it effects a great saving, by the exclusion of rats and smaller vermin, owing to the close texture of the composition, without seam or joining, it keeps the Grain in a sweet state, from the entire absence of damp or moisture; and wherever the Asphalte Flooring has been used, it has fully realized all the benefits held out by its adoption.

* Under this Table, if a Policy is taken by eleven yearly payments, each payment after the first secures absolutely one-tenth part of the sum assured, even if no further premiums are paid; and if the Policy is taken by twenty-two yearly payments, each payment after the second similarly secures one-twentieth part of the sum assured, but the whole sum assured is payable at death from the commencement, provided the premiums are regularly paid. For the full rules and explanations as to this Table, see Prospectus.

Premiums can be paid Half-Yearly or Quarterly if preferred.
Endowment Assurances are also granted with Profits.

The rates for all other classes of Assurance, and for Annuities, will be found in the Company's Prospectus.
